alprazolam-induced mania, 29 yr old female with depression, 25316
alprazolam, manic episodes, 20 yr old female & 22 yr old male with panic disorder, 22573
baseline plasma cortisol levels & associated clinical ratings & changes following haloperidol treatment, manic 18–78 yr olds, 14812
brain density changes & ventricular size & cortical & cerebellar atrophy & neuropathological processes, chronic schizophrenic vs manic patients, 24623
calcium antagonist diltiazem, manic syndromes, 22–58 yr old patients, 27942
carbamazepine, mania, patients with manic depression or schizoaffective psychosis, conference presentation, 7159
changes in neuroendocrine systems & possible side effects due to hormonal treatment, mania, literature review, conference presentation, 14584
changes in parameters of calmodulin-stimulated erythrocyte ghost calcium adenosine triphosphatase, patients with mania or unipolar or bipolar depression or schizophrenia, 24664
clonidine & role of dopamine, mania & mixed bipolar disorder, response to comments by R. Sandyk on work of G. S. Zubenko et al, 15191
considerations in diagnosis, mania, conference presentation, 14618
diagnoses of mania vs schizophrenia, identical twin brothers, 24624
diagnostic & treatment considerations, 12 yr old male with Tourette's syndrome & mania, 14800
diagnostic distribution of occupational disability welfare applications, patients referred for psychiatric evaluation with schizophrenia vs mania vs depression vs undiagnosed psychosis, 14628
discontinuation of 12-yr imipramine therapy, mania followed by depression, 52 yr old male patient with depression, 18058
dopamine agonists vs antagonists, precipitation vs reduction of manic symptoms, patients, implications for therapy, conference presentation, 15192
dosage &/vs regular slow release lithium preparations, impairment of renal concentrating ability, patients with bipolar depression vs manic disorder, 30757
Down's syndrome & mania, 3798
duration of symptoms, long term outcome, patients with mania vs depression vs schizophrenia, 35–40 yr followup, 20282
early detection of premonitory signs of manic breakdown, implications for intervention, 14623
EEG characteristics, depressive psychotic vs manic vs schizophrenic vs normal 16–69 yr olds, conference presentation, 6501
etiology & cerebellar disturbance, sisters with mania, reply to comments of C. G. Krasnow, 27254
etiology & clinical characteristics, dromomania or runaway behavior, children & adolescents, 8831
etiology of mania, 33 & 34 yr old sisters with cerebellum disturbance, comments on article by K. G. Yadalam, 27242
existential temporal & spatial profiles, manic patients, 30083
high-dose haloperidol, maniacal agitation, 16–75 yr olds with schizoaffective mania or bipolar disorder, 7225
high percentage of abnormal dexamethasone suppression test results, manic patients, comments on article by C. D. Godwin et al, 1354
hypomania due to longer daylight hours, 47 yr old male with 7 yr history of cycling bipolar affective disorder, 3905
incidence of change in symptoms from depression to hypomania/mania, hospitalized patients, 1920–82, Switzerland, conference presentation, 25470
incidence of recurrent unipolar manic disorders, 10–69 yr olds, Nigeria, 30180
isolation from external time cues, sleep & circadian rhythms & rectal temperature & clinical state, depressed &/or manic 36–56 yr old inpatients, 22138
lexical cohesion & formal thought disorder during vs after psychotic episodes, schizophrenic vs schizoaffective vs manic patients, 24701

lithium & haloperidol or carbamazepine or levotryptophan, patients with mania, conference presentation, literature review, 15202
lithium & neuroleptic drugs, catecholamine & indoleamine & calcium mechanisms, manic patients, conference presentation, 15210
lithium carbonate, mania & unipolar & manic depression, literature review, 12568
lithium carbonate, manic syndrome & granulocytopenia, 15143
mania & multiple sclerosis, 26 yr old female, 6818
mania, 33 & 34 yr old sisters with familial cerebellar disease, 4218
mania, 55 yr old male with metastatic mesencephalic tumor, 1565
manic autism & interactional psychopathology, depressed vs manic patients, 30139
Manic Diagnostic Severity Scale, diagnosis & state measurement & prediction of lithium treatment response, 23–74 yr old manic vs other psychiatric patients, 6597
metyrapone test, blood plasma cortexolone & cortisol levels before vs after pharmacological treatment &/or recovery, depressed vs schizophrenic vs manic patients, 4521
occupational therapy, manic patients, 30989
onset of confusional manic symptoms following amoxicillin treatment for urinary tract infection, 30 yr old female, 18032
patient history & dexamethasone suppression test results, manic 17–60 yr old patients, implications for lithium treatment, 3843
phenomenological differences in normal vs psychosis-associated happiness states, patients with general palsy vs mania vs schizophrenia, 30214
phenomenology of manic & paranoid & melancholia states, psychiatric patients, 30228
positive & negative thought disorders & reference failures, speech performance, manic vs schizophrenic inpatients, 27306
propafenone, development of secondary mania, 39 yr old female with heart problems, 4495
proposal of new classification category for manic states, 30234
protracted mania, schizophrenic 4–11 yr olds, 9220
psychoanalytic & anthropological/existential theories, 59 yr old female with manic delusional psychosis, 6466
reliability of scale for assessment of thought/language & communication vs endogenomorphic schizophrenic axial syndrome scale, assessment of language & thought disorders, patients with schizophrenia vs mania, conference presentation, 23447
safety of combined neuroleptic drugs & lithium therapy, manic patients, 27960
secondary mania, 21–81 yr olds, literature review, 9335
sodium valproate & lithium vs carbamazepine vs oxcarbazepine, 18–63 yr old patients with manic syndromes, conference presentation, 15134
thought disorder & major clinical variables, formerly hospitalized 18–40 yr olds with mania, 2–4 yr followup, 17350
tryptophan, 18–64 yr olds with acute mania, 30709
vasoactive intestinal polypeptide & cholecystokinin & gastrin levels in CSF, patients with endogenous vs nonendogenous depression vs mania vs schizophrenia, 3842
verapamil, phenelzine-induced hypomania, depressed 48 yr old female, 30719

Manic Depression

adinazolam, progressive replacement of depressive symptoms with manic symptoms, 29 yr old female patient with major bipolar disorder, 22572
age at illness onset & diagnosis of manic phase & duration & severity of illness, efficacy of various drug treatments, manic depressive patients, 7160
alternative drugs to lithium for manic depression, literature review, 20397
association between multiple sclerosis & bipolar affective disorder, adults, 14563
biochemical correlates of sensation seeking & relationship to mania, 27389
blood platelet uptake of 5-HT, unipolar vs bipolar depressed patients, 6562
calcium antagonist diltiazem, manic syndromes, 22–58 yr old patients, 27942
carbamazepine, CSF levels of dopamine metabolite homovanillic acid, patients with primary affective vs unipolar vs bipolar disorder, 30770
carbamazepine, development of fatal aplastic anemia & severe dermatitis & hepatitis, 24 & 42 & 49 yr old female patients with bipolar disorder, 1939
carbamazepine, female 31 yr old depressed bipolar patient with history of manic switching with tricyclic antidepressants, case report, 27985
carbamazepine, increased metabolism & decreased clinical efficacy of haloperidol, manic depressive 22 yr old female, 15135
carbamazepine, inhibition of erythrocyte sodium-potassium adenosine triphosphatase by ammonium metavanadate, manic depressive females, 1942
carbamazepine, mania, patients with manic depression or schizoaffective psychosis, conference presentation, 7159
carbamazepine, mania, 22–65 yr olds with manic depression & schizoaffective psychosis, 9902
carbamazepine, patients with bipolar affective vs schizoaffective disorder, 22528
carbamazepine, plasma levels & EEG activity & manic symptoms, patients with manic depressive vs schizoaffective psychosis, conference presentation, 15128
changes in parameters of calmodulin-stimulated erythrocyte ghost calcium adenosine triphosphatase, patients with mania or unipolar or bipolar depression or schizophrenia, 24664
characteristics & hypnotic treatment, dissociative episodes manifested as psychotic states, 17 yr old female misdiagnosed with bipolar affective disorder, 1384
cholecystokinin immunoreactivity in CSF, patients with Parkinson's disease & unipolar & bipolar depression & schizophrenia, implications for dopamine theory of schizophrenia, 14566
chronic lithium therapy & social support, treatment outcome, patients with bipolar disorder, 22571
clinical & neuroendocrine characteristics, 29–69 yr olds with endogenous unipolar vs bipolar depression, conference presentation, 30145
clonidine & role of dopamine, mania & mixed bipolar disorder, response to comments by R. Sandyk on work of G. S. Zubenko et al, 15191
Contemnol, patients with manic & unipolar depression & schizoaffective disorders, conference presentation, 7185
cranial nerve palsy induced by lithium therapy, 27 yr old male with manic depression, 25326
CSF substance P immunoreactivity & lithium effects, unmedicated unipolar & bipolar depressed inpatients vs euthymic bipolar outpatients unmedicated & during lithium treatment, 30096
deposits of iron in basal ganglia & substantia nigra & treatment with lithium carbonate & haloperidol, male patient with bipolar affective disorder who developed tardive dyskinesia, criticism of report by W. G. Campbell et al, 18035
desynchronization of drive & mood as indicator of time structure of manic depression, patients, test of U. Supprion's hypothesis, 14651
development of Cushing's syndrome, 63 yr old female with bipolar affective disorder, 11948
diagnosis of catatonia in schizophrenia & bipolar disorder, DSM III implications, 11995
diagnosis, outcome, male vs female schizophrenic vs depressive vs manic vs surgical patients, 9295
diagnostic characteristics & theories & drug therapy, bipolar disorder, implications for social work, 6591
diagnostic problems & clinical picture & treatment of bipolar disorder, adolescents, 11913
differential diagnosis & treatment for bipolar disorder, 15 yr old female, case report, 27297
dosage &/vs regular slow release lithium preparations, impairment of renal concentrating ability, patients with bipolar depression vs manic disorder, 30757
dosages of retarded lithium carbonate, 26–41 yr olds with bipolar depression vs schizoaffective psychosis, 7192
duration of episodes & remissions, schizophrenic & manic depressive patients, 6564
early detection of premonitory signs of manic breakdown, implications for intervention, 14623
early vs late onset of bipolar affective disorder, 15–60 yr old male vs female mania & bipolar patients, 12028

familial thalassemia minor as genetic marker, etiology & susceptibility to bipolar illness, 32 yr old with bipolar affective disorder & family members, 27314
familial transmission of major affective disorders, unipolar vs bipolar disordered psychiatric inpatients, support for distinction between unipolar & bipolar disorders, 3946
family empathy & affect & expression of feelings, patient's medication compliance & clinical outcome, families with member with bipolar disorder, 9889
genetic factors in major psychoses & schizophrenia & manic depressive disorder, conference presentation, 27272
genetic liability of bipolar I vs major depression, relatives of patients with bipolar I vs major depression, 30202
genetic markers, manic depressive illness, 14629
handedness & sighting dominance & hand grip strength, 19–71 yr old males with paranoid vs nonparanoid schizophrenia vs affective disorders, 14636
high-dose haloperidol, maniacal agitation, 16–75 yr olds with schizoaffective mania or bipolar disorder, 7225
hypomania due to longer daylight hours, 47 yr old male with 7 yr history of cycling bipolar affective disorder, 3905
illness behavior & characteristics, rehospitalized 18–60 yr olds with bipolar affective disorder, 20513
imipramine & lithium carbonate & patient education & supportive therapy, 10 yr old male with bipolar disorder, 25314
immunoglobulin & antinuclear & lymphocyte & thyroid antibody levels & serum protein fractions, male vs female 25–65 yr old inpatients with schizophrenia or unipolar or bipolar depression, 24670
incidence & diagnosis of depression, 6–17 yr old children of patients with bipolar depression, 14598
incidence & diagnosis of manic depressive illness, Black hospitalized psychiatric patients, 19958
incidence & treatment of drug abuse, patients with bipolar disorder, 6437
individual & social & psychiatric risk factors of suicide, 21–60 yr old manic-depressive suicide victims, 20055
information processing performance & susceptibility to external distraction, discourse failure, manic vs schizophrenic patients, 24645
isolation from external time cues, sleep & circadian rhythms & rectal temperature & clinical state, depressed &/or manic 36–56 yr old inpatients, 22138
large number of ECT treatments over 26 yr period without brain injury, postmortem neuropathy, 89 yr old female with chronic bipolar disturbance, 22372
lithium & neuroleptic drugs, catecholamine & indoleamine & calcium mechanisms, manic patients, conference presentation, 15210
lithium & thyroxine, rapid cycling manic depression influenced by changing thyroid status, 37 yr old male, 22516
lithium &/vs haloperidol, manic depressive patients, 30715
lithium, calcium metabolism & hormonal control of calcium, manic depressive disorders, conference presentation, 15141
lithium carbonate, downbeat nystagmus, male 57 yr old with manic depression, 15142
lithium carbonate, mania & unipolar & manic depression, literature review, 12568
lithium carbonate, respiratory insufficiency, 60 yr old female with manic depression associated with chronic obstructive lung disease, 20423
lithium carbonate tolerance, 21 & 59 yr old females with history of bipolar depression who had been labeled lithium intolerant, 4501
lithium carbonate, 29 yr old male with bipolar & intermittent explosive disorder with alcohol & cocaine abuse, 7175
lithium, CSF & plasma levels of vasoactive intestinal peptide & lymphocyte receptors, euthymic bipolar patients, 1913
lithium, development of hypothyroidism & autoimmune thyroiditis, manic depressive 17–61 yr olds, 9878
lithium discontinuation, side effects, patients with bipolar affective disorder, 18056
lithium, patients with manic vs endogenous depression vs schizoaffective psychosis, 7186
lithium, platelet 5-HT receptor response, bipolar vs unipolar patients, 1963
lithium therapy & plasma levels, patients with bipolar affective disorder aged 12–46 yrs at onset, Taiwan, 4542
lithium therapy, renal functioning, manic depressive patients, 6–18 mo longitudinal study, 27949
lithium vs antidepressants vs carbamazepine, bipolar affective disorders, psychiatric patients, 1916
lithium vs conventional treatment methods & ECT, relapse & social performance, 19–66 yr olds with bipolar affective disorder, conference presentation, 9894
locus of control & self perceived competence & social support as personal & social resources, 7–18 yr old offspring of patients with bipolar affective disorder, 27345
long term lithium treatment & possible side effects, manic depression, 9941
maintenance neuroleptic vs lithium carbonate treatment, prevalence & outcome of persistent tardive dyskinesia, patients with bipolar disorder, 30763
manic vs depressive phases, oscillations in lithium serum level, 28 yr old female with premenstrual manic depressive cycle, 7202
medical & psychological side effects of prophylactic lithium therapy, manic depression, 4530
mood congruent & incongruent psychotic symptoms, schizophrenic vs schizoaffective manic or depressive vs unipolar or bipolar depressed patients, 9357
multiple hormone interactions as etiological factors in manic depressive disorder, 30222
neuroleptic-free treatment with vs without ceruletide, cholecystokinin octapeptide levels in CSF, patients with Parkinson's disease vs unipolar vs bipolar depression vs schizophrenia, conference presentation, 20399
neurological abnormalities, patients with schizophrenia vs affective disorder vs bipolar disorder with psychosis vs alcohol & drug abusers, 30079
noradrenaline levels during orthostatic challenge, bipolar & unipolar depressed 24–68 yr olds, 11999
obsessional traits & cyclothymia, 15–21 yr old at risk offspring of parents with bipolar illness, 1318
occurrence of side effects in phenelzine & tryptophan therapy, 28 & 57 yr old males & 31 yr old female with major depression & melancholia or bipolar depression, implications for use of serotonergic agents with MAO inhibitors, 25301
onset of psychopathologic features, 6–24 yr old juvenile relatives of bipolar adults, 3-yr followup, 6465
ouabain & phloretin & parachloromercury benzene sulfonate, erythrocyte lithium influx & efflux, patients with bipolar affective disorders, 7273
parental bonding & age of onset & family history of affective disorder & prognosis, male vs female patients with bipolar affective disorder, 3858
pedigree segregation analysis of transmission of affective disorders, patients with unipolar vs bipolar depression & their families, longitudinal study, 1392
perception of rejection & emotional warmth & overprotection in parental rearing behavior, bipolar vs unipolar depressed patients, Italy vs Sweden, 24693
personality characteristics assessed by Rorschach test, manic depressive 26–78 yr olds in remission, 6552
platelet MAO activity, 18–68 yr old patients with depression of increasing specific diagnostic groups, implications for subtypes of depression, 30213
positive vs negative vs mixed psychotic symptoms, interstimulus interval in backward masking in visual information processing, bipolar vs schizophrenic patients, 17349
presence of diagnosable characteristics, depressed 7–17 yr old children of parents with unipolar & bipolar affective disorder, 14615
prior course & characteristics of index episode & familial aggregation, patients with bipolar II vs bipolar I vs recurrent unipolar depression, 1292
prior suicidal behavior & family history, male 16–86 yr old inpatients with unipolar or bipolar depression, 27328
pseudohysterical behavior patterns, 43–67 yr old females with endogenous depression, 3840
psychopathological profile & course of illness, patients with schizoaffective psychosis vs bipolar affective illness vs paranoid schizophrenia, 19931

psychosocial development, early- vs late-onset bipolar disorder patients, 4-yr longitudinal study, 1298
psychotic relapses during long term lithium treatment, manic depressive lithium responders, 2–7 yr followup, conference presentation, 7265
psychotic symptoms, schizophrenic vs schizoaffective vs unipolar or bipolar depressed patients & their relatives with diagnoses of psychosis or depressive neurosis, 9356
rapid cycling affective disorders, literature review, 27259
rapid cycling bipolar illness with numerous clinical problems & affective episodes, 32 yr old female, 1215
red blood cell vs plasma lithium concentration & intra-erythrocytic concentration of sodium & potassium & lithium & response to lithium as prophylactic, patients with manic depressive disorder who did vs did not have relapse, 30788
response amplitudes vs tonic levels of electrodermal activity, subsyndromal college students at high risk for bipolar depressive illness, 11962
retrospective vs prospective data collection methods of longitudinal course of recurrent affective illness, 19–69 yr old treatment resistant manic depressive patients, 19980
right/left hemispheric energy oscillations using EEG recordings, schizophrenic vs depressed psychotic vs manic patients, 1294
seasonal variation in urinary excretion of calcium & magnesium & phosphate, 20–75 yr old manic melancholic patients on vs not on lithium treatment, 15163
self report vs cognitive task & assessment of self esteem, remitted bipolar vs depressive patients, 1401
sensitivity & specificity of cognition, unipolar & bipolar depressed outpatients, 17359
serum ACTH & cortisol levels & abnormal dexamethasone suppression, bipolar & unipolar depressed patients, 22021
serum lithium levels, performance on successive word association tests & repetitions of common responses, patients with bipolar & unipolar & schizoaffective & cyclothymic affective disorders, 9929
sex differences & birth cohort, rates of major vs bipolar depression, 18 yr olds & older, conference presentation, 3955
similarities in personality, patients with bipolar vs major depressive disorders, 11931
skin conductance, differentiation of subtypes & relation to atypical dexamethasone suppression test, patients with unipolar vs bipolar disorder, 30243
somatic illnesses, 21–67 yr old manic depressive vs 20–70 yr old schizophrenic patients, 19924
somatic symptoms, unipolar vs bipolar depressed patients, implications for classification of depression, 9225
suicide in 1st & 2nd degree relatives, manic depressive patients, 6587
superiority of unilateral vs bilateral ECT, 19–71 yr olds with bipolar disorder in manic phase, conference presentation, 30531
surgical treatment of obstructive sleep apnea, clinical management & treatment compliance of simultaneously presenting mood disorder, 52 yr old female with bipolar affective disorder, 25044
symptoms & background features, relatives of affectively ill patients with bipolar I vs II vs nonbipolar depression, 1279
synergistic antidepressant effect of alprazolam & lithium carbonate, 47 yr old male with bipolar disorder, 22520
thyrotropin-releasing hormone, thyroid-stimulating hormone & clinical symptoms & prolactin levels, 26–63 yr old patients with acute major depressive disorder & unipolar & bipolar disorder in remission, 9277
thyrotropin releasing hormone, thyrotropin stimulating hormone response & basal hormone levels, unipolar & bipolar depressed patients, 14660
type & severity of maternal depression, attachment behavior, 16–47 mo old infants of minor vs unipolar vs manic depressive mothers, 1358
utility of dexamethasone suppression test, patients with manic depressive psychosis or depressive disorders with vs without psychosis, conference presentation, 30229
validation of clinically defined depressive subtypes with dexamethasone suppression test, 15–60 yr old hospitalized patients, 27388
validity of General Behavior Inventory, diagnosis of cyclothymia, 15–21 yr old offspring of bipolar patients, 26222
withdrawal of antiparkinsonian drugs & maintenance of neuroleptic therapy, tardive dyskinesia symptoms, 33 & 57 & 60 yr old females with manic depression or schizophrenia, 25334
withdrawal of lithium therapy, relapse, patients with bipolar or unipolar affective disorder or schizoaffective psychosis-depressive type, 9947
5-HT uptake inhibiter zimeldine, bipolar affective disorders, 18–70 yr old patients who had been successfully treated with lithium for 7–12.5 yrs, 4478

Manic Depressive Psychosis
delusions & diagnosis, 18–59 yr olds with manic depressive psychosis & coexisting paranoid symptoms, 11–15 yr followup, 27315
dipropylacetamide treatment, patients with bipolar manic depressive psychosis, 12590
genetic loading & parental marital adjustment & severity & chronicity & age of exposure to proband manic depressive parent's illness, offspring psychopathology, 5–18 yr olds, conference presentation, 22070
in vitro lithium ion ratio & maximal rate of sodium lithium countertransport in erythrocyte, blood donors vs manic depressive patients, 22106
manic bipolar affective disorder & thyrotoxicosis & neuroleptic induced catatonia, 50 yr old moderately retarded female referred to community mental handicap service, 9921
manic depressive psychosis & separation individuation theory in pathology of V. S. Woolf, 8647
outcomes of institutionalization, long term inpatients with manic depressive psychosis vs schizophrenia, 2092
prediction of effectiveness of tricyclic antidepressants with symptom profiles, 20–74 yr old inpatients with manic depressive psychosis, 7277
psychiatrist's theoretical orientation, multidimensional analysis of facial expressions in photographs, 25–50 yr old psychiatric patients in subacute or chronic phase of manic psychosis, 1880–1900 vs 1920–40, 27333
rapid cycling affective disorders, literature review, 27259
symptomatology in rural vs urban areas, hospitalized patients with manic depressive psychosis, India, implications for prevalence rates, 24713
trace elements in hair & whole blood & serum & urine, manic & depressive patients, 6569
ventricular size &/ vs dexamethasone suppression test, prediction of outcome of severe endogenous depression following stereotactic subcaudate tractotomy, patients with manic-depressive psychosis, 1-yr followup, 25079

Mannerisms [See Habits]
Manpower [See Personnel Supply]
Mantis
continuous vs categorical measure in distance involved in prey catching behavior, praying mantids, 21268
morphine vs naloxone, shock-induced deimatic reaction, praying mantis, evidence for existence of opiate receptors, 16840

Manual Communication [See Also Fingerspelling, Sign Language]
development of linguistic & cognitive flexibility evidenced by nonliteral language use, deaf vs hearing 7.9–14.7 yr olds, 27618
guide to British manual communication systems, children & adults with severe hearing impairment, 17569
pantomimed administration of WISC-R, hearing impaired children, reply to criticisms made by J. P. Braden, 13420
tactual discriminability & ease of learning Braille vs Moon vs T vs NL vs hand-sent codes for deaf-blind, college students with normal vision & hearing, 26298

Manufacturing [See Business]
Maprotiline
dibenzepine vs maprotiline, cardiac function, coronary heart disease patients treated for endogenous depression, 9937
efficacy & speed of onset & cardiovascular & adverse effects of amoxapine & maprotiline & trazodone & bupropion, 12577
evidence for side effects of maprotiline vs amoxapine vs trazodone, 18082
imipramine or maprotiline, EEG curve, 22–23 yr olds, conference presentation, 5890
maprotiline, anxiety & mood & sleep disturbances, female vs male depressed patients, 7270

maprotiline, articulation & finding of words, 54 yr old male with depression, 18098
maprotiline, chronic pain, 19–67 yr old patients, 15158
maprotiline, development of seizures, depressed patients, 12544
maprotiline, EEG activity, 25–67 yr olds with endogenous depression, 7208
maprotiline hydrochloride with psychotherapy, depression & immune reactions of T & B lymphocytes, 25–57 yr olds with depressive neurosis, 12589
maprotiline, myoclonus, 54 yr old female with depression & chronic chest pain, 15132
maprotiline, patients with periodic endogenous depression, preventive implications, conference presentation, 7218
maprotiline vs trimipramine, unipolar major affective disorder, 18–60 yr old patients, 12572
mianserin & amitriptyline & imipramine & maprotiline pulse & blood pressure & salivary secretion & finger sweating, healthy volunteers, 8632
patient responses to amitriptyline with or without perphenazine or maprotiline or amoxapine, prediction of differential rates of depression, relatives of depressed probands, 7232
sleep deprivation & increase vs decrease in MAO activity, prediction of response to maprotiline or clomipramine, depressed patients, 9896
therapeutic efficacy & side effects of nomifensine vs maprotiline vs imipramine, patients with endogenous vs reactive depression, 7169
zimeldine vs maprotiline treatment, 20–59 yr old outpatients with major depressive disorder, 20406

Marihuana

acute marihuana, associative processes involved in long term memory retrieval, marihuana users, 16562
addictive aspects of smoking base cocaine paste mixed with tobacco & marihuana, 6665
atropine vs marihuana, time estimation, 23–32 yr old male experienced marihuana smokers, 8549
chronic drug-taking & psychosocial adaptation, college student vs adolescent vs adult chronic marihuana users, 12059
dosages of marihuana, physical aggression, male college students, 11321
marihuana cigarette containing tetrahydrocannabinol vs placebo cigarette, plasma luteinizing hormone levels & pulse rate & intoxication, female menopausal 50–56 yr olds, 26710
marihuana effects, 18–32 yr old regular marihuana users, 6–8 yr longitudinal study, 24447
medicinal value of marihuana & tetrahydrocannabinol, 25330
personality attributes & risk of alcohol & cigarette & marihuana & cocaine involvement, 12 vs 15 vs 18 yr olds, 3-yr followups, 21780
psychiatric effects of AMP form of marihuana soaked in formaldehyde, 17–35 yr olds, case report, 27448
smoking single marihuana cigarette, perceptual motor performance on driving-related tasks & plasma tetrahydrocannabinol levels, 22–33 yr old males, 626

Marihuana Usage

acute adverse reactions to alcohol vs marihuana vs hallucinogens vs phencyclidine & psychological distress, drug use patterns, 10th vs 11th vs 12th graders, 1-yr study, implications for drug abuse prevention programs, 26907
alcohol & marihuana use & subjective mood states in daily life, 9th–12th graders, 11518
attitudes & perception of functional vs dysfunctional consequences of marihuana use, students in grades 11 vs 12 vs 13, Canada, implications for meta model, 24193
concern for appropriateness scale as moderator of dispositional & environmental variables associated with self reported use of alcohol & marihuana, college students, 2931
delta-9-tetrahydrocannabinol, flight performance 24 hrs after smoking, experienced private pilots, 8629
extent & frequency of alcohol & marihuana & other illicit drug use, 9–13 yr olds, 11507
facilitative-constraint model, prediction of frequency of marihuana use & classification of users & experimenters & nonusers, rural high school students, 11498
father's influence on daughter's marihuana use, female college students and their fathers, 11708
interpretation of Syva EMIT cannabinoid assay test, assessment of marihuana users, implications for use in rehabilitation programs, 25605
knowledge of & attitudes toward & use of cannabis & impact of peers on drug usage, 7th–10th graders in cannabis education program, 11540
low vs high dose marihuana cigarette smoking, expired air carbon monoxide, 21–35 yr old males, 11710
marihuana acquisition & use patterns & relation to menstrual cycle & impact on motivation assessed by performance on FR 300 reinforcement schedule, 21–36 yr old females, 24452
marihuana smoking, mood state & time production tasks, 21–35 yr old males, 19781
marriage vs parenthood vs education & work role selection & socialization, marihuana use, male vs female young adults, 9-yr followup, 14419
military service prior to vs after 1970 & US vs Vietnam vs overseas-not Vietnam location of service, marihuana usage, military veterans, 21896
peer group attitudes & behaviors, delinquent behavior & use of alcohol &/vs marihuana & other drugs, 12 vs 15 vs 18 yr olds, 17021
perceived parental support & self identification, alcohol & marihuana usage, Black & White & Puerto Rican & other Hispanic 7th & 9th graders, 26894
premarital cohabitation & marihuana & illicit drug use & religiosity in adolescence, commitment to traditional roles & lifestyles, males vs females with mean age of 24.7, 27133
psychiatric disorders, regular marihuana users vs nonusers, 6–7 yr followup, 1466
psychological & neurochemical & physiological effects of marihuana usage, healthy cannabis users, Jamaica & Greece & Costa Rica, literature review, 14411
role of deviant peers & parental childrearing practices & alcohol use, initiation of alcohol & marihuana usage, families with sons in 7th & 10th grades, 21755
self reports of marihuana & cigarette smoking vs physiological measures of expired air carbon monoxide & saliva thiocyanate, 7th & 9th–12th graders, 11378
social norms & intracultural diversity, marihuana usage, female 17–48 yr olds from rural communities, Jamaica, 29927
social thought on alcohol & marihuana use, 1974, 3653
subjective experience of marihuana intoxication, college students with high vs low self esteem, 14418
trends in arrests for marihuana use in rural vs urban areas of North Carolina, 14–24 yr old offenders, 1976–80, 17178

Marijuana [See Marihuana]

Marine Personnel

depression following job promotion, Marine colonels, application of psychodynamic approach to stress & occupational psychiatry, 2649
exercise & physical work load & sleep loss & continuous work & time of day, cognitive performance, 18–24 yr old Marines, 15967
physical training, esprit de corps & self confidence & self esteem, male Marine Corps recruits, 13169
psychological & behavioral factors, prediction of cold weather health behaviors, 18–23 yr old males in Marine Corps, 5149
relative effectiveness of top-down vs bottom-up approach to structuring multiattributed hierarchies, Marine Corps 2nd lieutenants, 20854

Marital Adjustment [See Marital Relations]

Marital Conflict

Areas of Change Questionnaire, identification of prevalent problems in marital therapy, family & marriage therapists, 22459
conjoint behavioral marital vs individual cognitive therapy, depression & marital discord, 23–50 yr old couples in which wife has diagnosis of unipolar major affective disorder without psychotic symptoms, 15079
construct validity of Dutch version of Maudsley Marital Questionnaire, assessment of marital discord, 30–47 yr old married couples, 20983
development of problem solving & communication skills using Marriage Contract Game, focus on marital problems, couples requesting psychiatric treatment for children, 1850
diagnosis & treatment of marital disorders, 1853

gender role classification vs sex, conflict management, 20–77 yr old husbands vs wives, 17095
marital conflict & level of distress & discontent felt by mothers vs fathers, teaching style & interactions between mother & child vs father & child, 31–37 yr olds & their 5.5–7.5 yr olds, 24288
marital conflict & sex of S being coded vs coding, perceptual agreement in rating own vs other's interactions, couples, 17082
marital locus of control & approach to marital problem solving, couples, 27004
paradoxical interventions, resistance in marriage counseling, older couple with long-standing marital conflict, 4380
parental adjustment & marital satisfaction & depression, perception of child's home or school problem behaviors, parents of 5–14 yr olds referred to psychology clinic for behavior problems, 4040
parental marital disruption, short vs long term psychological adjustment, Black & White & Hispanic 6–18 yr olds from urban families, 24799
personality traits & sex differences, ratings of marital problems & reasons for divorce, divorced Ss, 6230
rapprochement phase of separation-individuation & infantile neurosis, object relations conflicts in marriage, 40 yr old female in pathological marital interaction & 42 yr old male with psychosomatic symptoms, 6430
reliability of scales to assess stages of marital conflict, 19–28 yr old married couples, 28946
stress-related psychogenic hearing loss, 43 yr old male air traffic control officer, 17626

Marital Relations [See Also Marital Conflict]
adjustment & husband-wife communication, 40–45 vs 46–50 vs 51–55 yr old married females, India, 24302
adjustment & sexual activities & marital stability, 24–50 yr old female to male transsexuals & their spouses, 3626
Adlerian skills program, development of supportive marital relations, married couples, 17981
affiliative vs independent preferences as predictors of behavioral marital therapy outcome, couples seeking marital therapy, 30643
alcohol consumption & family interaction, subsequent alcoholism & marital stability, families with alcoholic & nonalcoholic spouses, 2-yr followup, comments on study by P. Steinglass et al, 14707
alcohol consumption & family interaction, subsequent alcoholism & marital stability, families with alcoholic & nonalcoholic spouses, 2-yr followup, reply to comments of E. Kaufman, 14739
alcohol consumption & family interaction, subsequent alcoholism & marital stability, families with alcoholic & nonalcoholic spouse, 2-yr followup, 14740
application of K. Horney's pride system to marriage & character analysis in H. James's "The Portrait of a Lady" & G. Eliot's "Middlemarch", 24076
assertion training & marital satisfaction, 28 yr old abused wife, 18019
assessment of affect & attitudes & daily behavior, prediction of marital satisfaction, couples self referred to marital therapy, 30618
attitudes & sexual relations & functioning, alcoholic husbands & their wives, 14746
attitudes toward spouses & their marriage & marriage in general, validation of marital questionnaire, 18–50 yr olds who were happily married vs filing for divorce, 5343
attractions to marriage & barriers to divorce as moderator factors on marital quality/stability, models of D. L. Thomas & J. E. Kleber vs G. B. Spanier & R. A. Lewis, 27015
behavioral observation system, measurement of cognitive guidance & emotional support & social reinforcement & tangible assistance & socializing in home setting, implications for family therapy, 12467
childhood experiences & parental relationship & parent child relations as etiological factors, 48-65 yr olds with endogenous vs neurotic depression, 24679
childlessness, marital satisfaction, voluntarily childless couples, 3583
chronic pain & marital problems, chronic pain patients & their spouses, implications for family treatment, 20499
cognitive restructuring techniques &/vs relationship enhancement program, differentiation of self from spouse, married couples, 12450
cognitive style, marital interaction patterns, spouses, 6239
commencement of bisexual activity, change in sexual behavior & relationship with spouse, 32–60 yr old wives, 24424
communication training program, couples, 7111
construction of marital satisfaction scale, 20–60 yr old married couples, India, 23412
criterion-related validity of Kansas Marital Satisfaction Scale, 17–91 yr old married vs recently separated females, 18985
demographics & marital problems & sexual orientation & homosexual experiences before marriage, currently married & divorced bisexual females, 24422
depression & suicidal tendencies & delinquency & psychomotor retardation & academic difficulties, children with French mothers & North African fathers, France, conference presentation, 6020
development & validity of Circumplex Model of Marital & Family Systems, assessment of marital & family dynamics, 141
development of problem solving & communication skills using Marriage Contract Game, focus on marital problems, couples requesting psychiatric treatment for children, 1850
dual careers, power distribution & management of work & domestic & social life & intimacy & issues of contact & withdrawal, husband & wife co-therapists, 8990
duration of marriage & family-of-origin experiences, marital adjustment, married couples, implications for marital therapy, 9016
dynamics & adjustments of marriage, bisexual husbands & their wives in therapy due to marital conflict, 24421
emotional & health-related support & respect, spouses aged 50 yrs & over, 24293
emotional & social maturity & education level & age at marriage & marriage duration & sequencing & timing of parenthood, marital disruption, married couples, 9001
emotional &/vs sexual extramarital involvement, marital satisfaction, 21–63 yr old males vs females, implications for sex roles, 19763
emotionally focused marital therapy, dyadic adjustment & intimacy & target complaint reduction & goal attainment, couples, 8-wk followup, 17938
estranged wives' roles in marriage in works by J. C. Oates, female characters, 24079
evolution of marriage archetype, 6238
facilitator utterances, participant responses in brief Association of Couples for Marriage Enrichment therapy, married couples, 17932
family & marital relationships & attitudes toward family enrichment & support programs, Air Force married couples, 27871
family & parental relations during childbirth, recidivism, male law offenders, India, 1414
family conflict & family therapy, 16 yr old female with extreme itching & scratching behavior & her parents, case report, reprint, 25190
family conflict research methodologies, literature review, implications for development of systems approach, 14323
family interactions & experience of "blues" in early parental period, fathers of 1st born 4 mo olds, 29858
family support & marital satisfaction & farm functioning, self reported psychosomatic stress symptoms, wives of dairy farmers, 1515
family therapy, marital issues centered on pregnancy, expectant families, 30626
genetic loading & parental marital adjustment & severity & chronicity & age of exposure to proband manic depressive parent's illness, offspring psychopathology, 5–18 yr olds, conference presentation, 22070
homosexual identity development & stability of marriage, bisexual males who marry, 2-yr followup study, 24433
husbands' job involvement & satisfaction & perception of organizational climate, wives' marital satisfaction, couples with children, 3579
husband's vs wife's age & marital duration & birth & marriage cohorts & contemporaneous period, coital frequency, spouses, longitudinal study, 14308
husband's vs wife's possession of educational & economic & social resources, participation in decision making & conjugal power, Jewish married couples, Israel, 14310

hypnotherapy, balance of power in marital relations, 36 yr old wife & her 27 yr old husband, 7292
importance of Bible reading & prayer at home, marital adjustment, couples from sect vs evangelical vs liberal vs Catholic religious affiliations, 14304
importance of quid pro quo concept, marriage & marital therapy, 30633
incorporation of relationship with God in cognitive therapy, fear & anxiety & guilt about marriage, 32 yr old female analysand, 17777
individual exposure treatment & marital adjustment, treatment outcome, married vs single agoraphobics, 2-yr followup, 9848
intellectual & personality variable similarity vs complimentarity, mate choice & marital satisfaction, couples, 17078
interaction dominance in marital communication, married couples with alcoholic 28–63 yr old partner, 22155
interactions with spouse vs same-sex best friend vs best colleague vs best neighbor, males vs females, 19800
internal consistency of Kansas Marital Satisfaction Scale, female participants in community childbirth education classes, 2916
interrole conflict & personality hardiness, marital adjustment, employed fathers, 14293
interrole conflict & spouse support, marital adjustment & verbal communication, 18–63 yr old working mothers, South Africa, 29849
intimacy & boundaries & identity & adjustment in marriage, 53 yr old homosexual male & his heterosexual wife undergoing treatment, 17961
intimacy maturity & marital adjustment & gender role, wives vs husbands, 17093
intimacy through shared feelings & prayer & sexual awareness, matrimonial spirituality & its role in church, 11615
intoxication, marital communication & problem solving, 28–63 yr old alcoholics & their nonalcoholic spouses, 1420
job stress & mental health & marital adjustment & social relations, off-the-job adjustment, single vs dual career couples, 29848
length of marriage & marital adjustment & communication, neuroticism, wives vs husbands married for 1–46 yrs, 3592
marital & cohabitating adjustment, help seeking Vietnam combat veterans with posttraumatic stress disorder, 1273
marital adjustment & spouse participation, outcome of behavioral treatment & spouses' psychological functioning, agoraphobic females & their spouses, 20351
marital adjustment, inpatients with major depression, 19962
marital conflict & level of distress & discontent felt by mothers vs fathers, teaching style & interactions between mother & child vs father & child, 31–37 yr olds & their 5.5–7.5 yr olds, 24288
marital harmony & occupational identity status as psychological predictors, feelings of confidence & control & self- vs child-focused gratifications, 25–31 yr old mothers vs fathers of 2.3–3.4 yr olds, 24296
marital harmony 4.5 yrs postpartum, parent-child relations & child development, parents & children, 4.5-yr longitudinal study, Sweden, 8674
marital quality & sexual involvement with spouse, bisexual 24–59 yr old husbands, 24442
marital quality & utility of Ryle's Marital Pattern Test, 40–49 yr old married female psychiatric patients, 13395
marital relations & pregnancy problems, prediction of postpartum depression & mother-child interaction & childrearing attitudes, mothers & their infants, 9238
marital relations, couples in which husband is clergyman, 3594
marital relations 1 yr prior to onset of depressive episode, married patients with major depression without melancholia, 17413
marital role expectations & need for control, female vs male college students, 1973 vs 1983, Australia, 26983
marital satisfaction & child behavior, parent perceptions of child maladjustment, mothers & their 27–108 mo old vs 10.4–14.4 yr old children, 11614
marital satisfaction across family life cycle, 18–59 yr old married females, 17089
marital stability & bonding to unborn child, bonding to 1st-born infant & subsequent involvement in child care responsibilities, 1st-time fathers, 11627
marital stress, attributions for positive vs negative interactions with spouse vs stranger, married couples, 24306
marital tension, immigrant vs nonimmigrant urban Jewish couples, Israel, 26991
model of person as rational animal &/vs worker or functionary &/vs relational being or responder, development of personal qualities essential to marriage relationship, 11610
modified form of R. M. Blakar's procedure, assessment of marital communication, parents of normal vs neurotic children, 6224
number of children & years married, childrearing attitudes, mothers, 19724
paradox of bisexuality & self perceptions & marital & family relations, 30–75 yr old married bisexual men in conventional marriages, 24417
partnership problems, endogenous or neurotic or unclassified depression, male & female 47–66 yr olds, 3886
perceived sex role identity & ideology, marital adjustment, young married couples, 8992
perceived stress & attitude toward baby & social support networks & support from husbands, emotional adjustment, 23–28 yr old females at 35 wks gestation vs 3 mo postpartum, 11632
perceived support from spouse & help from maternal grandparents & infant temperament difficulty, affect & well-being & life satisfaction, 21–39 yr old mothers of 13 mo old infants, 24307
perceptions of egalitarianism of role relations & equity, marital adjustment & satisfaction & individual well-being, dual career husbands vs wives, implications for family therapy, 9005
personality congruence, marital satisfaction, distressed vs nondistressed married couples seeking vs not seeking marriage counseling, 24289
personality factors & mental health & happiness & communication, husbands vs wives, 17084
personality traits, marital adjustment, 21–45 yr old married couples, India, 6222
play & prayer, maintenance of creativity & mutual respect & awe in marriage, 11637
polarized continuity vs discontinuity values, truncated nuclear family, implications for family therapy, 7125
positive vs negative child vs spouse behavior vs daily activities, satisfaction & mother child relations, 23–43 yr old mothers of 46–79 mo olds with physical aggressiveness & noncompliance & temper tantrums, 29826
power in conflict resolution & authority, marital satisfaction, middle & upper middle class couples married 5 or more yrs with wife as homemaker, counseling implications, 8997
prestige associated with own & husband's occupation, marital satisfaction, 55–85 yr old employed vs retired wives of employed vs retired husbands, 17061
problem solving marital interactions, husbands with clinically depressed wives, 9216
problems in assessment of marital & dyadic adjustment, discussion of Marital Adjustment Test & Dyadic Adjustment Scale, 16127
psychoanalytic perspective on self esteem regulation within marital relationship, 3581
psychosocial functioning & parenting difficulties & marital support, 21–27 yr olds reared in institutions, reprint, 29841
psychosocial satisfaction & somatopsychological reactions & expectations of disordered vs normal partner & acceptance of disorder, couples with 1 partner with insulin-treated diabetes, 27589
reactions upon learning of husband's bisexuality & subsequent consequences, 23–59 yr old wives of bisexual husbands, 24428
relationship enhancement therapy vs therapist's preferred treatment, marital relations, 28–55 yr old husbands & wives in conjoint marital therapy, 1852
relationship with opposite sex parent, marital relations, spouses, implications for family & marriage therapy, case report, 30648
risk of marriage breakdown, members of different social classes, Great Britain, 3593
role assignment & conflicts & marital communication & family environment, cancer patients & their spouses with children at home, 5-mo followup, 22340
role of gender related self schemata in interpretation of marital interaction, female vs male 20–50 yr olds, 19770
scale measurement of predictability & dependability & faith factors of trust in marital & close relationships, married persons & couples, 27013
self disclosure on intimate topics, males vs females in dual vs single career marriages, 17088

semantic anthropological interpretation of psychosomatic illnesses, 40 yr old Turkish husband & his 30 yr old wife & their children, Belgium, 27559
sex & marital intimacy, wives vs husbands, clinical implications, 24435
sex & sex role attributes, perceptions of intimacy & marital relationship following birth of child, couples, 1011
sex role assortative matching, marriage adjustment, androgynous vs traditional vs undifferentiated or cross-type married couples, 6228
sex role self concept & attitudes, marital satisfaction & personal adjustment, dual-worker couples with preschool children, 3584
sex typing & division of labor, marital satisfaction & attitudes across transition to parenthood, wives in last trimester of pregnancy, 6-mo longitudinal study, 19714
sexual satisfaction & marital happiness, 21–64 yr old bisexual & heterosexual males in open marriages, 24423
short term conjoint group therapy, marital relations, pathological gamblers & their wives who are members of Gamblers Anonymous & Gam-Anon, 22471
spirituality & spiritual formation in marital relationship, 11641
stepchildren, stability & satisfaction of 2nd marriage, spouses, 29857
structural exchange theory approach to marital jealousy, married males vs females, 24300
synthesis of Gestalt & systems theories/therapies, intra- & interpersonal problems, female who had been sexually abused by father as child & her husband, 9781
therapeutic treatment techniques, individual vs marriage focused conflict symptoms, couples with alcoholic partner, 12490

commercial vs noncommercial advertisement vs news article format, effectiveness of advocacy messages, college students, 26765
history of research on media effects, children, 16902
impact of mass media, perception of own health care vs overall health care system, Ohio residents, 18141
journalistic considerations in determination of content & coverage of news, mass media, 16842
level of experience, attitudes toward mass media & youth, 22–55 yr old teachers, 2338
mass media & assimilation & pluralism, Hispanics & other ethnic groups, literature review, 29506
mass media antismoking advertising campaign, effectiveness of hospital-based smoking cessation clinic, 18–65 yr old male smokers, 25592
mass media direct & indirect information programing, prevention of shoplifting, literature review, 3619
mass media, education of public regarding child care practices & services, Central America, 3340
micro- vs macrointerventions & use of mass media in health education & promotion programs, 1988
news media, communication of information about issues & events in social service programs, social workers, conference presentation, 28083
partnership model & fusion techniques in media analysis, West Germany, 26085
precampaign partisanship & features of campaign environment, uses & effects of mass media in voting decisions, registered voters, replication of experiment by S. H. Chaffee & S. Y. Choe, 27086
present media environment, disappearance of childhood, 766
processes in adoption of consumer-related technologies, 18–25 yr olds vs Ss aged 65 yrs & older, 13277
psychoanalytic view of crisis intervention & mass media, coping with earthquake, survivors, 1985, Mexico, 30873
publication vs communication theory & research in mass media, 707
rape awareness media campaign, knowledge of & attitudes about sexual assault, male vs female residents of rural areas, 1154
social environment & media system & interpersonal networks, dependency on mass media, individuals, application of sociological framework, 26761
social support networks & mass media, breastfeeding vs bottle feeding, mothers & 4 wk to 6 mo olds, Hong Kong, 14307
state & local involvement in campaign activities & placement of public service announcements, Alcohol Abuse Prevention Campaign, 1982, 2187
subliminal messages in advertising & popular music, behavior, college students, 16050
Take a Bite Out of Crime campaign, crime prevention perceptions & attitudes & behavior, adult survey respondents, 5956
therapist's media exposure, transference, therapy patients, 6989

unrepresentative news content, accuracy of inferences about Third World vs more developed countries, college students, 26764
violence in mass media, motivation & behavior, 5955
Massed Practice
expanded ability-based vs missed classroom practice, retention of multiplication facts & spelling lists, 3rd graders, 7610
10 vs 30 daily massed practice opportunities, acquisition of discrimination skills, severely retarded 12–21 yr old students, 15841
Mastectomy
adjustment to breast cancer & subsequent mastectomy, female 33–74 yr olds, US vs France, 30826
multidisciplinary team approach, physical & psychological rehabilitation, postmastectomy patients, 7435
routine care with vs without monitoring by specialist nurse & mianserin &/vs cognitive therapy, depression, females undergoing mastectomy for breast cancer, conference presentation, 30517
sociodemographic characteristics & length & context of interviews, scores on depression scale & responses to attitudinal questions, females who had vs had not undergone mastectomy, 20973
Mastery Learning
attachment behavior, mastery-related behavior, 22–40 yr old mothers & infants during 2nd yr of life, 6054
Chicago Mastery Learning Reading program in inner city schools, 15672
construction & validation of learning hierarchy of basic task mastery, 7th–8th graders, West Germany, 5010
crystallized vs fluid intelligence in computer-managed mastery learning, Navy personnel who graduated vs failed tasks, 18470
mathematical model of mastery learning, science academic achievement prediction, college students in astronomy course, implications for instructional methods, 23009
student team learning &/vs mastery learning, mathematics achievement, 5th graders, 18487
training & implementation of mastery learning method, self perception of classroom effectiveness, teachers, 18433
Mastery Tests [See Criterion Referenced Tests]
Masticatory Muscles
muscular tension in right vs left masseter & orbicularis oris & hostility, 20–30 yr old right handed females, 8453
Masturbation
EEG during masturbation & ejaculation, 20–24 yr old males, 29273
group treatment with rational-emotive therapy & masturbation exercises & social skills training, males with sexual dysfunctions, 17715
knowledge & attitudes & practices with reference to their 3–11 yr old children's masturbation, parents, 24297
need for definition of auto-eroticism & narcissism prior to definition of perversion, 4029
primal scene experience, development of voyeuristic tendencies & self stimulation habit, 26 yr old male, 4033
recall of past sex act & masturbation & associated guilt & free sex & guided sex fantasy, sexual arousal & affect, college students, 3628
self generated masturbatory fantasy vs sexually vivid vs nonerotic stories, sexual arousal, male college students, 24418
sex differences & sex guilt & authoritarianism, affective responses & sexual arousal to heterosexual & masturbation slides, college students, 3633
single-session masturbation seminar, beliefs & guilt & behavior with regard to masturbation, male biology program students at all-male Catholic high school, 10356
social & religious history of hostility toward masturbation in Western culture, 17170
successive masturbation & orgasm, measurement of blood flow & oxygen levels during fantasy vs orgasm vs relaxation, 23–46 yr old females, 19356
theory of origins of autoeroticism by J. Laplanche, 11837
Mate Swapping [See Extramarital Intercourse]
Materialism
materialist philosophy, death & dying & gap between spirit & matter, 26105
validity & reliability of envy & possessiveness & nongenerosity scales & sentence completion task, measurement of materialism, 13–92 yr olds, 10785
Maternal Behavior (Animal) [See Animal Maternal Behavior]
Maternal Behavior (Human) [See Mother Child Relations]
Mates (Humans) [See Spouses]
Mathematical Ability
ability to make strategy transformations in simple arithmetic tasks, learning disabled adolescents, 2545
ability to transcribe quantities from Roman to Arabic numerals & reverse, 41 yr old aphasic male with agrammatism in comprehension & production, 1546
accuracy of teachers' rating of academic ability in mathematics or English, 2nd graders & their teachers, 7755
attitude toward science & spatial & mathematical ability & scientific personality, science grades, 8th graders, 2420
calendar calculating methods, 14 yr old male retarded idiot savant, 12141
characteristics & assessment of mathematical giftedness, elementary school children, 28526
computerized adaptive testing procedure using microcomputer, measurement of mathematical skills, entry-level deaf college students, 25908
computerized vs paper-&-pencil version of arithmetic reasoning test & ability, mean test scores, 18–25 yr old military recruits, 28977
conceptual knowledge vs use of informal arithmetic procedure, children, comment on P. Cobb's theory, 6038
failure to memorize basic number combinations as risk factor for lack of numerical competence, children with reading disabilities vs attention deficit disorder, 20075
high mathematical creativity, 11–12 yr olds, incidental finding of similar performance by male identical twins, 26829
imagination & spatial ability & short term & visual recognition memory on visual vs verbal tasks, mathematically vs artistically gifted 12–14 yr olds, 26830
indigenous number system, arithmetical problem solving in Western school setting, Olsapmin 2nd vs 4th vs 6th graders vs nonschooled adolescents, Papua New Guinea, 15762
individual & group instruction using manipulative aids, strategies in identification of order & equivalence of rational numbers, 4th graders, 7586
latent trait item analysis of test of arithmetic skills, 3rd & 4th graders, 4975
logical vs memory vs semantic factors, verbal arithmetic problem solving, nonretarded 4th graders vs mildly retarded adolescents, 14750
mathematical & verbal skills, computer aptitude, 12–14 yr old male vs female 8th graders, 28480
mathematical cognition & process of making proofs, students, 4842
mathematical creativity & personality factors, 7th–8th graders from convent vs rural vs Sarswati Shishu Mandir schools, India, 24100
mathematical skills, performance on computational estimation tasks, male vs female 8th graders, 10420
mathematics strategies, solving object problems vs sums, 6.4–7.1 yr olds, 14139
meaning/automaticity vs failure to synthesize appropriate frames of conceptual structures vs meta-analysis of actions, difficulty in calculus, 16 yr old female, 28473
metacognition & cognitive monitoring & mathematical performance, 5455
model of cognitive mechanisms for number processing & calculation, patterns of number processing & calculation impairments, brain damaged patients, 6824
parents' educational background & early learning experiences & public school placement, brother & sister gifted with mathematical reasoning ability, 28559
perceptions of ideal mathematics student vs self as mathematics student, male vs female 9th–10th grade geometry students, 18536
preconceptions & confusion of conceptual terminology, problems in learning mathematics, educationally subnormal or mentally retarded adolescents, 20778
response time & developmental trend in errors on multiplication problems, 2nd–5th graders vs college vs graduate students, 16912
rote counting ability, males vs females entering 1st grade, 7625
social & psychological family environment dimensions, deaf 10–12 yr old students with high vs low performance in reading comprehension & mathematics concepts & computation, 15818
spatial & verbal & mathematical ability & feminist & mathematics attitudes, prediction of achievement in statistics course, male vs female graduate students, 25905

spatial & verbal & mathematical ability assessed by microcomputer games, male vs female adolescents, 19625
spatial visualization ability, mathematical problem solving, 6th–8th graders, 7630
standardized psychoeducational tests in screening program, prediction of reading & math ability-achievement score discrepancies on WISC-R vs Peabody Individual Achievement Test, 1st–5th graders, 15895
theory of sex-linked gene, sex differences on mathematical aptitude test scores, junior high school students, 23022
verbalization of subtraction & effort attributional feedback, self efficacy & mathematics skill performance, 11.2–16.2 yr olds classified as learning disabled in mathematics, 25871
water-jar problems presented in tense vs relaxed social atmosphere with vs without timing of responses, application of Einstellung vs direct method & reasons given for responses, male vs female college students, 3027
Woodcock-Johnson Psycho-Educational Battery Oral Language/Verbal Ability vs Broad Reasoning/Reasoning clusters, learning disabled 2nd–5th graders with different mathematics &/vs reading abilities, 15820

Mathematical Modeling

adaptive pattern recognition with random costs, application to decision trees, 28895
algebraic method, identification of structurally weak ties in sociometric data, 5371
algorithm for deduction of relationships that form regular configurations, 2956
application of catastrophe theory, clinical psychology, literature review, 14564
biased estimation in power law, 16199
bivariate path model, familial resemblance for reading ability & symbol processing speed, families with reading disabled child, 5659
characterization of real relational structures of scale type, 16191
COMESCAL program, axiom testing & scale values for conjoint measurement data, 13350
comparison of models for strategic planning & risk analysis & management in business, 31443
comparison of 7 mathematical models & value & uncertainty as weighting factors in impression formation, college students, 14474
computer simulation & formal analysis of competitive learning, 8023
constrained optimization theory of choice in concurrent schedules of reinforcement, 13696
coverage of literature on mathematical modeling & computer simulation in "Psychometrika" during past 50 yrs, 18908
criterion-setting theory & features of category scaling, model for absolute judgment, 21043
critique of mathematical modeling of social issues, reduction of working hours, 2938
decision rules' compatibility with vs dependence on expected utility maximizing theory, behavior, 16203
development & validation of 2-stage mathematical model, prediction of multiple task decision making for human-computer communication, computer operators, 16201
development of direct graph & cluster analysis & hypothesis testing framework, analysis of psychological associations in complex systems for decision making purposes, 16213
development of mathematical model of holographically prepared grating in cylindrical surface in near normal incidence in divergent beams of light, implications for astigmatism, 30462
effects of sampling error & model characteristics, evaluation of normalized residual index vs root mean square residual measurements of goodness-of-fit, marketing applications, 8120
empirical relative operating characteristics in discrimination & diagnostic tasks from experimental psychology & practical fields, measurement of human performance, 16226
estimated parameter variance-covariance matrix, determination of experimental design for averaging model parameters in information integration theory, 5376
extension of Heiderian balance theory for quantified data, triads of peers, 11739
factor vs simplex structural equation models, stop-distance procedure for measurement of personal space, 10865
fit of theoretical models to alphabetical confusion data, comments on R. D. Luce's similarity measures, 23505
fits of R. D. Luce's Gaussian multidimensional scaling/choice model vs L. L. Thurstone's model of category judgment to D. E. Kornbrot's unidimensional absolute identification data, 13634
fuzzy cognitive maps for representation of causal reasoning, 26272
geometric & topological categories, analysis of CNS structure & function & perceptual & cognitive systems as fibrations, 5362
geometric counterpart to Tversky's set theoretic model of similarity, 2947
geometric ways to compute retinal disparity, 16195
graphic interactive structural modeling option as visual problem-structuring & knowledge-organization technique, complex unstructured decision making, 31548
history of psychometric theory & structured modeling & data analysis published in "Psychometrika" during past 50 yrs, 18907
internal vs external vs successive unfolding in preference model construction, college students, 2939
judgments of degree & direction of salary or test biases with different models of bias, faculty & graduate students, 20828
latent structure analysis, paired associate learning, conference presentation, 2948
Linear Structural Relations programs, causal modeling analyses used in leisure research, criticism of analysis by U. S. Tate & R. S. Trafton & H. E. Tinsley, 10859
mathematical description of visual world, 16262
mathematical logic underlying principal components analysis, event-related potentials, 19327
mathematical model & value vs net value priority hypotheses, description/prediction of consumer budget plans, 26061
mathematical model dealing with neurobehavioral assessment, assessment of development, preterm 25–35 wk olds, longitudinal studies, 77
mathematical model developed by S. R. Johnson, measurement of relative stability of farm tractor, 7891
mathematical model for approximation of acoustic dissonance or roughness in interaction of 2 or more simultaneously sounded complex tones, 26773
mathematical model for cross sectional development of psychometrical intelligence, 8–65 yr olds, implications for age norms & scoring on intelligence tests, 10766
mathematical model of genetic evolution of social behavior based on personal & inclusive fitness, 29244
mathematical model of human performance, decision making, computer vs college students, 16220
mathematical model of immediate recall of word lists of different lengths, college students, 29151
mathematical model of mastery learning, science academic achievement prediction, college students in astronomy course, implications for instructional methods, 23009
mathematical model of stochastic relations in social networks, structure of nominations of esteemed peers, mathematicians, 1130
mathematical model of vision through refraction of multifrequential rays, 29051
mathematical model, optimal patch residence time & copulation duration & rate of egg fertilization, dungflies, 23759
mathematical quantitative analysis of sociocultural factors contributing to delinquency, Spain, 1954–75, 7986
methods for estimation of impact of expected demographic & socioeconomic shifts, product demand, US, 8131
model of external constraints & social interactions & non-binary relations, 5373
model of response-reinforcer contingency, male rats, 5571
modeling chance-adjusted disagreement between raters, 189
modeling of social network processes using constrained flow representations, martial arts club, 2-yr longitudinal study, 5375
Monte Carlo studies & random models & testing of norms & similarity, replication of study by D. Leutner & I. Borg, 19009
Monte Carlo studies & random models & testing of norms & similarity, reply to replication of U. Droge & W. Bien, 19002
multiple indicators multiple causes structural equation model, assessment of new drug therapy in terms of improved life quality, psoriasis patients, implications for cost effectiveness studies, 30748

multiple period & mixed integer programing model, selection of optimal overseas manufacturing location for after-tax profit, 8006
multiplicative vs additive expectancy-valence models, explanation of motivational force decisions, college students, 2556
nearest neighbor analysis of data sets & geometric models, implications for theory & methodology, 13502
necessary conditions for reaction time to increase logarithmically with number of choices, college students, exploration of Hick's law, 10901
neural network model of multistable perception, 23553
operationally oriented axiomatic foundation & mathematical framework for decision making theory, 16192
Pascal program, quantitative structural indices of mathematical model of group or organizational structures, 5223
patterns of misperception of exponential growth, criticism of analysis of G. Keren, 2981
patterns of misperception of exponential growth, reply to criticism of G. V. Jones, 2964
quantitative-experiential analysis, emotions, 18–41 yr old college students, 3067
reconsideration of 2-person inequity & personal judgment, reply to criticism by N. H. Anderson, 11736
recursive messages in communication theory & mathematical recursivity, implications for use in psychotherapy, 19519
regression models, description of maze learning, humans, 294
reward & coercion, expert & referent & legitimate power sources in marketing channel, dealers selling heavy industrial equipment, 18794
scale type classification of concatenation measurement structures, 16211
shared responsibility, quality of multiattribute judgments, college students, 9120
statistical interaction of constructs of cerebral specialization & integration in analysis of blood flow & metabolism, 496
statistical model with parameters estimated by least squares approach, 1st-order Markov transition probabilities for multibrand market, 23514
strict proportional power in voting bodies, model of randomized decision rule, implications for political processes, 29878
structural models for perfect circumplex & quasicircumplex, 19005
teleological vs quantum collapse model of psi, 2755
theoretical representation of knowledge states concerning body of information, 10646
tripartite structural analysis & mathematical modeling, implications for social systems, 5358
waiting conditions, psychological stress & anxiety, application of mathematical model, 18790

Mathematical Psychology
mathematical concepts of & structures in geometric psychology, anatomical & neurophysiological & Gestalt properties of visual form perception, 29045
mathematical proofs of importance of approval voting, 2953

Mathematicians
interaction group on algebra in elementary school, teaching methods & curriculum, teachers & mathematicians & psychologists & mathematics education specialists, 28382

Mathematics [See Also Statistics]
algebraic vs statistical vs optimization version of additive constant problem of multidimensional scaling, 175
analysis of operations of transformation in elementary algebra, school children, 7648
arithmetic task difficulty & performance level, parietal alpha asymmetry assessed by EEG, right handed adults, 8441
cognitive variables & previous mathematical ability, prediction of algebra achievement, high ability 8th graders, 7631
construct validity & factor structure of Mathematics Attitudes Scale, college students, 10526
EPs during processing & writing of results of language & arithmetic tasks, left vs right handers, 5687
imagination & mathematics & informal reasoning, 8225
intelligence & creativity, responses to inventory of mechanical & computational interests, 15–19 yr old male vs female students, India, 3436
interaction group on algebra in elementary school, teaching methods & curriculum, teachers & mathematicians & psychologists & mathematics education specialists, 28382
interruption vs no interruption during arithmetic task, recognition memory of arithmetic problems, college students, support for stop-signal procedure for detection of inhibited thoughts, 29140
partial model of abstraction in mathematics & science thought, 16286
relationship of psychology & mathematics, 10692
sex differences, self efficacy for mathematics & science careers, disadvantaged 16–24 yr olds in precollege program, 31205
unpleasant noises, cognitive performance on arithmetic test, 19107
use of analagous solutions, solution of algebra word problems, college algebra students, 2437

Mathematics (Concepts) [See Also Algorithms, Number Systems, Numbers (Numerals)]
action vs symbol manipulation vs thought, mathematical activity, 26340
addition vs subtraction arithmetic word problem solving strategies & effects of carrying & borrowing, 3rd graders, 2443
child-generated or invented methods, development of arithmetic knowledge, comments on papers by A. J. Baroody & T. P. Carpenter & J. M. Moser & K. Fuson, 8712
cognitive flexibility & reasoning processes, performance on rational order & equivalence tasks, 4th graders, 10419
cognitive mechanisms & application of quantitative concept of rational number, performance on timed sum construction task, 4th & 5th graders, 10402
cognitive processing capacity, verbal problem solving, 3rd graders, 28487
computer-based arithmetic skill reinforcement programs, acquisition of mathematical concepts, 4th graders, 10325
conceptual knowledge vs use of informal arithmetic procedure, children, comment on P. Cobb's theory, 6038
congruence of mathematics domain validated psychometrically & instructionally, college students, 18414
declarative & procedural knowledge, solving simple vs complex addition problems, 1st vs 4th vs 7th vs 10th graders, 825
development of length & number conservation concepts, comprehension of linear measurement & its components, 63–78 mo olds, 29653
development of quantification of inverse proportionality beyond initial qualitative relation, acquisition of concepts related to proportionality, 11 yr olds, 8728
development of understanding of concept of number zero, 3–7 yr olds, 21739
educational program, profit concepts, 3rd graders, Italy, 22927
equal additions method with demonstration modeling techniques, mathematical subtraction skills, learning disabled 3rd–5th graders, 15869
errors on percentage calculation tasks, 7th & 8th grade students in general education vs technical-scientific college preparation vs humanistic college preparation curriculums, West Germany, 31235
expanded ability-based vs missed classroom practice, retention of multiplication facts & spelling lists, 3rd graders, 7610
factorial validity of Aiken-Dreger Mathematics Attitude Scale, 8th–10th graders from urban schools serving minority students, 25883
influence of instruction, use of spontaneously derived facts strategies, 2nd graders, 28458
meaning/automaticity vs failure to synthesize appropriate frames of conceptual structures vs meta-analysis of actions, difficulty in calculus, 16 yr old female, 28473
mental representation & model of optimal addition & subtraction word problem solving process, 1st graders, 4879
misconceptions in geometric problem solving, female vs male high school vs college students, 20727
natural counting vs learned algorithm computation procedures, addition & subtraction exercises, 7–13 yr olds, Brazil, implications for teaching methods, 10323
number of persons being taped & degree of intervention & nature & degrees of freedom in instructions & intervention & comfort in environment & task variables, generation of verbal reports, college students, 28488

preconceptions & confusion of conceptual terminology, problems in learning mathematics, educationally subnormal or mentally retarded adolescents, 20778
presentation of simple objects & instructions to represent "how many" vs "what", representation of numerosity using materials vs drawing & writing, 5–6.8 yr olds, England, 14150
repeated addition & partitive & quotative models, solving verbal multiplication & division problems, 5th vs 7th vs 9th graders, Italy, 10336
review of J. Piaget's interpretation of development of logico-mathematical operations, children, 11424
rules & procedures in retrieval of basic number combinations in simple arithmetic, children & adults, criticism of article by A. J. Baroody, 8692
short term memory processes, maintaining location during counting, college students, 8240
single-digit addition & multiplication problems, automaticity & autonomy of mathematical processes, college students, 21167
skill development, arithmetic story problem solving, 5–8 yr olds, 14183
spatial thinking operation types, determination of relative location of figures in space vs relationship between elements of single figure, college students, 5462
structure of early number concepts based on numbers 1–5 vs 1–10, 5.1–6.4 yr olds, Japan, 21741
Touch Math program as supplement or remedial education, teaching addition & subtraction & multiplication & division skills, grades kindergarten through 4 & grades 2–12, 23054
understanding of set theory in mathematics, 6–11 yr olds, 8768
views of learning & representation & recall of number combinations, children, research & educational implications, 8694
water-jar problems presented in tense vs relaxed social atmosphere with vs without timing of responses, application of Einstellung vs direct method & reasons given for responses, male vs female college students, 3027

Mathematics Achievement

ability to make strategy transformations, mathematics performance, learning disabled male 13 yr olds, 10505
arithmetic vs modern mathematics curriculum, 3rd graders, Switzerland, 2372
attendance at public vs parochial kindergarten program, English & reading & mathematics achievement, 6–7 yr old parochial 1st graders, 28409
checklist of factors associated with low attainment in mathematics, male vs female 9–10 yr olds, 28479
class integration, mathematics achievement, hearing impaired high school students, 4948
cognitive mechanisms & application of quantitative concept of rational number, performance on timed sum construction task, 4th & 5th graders, 10402
cognitive strategy training, verbal math problem solving performance, 15–18 yr olds with learning disabilities, 13095
cognitive variables & previous mathematical ability, prediction of algebra achievement, high ability 8th graders, 7631
computer assisted instruction, mathematical achievement & self concept & perception of quality of school life, disadvantaged 3rd–5th graders, Israel, 25782
computer-video instruction, mathematics skills & achievement, 9th graders, 7595
convergent validity of Multidimensional-Multiattributional Causality Scale with Mathematics Attribution Scale, assessment of relationship of effort & ability to school success & failure, 14–18.1 yr old talented high school students, 7769
degree of lesson structure in mathematics, comprehension of material & perception of lesson effectiveness, high school students, 2408
effect of attribution retraining on arithmetic helplessness, effect of success-failure schedules on Ss' attributions & persistence, 9–15 yr old male special education students, 10482
effective teaching & student participation in classroom activities, mathematics achievement, female vs male 4th graders, 23018
excusing students from regular classroom activities for instrumental music study, reading & language & mathematics achievement, 6th graders, 18523
expanded ability-based vs missed classroom practice, retention of multiplication facts & spelling lists, 3rd graders, 7610
family & psychological & demographic variables, reading & math achievement, deaf 8–15 yr olds in residential state school, 15852
family behaviors & interaction, reading & mathematics achievement, hearing impaired 10–12 yr olds, 1524
individual & group instruction using manipulative aids, strategies in identification of order & equivalence of rational numbers, 4th graders, 7586
individualized vs traditional computer assisted individualized vs traditional math instruction, math achievement & anxiety & locus of control, disadvantaged 3rd graders, Israel, 28444
locus of control of computer assisted instruction strategies, accuracy & efficiency of mathematics rule & application learning, low- and below-average-achieving 7th graders, 15655
mathematical skills, performance on computational estimation tasks, male vs female 8th graders, 10420
mathematics & engineering & science achievement program, academic achievement & college enrollment in mathematics-science courses, minority high school students during & after program participation, 4832
meaning/automaticity vs failure to synthesize appropriate frames of conceptual structures vs meta-analysis of actions, difficulty in calculus, 16 yr old female, 28473
method of teaching comparison of metric measurements, problem solving abilities, male 9th–10th graders in vocational high school, 15656
modeling vs self instructional practice in mathematics with vs without attributional feedback & role of self efficacy, mathematics achievement, 6th graders, Australia, 31207
modeling with vs without participation, self efficacy & mathematics achievement, learning disabled 6.3–8.6 yr old students, 13098
prediction of academic achievement in math & reading by use of cognitive tasks & material & teacher ratings, male vs female students tested prior to kindergarten & at grades 1–10, 28491
predictive validity of correlates of reading & spelling & mathematical learning disabilities, kindergartners, 1-yr followup, 15769
puberty as group therapeutic technique, social behavior skills & school attendance & suspensions & language arts & mathematics achievement, educably handicapped or learning disabled middle school students, 25933
reading & mathematics achievement & personal & social & educational adjustments, physically disabled students in regular elementary school, 23023
reading & mathematics achievement tests, prediction of teacher ratings of student grade level & selection of appropriate tests, behaviorally disturbed children & adolescents attending special school, 28584
reading ability, solving of story problems in pictorial format vs matching problems in verbal vs telegraphic format, 3rd–7th graders, 7644
reciprocal peer management procedures & group reinforcement contingencies, arithmetic proficiency, underachieving 5th & 6th graders, 28464
reciprocal peer tutoring & group reinforcement contingencies, arithmetic performance, underachieving 5th graders, 12-wk followup, 23019
reliability & validity of assessment of perceived self efficacy & its relation to mathematics task performance & mathematics self concept, 9–10 yr olds, 28628
SAT mathematics scores & 4-yr average college GPA in mathematics, college students, 4883
self instruction, learning subtraction, educable mentally retarded 11.1–13.6 yr olds with arithmetic deficits, 25878
self perceptions of competence & performance expectations for mathematics vs spelling & attributions for success & failure, male vs female 5th & 6th graders, 2476
sex & success vs failure condition & task difficulty, self efficacy & interest in math task, college students, 22998
sex, computer attitudes & aptitude & mathematics aptitude & anxiety & scholastic achievement & computer involvement, college students, 2454
sex, mathematics achievement, 12th graders, 7629
sex of child & maternal beliefs about achievement & mathematics achievement, 7th graders & their mothers, 25816
simplified version of LOGO, understanding of number & shape concepts & problem solving concentration & cooperation, disadvantaged male vs female 6 yr olds, Scotland, 15666

social comparison vs individual oriented teacher comments, academic achievement & motivation & school related personality factors, 6th–10th graders, 13009
social learning theory vs mathematics aptitude-anxiety model, mathematics final examination performance, college students, 10558
student team learning &/vs mastery learning, mathematics achievement, 5th graders, 18487
summer programing course, mathematical problem solving & comprehension of mathematics concepts & programing, mathematically gifted 6th–10th graders, 31283
traditional instructional methods & Piagetian theory, arithmetic & reading & writing & constructivism, primary school students, conference presentation, 20684
training in test taking, internal consistency & predictive validity of mathematics achievement test, Hispanic community college students, 7764
treated vs untreated visual defects, intelligence & reading & mathematics & athletic ability, 10 yr olds, 12284
use of repeated rate-of-response measures, identification of students having difficulty in arithmetic, 1st graders, 28641
vague & low inference teacher presentation & lesson structure, mathematics achievement, high school algebra students, 10381
verbalization of subtraction & effort attributional feedback, self efficacy & mathematics skill performance, 11.2–16.2 yr olds classified as learning disabled in mathematics, 25871
whole class vs ability grouped vs individualized instruction, mathematics achievement, 3rd–6th graders, 22982
1-parent vs 2-parent families & parental educational attainment, mathematics achievement & word knowledge, 13 & 18 yr old junior high & high school students, 25821
2 yrs of tutoring, mathematics & reading achievement, disadvantaged 3rd & 6th graders, 22944

Mathematics Anxiety

individualized vs traditional computer assisted individualized vs traditional math instruction, math achievement & anxiety & locus of control, disadvantaged 3rd graders, Israel, 28444
neurolinguistic programing technique called anchoring, mathematics anxiety, learning disabled male 6th grader, 13115
parental communication & attitudes, predisposition to math anxiety, children, 21758
sex, computer attitudes & aptitude & mathematics aptitude & anxiety & scholastic achievement & computer involvement, college students, 2454
social learning theory vs mathematics aptitude-anxiety model, mathematics final examination performance, college students, 10558
think-aloud vs thought-listing cognitive assessment methods, cognitive content variables & problem solving & anxiety, highly math anxious college students, 4904

Mathematics Education

ability to make strategy transformations, mathematics performance, learning disabled male 13 yr olds, 10505
analysis of erroneous algorithms in learned signed number subtraction problems, 8th graders, implications for design of instructional materials & teaching methods, 10387
analysis of operations of transformation in elementary algebra, school children, 7648
arithmetic vs modern mathematics curriculum, 3rd graders, Switzerland, 2372
attitudes toward problem solving, 25 yr old beginning mathematics teacher, 28380
aural & reading & responding & oral & writing techniques in self-voice method, mathematics education, 14.3–18 yr old dyslexic male students, 23078
change in language & mathematics teachers during school year, referral to special education, elementary school students, Denmark, 4950
cognitive flexibility & reasoning processes, performance on rational order & equivalence tasks, 4th graders, 10419
computer assisted instruction, basic academic skills in reading & math, educable mentally retarded & learning disabled & emotionally impaired & culturally different elementary aged children, 15871
computer-based arithmetic skill reinforcement programs, acquisition of mathematical concepts, 4th graders, 10325
computer software for informal assessment of learning disabilities in mathematics & science & reading comprehension & word processing & cognitive processes, 28610
computer-video instruction, mathematics skills & achievement, 9th graders, 7595
concept of effective speaker & use of requests & responses, elementary student peer-directed mathematics group, 2480
concerns of utility & inherent qualities & problem solving in mathematics curriculum, 1940s & 1960s, 31215
concurrent vs sequential instruction method, solving verbal math problems, 3rd graders, 10349
congruence of mathematics domain validated psychometrically & instructionally, college students, 18414
construction of mathematical formula, analysis & solution of real life problem, 5th grade students, 28439
context & relationships, mathematics learning, learning disabled adolescents, 2509
degree of lesson structure in mathematics, comprehension of material & perception of lesson effectiveness, high school students, 2408
directed approach to teaching mathematics, reading & mathematics skills, elementary school students, 15628
equal additions method with demonstration modeling techniques, mathematical subtraction skills, learning disabled 3rd–5th graders, 15869
Hewlett-Packard HP-41CV hand-held computer, mastery of mathematics part of 45G10 training course, fire control systems repairers, 28685
high ability as assessed by college entrance exams & strong academic background, differential performance & perception of performance in introductory chemistry & mathematics courses, male vs female college students, 31223
immersion vs regular mathematics programs using LISREL model with structured means, 4th–6th graders, conference presentation, 2369
in service program to improve student mathematics ability & decrease fears of teaching mathematics, elementary school teachers, 28381
incorporation of educational TV into curriculum in teaching language & mathematics & topic work, children to 7 yrs old, 12943
individual & group instruction using manipulative aids, strategies in identification of order & equivalence of rational numbers, 4th graders, 7586
individualized vs traditional computer assisted individualized vs traditional math instruction, math achievement & anxiety & locus of control, disadvantaged 3rd graders, Israel, 28444
influence of instruction, use of spontaneously derived facts strategies, 2nd graders, 28458
interaction group on algebra in elementary school, teaching methods & curriculum, teachers & mathematicians & psychologists & mathematics education specialists, 28382
language-learning method, mathematics education, elementary school students, 15676
Lawson's formal reasoning test, prediction of achievement in science vs mathematics, male vs female 9th & 10th graders, Israel vs US, 2431
lesson structure & subject matter in teaching models, elementary mathematics education novice vs expert teachers, 20689
locus of control of computer assisted instruction strategies, accuracy & efficiency of mathematics rule & application learning, low- and below-average-achieving 7th graders, 15655
mathematical cognition & process of making proofs, students, 4842
mathematics & engineering & science achievement program, academic achievement & college enrollment in mathematics-science courses, minority high school students during & after program participation, 4832
mathematics curriculum in special education, mildly retarded students, USSR, 7714
mathematics self-study program, generalization to other subjects & academic achievement, students, 2379
measurement of plant growth in mathematics education instruction, elementary school students, 22937
mental representation & model of optimal addition & subtraction word problem solving process, 1st graders, 4879

method of teaching comparison of metric measurements, problem solving abilities, male 9th–10th graders in vocational high school, 15656
microcomputers vs flash cards for mathematics practice & drill, learning of basic mathematics facts, 2nd–4th graders, 7592
modeling vs self instructional practice in mathematics with vs without attributional feedback & role of self efficacy, mathematics achievement, 6th graders, Australia, 31207
natural counting vs learned algorithm computation procedures, addition & subtraction exercises, 7–13 yr olds, Brazil, implications for teaching methods, 10323
number of classroom hours & gain from mathematics instruction & need for special education, 3rd graders, Denmark, 7720
partitioning & development of solutions to items on rational number thinking test, 6th–8th graders, 4886
peer work groups, mathematics & social studies classrooms, 5th graders, 10338
preconceptions & confusion of conceptual terminology, problems in learning mathematics, educationally subnormal or mentally retarded adolescents, 20778
reasoning, avoidance of mathematics, females, implications for mathematics education, 25707
repeated addition & partitive & quotative models, solving verbal multiplication & division problems, 5th vs 7th vs 9th graders, Italy, 10336
self instruction, learning subtraction, educable mentally retarded 11.1–13.6 yr olds with arithmetic deficits, 25878
social learning theory vs mathematics aptitude-anxiety model, mathematics final examination performance, college students, 10558
strategy vs self instructional training, distractible behaviors during performance of mathematics task, 9.7–15.5 yr old students with conduct disorders, 2503
structural analytical model, determination of degree of difficulty of algorithmic problems, implications for sequencing of learning content, 31202
student evaluation of motivational & learning attributes of microcomputer software, mathematics education, female vs male 6th graders, 10370
summer programing course, mathematical problem solving & comprehension of mathematics concepts & programing, mathematically gifted 6th–10th graders, 31283
teacher change, need for special education, 3rd–7th graders in language vs mathematics, Denmark, 7721
Touch Math program as supplement or remedial education, teaching addition & subtraction & multiplication & division skills, grades kindergarten through 4 & grades 2–12, 23054
training in instructional use of microcomputer & use of microcomputers in mathematics & science education, male vs female teachers, 22914
vague & low inference teacher presentation & lesson structure, mathematics achievement, high school algebra students, 10381
verbalization of subtraction & effort attributional feedback, self efficacy & mathematics skill performance, 11.2–16.2 yr olds classified as learning disabled in mathematics, 25871
wording of verbal addition & subtraction problems, problem representations & solutions, 1st & 2nd graders, 2357
Yodai mnemonics, concept learning in mathematics, comments on article by K. L. Higbee & S. Kunihira, 22958
Mating Behavior (Animal) [See Animal Mating Behavior]
Matriculation [See School Enrollment]
Maturation [See Human Development]
Maturity (Emotional) [See Emotional Maturity]
Maturity (Physical) [See Physical Maturity]
Maturity (Vocational) [See Vocational Maturity]
Maxilla [See Jaw]
Maximum Likelihood
conversion of singular matrix to multiple correlation matrix for maximum likelihood factor analysis, 16197
estimations of familial correlations of cognitive ability, American families of European vs Japanese vs Chinese ancestry, 19304
factor analysis of measured variables & dichotomous test items & estimation of factor loadings & maximum likelihood solutions, 19021
intuitive vs maximum likelihood method, estimation of effects of countermeasure on number of traffic accidents at road junctions, 20829
maximum likelihood estimation of polyserial correlations, 19017
maximum likelihood factor analyses of Personality Research Form-E multitrait personality inventory, college students, 18947
mixture probability model, assessment of fit of component models with nonsubsuming parameters, 10851
random coefficient regression model, multilevel analysis of results from contextual analysis or slopes-as-outcomes approaches & least squares or maximum likelihood estimations, 19007
sampling error & model characteristics, parameter estimation for maximum likelihood confirmatory factor analysis, 179
statistical consistency of & hypothesis testing procedures for nonmetric multidimensional scaling, 10856
Maximum Security Facilities
physical & psychiatric health, psychiatric inpatients in regular forensic vs secure care units, 25527
rearrangement of furniture, ward environment & patient behavior change, maximum security hospital patients, 12707
social milieu in regionally based secure psychiatric units, hospital staff & forensic inpatients, England & Wales, 7417
Specific Offender Center, management of acute or chronic psychiatric illness, inmates, 25557
treatment in maximum security hospitals vs other hospitals, type & location of crime & length & type of outpatient treatment & status & occupation, Ss judged unfit to stand trial or not guilty by reason of insanity, 7–9 yr followup, 2090
validity of assertion & conversation role-plays as social skills assessment, male patients in maximum security psychiatric hospital, 30953
Maze Learning
adrenalectomy, maze performance at retention intervals of 24 hrs or less, male rats, 23934
aging & enriched environment, performance in radial maze & recovery function of visual EP, 7–8 vs 30–33 mo old male rats, 29217
arousal, T-maze choice behavior, inbred strains of mice, 19221
asymmetry of movement direction in maze learning, ants, 11090
blocking & overshadowing between intra- & extra-maze cues, maze learning, male rats, 19200
caffeine, spontaneous tunnel maze locomotion without reinforcement, female rats, 19479
caudate-putamen vs posterior cortex lesions, spatial maze learning & overshadowing-potentiation effects, male rats, 13935
chlordiazepoxide & sodium amylobarbitone, partial reinforcement extinction effect in runway & Skinner box, rats, 670
chronic administration of ACTH 4-10 & ACTH 4-9, neuromuscular performance & spontaneous & cold stress motor activity & learning, neonatal rats, conference presentation, 29379
chronic cannabis treatment, learning of maze task & open field behavior & DRL responding, rats, 16807
chronic infusion of nicotine vs oxotremorine into blood, respiratory & heart rates & body temperature & Rotarod performance & maze activity, mice, 3306
delayed alternation vs yoked control, catecholamine microfluorometry of nigral perikarya & tyrosine hydroxylase assay in prefrontal system, male rats, 16406
diet-induced vitamin K deficiency, locomotor activity in circular track & open field & radial arm maze, male rats, 13884
electrolytic vs 5,7-dihydroxytryptamine lesions of nucleus medianus raphe, acquisition of radial maze task, adult male rats, 29367
footshock & reinforcement, nonassociative learning in T-maze, male mice, evaluation of predictions of reinforcement & neophobia-arousal theories, 5787
foraging strategy to avoid recently visited food sites, ability to easily learn radial maze task, gerbils, test of D. S. Olton's hypothesis, 11088
goal-arm confinement as reactivation treatment, delayed alternation, male rats, 23667
ibotenic acid lesions of nucleus basalis magnocellularis vs atropine injection, water maze learning & retention & locomotor activity & feeding behavior, female rats, implications for cholinergic decline in Alzheimer's disease, 26622

ibotenic acid lesions of nucleus basalis magnocellularis, retention of radial arm maze task, male rats, implications for Alzheimer's & Pick's & Parkinson's disease, 19401
interrun interval, serial learning, rats, 13732
learning of unfamiliar computerized maze, retention & reaction time & heart & respiratory rates & phasic changes, human Ss, 6-wk followup, 8451
lesions of nucleus basalis magnocellularis & medial septal area, memory in behavioral & maze discrimination tasks, male rats, 26606
lesions to cerebral cortex vs cingulate cortex vs dorsal hippocampus, discrimination & maze learning performance, 21–22 day old rats, 23930
leu-enkephalin injections, memory of maze response for food reward, male mice, 14015
maternal rearing in enriched vs impoverished vs standard environment & offspring rearing by biological vs foster mother, postnatal maze learning ability, rat offspring, 8288
maze learning & passive avoidance conditioning, open field activity, male mice of albino vs pigmented strains, 3073
methylnaloxonium chloride vs bromide, acquisition of Y-maze shock escape & one way active avoidance, male mice, 26705
naloxone, spatial memory in radial maze, 4–6 vs 24–26 mo old male rats, 29368
neonatal exposure to phenobarbital, performance in 8-arm maze as indicator of hippocampal deficits, infant mice, 11329
neonatally administered morphiceptin vs dextro-ala-dextro-leu-enkephalin, maze learning, male vs female 7 day old rats, 29404
neurochemical activity in hippocampus & cerebral cortex & radial maze performance, young vs old mice, 3145
neurotoxin DSP-4, acquisition & performance of radial arm maze task, male rats, implications for role of brain norepinephrine, 13965
phenotype, motor activity & maze & discrimination learning following thiamine deficiency, mice, 23784
point of delay interpolation & similarity & amount of interpolated material, retroactive interference in 12-arm radial maze, rats, 23664
postnatal exposure to lead acetate, maze learning after rehabilitation period, 21 day old male rats, 13981
postnatal ip injections of lead acetate, radial maze & passive avoidance task performance at 25 vs 90 days old, rats, 19489
primacy & recency effects in memory for episodic spatial events, male rats, 5554
prolonged ethanol exposure vs forebrain lesions, maze learning & active avoidance behavior, male rats, 5740
regression models, description of maze learning, humans, 294
relation between activity level & performance & scopolamine, acquisition & spatial memory of radial maze task, C57BL/6 vs DBA/2 mice, 23657
retroactive interference, spatial working & reference memory of 8-arm radial maze, rats, 13753
role of cerebellum in learning related to exploratory behavior assessed by spontaneous alternation & habituation in T-maze, 2 mo old nervous mutant mice, 26507
scopolamine, working & reference memory assessed by maze performance, male rats, 19421
scopolamine, working vs reference memory in maze, male rats, 16835
spatial memory in radial maze running, pigeons, 5569
stepwise cue restriction, place behavior in radial arm maze, fornix-lesioned rats, 8512
substance P injected into amygdala vs substantia nigra vs medial forebrain bundle vs septum, positive reinforcement in maze learning, rats, 693
time & similarity of intervening event, retroactive interference in maze learning, rats, 13737
unilateral & bilateral cortical spreading depression elicited by cathodal current, radial maze performance, rats, 23908
use of prospective & retrospective information in flexible memory processing in radial maze, rats, 11058
variation in length of retention interval, interference in short term memory, rats, 3075
water-maze task performance, measurement of acquisition of positional discrimination, 18 vs 28 vs 38 day old rats, implications for role of catecholaminergic system, 3074

Maze Pathways
algorithmic response patterning in radical mazes, spatial encoding, rats, 26394
cues, spatial learning in mazes, cats, 13743
delta sleep-inducing peptide-like immunoreactivity in brain regions & thalamic tissue, complex maze behavior, male rats, 26506
food vs water reinforcement, odor based runway performance, food & water deprived male rats, 19195
neurochemical activity in hippocampus & cerebral cortex & radial maze performance, young vs old mice, 3145
photocell decoder linked to microcomputer, automatization of tubular Y-maze for visual & vibrisso-tactile discrimination learning, 13349
time elapsed after initial maze task before electrical hippocampal stimulation at vs below seizure threshold, spatial working memory, male rats, 23910
Mazes [See Also Maze Pathways]
vertical climbing maze, spontaneous alternation, rats, 3079
Mealtimes [See Feeding Practices]
Mean
anchoring & intuitive heuristic, judgment bias of means & standard deviations, college students, 29085
eigenvalue method vs geometric mean procedure, ratio scaling of Monte Carlo simulations for direct estimation & constant sum response methods, 26259
Pascal program for P. A. Games & J. F. Howell's procedure for multiple comparisons among means of groups with unequal variances & sizes, 23511
reporting of standard deviations vs standard error measures to accompany group means, reply to comments by R. M. Hamer, 26258
reporting standard deviations vs standard errors of mean with group data, comments on article by J. J. Bartko, 26269
significance test for use with tables provided by R. S. Barcikowski for analyses based on group means & intraclass correlation coefficient in educational research, 28589
statistical methods for multiple comparisons between group means, analysis of articles published in New England Journal of Medicine, 1978–79, 26268
Meaning [See Also Verbal Meaning]
abilities in expression of explicit & implicit meaning, preschool children, 6091
created vs discovered meaning in life, 17237
depth of meaning in life & literary preference, college students, 735
development of 3 scaled adjective lists congruent with C. E. Osgood's 3 dimensions of meaning, applications to measurement of occupational interests, 28955
dramatic contexts & negotiation of meaning, continuity between learning environments of home & school, children, 25827
image-displacement process & latent meaning of secondary political symbol, 25 yr old female, 19731
meaning training, functional fixedness in problem solving, high school students, 4830
supraindividual material system of wave & corpuscular nature, derivation of meaning from functioning of brain's structures, 16063
Meaningfulness
age & existential situation, feeling of meaning in life & hopelessness, high school & college students vs aged vs handicapped vs former political prisoners, Poland, 24185
age of acquisition & meaningfulness of word, word associations availability, 9th graders, 11410
interrater reliability & development of measurement method, assessment of depth of life's meaningfulness, college students, 8041
subjective monotony & frustration & lack of meaning associated with stimuli & experiences & shifts of interest during tasks, boredom, college students, 8269
Measurement Error [See Error of Measurement]
Measurement [See Also Related Terms]
acoustic & perceptual & physiologic measurements, high- vs low-intelligibility productions of /t/ & /d/, 48–63 yr old male esophageal speakers, 9476
addition of "don't know" answer to Palmore's Facts on Aging quizzes, response accuracy & quiz validity, college students, 8055

Adjective Check List, prediction of effectiveness in leaderless group discussions, middle level managers, 2632
administration & scoring procedures for semi-structured oral examination for professional licensure, psychologists, 15479
age & sex, errors on pseudo-isochromatic tests, 6–16 yr olds with normal vs defective color vision, 17647
alternative classification system, assessment of psychological impact of criminal victimization, 60–87 yr old victims, 1121
alternatives to readability formulas, 15934
ambiguity & questionnaire without questions & response style, college students, Netherlands, 18916
Anna Thompson story & delayed memory test, recent vs delayed recall of culturally relevant material, demented vs nondemented community vs institutionalized elderly Jewish patients, 13435
anxiety & physical attractiveness & level of social skill, unmarried White 18–30 yr old males & female confederates, 21942
application of holistic structured family interview to family research in nursing, 21846
application of item-response model to Beck Depression Inventory, hospitalized medical vs depressed psychiatric patients, 134
assessment & validity of self monitoring construct, 26250
assessment measures used in health psychology research & treatment settings, 5313
assessment of biopsychosocial risk factors, vulnerability to falling, aged, 27676
assessment of norms of Bayley Scales of Infant Development, 12 mo olds, 28935
assessment of parent-child interaction in intervention programs, parents with handicapped infants & toddlers, 30526
assessment of school violence, implications for intervention, 15896
assessment of well-being & social service utilization, aged, 30814
availability of assessment instruments & integration of assessment procedures for elderly clients into counselor education, test publishers & counselor educators, 23406
battery of personality tests, male violent vs nonviolent offenders, 1459
Bayley Scales of Infant Development vs Gesell Development Schedules-Revised, assessment of mental & motor development, male vs female 6–36 mo olds with Down's syndrome, 2860
Beavers-Timberlawn Model of family competence vs Circumplex Model of cohesion & adaptability, families with child under supervision of Virginia Department of Corrections, 15045
Beavers-Timberlawn Model of family competence vs Circumplex Model of cohesion & adaptability & development of self report family inventory, comments on study by R. G. Green et al, 15035
Beavers-Timberlawn Model of family competence vs Circumplex Model of cohesion & adaptability, reply to comments by W. R. Beavers et al, 15046
Beck Depression Inventory, differentiation of generalized anxiety disorders vs major depression & dysthymic disorders, outpatients, 24718
Boston Naming Test, measurement of recognition-cued word-finding ability, 60–85 yr olds, 19616
categorical units & visually measuring facial actions, 28900
causal model of career choice, female college students, 2601
central auditory tests, auditory nerve/brain stem EP measurement & sensitivity to demyelination impairment, 18–64 yr olds with multiple sclerosis, 17625
Children's Interaction Schedule, measurement of interaction skills, children, 2851
chronological vs adjusted age in assessment of motor development, pre- vs full-term 12 mo olds, 16942
combined Schedule of Recent Experiences & Life Experiences Survey, evaluation of current stress level, male & female 21–59 yr old public school teachers, 28999
community-based geriatric assessment, profile of clinical characteristics of patients & prediction of institutionalization, patients with mean age of 75 yrs, conference presentation, 25427
comprehensive assessment of physical ability & functioning & psychosocial adjustment & pain perception, 20–62 yr old chronic low back pain patients, 26182
Comprehensive Occupational Data Analysis REXALL program, evaluation of interrater reliability in personnel training, 13180
computer-administered neurobehavioral evaluation system, evaluation of effects environmental agents on CNS function, 20–69 yr old blue collar workers & college staff & faculty, conference presentation, 23360
computer program for matrix differencing, computation of test variance & solving ANOVA designs, application in computer assisted instruction & measurement, 23503
computerized complex experimental learning tasks, assessment of learning & cognitive abilities, applications in neurotoxicity testing in human populations, conference presentation, 23354
computerized tests used by Naval Biodynamics Laboratory, evaluation of cognitive performance, workers employed in unusual environments, conference presentation, 23369
computerized Walter Reed Performance Assessment Battery, examination of effects of state-variables on psychomotor & perceptual & cognitive tasks, conference presentation, 23393
conceptual & methodological problems of negative symptoms of schizophrenia, 17423
conceptualization & measurement of chronic disorders, study of life stress-disorder interaction, 14541
concern for appropriateness scale as moderator of dispositional & environmental variables associated with self reported use of alcohol & marihuana, college students, 2931
concurrent validity of Child Behavior Checklist, 6–11 yr olds referred to child psychiatry outpatient department, 2881
concurrent validity of Vineland Adaptive Behavior Scales-Classroom Edition & Vineland Social Maturity Scales & their mean scores, mentally retarded 7.5–18 yr olds, 26192
confounding measures in conceptualization & measurement of life stress variables, reply to comments by R. S. Lazarus et al, 10765
confounding measures in study of psychological stress & adaptational outcomes, comments on article by B. S. Dohrenwend et al, 10770
construct & discriminant & concurrent validity of test by L. Duss, female vs male 1st–5th graders, 13393
construct reliability & validity of MCCP, parental control behavior, parents, France, 169
construct validity of Principal Expectancy Motivation Scales, measurement of constructs & motivation toward managerial & instructional role & total motivation, school principals, 31347
construct validity of 3 Piagetian tests, logical thinking & reasoning & verbal & spatial abilities & SES & school achievement, female vs male 9–16 yr olds, Finland, 10801
construction & validity of Medical Personnel Stress Scale, emergency room personnel, 137
construction & validity of memory scale, measurement of storage & processing components of immediate & short term memory, 12–68 yr olds, 8069
construction of M Test, measurement of malingering, college students vs schizophrenic patients, 10784
construction of ordinal scale, assessment of alcohol problems following treatment, alcoholics discharged from treatment program, 6-mo followup, 15462
construction of questionnaire to measure organizational development knowledge, organizational development practitioners, 13403
construction of self report performance measure, 21–60 yr old male commercial pilots, 23480
construction of Social Recovery Inventory, alcohol & drug abusing 34 yr old male, 173
construction of state of consciousness interview schedule, assessment of intrapsychic functioning & uniqueness of ethnic identity, Black community mental health council patients, conference presentation, 23415
content & scoring & reliability & validity of Kendrick Battery for Detection of Dementia in Elderly, differentiation between depression & dementia, aged, 5300
content analysis of depression scales, conference presentation, 5306
coping behaviors in prediction of outcome & predictive validity of coping measure, psychiatric patients with nonmelancholic depressive disorders & symptomatic volunteers with self identified depression, 30195
correlations among measures of infant temperament in 1st mo of life, newborns & their 19–33 yr old mothers, 16188
correlations between measures of spatial ability, male vs female college students, 13472

cross validation of instrument for determination of control anxiety, paranoid schizophrenic 23–55 yr olds, 5339
determination of play test age & spontaneous pretend play assessed by M. Lowe & A. Costello's Symbolic Play Test, 5–12 yr olds with autism or mental retardation or language disorders, 24639
development & internal consistency & validity of Job Interview Self-Statement Schedule, assessment of social-evaluative anxiety in job interview, college & graduate students, 28961
development & psychometric properties of test of interpersonal competence for employment, assessment of knowledge of interpersonal skills in employment setting, mildly retarded 14–52 yr olds, 26194
development & reliability & validity of Test of Integrated Process Skills, measurement of science process skill achievement, middle & high school students, 2555
development & validity & reliability of simulated moral dilemmas, measurement of stealing behavior & moral judgment, 7–16 yr olds, 2897
development & validity of Circumplex Model of Marital & Family Systems, assessment of marital & family dynamics, 141
development of action tendency job satisfaction instrument, management seminar attendees & managers & employed college students, 28960
development of comprehensive set of 16 measures of willingness to take risks, top level business executives, 26227
development of Geriatric Psychiatry Knowledge Test, assessment of knowledge of geriatric psychiatry, aged, 23477
development of objective measure of personalized power for prediction of alcoholism, medical outpatients & alcoholics, 16137
development of quickly scored in-basket exercise, prediction of 1st-level supervisory performance, 23–64 yr old 1st-line supervisors, 28956
development of reflex modification test, assessment of sensory processing & reflex behaviors following toxic exposure, humans & animals, conference presentation, 5310
development of revised Family Stress Checklist, determination of risk factors associated with child abuse or neglect & appropriate intervention services, pregnant females & their partners, 24794
development of self report questionnaire, measurement of distress & assertive behavior in interpersonal relations, phobic outpatients, 28928
development of test battery measuring respiration & startle response & Y-maze activity & heart rate & body temperature, assessment of nicotine effects, 4 inbred strains of mice, 21003
discriminant validity of conceptualizations of job involvement, nurses & university personnel, 117
discriminative & concurrent validity of parent-child version of Areas of Change Questionnaire, assessment of parent-adolescent relationships, families with alcoholic vs depressed father, implications for family therapy, 16143
effectiveness & efficacy & need for future assessment programs & intervention, geriatric patients, 25515
efficacy of Knowledge of Behavioral Principles as Applied to Children instrument, parents after using behavior management techniques with their children, 2855
efficacy of Mini-Mental State & General Health Questionnaire for psychiatric assessment, patients with breast cancer, 13386
efficacy of statistical evaluation of unusual vs actual differences in performance on Vineland Adaptive Behavior Scales, 23140
estimation of Cognitive Assessment Scale total score on Clifton Assessment Procedures for the Elderly when Psychomotor test cannot be administered, 65–98 yr old females with sensory or physical disability, 26230
evaluation & refinement of guidelines for establishing formal environmental assessment in educational institutions, 15578
evaluation of methods of content analysis of alexithymic speech samples, psychoneurotic & psychosomatic patients with ulcerative colitis & Crohn's disease, 1240
evaluation of social support networks, 2862
evaluation of workload estimation techniques, measurement of mediational workload in simulated flight task, male pilots, 18788
factor analytic model approach, investigation of correspondence between test length & validity, 23484
factor structure & analysis of Standard Language Test of Aphasia scale, aphasics, 16151
factor structure of Separation Anxiety Test, college students, New Zealand, 28973
factorial & predictive validity of Carlson Psychological Survey, male adolescent offenders, 2886
factorial validity of Coopersmith Self-Esteem Inventory subscales, discrimination of features of self concept, 6th–8th graders, 23473
factorial validity of job performance appraisal scale for same sample of unskilled female textile workers at 6 mo interval, 2 groups of supervisors, 23411
fatigue & consistency & familiarity/certainty hypothesis, instability over time in response sets of surveys & long psychological instruments, 13342
global vs restricted negative measurement of life change events, anxiety & depression, 19–64 yr olds, replication of study by I. G. Sarason et al, 5301
health center-based therapy intervention program, evaluation & determination of effective treatment modality, children diagnosed as learning disabled or low scholastic achievers, 28091
health status multidimensional functional assessment using self administered vs interview mode, 60–89 yr olds, 30071
incidence & structure & stability & impact of life events, survey respondents aged 64 yrs & older, 18-mo longitudinal study, 8678
influence of W. Klopfer on development of author's logical learning theory, personality assessment, 17267
information processing model, assessment of intellectual performance, learning disabled children, 9467
integration of Affect Balance Scale & Life Satisfaction Index-A, assessment of subjective well-being, elderly respondents, 20979
intercorrelations between WAIS-R Picture Arrangement & Comprehension subtests & measures of social characteristics, validity of WAIS-R subscales as measures of social behavior, college students, 23407
internal consistency of Causal Dimension Scale, measurement of causal attributions of depression, nursing students, 2865
internal consistency of Kansas Marital Satisfaction Scale, female participants in community childbirth education classes, 2916
interview data & J Chart, alcoholism assessment, 18312
Lawson's formal reasoning test, prediction of achievement in science vs mathematics, male vs female 9th & 10th graders, Israel vs US, 2431
learning activity level scale, assessment of factors affecting reading practices & educational use of TV & radio & participation in formal & informal learning activities, male vs female urban Black 60–94 yr olds, 21711
licensure oral examination using work examples supplied by examinee, psychologists, 15500
listing of books & microfiche & reference materials on educational & psychological testing, bibliography, 28632
localized cerebral lesions, scores on Verbal Concept Attainment Test, brain damaged patients, 20120
Manic Diagnostic Severity Scale, diagnosis & state measurement & prediction of lithium treatment response, 23–74 yr old manic vs other psychiatric patients, 6597
marital quality & utility of Ryle's Marital Pattern Test, 40–49 yr old married female psychiatric patients, 13395
mathematical model dealing with neurobehavioral assessment, assessment of development, preterm 25–35 wk olds, longitudinal studies, 77
meaning & measurement of structure of political cognition, 27058
measurement & prediction of career commitment, nurses, 20842
measurement instruments, interpretation of age related behavioral slowing, 28917
measurement of cognition vs affect in job satisfaction measures, 21011
measurement of cognitive styles, bibliography, 14482
measurement of income norms based on psychological & economic approaches, 24262
measurement of interpersonal behavior, 111
measurement of verbal vs spatial memory span & long term memory, brain impaired vs unimpaired medical patients, 1632
measurement paradigm in psychology of religion, comments on article by R. L. Gorsuch, 11585
method for evaluating unanimity of small group, 5269
method for testing correlations between 2 measures derived from small samples, determination of equivalence of WAIS-R & WISC-R scores, deaf adolescents, 23495

methodological considerations in construct measurement, organizational strategy research, 16022
methodological problems in individualized psychotherapy outcome measures of internal change, 17767
methods for assessment of social & emotional behavior, preschool age children, 21670
Mini-Mental State Examination, measure of mild cognitive dysfunction, patients assessed before & after coronary artery bypass surgery, comments on use of test in work by A. M. Freeman, 15261
misdirected vs lost letter technique, measurement of religious prejudice, residents, Northern Ireland, 26149
MMPI vs Mensana Clinic Back Pain Test, prediction of organic pathology, female chronic back pain patients, 26177
modified Landolt C-ring test, measurement of effect of laser filters on visual acuity, soldiers, 13600
Multiple Affect Adjective Checklist, monitoring mood changes following ECT, 60 yr old female with depression, 13422
National Association of Secondary School Principals task force, assessment of learning style, 15910
naturalistic assessment of early intervention programs, mothers & their handicapped 3–24 mo olds, 30522
need for consideration of characteristics of psychometric tests, measurement of impact of gerontological nursing, elderly patients, 10814
needs assessment instrument for career development system, 31488
nonparallelism of measurement in pretests & posttests, measurement of change scores, troubled children & their families, 20981
nonreactive measurement, absenteeism & occupational stress research, 2648
nonverbal test, measurement of intuitive thinking capacity, students, 29088
overview & prospects of Automated Portable Test system, human assessment, conference presentation, 18863
pain research in areas of animal & human experimentation & human physiological correlates & clinical assessment, literature review, 13883
parallel-form reliability of Wechsler Memory Scale, geriatric patients with suspected dementia, 5315
parental collaboration in development of Parental Coping Scale, measurement of ways of coping with birth of chronically disabled child, parents of 2–12 mo olds with vs without Down's syndrome, 23423
pendular chair test, turning sensations & driving ability, airline pilot aspirants, 18698
perceived stress scale, reply to comments by S. Cohen, 26179
perceived stress scale vs hassles scale, reply to comments by R. S. Lazarus et al, 26198
performance on Illinois Test of Psycholinguistic Abilities vs Token Test, 5–6 yr olds, 13418
personal questionnaire measurement of fixity & intensity of delusions, 33 & 39 yr old males with paranoid schizophrenia or schizophreniform psychosis, 6505
personality assessment, discrimination of levels of drunk driving, 17–63 yr old males in alcohol safety action program, 20549
phonation analyzer, measurement of glottal flow & sound pressure level & fundamental frequency, 17–74 yr olds & college students with voice disorders with vs without laryngeal pathology, 8033
pilot study of Family System Test, quantitative 3-dimensional measure of family relationships, families assessed after completion of therapy, 26213
positive reminiscence preceding Geriatric Depression Scale, scores & test-retest & interexaminer reliabilities, nursing home residents, 5291
potential problems in use of Present State Examination in multicultural context, 8045
predictive validity of early visual measures, assessment of subsequent cognitive outcome, preterm infants tested from 6–40 mo & at 6 yrs, 161
predictive validity of Milani-Comparetti Developmental Examination, motor outcome, high- & low-risk 3–6 mo olds, 16117
principle component analysis of Infant Behavior Record of Bayley Scales of Infant Development, 2–30 mo olds, Netherlands, 8800
problems in assessment of marital & dyadic adjustment, discussion of Marital Adjustment Test & Dyadic Adjustment Scale, 16127
problems in conceptualization & definition & measurement of family, implications for family therapy & assessment of treatment outcomes, 27859
problems with standard scores for various levels of Vineland Adaptive Behavior Scales, mentally retarded individuals, 26248
procedures for oral licensing examination using invited examiners, psychologists, Canada, 15483
prognostic validity of premorbid adjustment measures, schizophrenic & psychotic patients, 5-yr followup, 8094
psychodiagnostic interview & Schedule for Affective Disorders, diagnosis of simultaneous panic & depressive disorder, 22–62 yr old patients, 6514
psychological assessment procedures & development of instruments, court-related settings, 27073
psychological tests & biodata & assessment centers, employee selection & training & development, 31423
psychometric assessment of measures of scripts in consumer memory, schematics & aschematics, 5338
psychometric characteristics of Multidimensional Inventory of Interpersonal Aggression in Boys, 12–15 yr old males, 107
psychometric contamination in correlational studies of depression & self esteem, college students, 13384
psychometric evaluation of Health Self Determinism Index, measurement of motivation in health behavior, randomly selected adults, 13406
psychometric measures antenatally vs at 6 wks postpartum, prediction of self rating of depressed mood up to 12 mo postnatally, pregnant females, 19899
psychosocial seizure inventory, assessment of emotional adjustment & adjustment to seizures, patients with epilepsy vs multiple sclerosis, 25000
Q-sort questionnaires vs psychotherapy process measures of transference, patients, 17845
quantitative vs clinical sucking behavior measures, diagnosis of alcohol & smoking effects, neonates, 2921
rapid-assessment instruments, evaluation of social work practice, children & youth, 28945
rating procedure using algebraic vs subjective differences between numbers & corresponding objects, interval-scale measurements for individual Ss, 10778
reliability & construct validity of Maslach Burnout Inventory, assessment of emotional exhaustion & depersonalization & personal accomplishment, advanced & graduate education students, 23468
reliability & normative data for Simple Rathus Assertiveness Schedule, high school & college students & criminals, 8091
reliability & validity & interscorer agreement & psychometric properties of Anomalous Sentences Repetition Test & parallel versions of test, differential diagnosis between organic brain dysfunction & psychotic depression patients, 29006
reliability & validity of assessment of perceived self efficacy & its relation to mathematics task performance & mathematics self concept, 9–10 yr olds, 28628
reliability & validity of Collaborative Practice Scales, assessment of degree of professional collaboration & impact on patient care, 21–39 yr old nurses & 35–49 yr old doctors, 23491
reliability & validity of Hopelessness Scale for Children, 6–13 yr old psychiatric inpatients, 19944
reliability & validity of McMaster Family Assessment Device, assessment of family functioning, family members & employees & psychiatric inpatients, implications for family therapy, 21010
reliability & validity of sociological surveys & self report questionnaires & structured interviews, measurement of intimacy, 5349
reliability of Launey-Slade Hallucination Scale, measurement of disposition toward hallucination, college students, 16123
reliability of scale for assessment of thought/language & communication vs endogenomorphic schizophrenic axial syndrome scale, assessment of language & thought disorders, patients with schizophrenia vs mania, conference presentation, 23447
reliability of self report measures of alcohol consumption, 18–99 yr olds, 18999
rescaling & reliability & validity of grade equivalent units of Degree of Reading Power test, assessment of readability of reading materials for 1st grade through graduate school, 28590

review of normative & reliability & validity & other psychometric data on Career Orientation Placement & Evaluation Survey, assessment of values & relation to vocational motivation, 25927
revision & evaluation of method for assessment of symptoms related to internalization & externalization & somatization, 3–15 yr olds, 8054
revision & internal consistency & intercorrelations & sex role identity correlations of Scales for Investigation of Dual Career Family, 25–45 yr old married females with 1 child under 12 yrs old, 23431
risk for psychiatric illness assessed by & validity of Iowa Discriminant Index, 1st-degree relatives of endogenously vs nonendogenously depressed patients, 24736
role of emotions in etiology & recovery from cancer & influence of intrauterine events on personality, diagnostic implications, conference presentation, 17279
Salamon-Conte Life Satisfaction in the Elderly Scale, assessment of well-being & depression, aged, 5282
scale type classification of concatenation measurement structures, 16211
scale types in measurement of concatenation & conjoint structures, 16110
scaling model for direct estimation of mood change, male college students, 16209
screening using Miller Assessment for Preschoolers, developmental & later school-related problems, 2.8–5.7 yr olds, 16178
Seashore Tonal Memory Test & Halstead-Reitan Neuropsychological Test Battery, discrimination of degree of impairment & right vs left lesions, Ss with focal or diffuse cerebral lesions, 18956
self reports on Center for Epidemiologic Studies Depression Scale vs diagnostic interview results, detection of major depression vs generalized anxiety, mothers of chronically disabled children, 18928
semantic differential scale vs B. Bloom's Taxonomy of Educational Objectives, classification of test questions, junior college faculty members, 28620
sociodemographic characteristics & length & context of interviews, scores on depression scale & responses to attitudinal questions, females who had vs had not undergone mastectomy, 20973
sociological models for measurement of substantive & organizational complexity of work, literature review, 18768
standardization of modified version of Miniature Toys Test, language development in assessment of self related vs detached-from-self play, 18 mo to 4.5 yr olds, 26208
status of psychodiagnostic testing in curriculum of master's level counseling programs, 12854
structured oral examination for professional licensure, psychologists, 15564
task performance as behavioral measure of response to monetary reward reinforcement during depression, 17–59 yr old melancholic patients, 27903
teacher's rating vs observation in natural setting, measurement of popularity & sociability, 31–71 mo olds, 13383
temperament, infant twin pairs assessed as neonates vs at 6 mo, 19689
test-retest reliability of Beck Depression Inventory & significance of life events scores, college students, 19000
test-retest reliability of Freehand Script Maze, therapeutic script awareness in transactional analysis, college students, 5304
test-retest reliability of Schedule of Recent Experiences, 18–60 yr olds in Army active military reserves, 10823
Therapist Verbal Intervention Inventory, measurement of psychotherapy techniques, patients with borderline personality disorder, 142
translation of McGill Pain Questionnaire, healthy 17–53 yr olds, Italy, 18962
Type I errors in calculation of mean & standard deviations among age groups of Vineland Adaptive Behavior Scales, mentally retarded, comments on article by A. B. Silverstein, 26197
utility & validity of modified Gottschalk-Gleser Content Analysis Scales, elicitation of speech samples focusing on hostile relations with family members, separated or divorced vs married females, 19717
utility of error recognition test, assessment of linguistic competence, adults, Wales, 19520
utility of MacAndrew Alcoholism Scale as differential diagnostic tool, male 19–67 yr old alcoholic vs nonalcoholic with neurosis vs personality disorders, 23408
utility of Maslach Burnout Inventory, family practice physicians, 23471
utility of semantic differential technique, measurement of psychological effects of disasters, 2910
validated measures of Type A behavior, prediction of coronary heart disease, literature review, 2908
validation & cross cultural comparison of Facts on Aging Quiz, assessment of factual knowledge on aging, college students, Canada, 8090
validation by factor analysis of quality of life scale, elderly, France vs England, 26218
validity & adaptation of Jenkins Activity Survey & structured interview methods, assessment of coronary prone behavior, adults, East Germany, conference presentation, 8115
validity & reliability & factor structure of Global Assessment of Recent Stress Scale, male 25–65 yr old heavy smokers or diabetics, 5314
validity & reliability of abbreviated version of Family Coping Strategies scale, couples, 16120
validity & reliability of items of Hamilton Rating Scale for Depression, 159
validity & reliability of norms for Sport Psychology Quiz, college students & faculty, 10816
validity & reliability of scale to measure belief in lunar effects, male vs female 17–63 yr olds, implications for construct validity of belief in paranormal phenomena, 28995
validity & reliability of Stages of Concern for Exercise Scale, compliance in work-site exercise program, 17–66 yr old employees, 5311
validity & reliability of use of language in assessment of pain, literature review, 26188
validity & test-retest reliability of Jenkins Activity Survey, assessment of coronary prone behavior, 40–49 yr old males, Czechoslovakia, conference presentation, 8109
validity of auditory response cradle & crib-o-gram techniques, assessment of hearing loss, 1–5 mo olds, 20263
validity of Automatic Thought Questionnaire, measurement of depression-related cognitions, schizophrenic patients vs depressed substance abusers, 21014
validity of Children's Depression Scale & its parent-report version, 12–16 yr olds, 8106
validity of evaluation questionnaire, assessment of interpersonal skills & humanistic qualities, medical residents, 20572
validity of Everyday Spatial Activities Test, assessment of spatial experiences & application to academic aptitude & achievement & vocational behavior, college students, 23123
validity of G. A. Foulds & A. Bedford's Delusions-Symptoms-States Inventory, psychiatric inpatients, 8095
validity of Geriatric Depression Scale vs Dysthymic scale of Millon Clinical Multiaxial Inventory vs Beck Depression Inventory, measurement of depression, male alcoholic patients, 10842
validity of Kendrick Battery for the Detection of Dementia in the Elderly, elderly patients with dementia vs depression, 13432
validity of life events measure, correlation between psychological distress & health & drug use & personality, 15 to 18 yr olds, 24210
validity of modified version of test developed by C. Semenza et al, assessment of selective conceptual deficits, employees of mental health facility vs schizophrenic vs affective disorder patients, 10810
validity of Pain Disability Index, discrimination between high vs minimal level of disability, 22–70 yr olds with chronic low back pain, 18977
validity of psychological tests, clinical assessment of impulsivity as behavior disorder, literature review, 13448
validity of repertory grid measure of integrative complexity, measure of personal constructs used in forming impressions of people, college students, 18935
validity of restraint scale vs eating behavior questionnaire, assessment of dietary restraint, college students, 18994
validity of Symptom Check List-90, assessment of psychosis, male prisoners awaiting trial, Great Britain, 29008

validity of written tests of cognitive ability, measures of personnel selection, law enforcement personnel, 26220
validity of 3 questionnaire tool, prediction of potential "against medical advice" discharges at time of psychiatric admission, adults from inpatient substance abuse ward, 21024
Wechsler Memory Scale performance, hospitalized 66–88 yr old geropsychiatric patients assessed at admission vs discharge, 18975
Wechsler Memory Scale scoring guidelines, improvement of inter-rater reliability, advanced doctoral students & practicing psychologists, followup study, 21019
within-subject correlation & variance measures, assessment of individual differences in faking on self report measures, 28976
Mecamylamine
high dose dextromethamphetamine, forced lever performance & sensitivity to effects of physostigmine & atropine & mecamylamine on cholinergic neurons, rhesus monkeys, 26725
mecamylamine, cortical event-related slow potentials, male rats, 26651
nicotine with vs without mecamylamine vs chlorpromazine, response rate & pattern of schedule-controlled behavior, rats, 702
Mechanical Aptitude
intelligence & creativity, responses to inventory of mechanical & computational interests, 15–19 yr old male vs female students, India, 3436
job experience, proficiency on maintenance tasks, Army automobile mechanics, 2628
Mechanoreceptors
moving air-jet stimulation, neuronal activity in dorsal column's receptive field, rats, 23882
moving air-jet stimulation, response of single guard vs down hair afferent nerve fibers innervating hindlimb hairy skin, anesthetized cats, 23827
vibration exposure of hand, acute impairment of skin mechanoreceptive units, healthy Ss, 23894
vibratory stimuli of varying frequency & duration applied to glabrous vs hairy skin of hand, quality of sensations & detection vs vibration thresholds, 22–34 yr olds, 8148
Media (Communications) [See Communications Media]
Medial Forebrain Bundle
medial vs dorsolateral septal lesions, rate of acquisition of lever-pressing for water established with autoshaping task, male rats, 26617
substance P injected into amygdala vs substantia nigra vs medial forebrain bundle vs septum, positive reinforcement in maze learning, rats, 693
tripelennamine, thresholds for reinforcement of electrical stimulation to medial forebrain bundle, male rats, 16819
unilateral medial forebrain bundle lesion, body weight & food intake & spillage & sensorimotor function, male rats, 5809
Median Nerve [See Spinal Nerves]
Mediated Responses
use of prospective & retrospective information in flexible memory processing in radial maze, rats, 11058
Mediation (Cognitive) [See Cognitive Mediation]
Medical Diagnosis [See Also Angiography, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electroretinography, Galvanic Skin Response, Ophthalmologic Examination, Plethysmography, Pneumoencephalography, Roentgenography, Urinalysis]
abnormalities apparent in dexamethasone suppression test, 18–71 yr old patients with schizo-affective depression, 6535
ACTH & cortisol as indicators of circadian patterns of pituitary-adrenal activity vs dexamethasone suppression test, patients with depression, 19986
acupuncture & tomography, chronic pain, 20–81 yr old patients, 18158
advances in medical diagnosis utilizing measurement of cerebral function & blood flow & metabolism, dementia patients, comments on study by R. J. Mathew et al, 24591
age & liver function & mean corpuscular volume & major depression, cortisol concentrations following dexamethasone suppression test, alcohol dependent patients on psychiatric inpatient unit, 17474
age & medical illness, dexamethasone suppression test, 9–86 yr old depressed general hospital inpatients, 3838
ambulatory monitoring & offline data analysis diagnostic system for narcolepsy, 52 yr old female & 64 yr old male, 10737
analysis of phencyclidine content in hair vs blood vs urine, 18–55 yr old newly hospitalized patients with acute psychiatric illness, implications for diagnosis of phencyclidine intoxication, 1382
antidepressant withdrawal, dexamethasone suppression test, 42–75 yr old patients with major depressive disorder of endogenous subtype, 7165
beta endorphin vs plasma cortisol levels following dexamethasone, 18–78 yr old patients with endogenous depression vs major depressive disorder, 30185
blood trace element analysis as diagnostic technique, learning disabled or mentally retarded children, 24847
brain stem auditory EPs as diagnostic tool, 11 yr old male with lateral rectus palsy due to possible brain stem tumor, 17594
caloric nystagmus test, measurement of vestibular function, 17–50 yr olds, conference presentation, 1525
challenge to history of medical model & diagnosis & treatment of schizophrenia, 30241
changes in mental acuity & fluid status, 60–92 yr olds undergoing barium enema, implications for gerontological nursing, 12640
circadian & ultradian rhythm of cortisol secretion, 18–64 yr old patients with endogenous depression, 3849
clinical competencies & nursing diagnosis, associate vs baccalaureate nursing degree graduating students & faculty aged 19–56 yrs, 22837
clinical considerations in diagnosis of isoniazid-induced pellagra encephalopathy, necropsy cases of 35–72 yr old tuberculous schizophrenic patients, Japan, 20172
clinical diagnosis & classification, premenstrual changes, conference presentation, 27570
cognitive functioning & dexamethasone suppression tests as markers for depressive subtypes, patients with depression vs dysthymia vs schizoaffective disorder, 30221
computer analysis of voiceprints, diagnosis of tardive dyskinesia, psychiatric patients who had been treated with long acting phenothiazines, 6741
computer assisted instruction program in clinical problem solving, family practice preceptorship program, 25689
confused state due to absence status epilepticus following metrizamide myelography, 70 yr old female, case report, 30476
construct validity of dexamethasone suppression test as marker for endogenous depression, patients with primary unipolar major depressive disorder, 30246
convulsive seizures & deterioration of spastic tetraparesis with urinary retention & atrophy of shoulder girdle muscles following metrizamide myelography, 20459
cortisol secretion & dexamethasone suppression tests during sleep, aged with Alzheimer's disease, 17577
CSF acetylcholine & plasma cortisol & growth hormone as potential indicators of cholinergic deficits, diagnosis, 49–80 yr olds with Alzheimer's disease, 30379
cytoplasmic glucocorticoid receptor content in lymphocytes & dexamethasone suppression test, depressed adults, 9250
depression & abnormal dexamethasone suppression test results possibly attributable to tolerance to opioids, detoxified opiate addicts, comments on research of C. A. Dackis et al, 14696
desipramine, patients with primary vs secondary depression vs endogenous vs nonendogenous major depression vs dexamethasone suppression vs nonsuppression, 30713
dexamethasone, cortisol inhibition, 24–56 yr old patients with affective illness vs neurosis &/vs personality disorders, 27374
dexamethasone, levels of plasma corticosterone & cortisol, psychiatric inpatients, 6471
dexamethasone suppression & metyrapone test, integrity of hypothalamic pituitary adrenal axis, patients with major depressive illness with melancholia, 17392
dexamethasone suppression as potential distinguishing factor, 22–40 yr old male schizophrenics, 27290
dexamethasone suppression before & during & after alprazolam treatment, 19–58 yr olds with agoraphobia & panic attacks, 22035
dexamethasone suppression of ACTH, lung cancer patients, 30367
dexamethasone suppression test & all night sleep EEG, REM latency & density, 16–61 yr olds with depression, 22092

dexamethasone suppression test & amitriptyline & phenelzine effectiveness, depression with melancholia, 36–58 yr olds with minor closed head injuries, 20413
dexamethasone suppression test & cortisol, 16–94 yr old inpatients, 17336
dexamethasone suppression test & serum growth hormone & plasma vasopressin & homovanillic acid levels, 18–73 yr old endogenous vs nonendogenous depressive in- & outpatients, 3939
dexamethasone suppression test & therapeutic sleep deprivation, cortisol response, endogenously vs nonendogenously depressed patients, 30170
dexamethasone suppression test & thyrotropin releasing hormone stimulation test, differential diagnosis, 18–92 yr old depressed patients, 14626
dexamethasone suppression test as indicator of treatment outcome, elderly patients who recovered from depression, replication of findings of A. Coppen et al, 30514
dexamethasone suppression test, assessment of depression, children, comments on study by L. K. Petty et al, 14672
dexamethasone suppression test association with energy balance & affective or neurotic disturbance, 17–34 yr old female anorexic in- & outpatients, cross-sectional & longitudinal studies, conference presentation, 24858
dexamethasone suppression test, autistic & mentally retarded 2.5–17.8 yr olds, 11943
dexamethasone suppression test before antidepressant or ECT treatment, prediction of therapeutic outcome, patients with major depressive illness, 4229
dexamethasone suppression test, bulimic females, 9579
dexamethasone suppression test, cortisol levels, 18–64 yr old patients with endogenous depression, 3850
dexamethasone suppression test, delusional vs nondelusional depressed patients, 6475
dexamethasone suppression test, depressive symptoms, demented patients over age 70, 1585
dexamethasone suppression test, detection of unprovoked aggressive/assaultive vs self injurious vs severely withdrawn behavior, mentally retarded 17–63.3 yr olds, 9457
dexamethasone suppression test, diagnosis & prognosis & treatment outcome prediction, psychiatric patients, literature review, 11903
dexamethasone suppression test, diagnosis of agoraphobia as atypical biological depression, 17–83 yr old agoraphobic vs psychiatric vs depressed patients, 1399
dexamethasone suppression test, diagnosis of depression & prediction of rehabilitation outcome, stroke patients with mean age of 68 yrs, 7474
dexamethasone suppression test, diagnosis of depression, illustrative cases of 40 & 30 & 23 yr old female psychiatric inpatients, 1276
dexamethasone suppression test, differential diagnosis of depression & dementia, dementia patients over age 65, 17339
dexamethasone suppression test, differential suppression of adrenal gland function assessed by serum cortisol, depressed inpatients, 30235
dexamethasone suppression test, identification of major vs bipolar depression, inpatients, 3902
dexamethasone suppression test, identification of patients who might respond to tricyclic antidepressants, suicidal 17–69 yr olds, 30265
dexamethasone suppression test in delusional vs nondelusional depression, 65 yr old male & 67 yr old female, preliminary evidence for psychotic & nonpsychotic depression as clinically distinct entities, 11958
dexamethasone suppression test, outpatients with primary affective vs generalized anxiety vs panic disorders, 1252
dexamethasone suppression test, patients with bulimia vs depression, 11880
dexamethasone suppression test, patients with dementia, 22099
dexamethasone suppression test, pituitary-adrenal activity & plasma corticotropin & cortisol concentrations, 21–71 yr old depressed inpatients, 3908
dexamethasone suppression test response, psychiatric patients with depression & psychosis vs schizoaffective psychosis, 30110
dexamethasone suppression test response & cortisol levels, patients with depression vs dementia vs pseudodementia, 22033
dexamethasone suppression test results, analysis of Research Diagnostic Criteria classification guidelines for endogenous depression, patients, 9363
dexamethasone suppression test results, chronic pain patients with vs without depression, 30068
dexamethasone suppression test results, 17–28 yr olds with anorexia nervosa, 9574
dexamethasone suppression test results & diagnosis, hospitalized psychiatric patients, 9273
dexamethasone suppression test results as predictors of response to nomifensine vs amitriptyline, 22–66 yr old depressed inpatients, 7154
dexamethasone suppression test, stroke victims, comments on article by J. R. Lipsey & R. G. Robinson, 22254
dexamethasone suppression test, stroke victims, reply to comments of B. S. Fogel, 22296
dexamethasone suppression test, thyroid stimulating hormone response to thyroid releasing hormone, patients with schizoaffective disorder of depressed vs manic type vs schizophrenia vs endogenous depression, 6594
dexamethasone suppression test vs DSM-III in diagnosis of dysfunctional cognitions, endogenous vs nonendogenous depression, depressed inpatients, 30247
dexamethasone suppression test vs DSM III vs Newcastle scale vs scale by M. Feinberg & B. J. Carroll vs Research Diagnostic Criteria, diagnosis, patients with endogenous depression, 1404
dexamethasone suppression test vs thyrotropin releasing hormone test vs Newcastle II depression rating scale, diagnosis, depressed patients, 14622
dexamethasone suppression test, 21–77 yr old depressed or manic or schizophrenic patients, 1282
dexamethasone suppression test, 22–61 yr olds with agoraphobia & panic attacks, 3827
dexamethasone suppression test, 29 yr old female patient with multiple sclerosis presenting with symptoms of affective disorder, 1561
dexamethasone suppression test, 6–22 yr olds hospitalized in psychopathology unit, 3832
dexamethasone suppression tests during stress vs nonstress conditions, cortisol levels & nonsuppression rates, 18–73 yr old hospitalized patients with schizophrenia vs depression vs psychiatric staff physicians, conference presentation, 30091
dexamethasone suppression, 28–57 yr old recent widows & widowers with acute grief & anxiety, 27370
diagnoses & clinical laboratory data, 23–94 yr old male psychiatric outpatients, conference presentation, 21999
diagnosis & adenoidectomy vs adenotonsillectomy as treatment, obstructive sleep apnea & hypopnea, 2–11 yr olds, conference presentation, 1984
diagnosis & research of fragile-X syndrome, implications for mental retardation in males, 22299
diagnosis of depression, children, 12025
diagnosis of muscular dystrophy, 4.3 & 3.7 yr olds referred for delays in expressive language development, 30418
diagnostic approaches & efforts to find biological markers, Alzheimer's disease, literature review, 25004
diagnostic complexities, psychogeriatric hospital admissions, 60–96 yr old geriatric patients, 22009
diagnostic effectiveness of 34-hr dexamethasone suppression test, 27–66 yr old patients with endogenous depression vs other psychiatric disorders, 19888
diagnostic evaluation, incidence of dementia, elderly outpatients, 1-yr followup, 22289
diagnostic usefulness of nasopharyngeal EEG recordings, 17–75 yr old psychiatric inpatients, 3914
diagnostic utility of dexamethasone suppression test vs cortical suppression index, depressed prepubertal 6–12 yr olds, 9351
diagnostic utility of EEG videotelemetry with clinical variables assessed by multidisciplinary hospital evaluation, hospitalized 1.5–18 yr olds admitted to neuropsychiatric unit, 22284
diagnostic utility of lumbar puncture & CSF analysis, dementia, elderly patients, 14843
diagnostic utility of lumbar puncture & CSF analysis, dementia, hospitalized elderly patients, 14795
diagnostic value of dexamethasone suppression test, psychiatric patients, 9242

diagnostic value of somatosensory EPs assessed through stimulation of peripheral nerves, 9–54 yr olds with multiple sclerosis or epilepsy or cortical atrophies, 24965
differential etiology & diagnostic & therapeutic techniques, epilepsy, 12288
discriminant function analysis, search for biochemical markers of alcoholism, 1452
distribution of medical personnel, rates of legal blindness assessed through labeling theory, 27502
echography, fantasies, maternity ward patients, 9974
EEG, 7 yr olds with suspected minimal brain dysfunction & neuropsychiatric problems, Sweden, 1606
electronic fetal heart monitoring vs intermittent auscultation, experience of labor & delivery, mothers, comments on study by J. Garcia et al, 15250
electronic fetal heart monitoring vs intermittent auscultation, experience of labor & delivery, mothers, 15231
elevated blood acetate as laboratory marker of alcoholism or heavy drinking, 19–74 yr old intoxicated alcoholic vs heavy vs occasional drinkers, 27420
episodic anxiety & accompanying sexual sensations & mild epileptic symptoms & treatment with phenytoin & carbamazepine, 28 yr old right-handed female, comments on letters by O. G. Cameron & L. Grunhaus & Redmond et al, 22327
ethnic background, dexamethasone suppression test results, patients with major depressive disorders, reply to comments of J. R. de la Fuente & J. Sepulveda Amor, 17334
ethnic background, results of dexamethasone suppression test, patients with major depressive disorders, Mexico, comments on article by J. I. Escobar, 17329
evaluation & outcome, patients presenting to emergency room with psychogenic or physically or drug-induced dizziness, 20198
eye movement model based on gaze center in parapontine reticular formation, interpretation of pathological patterns, vertiginous patients, conference presentation, 1576
factors affecting basal thyrotropin plasma level response to thyrotropin-releasing hormone tests, male vs female depressed 18–66 yr olds on lithium, conference presentation, 7187
frequency of abnormal dexamethasone suppression test results, endogenously vs nonendogenously depressed vs nondepressed psychiatric patients, 11971
frequency of abnormal dexamethasone suppression tests & early morning awakening & diurnal mood changes, 21–78 yr old patients with endogenous depression, 1304
gamma glutamyl transference &/vs glutamate pyruvate transaminases vs glutamate oxalacetate vs mean corpuscular volume, biochemical diagnostic sensitivity & specificity & predictive value, alcoholic patients, 27429
hexosaminidase-A deficiency initially diagnosed as atypical juvenile onset spinal muscular atrophy, 14–34 yr old patients, case reports, 30444
high percentage of abnormal dexamethasone suppression test results, manic patients, comments on article by C. D. Godwin et al, 1354
high sensitivity to dexamethasone suppression test & mood disorders attributable to disruptions of endogenous opiate peptide systems, opiate addicts, reply to comments by E. Frecska, 14688
hypersecretion of cortisol & high plasma cortisol level as result of dexamethasone suppression test, depressed patients, diagnostic & prognostic implications, 19976
hypothalamic pituitary adrenal axis activity assessed by dexamethasone suppression test, mentally retarded 17–45 yr olds, 20092
identification & followup of child's alpha antitrypsin deficiency, reproduction & marital status & social class level, families of children with alpha antitrypsin deficiency diagnosed at birth, 17685
importance of X-ray tests for detection of possible physical disorders, illustrative case of 62 yr old female with dementia & meningioma, comments on E. P. Larkin's view, 14893
incidence of dysthyroidism found with routine thyroid function tests, geriatric patients, 18273
incidence of medical & emotional illness & symptoms, patients with recurrent headaches, 9530
increased number of post-dexamethasone cortisol determinations, sensitivity of dexamethasone suppression test, inpatients with nonmajor vs major depression, 22046
intensity & repetition of auditory stimulus, cardiac & motor responsiveness, 37–40 wk old fetuses, implications for hearing test, 19378
intermittent photic stimulation induced photic driving as diagnostic technique for brain tumors, 54 yr old female with left mastectomy & parietal lobe tumor, case report, 24999
interpretation of Syva EMIT cannabinoid assay test, assessment of marihuana users, implications for use in rehabilitation programs, 25605
isosorbide vs urea, hearing, patients with Meniere's disease, conference presentation, 1930
iv sodium lactate, panic response, 20–61 yr olds with depression & panic vs panic with vs without agoraphobia, 22037
lack of muscarinic receptors on skin fibroblasts, patients with affective illness, implications for diagnosis, 22077
levels of circulating neutrophils &/vs lymphocytes & cortisol metabolism, depressed dexamethasone suppression test suppressors vs nonsuppressors vs schizophrenic patients, 30169
life events in 6 mo before onset of depression & CSF monoamine &/vs monoamine metabolite levels & dexamethasone suppression test, patients with major depressive disorder with melancholia, 30209
low levels of CSF somatostatin & abnormal response to dexamethasone, patients with depression vs schizophrenia, 30128
magnetic resonance imaging, indication of suspected metabolic & neurotransmitter deficits, patients with schizophrenia & affective disorders, 6492
medical & legal issues of physical examinations by psychiatrists, female 35 yr old & male 30 yr old psychiatric outpatients with medical problems, 18349
medical diagnosis utilizing assessment of cerebral function & blood flow & metabolism, psychiatric illnesses, comments on study by R. J. Mathew et al, 24599
medical diagnosis utilizing assessment of cerebral function & blood flow & metabolism, psychiatric disorders, comments on study by R. J. Mathew et al, 24597
medical diagnosis utilizing measurement of cerebral function & blood flow & metabolism, comments on study by R. J. Mathew et al, 24592
medical diagnosis utilizing measurement of cerebral function & blood flow & metabolism, schizophrenic Ss, comments on study by R. J. Mathew et al, 24581
medical evaluation & recommended treatment objectives, sexual abuse, children, 12044
Medicare payment system based on diagnosis-related groups, professional psychology practice & billing, 30491
methodological advances in measurement of chemical & biological assays of drugs & chemical compounds, implications for psychiatric disorders, 5229
methodological considerations in diagnosis of Alzheimer's disease, 27596
methylphenidate & dexamethasone suppression test & mood response, prediction of treatment response to zimelidine with vs without lithium, depressed 18–58 yr olds, 30742
methylphenidate & thyrotropin releasing hormone & dexamethasone suppression test responses, 20–55 yr olds with recurrent unipolar depression, 18103
metyrapone test, assessment of hypothalamic-pituitary-adrenocortical axis, schizophrenic patients vs healthy adults, 27339
metyrapone test, blood plasma cortexolone & cortisol levels before vs after pharmacological treatment &/or recovery, depressed vs schizophrenic vs manic patients, 4521
metyrapone test, hypothalamic-pituitary adrenocortical axis hypoactivity, 36–61 yr old male depressed inpatients, 6958
MMPI vs Mensana Clinic Back Pain Test, prediction of organic pathology, female chronic back pain patients, 26177
modified dexamethasone suppression test, diagnosis of primary depression, conference presentation, 6523
morality & religious attitudes & commitment & beliefs about birth control & abortion & family planning, decision to accept vs reject amniocentesis, pregnant females, 30838
morphine & dexamethasone suppression test, cortisol levels in blood, 19–40 yr old psychiatric patients, 17440
need for medical evaluation for determination of prevention & intervention strategies, children with learning difficulties, 22212

neonatal identification of high risk of somatic illness due to alpha antitrypsin deficiency, views of own health & current life situation, parents of children at risk, 5-yr followup, 17684
new brain imaging techniques, pathophysiology & diagnosis & treatment, psychiatric patients, 12308
nitrous oxide inhalation vs inhalation or injection of xenon-133 vs single photon vs positron emission tomography, assessment of cerebral function & blood flow & metabolism, psychiatric vs substance abusing patients, 24598
norepinephrine-epinephrine ratio as possible marker of suicide ideation, response to supportive findings of F. Dajas et al & R. Honzak et al, 22011
nuclear magnetic resonance, differential diagnosis of groups of dementia, 1262
occurrence & diagnostic significance of cytoplasmic vacuoles in blood lymphocytes, 3–65 yr old patients with Finnish type of sialic acid storage disease, 1641
omission of pelvic examinations & need to conduct complete physical exam, female psychiatric patients hospitalized over 1 yr, literature review, 25357
onset & diagnosis & symptoms & treatment for neurosyphilis, 6457
Pac-Man video game & mental arithmetic stressors, reliability & validity of portable blood pressure/pulse units, healthy 14–65 yr olds, 28898
pathological verification of clinical diagnosis, patients with mild or moderate Alzheimer's disease, 27553
patient history & dexamethasone suppression test results, manic 17–60 yr old patients, implications for lithium treatment, 3843
perceptions of use of computers in doctors' general practice consultations, patients, 1977
physical diagnosis breast examination teaching program, increase in awareness of importance of breast examination & teaching of self exam to female patients, medical students, 15545
plasma & salivary dexamethasone suppression test, patients with primary vs secondary depression, 3910
plasma dexamethasone, cortisol levels, psychiatric patients, comments on report by G. W. Arana et al, 3865
plasma dexamethasone, cortisol levels, psychiatric patients, reply to comments by R. P. Kraus & P. Grof, 3807
plasma 3-methoxy-4-hydroxyphenylglycol & dexamethasone suppression, patients with past & present unipolar & bipolar melancholia & dysthymia, 27360
pluridirectional tomography with metrizamide in left decubitus position, development of aphasia, 29–69 yr old patients, 22232
portable continuous-recording EEG systems, diagnosis & treatment of epilepsy, patients, 9558
positive vs negative findings on neurological examination & cognitive deficit compensation differences, performance on summary & localization scales of Luria Nebraska Neuropsychological Battery, patients with brain disorders, 12247
positron emission vs computerized axial tomography scans, local brain glucose metabolism & brain atrophy, 28–37 yr olds with chronic schizophrenia vs 55–66 yr olds with chronic depression, 17378
possible problems in utilization of information processing paradigm in research on medical problem solving, literature review, 20284
post dexamethasone suppression test cortisol level & body weight & assessed depression, depressed 27–73 yr olds, 22053
pre-test levels of cholesterol & sodium & potassium & blood glucose, prediction of postdexamethasone cortisol levels, patients with major depressive disorder, 14661
problem solving techniques, medical diagnosis of symptoms, 32–40 yr old workers following exposure to hazardous chemicals, 14904
prolactin levels & dexamethasone suppression test results, patients with major depressive disorder, 6531
prolonged depressive symptomatology as result of missed laboratory diagnosis, 28–35 yr old females with delayed diagnosis of cervical cancer, 1683
psychopathology & personality dysfunction & neuroendocrine functioning using MMPI & dexamethasone suppression test, 21–65 yr old depressed inpatients, 19969
psychophysiological measures as diagnostic aids, children with minimal brain dysfunction & hyperkinesis & attention deficit disorders, 14793
quantification of brain atrophy using computerized tomography, 54–94 yr old patients with cognitive dysfunction, 22349
reproducibility of dexamethasone suppression test, 16–66 yr old psychiatric patients, conference presentation, 6524
requests for X-rays, psychiatrists in training, 2242
Research Diagnostic Criteria endogenous scores vs dexamethasone suppression test vs family history of depression & alcoholism, depressed patients, 30245
response to hemoglobinopathy screening & genetic counseling in prenatal care, mothers at risk for delivery of thalassemic child, 22632
responsiveness to iv thyrotropin-releasing hormone, 18–39 yr old bulimic & anorexic in- & outpatients, conference presentation, 24955
results of dexamethasone suppression test, depressive patients, conference presentation, 6622
Roach v Martin & ruling on new genetic diagnostic technique for Huntington's disease, mentally retarded murder defendant, 24333
role of methoxy-hydroxy-phenyl-glycol in diagnosis of psychoses & neuroleptic treatment, conference presentation, 3857
role of neurotransmitter receptor activity in etiology & diagnosis & treatment of depression, literature review, 1324
salivary cortisol concentration & utility in dexamethasone suppression test, healthy male 25–45 yr olds, 19932
serum ACTH & cortisol levels & abnormal dexamethasone suppression, bipolar & unipolar depressed patients, 22021
serum cortisol & dexamethasone suppression test, diagnosis, psychiatric inpatients with mental disorders, 22091
serum creatine kinase levels, diagnosis of seizure disorders, 5–47 yr old hospitalized patients, 22347
serum melatonin & cortisol & morning level of plasma ACTH & dexamethasone suppression test, 26–63 yr olds with major depressive disorder vs patients in remission from unipolar vs bipolar depression, 19893
severe life events & dexamethasone suppression test results & duration of illness, 18–80 yr old depressed inpatients, Scotland, 6593
sex & age & socioeconomic characteristics & severity of disease & other factors, ordered ambulatory tests, hypertensive patients, 30810
simplified dexamethasone suppression test, endogenously depressed 27–65 yr olds, 22101
specificity of thyrotropin releasing hormone test for depression, serious cocaine abusers, conference presentation, 3978
spin lattice relaxation time obtained during nuclear magnetic resonance imaging of brain, patients with idiopathic parkinsonism with vs without dementia, 30359
stress due to imminent surgery, dexamethasone suppression test, presurgical patients, 9969
surface-recorded auditory EPs, early diagnosis of hearing loss, neonates & premature infants, 20162
synthetic steroid antagonist of glucocorticosteroid RU 486, plasma cortisol, depressed 37–63 yr olds, 14569
thyrotropin-releasing & thyrotropin-stimulating & dexamethasone suppression tests, differential diagnosis of affective disorders, 15–76 yr old depressed patients, 1275
thyrotropin releasing hormone-induced & basal levels of thyroid stimulating hormone, 19–71 yr old inpatients with depression vs schizophrenia vs adjustment disorder vs alcoholism, 6476
thyrotropin releasing hormone test, prediction of depression, 11969
thyrotropin releasing hormone, thyrotropin stimulating hormone response & basal hormone levels, unipolar & bipolar depressed patients, 14660
thyrotropin response to thyrotropin-releasing hormone, family with 2 affectively ill & 6 phenotypically well members, implications for diagnosis, 30134
training in doctor-patient communication based on Rogerian theory, behavior during & outcome of diagnostic consultation & patient's willingness to discuss personal problem, general practitioners, 10184
transdisciplinary team process & multimodal assessment, multiply disabled children, 27232
treponemal & nontreponemal diagnostic tests & psychological symptoms & signs, neurosyphilis, 14905
ultrasound diagnosis of fetal malformation & subsequent abortion, psychological reactions, 25–39 yr old females assessed 6–34 mo post-abortion, 9983

urinary free cortisol & dexamethasone suppression test & mechanisms for cortisol dysregulation, depressed patients, literature review, 24705
urinary 3-methoxy-4-hydroxyphenylglycol levels & EEG sleep recordings & dexamethasone suppression response as biological markers, patients with affective disorders, 9231
use of computerized tomography in diagnosis of tuberous sclerosis, male & female not presenting with classical triad, 20158
use of MAO inhibitors, demented depressed patient with abnormal dexamethasone suppression test following antidepressant therapy, implications for diagnosis of Pick's disease, reply to comments by M. A. Jenike, 18116
use of MAO inhibitors, demented depressed patient with consistent reversal of abnormal dexamethasone suppression tests following antidepressant therapy, comments on article by M. Z. Wambolt et al, 18067
utility of CSF as potential biological marker of Alzheimer's disease & other dementias, 17683
utility of dexamethasone suppression test as diagnostic tool, depressed patients, 14593
utility of dexamethasone suppression test, patients with manic depressive psychosis or depressive disorders with vs without psychosis, conference presentation, 30229
utility of flight-of-color test in diagnosis of optic nerve disease, patients with multiple sclerosis, 17656
utility of magnetic resonance imaging as computerized diagnostic tool, illustrative cases of 22 yr old female & 34 yr old male with aphasia & neurobehavioral syndromes due to embolic or thrombotic cerebral infarction, 17578
utility of nuclear magnetic resonance imaging as diagnostic tool, Parkinson's disease patients with vs without dementia, 30360
utility of optokinetic nystagmus & preferential looking & visual EPs as clinical diagnostic techniques, low birth weight premature infants with visual impairments, 17636
utility of thyrotropin releasing hormone & dexamethasone suppression test, diagnosis of depression, conference presentation, 30108
validation of clinically defined depressive subtypes with dexamethasone suppression test, 15–60 yr old hospitalized patients, 27388
validity of auditory response cradle & crib-o-gram techniques, assessment of hearing loss, 1–5 mo olds, 20263
ventricular size &/ vs dexamethasone suppression test, prediction of outcome of severe endogenous depression following stereotactic subcaudate tractotomy, patients with manic-depressive psychosis, 1-yr followup, 25079
weekly repetitions of dexamethasone suppression tests, test results, 26–37 yr old healthy volunteers, 8628
weight change during 1st wk of hospitalization, dexamethasone suppression test results, patients with chronic pain vs depression admitted to inpatient psychiatric service, 30958
weight loss & dexamethasone suppression test cortisol levels, melancholic vs depressed 20–80 yr olds, 30146
weight loss, dexamethasone suppression test for endogenous depression, depressed inpatients & mentally disordered patients, 22026

Medical Education [See Also Psychiatric Training]

acceptance of problem-based learning in medical education, UK & US, 15556
adolescent psychiatry curriculum, general psychiatry residents, 10230
advantages of affiliation between Hospital Corporation of America & Division of Child & Adolescent Psychiatry, 20508
attitudes toward ambulatory care education, general vs categorical internal medicine residency program graduates, 10237
attitudes toward psychiatry, medical students assessed pre- & post psychiatric training course, 20564
attitudes toward psychosocial issues in medicine, medical students during 1st vs 3rd yrs of medical school, 2222
attitudes toward use of diagnostic laboratory tests, medical college faculty members, 10187
behavioral science course with emphasis on emotional & social & economic factors in illness, psychosocial attitudes, 1st yr medical students, 31054
behavioral sciences in undergraduate education for psychiatry, 2258
benefits of affiliation between medical schools & investor-owned hospitals in treatment of mental disorders, 20519
biomedical vs biophysical medicine curriculum, skill at identification & documentation of patients' psychological data & predisposing risk factors, medical students, 10195
changes in medical education from for-profit hospitals & involved universities, 20618
changes in training in alcoholism, medical education, literature review, 20591
comprehensive psychiatric help, medical trainees & house officers, comments on article by D. B. Borenstein, 22819
comprehensive psychiatric help, medical trainees & house officers, reply to comments of R. T. Fintzy, 22808
computer assisted instruction program in clinical problem solving, family practice preceptorship program, 25689
computerized simulations for teaching pediatrics, medical school, 10189
corporate viewpoint of relationship between university & corporate hospital settings, 20518
criticism of educational practices in medical schools, medical students, US, 10179
curriculum & contribution of psychology department at Ben Gurion University Health Sciences Center medical school, Israel, 25717
demonstration on anthropomorphic model &/vs practice on model with instruction, pelvic examination performance, 2nd-yr medical students, 7541
development of continuing education program, general practice physicians, Netherlands, 31036
development of Geriatrix, role-playing game to encourage empathy for elderly patients & their health-care providers, medical students, 31066
development of student directed medical ethics course, medical school, Canada, 10213
discrimination in medical profession & education, female doctors, South Africa, 15561
educational feedback vs managerial intervention, compliance with preventive medicine guidelines, medical interns, 15521
emotional reactions during beginning medical training, male vs female students, 28271
etiological model of alcohol abuse & dependence, medical education, 7518
evaluation of medical school instructors, medical students, 10261
evaluation of reduced load remedial teaching program, medical students, 10207
evolution & evaluation of multiple training sites, 3rd-yr medical school clerkship in psychiatry, 2285
factors before & during medical school, choice of psychiatry as specialty, medical school graduates in psychiatric training program, 15570
factors in patients' choice of primary care system & medical students' qualifications, success of ambulatory care services in teaching hospitals, 25495
Family Medicine Chart Review teaching method, family issues in patient care & integration of behavioral science & family medicine, family practice residents, 18410
forensic psychiatry facility in medical school, community services, 18200
goals & objectives of clinical pastoral education course, medical students, 25679
historical overview of medical education from segregation era through affirmative action period, Black & other minority group students, US, 25680
humanistic objectives & social aspects & ethics & psychology as basis of medical education, physicians, 10186
implicit medical & nonmedical clinical skills curriculum in medical school, clinical faculty, implications for instructional techniques, 22856
junior or senior faculty or resident preceptor status, ratings of teaching ability & student performance, 1st-yr medical students, 10231
knowledge gained of geriatric medicine, medical students assessed at beginning & end of 3-mo medicine clerkship, 15499
knowledge of prescribing for aged patients & need for continuing medical education & professional meetings, physicians, 25639
lecture vs case presentation techniques in continuing education, knowledge & performance, physicians, 10211

liaison psychiatry as method of medical education & consultation, conference presentation, 2239
measurement of pre- vs post-instructional knowledge of & attitudes toward preventive cardiology, 1st-yr medical students with vs without preventive instruction vs expert physicians, 7510
medical school class ranking systems, ratings for residency positions, applicants for pediatric residency, 15493
medical social workers as teachers of social sciences in medical education, India, 12877
model for effective communication between anatomical donors & their families & medical school recipient, implications for grief therapists, 28331
models of mental health training, primary care physicians, 4790
modifications in human sexuality course, medical students, Hong Kong, implications for curriculum development, 1980–85, 15552
need for change in attitudes & correction of misconceptions of alcoholism, medical profession, 2264
need for greater participation of psychiatry in primary care medical training, 31058
numbers & types of courses offered on social/psychological aspects of dying & length of time course was given & percentage of students enrolled & background of instructor, medical schools, US, 31052
performance in pharmacology & introduction to clinical medicine courses, sophomore medical students vs 1st-yr physician assistant students, implications for utility of interdisciplinary courses, 31099
physical diagnosis breast examination teaching program, increase in awareness of importance of breast examination & teaching of self exam to female patients, medical students, 15545
planning & implementation & modification of required clinical clerkship in family medicine, medical students, 25666
planning for psychology training in medical education, conference presentation, 7560
presence of child psychiatrist on daily rounds as method of teaching psychosocial pediatrics, pediatric house officers on rounds involving .1–19.5 yr old hospitalized patients, 31108
program using clinical vignettes & small group interaction, facilitation of entry into clinical practice, medical students, Mexico, 28342
proposed educational goals in teaching psychological therapeutic skills, medical students & family physicians, 25621
psychiatry preceptorship during internal medicine clerkship, psychosocial clinical skills, 3rd yr medical students, 28350
reduced course load in medical school, performance during 1st postgraduate year of training, medical school graduates, 31121
relevance of behavioral science procedures, opinions of residency training, family practice graduates, 7509
required legal medicine education, attitudes toward law & legal system, 3rd-yr medical students, 7533
residency programs with vs without training & funding, performance on behavioral vs organic aspects of pediatrics in-training exam, medical residents, 10246
role of computerized medicopsychiatric histories in international unification of medical & psychiatric education & aid, 24077
role of psychiatry in medical education, psychiatrists & primary care physicians, 15486
self evaluation of diagnostic ability & management techniques & procedural skills, residents in primary care internal medicine training program, 28366
self evaluation regarding adolescent medical & psychosocial problems & sexually active teenagers & pelvic examinations, pediatricians, implications for pediatric education, 31095
smallest-space analysis technique to assess class size effect & activity & cognitive dimensions, instructional performance, medical school faculty members, 25669
structure & content & role of behavioral science curriculum in medical education, conference presentation, 7517
substance-abuse education in medical schools, 15494
teaching & learning history of medicine, medical students, 15519
teaching curriculum during residency in family dynamics, family practice, family physicians, 2270
teaching of correctional psychiatry in 3rd yr of medical school, implications for mental health services in correctional field, 25617
teaching of mental status examination procedure in medical schools, medical students & their elderly patients, implications for dementia, 20606
teaching of psychosocial medicine in medical schools, directors of psychiatric education, Canada, 25675
theory-to-application vs application-to-theory sequence of biochemistry instruction, cognitive preferences & ability to recall contents of instruction, preclinical medical students, 4732
training gynecologic teaching associates to perform as human models, performance of female pelvic & breast examinations, medical students, 28337
undergraduate course background, cumulative GPA & medical course scores, 1st-yr medical students, 25626
use of literature in elective family medicine seminar, preclinical medical students, 2246
use of videotapes to teach ethical principles in surgeon-patient relationship & barriers to effective doctor-patient communication & behavior, surgical curriculum, 25697
utility of miniworkshop for teaching characteristics of personality disorders, medical students, 20563
videotaped vignettes & student responses, instruction in effects of physician's values & stereotyped attitudes on doctor/patient relationship, medical students, 31079
workshop teaching importance of ethnicity & cultural factors in medicine, 1st-yr medical students, 15566

Medical History [See Patient History]

Medical Internship

adaptive behavior in medical vs psychiatric rotations, 1st-yr psychiatric interns, implications for educators, 12795
attitudes toward rotating-mixed vs straight psychiatry internship, psychiatric residents & residency directors, Canada, 2212
educational feedback vs managerial intervention, compliance with preventive medicine guidelines, medical interns, 15521
orientation & paradoxical perspective on patients & doctor-patient relationship, medical interns & residents, 20610
psychiatric services program for physicians in training, depression & anxiety, medical residents & interns & fellows at university hospital, 4733
psychiatry preceptorship during internal medicine clerkship, psychosocial clinical skills, 3rd yr medical students, 28350
reinstatement of internship requirement in psychiatry & advantages & disadvantages of university vs community general hospital-based internships, 15558

Medical Model

biomedical & other psychiatric research models, 28912
clinical & administrative & reimbursement aspects, combined medical & psychiatric inpatient treatment, 4651
disease model of addictive behaviors, 17489
language, medical model & approach to psychiatry, 12355
medical & morality treatment models & aversion therapy, drug abuse & deviant behavior, US vs USSR, 15464
medical dominance & development of professional autonomy in physiotherapy, 10243
medical model & psychoanalysis, conference presentation, 30542
medical model of compulsive gambling behavior, 12105
medical model of treatment, clinical psychologists in psychological clinic, Italy, 28093
pressure toward medical model of childbirth, licensing, lay midwives, 10003

Medical Patients

adjustment, dialysis patients at dialysis center vs in limited care dialysis, 4587
age & medical illness, dexamethasone suppression test, 9–86 yr old depressed general hospital inpatients, 3838
antidepressants, clinical response, medical & neurologic & surgical patients with major depressive syndrome, 12574
anxiety management program, stress reduction & relation to disorders, gynecology patients at university health center, 25901
application of psychoanalytic concepts in consultation, hospitalized medical patients, criticism of S. Grossman's study, 4671
application of psychoanalytic theory & techniques in consultation, hospitalized medical patients, 4655
artificial nutritional support & role of psychiatrist, psychological stress, 30–60 yr old females, 18145
attitudes toward & incidence & types of work-related illness, patients in family medicine center, 14909

attitudes toward hypnosis & relaxation & beliefs in & willingness to try behavioral procedure, outpatient cancer chemotherapy patients vs college students, 15096
attitudes toward psychiatric vs oncologic vs general medical patients, medical assessment, 1st- vs 2nd-yr medical students, 7558
behavioral psychotherapy methods in primary health care, 29 yr old female patient with physical illnesses & mental symptoms, Great Britain, 30820
biopsychosocial analysis of transfer from medical to psychiatric care, hospitalized patients, 2113
caffeine consumption, anxiety scores on SCL-90, anxiety disorder vs medical patients, 19952
case of J. L. v Miller & signing of consent decree for ensuring medical treatment & medication, competent vs incompetent patients, 24334
character style vs locus of control vs seriousness of medical illness, depression & anxiety, psychiatric consultation patients, 22019
characteristics & clinical reasons for referral, self vs other referred medical & surgical inpatients, 15356
chronic disease health education outcome studies, patients with diseases such as diabetes & hypertension, review of peer-reviewed journals published in 1984, 25366
client education about cerebral angiography via standard text vs text prepared in light of information processing, retention & memory of text, patients & nonpatients, 12638
comparison of estimates of pain experienced prior to & following needle aspiration or injection of joints or soft tissue, patients vs physicians, 28041
comprehensive assessment of physical ability & functioning & psychosocial adjustment & pain perception, 20–62 yr old chronic low back pain patients, 26182
computer use in consultation & ratings of physician just seen vs ideal physician, recent hospital outpatients, 22610
crisis intervention counseling, psychological reactions, male vs female 18–60 yr old hospitalized medical & surgical patients, 12-mo followup, 15400
demographic characteristics, epidemiology of depression, 1st-time medical outpatients, 3891
depression, male vs female 17–59 yr old medical outpatients with organic disorders, 4175
development & administration of opinion survey, satisfaction with hospital care, patients, 70
dextroamphetamine & methylphenidate, refractory depression, medically ill patients, 18030
diagnosis of depression, outpatients seeking care at primary medical care & community mental health centers, 12003
differences in elevations in K-corrected vs uncorrected MMPI T scores, psychiatric vs medical patients vs nonpatients, literature review, 28964
divergent models of health & disease, patients vs physicians, 24586
doctor-patient relations & emotional stress & behavioral eccentricity & neurotic complaints & therapy or medical treatment attitudes & fixed attitudes, patients with neuroses vs kidney transplant, 6461
drawings as indicators of perception of pain, 5–9 yr olds in ambulatory clinic with acute health problem, 28042
duration of hospitalization & unit setting, perceived stressors & social support & coping behavior during preterm labor, patients in mid- and late 20's on maternal-fetal intensive care unit, 7448
dynamics of single session group therapy, cancer patients in acute care hospital, 18238
efficacy of behavioral smoking cessation program, males with chronic pulmonary &/or cardiac disease, 2194
electrodiagnostic correlates of clinical vegetative state, 42–74 yr old comatose patients, 27572
factor analysis of Common Beliefs Survey & 18–71 yr old medical patients, replication of study by J. L. Bessai, 21021
factorial structure of Multidimensional Health Locus of Control Scale, rehabilitation patients, replication of study by R. J. Hartke & J. T. Kunce, 16185
factors in patients' choice of primary care system & medical students' qualifications, success of ambulatory care services in teaching hospitals, 25495
formation of coalition in triadic relationship, physicians & their aged patients & accompanying relative, 20443
function & treatment modalities of Medically Induced Addiction Center program, 69 yr old with chronic stasis ulcer, 18328
hard vs soft outcomes & patient vs doctor satisfaction in obstetric care, conference presentation, 25372
health care provider awareness of concurrent medical & psychiatric problems & coordination of care, patients being treated in medical & psychiatric outpatient clinics, 28165
hospital-based psychological counseling, physical recovery, 18–60 yr old medical & surgical patients, Australia, 28184
hospital child life program, cognitive & emotional & social stimulation & anxiety & self esteem, long term pediatric patients in traction, 28133
identification & management of depression, nonpsychiatric patients receiving medical care, implications for social workers, 18229
illness- & occupation-related & psychosocial variables influencing employment potential, employed vs unemployed hemodialysis patients, 25354
impact of administration & automated scoring & interpretation of MMPI in health care delivery, medical patients, 26187
incidence of assaults in psychiatric vs nonpsychiatric hospital, surveyed hospital staff, 2112
incorporation of preferences in therapeutic decision making, satisfaction & service utilization, physicians & their patients, 15256
informed consent, illustrative cases of 61 & 66 & 89 yr old male & 54 yr old female medical patients with impaired decision making capacity, 4583
internal validity of DSM-III criteria for hypochondriasis, medical outpatients, 27501
long-latency event-related potentials, assessment of cognitive function, 10–17 yr old psychiatric & 6–16 yr old pediatric inpatients, 3784
medical records data vs screening test, development of standardized procedure for identification of alcohol dependency, medical inpatients over 15 yrs old, 28161
microcomputer applications, client education & psychosocial coping needs, chronically ill & disabled children, 28049
need for psychiatric consultation in treatment, primary care patients with somatization disorder, 25362
outcomes of pregnancy & parturition, patients with myasthenia & their offspring, 5–20 yr followup, 6747
paternalism & medical self determination & autonomy, physicians & their patients, 9670
patient's pain & ability to anesthetize, stress reactions, dentists, 4588
patients' views on medical students & care quality, university operated community health center patients aged 16–92 yrs, 25356
patterns of psychiatric consultation & referral, 5–92 yr old inpatients, China, 4674
perceived need for interpersonal resources, drug addicts vs alcoholics vs prostitutes vs motorcycle racers & medical patients & drug rehabilitation patients vs males from general population, 11868
perception of expectations of & suggested techniques for attracting Black middle class patient, Black physicians, 10182
perceptions of psychiatric consultations, adult patients hospitalized for medical illness, 28187
performance of complex arm movements & facial movement sequences, 15–55 yr old patients with complete vs partial sectioning of hemispheric commissures vs unilateral lesions of frontal or temporal or parietal complex, 28056
permission & guidance strategies, understanding of instructions & advice giving during consultations with general practitioners, medical patients, 28066
personality factors & anticipatory nausea/vomiting, cancer patients receiving chemotherapy, 20420
physician's recognition & diagnosis & treatment of mental disorders, 64–89 yr old medical patients, 2013
prebioptic personality traits & behavior patterns, female patients with benign vs malignant breast cancer, 6906
prediction & diagnosis & specificity & sensitivity using Mini-Mental State Examination & level-of-orientation evaluation, medical patients with dementia, 20186
prevalence & usage patterns of cigarette smoking, patients in medical vs psychiatric facility of VA medical center, 18260
prevalence of depressive symptoms, hospitalized nonpsychiatric patients, 15374

proposal to reclassify depression of late life as biochemically based somatic disorder, elderly patients, 14546
psychiatric diagnosis & prognosis, 18–80 yr old problem medical patients, 30439
psychoanalysis, internal medicine patients, 1811
psychoanalytic psychotherapy in National Health Service hospitals, medical patients, UK, 18256
psychological & psychophysiological dimensions of "office hypertension", hypertensive 29–65 yr olds with increased blood pressure in physician's office, 4133
psychotherapy, adolescent asthma patients, 4331
psychotropic therapy, hormonal dysfunction & mental disorders, female gynecological patients, 19877
reactions to patient's self- or chance-blaming attributions for illnesses having varying lifestyle involvement, health practitioners, 30843

analysis of clinical psychiatric history reports, hospitalized psychiatric patients, Chile, 28176
automated data processing systems for record keeping in psychiatry, 5248
biomedical vs biophysical medicine curriculum, skill at identification & documentation of patients' psychological data & predisposing risk factors, medical students, 10195
data analysis & processing methodologies in psychiatry, 5249
development & utility of Naval Mental Health Information System, Navy outpatient mental health clinics, 62
Freud's writings & history & role of written record keeping & symbolic literature in psychotherapy & psychoanalysis, psychiatric inpatients, 28029
general information systems & clinical documentation & current trends in mental health computer applications, literature review, 12321
human & computer information processing, clinical judgment & diagnosis, hypothetical schizophrenic male, 12310
importance of names & recordkeeping accuracy, psychological health, elderly in residential care facilities, 15386
inclusion of items to identify anorexia nervosa & bulimia on student health forms, college students, 18651
joint team approach, classification scheme for biological & psychological & clinical patient record, 9198
microcomputer-assisted integrated information system design & implementation, mental health institutions, 2106
perceptions of impact of computers on medical practice, use of hospital information system, physicians, 31032

Medical Regimen Compliance [See Treatment Compliance]

Medical Residency
adaptive behavior in medical vs psychiatric rotations, 1st-yr psychiatric interns, implications for educators, 12795
adolescent psychiatry curriculum, general psychiatry residents, 10230
application of W. R. Bion's model of work vs basic assumption group, analysis of discussion/support group dynamics, psychiatric residents, 7554
assessment of criteria for selection of psychiatric residents, 2265
attitude changes following association with pediatric nurse practitioner, pediatric residents, 15537
attitudes toward ambulatory care education, general vs categorical internal medicine residency program graduates, 10237
attitudes toward childhood, pediatricians vs child psychiatrists vs residents before vs after training in pediatrics & psychiatry & child psychiatry, 28296
availability of mental health resources, medical students & residents, 18140
causes & prevention of personal difficulties & stress of residency training, physicians, 2248
criteria used to assess quality of parenting in well-child visits for 3–24 mo olds, pediatric residents, 30822
dynamic vs biologic dualism in psychiatric residency training, 2256
experience in child psychiatry & beliefs about etiology & preferences for treatment & attitude toward & experience with drug treatments for child psychopathology, child psychiatry program residents, implications for training, 22855
experiences & role models during residency, postresidency interest in administration & subsequent involvement in administrative work, psychiatrists 2–20 yrs beyond residency, 28345
family awareness & patient attitudes, family practice residents & their 20–70 yr old new patients, 4741
Family Medicine Chart Review teaching method, family issues in patient care & integration of behavioral science & family medicine, family practice residents, 18410
geriatric training in family practice residencies, 15492
instruction in behaviorist theory & practice & learning theory in psychiatric residency programs & integration of psychodynamic & behavioral therapies, 28359
medical costs & simulation of health care delivery decision making, medical residents vs graduate business students, implications for health care administration, 30842
medical school class ranking systems, ratings for residency positions, applicants for pediatric residency, 15493
orientation & paradoxical perspective on patients & doctor-patient relationship, medical interns & residents, 20610
pediatric residency program in rural primary care, medical residents, 25655
perceived job stress & social support, psychological health, family practice residents, 31088

perceived occupational stress & personal strain & coping resources, 1st vs 2nd vs 3rd yr medical residents vs faculty members, 28272
perceptions of psychotherapy training, psychiatric residents, Canada, conference presentation, 2254
planning & implementation & modification of required clinical clerkship in family medicine, medical students, 25666
presence of child psychiatrist on daily rounds as method of teaching psychosocial pediatrics, pediatric house officers on rounds involving .1–19.5 yr old hospitalized patients, 31108
procedures for resident evaluation, psychiatry residency training programs, 28286
psychiatric liaison training, chart data & requests for psychiatric consultation vs attitudes toward psychosocial issues in case management & conferences, pediatric residents, 7528
psychiatric services program for physicians in training, depression & anxiety, medical residents & interns & fellows at university hospital, 4733
reduced course load in medical school, performance during 1st postgraduate year of training, medical school graduates, 31121
relevance of behavioral science procedures, opinions of residency training, family practice graduates, 7509
residency programs with vs without training & funding, performance on behavioral vs organic aspects of pediatrics in-training exam, medical residents, 10246
self evaluation of diagnostic ability & management techniques & procedural skills, residents in primary care internal medicine training program, 28366
stress & coping mechanisms, 1st & 2nd yr family practice residents, 18397
teaching curriculum during residency in family dynamics, family practice, family physicians, 2270
training in consideration of alternatives to psychiatric hospitalization for emergency patients, psychiatric residents, 25638
validity of evaluation questionnaire, assessment of interpersonal skills & humanistic qualities, medical residents, 20572
validity of instrument for faculty assessment of knowledge & ability, medical residents, 10535
values, future medical practice, male vs female vs internal medicine vs family practice residents, 10247
workshop for improvement of teaching & supervisory skills, medical residents supervising medical students in clerkship training, 25656

mental imagery & medicine & psychoneuroimmunology, 3196
moral vs medical concerns & concept of disease in psychiatry vs general medicine, 7532
occupational medicine research in toxicology & psychology & pathology, USSR, 1981–84, 20833
phenomenological vs biomedical & biopsychosocial models of science & humanism in medical practice, comments on article by M. A. Schwartz & O. Wiggins, 10702
phenomenological vs biomedical & biopsychosocial models of science & humanism in medical practice, 10727
role in humanization of medicine, psychologists, conference presentation, 7335
role in medical ethics committees, clergy, 25637
systematic & holistic approach to general medicine, 1986
teaching & learning history of medicine, medical students, 15519
trends in health care delivery & medical technology, diagnosis & treatment & medical practice, 30817

Medical Students
academic & demographic factors, performance on obstetrics & gynecology subject exam, medical students, 15516
attitudes of & knowledge of computer applications in medicine, 1st-yr medical students, 15541
attitudes toward preventive care services & adequacy of preventive care preclinical coursework, 1st & 3rd yr medical students, 20626
attitudes toward psychiatric vs oncologic vs general medical patients, medical assessment, 1st- vs 2nd-yr medical students, 7558
attitudes toward psychiatry, medical students assessed pre- & post psychiatric training course, 20564
attitudes toward psychiatry, medical students in psychiatric vs nonpsychiatric specialty, France, 12863
attitudes toward psychosocial issues in medicine, medical students during 1st vs 3rd yrs of medical school, 2222
availability of mental health resources, medical students & residents, 18140
behavioral indicators in academic records, psychiatrically disturbed vs not psychiatrically at-risk matriculating medical students, 25657
behavioral science course with emphasis on emotional & social & economic factors in illness, psychosocial attitudes, 1st yr medical students, 31054
biomedical vs biophysical medicine curriculum, skill at identification & documentation of patients' psychological data & predisposing risk factors, medical students, 10195
biopsychosocial "mapping" technique in psychiatric consultation-liaison rotation, medical students, 2266
breadth of academic program & depth of study outside science & grades, premedical vs nonpremedical students studying biology & chemistry, 15752
clinical clerkship including exposure to involuntary psychiatric treatment, attitudes toward right to refuse treatment, 22–38 yr old medical students, 10190
community norms of alcohol consumption, freshman medical students, 2218
construct validity of patient management problems, medical students vs experienced physicians, analysis of findings by D. I. Newble et al, 28309
correlates of psychoactive substance use & abuse, senior medical students, 18385
criticism of educational practices in medical schools, medical students, US, 10179
death orientation & attitudes toward communication with terminally ill patients, medical students & physician's assistants & family physicians, 27705
demonstration on anthropomorphic model &/vs practice on model with instruction, pelvic examination performance, 2nd-yr medical students, 7541
development & reliability of psychiatric interview scale, assessment of interview performance & training, 4th-yr medical students in psychiatry rotation, 158
development of measure of attitudes toward nurses, physicians & medical educators & nurses & medical students, 2893
differences in perceived specialty choice, male vs female freshmen medical students, 10185
dissection of human cadavers for 1st time, enthusiasm vs reluctance, preclinical medical students, 4752

doctor-patient relationship, female vs male 3rd vs 4th yr medical students, Cuba, 31039
eating behaviors & attitudes, female medical students with bulimia or anorexia nervosa, 20163
eating disorders & social functioning, 19–36 yr old female medical students, 12828
emotional reactions during beginning medical training, male vs female students, 28271
ethics & evaluation of psychiatric patients & psychiatry students & peer's psychiatrists, conference presentation, 2221
evaluation of medical school instructors, medical students, 10261
experience in counseling cancer patients & their families, attitudes toward cancer, 3rd-yr medical students, 15503
factors before & during medical school, choice of psychiatry as specialty, medical school graduates in psychiatric training program, 15570
factors in choice of psychiatry as career, psychiatric residents, implications for medical education, 2216
factors in patients' choice of primary care system & medical students' qualifications, success of ambulatory care services in teaching hospitals, 25495
faculty evaluation of medical students' patient history taking skills with observation vs write-up review, sophomore medical students, 31123
faculty forum evaluation approach, ratings for clinical clerkship, medical students, 2220
frequency of assertiveness- vs aggressiveness-type interpersonal conflict situations, medical students, 28348
goals & objectives of clinical pastoral education course, medical students, 25679
hypochondriacal beliefs & fears, 1st & 3rd yr law vs medical students, 28319
intercorrelations of scores on empathy instruments, simulation of patient-medical student interactions, 2nd-yr medical students, 18151
locus of control & self esteem & perceived stress & academic performance, junior medical students assessed before vs after surgical clerkship, 31080
masculinity vs femininity, psychosocial adjustment, male vs female 1st-yr medical students, 2284
measurement of pre- vs post-instructional knowledge of & attitudes toward preventive cardiology, 1st-yr medical students with vs without preventive instruction vs expert physicians, 7510
medical careers & increased suicide risk, medical students & female vs male physicians & physicians' wives & psychiatric residents & psychiatrists, 20056
Medical College Admission Test Reading subtest vs Nelson-Denny Reading Test, prediction of medical school achievement, medical students, 13425
medical school class ranking systems, ratings for residency positions, applicants for pediatric residency, 15493
mental health services, medical students & house officers of physician training centers, comment on article by D. S. Borenstein, 28365
mental health services, medical students, reply to comments by S. M. Woods, 28282
nonmedical drug & tobacco smoking, medical students, 4766
paid employment in medical school, medical students, 1980–81, New Zealand, 28294
patients' views on medical students & care quality, university operated community health center patients aged 16–92 yrs, 25356
perceived effect of placebo vs fictitious drug, 3rd-yr medical students, 7539
perceived stress & anxiety & depression & self esteem, female vs male preclinical medical students, 15540
perceived stress & attitudes toward free time, 1st-yr medical students, 20583
perception of career commitment & satisfaction & professional self image, male vs female medical students, India, conference presentation, 15466
perception of learning environment & relationship to curriculum goals of clinical elective training site, 4th-yr medical students, 20569
perceptions of role of nurses, medical students, 25694
performance in pharmacology & introduction to clinical medicine courses, sophomore medical students vs 1st-yr physician assistant students, implications for utility of interdisciplinary courses, 31099
personal characteristics & career plans & attitudes towards psychotherapy, identification of characteristics & attributes of perspective child vs general psychiatrists, medical students, conference presentation, 28364
personality & social support resources during life cycle transition, depression, beginning medical students, 3917
personality changes, medical students, 7-yr longitudinal study, replication of study by A. G. Burstein, 10265
personality traits & academic performance, 1st yr medical students, Japan, 4-yr followup, 4785
physical diagnosis breast examination teaching program, increase in awareness of importance of breast examination & teaching of self exam to female patients, medical students, 15545
planning & implementation & modification of required clinical clerkship in family medicine, medical students, 25666
practice location preferences, 21–35 yr old medical students, 15476
prediction of future adjustment, 1st-yr medical school students, 35-yr followup of research by H. W. Brosin, conference presentation, 15465
program using clinical vignettes & small group interaction, facilitation of entry into clinical practice, medical students, Mexico, 28342
proposal of changes of regulations, protection in experiments, medical student experiment volunteers, 18868
psychiatric clerkship, attitudes & therapeutic approaches toward & diagnostic assessments of mental health patients, 25–28 yr old medical students, 22851
psychiatry preceptorship during internal medicine clerkship, psychosocial clinical skills, 3rd yr medical students, 28350
reduced course load in medical school, performance during 1st postgraduate year of training, medical school graduates, 31121
required legal medicine education, attitudes toward law & legal system, 3rd-yr medical students, 7533
sensation seeking & antisocial behavior, medical students, Spain, 12853
social support & life events & demographic factors & depression, progress in medical school, 3rd-yr medical students, 15468
social support & psychiatric symptomatology, male vs female 1st yr medical students, 22821
socialization & personal adjustment to role of medical professional, medical students, 4-yr study, 31041
stress management program, 1st- & 2nd-yr medical students, 10217
teaching & learning history of medicine, medical students, 15519
teaching of mental status examination procedure in medical schools, medical students & their elderly patients, implications for dementia, 20606
theory-to-application vs application-to-theory sequence of biochemistry instruction, cognitive preferences & ability to recall contents of instruction, preclinical medical students, 4732
training gynecologic teaching associates to perform as human models, performance of female pelvic & breast examinations, medical students, 28337
transitional stress & social support, depression & somatic complaints & school performance & satisfaction & satisfaction with quality of life, 1st-yr American medical students, Israel, 7553
Type A personality, allocation of resources & focus on courses most central to medical curriculum & neglect of peripheral areas, medical students, 10221
undergraduate course background, cumulative GPA & medical course scores, 1st-yr medical students, 25626
validity of modified Career Decision Scale, measurement of speciality indecision, medical school students, 18400
videotaped vignettes & student responses, instruction in effects of physician's values & stereotyped attitudes on doctor/patient relationship, medical students, 31079
vocational identity as evolving self & occupational concepts, ego-identity formation & vocational development, male vs female college students in combined bachelor of science program, 18399

Medical Therapeutic Devices [See Also Artificial Pacemakers, Contact Lenses, Hearing Aids, Optical Aids, Prostheses]
quality of life factors, medical decision making & use of mechanical life support systems, physicians & 69 yr old male with chronic pulmonary disease, 9992
Medical Treatment (General)
brief situation-specific group-administered preparatory intervention for mass inoculation, 6th grade females, 15240
case of J. L. v Miller & signing of consent decree for ensuring medical treatment & medication, competent vs incompetent patients, 24334
collaboration between systems medicine & systems therapy, 22384
competency for decision making regarding acceptance of medical treatment, incompetent patients, case law, 1057
compliance with treatment guidelines in cancer care program, physicians & nurses & allied health professionals, 28181
costs of medical/surgical treatment, 39 yr old female with psychiatric disorders, 9971
differential medical care, males vs females, replication of findings of R. J. Armitage et al, 2010
discovery & management of intrusive medical procedures through play behavior, hospitalized chronically ill 2–6 yr olds, 10079
doctor-patient relationship, general practitioners & North African immigrant workers, France, conference presentation, 7317
echography, fantasies, maternity ward patients, 9974
evaluation of effectiveness of treatment interventions, medical treatment compliance, meta-analysis, 14959
frequency of serious behavioral & medical incidents in group homes, 10–63 yr old mentally retarded residents from institutional vs home setting, 10043
incorporation of patients' treatment preferences in family practice diagnostic & management decision making, medical patients, 1990
lack of sufficient integration between psychiatric & medical care, 12352
lack of sufficient integration between psychiatry & rest of medicine, comments on M. L. Teitelbaum's article, 12331
laws & adolescent health care, implications for physicians, 15258
legal & ethical considerations in gaining parental consent for medical treatment, children, UK, illustrative case of prescription of contraceptives for females under age 16, 22639
management of patient's refusal of medical treatment, psychiatric consultant, 6954
medical malpractice claims, case law, 27054
medical treatment of premenstrual syndrome, conference presentation, 28044
medical vs psychotherapeutic treatment within family systems perspective, encopresis, comments on case reported by G. B. Landman & L. Rappaport, 27708
modification of procedures for withdrawing life-sustaining treatment, incompetent patients with irreversible illness, case law, 1058
new vs conventional treatment modalities, patient compliance & psychodynamics, patients with insulin dependent diabetes for more than 5 yrs, 22607
obstacles to integration of medical & psychiatric care, comments on M. L. Teitelbaum's article, 12350
obstacles to integration of medical & psychiatric care, comments on M. L. Teitelbaum's article, 12305
obstacles to integration of psychiatry & medicine, comments on M. L. Teitelbaum's article, 12353
prevalence & design of administrative protocols for limited life prolonging medical treatment plans, nursing homes, 25503
process of understanding physical complaint & provision of explanation as form of psychotherapy in general medical practice, conference presentation, 20460
psychological preparation interventions, stressful medical procedures, medical patients, 12651
reasons for separation between medicine & psychiatry, comments on M. L. Teitelbaum's article, 12328
recall of experience & methods of communication & coping ability, 12–16.9 yr olds who underwent endotracheal intubation, 15225
religion & cultural factors & language barrier, hospital medical treatment, North African immigrant workers, France, conference presentation, 7418
right to refuse treatment & subsequent delayed medical care, mentally retarded 68 yr old institutionalized female with breast cancer, 4668
roadblocks to effective integration of psychiatry & rest of medicine, comments of M. L. Teitelbaum's article, 12332
role of computerized medicopsychiatric histories in international unification of medical & psychiatric education & aid, 24077
role of general practitioner in treatment, 2.5 yr old male with asthma & his family, 2004
role of medical & psychological disciplines in diagnosis & treatment of sleep disorders, 6740
role of psychiatrists & medical practitioners in failure to integrate medical & psychiatric care, comments on M. L. Teitelbaum's article, 12339
treatment compliance & cooperation, implications for psychotherapeutic & medical & lifestyle change approaches, 14965
treatment of psychosocial needs during each stage of in utero treatment of fetus, family, 18221
urologic cancer treatment, sexual functioning, implications for sexual counseling, 10002
Medication [See Drug Therapy]
Medicine (Science of) [See Medical Sciences]
Meditation
age & duration of practice with transcendental meditation-Sidhi program, performance on WAIS Digit Symbol & Picture Arrangement scales & line crossing measures, 20–79 yr olds, 17986
anxiety & defensiveness & physiological responsivity, female meditators vs nonmeditators, 23864
biochemical correlates of meditation, literature review, 29329
Buddhist meditation & psychoanalytic listening, 17872
concentration biofeedback aid & relaxation therapy, full absorption of consciousness in respiratory meditation, 20–45 yr olds, 20374
expectancy, physiological responsivity, novice meditators, 29328
experience of altered states of consciousness & adaptive/maladaptive consequences, 18–60 yr old meditators vs psychiatric outpatients vs epileptics, 14565
integration of psychotherapy & meditation, comments on thoughts of I. Kutz, 6986
meditation program as component of individual dynamic-exploratative psychotherapy, psychiatric patients with narcissistic or borderline personality disorders or anxiety or obsessive neurosis, 20309
meditation to assist in remembering rights & privileges, patients in psychotherapy, 20321
meditation, visual perception & thresholds, experienced meditators, 16249
mindfulness meditation, chronic pain, patients, 1881
model & use of contemplative prayers in psychotherapy, 27780
organized meditation program, drug usage, White adult Ss, implications for subculture, 7487
physiological state of decreased activation, potentiation of arginine vasopressin secretion, long term meditation vs nonmeditation 22–31 yr olds, 23872
psychological characteristics of Ss experiencing increase in anxiety during progressive relaxation vs meditation training, college students, 27918
psychophysiological & behavioral responses to meditation & personality correlates, 8265
psychophysiology of Orthodox prayer & meditation, 6203
Qigong breathing, EEG power spectrum & coherence, 32–72 yr olds, 582
Sidhi advanced meditation techniques, field independence, individuals practicing Transcendental Meditation, 19176
similarities & differences in meditation & somatic arousal, comments on article by D. S. Holmes, 26552
Theravade Buddhism & its school of Vipassana meditation & psychobiology of W. Reich, 18834
transcendental meditation, reduction of drug usage, literature review, 15449
transcendental meditation with psychotherapy, post-war adjustment, Vietnam war veterans, 12365
Medulla Oblongata
aftereffects of megavoltage radiation therapy for medulloblastoma, patients, literature review, 2011

contralateral inferior olivary complex lesions, extinction of classically conditioned nictitating membrane eyeblink response, male rabbits, 29371
electrical stimulation of inferior dire & reversible lesions of climbing fiber inputs to cerebellum, Purkinje cell activity in flocculus, cats, 26560
electrical stimulation of nucleus tractus solitarius, leverpressing rate for substantia nigra self stimulation & food consumption, food deprived cats, 21424
forelimb reaching, neuronal activity in nucleus reticularis gigantocellularis, male rats, 3170
ibotenic acid lesions of nucleus basalis magnocellularis vs atropine injection, water maze learning & retention & locomotor activity & feeding behavior, female rats, implications for cholinergic decline in Alzheimer's disease, 26622
intrathecal administration of methysergide &/vs yohimbine, antinociception induced by stimulation of nucleus raphe magnus vs nucleus reticularis paragigantocellularis, male rats, 21364
iv angiotensin II infusions & low dietary sodium, activity of angiotensin II receptors in olfactory lobes & diencephalon & midbrain & cerebellum & medulla, male rats, 26752
neurotransmitter distribution in dorsal vagal complex of medulla oblongata, literature review, 29285
wakefulness vs NREM sleep, activity of medullary respiratory neurons, cats, 29289
Melancholia [See Depression (Emotion)]
Melancholy [See Sadness]
Melanin
multiple regression vs path analytic techniques & iris color, modeling of hearing threshold levels, textile workers exposed to low- vs high-noise levels, 29025
Melanocyte Stimulating Hormone
alpha-melanocyte-stimulating hormone &/vs saline intake & light phases, aggressive & social & locomotor behavior, male mice, 11327
beta-endorphin vs alpha-melanocyte stimulating hormone vs melanocyte stimulating hormone release inhibiting factor, dextroamphetamine induced paradoxical behavioral thermoregulation, male rats, 16837
exposure to brain homogenates, relative stability of alpha-melanotropin & analogs to biodegradation, male rats, 622
icv vs ip doses of analog of ACTH/melanocyte-stimulating hormone, reduction of amygdaloid kindled seizures, male rats, 643
melanotropin analogs with structural modifications of alpha-melanocyte-stimulating-hormone/ACTH 4-10, grooming behavior, rats, 649
prolyl-leucyl-glycinamide vs alpha-melanocyte stimulating hormone, levorphanol analgesia & tolerance & dependence, male mice, 13969
Melanotropin [See Melanocyte Stimulating Hormone]
Melatonin
desipramine, plasma melatonin & cortisol levels, depressed 26–72 yr olds, 30787
evening administration of destyrosyl gamma endorphin, reversal of reduction of nocturnal urinary melantonin secretion & rapid antidepressant activity, 23–68 yr olds with major depression, 30708
gonadotropin & cortisol & melatonin levels, adolescents with anorexia nervosa vs depression, conference presentation, 6735
lysine-8-vasopressin, mood & daily growth hormone & cortisol & melatonin & prolactin levels, depressed 37–67 yr olds, 22603
melatonin & clinical variables, 26–63 yr olds with major depression, 9212
melatonin as depression marker & cortisol secretion, comments on article by B. Claustrat et al, 30141
melatonin as marker in depression, 26–58 yr olds with major depression, 17322
melatonin, circadian rhythms, lizards, 21612
melatonin injections into nucleus accumbens followed by beta-endorphins, behavior, male rats, 16630
nocturnal melatonin secretion, male depressed patients, 1269
pargyline vs amitriptyline vs quinuperamine vs desipramine vs nomifensine, pineal production of melatonin, male rats, conference presentation, 5908
pineal melatonin content, duration of hibernation bout, hibernating vs euthermic ground squirrels, 16449
saline vs lorazepam with vs without cold exposure, pineal melatonin & N-acetylserotonin content & serotonergic turnover, rats, 23897
serotonin & antidepressant drug injections into nucleus accumbens, melatonin- & apomorphine-induced locomotor activity & rearing & grooming & sniffing, male rats, 5847
serum melatonin & cortisol & morning level of plasma ACTH & dexamethasone suppression test, 26–63 yr olds with major depressive disorder vs patients in remission from unipolar vs bipolar depression, 19893
Mellaril [See Thioridazine]
Membranes [See Also Nictitating Membrane, Olfactory Mucosa]
chlorpromazine vs fluphenazine vs haloperidol vs imipramine, biophysical properties of brain cell membranes, male rats, implications for phenothiazine treatment, 13968
chronic phenobarbital, synaptosomal sodium transport & membrane fluidity, mice, 16721
ethanol-induced changes in membrane lipids, implications for alcohol intoxication, literature review, 5940
function of adrenergic receptors in thrombocyte & lymphocyte membranes, patients with anorexia nervosa, 9529
haloperidol & thiothixene & imipramine & lithium & carbamazepine & chlordiazepoxide & pentobarbital & bentropine mesylate & trihexyphenidyl, physical properties of platelet membranes, healthy volunteers, 14076
inhalation of ethanol vapor, tolerance & erythrocyte membrane lipids concentration, rats, 16687
membrane physical properties & alcohol dependence, mice selected for genetic differences in severity of withdrawal seizures, 19450
Memory [See Also Eidetic Imagery, Long Term Memory, Memory Decay, Memory Trace, Reminiscence, Short Term Memory]
accounting for functional differences between immediate & mediate linguistic forms in systemic distortion hypothesis, college students, 11776
accuracy of feeling-of-knowing phenomenon, amnesic patients with Korsakoff's syndrome vs with other causes of amnesia vs patients who had ECT, 30461
accuracy of memory of pain experienced during childbirth, 19–42 yr old females, 9999
acquisition of new information, reconstruction of interpersonal encounter, college students, 1120
acquisition of 3-event delayed sequence discrimination & effects of increase of interstimulus & retention intervals, pigeons, 21233
ACTH, primary & secondary memory assessed by free recall, depressed 21–50 yr olds treated with ECT, 9653
ACTH vs epinephrine vs beta-endorphin vs naloxone or treatments blocking their release or hypothalamic lesions, performance on step-down inhibitory avoidance task acquired 0 vs 3 vs 6 hrs before treatments, female rats, 11216
ACTH 4-9 analog, memory & vigilance, depressed patients aged 50 yrs & over, 27954
activation model of identification benefits for repeated words & pseudowords & memory, reply to comments by J. C. Johnston et al, 11020
activity duration, memory for activity performance, college students, vs elderly adults, 24133
age & linguistic integration & demands on working memory, memory for facts & inference & recognition, 18–23 vs 60–72 yr olds, 29579
age & time passage, prospective/intentional & incidental memory, 23–93 yr olds, conference presentation, 26862
age differences, memory for sentences with vs without imagery vs self performed tasks, 18–25 vs 56–89 yr olds, 24113
age, memory for discourse, 21–37 vs 56–81 yr olds, implications for working memory capacity, 24135
age, recall memory performance, 16–24 vs 58–81 yr olds, 3412
age, spatial memory, male rats tested at 6 vs 26 mos old, 23658
aging & enriched environment, performance in radial maze & recovery function of visual EP, 7–8 vs 30–33 mo old male rats, 29217
alaproclate to block serotonergic reuptake system vs pirenperone to block postsynaptic receptors, learning & memory, mice, 16544
alcohol intoxication, oral recall of prose at varying presentation rates, male students, 19483

allocentric vs egocentric frame of reference, exploration of original & novel object in arena & spatial memory task performance, gerbils, 11089
alphabetical name order, memory performance for semantically constrained sentences, police cadets, 19166
alteration of labels attached to points & semantic clustering, memory of spatial locations, college students, 19136
animal models & hormonal & amygdala & adrenergic involvement, memory modulation & dysfunction, 16417
animal models of age-related performance differences & impairments in learning & memory tasks, implications for gerontology & geriatrics, 16349
aniracetam, enhancement & protection of avoidance learning, poor- vs normal-learning mice, 16825
Anna Thompson story & delayed memory test, recent vs delayed recall of culturally relevant material, demented vs nondemented community vs institutionalized elderly Jewish patients, 13435
anterograde amnesia & remote memory impairment, patients with Korsakoff's syndrome, 22325
antivasopressin serum injections into dorsal & ventral hippocampus & dorsal septum, memory & passive avoidance behavior, male rats, implications for vasopressin treatment of memory disorders, conference presentation, 29484
arecoline &/vs edrophonium &/vs oxotremorine &/vs tacrine, active avoidance performance, male mice, 16625
arginine vasopressin, age related changes in temporal memory, rats, 16713
arginine vasopressin, learned avoidance behavior & memory & stress, rats, 16680
associationism & legacy of H. Ebbinghaus, 10991
associatively significant posttrial stimuli, learning & memory in delayed conditional discrimination task, pigeons, 13721
attention to context information, memory for target words, 2nd vs 3rd vs 5th graders vs college students, 16906
attitude-relevant information in memory & message quality vs length of persuasive communication, opinion change, college students, 14448
auditory vs visual modality & suffix effects, serial recall of melodic vs harmonic musical materials, 18–79 yr old professional musicians & music students, 21188
auditory vs visual presentation & suppression of vocal vs visual activity, sentence memory & retention of wording & meaning, high school & college students, 29138
auditory vs visual word-to-picture matching vs semantic judgments, facilitation of retrieval of picture names, aphasic patients, 4144
automatic & strategic aspects of knowledge retrieval in relation to associative memory model by J. G. Raaijmakers & R. M. Shiffrin, college students, 11028
aversive underwater radial maze, spatial working memory in choice of "safe" place, rats, 21222
barley food, facilitation of movement through handling system, sheep, 21226
basal forebrain lesions, choice accuracy in working memory task vs spatial discrimination in reference memory task, male rats, 23920
bilateral ablations of amygdala vs hippocampus, performance on visual &/vs tactual versions of object memory task, monkeys, implications for etiology of Kluver-Bucy syndrome, 8509
bilateral lesions to basal forebrain, performance on passive & active avoidance tasks, rats, 616
bilingualism, cognitive performance on Piagetian tasks assessing conservation & memory, mentally retarded 7–8 yr olds, 12144
bizarre imagery, memory of word triplets, college students, 13677
brain beta-endorphin system, modulation of consecutively & simultaneously processed memories, animals, literature review, 23805
brain biochemistry, memory function in normal aging vs senile dementia or Alzheimers disease, literature review, 17697
brief familiarization experience with object, sensitivity to familiar size as information for distance of objects under monocular vs binocular viewing conditions, 7 mo olds, 21703
caffeine & verbal ability & impulsivity, recall of word lists presented at fast vs slow rates, male vs female college students, 19439
caffeine &/vs diazepam, mood & cognitive & learning & memory & psychomotor performance, young adults, 24001
carbamazepine, antiepileptic & antiamnesic effects, male rats with experimentally induced limbic epilepsy, 5864
category verification RT vs exemplar typicality vs instance dominance vs category selection time vs category dominance, college students, 19128
causal vs temporal organization of clay manipulation task, memory of event, kindergartners vs college students, 26855
cerebral ischemia & severity of lesions, dichotic listening patterns & language recovery & memory, right handed 31–75 yr old aphasic patients, 6-mo study, 27638
changes in environmental context, recognition memory, college students, 26358
changes in language performance, active 22–31 yr old vs retired 50–83 yr old English teachers, 19614
CHARM model of cued recall, comments on article by J. M. Eich, 29124
choline &/vs scopolamine, memory, healthy 18–30 yr olds, 16724
choline-enriched diet, amnesic effects of anisomycin following passive avoidance training & choline acetyltransferase & tyrosine hydroxylase activity, 2–3 vs 14–16 vs 17–20 mo old male mice, 5903
chronic vs acute vasopressin injections, learning & memory assessed by active avoidance task, rats, 8546
cinematic cutting, evaluation & retention of film & recall of cuts, college students, 13667
classical conditioning of nictitating membrane in rabbits as model for study of learning & memory & aging, 23692
client education about cerebral angiography via standard text vs text prepared in light of information processing, retention & memory of text, patients & nonpatients, 12638
codification & stimulus repetition, identification of words vs pseudowords currently vs after 1 yr, college students, 3032
coding & communicative setting, recall & verbal reports of unfamiliar places, college students, 21185
cognitive procedures for naming letters vs naming words they comprise vs reading of 1st vs 4th order approximations of English typographical forms, college students, 16316
cognitive revolution & neuro- & computer sciences, resurgence of mind/brain relationship & study, 23350
collaborative vs individual recall of simulated police interrogation, college students individually vs in groups of 2 vs 4, 24494
comments on H. Ebbinghaus's work on memory, 11023
compensation & recoding as framework for aging & memory research, 29118
comprehension & memory, sarcastic statements in conversation, college students, 16845
comprehension task vs pleasantness rating during learning of list of unrelated sentences, verbatim & inferential memory, college students vs elderly adults, 8795
computerized testing, evaluation of verbal comprehension vs spatial-visual reasoning & memory abilities & learning & attention & psychomotor skills, 23443
conceptual structure & organization of information in memory, flying performance, undergraduate pilot trainees & National Guard & US Air Force instructor pilots, implications for decisions about assignments to fighter aircraft, 19157
context & category cues, recall of episodic information from memory, 2nd vs 4th graders vs college students, 11401
context influences, recognition memory for typical & atypical script actions, college students vs aged, 8742
context of word pairs, retrieval processes in recognition memory tasks, female college students, 29147
contextual framework & word familiarity, episodic memory, 19–29 vs 65–79 yr olds, 24122
contributions of H. Ebbinghaus to scientific psychology & investigation into memory & associative processes, 23608
correlational structure of recall for visual material vs nonsense syllables & words, 8–9 vs 12–13 vs 16–17 yr olds, 6036
correlations & discrepancy scores among Wechsler intelligence vs memory scale quotients, 16–50 yr old closed-head-injured patients, 18987
critical evaluation of E. Tulving's semantic-episodic memory distinction, 19143
critical evaluation of E. Tulving's semantic-episodic memory distinction, reply to comments of E. Tulving, 19155
critical evaluation of E. Tulving's semantic-episodic memory distinction, reply to criticism of G. McKoon et al, 19162
criticism of H. Ebbinghaus's memory research, 11006

cross-episode thematic connections, comprehension & memory, college students, 19158
damage to memory system that develops in infancy & organic amnesia, implications for cognitive development theories, 17637
deficit in phonological processing abilities, performance on reading & spelling & immediate memory tasks, 21 yr old female college student, 22215
degree of detail in pictorial stimuli, memory, college students & Ss aged 18–36 yrs vs Ss aged 60 yrs & over, 24145
delayed alternation & delayed response deficits, 24–65 yr old male patients with frontal lobe disease vs amnesia from Korsakoff's disease vs surgery for anterior communicating artery aneurism, 27555
delayed reinforced alternation test, acquisition of working memory, Roman high vs low avoidance male rats, 13779
delayed vs immediate rating conditions, accuracy of behavior ratings & performance evaluation of videotaped graduate student lecturers, college students, 16109
depressed mood, recall of stories about good vs bad vs neutral events, college students, 3061
depth of processing & intentional vs incidental learning, memory for abstract & concrete items, 11001
depth of processing vs idea unit level vs text organization, proportion recalled vs estimated recall of prose text, college students, 325
derived vs supplied strategy utility information, strategy selection, 2nd graders, 16918
desglycinamide-9-arginine-8 vasopressin, learning & memory, patients with Alzheimer's disease & dementia associated with alcoholism, 15171
desirability of inducing use of mnemonic strategies, accuracy of recall of criterion movement, mentally retarded 12–14 yr olds, 15832
development of classification scheme for procedural & semantic & episodic memory, 8252
development of measure of working memory capacity & relation to reading comprehension skill, college students, replication of research by M. Daneman & P. A. Carpenter, 13613
development of methodology for auditory analog to visual memory-search task, college students, 19028
developmental changes, self reports of everyday memory abilities & difficulty of memory tasks, 3rd vs 6th vs 9th vs 12th graders vs college students, 24127
developmental trends in speed of semantic memory retrieval, literature review, 16963
developments in study of animal memory compared with contributions of H. Ebbinghaus, 11076
dexamethasone-induced suppression of pituitary-adrenocortical system & shock, retention of passive avoidance at various time intervals, male vs female rats, 16650
diazepam, memory & psychomotor performance, 60–77 vs 20–36 yr olds, 11330
difficulties of recognition of melodic memories, college music students, implications for teaching methods, 13010
direct storage memory model, explanation of semantic relatedness effect in verification situation, college & graduate students, 16326
direct vs plausibility retrieval strategies, memory, college students vs elderly college alumni, 13689
disconnection hypothesis of memory deficits in amnesia, 17688
discrimination learning requiring long term reference memory & working memory, 8–9 vs 22–24 mo old male rats, implications for neurochemical comparisons, 11136
dissociation between acquisition & performance of skills & learning & retention of new facts, amnesic patients vs college students, 17571
distinct & dissociable cortical systems for memory for facts & memory for events, 19163
distributed model of information processing & memory, comments on article by J. L. Clelland & D. E. Rumelhart, 8237
distributed model of information processing & memory, reply to comments by B. Broadbent, 8249
distributed model of information processing & memory, representation of general & specific information, 8244
distributed models of cognitive processes in learning & memory, 16320
dose level of oral physostigmine, memory, 58–83 yr old patients with Alzheimer's disease, 25268
double dissociation between perseverative responses on short term memory & problem solving task, 51 & 61 yr olds with cerebral tumors, 27592
drug-induced anesthesia, memory for word list, abdominal myomectomy patient, 20452
drug therapy vs group psychotherapy, subjective memory complaints, depressed geriatric outpatients, 4258
duration of delay & hue vs linear stimuli, performance on matching-to- sample task, pigeons, 11092
duration of presentation of word list & encoding task, memory deficits assessed by recall, 18–29 vs 60–86 yr olds, 8716
ease of learning & memorizing computer commands & memory retention needed for & methods of representing different metasyntactic representations in computer command languages, 23289
ecological approach to memory research, 3043
ecological memory, comments on article by D. Bruce, 8241
ecological study of memory, reply to comments by W. Hirst & E. Levine, 8238
ECS shock, working vs reference spatial memory in radial maze, male rats, 29359
ECS, spatial memory of mazes, male rats, replication of study by D. A. Shavalia et al, 5784
ECT, memory & neuropsychological & blood pressure changes, 21–63 yr old psychiatric inpatients with major depression, 17749
ECT with unilateral vs bilateral electrode placement & brief-pulse vs sine-wave stimulus waveform, memory, psychiatric inpatients, 22387
educational strategies, improvement of memory & attention & spelling ability, gifted & learning disabled elementary & high school students, 13061
EEG, measurement of cognitive functions during verbal memory span testing, children with epilepsy, 1623
EEG spectral analysis & visual EPs & photic-driving as correlates of personality & memory, 18–30 yr olds, 3204
efficiency of remembering concurrently presented series of letters & digits, 18–22 vs 59–84 yr olds, 3055
elaborative processing & implicit vs explicit memory for new word associations, college students, 29150
electrical stimulation of hippocampus vs pentoxifylline with vs without choline, spatial maze performance & speed of hippocampal kindling & neuronal plasticity, 3 vs 26 mo old male rats, 16460
electrical stimulation of locus ceruleus vs piperoxan, memory impairment, 5 vs 18 mo old mice, 16508
electrocoagulation of medial vs lateral septum, septal syndrome & sleep-wake cycle & instrumental reflexes & responses to CS, cats, 5804
emotiogenic complex formed by engram with emotional component, CNS activation, conference presentation, 3208
emotions, memory & cognitive processes, implications for understanding clinical depression, comments on research by L. Hasher et al, 13663
encoding & retrieval processes, memory for conceptually isolated words, college students, 11021
enhanced spatial context, TV message retention, females, 29504
environment context, memory for frequency, college students, application to revised interference theory of forgetting, 300
environmental & intrapsychic factors in resistance to induction &/or hypnotic interview, victims of or witnesses to crime, 21208
environmental cues recall instructions vs multiple learning contexts, context-dependent forgetting, college students, 321
epinephrine, memory retention, young vs old rats & mice, implications for involvement of peripheral adrenergic systems in age-related memory deficits, 24032
ethylcholine aziridinium vs artificial CSF into lateral cerebral ventricles vs dorsal hippocampus, avoidance conditioning & retention, male rats, 16829
event-related memory structures & cognitive development, 4–6 yr olds, 24128
experimentally induced epileptic discharges in visual area, exploratory behavior & learning & memory in passive avoidance paradigm, rats, 29358

experimenter vs self administered electrical brain stimulation, learning & memory, literature review, 5698
explicate & implicate order in computer memory, 16085
exploration- vs instruction-based computer assisted training of procedural device knowledge, use of analogical reasoning from abstract vs concrete memory device representations, college students, 31194
externally applied extremely low frequency electromagnetic fields, consolidation of complex narrative, college students, 13914
faces & words presented continuously at varied rates, recognition performance & intelligence & automatic memory processes, college students vs mildly retarded Ss, 24823
feedback about recall strategy efficacy, selection of associative learning & memory strategy, 5th graders vs college students, 24137
fenfluramine vs fluoxetine vs imipramine, 5-HT activity & memory function assessed by appetitive learning, male rats, 5886
fimbria lesions & chronic injections of nerve growth factor, behavior assessed by memory of maze learning task & hippocampal choline acetyltransferase activity, female rats, 23905
flunarizine vs nimodipine vs nifedipine vs verapamil, hypoxia-induced amnesia in avoidance conditioning, guinea pigs, conference presentation, 588
forebrain ischemia, learning & memory, rats, 16540
forebrain lesions, choline & dopamine & serotonin brain levels & avoidance conditioning & spatial discrimination, rats, implications for role of cholinergic system in human memory & Alzheimer's disease, 11252
foresight vs hindsight interest & knowledge of gubernatorial election, college students, Hawaii, 21870
fornix transection following pre-operative training, memory of running recognition task with visual-spatial configurations, monkeys, 3256
fornix transection, performance on spontaneous & trained non-matching tasks, monkeys, 610
free vs context-cued recall of target words with relevant vs irrelevant elaborations, young adults vs elderly, 16946
free vs forced choice & retention interval in radial maze task, development of spatial memory, 18–71 mo olds vs college students, 3410
frequency discrimination, assessment of global vs element-level memory units, college students, 19138
functional hemidecortication by spreading depression in vs epileptic focus on neocortex, spatial memory task performance, male rats, 16534
general dimensional vs situation-specific vs behavior-specific forms of relational knowledge, biases in memory for relational implications of remarks in conversations, college students, 21924
general knowledge &/vs experience, item vs order memory for preschool script components, kindergartners through 3rd graders who had vs had not attended preschool, 11438
generation & test of theory of storage & retrieval processes in memory, 5507
generation effects for high vs medium vs low frequency words vs nonwords, college students, criticism of L. A. McElroy & N. J. Slamecka's study, 19147
genes & cyclic adenosine monophosphate & other enzymes, learning & memory, drosophila mutants, 480
hedonic vs nonhedonic aspects of autobiographical memory, recent attempted suicide patients, 24816
height of target propositions & elaboration, free recall of target propositions within paragraphs, college students, 23633
hemispheric asymmetry in memory search for 4-letter names & human faces, male college students, 535
high vs low need for power & high vs low gain in 3-methoxy-4-hydroxyphenylglycol, recall of story content, 16–29 yr old college students, 3211
Hoe 175, retention of inhibitory & acute avoidance tasks, male mice, 16656
homogenous vs heterogenous word lists presented twice, prediction of recall during 1st vs 2nd presentation, college students, 13694
human evolution as process of interaction among telenomies of intrasomatic genetic & extrasomatic cultural memories & individual psychological selection, 26101
human learning research of H. Ebbinghaus, 11032
human leucocyte interferon-induced memory & psychomotor dysfunction, 46–65 yr olds with amyotrophic lateral sclerosis, 30739
hypermnesia effect in retention, 3048
hypoxia, avoidance conditioning & memory, guinea pigs, conference presentation, 587
ibotenic acid lesions of nucleus basalis magnocellularis, retention of radial arm maze task, male rats, implications for Alzheimer's & Pick's & Parkinson's disease, 19401
icv administration of vasopressin antagonist peptide, memory enhancing qualities of arginine vasopressin, male rats, 8534
illustrative details, recall of main points in simple vs factual passages, college students, 714
imagery value of noun stimuli in metered memory search paradigm, college students, 23636
imagination & spatial ability & short term & visual recognition memory on visual vs verbal tasks, mathematically vs artistically gifted 12–14 yr olds, 26830
immediate vs delayed presentation, performance on word & picture memory tasks, 8 yr olds with above vs below vs average intelligence, implications for intellectual capacity, 11404
impairments of memory storage & retrieval, healthy 60–77 yr olds with diazepam induced memory deficits vs 54–82 yr old outpatients with primary degenerative dementia, 30363
implicit vs explicit memory for new associations, repetition priming effects on word comparison completion performance, amnesic vs normal 20–81 yr olds, 12203
implied velocity & acceleration of dot pattern displays, memory shifts, college students, 21176
impression formation vs empathetic vs cognitive task objectives & time delay, memory for action sequences, college students, 330
incidence of intrusion errors on word tests, patients with Alzheimer's disease, 27574
individual differences in event free recall vs item-generation fluency, 18–49 yr old females, 3044
individual differences, visual recognition memory & cardiac vagal tone, 6 mo olds, 24094
individual's feeling of knowing vs normative feeling of knowing vs normative item difficulty, predictions of memory performance, college students, 19149
information & memorial processes, explanation & prediction of transfer-of-training effects, implications for military training, literature review, 5486
information about common purchase events, memory structure, 4–5 vs 6–7 vs 9–10 yr olds, 24132
information transfer from verbal to visual code, long & short term memory functioning on pictogram task, paranoid schizophrenic patients, 14604
informed impression towards abortion groups, recognition of learned items & associated attitude category, college students, support for bipolar model of memory, 29980
inhibition of competing responses in recognition memory, 47–83 yr old amnesic patients with Korsakoff's syndrome vs senile vs multi-infarct dementia, 25001
inhibition of protein synthesis with anisomycin, avoidance conditioning & performance on leupeptin sensitive olfactory memory task, male rats, 11340
initial rating of 1 vs all workers, subsequent memory-based performance ratings, college students, 23197
initial stimulus-based judgments, subsequent memory-based judgments of consumer product, college students, 26068
inserted question aids &/vs E provided macro structure of passage, text recognition, 2nd vs 5th vs 9th graders, 14170
instructions & orienting task & memory tests, memory for words & word frequency, college students, 29128
instructions to remember vs forget stimulus words, recall test performance, college students, evidence for retrieval inhibition, 13657
integration of height & width in perceptual & memorial judgments, college students, 10893
intellectual & memory & language functions & phenotypic features, noninstitutionalized 4–63 yr old family members with pattern of genetic transmission of fragile-X syndrome, 30325
intellectual ability & memory functions, patients with brain-fag syndrome, Nigeria, 3792
interaction of operative & semantic & reflexive compartments in cognitive processes & performance, 8211

interference theory & forgetting, model of unitary memory, 5494
internal & external memory aids, memory for past & future tasks, college students, 29134
intertrial interval, memory for events occurring in temporal order, male rats, 5576
intraperitoneal physostigmine vs pilocarpine, spatial memory impairment induced by lesions of nucleus basalis magnocellularis, male rats, 13899
inverted presentation of photographs, recognition of faces vs landscapes vs dog breeds, college students vs 29–77 yr old dog experts, 21075
item identification, memory performance, mentally retarded vs normal adults, 1468
item repetition & priming between newly learned associates, activation decay functions, college students, 11018
iv administration of diazepam & hyoscine, recognition memory, 20–52 yr olds, 8601
Jungian psychological type, eyewitness memory for simulated accident & susceptibility to postevent information, college students, 21996
lack of recall for detail & acquisition of affective reactions, 41–69 yr old alcoholic Korsakoff patients, 1429
lack of structural constraints, ability to use context & category cues to search associative memory for episodic information, 2nd vs 5th graders & college students, 788
learning & retention rates in short after-learning intervals, Wistar vs Long-Evans rats, conference presentation, 11064
learning ability & memory & ability to compartmentalize information & recall of word lists, patients with multiple personality disorder, 22120
learning of unfamiliar computerized maze, retention & reaction time & heart & respiratory rates & phasic changes, human Ss, 6-wk followup, 8451
left vs right hemisphere infarcts, visual & verbal memory & performance IQ, male vs female patients, 12281
lesions limited to hippocampus, degree of memory impairment, cynomolgus monkeys, 21472
lesions of medial geniculate nucleus, auditory emotional conditioning, male rats, 16531
lesions of nucleus basalis magnocellularis & medial septal area, memory in behavioral & maze discrimination tasks, male rats, 26606
leu-enkephalin injections, memory of maze response for food reward, male mice, 14015
level of involvement strategy in advertisement, memory for & attitudes toward brand name products, college students, 7913
levels of processing perspective for memory research in counseling, 30901
lithium, memory & recall, healthy 21–27 yr old college students, 21623
loci mnemonics vs progressive-elaboration instruction, memory & recall & recognition of concrete word series, college students, 23627
long term occupational exposure to toluene, memory, male rotogravure vs offset printers, Finland, 30416
looking vs naming vs rehearsing vs categorizing as preferred memory strategy, 4th vs 6th graders, 8748
loud vs quiet uncontrollable vs loud controllable noise, recall of positive vs negative trait words & mood state, female college students, 26370
low vs high doses of zimeldine, memory, 49–65 yr olds with Alzheimer's disease, 18046
luminance during presentation of pictorial & digital stimuli, reduction of amount & retrieval rate of available information & subsequent memory, college students & adult Ss, 13571
lysine-vasopressin, memory performance, 18–58 yr old monozygotic twins, 16621
map recall & learning strategies & performance, young adult vs middle aged vs aged females, 24158
marker stimulus following choice response in delayed reinforcement, discrimination performance, pigeons, 11069
matching & delayed matching-to-sample performance, measurement of visual processing time & selective attention to & memory for visual cues, 35–45 vs 46–59 vs 60–70 yr old male alcoholics vs 39–70 yr old male Korsakoff patients, 24795
mathematical vs psychorhetorical analysis of comprehension & memory of persuasive vs demonstrative discourse, 16296
medial basal hypothalamic beta-endorphin system, memory & retrieval of learned behavior, 16410
medial temporal lobe disruption, memory process, humans, 16510
memories for performed vs imagined actions, 6 vs 9 yr olds vs adults, 6051
memory & musical structure & acculturation & temporal organization, discriminative capacities on musical tests, children, conference presentation, 14200
memory & retrieval of proper names, 20–23 vs 40–59 vs 60–80 yr olds, 26815
memory & use of schemata & social contextual interactions, language comprehension & production, male dyslexic school age children, 6679
memory ability word recall & recognition & verbal fluency & language comprehension, 50–68 yr olds with Alzheimer's disease, 1604
memory accessibility & external information processing, brand choice, college students & clerical workers, 26054
memory-based vs online judgment task, relationship between memory & judgment, 29133
memory board as enrichment activity, counseling, married couples, 1827
memory capacity & delayed discrimination of sodium saccharin vs sodium chloride, rats, 16355
memory capacity limitations in reasoning, 5.5–6 yr olds, 26827
memory demands, encoding & recalling of consecutive linear movements, 18–32 vs 33–47 vs 48–62 vs 63–77 yr olds, 8796
memory for color of pictures & words, college students vs 58–78 yr olds, 3448
memory for relevant vs irrelevant actions within lecture script performance, college students, implications for schema-copy-plus-tag model of memory, 19148
memory for self-generated internal stimuli, college students vs 55–83 yr olds, 3442
memory for time of news events occurring 6 mo to 20 yrs prior to study, 22–67 yr olds, implications for time scale effects, 19131
memory in delayed matching tasks, male monkeys, 611
memory of negative CS, conditioned aversion, adult vs 16-day-old rats, 23672
memory of travel slides vs kaleidoscope patterns, pigeons vs monkeys vs 21–41 yr olds, 16361
memory performance & self assessment & affective status, 65–90 yr old females, 8803
memory performance on unrelated paired associates task, college students vs 60–75 yr olds, 3439
memory representation of common events revealed through inferences, college students, 5481
memory retention vs semantic categorization task, direction & magnitude of hemispheric differences in processing of words & pictures, right handed male college students, 510
memory scanning of 2 sets at once, comments on C. Ryan's criticism of article by W. Schneider & R. M. Shiffrin, 13617
memory search & encoding time in choice RT task, paranoid & nonparanoid schizophrenic 18–60 yr olds, 17357
memory set size vs types of probe vs interference in recognition memory, retrieval time, college students, 329
memory test performance & cerebral glucose metabolism, 27–78 yr olds, 16451
memory test performance, patients with organic brain damage & depression, 20152
memory training strategies, 52 & 56 & 60 yr old males with amnesic disorder, 15094
memory vs perception condition, magnitude estimates of line length & polygon area, college students, 193
memory work method of feminist social research. 17162
metacognitive aspects, memory development, 29613
metamemory & memory behavior & performance, 3rd graders, 3461
methodological & empirical & theoretical contributions of H. Ebbinghaus to memory research, 11012
methodological issues in recognition memory & encoding of semantic information, aged, literature review, 8763
methods for study of memory strategies, 5497

methylphenidate, mood & event-related potentials & memory scanning & vigilance, normal 8–14 yr olds, 16752
mirror effect of old/new items in classes of stimuli, recognition memory, 13658
misleading postevent information, descriptions of perceived vs suggested memories, college students, 19156
misleading postevent information, memory for original event, college students, 3053
misleading postevent information, memory for original event, reply to comments by E. F. Loftus et al, 13676
misleading postevent suggestions, availability of originally encoded information, comments on experiment by M. McCloskey & M. Zaragoza, 13671
mnemonic skills & schema building course, memory, 15712
model of memory as individual unconnected records with attached heading, 19146
model of neural network for spatial memory & images, 11156
models of semantic memory, literature review, 16309
mood & depression, memory & recall, response to criticisms by A. M. Isen & H. C. Ellis & J. D. Mayer & G. M. Bower, 13661
mood & encoding demands, memory & recall, mildly depressed Ss, comments on work by L. Hasher et al, 13654
mood state & sentence type & retention interval, recall of target words in episodic memory, college students, 5377
mood states, memory & cognitive processes, literature review, 19105
morning vs afternoon, incidental visual memory for words & ability to solve verbal analogies, normal vs learning disabled vs educable mentally retarded children, 6691
morphine vs ethanol administration & immobilization stress, memory process in passive avoidance task, mice, conference presentation, 11209
motivational & emotional components of memory & attention & search processes, regulation of behavior, phobic patients, implications for treatment, 24719
motor control & perceptual motor coordination & attention & learning & memory, children at risk for schizophrenia, Israel, 3876
motor encoding & components of meaning & semantic memory, 23628
naloxone following familiar vs novel inhibitory avoidance task training, retention behavior, male rats, 23946
naloxone, spatial memory in radial maze, 4–6 vs 24–26 mo old male rats, 29368
need for research on role of memory in larger cognitive system in view of past research in tradition of H. Ebbinghaus, 10990
neocortex lesions, brightness discrimination task performance, male rats, 13933
neural functioning of brain in memory & long term processing of information, 23818
neural systems of forebrain implicated in memory, nonhuman primates, 16432
neuroactive peptides, memory of passive avoidance training, neonatal cockerel chicks, 14036
neurobiological processes & expenditure of energy by sleeping brain, reinforcement of memories, 11148
neurological & neuropsychological problems with learning in schools, children, 10529
neuropsychology of memory, humans & animals, implications for amnesia, 16427
noise, memory for sequential order & level of stimulus processing & use of verbal vs spatial cognitive strategy, college students, 23600
noise, psychomotor & memory & visual recall & cognitive task performance, Black 5 yr olds attending day care centers near elevated subway trains, 19604
nonverbal cue context & behavior at input, availability & endurance as retrieval cues in episodic memory, college students, 29156
noradrenergic modulation, selective attention & memory retrieval, 16424
novel stimuli labeled for own vs opposite sex, exploratory behavior & memory for stimuli, 4–9 yr olds, 29670
number & distinctiveness of rated semantic vs graphic attributes, incidental memory of kanji, Japan, 13695
number of noradrenergic low vs high affinity binding sites in locus ceruleus, memory assessed by performance on step-through inhibitory avoidance task, young vs old mice, 29284
oral presentation of moral dilemma situation, recall of main idea &/or proposed solutions to situation, 19–32 vs 60–76 yr olds, 29578
organization of items in memory according to semantically related groups, Ss with motor vs sensory vs acoustic vs complex temporal aphasia, 6777
organization of sentences & thematic information, remembered duration of interval & memory & comprehension of prose material, college students, 317
organizational vs item-specific effects, recall of classmates' names, 1st vs 3rd vs 5th graders, 8703
orthographic vs phonetic memory coding using cued recall, 10.9–14.4 yr old dyslexic readers, 22210
pain remembered 3 mo after dental appointment vs expected & experienced pain, 16–66 yr old dental patients, 4570
pain, short & long term memory impairment & associative learning & mental control, male vs female headache patients, 6732
parallel-form reliability of Wechsler Memory Scale, geriatric patients with suspected dementia, 5315
partial retrograde amnesia for episodic memory, head injured 16–57 yr olds assessed during posttraumatic amnesia, 17616
passage containing predictable vs unpredictable target word from preceding context, memory & comprehension of text, college students, 314
pattern complexity, reconstruction of patterns from memory, 16–31 mo olds, 11434
perception of frequency of sex stereotyped vs neutral behavior, college students, 17163
perceptive resolution processes, theories of J. A. Fodor & Z. W. Pylyshyn & M. T. Turvey et al, 2966
perceptual fluency with word vs nonword stimuli, discrimination of old from new items, college students, 305
performance of spatial memory load secondary task with spatial vs verbal primary task, college students, 19153
performance on right vs left ear verbal vs auditory tone memory tasks, attentional independence of cerebral hemisphere resources, right handed males, 511
performance on tests of visual retention & paired associate learning & object-memory evaluation, aged with vs without primary degenerative dementia vs major depression vs 63–86 yr old geropsychiatry inpatients, 24595
pesticides vs physostigmine vs chlordiazepoxide, working memory vs discrimination task performance, male rats, 29426
pesticides vs physostigmine vs scopolamine vs methscopolamine vs chlordiazepoxide, performance on delayed response working memory tasks, male rats, 29425
phenobarbital vs clonazepam vs valproic acid vs ethosuximide vs phenytoin, delayed matching-to-sample performance, pigeons, 21571
phosphatidylserine, retention of passive avoidance & performance on psychomotor tasks, aged rats, 5829
photographs vs line drawing caricatures of individuals, RT on name recall & face recognition & name-face verification tasks, college students, 13697
physostigmine, behavioral memory deficits induced by lesions of nucleus basalis of Meynert, male rats, 16648
physostigmine, memory deficits induced by pretraining electrical stimulation of dorsal hippocampus, mice, 5760
physostigmine, memory improvement, 53–75 yr olds with Alzheimer's disease, 30759
picture stimuli manipulated by prior exposure & depth of processing, recognition & naming latency & perceptual memory, college students vs 5–10 yr olds, 21689
planning & execution elements of motor memory components, retention of their verbal description, college students, 331
play & remember vs sort & remember instructions, free & cold recall & metamemory of efficacy of sorting strategies, 45–59 vs 70–83 mo olds, 26864
pleasantness of landmarks on scaled map, recall of distances between landmarks, college students, 7906
pleasantness vs unpleasantness of events & intensity of affect, memory for date of event occurrence, college students, 29153
posttraining naloxone administration, retention of spatial learning, male rats with bilateral 6-hydroxydopamine lesions of dorsal noradrenergic bundle, 11212
postural regulation & spatial processing, college students, 13629

prediction of item recallability in free & cued recall tasks, college students, 310
predictive validity of early visual measures, assessment of subsequent cognitive outcome, preterm infants tested from 6–40 mo & at 6 yrs, 161
prenatal exposure to polychlorinated biphenyls, visual recognition memory, 7 mo olds, 1581
presentation of attitude object, activation from memory of attitudes with strong association to attitude object & evaluation of object, college students, 13623
presentation of low vs high imagery words, recognition assessed by signal detection analysis, depressed 58–88 yr olds, 30190
presentation of semantically-linked stimulus exposed beyond control of awareness, priming for semantic materials consciously seen & transformed, adult Ss, 21172
pretest contextual cueing, forgetting in maze performance, rats, 16347
primacy & recency effects in memory for episodic spatial events, male rats, 5554
primacy & recency serial position effects, stereotyped responding in multi-item spatial memory task, pigeons, 23691
primary memory vs use of temporal or contextual cues, recency effect in free recall, 16313
primary stages in development of memory research, USSR, 5482
priming between newly learned vs well-known associates in lexical decision, 13680
priming of old vs new knowledge, amnesic patients, 17662
prior informed performance feedback to ratee, formal memory based performance evaluations, college student raters, 1129
prior knowledge & expectations for occurrences in shoplifting & recall vs recognition test instructions, reliability of testimony, 10 yr olds vs college students vs older adults as mock eyewitnesses, legal implications, 11432
prior passive training & novel context, interference between passive & active avoidance training in retention of active response, rats, 19204
production frequency of exemplars for categories & organization of semantic memory, institutionalized mentally retarded adults vs nonretarded children & adolescents & adults, 27485
prose & list learning, free recall, meta-analysis of list & prose learning literature, 8248
prose read under conditions of reading vs alternative perspectives, recognition memory & total & selective recall of passage, college students, model of encoding & retrieval processes, 23625
protein F1 phosphoprotein, memory, rats, literature review, 16779
psychometric assessment of measures of scripts in consumer memory, schematics & aschematics, 5338
psychophysical scaling of duration & verbal vs magnitude time estimation, iconic & short term memory, 17–42 yr olds, 29154
question content, eyewitness performance & photograph identification, school age children vs college students viewing slides of mock crime, 26848
radiofrequency current vs ibotenic acid induced lesions in nucleus magnocellularis, spontaneous & learned behavior, male rats, 16524
radioreceptor assay in screening for cognitive toxicity of anticholinergic drugs, chronic & stable psychiatric outpatients, 20393
rate of identification of item information & memory span difficulties, learning disabled 6th grade males, conference presentation, 18595
reading ability & operativity, reading skills & metareading & memory & metamemory, 2nd vs 4th graders, 800
reading ability, semantic processing efficiency of basic vs superordinate level descriptions & high vs low typicality during memory verification tasks, 2nd–3rd vs 5th–6th grade disabled vs normal readers, 20087
reading vs self generation of word list, recall, college students, 10999
recall & memory of daily life events, author, 6-yr period, 21192
recall of objects & location in array, 12–51 yr old patients with unilateral frontal vs temporal lobe excisions, 6874
recognition memory of trait adjectives, college students classified as high vs low in private self consciousness, 3752
recognition memory task organized in categorical structure, fluent vs nonfluent aphasic vs nonaphasic cortical brain injured Ss, 17690
recognition of script-based inferences via abstract script memory store, college students, 13687
recollected vs immediate experience & developmental gains in interpretations of experience, middle class 15–18 yr olds, 19665
reconstructed vs retrieved problem solution of simple additions as reflected in response latencies, college students, 21189
rehearsal independency of temporal memory, prior performances, 18.1–30.0 vs 60.3–85.8 yr olds, 8751
relation between activity level & performance & scopolamine, acquisition & spatial memory of radial maze task, C57BL/6 vs DBA/2 mice, 23657
relational vs strategic vs empirical knowledge, capacity to differentiate metals, engineering trainees, implications for model of human information processing system, 3038
relaxation training & mnemonics, attention & anxiety in face-name recall, 61–82 yr olds, 9683
reliability & validity of 30 Geometrical Figure Test & 30 Face Test, assessment of effect of ECT on nonverbal memory, depressed patients, 18939
reliability of retrieval of information about people from semantic memory, college students, 293
remembered behaviors &/vs previous trait inferences, trait judgment RT, college students, 17195
remote memory for personal & public events over 50 yrs, patients with Alzheimer's disease vs Parkinson's disease vs focal brain trauma, 17660
repetition priming, ability to inhibit simple thoughts & actions about speeded category & rhyme judgments of word pairs, college students, 11010
repetition, word & pseudoword identification & memory, comments on article by T. C. Feustel et al & A. Salasoo et al, 11005
research approaches & experimental findings & interpretations of intentional retention & metamemory sensitivity, 3045
research on relationship among dreams & sleep & memory, 16330
response-outcome incontingency before vs after learning, learning & memory, college students, 16312
retention test, performance on subsequent test on same material, college students, 2583
retroactive interference, spatial working & reference memory of 8-arm radial maze, rats, 13753
role of amygdala & its neurotransmitters in learning & memory & methods of manipulation to study its activity, literature review, 5708
role of amygdaloid complex in mnemonic processing, 8410
role of cholinergic system, memory & cognition, humans, literature review, 16405
role of cognitive strategy in spontaneity of trait attribution, college students, replication of procedures of L. Winter & J. S. Uleman, 13614
role of echoic memory processes in reading ability, school age & adolescent good vs poor readers with learning disabilities, 30333
role of hippocampus & prefrontal cortex in information coding of temporal attributes, humans & animals, 16411
role of hippocampus in information storage, 21328
role of memory in mediation of mass communication effects, literature review, 306
role of theory in ecological study of memory, comments on article by D. Bruce, 8246
roles of automatic & strategic processing, superordinate & property frequency, college students, 13648
scholastic aptitude tests, assessment of memory & motor & intellectual skills, 4989
scopolamine, continuous nonmatching-to-sample & stimulus discrimination & retention in working memory, male rats, 14056
scopolamine, vigilance & new learning & memory & physiologic & behavioral change, 42–73 yr olds with Alzheimer's disease, implications for medical evaluation of cholinergic system, 24720
scopolamine, working & reference memory assessed by maze performance, male rats, 19421
scopolamine, working vs reference memory in maze, male rats, 16835
screen memories as criterion for termination of psychoanalysis, 7038
script-typical vs -atypical actions, RT & memory, college students, 29146

Seashore Tonal Memory Test & Halstead-Reitan Neuropsychological Test Battery, discrimination of degree of impairment & right vs left lesions, Ss with focal or diffuse cerebral lesions, 18956
selective loss of memory for contextual information as cause of organic amnesia, 14869
selective memory for negative self relevant information & response bias theory, depressed & formerly depressed students, reply to response of D. C. Zuroff et al, 22086
selective memory for negative self relevant information & response bias theory, depressed & formerly depressed students, response to criticism by M. Martin & D. M. Clark, 22145
selective memory for negative self relevant information & response bias theory, depressed & formerly depressed students, criticism of study by D. C. Zuroff et al, 22085
self focus on feelings, memory, college students, 13699
self generation vs reading of words at encoding & retrieval & repetition of generation operations, word recognition & memory & generation effect, college students, 5489
self vs other reference, recall of trait adjectives & nouns, college students, 19141
semantic memory & ordering of taxonomic categories, college students, 26364
semantic priming, facilitation vs inhibition in lexical decision task, college students, replication of J. H. Neely's study, 19151
semantic representations, comprehension & memorization of texts, children, 26821
semantic vs nonsemantic orienting tasks followed by incidental vs expected recall & 6 recognition tasks, RT & semantic activation & episodic memory, 19–35 vs 59–75 yr olds, 10976
semantics, processes, memory development, 29614
sentence priming, item-recognition judgments of occurrence of nouns in sentences, 18–25 vs 63–79 yr olds, implications for study of memory & aging, 11423
sex steroids, nonverbal memory processes, 8–18 yr olds with Turners syndrome & their 9–25 yr old siblings, 17588
sign language rehearsal strategy & generalization to uninstructured trials, memory, nonverbal severely mentally retarded vs deaf 5.4–14.7 yr olds with low normal to normal IQs, 27913
signal detection theory & methodological problems in research on effects of hypnosis on memory, 16333
significance of similarity of situations during memorization & recall, 29137
significance of structure & function of semantic memory, semantic language disorders, 1495
simultaneous task presentation & level of difficulty, recall & attention, depressed patients, implications for depressive cognitions, 9287
single unit electrical activity in hippocampus during working memory task, rats, implications for assessment of drug effects on hippocampal function, 16433
slide sets of homogeneous vs heterogeneous pictures varying in ratio, recognition memory for slides, college students, 13665
social class & personality & adjustment & lifestyle factors assessed by memory performance, 65–93 yr olds, 24090
sophistication of representation of conversation & personality & conversational involvement behaviors & memory for interactions & conversational enjoyment, college students, 21907
span & coding & retrieval strategies, visual spatial memory, 11–12 & 19–24 & 40–45 yr olds, 11402
spatial aspects of memory in face drawing, chronic skid-row males with alcoholism, 17478
spatial memory for retrieval of stored seeds vs seeds encountered while searching, wild-caught marsh tits & black-capped chickadees, 23746
spatial memory in radial maze running, pigeons, 5569
speed & accuracy of lexical decisions, concrete vs abstract nouns, college students, 13668
Ss' feeling of knowing, memory vs problem solving, college students, 19144
stability & accounts of shooting incident, 15–32 yr old eyewitnesses, 4–5 mo followup, 22197
state dependence vs mood congruence, depression & mnemonic processing, literature review, 16307
stationary memory content & procedural cognitive processes & work of H. Ebbinghaus, 23606
statistical apparatus for 3-state Markov model of memory development, 10857
stimulus presentation time, free recall performance, 18–27 vs 62–83 yr olds, 29589
strategies, development of memory span, 6.8–14.6 yr olds, 6059
structural vs semantic vs self reference processing strategies, performance on decision & retention & recognition tasks following pictorial advertisements, 5453
study of word list, immediate vs long term recognition & word fragment completion task ability, 19–35 vs 61–81 yr olds, 11430
study time & subsequent familiarization with black & white patterns, visual recognition memory, infant pigtailed macaques, implications for human infant memory development, 29194
subintervals of successive vs delayed or memory discrimination in VI schedules of food reinforcement, sensitivity to reinforcement following delayed stimulus control, homing pigeons, 23681
subsequent performance, recall & immediate & delayed evaluation of previous level of ratee's performance, college students, 29145
subset of list items as cues, facilitation vs inhibition of recall of words from list, literature review, 3054
successive processing & sequential memory of English language, deaf students, implications for development of speech & reading, 20768
surgically-induced brain damage, retrieval of preoperatively learned brightness discrimination for food reinforcement, male rats, 5801
symbolic representations & memory & ability to learn, animals & children, conference presentation, 29215
syntactic frozenness, processing & memory for idiomatic expressions, college students, 23598
synthesis of ependymins following formation of memory & contribution to development of synapses, goldfish, 23833
task orientation & attention shifts vs natural category size, recall of familiar vs unfamiliar words, 312
temporal interval between presentations, discriminability of 2 tones or 2 lines of different lengths, review of 5 contemporary models of perceptual memory, 13517
temporary memory skills, early reading ability, 2nd graders, Japan, 11435
text cohesion & coherence assessed by recall of short stories, patients with schizophrenia or depression or organic brain disturbance, 9342
text variables & verbal ability, discourse memory performance, 18–28 vs 61–75 yr old students vs 63–75 yr old nonstudents, 26828
theoretical view of role in memory processes, hippocampus, 23638
theory of determinants & mode of response & level of musical experience, immediate recall of short melodies, college vs high school students, 11455
theory that improved memory or memory skills are due to acquisition of more efficient storage & retrieval processes using long term memory, 16311
tifluadom, memory in passive avoidance task, male mice familiar vs unfamiliar with apparatus, 11328
time & memory & remembrance in mourning experience, perspectives of Freudian theory & M. Proust's writings & W. Benjamin's social psychology, 11846
time elapsed after initial maze task before electrical hippocampal stimulation at vs below seizure threshold, spatial working memory, male rats, 23910
time elapsed between events as potent cue accompanying storage & retrieval of memories, rats, 23661
time of day, memory, replication of studies by S. Folkard et al, 295
tokenism, memory deficits, college students, 3705
training footshock & amygdala implantation & stimulation, brain catecholamines & memory modulation, male rats, 5791
training in inhibitory avoidance task using footshock, retrieval performance & motor activity level, female rats, 11075
trait self consciousness & public & private self awareness, recall of people's names & characteristics in introduction situation, female college students, 6337
transection of mammillothalamic tracts, performance of discriminations based on representational vs dispositional memory, male rats, 11260
transfer-appropriate-processing vs levels-of-processing reading theories & experimental design, recognition & memory for sentences & prose, college students, 21180

transmission of more information, improvement of problem solving & recall & use of long term memory, normal vs hearing impaired children, 27598
triazolam, immediate & delayed recall, 21–37 yr olds, 29472
triazolam vs pentobarbital, performance impairment & recognition memory tasks & sleep quality & potential for abuse, male 20–40 yr old volunteers with histories of drug abuse, implications for therapeutic usage, 16773
Type A vs Type B self schemata, speed of processing & memory interference, college students, 27212
types of inferences generated during reading & representations in memory, college students, 19159
underlining prose passages, memory, 60–88 yr olds, 29649
unitary view of H. Ebbinghaus's learning & memory research & evidence for different kinds of memory, 11026
unrestrained recall of acquaintances & subsequent categorization, computerized model of recall process, college students, 274
use of extra-list cues, retrieval of episodic information from memory, 2nd vs 5th graders vs college students, 26805
use of indirect external memory cues for elimination of solutions in retrieval problem, preschoolers, 26873
use of mnemonics using imagery & imaginal vs verbal thinking ability, memory for story & faces & names, mnemonist, 8255
use of prospective & retrospective information in flexible memory processing in radial maze, rats, 11058
utility of position emission tomography, assessment of normal & abnormal memory function, 17628
vague vs specific instructions & delayed vs immediate task conditions, recall of temporary ordered story events in logical sequence vs presentation order & memory on picture-sequencing task, 6 vs 8 yr olds vs college students, 24118
validity of Strub-Black Mental Status Examination vs Wechsler Memory Scale, assessment of memory performance, brain damaged vs routine medical patients, 16176
variation in methods of encoding advance organizers while reading essays, memory for organizers & subsequent essay content, college students, 15641
varied mapping of sample stimuli to comparison stimuli & differential outcomes, working memory, pigeons, 23683
vasopressin, memory, humans & animals, literature review, 24035
verbal memory failure, individuals with mild vs moderate Alzheimer-type dementia, 1616
verbal presentation of abstract vs concrete material, visual half fields recognition task & GSR & lateral eye movements as indicator of brain asymmetry for memory retrieval, adults with left vs right side predominance, 13788
verbal stimuli presented with unrelated vs thematically-related materials, prediction for retroactive interference effects in recognition memory, college students, 5491
verbal vs nonverbal stimuli using selective reminding procedures, memory, 92–144 mo olds with learning disabilities, 4061
videotaped conversation between males & females, recognition memory for visual vs verbal information, male vs female college students, Sweden, 5492
violation vs true-false instructions & memory vs nonmemory cuing content, facilitation of P. C. Wason's selection task, college students, 3047
visible vs informational persistence, iconic memory, college students, 26361
visual displays, recall by row vs column in large capacity memory, college students, test of P. M. Merikle's display-instruction compatibility hypothesis, 21170
visual imagery & recognition memory for face, male vs female college students, 19142
visual memory development, face recognition, 7–15 yr olds, 19591
visual recognition memory, infant pigtailed monkeys, 3086
visually presented illogical vs logical & typical vs atypical episodes, episodic memory, 2nd vs 5th graders, 3415
visuospatial memory, 57–85 yr olds with dementia, 1558
vividness, attitudinal judgments, support for availability-valence hypothesis, implications for advertising, literature review, 26069
voluntary wheel-running exercise, life-span & body weight & food & water intake & locomotor performance & passive avoidance memory, 10–14 vs 20–24 vs 28–30 mo old male mice, 5722
Wechsler Memory Scale performance, hospitalized 66–88 yr old geropsychiatric patients assessed at admission vs discharge, 18975
word finding problems, 2 yr old male, implications for child lexical organization & form & meaning acquisition, Netherlands, 818
1-desamino-8-dextro-arginine vasopressin, memory, male college students, 21609

Memory Decay
age differences & rates of acquisition & forgetting of spatial memory problem, increase & decay of long term synaptic enhancement, 12 vs 27 mo old male rats, 13785
animal models vs J. H. Jackson's model of hierarchical development & dissolution of function, infantile amnesia & memory loss in senescence, conference presentation, 6723
continuous visual & aural presentation of nouns, forgetting rates & long term retention in word recognition & modality identification tasks, 3rd & 4th graders vs college students, 14164
original learning, time related to memory & forgetting curves, 5498
primary & secondary memory deficits, 56–75 yr old patients with Alzheimer's disease vs 38–66 yr old Korsakoff patients vs 38–73 yr old healthy controls, implications for psychopharmacology, 20394

Memory Disorders [See Also Amnesia, Fugue Reaction]
animal behavioral tests, prediction of clinical utility of drugs to treat memory dysfunction, 18054
anterograde amnesia & remote memory impairment, patients with Korsakoff's syndrome, 22325
assessment & rehabilitation of memory impairment, amnesic patients, literature review, 9568
behavioral weight loss program, memory impaired 64 yr old with chronic schizophrenia, case report, 27922
brain function & types of memory failure, patients with Alzheimer's disease vs Huntington's chorea vs Korsakoff's psychosis, 27252
cognitive ability & aging & cholinergic lesions & senile dementia, human Ss & nonhuman primates & rats, implications for animal models of age-related mental impairment, 16526
cyclandelate, memory function, 49–68 yr old male psychiatric patients with memory disorders, 18029
deficiencies in retrieval mechanisms & acquisition of skill based information, memory disorders, patients with Huntington's disease vs amnesia, 27512
desglycinamide arginine vasopressin, memory disorders, 33–72 yr olds with organic brain syndromes, 15150
developmental pattern of selective memory defects, 65–75 yr olds, 3-yr followup, 20219
epinephrine, memory retention, young vs old rats & mice, implications for involvement of peripheral adrenergic systems in age-related memory deficits, 24032
history of & current research in cholinergic hypothesis of geriatric memory dysfunction, 17551
internal & external memory strategies, memory disorder management in occupational therapy, 10141
isolated verbal memory impairment, 39 yr old right-handed male with penetrating lesion of fornix cerebri, 30396
lesions in nucleus basalis magnocellularis & medial septal area, memory, rats, 16527
memory complaints, 64–84 yr old depressed geriatric inpatients, 17401
memory dysfunctions, implications for pharmacological treatment, conference presentation, 1637
memory impairment, patients in psychodynamically oriented hospital treatment, 18235
minor closed head injury, memory, 16–64 yr old males, implications for role of mental imagery strategies, 12264
neurophysiological & psychopharmacological aspects of memory dysfunction & vigilance in aging & dementia, 17661
neuropsychological analysis of memory disturbances, developmentally delayed children, review of study by A. R. Luria, 9594
noncontingent footshock memory reactivation treatment, learned inhibitory & vacillatory behavior, rats, implications for memory dysfunction, 16515
optic aphasia & apraxia & alexia & deficit in word recall & loss of dreaming, 47 yr old male with left temporo-occipital infarct in area of posterior cerebral artery, 6836

patterns of impaired & preserved cognitive abilities, episodic memory deficits, patients with Alzheimer's disease, 6819
pentylenetetrazol vs scopolamine vs ibotenic acid lesions of nucleus basalis vs aging, memory acquisition & retention, rats, failure to model Alzheimers disease, 16488
pharmacological & behavioral models of memory & cognitive dysfunctions, 17692
phosphatidylserine, age-dependent memory dysfunction, 17–18 mo old rats, 16578
protocol design issues specific to Alzheimer's disease in testing of memory-enhancing drugs, 56–75 yr olds with Alzheimer's disease, 16084
quantitative & qualitative differences in memory impairments of different etiologies, patients, 17573
reliability & validity & factor structure of revised Wechsler Memory Scale & subtests, identification of memory disorders, college students & general medical & alcoholic patients with organic brain syndrome, 2896
reminiscence group therapy, self esteem, elderly females with inability to remember past events, 22440
retention of pictorial stimuli, 28 yr old male with thalamic tumor & amnestic disturbances, 12212
self taught memory skills training, memory performance & depression, 60–82 yr olds, 22321
strategies & evaluation of validity for animal models of memory impairments, humans, 17644
theory of memory impairment, patients with Alzheimer's & Korsakoff's disease & depression, 9628
toulene or n-hexane or trimethyltin, memory, macaques & pigeons, implications for animal model of environmentally-induced memory impairment, 16620
utility of position emission tomography, assessment of normal & abnormal memory function, 17628
Wechsler Memory Scale scoring guidelines, improvement of inter-rater reliability, advanced doctoral students & practicing psychologists, followup study, 21019

Memory Trace
amphetamine, learning & memory trace processing of early passive avoidance, 2–10 day old rats, implications for role of aminergic mechanisms, conference presentation, 5911
automatic facilitation vs subjective expectancy explanations of sequential effects in serial RT, human Ss, 13642
bromoacetylalprenololmethane, propranolol induced blockade of beta receptors & effect on spread of memory trace, mice, 19429
event related potentials & existence of short duration memory trace, literature review, 8399
nonreinforcement & memory traces of negative conditioned signal, inhibitory conditioned responses, rats, 5533
role of hippocampus in information storage, 21328

Men [See Human Males]

Menarche
age of menarche, age of first sexual intercourse, 15–19 yr old females, implications for sex education, 1971 vs 1976, 14239
athletic training performance in swimming, age at menarche, 12–22 yr old females, 780
body fat & lean mass ratio & ovulatory cycles & reproductive ability, females, 21336
drawings of male & female figures, sexual differentiation & identification & anxiety, pre- vs postmenarcheal 7th & 8th grade females, 934
early onset of anorexia nervosa, breast development & growth in height & stature & delayed puberty, 14.8–24 yr old female patients, conference presentation, 24979
onset of menarche & weight & height & per capita food expenditure, urban adolescent females, India, 6010

Menieres Disease
intratympanic administrations of gentamicin, Meniere's disease, 40–62 yr old patients, 1–6 yr followup, conference presentation, 1945
isosorbide vs urea, hearing, patients with Meniere's disease, conference presentation, 1930
prevalence & mode of inheritance & clinical characteristics, Meniere's disease, 14–83 yr olds from families with 2 or more 1st-degree relatives with idiopathic Meniere's disease, conference presentation, 1520

Meningitis
detectability of auditory middle latency responses, 6 day to 20 yr olds with language delay or learning disabilities or mental retardation or multiply handicapped & postmeningitic, 24828
multilevel systemic approach, 8 yr old quadraplegic female with phobic symptoms & deteriorating mood following fulminant meningitis, implications for child psychiatry, conference presentation, 25070
right temporal lobectomies, chronic drug resistant temporal lobe epilepsy following acute meningitis with severe convulsions in infancy, 15 yr old female & 30 yr old male patients, case report, 28062
symptoms & misdiagnosis of meningoencephalitis as major depressive episode, 51 yr old widow, 14820

Menopause
dextroamphetamine, plasma beta endorphin & cortisol response, postmenopausal 50–66 yr old females vs 21–39 yr old males, 23979
doxepine vs nomifensine, depression, 43–55 yr old menopausal females, 7238
estrogen &/vs androgen, mood, females with hysterectomy-induced menopause, 22588
estrogen replacement, tardive dyskinesia, postmenopausal 50–70 yr old females, 22539
marihuana cigarette containing tetrahydrocannabinol vs placebo cigarette, plasma luteinizing hormone levels & pulse rate & intoxication, female menopausal 50–56 yr olds, 26710
menstrual cycles, hot flashes & plasma estradiol & testosterone levels & sexual activity, 41–56 yr old perimenopausal females, 23853
perceptions of frequency & severity & causality of menopausal symptoms, physicians in family practice or gynecology vs nurses vs menopausal females, 14813

Menstrual Cycle [See Also Menarche, Menstruation, Ovulation, Premenstrual Tension]
elective tubal sterilization, menstruation, females aged 20 & older, 6- vs 12-mo followup, 9965
experimental demand & social expectancy, report & experience of presumed menstrual cycle-related moods & symptoms, 19–34 yr old females, 564
female reproductive cycles & male dominance rank, sexual behavior, stumptail macaques, 444
frequency of heterosexual coitus &/or genital stimulation, menstrual cycle patterns & basal body temperature, female college students 7 yrs postmenarche, implications for conception, 13842
hormones, premenstrual symptomatology & behavior, implications for premenstrual syndrome, 20130
hysterectomy, heat duration & progesterone-induced onset of estrous behavior, female cycling rats, 21436
incidence of symptoms during premenstrual & menstrual stages of cycle & relationship to psychiatric morbidity, 16–35 yr old females, 22337
life events & daily stress, perimenstrual symptoms, 18–35 yr old females, 25019
manic vs depressive phases, oscillations in lithium serum level, 28 yr old female with premenstrual manic depressive cycle, 7202
marihuana acquisition & use patterns & relation to menstrual cycle & impact on motivation assessed by performance on FR 300 reinforcement schedule, 21–36 yr old females, 24452
menstrual cycle, alcohol consumption patterns, Black normally cycling females vs females taking oral contraceptives, 9079
menstrual cycle phase, frequency & quantity of alcohol consumption, 18–34 yr old female social drinkers with normal menstrual cycles, 27116
menstrual cycle, sexual behavior & urinary ovarian hormone concentrations, female lowland gorillas, 3190
menstrual cycle, vibrotactile sensitivity, 18–26 yr old females, 3187
menstrual cycles, hot flashes & plasma estradiol & testosterone levels & sexual activity, 41–56 yr old perimenopausal females, 23853
menstrual phase & self consciousness, social perception & mood, 21–50 yr old nursing students, 5736
onset of 1st postpartum estrus & onset of estrus in cagemates, synchrony of cycles, female chimpanzees, 21349
platelet 5-HT uptake during menstrual cycle, mood, regularly menstruating females, 19371

pre- & perimenstrual periods, activity patterns & social & agonistic & sexual interactions, female yellow baboons, implications for study of premenstrual syndrome in human females, 21341
psychological stress during follicullas & ovulatory & luteal phases of menstrual cycle, psychoneuroendocrine stress responses & mood, 21–36 yr old females, 29327
research methodology, influence of sex & menstrual phase on pain perception, literature review, 13513
urinary pregnanediol levels, cognitive behavior & mood, 20–35 yr old females, 572
Menstrual Disorders [See Also Amenorrhea, Dysmenorrhea, Pseudocyesis]
differential diagnosis, premenstrual syndrome vs affective disorders, conference presentation, 24589
menstrual flow & length, incidence of menstrual & premenstrual symptoms & attitudes toward menstruation & daily performance, female Catholic vs Jewish vs Protestant vs nonaffiliated college students, 19346
psychological symptoms, 11–16 yr old females with menstrual disorders, 20209
socialization & exposure to stressful milieu, perimenstrual symptoms & related disability & menstrual attitudes, 18–35 yr old females, 14918
Menstruation [See Also Menarche]
depressogenic statements, mood states in paramenstruum, female 18–44 yr old college students, 21350
menstrual flow & length, incidence of menstrual & premenstrual symptoms & attitudes toward menstruation & daily performance, female Catholic vs Jewish vs Protestant vs nonaffiliated college students, 19346
oral contraceptives & psychological factors, incidence & intensity of menstrual distress, females, implications for etiology, 19876
ovulation vs menstruation, visual acuity assessed through letter identification, 18–30 yr old females, 13852
pre- vs post-menstruation stage, neuroticism & psychoticism & extraversion & anxiety, 20–30 yr old females, 29333
simulation procedures for teaching menstrual care skills, moderately & severely mentally retarded 17–21 yr old females, 18303
typology of menstrual symptoms & attitudes toward menstruation & practitioner consultations, 16–44 yr old females, 12278
workshop to facilitate communication with daughters about menstruation, Black mothers, 15075
Mental Age
novelty-familiarity dimension of task, performance on simultaneous vs delayed oddity & matching tasks, high vs low MA mentally retarded persons, 9438
peer-related social competence & individual social behaviors & language development & MA & teacher-rated social competence & behavior problems, developmentally delayed 1.3–6.3 yr olds, 4063
Mental Confusion
benzodiazepine therapy, psychoactive drug-induced confused state & abnormal EEG, 38–57 yr old patients, 7258
confused state due to absence status epilepticus following metrizamide myelography, 70 yr old female, case report, 30476
dealing with disorientation, nursing home residents over 80 yrs of age, 10081
EEG analysis of ictal confusion, epileptic 42–76 yr olds, 17615
learned visual discrimination task with experimentally provoked environmental confusion, RT, severely mentally retarded, 20091
mental confusion following ranitidine treatment for bleeding gastric ulcer, 68 yr old female, 18110
non-convulsive status epilepticus & confusion following drug withdrawal, 41–61 yr olds addicted to hypnotic/sedative drugs, 24767
patient vs setting social characteristics, perceptions of mental confusion, residents in homes for aged & their nurses, 15375
Mental Deficiency [See Mental Retardation]
Mental Disorders [See Also Related Terms]
academic problems & incidence of psychiatric disorders, male college students, Egypt, 4892
age & place of disorder onset & marital status & family history & diagnosis, 25–54 yr old Indonesian Chinese psychiatric outpatients, Hong Kong, 11972
age & race & educational level & occupation, incidence of physical & mental disorders, male Black vs White Navy personnel, 1974–79, 14558
age, psychopathology assessed by MMPI, 16–65 yr olds with insomnia, 27224
air oxidant & sulfur dioxide levels, psychiatric emergencies reported to police, 31567
alcohol & drug abuse & failure to take prescribed medications, acting out, young adult patients with chronic mental illness in community support program, 15291
alcohol abuse & alcoholism & mental disorders & brain lesions, criminal homocide, victims & 15–64 yr old offenders, 1970–81, Sweden, 27424
application of catastrophe theory, clinical psychology, literature review, 14564
application of longitudinal principles to study of course of psychiatric illness, reply to comments of H. A. Fox, 22015
application of longitudinal principles to study of course of psychiatric illness, comments on article by J. S. Strauss et al, 22003
applied behavior analysis in treatment & rehabilitation, chronically mentally ill & mentally retarded & epileptic patients, 28191
area analysis of social indicators & rates of mental illness, Jews, Israel, implications for mental health planning & epidemiologic studies, 3847
assessment of National Morbidity Surveys on epidemiology of psychiatric disorders as diagnosed by general practitioners, UK, 17333
behavior therapy & sociopolitical factors associated with psychological problems, Vietnam veterans, comments on article by T. Keane et al, 12509
belief in Zar magic, mental illnesses & their treatment, Amhara & Falasha, Ethiopia, 11590
beliefs about causes of illness, treatment compliance, 17–67 yr old psychiatric clinic outpatients, 17799
bemegride test of seizure susceptibility, patients on diazepam therapy vs alcoholics, 6451
biological factors in psychological disorders, 30100
borderline disorders & alcoholism, female psychiatric patients, 22017
Borna virus antibodies in blood serum, psychiatric patients, 9201
boundaries & least restrictive issues in community services, chronically mentally ill & developmentally disabled persons, case law, 14338
carbamazepine, 52–69 yr old patients with mixed frontal lobe disease & primary psychiatric disorders, 25303
case management services project, client outcomes, social work students & chronically mentally ill clients, implications for case management delivery, 25462
case management, young adult chronically mentally ill patients, 25420
cases involving eligibility for & termination of public assistance benefits, female with mental illness & physical disability & 2 indigent patients of nursing home, 24339
cases of mental illness caused by employment covered under Oregon worker's compensation insurance, 24363
causes & diagnosis of psychiatric morbidity in cancer patients, implications for training of doctors & nurses, 12238
cerebral atrophy & mental deterioration, alcoholic patients with minor symptoms of encephalopathy, 30270
cerebral blood flow in psychiatric disorders, 6557
childhood parental death, mental illness, psychiatric inpatients, conference presentation, 17404
church service illustrating holistic approach as part of hospital occupational therapy program, elderly mentally ill, 18261
classification of mental disorders proposed by A. Roa, 17396
client vs service characteristics, prediction of continuation in community mental health treatment, 18–65 yr old chronic patients, conference presentation, 15265
clinical nature & detection of psychiatric disorders, alcoholic vs nonalcoholic patients with liver disease, 6753
coexisting psychiatric illness & posttraumatic stress disorder, combat veterans, 19988
collaborative aftercare of religious & community mental health organizations, chronically mentally ill, 25382
color preference & psychiatric disorders, 11–93 yr old male vs female psychiatric outpatients, 11940

community care programs in psychosocial rehabilitation & day treatment & visiting nursing & family crisis therapy, chronically mentally ill, 25444
community residential care as alternative to hospitalization, mentally ill, 25383
comparability vs noncomparability of published research on psychiatric disorders due to use of different psychodiagnostic classification systems, 2809
comprehensive theoretical vs reductionist thinking in clinical literature, examples of therapist-patient & mother-child relations, 25110
computed tomographic & EEG & neurological findings, children & adolescents with psychiatric disorders, 6493
concept & measurement model, burden of care, elderly & mentally impaired, 5256
concept of development of psychic disorders centered around preservation & impairment of behavioral system of attachment, comments on work by J. Bowlby, 22060
concept of madness in culture of Caingua, Argentina, 24275
control & measurement of error & methodology, Epidemiologic Catchment Area program surveys on mental disorders, 1287
coping skills model for diagnosis & treatment of mental disorders, 30124
correction vs evaluation vs expansion vs memorization of narrative, text recall, mental patients, 9214
costs of medical/surgical treatment, 39 yr old female with psychiatric disorders, 9971
cross cultural perspectives, families of seriously mentally ill, literature review, implications for psychosocial rehabilitation, 2148
CSF white cell count & protein concentration & immunoglobulin G, patients with acute psychiatric disorders, implications for role of viruses in etiology of psychiatric illness, 27257
culture bound syndrome of symptom patterns, etiology of anorexia nervosa & "brain fag", 14560
culture shock & identity problems, mental disorders & resistance to treatment, 14–17 yr old North African immigrants, France, conference presentation, 6604
current status of prevalence & epidemiologic surveys of psychiatric disorders, children, literature review, 30192
day treatment, mentally disordered children, literature review, 25533
death from malignant neoplasms, psychiatric hospital patients, Cuba, 30132
definition of mental illness free of theoretical & societal & political biases, 9292
deinstitutionalization, daily living skills & interactions with staff in residential program, Ss with developmental & mental health disabilities, 2163
deinstitutionalization, marriage & sexual relations, chronically mentally ill couples, 1268
delivery of community mental health services, chronically mentally ill, 25451
demographic & clinical characteristics, 4–72 yr old deaf patients referred to department of psychiatry, 4118
demographic & clinical characteristics & incidence of mental disorders, 18–65 yr old Black vs White males vs females vs Puerto Rican males addicted to opiates, implications for treatment, 30285
demographic & psychosocial characteristics, decision to dropout of vs remain in vs refuse membership in day care psychosocial rehabilitation program, chronically mentally disabled 20–55 yr olds, US, 25561
demographic characteristics & utilization of psychiatric services & medication & stressful life events, prevalence of psychiatric disorders, 19–64 yr olds, Greece, 14631
demographics & physical & mental impairments & alcohol abuse, 19–81 yr old vagrants in urban emergency shelter vs renters in attached hotel, implications for consequences of deinstitutionalization, 9207
denial of unemployment compensation, mentally disabled female, case law, 1035
depression & anxiety & alcohol problems & other symptoms, former World War II prisoners of war, Australia, 22131
derived estimates of IQ from Luria-Nebraska Neuropsychological Battery, severely disturbed neuropsychiatric patients, 21017
development & methods of National Institute of Mental Health's multisite Epidemiologic Catchment Area program, 1361
development of blood platelet/neuron model, classification of psychiatric disorders, conference presentation, 11920
development of operational criteria & identification of differential parameters, psychotic patients, conference presentation, 24667
development of psychiatric & learning disorders, at risk 1.7–15.9 yr olds with communication disorders, 9191
development of service delivery systems & partnership between professionals & parents, families of children with behavior problems & mental deficiencies & emotional disturbances, 11888
development of volunteer community day care center, young adults with chronic mental illnesses, UK, 15286
development of 1st stage screening rule, assessment of prevalence of schizophrenia vs affective vs nonaffective neurotic disorders vs antisocial personality in community, 20–59 yr old psychiatric inpatients, Israel, 22119
developmental & medical & socioecological & behavioral & psychopedagogical health care service delivery models, mentally handicapped, 2017
diagnosis & psychotic symptoms as components of global rating of severity of psychiatric disorder, hospitalized patients, 2-yr followup, 6508
diagnostic categorization of psychiatric disturbances, patients with Cushing's syndrome, 1569
differential diagnosis & treatment of disidentification syndrome, 14 yr old female & her parents, case report, 30129

demographic characteristics & preadoption motivations & post-placement adjustment, families who adopted or fostered mentally retarded children, England, 30857
design & development & implementation of computer based instructional system, remediation of problems in memory & metacognition, learning disabled & mentally retarded children, 10490
desirability of inducing use of mnemonic strategies, accuracy of recall of criterion movement, mentally retarded 12–14 yr olds, 15832
detectability of auditory middle latency responses, 6 day to 20 yr olds with language delay or learning disabilities or mental retardation or multiply handicapped & postmeningitic, 24828
determination of play test age & spontaneous pretend play assessed by M. Lowe & A. Costello's Symbolic Play Test, 5–12 yr olds with autism or mental retardation or language disorders, 24639
development & content validity of set of assessment instruments, estimate of functioning in independent living skills, physically or mentally handicapped students, implications for training objectives, 13411
development of assessment measures of children's analogical thinking modifiability, 4–6.5 yr old disadvantaged & regular & special education kindergartners & mentally retarded 10–16 yr olds, 13471
development of behavior-observation instrument, assessment of supervision in educational programs for mentally retarded children, female 25–36 yr old school supervisors, 28591
development of community-based procedure for smooth transition from school to work, severely disabled students, case study of 18 yr old moderately mentally retarded male, 22667
development of moral judgment & behavior, mentally retarded children, literature review, 6683
developmental model for enhanced leisure skill training & functioning within career education, mentally retarded Ss, 12742
developmental patterns of preference for complexity & unknown & search strategies & questioning, mentally retarded 7–12 yr olds vs CA & MA matched normal children, 9470
developmental transitions & age of mentally retarded offspring, stress, families of mentally retarded 7–25 yr olds, clinical implications, 24845
developmental trends of jumping RT, mentally retarded 7–18 yr olds, 1494
developmental vs difference position on mental retardation, judgments about failure in children labeled mentally retarded, regular vs special education college & graduate students & classroom teachers, 10511
dexamethasone suppression test, detection of unprovoked aggressive/assaultive vs self injurious vs severely withdrawn behavior, mentally retarded 17–63.3 yr olds, 9457
differential diagnosis & genetic significance of Ehlers-Danlos syndrome, 15 yr old male, 14545
differential financial resources allocated to pets & zoo animals vs mentally handicapped or emotionally disturbed children, 20268
differential services provided in urban vs rural areas, 20–49 yr olds with developmental disabilities or mental retardation & secondary diagnoses residing in community facilities, 30878
DRO & monetary restraint procedures, reduction of stereotypic responses, visually impaired mentally retarded 7–9 yr old students, 13055
early intervention models & problems in outcome evaluations, mentally handicapped children & their families, review of studies conducted in 5 countries, 1975–83, 4249
effectiveness of group vs one-to-one instruction in special education, mentally retarded & learning disabled & autistic children & adults, literature review, 15854
effectiveness of least restrictive environment transfer through social comparison, mentally retarded 6–18 yr olds who transferred from institutional setting to segregated community facility, 28096
efficacy of psychotherapy, mentally retarded 14–20 yr olds, 9692
eligibility to receive child support payments, disabled child who had reached age of majority, case law, 14350
empirical risk factors, mentally retarded patients, implications for genetic counseling for family members, 7319
establishment & generalization in matching-to-sample learning, 18 & 19 yr old mentally retarded males, 25873
evaluation of methods for empirical identification of environmental determinants of aggression & disruptive behavior, mentally retarded & developmentally delayed 3 & 12 & 15 yr olds, 27912
expressive language ability & rhythm & pitch perception & vocal range & midpoint, mentally retarded 21–37 yr olds, 14762
external & self control cue strategies, maintenance of vocational skills, mentally retarded employees, 10144
extracurricular activities, language development, mentally retarded students, 10464
factor structure of Minnesota Satisfaction Questionnaire, measurement of extrinsic & intrinsic job satisfaction, direct care staff of public vs community residential facilities for mentally retarded people, 23440
familial craniometaphysical dysphasia, mentally retarded 13 & 15 yr old sisters, 6456
family relations & structure & severity of disability, psychological adjustment, siblings of mentally or physically handicapped children, implications for role of school psychologists, literature review, 11499
fire safety & self preservation & community residences, elderly & mentally retarded residents, 20478
fluorescent vs incandescent lighting, stereotypic behaviors, autistic vs intellectually handicapped 5.5–18 yr olds, implications for lighting in therapeutic settings, 22203
focused instruction & modeling & behavioral rehearsal & feedback as group assertiveness training techniques, interpersonal relationships & quality of life, mentally retarded adults, 9815
frequency of serious behavioral & medical incidents in group homes, 10–63 yr old mentally retarded residents from institutional vs home setting, 10043
general-social vs social-vocational vs social-sexual skills training, maintenance of skills, mild to moderate mentally retarded adults, 6–18 mo followup, 2138
group homes & time of sale & distance, neighborhood property values, mentally retarded, 10035
group homes for mentally retarded & mentally ill & recovering alcoholics, case law, 27047
hidden knowledge as eidetic imagery capabilities, retarded students, Denmark, 6693
home advisory service, attitudes, parents of mentally handicapped 21–49 mo olds, 20469
home-based respite care, family functioning, 2-parent families with retarded child under age 25 yrs, 9978
household care expenditure patterns, families with intellectually handicapped child, New Zealand, 4227
human rights & cultural patterns in development of normalization principle, mentally retarded people, 12671
hyperlexia & hypergraphia, mentally retarded 11 yr old male, 20079
hypothalamic pituitary adrenal axis activity assessed by dexamethasone suppression test, mentally retarded 17–45 yr olds, 20092

identification & prevalence & adjustment & rehabilitation, mentally retarded offender, 7456
impact of normalization concept on human services for mentally retarded, 25537
inalienable rights, mentally retarded, conference presentation, 9472
incidence of obesity, mentally retarded 5.5–15.4 yr olds, 9433
individual characteristics & family stress & service program utilization, disposition of continued home vs institutional vs community residential placement, caregivers of mentally retarded persons referred for placement, 10066
informal support networks & stress experienced by family & friends, elderly retarded persons, 9460
interactional video instruction, academic achievement & life enhancement skills, mentally handicapped & learning disabled adolescents & young adults, 23052
intercorrelations between WISC-R & Wide Range Achievement Test-Revised, learning disabled & mentally retarded 6–16 yr olds, 28644
interdisciplinary approach to library skills program, mentally retarded adults, 4684
intervention model, interface with environment, mentally handicapped adults, 28215
IQ levels & practice effects, RT & fine motor task performance, 6–21 yr olds of varying MAs, 24817
item identification, memory performance, mentally retarded vs normal adults, 1468
judgments of membership in representativeness of exemplars of categories, mentally retarded vs nonretarded Ss, 9475
knowledge of students, estimation of mentally retarded adults' performance on test of moral knowledge, adult training center staff, staff training implications, 22746
large vs small group with vs without music listening contingency, positive interactions with & acceptance by nonhandicapped 3rd–6th graders in music classrooms, mainstreamed mentally retarded 8–15 yr olds, 7712
Lelsz v Kavanagh & order by Federal court for community placements by state department of mental health & retardation, residents of state schools, US, 24341
level of academic ability, prediction of self assessment & aspirations, mentally retarded elementary school students, 4974
lights-out procedure, off-task behavior, retarded 3–10 yr olds, 4417
live evaluation vs stage puppets vs 2-way interactive TV hand puppets, evaluation of intellectual & psychomotor & emotional characteristics, mentally retarded vs learning disabled vs emotionally disturbed special education 1st & 2nd graders, 13143
maternal behavioral style, cognitive development, organically impaired mentally retarded 1–3 yr olds, 9449
mental retardation or learning or other concomitant disabilities & educational needs, visually impaired Rocky Mountain/Great Plains residents from birth to 21 yrs old, 25863
methylphenidate, mood & behavior & motor function, mentally retarded 28 yr old male with ring 22 chromosome, 22579
microcomputer-based California Assessment Battery, assessment & training & management in residential setting, mentally retarded or multiply handicapped 11–35 yr olds, 22747
milenperone, aggressive behavior, female oligophrenic 26–76 yr olds, 27947
minimal vs lengthy delay between simulated vs in vivo instruction, community fast food restaurant performance, 8 & 13 yr old males with severe mental handicaps, 10138
misconceptions about normalization principle & mentally retarded Ss, conference presentation, 12672
motor skill acquisition on pursuit tracking, mentally retarded males vs those with Down's syndrome, 9443
naming process in learning auditory-visual & visual-visual conditional discriminations, mentally retarded 19–25 yr olds vs nonretarded 5 yr olds, 24837
nature & diagnosis of psychopathology, mentally retarded 14–67 yr olds, 17524
need for comprehensive occupational therapy service, mentally ill & mentally retarded, 4624
need for curriculum based on activities of nonhandicapped people, mentally retarded adults, 20771
need for familiarization with adulthood to stop treatment as children, mentally retarded adults, 20074
need for integration into society, mentally retarded, India, 24821
need for social & rehabilitative care, adult mentally retarded patients in psychiatric hospitals, 2077
neuroleptic drugs, tardive dyskinesia & other movement disorders, handicapped children, 1922
nonnatural family settings, regular vs special education classroom placements, learning disabled & mentally retarded & emotionally disturbed vs regular education students, 23049
novelty-familiarity dimension of task, performance on simultaneous vs delayed oddity & matching tasks, high vs low MA mentally retarded persons, 9438
nursing care & treatment program in community mental health facility, emotionally disturbed mentally retarded citizens, 28088
object permanence, cerebral palsied quadraplegic 9 mo to 12 yr olds with various levels of mental retardation, 1550
occupational therapy program, mentally handicapped 17–23 yr olds in residential center, 4646
operant procedure using parents as agents of change, increase in attention span, mentally retarded 2.9–4.9 yr olds, 9821
paradoxical intervention, mentally retarded clients, 30567
paradoxical response to sedative-hypnotics & self injurious behavior & perinatal trauma, 17–45 yr old mentally retarded patients, implications for treatment & etiology of self injurious behavior, 4054
parent training, childcare & adaptive functioning, mentally retarded mothers, 12506
parental mental retardation, risk for adjustment problems, normal & bright children, 6025
participation in court system, mentally retarded defendants & witnesses, case law, 14359
perceptions of job characteristics & supervision, performance time & productivity & effort ratings, 18–56 yr old mentally retarded employees, Israel, 4075
performance on McCarron-Dial Work Evaluation System, prediction of levels of independent living, mentally retarded 16–54 yr olds, 20535
persistence on tasks of varying complexity, task performance & assessment of mastery motivation, organically impaired 1–3 yr olds with mental retardation or Down's syndrome, 14777
perspectives on self injurious behavior, mentally retarded clients, implications for therapy, 12132
photic stimuli, plethysmographic response modes, mentally retarded adolescents, 6697
physical growth & development, mentally retarded vs normal 8–16 yr olds, 6686
physical interpersonal contact & mother-child interactions, mothers & their 8–36 mo old infants with mental retardation with vs without cerebral palsy vs nonretardation, 17511
physical training, maximal oxygen consumption & body weight & behavior patterns, mentally retarded adults, 4074
picture & printed vs spoken vs printed word matching, acquisition & retention of reading & transfer of matching-to-sample performance, mentally retarded children, 7716
Picture Communication Symbols & Rebus system & Blissymbols, communication & language programs, severely physically & cognitive handicapped patients, 4675
pipothiazine palmitate, aggressive behavior, 19–62 yr old mentally handicapped patients, 15161
placement into independent housing & competitive employment, subsequent quality of life & placement success, mentally retarded 26–67 yr olds, 8–10 yr followup, 25552
placement into unsubsidized competitive employment, job retention, mentally retarded Ss, 6-yr followup, 12760
planning & structuring monological speech, developmentally delayed vs mentally retarded 5–7 yr olds, 9463
preconceptions & confusion of conceptual terminology, problems in learning mathematics, educationally subnormal or mentally retarded adolescents, 20778
prevalence of chronic disease & decline of sensory capacities & behavioral abilities, aged mentally retarded Ss, 17515
prevalence of left-handedness & degree of handedness, 7–18 yr old mentally handicapped & Down's syndrome students, 4055
proactive interference & development of verbal learning & retention, normal vs mentally retarded 4th vs 6th vs 8th graders, 9418
probability & prevalence of communicable diseases, mentally retarded 0–89 yr olds, 14785

problems & needs in management of public residential facilities for mentally retarded, institutional directors, 22709
problems in social integration, intellectually retarded young adults, comments on F. S. Brimblecombe's view, 14770
problems with standard scores for various levels of Vineland Adaptive Behavior Scales, mentally retarded individuals, 26248
proposals for reallocation of Medicaid funds from large institutions to home & community-based care, mentally retarded, 18144
psychiatrist's role in assessment & treatment & as advocate, mentally retarded children & their families, 27810
psychodiagnosis & use of psychotropic drug therapy, aggressive behavior, psychiatric & mentally retarded patients, 22592
rated semantic characteristics of words, typicality ratings, nonretarded vs retarded adults, 20094
rating of severity of maladaptive behaviors on Part II of Adaptive Behavior Scale, revision of scoring system, residential staff of rehabilitation facilities for mentally retarded, Canada, 13436
ratings of acceptability of various treatments for learning disabled vs mentally retarded vs behavior disordered students, regular vs special education teachers & college students, 18429
reading vs writing to dictation skills, evidence of dyslexia without dysgraphia, mentally retarded 10 & 11 yr old males, Italy, 24818
recreation therapy, activity involvement & social interaction, mentally retarded 16–65 yr olds, 1869
regression in speech capabilities, autistic vs mentally retarded children, 30066
rehabilitation, mentally retarded & learning disabled, literature review, 12759
reimbursement for services provided under Medicaid, mentally retarded & developmentally disabled & mentally ill patients, case law, 27043
reinforcement of multiple operations & manipulation of intertrial activity & duration, learning, 6.7–11 yr old autistic & retarded children, 20789
remedies in cases involving mentally disabled, juror with psychiatric episode & retarded sexual assault victim, case law, 1033
representation of spatial arrangement of cubes in drawings, normal 7.3–8 vs 12.2–13 yr olds vs mentally retarded 12.6 yr olds, England, 14752
requirement of notification to local governing body before opening group homes, case law, 14343
resource allocation approach & development & standardization of Client Need Status Scale, need determination, mentally retarded adults in intermediate care facilities & community-based mental retardation environments, 18201
response cost procedures as behavioral technique, maladaptive behavior, mentally retarded, 18011
reversal of decision to allow parents to have mentally retarded child sterilized, case law, 27038
review of guardianship cases & issues of removal & powers & duties, implications for mentally retarded, 24322
right to treatment in community & failure to provide adequate services, mentally retarded & chronically mentally ill, case law, 1052
Roach v Martin & ruling on new genetic diagnostic technique for Huntington's disease, mentally retarded murder defendant, 24333
role in development of guidelines for promotion of quality of life & personal life satisfaction for mentally retarded, American Association on Mental Deficiency, 30324
role of occupational therapist in token economy system, behaviorally disordered adolescents with mild to moderate degree of mental impairment, 18023
role of outcome evaluation in deinstitutionalized movement, mentally retarded persons, 10016
rulings on zoning ordinances or restricted covenants regarding location & operation of group homes, mentally retarded, case law, 1039
scatter vs discrepancy score profiles on WAIS subtests, mentally retarded 18–66 yr olds, 22201
self control of actions & self regulation, simple verbal learning, students & mentally retarded Ss, implications for improvement of scholastic instruction, 31292
self governing student committee's role in special boarding school, mentally retarded students, USSR, 7687
self report measures, planning & management of educational & habilitation services, mentally retarded Ss, 20543
services for occupational & housing & other needs, intellectually retarded young adults, 2129
sex & weight, nutrient intake & risk for development of nutritional deficiencies, mentally retarded 17–36 yr olds, 17521
sexuality & marriage & parenthood, mentally retarded people, 24833
similarities & differences in peer group play behavior, 2–4 yr old normal vs mentally retarded handicapped preschoolers, 25877
single-sample multiple-comparison training, stimulus class development, mentally retarded vs nonretarded 8–17.7 yr olds, 24838
skill acquisition & maintenance & generalization in individualized education plans, parent training programs, parents of mentally retarded children, 22763
skin potential responses during nocturnal sleep, mentally retarded 3.9–8 yr olds, 4076
sleep EEGs, mentally retarded children, literature review, 6699
social skills training, mentally retarded, literature review, 1875
social skills training, negative attitudes toward social interaction, mentally retarded 18 yr old & male 24 & 27 yr olds, 22751
social skills training vs direct reinforcement methods, 21–67 yr old mentally retarded patients, 6-mo followup, 1878
social support, familial well-being & parent-child play opportunities & perceptions of child behavior, parents of mentally retarded or physically impaired or developmentally at risk children, 14300
social work needs, elderly mentally retarded, implications for casework policy & planning, 7393
social worker's objectives & prognoses reported in case records, 20–66 yr old mentally retarded adults, 28117
sources of stress & respite care programs, parents & siblings of intellectually handicapped children, 22200
stability of IQs assessed by WISC-R, male vs female 6–16 yr old Whites vs Blacks vs Mexican Americans with learning disabilities or behavior disorders or mental retardation, 22202
standards for prescription of psychotropic drugs, mentally retarded patients, 7249
stimulus control in discrimination learning, application to developmentally disabled & mentally retarded persons, 24840
strategies used to withdraw from communication, mentally retarded 22 & 34 & 40 yr olds with antisocial tendencies & mood disturbance & idiosyncratic mannerisms, 14765
stress & coping with mentally handicapped child, family, literature review, 9422
structured approach to general intellectual functioning, mentally retarded children, 9458
structured experience vs traditional remedial teaching methods, problem solving strategies, mentally retarded students, conference presentation, 20769
successful therapeutic intervention programs, infants & young mentally retarded children with cerebral palsy, literature review, 12337
successive processing ability & question aids, story recognition, mentally handicapped high school students vs mental age-matched 1st graders, 17522
successive visual discrimination tasks, measurement of cognitive styles of reflection & impulsivity, mentally retarded students, 27480
suggestibility, normal vs mentally retarded 11–13 yr olds, 9428
summary & analysis & commentary on disability-related court decisions, 24388
Supreme Court decisions in 1985 regarding mentally retarded persons & legislation affecting disabled, 11643
target size &/vs speed, performance on rotary pursuit tasks, 5.9–21.4 yr olds of subnormal vs normal vs superior intelligence, 22206
tasks for initial interview in counseling & psychotherapy, mentally retarded clients, 27795
technologies & strategies in delivery of human & health care & educational services in rural areas, mentally & physically handicapped children & their parents, 12327
therapeutic vibration techniques, mentally & physically handicapped, 4262

tightening of point economy, physical & verbal aggression, mentally retarded male adolescents in community-based residential setting, comments on design of study by G. C. Denkowski & K. M. Denkowski, 18177
time delayed matching to sample task, short term memory process & forgetting, mild & moderate & severely mentally retarded adults, 1470
Tourette syndrome & atypical pervasive developmental disorder & Ganser syndrome, 15 yr old visually impaired & mentally retarded male, implications for link between symptoms of schizophrenia & Tourette syndrome, 1528
toxic salivary concentrations of carbamazepine & phenytoin, epileptic mentally retarded hospitalized & community-based clients, 25264
training in emergency fire-safety skills, mentally retarded 30–50 yr olds, 22750
training with picture cards vs objects, generalization of object naming, 5–8 yr olds with mental retardation, 22507
treatment research on aggressive & disruptive behavior, mildly to profoundly mentally retarded 3–58 yr olds, review of studies published between 1976–83, 17735
use of microcomputers for gathering research data & record keeping of training progress & teaching aid, mentally handicapped, 10463
use of self instructional package to teach job tasks, 28 & 38 yr old mentally retarded employees, 10143
utilitarian resources & energy or morale & beliefs & social support as coping resources, depression & family relations & locus of control & marital adjustment, parents of mentally retarded children, 4062
validation of learning disability index, mentally retarded & learning disabled children, 2924
validity of short form of Maternal Behavior Rating Scale on interactive behavior, mothers & mentally retarded 1–3 yr olds, 28982
validity of Street Survival Skills Questionnaire, measurement of adaptive behavior for independent living, mentally retarded 18–55 yr olds, 26214
value & application of client centered play therapy, mentally retarded children & adolescents & their families & providers, 1764
verbal self instruction training, generalization of problem solving behavior, mentally retarded & hyperactive & learning disabled individuals, 22490
verbalization, sensory-motor conceptual learning, 2nd graders & mentally retarded students, 6688
visual discrimination training with 2- vs multiple-choice & distraction, stimulus generalization performance, mentally retarded adults, 14758
visual prompting procedure, acquisition & generalization of purchasing skills, 11.5–13 yr olds with mental retardation, 15091
visual pursuit abilities, mentally retarded vs cerebral palsied vs learning disabled 3–10 yr olds, 22208
vulnerability & reactions to rape, mentally retarded vs mentally ill vs epileptic patients, 6435
waiver of rights & competency to testify & expert testimony issues, mentally ill & retarded defendants & witnesses, case law, 27035
withdrawal of neuroleptic drugs & tardive dyskinesia side effects, 5–47 yr old mentally retarded patients, 30735
work attendance, nonhandicapped vs mentally retarded 19–45 yr olds, implications for training, 10135

Mentor

benefits of mentorship, mentors & their high school proteges, implications for gifted educational programs, 7698
factors in establishment of same-gender student-faculty role model relationships, male vs female graduate students, 4910
instruction through mentor, development of creative scientists, gifted high school students, 13099
mentor role in E. Erikson's stage of generativity, adults, 11377
mentoring in organizations, contributions of C. Farren et al & R. L. Keele & M. DeLaMare-Schaefer, 7852
mentoring, professional development, female psychologists, 15469
mentoring project, attitudes & job satisfaction, teachers, 7577
mentoring relationships, college professors working with graduate students in education, 15594
model & mentor program developed by university counseling centers, career women & female college students, 18626
role & influence of mentor, male vs female recipients of Presidential Scholar awards, 1964–68, 30023
situational factors, failure to mentor incoming female cadets, female upperclass West Point cadets, 15812

Meperidine

chlorpromazine vs meperidine, phencyclidine psychosis, 20–32 yr old male inpatients, 1921
dose of phencyclidine vs morphine vs meperidine vs cimetidine with vs without chronic haloperidol administration, schedule-controlled behavior, rats, 684

Meprobamate

psychotropic drugs, overall delayed type hypersensitivity response & induction & elicitation phases, mice, 13973

Mercury (Metal)

long term use of over-the-counter psoriasis ointment containing mercury, side effects of motor tremors & intellectual deterioration & altered emotional state, 69 yr old male, 7180

Mercury Poisoning

methylmercuric chloride, neurological impairment & activity of glutamic acid decarboxylase & choline acetyltransferase in cerebral cortex & neostriatum, rat pups, 21566
prenatal administration of methylmercuric chloride, behavior & neuropathology, mice, 16666

Mercy Killing [See Euthanasia]

Mescaline

pirenperone, effect of LSD & N-N-dimethyltryptamine & mescaline & 2-5-dimethoxy-4-methylamphetamine on FR 40 operant behavior, male rats, 11317

Mesencephalon [See Also Inferior Colliculus, Optic Lobe, Periaqueductal Gray, Superior Colliculus]

activity of dopamine-containing neurons in substantia nigra, cats, 13834
acute unilateral intranigral infusions of N-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, contralateral circling, female rats, 16798
amygdala vs cerebellar peduncles vs red nucleus lesions, potentiated startle as measure of conditioned fear, male rats, 13928
carbachol in midbrain tegmentum, scratching reflex & escape movements & autonomic alterations induced by acid solution applied to skin, conscious toads, 19454
ceruletide & cholecystokinin octapeptide & morphine injected into periaqueductal gray matter, nociceptive motor responses & activity, rats, conference presentation, 19463
chemical vs electrical lesions of substantia nigra vs locus ceruleus vs midbrain raphe, ECS-induced muricide inhibition, olfactory bulbectomized male rats, 19407
cholecystokinin octapeptide iv into nucleus accumbens, intracranial self stimulation derived from ventral tegmental area, rats, conference presentation, 19508
co-dergocrine or vincamine or piracetam administered ip at cumulative 30 min intervals, firing rate of locus ceruleus neurons, male rats, 16744
computer controlled psychophysical measurement of recovery in neural substrates for self stimulation of ventrolateral tegmentum vs lateral hypothalamus, male rats, 23375
concurrent electrical stimulation of hypothalamus & midbrain regions, quiet biting attack & affective defense, cats, replication of study by present authors & M. Sheard & J. P. Flynn, 16517
delayed alternation vs yoked control, catecholamine microfluorometry of nigral perikarya & tyrosine hydroxylase assay in prefrontal system, male rats, 16406
deposits of iron in basal ganglia & substantia nigra & treatment with lithium carbonate & haloperidol, male patient with bipolar affective disorder who developed tardive dyskinesia, criticism of report by W. G. Campbell et al, 18035
dextroamphetamine HCL & procaine injections into nucleus accumbens & midbrain, locomotor activity, rats, 629
dopamine receptor blocker zetidoline, firing & apomorphine-induced inhibition of substantia nigra dopaminergic neurons, male rats, 16718
dopamine vs apomorphine injections into nucleus accumbens vs amygdala vs ventral tegmental nucleus vs extrapyramidal nuclei vs caudate putamen vs globus pallidus, spontaneous climbing behavior, female mice, 21493

dosages of iv dextroamphetamine, response of substantia nigra pars reticulata, rats, 8558
drugs influencing dopaminergic transmission, field potentials following electrical stimulation of mesencephalon, male rats, implication for evaluation of antischizophrenic drugs, 26647
electrical stimulation of nucleus tractus solitarius, leverpressing rate for substantia nigra self stimulation & food consumption, food deprived cats, 21424
enkephalin & neurotensin & substances P & K, activation of dopamine neurons in ventromedial mesencephalon, literature review, implications for role of dopamine neurons in schizophrenia, 29280
ethanol dose levels, firing rate of dopaminergic neurons in ventral tegmental area, anesthetized vs unanesthetized rats, implications for reinforcing properties of ethanol, 26670
footshock & conditioned stress, 3-4 dihydroxyphenylacetic acid levels in mesencephalic dopamine cell body & terminal field regions, male rats, 590
haloperidol vs dopamine infusion into ventral tegmental area, role of somatodendritic dopamine autoreceptors in mesolimbic system, male rats, 16702
icv methyl naloxonium chloride injection into ventral tegmental area vs nucleus accumbens, opiate receptor role in iv heroin self administration, male rats, 16820
immunocytochemical labeling by monoclonal antibodies of Lewy bodies on substantia nigra sections, postmortem Ss with Parkinson's disease, 24918
iv angiotensin II infusions & low dietary sodium, activity of angiotensin II receptors in olfactory lobes & diencephalon & midbrain & cerebellum & medulla, male rats, 26752
lesions in dorsolateral tegmentum formed by various cathodal vs anodal currents, hyperphagia & weight gain, female rats, 3263
lesions of nucleus accumbens or ventral tegmental area & encephalin analog injections into nucleus accumbens, motor behavior, male rats, implications for impact of dopamine depletion in locomotor activity, 23919
lesions of peripeduncular area of lateral midbrain, maternal food intake & aggressiveness & fear behavior & relationship to neural control for milk ejection, female rats, 13925
lesions to mesencephalon &/vs trigeminal sensory pathway vs neurotoxin injections into dopaminergic system, food intake & body weight, rats, 3261
location of medial pontine & mesencephalic sites, brain self stimulation behavior, male rats, 29366
long term desipramine treatment, attenuation of clonidine-induced suppression of ventral tegmental self stimulation, male rats, 16549
long term dextroamphetamine & subsequent amphetamine vs dopamine agonist apomorphine, neuronal activity in ventral tegmental area, male rats, 14000
magnocellular red nucleus lesions, acquisition of classically conditioned nictitating membrane response, rabbits, 23928
mesolimbic dopamine system & pigmented neurons in ventral tegmental area contralateral to therapeutic surgical lesions, brains of 52–70 yr olds with Parkinson's disease, 20258
midbrain reticular formation &/vs medial vs lateral substantia nigra pars compacta lesions, ipsiversive circling behavior, male rats, 23931
morphine & dynorphin & enkephalin analog injections into substantia nigra & lesions of medial forebrain bundle, circling behavior, male rats, 19382
morphine & naloxone & pimozide into ventral tegmental area, hyperthermia & locomotion, male rats, 16824
morphine injected into ventral tegmentum, suppressed escape responding induced by electrical stimulation, rats, 29457
muscimol injections to substantia nigra & alteration of inhibitory input to superior colliculus, saccadic eye movements to visual or remembered targets, rhesus monkeys, 647
neural pathway from substantia innominata to mesencephalic locomotor region, locomotor component of adaptive behaviors, rats, 531
neurochemical & functional consequences of 1-methyl-4-phenyl-1,2,5,6-tetrahydropyridine vs methamphetamine, rats, implications for Parkinson's disease, conference presentation, 19460
neurotensin injections into ventral tegmental area vs substantia nigra vs hippocampus, investigatory & spontaneous motor behavior, male rats, 8524
nomifensine maleate, reduction of 6-hydroxydopamine-induced sensorimotor neglect syndrome & locus of dopaminergic cell loss, female rats, 663
paired pulse stimulation of pontine & midbrain sites, circling behavior mediated by longitudinal brain stem axons, male rats, 5792
pentobarbital injections into peripeduncular nucleus vs dorsal midbrain, lordosis behavior, ovariectomized rats, implications for role of peripenduncular neurons in sexual behavior, 21387
prolonged electrical stimulation of caudate nucleus & substantia nigra & globus pallidus, feeding behavior, cats, 19397
radiofrequency lesions in midbrain tegmentum, sexual behaviors, estradiol benzoate & progesterone primed ovariectomized female rats, 21471
scopolamine injections in midbrain central gray, cholinergic mediation of hormone-induced sexual receptivity, female rats, 26734
sleep vs active waking, electrophysiological single unit activity in substantia nigra & voltammetric release of dopamine in caudate nucleus, behaving cats, 21329
substance P injected into amygdala vs substantia nigra vs medial forebrain bundle vs septum, positive reinforcement in maze learning, rats, 693
substance P injections into ventral tegmental area & substantia nigra & sensorimotor cortex, exploratory & spontaneous behavior, male rats, 657
superior colliculus vs medial vs lateral substantia nigra pars compacta lesions, ipsiversive vs contraversive circling behavior, male rats, 23932
taurine vs GABA injections into substantia nigra zona reticulata, contralateral circling behavior, male rats, 21533
taurine vs GABA iv in substantia nigra, caudate spindle, rats, implications for involvement of dopaminergic system, 21567
toxicity of 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine & 1-methyl-4-phenylpyridinium in substantia nigra, squirrel monkeys, conference presentation, 19455
unilateral application of neurotensin to ventral tegmental area, dopamine-dependent contralateral circling, male rats, 26683
unilateral injections of excitatory amino acids vs GABA antagonist bicuculline in periaqueductal gray matter vs tegmentum, neuronally mediated defensive behavior, male rats, 5817
uptake & sensitivity to 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine in substantia nigra, embryonic rats, conference presentation, 19319
ventral tegmental & substantia nigra electrical stimulation, contraversive vs ipsiversive circling responses, male rats, 19396
ventral tegmental area lesions induced by 6-hydroxydopamine & chronic administration of morphine vs amphetamine, intercranial self stimulation, male rats, 597
1-methyl-4-phenyl-tetrahydropyridine, depletion of striatal dopamine, mice, implications for Parkinson's disease, conference presentation, 19446
1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, mesolimbic dopaminergic system, monkeys, implications for animal model of Parkinson's disease, conference presentation, 19428

Mesoridazine

combination mesoridazine & amantadine therapy, 19–38 yr old long term schizophrenic inpatients, 18090
profiles of mesoridazine & thioridazine, implications for drug therapy, 30782

Messages

age, evaluation of peer vs adult speaker ambiguous messages, 1st vs 4th graders, 19643
commercial vs noncommercial advertisement vs news article format, effectiveness of advocacy messages, college students, 26765
comparison & message formulation skills in referential communication, severely mentally retarded children, 25538
disconfirmed expectancies, message acceptance & advertiser credibility & causal attributions about advertising messages, college students, 5153
important messages & use of metaphors in therapist-patient communication during beginning sessions of child therapy, 17775

informational vs persuasive vs educational vs mixed TV messages, identification of message intent & believability, 4.3–11.3 yr olds, 26811
literal vs subliminal messages in written business communication, 10570
recursive messages in communication theory & mathematical recursivity, implications for use in psychotherapy, 19519
timing & order of message presentation, voting preferences, voters, 27060

Meta Analysis

adaptive education, cognitive & affective & behavioral outcomes of learning, elementary & secondary school students, meta-analysis, 10392
age, job performance as measured by supervisory vs peer ratings vs individual productivity, meta-analysis, 18739
amount & relevance of information, sex discrimination in personnel selection, job applicants, meta analysis, 5056
attitudes toward teachers & classes & study, science education, 3rd vs 7th vs 11th graders, meta-analysis, 7685
attributional style & depression, meta analysis, 21994
attributions for academic success & failure, 1st–7th graders, meta-analysis of 1972–82 studies, test of egotism hypothesis, 15772
bibliography of research & development & implementation of meta-analysis & validity generalization techniques in educational & industrial studies, 2950
brief history of development of meta-analysis, literature review, 20951
computer program, calculation of statistics in meta-analysis, 23506
congruence vs androgyny vs masculinity models of well-being & sex-role orientation & depression & general adjustment, meta-analyses, 3646
differences in leadership ability, males vs females in management situation, meta-analysis, 15987
effectiveness of management training, meta-analysis, 23202
effects of race on counseling & psychotherapy, meta-analysis, 25090
efficacy of bilingual education, meta-analysis, 28463
efficacy of computer based instuction in secondary education, meta-analysis, 22924
efficacy of early intervention programs, handicapped preschoolers, meta-analysis, 15823
efficacy of therapeutic vestibular stimulation as form of sensory stimulation, meta-analysis, 14958
elimination of multiple analysis problems in ganzfeld psi studies, critique of R. Hyman's meta-analysis, 5165
empirical support & effects across studies of goal theory of E. A. Locke et al, meta-analysis, 29994
evaluation of effectiveness of treatment interventions, medical treatment compliance, meta-analysis, 14959
exogenous vs endogenous mental retardation, meta-analysis of studies by A. A. Strauss & H. Werner, 9442
high vs low conceptual level, performance on counseling-related tasks, counselors, meta-analysis, 28315
issues in design & implementation of meta-analysis, 180
job satisfaction & duration vs frequency of absenteeism, employees, meta analysis, 5121
leadership & climate & curriculum & finance & evaluation in effective schooling, meta-analysis of 1970–83 publications, 31129
length of treatment, effectiveness of psychotherapy, clients, meta-analysis, implications for peer review & 3rd party financial support of psychotherapy, 17818
measures administered in kindergarten or 1st grade, prediction of later learning problems & reading achievement, meta-analysis of 1960–84 studies, 15905
mental health & behavioral & organizational development models for investigation of effectiveness of typical consultation interventions, meta-analysis, 25064
meta analysis of effects of strength & immediacy in group context, reply to comments by J. M. Jackson, implications for social impact theory, 19804
meta analytic procedures for combining & comparing research results from studies yielding multiple effect sizes, 21036
metacluster analysis on MMPI studies, alcoholics, 6634
methodological quality & meta analysis, 2825
methodology for meta-analysis of single-S social science research, 13481
mixed linear model & empirical Bayes meta-analysis & study characteristics & outcomes & teacher expectations & pupil IQ, 2582
number of behavioral choices/estimates & sequences of measurement of choices & estimates, significance & magnitude of false consensus effect, meta analysis, 14471
organizational size, productivity & efficiency, meta-analysis of field studies, 20883
outline for treatment of anxiety disorders & meta-analysis of treatment outcome literature, psychiatrist & nominated experts, 22352
personality factors & experimental manipulations, delay of gratification, extension of findings by W. Mischel, meta-analysis, 21971
personality traits, leadership perceptions & extent of leader emergence, meta-analysis, 29983
philosophical analysis & empirical methods, Piaget's genetic epistemology, children, meta-analysis, 29568
premarital & marital & family enrichment interventions & outcomes, couples or families, meta-analysis, 17924
proneness to lucid dreams & out-of-body experiences, meta-analysis, 26091
prose & list learning, free recall, meta-analysis of list & prose learning literature, 8248
psychotherapy, neurotic & reactive depression, meta-analysis, 17860
race & subjective well-being, noninstitutionalized Black vs White adults, meta-analysis, 14290
race effects in objective indices & subjective evaluations of job performance, Black vs White employees, meta-analysis, 23186
realistic job previews, employee attitudes & job satisfaction & performance & turnover & other factors, meta-analysis, 10593
research design choices of sampling characteristics & measure characteristics & developmental processes in marketing research, meta-analysis, 16112
rewards vs punishment, discrimination learning, children, meta analysis, 3427
robustness of meta-analytic method, 21037
Self Rating Depression Scale vs Beck Depression Inventory vs Hamilton Rating Scale for Depression, measurement of treatment outcome, meta-analytic comparison, 17838
sex differences, motor activity level, Ss aged 2 mo before birth to 30 yrs, meta-analysis, 26794
sex differences, spatial ability, meta-analysis, 8757
sex, motor performance, 3–20 yr olds, meta-analysis, 868
significance levels & effect size related to flaws in ganzfeld psi studies, meta-analysis, 1974–81, 5166
significant findings in therapeutic outcome research, publication submission & acceptance, meta analysis, comment on analysis by M. L. Smith & G. V. Glass, 20958
social comparison vs persuasive argumentation processes as mechanisms underlying group polarization, literature review & meta-analysis, 24477
social impact theory, comments on article by B. Mullens, 19799
status & community of reference, agricultural innovations, farmers, literature review & meta-analysis to test status innovation model developed by F. Cancian, 6178
stressors or disorders, attention vs avoidant coping strategies, meta analysis, 20250
test preparation & practice effects, test item characteristics & directions & format used in test construction, meta-analysis, 26238
training programs with testwiseness vs test-taking strategies, test performance, elementary through high school students, meta-analysis, 10375
treatment duration & monetary attendance deposits, attrition in behavioral studies, obese clients, meta analysis, 1967–84, 15088
validity generalization & meta-analysis in employment testing, 10835
validity generalization study, meta analysis, comments on findings of N. Schmitt et al, 19019
validity of verbal scale of A. G. Wesman's Personnel Tests for Industry, assessment of work performance, psychiatric aides from state hospitals, meta-analysis, 18941
variables related to employee turnover, meta-analysis, 16003

Metabolic Rates
food intake & physical activity & metabolic rate & self motivation & mood states, prediction of weight loss in behavioral treatment program, 22–60 yr olds, 27880
imipramine vs tranylcypromine with vs without amitriptyline, resting metabolic rate, female depressed 34 & 51 & 53 yr old inpatients, 30725
metabolic loading induced by exercise, performance in pursuit rotor task, male college students, 23516
total & locomotor free metabolic rate & respiratory quotient, spontaneous & 2-deoxydextroglucose-induced food intake, male rats, conference presentation, 29311
Metabolism [See Also Basal Metabolism, Biosynthesis, Carbohydrate Metabolism, Lipid Metabolism, Metabolites, Protein Metabolism]
absorption & distribution & metabolism & excretion of fluoxetine, healthy young adults vs aged vs renally impaired patients, conference presentation, 5889
acute vs chronic diazepam administration, local cerebral glucose utilization, male rats, 29378
advances in medical diagnosis utilizing measurement of cerebral function & blood flow & metabolism, dementia patients, comments on study by R. J. Mathew et al, 24591
alcohol metabolism during detoxification & medication requirements, patients in alcoholic treatment unit, 20550
chronic dehydration, cerebral glucose utilization, rats, 8475
direction & speed & body posture in treadmill, dopamine metabolism, male rats, 16466
dopaminergic neurotoxicity & metabolism of 1-methyl-4-phenyl-1,2,5,6-tetrahydropyridine & MAO, mice, implications for Parkinson's disease, conference presentation, 19451
dose & route of administration of phencyclidine, disposition & metabolic profile, dogs, 19517
electrical stimulation of lateral vs medial hypothalamus, hypermetabolism & energy expenditure & motor activity & carbohydrate utilization & blood glucose, male rats, 19393
ethanol, dihydrotestosterone metabolism in liver, rats, 16729
ethanol, elimination rates & hypothermic & hypnotic responses, 3–30 mo old rats, 676
ethanol metabolism, 18–34 yr old twins, 5720
ethanol, presence in urine of fractions which inhibit benzodiazepine receptor binding, males with vs without family history of alcoholism & rats, 26755
excretion of endogenous neurotoxin quinolinic acid, 18–58 yr olds with Huntington's disease, 24914
exposure to delta-1-tetrahydrocannabinol, prostaglandin synthesis & arachidonate release, human lung fibroblast cells, 23943
glucose metabolism & lactate production in fibroblasts, 62 yr olds & older with Alzheimer's disease, 22328
in vivo dialysis perfusion, monitor of dopamine & 5-HT neural activity in caudate nucleus, male rats, 26502
levels of circulating neutrophils &/vs lymphocytes & cortisol metabolism, depressed dexamethasone suppression test suppressors vs nonsuppressors vs schizophrenic patients, 30169
long term weight recovery, altered norepinephrine metabolism, 17–29 yr oldd female anorexia patients, 9563
mechanisms of neural metabolism of 1-methyl-1-4-phenyl-1,2,3,6-tetrahydropyridine, brain tissue of adult monkeys, implications for Parkinson's syndrome, 26505
medical diagnosis utilizing assessment of cerebral function & blood flow & metabolism, psychiatric illnesses, comments on study by R. J. Mathew et al, 24599
medical diagnosis utilizing assessment of cerebral function & blood flow & metabolism, psychiatric disorders, comments on study by R. J. Mathew et al, 24597
medical diagnosis utilizing measurement of cerebral function & blood flow & metabolism, schizophrenic Ss, comments on study by R. J. Mathew et al, 24581
medical diagnosis utilizing measurement of cerebral function & blood flow & metabolism, comments on study by R. J. Mathew et al, 24592
metabolic & neurochemical mechanisms of glucoprivic feeding, rodents, conference presentation, 21324
metabolism & sensitivity of 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, monkeys vs mice vs guinea pigs vs rats, conference presentation, 19462
methods of carrying load close to trunk, cardiorespiratory & metabolic & subjective responses, humans, 13260
molindone hydrochloride, steady state kinetics & plasma half-life, 32–64 yr old male psychiatric inpatients, 28006
neonatal monosodium glutamate treatment, norepinephrine & dopamine & 5-HT metabolism in hypothalamus & ability to respond to acute ether stress, rats, 652
nitrous oxide inhalation vs inhalation or injection of xenon-133 vs single photon vs positron emission tomography, assessment of cerebral function & blood flow & metabolism, psychiatric vs substance abusing patients, 24598
paraventricular vs ventromedial hypothalamic lesions, hyperphagia & obesity & hyperinsulinemia & basal gastric acid secretion, male rats, conference presentation, 21467
physical & psychological stress, physiological & metabolic response, 51–65 yr olds with noninsulin dependent diabetes, 27636
physical exercise at simulated high altitudes & subsequent hypoxia, cardiac glycogen utilization, male rats, 29313
platelet alpha 2-adrenoceptor number & urinary 4-hydroxy-3-methoxyphenylglycol excretion & age at onset, drug-free 23–63 yr old major depressive patients, 30210
proadifen pretreatment & impact of 3-chlorophenylpiperazine on trazodone metabolism, avoidance response, male Swiss vs BALB/c mice, 19493
psychogenic factors & cognition & affect & hypnosis, exercise metabolism, 13870
rational stress & dimethylnitrosamine administration, methyltransferase synthesis & tumor development, female rats, 29416
regional cerebral metabolism & cognitive function, right handed patients with senile dementia, 20165
serotonin metabolism & treatment with 5-HTP, depression, patients with vs without suicidal tendencies, 7223
size hierarchy & density & feeding frequency, surfacing behavior & food conversion rate, air-breathing fish, 3194
slow-wave sleep & shallow torpor & hibernation as homologous states of decreased metabolism & body temperature, conference presentation, 5716
sodium loss induced by prolonged lateral ventricular infusions of carbachol, water & sodium intake & distribution & excretion, male rats, 5845
stressor exposure, psychoendocrine & metabolic reactions, 28–44 yr old males with psoriasis, 30354
temperature & clutch size, energetic cost of incubation as measured by oxygen consumption, female free-living blue tit, 19379
visually scored stage 4 EEG & metabolic process in post-nap sleep, 21.6–27.1 yr old males, 21296
walking vs running, metabolic costs & gait patterns, males vs females, 3184
2-yr exposure to low-level microwave radiation, behavior & corticosterone levels & immunology & serum chemistry & growth & metabolism & longevity & cause of death, rats, conference presentation, 13895
Metabolism Disorders [See Also Amaurotic Familial Idiocy, Cushings Syndrome, Cystic Fibrosis, Diabetes, Diabetes Insipidus, Diabetes Mellitus, Lipid Metabolism Disorders, Phenylketonuria, Porphyria]
biochemical basis of behavioral disorders, Lesch-Nyhan syndrome, literature review, 14794
borderline neuropsychic disturbances, children with family history of purine metabolism disorders, 6708
emotional adjustment, mothers vs fathers of children at high somatic risk due to alpha-l-antitrypsin deficiency, 5–7 yr follow-up, 27675
metabolic abnormalities, adolescent anorexia nervosa patients, 9584
motor neuron degeneration & abnormal cortical EPs & structural cerebellum abnormalities, 14 yr old female of Ashkenazi Jewish background with severe hexosaminidase deficiency, case report, 27615
occurrence & diagnostic significance of cytoplasmic vacuoles in blood lymphocytes, 3–65 yr old patients with Finnish type of sialic acid storage disease, 1641
psychological characteristics, 7–12 yr olds with infantile hypercalcemia, 4098
symptoms of changes in energy & mental cognitive status & emotional state & somatic condition diagnosed & treated as chronic metabolic distress, psychiatric patients, 17742

xylose absorption, 14–61 yr olds with Down's syndrome, 1493
Metabolites [See Also Dopamine Metabolites, Homovanillic Acid, Norepinephrine Metabolites, Serotonin Metabolites]
acute dose of dexamethasone, monoamine & metabolite levels in brain, male rats, 16777
brain concentrations of methamphetamine & metabolites & substance P, determination of mechanism of drug tolerance, naive vs methamphetamine pretreated male rats, 21591
diabetes induced by streptozotocin, wheel running & food intake & plasma metabolites, male hamsters, 16780
drug discrimination of theophylline & caffeine & paraxanthine & 3-methylxanthine & theobromine vs saline, discriminative stimulus properties of dimethylxanthine metabolites of caffeine, male rats, 16580
ECT, urinary excretion of 3-methoxy-4-hydroxyphenylglycol & clinical state, patients with endogenous depression vs schizophrenia vs anxiety, 27717
ergoloid mesylate, homovanillic & 5-hydroxyindoleacetic acid & 3-methoxy-4-hydroxyphenylglycol CSF levels, 51–88 yr olds with Alzheimer type dementia, 12583
hepatic oxidative metabolism, food intake, rats, conference presentation, 29316
homovanillic & 5-hydroxyindoleacetic acids & 3-methoxy-4-hydroxyphenylglycol levels in lumbar CSF, patients with Parkinson's vs Alzheimer's disease, 6775
hyperprolactinemia induced by ectopic pituitary grafts & sc implants of testosterone vs estradiol & dihydrotestosterone, availability of active testosterone metabolites & inhibition of copulatory behavior, long term castrated male rats, 19376
in-flight emergencies, biogenic amine/metabolite response, students vs instructors of Air Force flying training, 13182
injected metabolites of glycerol vs dihydroxyacetone & levomalate vs oxaloacetate & levolactate vs pyruvate, hypophagia, rats, 16689
life events in 6 mo before onset of depression & CSF monoamine &/vs monoamine metabolite levels & dexamethasone suppression test, patients with major depressive disorder with melancholia, 30209
nortriptyline & metabolites, binding to brain muscarinic acetylcholine receptors, male rats, 16827
plasma & CSF amino acid & 5-hydroxyindoleacetic acid & homovanillic acid & hydroxy-3-methoxy-phenylethylene glycol levels, unmedicated schizophrenics, 22027
plasma concentrations of amoxapine vs 8-hydroxyamoxapine & 7-hydroxyamoxapine metabolites, 23–26 yr olds, 26638
plasma concentrations of imipramine vs amitriptyline following daily treatment & desmethylated metabolites, acute relapse, depressed 6.7–15.5 yr olds, 20407
psychosocial stimuli, physical fitness & depression & anxiety & urine level of 3-methoxy-4-hydroxyphenylglycol & normetanephrine & metanephrine, 23–46 yr old males, 580
time of day & precursor availability & sex & age & social environment, neurotransmitter & metabolite concentrations in CSF, humans & nonhuman primates, implications for neurochemistry of schizophrenia & depression, 23813
Metallic Elements [See Also Calcium, Calcium Ions, Copper, Iron, Lead (Metal), Lithium, Magnesium, Mercury (Metal), Potassium, Potassium Ions, Sodium, Sodium Ions]
bitemporal ECT, serum mineral levels before vs after ECT, 31–66 yr old patients with severe affective illness, 1711
blood levels of vanadium & cesium & other elements, recovered vs depressed patients, 30082
blood trace element analysis as diagnostic technique, learning disabled or mentally retarded children, 24847
blood trace element concentrations, permeability of erythrocyte membranes to sodium & potassium ions, schizophrenic children, 19895
carbamazepine, inhibition of erythrocyte sodium-potassium adenosine triphosphatase by ammonium metavanadate, manic depressive females, 1942
ingestion of aluminum hydroxide vs shock-induced stress during gestation, birth related & developmental effects, female rats, 13878
neonatal cadmium exposure, locomotor activity, male rats, 8608
trace elements in hair & whole blood & serum & urine, manic & depressive patients, 6569
varying doses of nickel added to diet, leverpressing for food on VI schedule & metallothionein levels, male rats, 8590
Metaphor
allegory vs metaphor comprehension assessed by multiple choice matching task, 6 vs 8 vs 10 vs 12 yr olds, 29659
application of humanistic metaphor to social studies teaching, implications for humanistic metaphors in educational evaluation, 25783
changes in types of mental metaphors used to describe mental phenomena, 1894–1975, 13
comprehension & interpretation of metaphors, college students, 11362
comprehension of nonverbal metaphoric similarity, figurative language production & comprehension, 5 vs 7 vs 10 yr olds, 29593
comprehension of Polish metaphoric phrases, 19–45 yr old applied linguistics & Polish philosophy & psychology students, Poland, 29511
dreams & somatic reality as metaphor for development of cancer, Freud's patient, 25132
enactment vs paraphrase task, comprehension of short stories containing metaphorical sentences, 6 yr olds, 29654
Freud's use of metaphor, 5182
hierarchical/genetic conception as theoretical context capable of accounting for psychoanalytic & creative insight & analysis of metaphor, 12388
hypnotic metaphor in family therapy, 10 yr old encopretic male, 4390
implications of holographic metaphor on process of family therapy, 17909
important messages & use of metaphors in therapist-patient communication during beginning sessions of child therapy, 17775
language structuralistic theory interpretation of Freud's "Notiz uber den Wunderblock", 14094
metaphor as measure for change in psychology, comments on analysis by G. Gholson & P. Barker, 26104
metaphor in psychology & physics, reply to comments by E. Farrell, 26107
metaphoric interpretation of art in psychotherapy, 22402
metaphoric objects in family therapy, therapeutic processes of reframing & paradox & memory enhancement & emotion validation, patients, 4394
metaphorical analysis & hermeneutical interpretation in analytical group psychotherapy, 7095
perception of pictorial metaphor, school age children, 852
production of meaningful language & development of group cohesiveness, discussion group members, 17214
provocation & metaphor & humor techniques in relational approach to family therapy, 4377
psychoanalytic theory & concepts of metaphor & symbol, comments of E. Jones's theory of symbolism, 21634
psychoanalytic view of mirror as artistic content & metaphor, 3365
ratings of metaphoric processing & relationship to theoretical models, college students, 19112
recall & comprehension of metaphors, 2nd vs 4th vs 6th graders, 6093
role of metaphoric self expression in development, humans, 11450
short vs long context inducing metaphoric vs literal target reading, comprehension, college students, 3024
student-produced vs quoted metaphors, argument persuasiveness, college students, 4896
therapeutic generalization & scientific metaphor, modification of cognitive behavior, 4446
use of fairytales as metaphors & therapeutic tool in hypnoanalysis, illustrative case of 9 yr old boy with encopresis, 12609
use of metaphors in family therapy, family with 8 yr old male with behavior problems, case report, 25165
use of musical metaphors for communication process in marriage & in marital therapy, 9800
3-stage model, serial processing in metaphor comprehension, college students, 23604
Metaphysics
epistemological vs metaphysical issues & their psychological role in E. Smith & D. Medin's defense of probabilistic views of concepts, reply to criticism by E. Smith, 16301

epistemology & ontology in works of G. Bateson vs H. R. Maturana, biological foundation of social & behavioral sciences, 9
Methadone
chronic methadone treatment of females throughout gestation & lactation, self administration of morphine, 85–90 day old rat offspring, 16658
continuous iv administration of methadone vs morphine & subsequent naloxone, physical dependence, male rats, 14016
desipramine, dispositional tolerance to methadone, male rats, 16697
electrostimulation vs methadone, opioid withdrawal, comments on article by M. Gossop et al, 4718
exposure to methadone in utero, behavior, neonates assessed at 19–96 hrs & 19–37 days of age, 14552
heroin & methadone & cyclazocine & phencyclidine & naltrexone, acquisition & performance of response sequences, female monkeys, 16723
methadone as adjunct to neuroleptic therapy, chronic paranoid schizophrenic 18–50 yr olds, 4474
methadone, keypecking & brief stimuli with vs without unconditioned reinforcement, pigeons, 16677
morphine vs methadone, opioid analgesia in tailflick assay, male rats, 3336
naltrexone & clonidine therapy, withdrawal from methadone, methadone addicted patients, 28230
Methadone Maintenance
alternating day levo-alpha-acetylmethadol vs daily methadone maintenance, activity level & sexual behavior, male 28–40 yr old former opioid addicts, 22779
bureaucratic regulations & staff's power in treatment setting, transference & countertransference issues, 31 yr old male in methadone maintenance program, 18315
clonidine with vs without sequential naltrexone therapy, detoxification & maintenance, methadone maintenance patients, 31026
cocaine usage, under 20 to over 40 yr old drug addicts currently on methadone maintenance, 31029
counseling & psychotherapy in drug-free outpatient setting & narcotic antagonist & methadone maintenance programs, opiate addicts, literature review, 28258
differences between amounts of opiates used & required dose of oral methadone, patients addicted to opiates vs methadone in inpatient drug dependence unit, 28241
efficacy of structured vs unstructured drug use treatment, methadone maintenance patients, 12777
ex-addict vs non-ex-addict paraprofessional counselors, treatment progress, methadone maintenance outpatients, 12762
hospital-based program of pre- & postnatal & infant care & parent education, drug addicted females & their infants, 10166
incidence of alcoholism & impact on treatment outcome, patients on methadone maintenance, followup study, 22787
long-term methadone treatment, Denmark, 25611
maternal methadone maintenance during pregnancy, physical & neuronal & psychomotor & cognitive development, infants, 24-mo longitudinal study, reprint, 30277
methadone maintenance during pregnancy, intervention techniques for drug counselors, case examples, 22801
methadone maintenance treatment & public opinion, literature review, 28259
methadone metabolism & withdrawal symptoms, pregnant females in methadone maintenance program, 7493
methadone treatment programs, opiate abusers, Canada, 15459
parental functioning, methadone-maintained mothers, 3-yr follow-up study, 25575
person-centered cognitive perceptual style vs inanimate thing-centered style, level of need for treatment, drug addicts in drug free therapeutic community vs methadone maintenance program, 31024
pretreatment somatization & stress & family support factors, rehabilitation outcome, 23–46 yr old naltrexone vs methadone patients in outpatient opiate addiction program, 18322
prevalence of detoxification fear & reliability & validity of screening instrument, addicted patients in methadone maintenance programs, 28250
requirement of relative or close friend as treatment sponsor, attrition rate, applicants to methadone maintenance program, 31027
Methamphetamine
brain concentrations of methamphetamine & metabolites & substance P, determination of mechanism of drug tolerance, naive vs methamphetamine pretreated male rats, 21591
cathinone & cocaine & methamphetamine, discrimination of interoceptive cues, rats, 16785
chlordiazepoxide vs chlorpromazine vs amitriptyline vs methamphetamine, acquisition of discrimination avoidance conditioning, bilateral olfactory bulbectomized male rats, 11214
chronic methamphetamine administration vs withdrawal, circadian rhythmicity of feeding behavior & similarity to effect of ventromedial hypothalamic lesioning, male rats, 29444
dextro-levo-erythrodihydroxyphenylserine, locomotor activity & brain catecholamines & 5-HT, male mice pretreated with pheniprazine & methamphetamine, 16726
dextroamphetamine, auditory & visual RT & detection thresholds, baboons, 16654
discriminative training using cocaine as CS & generalization to methamphetamine vs phenylethylamine, cocaine tolerance & cross-tolerance, male rats, 703
dopamine depletion due to repeated methamphetamine administration, sensitivity to apomorphine vs haloperidol vs methamphetamine in fine motor control task, female rhesus monkeys, 11267
frontal decortication, dopamine activity & general activity caused by methamphetamine vs apomorphine vs cataleptic effects of haloperidol, male rats, 19406
high dose dextromethamphetamine, forced lever performance & sensitivity to effects of physostigmine & atropine & mecamylamine on cholinergic neurons, rhesus monkeys, 26725
lesions induced by 6-hydroxydopamine, response to cholecystokinin octapeptide vs tetrapeptide vs apomorphine vs methamphetamine, male rats, 11247
methamphetamine & haloperidol & chlorpromazine, intracranial self stimulation & behavior traces & activity level, male rats, 3305
methamphetamine, dose dependent locomotor vs rearing activity, male rats with hippocampus lesioned by 6-hydroxydopamine, 16474
methamphetamine vs apomorphine, threshold for defensive attack behavior elicited by hypothalamic electrical stimulation, cats, 19381
methamphetamine vs phenmetrazine vs phentermine vs methylphenidate vs pemoline, prevention of motion sickness, Ss with normal vestibular function, implications for drug therapy & space flight, 14006
neurochemical & functional consequences of 1-methyl-4-phenyl-1,2,5,6-tetrahydropyridine vs methamphetamine, rats, implications for Parkinson's disease, conference presentation, 19460
sodium phenytoin vs carbamazepine vs ephedrine vs levodopa, methamphetamine-induced stereotyped behavior & tremor, male mice, 16669
Methedrine [See Methamphetamine]
Methionine
methionine enkephalin vs substance P vs somatostatin, aggressive behavior, jewel fish, 8528
Methodology [See Also Related Terms]
accuracy of empirical data collection, undergraduate psychology students, 2417
accuracy of momentary time sampling vs partial interval recording, estimation of absolute behavioral levels & relative change, 20965
acquisition phase vs selective reminding procedure, learning of word lists for free recall, college students, 21184
administration of light vs heavy alcohol consumption questionnaire, estimates of alcohol consumption, 24–57 yr old alcoholic inpatients, 20046
aggregation, spurious correlations of behavioral stability, criticism of computer simulation studies of H. D. Day et al, 23497
alternative procedure to estimate worth of icon, comments on work of G. R. Loftus et al, 10993
alternatives to use of psychotherapy & placebo procedures as empirical equation for determination of efficacy of therapeutic procedures, 1729
analysis of Contexts Pyramid Model of Classroom Writing Competence, framework for research in language arts education, comments on article by P. Mosenthal, 4844

Apple II/FIRST-Corvus networks for experimental control & data collection & signal analysis of psychological research, conference presentation, 18882
application of contextual measure of threat by G. G. Brown & T. Harris, rating life events in psychiatry using Social Readjustment Scale, 20272
application of dialectical inquiry to strategic planning, 7815
approach to measurement of consumer preferences using information on nonpreferred choice alternatives, homeowners, 18797
assessment of expended effort in individual vs team work, 6324
attitudes toward & practices regarding role of concept tests in development of advertising strategies & other methodological issues, advertising researchers, 23323
audiological vs 2-interval forced-choice procedures, measurement of pure tone audibility thresholds & response bias, normal hearing vs hearing impaired 17–83 yr old listeners, 20201
auditing vs evaluation in terms of program evaluation, implications for social programs, 16081
automated methods for assessment of retinotectal function, 23364
automation & functional structure analysis of experimental techniques in psychology, 2834
behavioral screening method, assessment of limbic & striatal blocking effects of neuroleptic drugs, male rats, 20970
benefits of social science through assimilation to own interests, Ss' enhancement as methodological criterion in psychological research, 2832
changes in national readership survey, implications for adapting continuous surveys, 26079
characteristics & rates of participation in intrusive experiments using genital measurement, male vs female college student volunteer Ss, 6302
chronic EEG & EMG & EOG recordings, differentiation of sleep wake stages, male squirrel monkeys, 20962
classic averaging vs Bayesian inference method, estimation of auditory brain stem response when electrical activity is nonstationary, 21293
classification & correlation approaches, assessment of behavioral effects of early maternal restriction & rejection, rhesus monkey infants, 19186
classroom behavior problems, school age children, longitudinal vs cross-sectional studies, 18548
combatant styles used in contributions on confounded measures in studies of stress & adaptation, comments on article by R. S. Lazarus, 26175
combined quantitative & qualitative methods in large scale evaluation study, application to study of regional educational service agencies, 23391
comparison of linear vs planimetric vs semi-automated computerized tomographic assessment of cerebroventricular size, 21–65 yr old monozygotic twins with chronic schizophrenia, 22105
compositional vs cross-level vs multi-level models of organizational theory & research, 2679
computerized correlation vs analog techniques, removal of eye movement artifact from EEG, 23808
concept & measurement model, burden of care, elderly & mentally impaired, 5256
concepts of experimental design & procedures & validity, developmental research methodology for development & evaluation of innovations in human services, 13372
conceptual & methodological problems of negative symptoms of schizophrenia, 17423
conceptual & methodological problems, testing self serving causal attributions of success & failure, 2820
confounding problems in studies of stress & psychopathology/symptomatology, comments on articles by R. S. Lazarus et al & B. P. Dohrenwend & P. E. Shrout, 26216
confounding problems in studies on stress, replies to comments by F. Deutsch & B. L. Green, 26224
constraints in L. Ripple's problem formulation strategy in research & alternative strategies, 16095
content & consistency of subject descriptions, language handicapped children, review of child language intervention studies, 4548
content validity in evaluation & policy-relevant research, 5254
control & measurement of error & methodology, Epidemiologic Catchment Area program surveys on mental disorders, 1287
control of variables in lexical decision task, reaction times, 17–45 yr olds, 13682
convergent validation via decision theoretic paradigm of predictions of vocational preference, 17–36 yr olds, 86
critique of laboratory-based experimental methodologies in mental imagery research, 19125
culture-mediated subjective experience of TV in cross cultural studies, 21630
data collection methods, reproductive & nesting & fledging behavior, cliff swallows, 417
design & methodology of etiological investigation, kibbutz- vs town-reared children at risk for schizophrenia, Israel, 15-yr longitudinal study, 2828
development & validation of time-sampling technique, measurement of male courtship sequences, Drosophila melanogaster, application of technique to data presented by L. Tompkins & J. C. Hall, 7992
development of apparatus for identification & detection of source of artifacts in ambulatory EEGs, 1–19 yr olds, 23372
development of automated observation system for assessment of locomotor activity, animals, illustrative examples of effect of dextroamphetamine on activity, conference presentation, 7987
development of automated observation system for assessment of multivariate locomotor activity, rodents, conference presentation, 8025
development of formal analytic methods, prediction of potential effectiveness of alternative training devices & simulators in Army, 25963
development of methodology for auditory analog to visual memory-search task, college students, 19028
development of neonatal oral-motor assessment scale, correlation of oral-motor functions & feeding histories & measurement of sucking activity & identification of dysfunctions, at risk 35–46 wk olds, 27505
development of reliable multibehavioral observational system, assessment of classroom behavior, 18668
development of study of psychopathology & research & therapy methods, USSR, 3796
development of tail suspension test, screening of antidepressant drugs, mice, 10757
developments in psychophysiological & neurobiological & biophysical aspects of memory & learning, literature review, 21362
diagnostic classification in behavioral assessment of agoraphobia, treatment outcome, implications for standardized triple response measurement protocol for agoraphobic research, 27309
differential change-seeking characteristics, college student-research volunteers vs nonvolunteers, implications for use of volunteers in research where change-seeking could be confounding variable, 18890
discriminant validity of free-response self description method for personality assessment, 15–25 yr olds, 23485
E- vs S-controlled paradigm, confidence & response time, college students, 19056
E- vs S-controlled paradigms, macro- & micro-tradeoff between speed & accuracy & state vs process limitations, college students, 19055
effective community-based services planning policies, 25429
effectiveness of community action group protest against bank, 5-yr longitudinal study, implications for use of interrupted time series analysis in community psychology research, 977
electronic mail vs oral interview & written questionnaires as data collection methods for organizational research, nature of responses & response rate, business personnel, 16097
empirical & methodological problems in social learning research, 2821
empirical & theoretical methods in psychology, 28846
energy conservation research topics & approaches, 7900
epidemiological methodology & diagnosis & classification & etiology, psychiatric disorders, children, 6590
epistemology & methodology of reductionism vs constructivism, conference presentation, 8735
ethical regulations of research practice & methodology & deception in psychology, comments on article of G. Adair, 18880
ethics & psychological consequences of life history method in social science research, implications for work with Cuban & Southeast Asian refugees, 16092

ethnomethodology vs symbolic interactionism, comments on discussion by M. Gallant & S. Kleinman, 17216
ethnomethodology vs symbolic interactionism, reply to criticism by A. W. Rawls, 17202
evaluation of baseline data & S selection & other experimental components, clinical utility of sexual fantasy alteration technique, criticism of S. R. Leonard & S. C. Hayes's study, 9842
evaluation of horizontal vs standard vertical interaction, comparison of relative forgetting rates, comments on article by G. R. Loftus, 11024
evaluation of horizontal vs standard vertical interaction, comparison of relative forgetting rates, reply to comments by N. J. Slamecka, 11008
evaluation of workload estimation techniques, measurement of mediational workload in simulated flight task, male pilots, 18788
exercise & cold stress & hemorrhage, plasma epinephrine & norepinephrine measured by high performance liquid chromatography with electrochemical detection, rats, 29356
expectancy bias & halo effects in behavioral observations of treatment outcomes, college students, 1706
experimental design & methodological errors in empirical studies of neurolinguistic programing, implications for counseling, literature review, 8199
experimental procedures for validation of clinical evaluation, psychiatric patients, 9660
experimenter effects & adequate control groups in lure-retrieval paradigm, study of role of play in problem solving, 3.8–4.7 yr olds, experimental replication, 99
exploratory data analysis techniques in behavioral sciences, 13504
factor analytic method for assessing measurement equivalence across populations, job descriptions & satisfaction, health care vs retail vs military personnel, 10624
feminist methodological techniques in sociology & history & anthropology, 6276
finding appropriate source for retrieval of sample survey or development of instrument, bibliography, 26143
focus group research, qualitative information gathering for health care organizations, 2728
foundation & psychometric properties & uses of Older Americans Resources & Services methodology, assessment of functional capacity & use & need of generic services, aged, 23432
genetic research methodologies in schizophrenia, conference presentation, 27263
group comparison approach to treatment & outcome research, 17869
health status multidimensional functional assessment using self administered vs interview mode, 60–89 yr olds, 30071
hierarchical & nonhierarchical clustering algorithms' ability to resolve multivariate normal mixtures, 183
hierarchical linear prediction, nonstationary analysis of speech waves, conference presentation, 98
history & description of survey designs & data collection methods, occupational therapy, 23376
history of role of images in human geography, methodological implications, 20907
immunological study of hypothalamic ventromedical nucleus, rats, 8400
improvement of cooperation to mail questionnaires, professional groups, 8030
in vivo dialysis perfusion, monitor of dopamine & 5-HT neural activity in caudate nucleus, male rats, 26502
individual differences orientation to gerontological research in cognitive development, 6063
injection of gamma-emitting radionuclides, assessment of mating success, male marsupials, 11130
instrument & surgical procedure, transection of corpus callosum, rats, 13921
internship in psychological research for graduate preparation, minority college students from Minority Access to Research Careers program, 31206
interview vs mailed questionnaire, interviewer effect on response to assessment of depression & life satisfaction following bereavement, elderly adults, 20955
intuitive vs maximum likelihood method, estimation of effects of countermeasure on number of traffic accidents at road junctions, 20829
Lakatosian methodological falsification framework vs other philosophies of science, reconstruction of marketing science, 10679
latent variable methodology in theory construction & testing, management research, 13341
libertarian vs anarchistic approach to educational research, 22873
light microscopy autoradiography, determination of neuroanatomical localization of phencyclidine/sigma-opiate receptors, rats, 21325
limitations of adaptation & consistency data attained from word passage practice, 19–26 yr old male stutterers, 20106
limitations of classical validation method & alternate analytic strategies, assessment of racial discrimination, 8036
limitations of research methods of classroom reading instruction, 31127
loneliness assessed by UCLA Loneliness Scale vs self labeling measure, male vs female college students, 6376
machine handling of event history data, 89
major life events & daily stresses, assessment of anxiety & depressive symptomatology, 18–74 yr old full time workers who attend evening college courses, 24634
matrix comparison via Mantel test, evaluation of behavioral patterns, animals, 184
measurement & recording & sampling & data collection methods, assessment of circadian rhythms during sustained performance, 13354
measurement of mental workload by dual task method & auditory & visual discrimination tasks, 8145
measurement of smooth pursuit eye movement, psychiatric patients, implications for psychodiagnosis, reply to comments by L. A. Abel, 14658
measurement properties of electromechanical vs indium/gallium circumferential penile strain gauges, 23387
measures of smooth pursuit eye movement, psychiatric patients, comments on study of L. J. Siever et al, 14568
meta analytic procedures for combining & comparing research results from studies yielding multiple effect sizes, 21036
method for evaluating unanimity of small group, 5269
methodological & statistical research issues, effectiveness of schooling, 22865
methodological & substantive issues in diet-behavior, children with behavior problems, literature review, 9405
methodological advances in measurement of chemical & biological assays of drugs & chemical compounds, implications for psychiatric disorders, 5229
methodological approaches to research on Hispanic populations, 13327
methodological considerations in construct measurement, organizational strategy research, 16022
methodological considerations in estimation of prevalence of chronic psychiatric morbidity, 18–59 yr olds, England, 9334
methodological considerations in research on premenstrual changes, 6788
methodological considerations in study of leisure time, elderly, 8680
methodological considerations in study of MMPI item subtlety & scale validity, 23490
methodological issues, bilateral electrodermal research, 10748
methodological issues in assessment of fixed action patterns, 26451
methodological issues in comparative racial analysis of wife abuse, Black vs White wives, 14712
methodological issues in data collection for instrument development in nursing, 26236
methodological issues in nurse practitioner research, literature review, 28057
methodological issues in recognition memory & encoding of semantic information, aged, literature review, 8763
methodological issues in studies on Catholic vs public high school effects on academic achievement, comments on studies by T. Hoffer et al & J. D. Willms & K. L. Alexander & A. M. Pallas, 18522
methodological issues, studies on impact of maltreatment on psychosocial adjustment, children, 30286
methodological principles of phenomenological psychopathology, 27342
methodological problems, epidemiologic study of work-related diseases, conference presentation, 12215

methodological problems in assessment of interrater agreement in fluphenazine trial, reply to M. Robinson's comments, 30716
methodological problems in assessment of interrater agreement in fluphenazine trial, comments on methods used by D. A. Curson et al, 30774
methodological problems in construction & measurement of values & aspirations questionnaire, adults, Poland, 1980, 16159
methodological problems in sustained job performance research, literature review, 13355
methodological problems of structuralist approach, sociobiographical research, Germany, 2805
methodological problems with single session paradigm used on play and problem solving studies with children, reply to comments by J. L. Dansky, 19693
methodological procedures for postmortem study of neurological & psychological parameters, depression, conference presentation, 10738
methodological quality & meta analysis, 2825
methodological review of syllogistic reasoning tasks & experimental design psychology, 18883
methodological standards, psychohistorical data, 28874
methodologies in neuropsychological assessment, right & left brain functioning, implications for schizophrenia & creativity, conference presentation, 5278
methodology & assessment & validation of dyadic interaction paradigm of naturalistic social cognition, college students, 27142
methodology & hearing threshold, loudness matches in sensation level, 18–78 yr olds with tinnitus, implications for methodology, 22269
methodology & hidden O phenomenon, college students highly susceptible to hypnosis, 103
methodology for analysis of observational data on interactional behavior, autistic children, 30167
methodology for assessment of psychosocial relations, adolescents, 29736
methodology for collection of psychophysical data on nasal chemosensory systems, fish & insects & reptiles & birds & rats & rabbits & mice & bats & cattle & dogs, literature review, 23822
methodology for study of attitudes, elderly, literature review, implications for life satisfaction, 29561
methodology of authors' previous study of CSF noradrenaline levels, schizophrenic Ss, comments on paper by R. H. Gerner et al, 14617
methodology of retrospective study of psychosocial changes & transitions, 30–60 yr old females, 3510
methodology of social interaction research, comprehension artifacts, treatment group Ss, 5221
methodology of studies linking parent-child relations & etiology of depression, literature review, 22028
methods & problems in sociological survey research, youth & their parents, 743
methods & software, calculation of interobserver agreement in continuous observation data collection, 20971
methods for combining individual family member data into relational scores, 13335
methods for graphic representation of systems simulated data & recovery efficacy, 10644
methods for study of memory strategies, 5497
methods of subject selection & descriptions in research on autism, implications for experimental replication, 18878
methods to assess work load & cockpit design, aircraft pilots, 87
microcomputer-based biofeedback device, transfer of treatment in parkinsonian dysarthria, reply to criticism by R. B. Hoodin, 18136
microcomputer-based biofeedback device, transfer of treatment in parkinsonian dysarthria, criticism of paper by R. Rubow & E. Swift, 18134
microcomputer-based method, determination of rate-frequency function to measure rewarding efficacy of brain stimulation, animals, 20954
mid-range concentration method vs slope method of best stimulus classification, assessment of taste neurons, rats, 524
misdirected vs lost letter technique, measurement of religious prejudice, residents, Northern Ireland, 26149
mixed method evaluation strategy integrating between-method & cross paradigm triangulation, 23366
modal action patterns, analysis of frequency distribution of digging behavior, cichlids, 11099
models of psychiatric illness & research methodologies as indicators of multidisciplinary nature of psychiatry, 1248
morphine drug discrimination in single-choice trial, female rats, 16816
multiple baseline approach, measurement of therapy efficacy, 77 yr old female patient with aphasia, 27715
muscle tension & skin temperature reliability of Psychophysiological Stress Profile, 23–52 yr old hospital patients, 26217
naturalistic assessment of early intervention programs, mothers & their handicapped 3–24 mo olds, 30522
naturalistic observation vs case study vs computer simulation vs lower animals vs tissue cultures as alternatives to use of animals in psychological research, 10739
need for development of survey methods in market & social surveys, 20923
need for different methodological techniques for psychological inquiry due to nature of psychological data, comment on R. Hetherington's argument, 5161
network analysis in dyadic interorganizational relations research, 23275
neurological vs behavioral gestational age assessments, evaluation of muscle tone & motor function, neonates, 2829
nomothetic vs idiographic approaches, acquisition of knowledge about mental phenomena, 29104
nonreactive measurement, absenteeism & occupational stress research, 2648
nonrecursive model for analysis of link between political democracy & income distribution inequality, 27059
normative sampling methods, determination of behavioral compatibility & suitability for mainstreaming, handicapped high school students, 13101
numberplate vs bicycle transect method, estimation of outdoor recreation intensities & their ecological impacts, Netherlands, 5146
operational specificity & labeling of baseline & intervention procedures in reports of behavioral treatments, experimental replication, 7997
optometric visual training, academic performance, Ss with vision disorders, 6772
P-technique research design, development & aging, adults & aged, 5257
parental reports vs time-lapse video home observation, estimates of TV time, 5 yr old children & their parents, 5213
partnership model & fusion techniques in media analysis, West Germany, 26085
perceived stress scale, reply to comments by S. Cohen, 26179
performance profile methodology for implementing assistance & instruction in computer-based tasks, 10647
phenetic vs cladistic vs ontological methods, classification of emotions, 19170
physical vs psychological variables, long term self perceptions, male inpatients with spinal cord injuries, support for usefulness of causal analysis, 6745
physiological assessment of workload in simulated & actual flight, Air Force pilots, conference presentation, 20858
precuing methods in study of motor programing of hand & digit & duration of keypress response, 23–31 yr olds, 21064
principles of data storage & retrieval, qualitative evaluations & educational research, field investigators, 16088
priority sort methodology, individual & group decision making in program planning & evaluation, 1689
problems in comparison of results of applied research across groups, college students vs nonstudents, literature review, 13339
procedural model of sentence production, assessment of agrammatic speech & patterns of disrupted behavior, Ss with aphasia, 6833
procedure for determination of aminooxyacetic vs valproic acid induced changes in GABA levels in neural nerve endings, rats, 26152
procedure for development & maintenance of ethanol self administration without food deprivation, rats, 21518
procedure for generation of stimulus continua through monaural fusion, speech perception, 13369
procedure for recording head movements to visual & auditory stimuli, adults, 13370

procedure to estimate worth of icon, response to criticisms by R. N. Haber & V. Di Lollo, 11009
process observation as key to organizational development interventions, 18762
professional psychological associations & legal status & definitions & training & employment & roles & methods, psychologists, Europe, 20607
psychohistorical interpretation & determination of historical causality, 10756
psychological interactions assessed by Kelly Grid method, applications to job & applied social psychology, 28905
psychophysical vs computational approach, study of optical transformations resulting in perceived self vs object motion, 13533
psychophysiological correlates of long term attention to complex tasks & problems associated with measurement, conference presentation, 19179
psychosocial life cycle paradigm guiding current psychiatric epidemiologic investigations of stress-distress process, 23388
Q methodology & prediction of behavioral variables, 5266
qualitative perspective in social work research, 13366
qualitative research methods in occupational therapy research, 23380
quantitative analyses of discourse options, isolation of causal sequences of structure & meaning & social action in discourse & operationalization of semantic & pragmatic constraints, 24058
quantitative vs qualitative methods of observation in child psychology, 5262
randomized controlled trials, evaluation of speech therapy, patients with aphasia, criticism of article by D. Howard & T. R. Pring, implications for meta-analysis, 28013
randomized controlled trials, measurement of speech treatment effectiveness, patients with aphasia, 28016
ranking of single goal statements vs related goal sets, determination of educational program priorities, community residents, 15690
rapid induction technique as adjunct to eye fixation method, 19–43 yr olds in hypnotherapy, 18131
rating procedure using algebraic vs subjective differences between numbers & corresponding objects, interval-scale measurements for individual Ss, 10778
reasons & suggestions for difficulties in personality research, 14488
reliability & validity of retrospective process audit approach to quality assurance for use in community occupational therapy, depressed patients, 22753
research methodologies for assessment of cost-effectiveness, consultation-liaison psychiatry, 27725
research methodology, influence of sex & menstrual phase on pain perception, literature review, 13513
research methodology on shortcomings of parent training programs, families of handicapped children, 18873
research methods & design in organizational development, 7868
research practicum in implementation & evaluation of assertiveness training program for physically disabled college students, psychology college students, 31218
research strategies allowing separation of age & cohort & time effects, general developmental model, 29566
research strategies in analysis of organizational buying behavior, 7866
revival of classical experiment for social psychology, 23396
role of aggregation & behavioral complexity in measurement & interpretation of motor behavior, animals, conference presentation, 8275
role of statistical methods in clinical studies, conference presentation, 2934
role playing vs deception as research technique, 14420
rule-analysis methodology & investigation of covariation judgment, 2nd–4th graders, 6085
scientific vs experiential approach to mental imagery research, 19123
self report of body weight at age 21 vs indication of being overweight as children or teenagers, classification as early vs maturity onset obese, applicants for behavioral weight control program, 6905
self report vs interview assessment of life events, depressed inpatients, 22144
semantic differential vs paired-comparison procedure, assessment of information received from cry sounds, mothers & their infants & children under 5 yrs, 2803
signal detection theory methodology, time of day experimentation & motivational state & true efficiency, college students, 5220
significance test for use with tables provided by R. S. Barcikowski for analyses based on group means & intraclass correlation coefficient in educational research, 28589
single case methodology & development of empirically based social casework models, 28107
single case study method, measurement of efficacy of speech therapy, patients with aphasia, 28025
single unit electrical activity in hippocampus during working memory task, rats, implications for assessment of drug effects on hippocampal function, 16433
single vs multifrequency sinusoids technique, evaluation of vestibulo-ocular reflex & semicircular canal function in rational testing, 19–62 yr olds, 26545
site visits vs photographs vs written descriptions, measurement of evaluations of wilderness campsites, campers 16 yrs & older, 10755
situation antecedent & physiological & nonverbal reaction patterns & regulation attempts & individual differences, issues for emotion research, 8031
social change, 13–24 yr olds, West Germany, 1962–83, replication of O. D. Duncan's survey research instrument, 2799
social scientific & humanist historical methods, research on social welfare institutions & policies & social work practice & human behavior, 13346
social support research change in focus & need to refine measures & concepts, 29931
sociocultural & multidisciplinary approaches to body symbolism & symptom formation, 28858
spatial pattern sequentially outlined in sound system with vs without visual cues, measurement of audiospatial processing, 18–44 yr olds, 19090
stamped & reply-permit envelopes, mail survey response rate, social workers, 7994
standard vs sleep EEG vs auditory vs brain stem EPs, techniques for study of neuroanatomical & neurobiochemical factors, autistic children, 30135
standardized agenda interview vs schedule of inquiry in longitudinal & developmental research in clinical psychoendocrinology, conference presentation, 16091
statistical issues for consideration in analysis of benefits of mandatory seat belt laws, 90
statistical validity in repeated measures & random block design, 8128
subliminal psychodynamics activation investigations, reply to comments on work of J. M. Oliver & R. Burkham & K. C. Haspel & R. S. Harris & A. L. Posterfield & S. L. Golding, 12007
systems analysis method & dynamic decision making research, college students, 5251
tape dispensing device for ratio vs Likert-type scales, measurement of anxiety in close encounter with stranger, male college students, 10868
telephone & in-person interviews, assessment of impact of age & sex & illness on depression, adult Ss, 10734
tetrahedral & pyramid models of educational research, reply to comments by N. S. Fagley & P. M. Miller, 4808
theoretical & methodological history & future implications for preventive & promotive intervention research involving children, criticism of 6 articles, 4261
theoretical & methodological issues in research on early imitative behavior, infants from birth to 6 mo, 6052
theoretical & methodological issues, psychology of human behavior in historical context, 28847
theoretical generalizations of methodology to estimate worth of icon, comments on work of G. R. Loftus et al, 11000
theory & methodology & research on problem solving processes, 3031
think-aloud vs thought-listing cognitive assessment methods, cognitive content variables & problem solving & anxiety, highly math anxious college students, 4904

time interval between survey administrators & use of retrospective design, scale recalibration in evaluations of interviewer performance & recall of earlier evaluations, college students, application in evaluation of organizational change, 28916
time of day & strange situation procedure, security of mother/father/metapelet attachments, 11–14 mo olds in city vs kibbutz, Israel, longitudinal study, 6151
traditional vs modern methods of handling engineering design problems, 10655
traditional vs new structuralism paradigm, imagery research, 19115
types of methodology & statistical analyses used & relationship between number of empirical vs nonempirical studies, forensic psychology experimental research cited in Psychological Abstracts, 1973–83, literature review, 29891
univariate & multivariate classical & biometric approaches, estimation of role of genetic & environmental factors in individual differences in behavior & in psychophysiological measures, 13863
unusually slow rates of presentation of vocabulary items to be learned, amount learned, Ss utilizing keyword mnemonic vs nonmnemonic procedure, 23631
use of adult Ss, research on sources of children's failures, 2842
use of anthropological fieldwork techniques in occupational therapy research, 22752
use of funduscope & alignment laser, alignment of visual axis with predetermined fixation point, rhesus monkeys, 5215
use of grounded theory in organizational research, 31527
use of L. S. Benjamin's structural analysis of social behavior, assessment of role of interpersonal process in therapeutic outcome, therapists & their 18–25 yr old male clients, 17815
use of overall product quality rankings as basis for scientific research, criticism of arguments of C. Hjorth-Andersen, 26059
use of predicted outcomes in national sample as source of comparison for program evaluation, application to medical training program, 7524
use of synthetic cohorts from panel surveys in studies of transitions, aged, 5218
use of treadmill vs walkway, EMG activity, human Ss, 23358
usefulness of research methods employing classical personality theory outside of Euro-American culture, 11786
utility of list format method, evaluation of college courses, college students, 31364
utility of mood & quality questionnaires, assessment of needed improvement in tour services & programs, elderly clients of tour service, 13162
utility of psychological tests in divorce research, 21835
validation of sociometric structure with data on individuals' attributes, male inmates surveyed by J. H. Gagnon, 105
validation of 1st-time-read-yesterday survey technique, evaluation of computer-directed continuous media investigation, magazine subscribers, Holland, 26084
validity & consistency & reactivity of afternoon naps, assessment of sleep-onset insomnia, college students, 12219
validity generalization procedures, 28923
validity of auditory response cradle & crib-o-gram techniques, assessment of hearing loss, 1–5 mo olds, 20263
validity of calibration technique & exposure to auditory stimulus, assessment of pain behavior, 16–60 yr old headache clinic vs psychiatric vs normal headache sufferers vs nonsufferers, 10744
validity of key informants vs health surveys, estimation of health risk behavior, comments on article by E. Deaux & J. W. Callaghan, 8099
validity of structured exploratory data analysis, familial & ethnic influences on cognitive abilities, criticism of article by S. Karlin & D. Carmelli, 23772
validity to behavioral criteria, free-vs fixed-format self report personality assessment method, male high school students & army officer candidates, 2878
value judgments in stakeholder-based evaluations, 23377
variation of decision rules for classification, prediction of response rates & determination of cutoff points for acceptance, credit card holders who received mail offer, test of discriminant analysis in classification procedures, 31584
verbal interactional analysis techniques, analysis of negotiations with perpetrators in hostage taking & barricades & suicide attempts, police psychological personnel & trainers, 13158
weighted least squares methodology, test of the equality of endogamy of groups of differing sizes & sex ratios, 8134
written personal narratives vs assessments of clinical interviews & psychometrics & observations, assessment of environmental stress, 28–52 yr old scientists in Antarctic for 142 days, 28839
3-dimensional plot of statokinesigram with histograms & discriminant analyses, evaluation of righting reflexes for erect posture, 19–42 yr olds, 10750

Methoxamine
methoxamine HCL vs prazosin HCL vs yohimbine HCL, sleep wake cycle, rats, 678

Methylatropine [See Atropine]

Methylmorphine [See Codeine]

Methylphenidate
acute clonidine before vs during vs after methylphenidate treatment, plasma growth hormone & 3-methoxy-4-hydroxyphenelethylene glycol levels & receptor sensitivity, male 8.8–13.2 yr olds with attention deficit disorder & hyperactivity, 18063
acute response to methylphenidate challenge as predictor of treatment outcome with desipramine vs amitriptyline, depressed 47–95 yr olds, 27997
amphetaminil vs methylphenidate, hospitalized hyperkinetic 6–14 yr olds, conference presentation, 7269
amphetaminil vs methylphenidate, hyperkinetic 6–14 yr olds, 9950
classroom observation vs clinic-based testing, detection of methylphenidate dose-related behavior change, 6–10 yr olds with attention deficit disorder, 22578
dextroamphetamine & methylphenidate, refractory depression, medically ill patients, 18030
dosage level of clonidine, atypical tic disorder following methylphenidate treatment, 11 yr old female with attention deficit disorder, 1923
dose-response to methylphenidate therapy, academic performance & classroom behavior during recreational & educational activities, 5.5–11.5 yr olds with attention deficit disorder, 7222
gradual vs abrupt withdrawal of methylphenidate, 61 & 67 yr old drug dependent males, case reports, 28243
methamphetamine vs phenmetrazine vs phentermine vs methylphenidate vs pemoline, prevention of motion sickness, Ss with normal vestibular function, implications for drug therapy & space flight, 14006
methylphenidate & cognitive behavioral self control therapy, children with attention deficit disorder, comments on study by R. T. Brown et al, 27747
methylphenidate & cognitive therapy, children with attention deficit disorder, reply to comments by E. H. Wender, 27693
methylphenidate & dexamethasone suppression test & mood response, prediction of treatment response to zimelidine with vs without lithium, depressed 18–58 yr olds, 30742
methylphenidate & dextroamphetamine & pemoline, symptoms, children with Gilles de la Tourette syndrome, 22529
methylphenidate & possible existence of neural substrate, hyperactivity, children, 30734
methylphenidate & thyrotropin releasing hormone & dexamethasone suppression test responses, 20–55 yr olds with recurrent unipolar depression, 18103
methylphenidate, activity-stress gastric ulcer severity & regional brain noradrenaline metabolism, male rats, 21514
methylphenidate, attention & hyperactivity & social skills & aggressive behavior, school age children with attention deficit disorder with vs without hyperkinesis, 22597
methylphenidate, attention deficit disorder, adults with vs without depression, comment on findings of P. H. Wender et al, 15162
methylphenidate, attention deficit disorder, adults with vs without depression, reply to J. A. Mattes's criticism, 15206
methylphenidate, circling behavior & hyperkinesis, male whirler mice, implications for animal model in hyperkinesis research, 16782
methylphenidate, cocaine dependence, 33 yr old female & 38 & 23 yr old males with attention deficit disorder, 25587
methylphenidate, depression, 77 & 79 yr old males & 70 yr old female, 7172
methylphenidate dosages, operant responding under VR FI reinforcement schedule, male hyperactive 6–10 yr olds, 20411

methylphenidate drug dosage & predrug baseline response rate, response rate on FR/DRL schedules, 6–12 yr old hyperactive males, 9952
methylphenidate, mood & behavior & motor function, mentally retarded 28 yr old male with ring 22 chromosome, 22579
methylphenidate, mood & event-related potentials & memory scanning & vigilance, normal 8–14 yr olds, 16752
methylphenidate, social interactions & performance, 4–12 yr olds with attention deficit disorders, 9885
methylphenidate, stimulus & response processing assessed by RT & P300 latency, 30–39 yr old females, 16735
methylphenidate, stimulus control, rats trained under FI reinforcement schedule, 19415
methylphenidate vs levo-promazine vs natrium valproate, EEG & minimal brain dysfunction symptoms, 5–13 yr olds hospitalized for hyperkinetic syndrome, conference presentation, 7167
methylphenidate vs nomifensine, role of central catecholaminergic systems in place preference conditioning, rats, 8578
methylphenidate vs placebo, problem behavior & parent vs teacher perceptions of behavior, 9 & 10 yr old males with attention deficit disorder, 9925
methylphenidate with cognitive self control therapy vs attention control treatment, kindergartners through 7th graders with attention deficit disorder, 27694
neuroleptic withdrawal & methylphenidate, dyskinetic symptoms, severely & profoundly mentally retarded adolescents & adults, 1906
phenylmethanesulfonyl fluoride vs methanesulfonyl fluoride vs physostigmine salicylate, suppression of methylphenidate-induced stereotyped gnawing, female rats, 5907
ritalin dosage levels, mother child interactions during free play vs task periods, 5–9 yr old males with attention deficit disorder with hyperactivity, 4467
withdrawal from methylphenidate & subsequent behavioral & cognitive treatment, maladaptive attributions, 9 yr old hyperactive male, 9674
Methysergide [See Serotonin Antagonists]
Metrazole [See Pentylenetetrazol]
Metropolitan Readiness Tests
format & direction changes of Stanford Achievement Test & Metropolitan Achievement Test & Comprehensive Tests of Basic Skills, assessment of reading achievement, implications for testing learning disabled students, 10562
Mexican Americans
attitudes & social networks & knowledge about contraception & reproduction, 13–20 yr old Mexican American vs White pregnant adolescents & mothers, 885
career planning attitudes, Chicano vs White junior & senior high school students, 18560
cross cultural validity of learning disability index for WISC-R, Mexican American vs Papago learning disabled children, analysis of S. P. Mishra's study, 5309
degree of acculturation & cognitive style, performance on verbal & nonverbal intelligence tests, Anglo vs Mexican American 4th–5th vs 8th vs 12th graders vs college students, 14157
depression & help with child care & housework & sex role orientation, effect of paid employment on psychological well-being, married vs divorced or separated Mexican American females, 8993
depressive symptoms & somatic complaints, Anglos vs US born vs foreign born Mexican Americans, 22068
discrimination in recruitment & admission & retention processes, Black & Native American & Puerto Rican & Mexican American graduate students, 28373
ethnocentric perception of childrearing practices of nondominant cultures in child abuse protective services, Mexican- & Filipino- & Japanese- & Samoan- & Vietnamese-Americans & Blackfeet Indians, 25407
examiner sex & ethnicity & style of administration, responses on Jourard Self Disclosure Questionnaire, White vs Mexican American college students, implications for group personality testing, 18948
identity conflicts as reflected in selection of ideal characters & images for identification, 16–18 yr old Mexican Americans of migrant origin, 24207
incidence of risk factors for coronary heart disease, Whites vs Blacks vs Mexican Americans vs Puerto Ricans, literature review, 20129
intergenerational solidarity, psychological well-being, elderly Mexican Americans, 8672
job characteristics satisfaction, Mexican American blue vs white collar husbands vs wives, 26010
majority vs minority status, outcomes of outpatient methadone maintenance vs drug free residential vs outpatient treatments, Blacks vs Whites vs Mexican Americans, 12763
marital status & age & education & income & health, depression, 1st–3rd generation Mexican Americans, 9163
method of categorizing WISC-R scores for educational assessment, bilingual learning disabled vs normal Mexican American 7–14 yr old students, 31383
oral non-standard English, written English, Mexican American 3rd & 6th graders, 2423
patterns of heroin & inhalant &/vs other drug abuse & treatment, Chicanos vs other ethnic group members admitted to drug treatment programs, 1975–81, 10164
peer network program, provision of social support & maintenance of cultural heritage, Chicano college students, 25899
perceived self vs other differences in life events & social context of stress, psychiatric symptoms, 21–60 yr old Anglo vs Mexican Americans vs Mexicans, US vs Mexico, 24737
pleading guilty & racial & ethnic group membership & prior court experience, speed of legal processing, Whites vs Blacks vs Chicanos, 1977–79, 17143
preference for Spanish- vs English-language TV vs radio, Mexican Americans, implications for ethnic segmentation in advertising & marketing, 23324
psychological distress & sociodemographic characteristics & acculturation & social support networks, Mexican Americans, 8948
psychological stress & coping & mental health, Mexican Americans, literature review, 8943
psychosocial adaptation & body build & length of residence in Corpus Christi, Mexican American vs Anglo adolescents, 19687
race & ethnicity & culture & class & sex, subgroup formation & interaction in lunch court setting, White vs Black vs Chicano urban high school students, 13028
reporting of illnesses & disability & decision to seek medical attention, Mexican Americans vs Blacks vs Whites, 1-yr longitudinal study, 9964
satisfaction with college environment & student- vs school-centered solutions to problems, disadvantaged Black vs Mexican- vs Native- vs Asian-American students, 2466
self esteem & ethnic identity & behavioral adjustment, Anglo vs Chicano 8th–9th graders, US, implications for clinical practice, 900
sex & age & SES & self perception of health & life stresses, psychiatric symptom levels, Mexican American farmworkers, 1394
short term psychosocial casework & caseworker characteristics, client satisfaction, 19–57 yr old Chicano clients, 28118
social adjustment & academic performance background, college adjustment & academic achievement, Black vs Chicano college students in predominantly White college, 20729
social background & sex & academic vs athletic context, achievement goals & motivation & attribution of success or failure to ability vs efforts, Anglo vs Mexican American high school students, 20721
stability of IQs assessed by WISC-R, male vs female 6–16 yr old Whites vs Blacks vs Mexican Americans with learning disabilities or behavior disorders or mental retardation, 22202
transitional bilingual vs monolingual English curriculums in grades 1–3, Spanish &/vs English academic achievement, Mexican American elementary school students, 25799
welcome program, retention of students, Chicano & Black incoming college students, 18664
Mexico
acceptance of homosexuality & masculine gender identity, males who had had homosexual & heterosexual experiences, Mexico, 24420
adequacy of mental health services for children & adolescents, mental health center directors, Mexico valley, 28104

Adlerian parent study group, perception of child behavior, middle class mothers, Mexico, 27875
advancement & consolidation of knowledge in psychiatry, 1933–70, Mexico, literature review, 28857
age & sex & diagnostic & treatment characteristics, children & adolescents treated in Dr. Juan N. Navarro Child Psychiatric Hospital, implications for program planning, Mexico, 1980, 28166
aggressive behavior & electronic video game playing, adolescent males vs females from different socioeconomic neighborhoods, Mexico, 29737
attitudes toward & positions & disturbances & duration of sleep, Ss aged 50 yrs & older, Australia vs Greece vs Italy vs Mexico vs Spain vs Venezuela vs US, 11043
communication profile, females in organizations of private sector, Mexico, 18769
consonant vs vowel spelling errors, native English speaking 4th–6th graders vs Spanish speaking adults learning English as 2nd language, US & Mexico, 25805
cross cultural differences, occupational interests, male student & professional engineers & lawyers, Mexico vs US, 23164
cross cultural validity & factor analytic similarity of WAIS subtest scores, workers referred for psychiatric evaluation, Mexico, 16150
demographic characteristics & epidemiology, alcohol drinking patterns, Ss over 14 yrs old, Mexico, 27122
development of scale to assess locus of control, 5th–6th graders, Mexico, 18940
development of scientific psychology, Mexico, 10
drug usage, 14–18 yr olds, Mexico, longitudinal study, 26887
educational criteria & training & influence of psychoanalysis, child psychiatrists, Mexico vs US vs USSR, 28326
emotional & social adjustment strategies in low SES families, mothers of physically disabled vs nondisabled children, Mexico, 22322
endogenous vs exogenous communication orientation, perceptions of national relationships with international economic partners, members of occupationally defined elite groups, Mexico, 998
family economics & relations with elite estate owners & dominant social institutions, agrarian poor families, 1750–1910, Mexico, 24319
family law & economic position in family, wives & widows, 18th century, Mexico, 24292
family law in Civil Codes of 1870 vs 1884, changes in family relations & parallels with expanding state & economy, Mexico, 24357
flight from femininity in historical figures & leaders & dynamics of mother- & father-son relations, machismo, males, Mexico, 5990
frequency & consequences & risks of substance abuse, junior high & high school students, Canada vs Mexico, 27447
household survey vs anthropological informant's technique, assessment of alcohol intake patterns & attitudes toward drinking, community residents, Mexico, 13357
metaphoric transformations of physiological processes as social ritual, reinforcement of cultural equilibrium & shared ideology, Tzintzuntzan villagers, Mexico, 29787
nutrition & lactation & fertility practices in rural communities, Mexico, 14301
patterns & psychological correlates of inhalant use, 14–24 yr olds, Mexico, conference presentation, 27120
perceived self vs other differences in life events & social context of stress, psychiatric symptoms, 21–60 yr old Anglo vs Mexican Americans vs Mexicans, US vs Mexico, 24737
perceptions of quality of life & social environment & handling of reality, Ss aged 14 yrs & over who do vs do not use drugs, Mexico, 26886
poverty & malnutrition & illiteracy & birth rate & father absence & incidence of violence & alcoholism, psychological & emotional development, children, Mexico, implications for prevention, 26900
prevalence & patterns of inhalation of solvents, Ss under 18 yrs of age, Mexico, 27428
prevalence of inhalant abuse, children in squatter colony, Mexico, 24761
prevalence of mental disorders & risk factors, 18–64 yr old hospital general practice patients, Mexico, 9301
preventive & therapeutic services, psychiatric disorders, children, conference presentation, Mexico, 25037
problems in evaluation of psychological development, children, Mexico, 27256
psychiatric concerns & epidemiology concepts, Mexico, 27280
psychoanalytic view of crisis intervention & mass media, coping with earthquake, survivors, 1985, Mexico, 30873
psychological images & political images & expectations & perceptions of Mexico, natural gas negotiations, policymakers, 1977 & 1979, Mexico & US, 29866
public vs private health care services & management, rehabilitation, alcoholic patients, Mexico, 28265
randomized spot observations vs day-long narratives, allocation of time in household & work & childrearing, mothers & their children, Senegal vs Mexico, 17083
reflection-impulsivity, children, Mexico, 24220
role of Catholic church, conflict over matrimonial freedom vs marriage for social or economic gain, families, 16th & 17th centuries, Mexico, 24316
sociocultural & psychosocial factors, somatization & expression of symptoms & attribution, male vs female rural patients treated by Spiritualist healer vs physician, Mexico, 3783
symbolic values borrowed from Spanish, expression of differences in ritual status internal to peasant communities, Mexicano speakers, Mexico, 29793
teaching family model, rehabilitation of industrial solvent dependence, 7–13 yr olds with inhalant abuse, 28221

Mianserin

amitryptyline vs mianserin, frequency & amplitude & duration of nocturnal penile tumescence & sleep characteristics, healthy 18–35 yr olds, 29443
citalopram vs mianserin, 26–62 yr old endogenously depressed inpatients, 20383
clonidine vs mianserin, 22–47.5 yr old tension vs migraine headache sufferers, conference presentation, 30718
clonidine vs mianserine, histamine-induced migraine headaches & spontaneous attacks, 22–47 yr old patients, 9919
metergoline vs methysergide vs cyproheptadine vs mianserin vs cinanserin, punished responding reinforced by stimulus shock termination vs food presentation, squirrel monkeys, 16567
mianserin & amitriptyline & imipramine & maprotiline pulse & blood pressure & salivary secretion & finger sweating, healthy volunteers, 8632
mianserin & its enantiomers & metabolites, noradrenergic transmission & re-uptake & release & relation to mechanism of antidepressant action, literature review, conference presentation, 29468
mianserin, depressed 8–19 yr olds, conference presentation, 30720
mianserin, females with cancer & situational major depression, conference presentation, 30714
mianserin, prophylaxis of migraine headache, 18–65 yr olds, conference presentation, 30760
mianserin, sleep parameters assessed by EEG, 29–58 yr old depressed inpatients, conference presentation, 30755
mianserin vs clomipramine, 25–57 yr old mildly depressed psychiatric outpatients, conference presentation, 30721
mianserin vs imipramine, depressed 60–80 yr olds, conference presentation, 30722
mianserin vs indalpine, depressed outpatients, 22568
mianserin vs nomifensine & clobazam, depressed patients, conference presentation, 30749
mianserin vs nomifensine, endogenous & reactive depressive patients over 20 yrs old, conference presentation, 30732
mianserin vs zimeldine, profiles of changes in activity during treatment assessed by Montgomery-Asberg Depression Rating Scale, depressed 20–82 yr olds, conference presentation, 30761
mianserin, 20–80 yr old depressed patients, 4476
psychopharmacology of maprotiline & mianserin & nomifensine & viloxazine & zimelidine & iprindale, 27948
routine care with vs without monitoring by specialist nurse & mianserin &/vs cognitive therapy, depression, females undergoing mastectomy for breast cancer, conference presentation, 30517
therapeutic benefits & risks of 2nd generation vs tricyclic antidepressants & review of clinical data on mianserin & nomifensine, conference presentation, 30705

Mice

age of isolation, attack & fighting behavior, male mice, 348

apparatus measuring drug-induced tremors, assessment of tremor severity through spectral densities, mice, 688
attribution of sexual selection to mate selection, wild field mice, comments on study by S. Lenington, 26444
behavioral & physical measures of drift, mice differing genetically in size & generations of isolation, 23788
behavioral development & social interaction, adult & young kowari, 23731
behavioral/functional sexual dimorphism, ultrasonic vocalizations, adult male vs female mice, 13772
bitter taste responses, different strains of inbred mice, 546
brain size & shape & weight & structure of corpus callosum, mice from 2 strains differing in degree of lateralization, 554
capsaicin, neurophysiological processes, neonatal & adult mammals, implications for pain research, literature review, 687
cholecystokinin, frequency & appearance of satiety behaviors, obese 10 wk old mice, conference presentation, 19506
classically conditioned hyperglycemia, obese mice, 29357
CNS stimulating & depressant & neuroleptic & tranquilizing drugs & cholinergic & cholinergic blocking drugs, conditioned avoidance responses, gerbils vs mice vs rats, 29446
copulation & subsequent cohabitation with female, onset of paternal care & inhibition of infanticide, male mice previously unmatched & infanticidal, 13763
cyclic presence vs absence of mother, circadian activity & rest cycles, night-active field mouse pups & mothers, 23757
depth perception, Mongolian gerbils vs spiny mice, 16342
dynamics of male-male interactions & sperm competition during copulatory episodes, triads of 1 female & 2 male deer mice, 26426
early handling, selection of alcohol, inbred strains of male mice, 8274
environmental space & complexity, social behavior, albino laboratory vs wild house vs wild white-footed mice, 26470
exposure to clean vs soiled bedding of unfamiliar cousins & unrelated males vs fathers or uncles, acceleration of 1st estrus, juvenile female mice, 23851
female territoriality, infanticide, white-footed mice & deermice, 476
food deprivation, attraction to airborne female urinary odors vs food odors, male mice, 13900
individual vs group training & differences in brain excitability, learning & retention, short- vs long-sleep bred mice, 352
kin recognition & choice of males, wild female house mice, 16389
male genotype at T-locus vs H-2 locus, discrimination of male odors, female mice, 3139
maternal pup retrieval behavior & pup ultrasonic emissions & maternal perception, strains of mice, 21243
maze learning & passive avoidance conditioning, open field activity, male mice of albino vs pigmented strains, 3073
membrane physical properties & alcohol dependence, mice selected for genetic differences in severity of withdrawal seizures, 19450
naloxone, ultrasonic calling, 3 day old mice separated from mother & siblings, 24018
parent-offspring interactions & physical contact & activity levels & roles of dams & sires before litter birth through day 10 postpartum, adult spiny mice, 19290
postweaning spatial relationship, inbreeding, white-footed mouse dams & their offspring & littermates, 23767
priority of residence & dominance & male capacity & sperm competition, aggression & copulation & differential reproduction, blonde vs wild male vs female mice, 404
reactions to new place & new object, brown spiny mice, 23668
reciprocal translocation in heterozygous state, agonistic & aggressive behavior, male mice, 3142
selective pressures on evolution of high & low frequency hearing, wood rat vs grasshopper mouse, 11048
sex & estrous condition, preferences for conspecifics & their odors, deer mice, 26427
sex steroids, urine marking activity, male vs female & neonatally androgenized female mice, 658
social status, reproduction & release of urinary chemosignals associated with sexual maturation, female house mice, 13762
time since mating & ejaculation, infanticide & parental behavior, male house mice, 3125

Microcomputers
ABCDE vs QWERTY keyboard layout in microcomputer skills program, speed of single key processing, 8 vs 12 vs 20 yr old inexperienced keyboard users, 31204
access to computer, positive reinforcement to increase appropriate social behavior, learning disabled & mentally retarded high school students, 13108
Apple II+ & expansion boards for studying motor control & visual-motor coordination, 28892
Apple IIe microcomputer software, tachistoscopic presentation of stimuli on raster-scan monitor, 5228
Apple II/FIRST-Corvus networks for experimental control & data collection & signal analysis of psychological research, conference presentation, 18882
Apple Pascal hardware-software ensemble, measurement of amplitude measures of operant response, conference presentation, 18870
Apple Picker computer software package, assessment of responses to concurrent & multiple schedules, humans, conference presentation, 18884
application of microcomputer in language experience approach, spelling skills, nursery school students, 15687
application of microcomputers, communication & computer access & vocational rehabilitation, handicapped persons, 12740
assembly language & method for programing of real-time experiments employing visually presented verbal stimuli for Apple II computer, 28887
assembly language functions, software interface between programs for personal computer & Tecmar Lab Tender circuit board, 26141
assessment of readiness for & strategy for implementation of microcomputers in regional special education program, 15833
cognitive & behavioral characteristics & interest in microcomputers, 4–5 yr olds little vs moderately vs highly involved in microcomputer use, 8747
computer programs to facilitate gathering & analysis of data on reading & studying of text passages, 26171
computer software program for personal microcomputer, cognitive rehabilitation of upper extremity motor control refinement, illustration of 16 yr old accident victim, 15437
computer transcription aid, deaf, 7988
contextual knowledge & self- vs other-selection of computer command names, recall of context knowledge & names, 18–60 yr olds, 26362
cost benefit analysis of microcomputer innovations in communication & occupational & physical therapy & counseling, independent functioning, handicapped, 15445
design decisions in Pascal-based operant conditioning system, conference presentation, 18875
design of microcomputerized Kline Institute Behavioral Observation System, socially living primates, 432
development & management of information systems using microcomputers, administration of special services, local & state level special services administrators, 15606
development & use of computerized close-up video/photoamplifier system, measurement of circadian locomotor rhythm, Paramecium, 5267
development of computer system for observation of multiple channels of communication, assessment of verbal & nonverbal & physiological aspects of interactions, therapists & clients, 13326
effectiveness & use of educational microcomputers, upper schools, UK, 25792
efficacy of microcomputer version of Ohio Vocational Interest Survey Revised, career & occupational counseling, 7th–12th graders, 28613
enrollment in summer camps & classes with microcomputer programing training, male vs female students, 22948
ethical issues in microcomputer use, school counselors, 22884
ethnographic perspective on use of personal computers, female vs male members of families with secondary school children, 11633
evaluation of microcomputer statistical software for research & instruction, academic psychologist & college students, conference presentation, 18867
evaluation of special education programs using microcomputers in instruction, 15816

generic BASIC program for data communications between different brands of microcomputers, 26128
geometrically rotated text for Macintosh computer, stimulus preparation for perception & learning & memory experiments, 5246
graphics design program for creation of point-light displays of transforming 3-dimensional objects, conference presentation, 18862
hand procedures vs microcomputer, conversion of raw to derived scores on WISC-R in large vs small school district, 18645
hardware & software for microcomputer-based event related potential data acquisition system on Apple II+/IIe, 28906
home computers, family empowerment & impact on mental health profession, mental health professionals, 11636
implementation of ideographic psychological instrument using microcomputer, 9192
implementation of pictorial interfaces in microcomputers using high resolution digitizer, 10643
inexpensive microcomputer networking for laboratory animal research, conference presentation, 18860
integration of clinical & administrative & research & educational functions in MICROCARES microcomputer system, psychiatric consultation liaison service of general hospital, 2088
keyboard & screen-based microcomputer response media, response speed of continuous performance task, college students, 7985
maintenance of low isometric grip force assessed by microcomputer controlled force measurement system, healthy 21–63 yr olds, 26539
Maxwellian optics laboratory automation using personal computer for experimental control for psychophysical instrumentation & data gathering, conference presentation, 18885
microcomputer applications, client education & psychosocial coping needs, chronically ill & disabled children, 28049
microcomputer applications to assessment & training & management, developmentally disabled 11–35 yr olds, 20083
microcomputer as perceptual tool, special education intervention program, handicapped infants & multiply handicapped preschoolers, 15821
microcomputer as therapeutic tool, patients with cerebral vascular accidents & head injuries, 18307
microcomputer-assisted integrated information system design & implementation, mental health institutions, 2106
microcomputer assisted spelling instruction & selection of software, teachers, 22923
microcomputer-assisted testing, instructional environment, 28418
microcomputer-based assessment of reading & reading skills, learning disabled students, 15828
microcomputer-based California Assessment Battery, assessment & training & management in residential setting, mentally retarded or multiply handicapped 11–35 yr olds, 22747
microcomputer-based method, determination of rate-frequency function to measure rewarding efficacy of brain stimulation, animals, 20954
microcomputer-based Psychometric Assessment System & Dementia Screening Battery, differentiation of age-related vs incipient dementia, humans exposed to neurotoxins, conference presentation, 23361
microcomputer-based system for testing for neurotoxicity, assessment of cognitive & sensory & motor functioning, conference presentation, 23365
microcomputer, professional practice of systems psychotherapy & self help software, 12447
microcomputer simulation, teacher training, special education teachers, 10293
microcomputer system for collection of response times simultaneously with written protocols, 28913
microcomputer system for monitoring upper beak movements during consumatory & conditioned behaviors, pigeons, 20959
microcomputer technology, organizational structures, Brazil, 13233
microcomputer usage & applications, college counseling centers, 25916
microcomputer uses & needs, individual psychology & psychiatry practitioners, literature review, 16089
microcomputer vs O generated scores on Hamilton Rating Scale for Depression, depressed patients, 2868
microcomputers & development of software, family therapy practice, 12452
microcomputers & training needs, manufacturing supervisors, 28686
microcomputers, development of writing & Braille-Edit word processing skills, visually handicapped students, 25868
microcomputers in educational environment, creative development, 22988
microcomputers vs flash cards for mathematics practice & drill, learning of basic mathematics facts, 2nd–4th graders, 7592
model for microcomputer-based mental health interview & update procedure, implications for gap between psychotherapy research & practice, 17849
multiplication circuit for microcomputer, variable-contrast sinusoidal luminance gratings, 5234
need for research into the effects of personal home computers on family communication & cohesion & social & intellectual development of children, 11613
Optacon system displaying tactile representations of single characters vs interactive single electronic braille cell displaying Grade 1 braille characters, blind readers, conference presentation, 19541
parallel breakout box for input/output monitoring, 26142
parallel processing strategies in application of microcomputers to behavioral laboratory, conference presentation, 18894
personal computer, marriage counseling, 12466
Piagetian theory as basis for development of software algorithms, microcomputer assisted learning, 18476
pictorial interfaces, facilitation of interaction with microcomputer database system, 13250
pictorial stimuli software for microcomputers, 26133
problems in neuropsychological data transfer between computers, conference presentation, 18902
recording of arm positioning movements via game paddle entry of Apple computer, human Ss, 28910
reliability & validity of computer attitude scale, kindergarten through 12th grade teachers enrolled in microcomputer staff development courses, 15916
reliability of computerized administration of MMPI, 17–69 yr old psychiatric patients, 16171
reliability of mini- vs microcomputer EEG topographies, neurological & psychiatric patients, 19875
sleep deprivation with vs without naps, performance on sustained computerized tasks & reported sleepiness & attention, male volunteers, 13356
software control of screen blanking on Apple IIe computer in experimental work in psychology, 28899
SPACEMAKER disk utility program, determination of tracks of space in disk capacity, 26166
spatial & verbal & mathematical ability assessed by microcomputer games, male vs female adolescents, 19625
training in effective use of microcomputer instruction & related classroom considerations, special education teachers, 15618
training in instructional use of microcomputer & use of microcomputers in mathematics & science education, male vs female teachers, 22914
use & location of microcomputers in elementary & secondary schools, 4834
use of BBC microcomputers as psychiatric tool in occupational therapy departments, Great Britain, 18304
use of Lisp Machine to study reading processes, 26338
use of microcomputer, improvement of intellectual impairment, brain damaged patients, 4685
use of microcomputers, families, implications for software design, 11618
use of microcomputers for gathering research data & record keeping of training progress & teaching aid, mentally handicapped, 10463
use of microcomputers in clinical social work practice, 28124
utility of lap computers, partially sighted & blind persons, 24986
utility of word processor as teaching tool for learning to write, learning disabled 4th graders, 20779
validity of microcomputer-administered Marital Adjustment Test, 20–52 yr old married couples, 5324

Microcounseling
micro-videoanalysis training system & peer evaluations to facilitate family therapy training, students in professional interviewing course, 28316
Microorganisms [See Also Protozoa]
peritoneal implantation of Escherichia coli, blood brain barrier permeability, rats, 16616
Micturition [See Urination]
Middle Aged
ability to cope with situations of high arousal in miniature golf training vs minor vs large competitions, 7–59 yr olds, 26877
adjustment & husband-wife communication, 40–45 vs 46–50 vs 51–55 yr old married females, India, 24302
age & health & education & sex, state & trait anxiety & reasoning & problem solving test performance, 40–59 vs 60–79 yr olds, 30173
age differences, oral reading rates & pauses, 44–82 yr old males vs females, 19623
age, error detection & correction ability in motor task, 18–21 vs 40–52 vs 60–79 yr olds, 29627
age specific growth tasks in outpatient psychotherapy group, middle aged males, 17976
ageism & sexism, traditional vs liberal lifestyle conflicts, 41–49 yr olds, implications for psychotherapy, 30569
alcoholism & divorce & suicide during midlife crisis, 35–55 yr old males, literature review, 20017
attitudes toward & positions & disturbances & duration of sleep, Ss aged 50 yrs & older, Australia vs Greece vs Italy vs Mexico vs Spain vs Venezuela vs US, 11043
attitudes toward gender appropriate roles & filial responsibility, females from 3 generations, US vs Japan, 29913
cognitive & behavioral deterioration characteristic of dementia of Alzheimer's type, 50–61 yr old hospitalized patients with Down's syndrome, 17513
complexity & generality in plans for future & ego development, 35–49 yr olds, 21787
differential response to MMPI scales & subscales, psychiatric inpatients less than 40 vs 40–49 vs over 49 yrs old, 30152
educational motives & instructional preferences, 18–35 yr old college students, 28775
employment status & feminist orientation, self esteem, 40–50 yr old married mothers, 9075
exercise, simple cognitive performance & psychological well-being, new & active volunteers from fitness club for persons aged 50 yrs & older, 24103
forgetting rates in visual & auditory continuous recognition memory task, 18–23 vs 38–50 vs 60–74 yr olds, 26836
frequencies of health practices & relation to hypertension & lung & colon-rectal cancer & senility & common cold, 20–39 vs 40–59 vs 60–89 yr olds, 22318
key theoretical issues regarding analytically-oriented psychotherapy, middle aged patients, 9686
level of social activity & reticular arrhythmias & emotional stress & Type A behavior as risk factors, ischemic heart disease & mortality, middle aged males, Sweden, 8-yr followup, 25007
map recall & learning strategies & performance, young adult vs middle aged vs aged females, 24158
memory & retrieval of proper names, 20–23 vs 40–59 vs 60–80 yr olds, 26815
midlife crisis & confrontation with mortality, male 35–60 yr olds, 8826
narrative vs procedural discourse & task complexity, referential usage impairment & related comprehension & cognitive deficits, 27–55 vs 64–76 vs 77–92 yr olds, 26869
nature of parent-child relationship, older parents & their 40–49 yr old offspring, 29713
nicotinic acid vs xanthinol nicotinate, memory, 35–45 vs 55–65 vs 75–85 yr olds, 26699
perceived physical self efficacy, female vs male 42–74 yr olds, 14156
perceptual learning style, adults aged 20–49 vs 50 yrs & older, 26825
personal & relationship & employment & social & career issues & potential counseling intervention strategies, middle aged females with physical disabilities, 30990
physiological aging, biologically- & surgically- & illness-related sexual changes & suggested coital positions, males & females over 50 yrs, 24437
prestige associated with own & husband's occupation, marital satisfaction, 55–85 yr old employed vs retired wives of employed vs retired husbands, 17061
psychoanalytic view of normal & pathological middle-age crisis in life & works of E. M. Remarque, 26781
psychosocial transitions & family cycle phase changes, 45–60 yr old middle class females, 29704
quality of intimate relationships, depression, females aged 50 & over, 9235
reasons for attrition & learning attitudes & styles, college students aged 50 yrs & older, 18555
sex role attributes, mental health & self esteem & sense of mastery, 47–68 yr old mothers of adult children, 19759
social class, patterns of preventive health behavior, 45–64 yr old females, 6377
social context, impact of events, 35–54 yr old females, implications for understanding of psychological disturbance during climacteric, 17323
social network & preparation & internal control, adjustment to widowhood, 49–83 yr old widows assessed immediately after death of spouse & 18 mo later, 9146
sources of stress that might lead to elderly abuse, elderly parent & middle aged caretaker & their family, 30268
stress & ego energy, field dependent perception, 55–75 yr olds, 19842
stressful life experiences, personality development, 31–85 yr olds, 8895
theoretical perspectives of midlife stage of adult development, implications for vocational rehabilitation of disabled, 30998
values & life events as sources of meaning in life, male vs female 35–45 yr olds with low profile jobs, 9147
work & retirement & well-being, 58–63 yr old never married vs widowed vs divorced or separated males & females, 14496
Middle Class
demographic & personality variables, household responsibilities, middle class parents of 1st & 2nd graders, 3638
ego defense mechanism, upward social mobility, lower- & working-class male adolescents, 40-yr longitudinal study, 942
entrepreneurial vs alienated ideological type, structural & cultural class locations, self employed petty bourgeoise opal miners, Australia, 17031
examination of middle class crime prevention citizen patrols in university & residential settings, 2-yr longitudinal study, 9052
outside-employment vs housework, life satisfaction, working- vs middle-class wives, 1101
perception of expectations of & suggested techniques for attracting Black middle class patient, Black physicians, 10182
Middle Class Attitudes
perceptions of attributions & consequences of poverty & wealth, male vs female high school students from working class urban families, 21793
Middle Ear
middle ear activity & periorbital integrated potentials before vs during vs after REM sleep, 19–54 yr old males with schizophrenia & schizoaffective & major depressive disorder, 19894
otoneurological examination & middle ear disorder, Ss with panic disorder & agoraphobia with panic attacks, comments on article by R. Jacob et al, 27305
otoneurological examination & middle ear disorder, Ss with panic disorder & agoraphobia with panic attacks, reply to criticism by A. G. Gordon, 27311
sleep, auditory brain stem & middle latency response, 25–30 yr old females, 5701
tympanometry & otoscopy, screening programs for middle ear diseases, 7–9.5 yr olds, 1507
Middle East
age & instructional programs, ability to learn to visualize 3-dimensional spatial relationships, 13–18 yr olds, Bahrain, 28454
authoritarian principals & atmosphere of hostility & tension, self monitoring behavior, male vs female secondary school teachers in large vs small public vs private schools, Lebanon, conference presentation, 10304
beliefs about work & demographic variables, managers, Iraq, 25977
conditioning theory of posttraumatic stress disorder & Israeli invasion-induced anxiety, American college students, Lebanon, comments on article by P. A. Saigh, 3794

demographic background & drinking behavior & withdrawal symptoms & benzodiazepine use, native vs foreign psychiatric hospital patients treated for alcohol-related problems, Kuwait, 15447
demographic characteristics & correlates, infant & child mortality, ever-married 15–19 yr old mothers, Jordan & Egypt & Tunisia & Yemen Arab Republic, 27496
dual patriotism following independence in 1960, prolonged conflict between groups & lack of resolution, Greek vs Turkish ethnic group members, Cyprus, 1960–85, 29759
identification of /p/ & /v/ in English minimal pairs spoken by native Arabic speakers learning English, native English speakers, Jordan, test of contrastive analysis hypothesis, 16846
Israeli invasion, anxiety, American college students, Lebanon, comments on study by P. A. Saigh, implications for posttraumatic stress disorder, 3859
Israeli invasion, anxiety, American college students, Lebanon, reply to comments by R. G. Heimburg, implications for posttraumatic stress disorder, 3921
Israeli invasion, anxiety, American students, Lebanon, comments on study by P. A. Saigh, implications for posttraumatic stress disorder, 3551
national conflict, national loyalty & awareness of national identity & politics, 9–15 yr olds, Northern vs Southern Ireland vs Jordan vs Iraq, 3514
perceived importance of factors influencing outcome of Middle East conflict, Egypt & Israel, 14252
physical attractiveness & school performance assessed by GPA, 5–12 yr old students, Lebanon, 10461
pre- & postinvasion fear & anxiety & posttraumatic stress disorder, Ss with mean age of 15.1 yrs who did vs did not evacuate West Beirut following Israeli invasion, Lebanon, 3922
presence of conformity effect in experimental setting, college students, Kuwait, replication of conformity study of S. Asch, 11719
proposal for community screening study, prevalence data for planning & improving services for prevention & treatment, handicapped, Kuwait, 9980
role in epidemic of mysterious gas poisoning, press & medical community, Jordan, 1572
social reinforcement orientation as measure of personality tendency, Egypt vs US vs Kuwait vs Japan, 19851
terrorist attacks, fear & worry & attitudes toward political reconciliation of Palestinian problems & support for counterterrorist measures, public, Israel, 29874

Middle Income Level
grade & socioeconomic level, performance on Purdue Elementary Problem-solving Inventory, 2nd vs 4th vs 6th graders in low- vs middle-income school, implications for gifted education, 7751

Middle Level Managers
Adjective Check List, prediction of effectiveness in leaderless group discussions, middle level managers, 2632
cue-controlled relaxation technique, stress & satisfaction & performance, male middle managers with stress problems, 3-mo followup, implications for employee development & assistance programs, 25999
determinants of perceived fairness of performance evaluations, middle managers, 23219
economic utility estimates in selection process at assessment center, midlevel sales managers, 23203
females' lifestyle differences & motivation & values & behavior, career & management development, male vs female managers, implications for employee benefits package, 5079
needs for achievement & independence, perceived job attributes & job satisfaction & job performance, middle managers, 23229
organizational change & transformational leadership, middle & senior level managers, US, 28759
perceived reasons & tactics of influence between bosses & subordinate workers, middle level managers, 28734
perception of nature & emotionality & rationale of conflict of interests, superior-subordinate relations, 26–57 yr old midlevel managers in government enterprise, 10602
sensitivity to performance variations & job scope & context satisfaction & assimilation of work experience, growth satisfaction, lower- & middle-level managers & salespersons, 25979
task uncertainty, initiating & search behavior, upper vs lower level school central office administrators, 10604

Middle School Education
attitudes regarding special certification for middle-grade counselors, middle-grade teachers & principals, 31148
attitudes toward role, 8th–12th grade middle school year leaders & deputy heads, England, 10302
educational program features, teachers' instructional strategy & performance & student involvement, middle school teachers & students, 20697
multiformula readabilities of content textbooks in 6th–9th grades, implications for conceptual density & comprehension performance, 4848
perceptions of discipline & classroom management & drugs & absenteeism & responsibility, school board members vs superintendents vs principals vs counselors vs teachers vs students vs parents in junior high/middle school setting, 20658

Middle School Students
attitude toward science & spatial & mathematical ability & scientific personality, science grades, 8th graders, 2420
cognitive & affective ability, prediction of science concept structure interrelatedness competence, middle school students, 2430
compensation strategies, reversal problems in written expression, middle & secondary school students, 28523
development & reliability & validity of Test of Integrated Process Skills, measurement of science process skill achievement, middle & high school students, 2555
formation of homogeneous classes vs homeroom core classes vs variable class period durations & meeting times vs group counseling, attitudes & performance, middle school students, 20698
incidence & demographic characteristics of allergic disorders, school attendance & achievement test scores, learning disabled vs non-learning disabled elementary vs middle vs high school students, 9452
multidisciplinary approach to program development, social problem solving intervention, middle school students with behavior & learning disorders, 10472
previous educational transition, middle school transition adjustment assessed by measures of self esteem & self consciousness, 5th–6th graders before & after grade change involving change in schools vs same middle level school environment, 20744
puberty as group therapeutic technique, social behavior skills & school attendance & suspensions & language arts & mathematics achievement, educably handicapped or learning disabled middle school students, 25933
relaxation training, writing skills, 7th–8th graders, 22995
school counseling program, GPA, under- or low-achieving elementary through high school students, literature review, 28654
sculpting with plaster of paris & creativity, 7th–9th grade art students, 22971
sequence of accomplishments for computer learning environments, male vs female middle school students, implications for fostering equitable skills, 23036
teacher expectancy, self concept & perception in social interaction process, middle school students, 13050
teaching methods, money management concepts & skills, learning disabled middle school students, 13068
topic familiarity, speed of original learning vs recall, 7th–8th graders, implications for mastery learning programs, 25812
type & quality of implementation of science teaching strategy & reasoning ability, engagement assessed by on- & off-task behavior, middle & high school students taught by student teachers, 25823

Midwifery
knowledge of alpha-fetoprotein test in prenatal screening, midwives, Sweden, 10250
pressure toward medical model of childbirth, licensing, lay midwives, 10003

Migraine Headache
acupuncture vs psychological biobehavioral treatment program, migraine headache, chronic migraine headache patients, 4416
alprazolam, 47 yr old female with major depressive disorder & refractory migraine headaches, case report, 27989
autogenic phrases vs EMG vs thermal biofeedback, male & female adults with migraine headaches, 30696

aversive auditory stimulus, stress sensitivity & physiological responses, 20–55 yr old migraine sufferers, 24974
beta-blocking drugs, stabilization of intrasynaptic serotonergic neurons in migraine headaches, 12573
biofeedback & rational-emotive therapy, migraine, case example of 15 yr old female, 4250
biofeedback & visualization & relaxation training, patients with migraine & tension headaches, 1903
biofeedback treatment, migraine headaches, implications for research & psychophysiological mechanisms, 18004
brief psychological intervention with hypnotherapy, migraine patients, 3-yr followup, 20427
clonidine vs mianserin, 22–47.5 yr old tension vs migraine headache sufferers, conference presentation, 30718
clonidine vs mianserine, histamine-induced migraine headaches & spontaneous attacks, 22–47 yr old patients, 9919
common vs classic migraine headaches, criticism of D. K. Ziegler's & D. J. Dalessio's studies, 6787
daily experiences of stressful events & emotional arousal & physical activity & migraine headache cycles, 23–63 yr old migraine sufferers, 22293
duration of disorder & frequency of attacks, EEG abnormalities, 6–60 yr olds with migraine, 4129
EMG vs finger temperature biofeedback vs muscle relaxation training, 18–61 yr olds with chronic migraine vs tension headache, 12-mo followup, 7132
etiology & symptoms, classic vs common migraine headaches, 6736
frontalis & forearm & neck EMG & cephalic vasomotor response & hard surface temperature & heart rate & skin resistance level & stimulus parameters, adults with migraine &/or tension headaches, 27499
home-based self administered vs clinic-based therapist-administered relaxation &/vs biofeedback therapy, 18–65 yr old tension vs vascular headache patients, 15081
Maudsley Obsessive-Compulsive Inventory, assessment of relationship between obsessions & compulsions & headaches, migraine &/or tension headache sufferers, 20112
mianserin, prophylaxis of migraine headache, 18–65 yr olds, conference presentation, 30760
muscle discrimination ability, 21–56 yr olds suffering from migraine &/vs tension headaches, implications for self regulatory treatment using biofeedback & relaxation training, 20110
naproxen sodium, patients with migraine headaches, 15213
operant pain techniques, 26 yr old female with migraine headaches, case report, 27879
personality correlates, college students with vs without migraine headaches, 9554
personality traits & onset of pain experiences, 18–68 yr olds suffering from chronic migraine &/vs tension headaches, 24862
progressive relaxation vs autogenic training, migraine &/vs tension headache, 20353
psychological characteristics, migraine vs tension headache patients, reply to criticism by P. Drummond, 20220
relaxation & biofeedback therapy & behavioral counseling, migraine & muscle contraction & tension headaches, 10–17 yr olds, 6–22 mo followup, 9865
relaxation vs placebo concentration therapy & therapist bias, tension or mixed migraine-tension headache, 18–45 yr old females, implications for controlled outcome research methods, followup study, 1902
self reported stress factors assessed through cognitive-behavioral perspective, migraine headaches, 19–55 yr old patients, 20246
situation-specific coping list, assessment of coping patterns prone to migraine development, 20–58 yr old migraine patients, 1642
somatosensory evoked potentials, female migraine vs tension headache sufferers, 9587
steroid treatment, 6 yr old female with ophthalmoplegic migraine & Tolosa-Hunt syndrome accompanied by palsy of right 3rd cranial nerve, 15155
stress coping with vs without finger temperature vs temporal vasoconstriction biofeedback, headache activity & psychophysiological & personality variables, 17–56 yr old migraine headache sufferers, 25254
stress of mental arithmetic & RT tests, temporal artery pulsation & facial temperature & blood pressure & heart & respiration rates, female college students subject to migraine vs tension headaches, 27537
symptoms of classic vs common migraine vs muscle contraction headache, 6913
temporal pulse amplitude during psychological stress, migrainous Ss, comments on study done by J. Passchier et al, 20141
thermal biofeedback training, 35–50 yr old females with classical migraine headaches, 1-yr followup, 20334
thermal biofeedback treatment with storytelling from "Star Wars" movie as relaxation therapy, migraine headaches, overachieving 10.6–12.7 yr old males, 25257
time series analysis of stress factors, 30 yr old male with migraine, 2-yr longitudinal study, 4198
unilateral cerebral information overload, development of migraine, 20–67 yr olds with 1-sided migraine, 1540
Migrant Farm Workers
prevalence of alcohol use, Black & Haitian migrant agricultural workers, 24457
relative social ranks & age & familiarity of interlocutors & presence of outsiders & interaction setting & task expectations, choice of syntactically-based directives, Black male agricultural migrant workers, 5978
techniques & social & psychological factors in failure of literacy tutoring, middle aged Hispanic migrant female, 13047
Migration (Human) [See Human Migration]
Migratory Behavior (Animal)
access to route- &/vs site-specific airborne cues & relationship of release site to loft & anosmia, initial orientation toward vs away from home, pigeons, 29201
age & homing experience & transportation in distorted magnetic field vs total darkness, disorientation in homing, 5–6 mo vs 1–9 yr old homing pigeons, 8489
complex phototropotactic system, ability to find sea, hatching turtles, 5619
individual variability, migratory orientation, savannah sparrows, 5617
male natal dispersal, avoidance of inbreeding, olive baboons, comments on work by J. Moore & R. Ali, 8357
migration into European colonies, mating behavior & drone production, Africanized drone honey bees, 11125
natal dispersal patterns & lek fidelity, male vs female sage grouse, 19251
nesting & migratory behavior & symbiosis with mealybugs, Malayan ants, 19269
pinealectomy &/vs continuous dim light vs light-dark cycles, homing orientation, homing pigeons, 5805
seasonal changes & food availability, habitat distribution & density, 26 species of transient insectivorous birds, 421
seasonal variations & dominance, body weight & fat variations, partially migratory European blackbirds, 19267
sex & age & necklace type, differential distribution to wintering locations, brant, support for K. F. Abraham's hypothesis, 19294
solar cues & geomagnetism, migratory orientation, savannah sparrows, 8353
song variations, migratory vs sedentary starlings, 378
Mildly Mentally Retarded [See Educable Mentally Retarded]
Milieu Therapy [See Therapeutic Community]
Military Medical Personnel
demographic characteristics & biopsychological responses, 17–58 yr old medical military personnel wearing chemical defense gear in simulated chemical warfare, 13178
leadership characteristics, Army physicians, 7544
physical & chemical & biological & psychological environmental emergencies, military medical personnel, 7331
simulated chemical warfare field training exercise under high heat conditions, behavioral & physiological & psychological correlates, military medical unit personnel, 31417
training in decision matrix model, triage & emergency treatment during simulated chemical warfare, combat medics, 28367
Military Officers [See Commissioned Officers]

Military Personnel [See Also Air Force Personnel, Army Personnel, Commissioned Officers, Enlisted Military Personnel, Marine Personnel, Military Medical Personnel, Navy Personnel, Noncommissioned Officers, ROTC Students]
attitudes toward programs & scores on oral vs written comprehension tests, soldiers enrolled in English as Second Language programs, 2617
computer-based maintenance training & performance management information system, management & delivery of on-the-job technical training, military mechanics, 7813
cross indexed listing of all references for regulations pertaining to mental health, Navy & Marine Corps & Coast Guard, 4616
demographic & personal & clinical factors, return to duty & posthospitalization adjustment, soldiers, Israel, 2.5-yr followup, 10095
depression & anxiety & alcohol problems & other symptoms, former World War II prisoners of war, Australia, 22131
development of new forms of Armed Services Vocational Aptitude Battery, 18–23 yr old recruits at Air Force base, 23470
drug & alcohol abuse, military personnel, policy implications, 1980 vs 1982, 12033
duration of daytime & nighttime duty & caffeine effect on overnight work periods, vigilance performance, 20–26 yr old male military shiftworkers, 18728
equating of military mental tests, 2944
ergonomic & physiological aspects, performance, British soldiers stationed in cold wet climate, 31544
ethics in combat psychiatry, psychiatrist treating soldiers in Vietnam, 12810
facial attractiveness rated by college students, academy performance & rank attained 12 yrs later, White male military service academy graduates, implications for organizational stereotyping, 18731
group pre- & mid- & post-deployment single session briefings, family relations, children & their parents in military service, 17993
high vs low energy diet & sustained exertion & sleep deprivation, military performance, male military cadets, 31440
incidence of pattern of use of opiates & cocaine & marihuana & hallucinogens & amphetamines & sedatives & cough medicine & inhalants, 23–47 yr old male alcoholics in military treatment program, 22786
involuntary military retirement, plaintiff with disabling psychiatric condition, case law, 14353
literacy instruction, military personnel, US, 25777
military educational rehabilitation, self change, lower class female high school dropouts, Israel, 31214
military family programs, family violence, 4578
military-related stress, life satisfaction, military wives, 5026
military vs nonmilitary family environment, self image, 13–15 vs 16–18 yr old females vs males, 24240
motion sickness susceptibility, serum levels of steroid hormones, male 20–30 yr old military personnel, 3195
noise exposure, occupational hearing loss, civilian vs military engineers, 4131
presence of ethanol & other drugs, cause of death, military personnel, US, 11709
principles of proximity & immediacy & expectancy in frontline treatment, combat stress reactions due to participation in Lebanon war, soldiers, Israel, 22433
psychological dependence of officers writing in journals, military collapse, 1920–40, France, 11564
psychopathic deviate scale 4 of MMPI & structured diagnostic interview, behavioral diagnosis of antisocial personality, military offenders, 9413
recognition & treatment & prevention of combat stress reaction, military personnel, 6555
reliability of TAT & Rozenzweig Picture Frustration Study, rapid prediction of undisciplined behavior, pilots & cadets, 8067
serum levels of growth hormone & time spent in war zone, 18–33 yr old soldiers with battle fatigue, Iran, 21359
sex roles & social control systems & numerical ratios & attribution & ideology, sex integration in military, Air Force male vs female cadets, 4-yr longitudinal study, 10567
social control & identification system & "grand-daddyism" in military, soldiers, Italy, 7838
stability of Armed Services Vocational Aptitude Battery over several sessions, males & females of military service age, 5317
static model based on eye-heart vertical distance, prediction of group mean gravity tolerance under various anti-gravity &/vs physiologic conditions, fighter pilots, implications for job performance, 31433
training needs, military alcoholism & drug abuse counselors, 2257
war & threat of external aggression, emotional reactions & posttraumatic stress disorder, soldiers, Israel, 6619
Military Psychology
definition & utility of systems science as solution to problems, Army, conference presentation, 2596
Military Recruitment
proposed constitutional changes & educational & military conscription reforms, physiological & psychological & economic development & youth crisis, Spain, 11379
Military Schools
autobiographical account of psychological effects & experiences of tokenism, female first civilian faculty member at US military academy, 25757
situational factors, failure to mentor incoming female cadets, female upperclass West Point cadets, 15812
Military Training
Advanced Simulator for Pilot Training, validation of composite measure of close air support mission performance, aircraft pilots, 13467
analytic military training device effectiveness forecasting technique using menu-driven computer programs, 28709
artificial intelligence in man-machine systems, military hardware maintenance & training, 28825
centrifuge training, Air Self-Defense Force pilots, Japan, 20853
common problems in flight instruction, flight instructors & students of Royal Australian Air Force, Australia, 13188
computer assisted instruction & its implementation, Air Force instructional managers, 10350
development of formal analytic methods, prediction of potential effectiveness of alternative training devices & simulators in Army, 25963
development of Handbook for Strategic Intelligence Analysis, analysis of cognitive skills involved in performing intelligence analysis, Army personnel, 31427
evaluation of institutional program of instruction for mortar training & unit training programs & foreign & US Army training & evaluation programs & live-fire exercises, 23179
individual differences & practice & task length & interference, learning & retention of armor procedural skills, soldiers in operational &/vs training units, 10590
interrater reliability in Device Effectiveness Forecasting Technique, assessment of scalar properties in Monte Carlo simulation training device, 28994
models for prediction of training device effectiveness, Army personnel, 5057
Multipurpose Arcade Combat Simulator, marksmanship training, Army personnel, 23181
performance on Weaponeer marksmanship trainer, prediction of M16A1 rifle qualification performance, Army soldiers, 15965
physical fitness, cognitive work capacity & fatigue onset under sustained combat operations, male Army Reserve Officers' Training Corps cadets, 15973
physical training, esprit de corps & self confidence & self esteem, male Marine Corps recruits, 13169
REALTRAIN vs conventional tactical training, job satisfaction & performance, 17–39 yr old soldiers, 5032
simulated chemical warfare field training exercise under high heat conditions, behavioral & physiological & psychological correlates, military medical unit personnel, 31417
training & cost effectiveness of M1 Abrams tank driver-trainer tasks, 25960
training effectiveness evaluation & utilization demonstration of low cost cockpit procedures trainer, Navy helicopter pilots, 5045
training in decision matrix model, triage & emergency treatment during simulated chemical warfare, combat medics, 28367
validity of combining components of Close Air Support mission in composite measure of pilot performance, Air Force pilots, 5071

Military Veterans
admission criteria & therapeutic assumptions & patient management techniques, inpatient treatment program, Vietnam veterans with posttraumatic stress disorder, conference presentation, 25519
adolescent development & object relations, susceptibility to posttraumatic stress disorder, Vietnam veterans who were adolescents during first combat experience & experienced death of member of peer groups, 27383
adverse aftereffects & posttraumatic stress, nurses in Vietnam war, 28335
assessment of needs in areas of self & home care & travel & recreation & writing & reading, rehabilitated blind veterans, 25553
case history & treatment with low doses of lithium carbonate, 31–42 yr old male Vietnam veterans with posttraumatic stress disorder, 18072
coexisting psychiatric illness & posttraumatic stress disorder, combat veterans, 19988
combat experience & symptoms, Vietnam veterans being treated on general hospital wards, 4644
communication patterns & their consequences, families of ex-partisans vs ex-prisoners of concentration camps, 14326
contributing forces to origin & development & prolongation of readjustment difficulties, Vietnam veterans, 9194
court claim with Veteran's Administration on refusal to consider extensions of educational benefits, rehabilitated alcoholics, 24356
current & past life events as etiological factors & treatment considerations, 43 yr old Black Vietnam veteran with posttraumatic stress disorder & anxiety & suicidal ideation, 11902
decision against VA regulation denying extension to complete education, alcoholic military veteran, case law, 27030
delayed onset, posttraumatic stress disorder, 61 yr old World War II veteran, 3949
diagnosis & treatment of posttraumatic stress disorder with vs without substance abuse, Vietnam combat veterans aged 34 & 35 & 40 yrs old, 25053
difficulties in use of posttraumatic stress disorder as insanity defense, Vietnam veterans, conference presentation, 21869
entitlement to educational benefits, alcoholic veteran, case law, 14337
entrance into military service as life turning point, veterans born in 1928–29, US, 19661
evaluation of DSM-III vs 2-dimensional model of posttraumatic stress disorder, Vietnam war veterans, 9288
experiences in Vietnam & issues in treatment of posttraumatic stress disorder & unresolved memories, female Vietnam veterans, 30520
exposure to pesticides during military service, toxic neurasthenia, Vietnam veterans, Australia, 17595
extent & termination of Valium provision, physicians & their outpatients from mental health clinic of VA medical center, 18081
facilitator characteristics, group psychotherapeutic content & process, 30–39 yr old male Vietnam combat veterans, 1855
factors predictive of seeking care at Veterans Administration vs other public psychiatric hospitals, veterans, 18280
failure to develop career maturity, Vietnam veterans with posttraumatic stress disorder, conference presentation, 24637
false claims & simulation of posttraumatic stress symptomatology, 27 & 30 & 34 yr old male Vietnam veterans, 17354
generalization of Posttraumatic Stress Disorder MMPI subscale, former World War II prisoners of war from Pacific vs European theater, 19974
guilt & symptoms of depression & paranoia & aggression, Vietnam veterans who willfully killed Vietnamese civilians, suggestions for psychotherapy, 1765
health care needs & utilization of benefits, female military veterans, 25352
incidence of concurrent DSM Axes I & II disorders, hospitalized 30–51 yr old military veterans with posttraumatic stress disorder, conference presentation, 24681
leader role in management of group & posttraumatic accelerated cohesion in group psychotherapy, Vietnam veterans with posttraumatic stress syndrome, 30656
leadership & coping & managerial skills, management selection & training, Vietnam war veterans, 5078
life history & developmental deprivation & child abuse, post-Vietnam syndrome, Vietnam veterans, 1385
marital & cohabitating adjustment, help seeking Vietnam combat veterans with posttraumatic stress disorder, 1273
military service prior to vs after 1970 & US vs Vietnam vs overseas-not Vietnam location of service, marihuana usage, military veterans, 21896
nutritional status, self perceived chewing ability & dental status & social isolation, 76–93 yr old military veterans seeking outpatient treatment, 9976
paternal posttraumatic stress disorder, family life & personal development, 18–42 yr old children of World War II veterans, 27359
phenomenology & course of flashback experience & similarity to panic attacks, posttraumatic stress disorder, 30–61 yr old Vietnam & Korean & World War II veterans with significant readjustment-related problems, suggestions for treatment, 24682
posttraumatic stress disorder, Army Reserve Vietnam & Vietnam-era veterans, 12013
posttraumatic stress disorder, Vietnam era Army nurses, 3937
posttraumatic stress, transference to VA medical center & split transference syndrome, 38 & 39 yr old male Vietnam veterans, 30588
potential impediments to implementation of inpatient treatment program, Vietnam veterans with posttraumatic stress disorder, conference presentation, 25499
pre- & postwar relationships with fathers who are World War II veterans, Vietnam veterans with severe post-Vietnam stress syndrome, 1366
prospective payment relying on diagnosis-related groups & delivery of mental health services in Veterans Administration, 20485
provision of mental health services to female veterans, chiefs of VA psychology services, 30529
psychiatry & psychic trauma & posttraumatic stress disorder from human-made stress, illustrative cases of Vietnam veterans & Holocaust survivors, conference presentation, 1720
psychological characteristics following combat experiences, military veterans, 19929
psychological services provided by & role in VA nursing facilities, nursing home psychologists, 28163
psychological symptomatology, war veterans with closed craniocerebral injury sustained during war, 20181
psychopathology of late period of combat-closed craniocerebral injury, war veterans with late nonpsychotic disturbances, 20119
psychotherapeutic & cognitive/behavioral & gestalt strategies in group treatment program, hospitalized Vietnam veterans with posttraumatic stress disorder, conference presentation, 25472
psychotherapeutic processes, war veterans with posttraumatic stress disorder, implications for mental health professionals, 25095
psychotherapeutic treatment, posttraumatic stress disorder, illustrative case of Black 25 yr old married ex-Marine combat veteran & his family, 1768
social history & current symptoms & psychometric test results, differential diagnosis, military veterans with posttraumatic stress disorder vs antisocial personality, 14570
symptom cluster of psychopathological & social dysfunctions, Vietnam veteran vs noncombat military psychiatric patients, Australia, 1264
symptoms & pharmacological response, Vietnam & World War II veterans with posttraumatic stress disorder, 11909
therapy groups, active duty Vietnam naval veterans, 9789
transcendental meditation with psychotherapy, post-war adjustment, Vietnam war veterans, 12365
type of war trauma, intrusive imagery & hyperarousal & numbing & cognitive disruption dimensions of posttraumatic stress, Black vs White Vietnam veterans, 3869
validity & reliability of Combat Exposure Scale & Posttraumatic Stress Disorder Scale, male Vietnam combat veterans, 20993
variants of clinical course of late period of combat-closed craniocerebral injury, war veterans, 20125

Minimal Brain Disorders
definition & diagnostic criteria, minimal brain dysfunction & hyperkinesis, 1531

EEG, 7 yr olds with suspected minimal brain dysfunction & neuropsychiatric problems, Sweden, 1606
history of minimal brain dysfunction, neuropsychological performance, 16–26 yr olds with schizophrenia, 22102
methylphenidate vs levo-promazine vs natrium valproate, EEG & minimal brain dysfunction symptoms, 5–13 yr olds hospitalized for hyperkinetic syndrome, conference presentation, 7167
neurological & neurodevelopmental problems, 10 yr olds diagnosed at age 7 with minimal brain vs motor perception dysfunction vs attention deficit disorder, 3-yr followup, 4134
partial hospitalization program, psychiatric patients with minimal brain dysfunction, 18266
prevalence & clinical manifestations & psychosocial risk factors, minimal brain dysfunction, elementary school students in urban & suburban & rural areas, China, 4220
psychophysiological measures as diagnostic aids, children with minimal brain dysfunction & hyperkinesis & attention deficit disorders, 14793
theories & etiology & symptomatology of minimal brain dysfunction syndrome, children, 12256
use of stimulants & other psychoactive drugs, children with minimal brain dysfunction, 4537
Minimally Brain Damaged
age differences & exposure to small vs large biological risks, changes in EEG activity, minimally brain damaged 6 & 10 yr olds, 6722
social casework, family relations, children with learning or physical or emotional or other disorders & their families, 18215
standardization of research technique on syndrome of minimal cerebral dysfunction, children, 12201
Minimum Competency Tests
approaches for validation of National Teacher Examinations, assessment of competency, teachers, 25898
blind vs informed review panel, determination of minimum standard for essay subtest of National Teacher Examinations, public school teachers & teacher educators, 15891
constitutional & statutory challenges to legislation involving minimum competency testing for graduation, handicapped high school students, educational & counseling implications, 28598
factors predicting overall performance on 2nd administration of North Carolina Minimum Competency Test, learning disabled 11th graders, 18640
historical overview of competency testing & relation to current proposals, teachers, US, 25938
minimum competency testing, deaf students, 2581
need for administration of tests of basic skills in reading & writing as part of recertification process, teachers, 25930
position on legal attempts to mandate competency testing proposal for ensuring competence, National Education Association, in-service teachers, 25891
Ministers (Religion)
assessment of success of divorce & adjustment of structural matters, preparation of couples for 2nd marriage, pastors, 15066
attitudes toward suicide & recognition of suicide lethality, Protestant vs nontraditional vs Catholic vs Jewish vs Eastern religious clergy members vs educated laypersons vs other mental health professionals, 27402
clinical pastoral education & role in applied biomedical ethics, pastors, 25648
occupational stress & personal strain & personal resources in leadership roles, priests vs ministers vs seminarians vs nuns vs brothers, 26029
Minn Multiphasic Personality Inven
adult vs adolescent vs mixed interpretive approaches, clinical accuracy ratings of MMPI protocols, 12–18 yr old inpatients rated by clinicians, 2883
age differences, MMPI profiles, medical patients, 26186
age differences, scores on Psychiatric-Organic Special Scale of MMPI, patients with alcohol dependence, 13423
assessment of contemporary normative data, MMPI, 18–99 yr olds, 26200
canonical analysis of MMPI clinical & validity scales & WAIS subtest scores, psychiatric patients, diagnostic implications, 9213
change in MMPI personality profile, Hare Krishna devotees, 4-yr longitudinal study, 27205
characteristics & correlates of MMPI psychological change scores, psychiatric inpatients assessed at admission vs at completion of 9-wk program, 10761
clinical correspondence of complete MMPI vs abbreviated MMPI-168, male psychiatric patients, 26219
clinical utility of abbreviated versions of MMPI, 16182
color preference & MMPI scores, chronic alcohol & drug addicts, 30257
computation of standard errors of measurement for MMPI subscales, 2872
computer based test interpretation with focus on MMPI, literature review, 10773
construct validity of MacAndrew Scale of MMPI, character orientation & pattern of alcohol intoxication, 16–20 yr old misdemeanor offenders, 5321
convergent validity & predictive ability of MMPI Psychopathic Deviate subscales, 17–57 yr old male offenders, 1-yr followup, 10783
development of equations for estimates of full MMPI scale scores for Improved Readability Form for use with cognitively impaired, hospitalized psychiatric patients, 28924
development of updated normative data for K-F index of MMPI, assessment of malingering, normal adults, 28987
diagnosis using MMPI & therapy, 20–54 yr old alcoholic inpatients, 20556
differences in elevations in K-corrected vs uncorrected MMPI T scores, psychiatric vs medical patients vs nonpatients, literature review, 28964
differential response to MMPI scales & subscales, psychiatric inpatients less than 40 vs 40–49 vs over 49 yrs old, 30152
elevations on MMPI Hysteria scale, female & male low back pain patients, 28992
empirical correlates, infrequently occurring MMPI code types, 22–69 yr olds, 1196
empirical correlates of normal & unelevated MMPI profiles, psychiatric inpatients, 30089
feasibility of computer administered individualized MMPI, patients at health maintenance organization, 8026
generalization of Posttraumatic Stress Disorder MMPI subscale, former World War II prisoners of war from Pacific vs European theater, 19974
high hostility scores on MMPI while in medical school, prediction of coronary disease & mortality, physicians, 25-yr followup, 22804
historical overview of development of machine readable version of MMPI & use in psychiatry, 26185
historical review of development & construction & validity of MMPI, 26199
impact of administration & automated scoring & interpretation of MMPI in health care delivery, medical patients, 26187
linear transformation equations, development of nonnormalized T-score tables based on contemporary normative MMPI data, 23510
maladjustment & carelessness & indecision as potential causes of inconsistency in MMPI scores, college students, 23399
McGill Pain Questionnaire vs MMPI vs SCL-90-R vs State-Trait Anxiety Inventory vs rating scale, assessment of anxiety & depression, chronic pain patients with mean age of 45.6 yrs, 129
measured acculturation, MMPI performance, 18–62 yr old Rosebud Sioux, 14495
metacluster analysis on MMPI studies, alcoholics, 6634
methodological considerations in study of MMPI item subtlety & scale validity, 23490
MMPI Agains. Medical Advice scale, prediction of premature termination from inpatient alcohol treatment, hospitalized male alcoholics, 10837
MMPI correlates, 13–50 yr old female patients who reported childhood sexual abuse, 10829
MMPI critical item list, differentiation of borderline personality disorder from other personality disorders, 24–47 yr old psychiatric patients, 3911
MMPI, detection of malingering amnesia, males charged with capital or 1st-degree murder, 1444
MMPI lithium response scales, prediction of antidepressant response to lithium, reply to criticism by J. B. Lane, 8053

MMPI lithium response scales, prediction of antidepressant response to lithium, criticism of study by D. R. Campbell et al, 8084
MMPI profile subtypes & diagnosed affective disorder, 34–82 yr old male hospitalized patients with chronic low back pain, 30056
MMPI profile vs Millon Clinical Multiaxial Inventory, diagnosis of personality disorder, Worker's Compensation patients, 10776
MMPI responses, families of 12–18 yr olds entering psychiatric inpatient vs outpatient services, 17303
MMPI score conversion tables, implications for false positive & negative rates & profile configurations, 1957 vs 1983, 28965
MMPI validity scales, differentiation of malingering & dissimulation, college students, 28983
MMPI vs Mensana Clinic Back Pain Test, prediction of organic pathology, female chronic back pain patients, 26177
MMPI 27/72 code type & Millon Clinical Multiaxial Inventory high point codes, identification of fearfully vs conforming vs ambivalently dependent personality subgroups, psychiatric patients, psychodiagnostic implications, 8085
MPPI 24/42 code & code type & Millon Clinical Multiaxial Inventory high point codes, identification of & discrimination among personality disorders & clinical syndromes, patients, 8048
multimodal pain treatment program & MMPI subtest scores, prediction of treatment outcome, male chronic pain patients, 22377
normative data for MMPI, 18–99 yr olds, 1983, 5295
oblique multiple group component analysis of salient weights, factor structure of MMPI scale intercorrelations & indices, job applicants vs inmates vs psychiatric patients vs theology students, 13394
personality differences on MMPI, primigravida vs multigravida vs sexually active nonpregnant unmarried females, 17258
psychopathic deviate scale 4 of MMPI & structured diagnostic interview, behavioral diagnosis of antisocial personality, military offenders, 9413
psychopathology & personality dysfunction & neuroendocrine functioning using MMPI & dexamethasone suppression test, 21–65 yr old depressed inpatients, 19969
questions regarding item composition of MacAndrew Alcoholism scale, 2919
reliability of computerized administration of MMPI, 17–69 yr old psychiatric patients, 16171
reliability of MMPI, male Spanish speaking federal prisoners, 2925
scores on Masculinity-Femininity scale of MMPI & intellectual functioning, female alcoholics & drug addicts, 20016
self vs peer descriptions using Adjective Check List, interpretation of moderately elevated MMPI scores of normal Ss, male vs female college students, 8073
separation of organic vs functional patients with combined use of Symbol Digit Modalities Test & Psychiatric-Organic scale of MMPI, 23–75 yr old male brain damaged vs psychiatric patients, Puerto Rico, 19870
simulation of paranoia under hypnosis while taking MMPI, detection by MMPI validity measures, female college students, replication of research by P. Wilcox & J. G. Dawson, 18913
stability of MMPI code types, psychiatric patients, 22056
usefulness of combining Millon Clinical Multiaxial Inventory & MMPI, identification & discrimination of personality disorders & clinical syndromes, 2844
utility of combining Millon Clinical Multiaxial Inventory high point code data & MMPI 89/98 code type, refinement of interpretation of MMPI assessment, psychiatric patients, 23398
utility of MMPI in assessing potential for suicide & substance abuse & violence, psychiatric patients, 26183
utility of MMPI in determining maladaptive personality/coping styles, medical patients, 26237
utility of MMPI to differentiate sex offender subgroup, males who sexually assaulted children, 28957
validity of MacAndrew Alcoholism Scale & sociodemographic variables, screening for problem drinking & drug use, 9th–12th graders, 5353
validity of MMPI correctional criteria scales, prediction of adjustment in prison, Black vs White inmates of federal correctional institute, 10818
validity of MMPI subtle vs obvious test items, 18–72 yr old psychiatric patients, implications for test construction & psychometric theory, 16141
value of MMPI conversion "V", assessment of psychogenic pain, 18–65 yr old patients with organic vs nonorganic low back pain, 9576
2-7-8 MMPI code type & visual information processing, schizotaxia, college students, 24687
Minor Tranquilizers [See Also Chlordiazepoxide, Chlorprothixene, Oxazepam]
alprazolam overdose in attempted suicide, serum concentration & toxicity, 45 & 29 yr old females, 14716
clorazepate, 23–62 yr olds with generalized anxiety, 25282
lorazepam, hallucinations & ideas of reference, psychotic 30 yr old male initially treated with cholorpromazine, case report, 27962
medazepam & personality factors, female 40 yr olds with neurasthenic or depressive or anxiety neurosis, 7226
medazepam, patients with neurasthenic or depressive or anxiety or phobic neurosis, 7157
methylclonazepam vs lorazepam, anxiety, 23–66 yr old patients with chronic generalized anxiety disorders, 25265
viksen vs compound of viksen & trazepam, heart rate & blood pressure & RT, 2nd-stage hypertonic 31–56 yr olds, implications for treatment, 5892
Minority Group Discrimination [See Social Discrimination]
Minority Groups
administrative nonsupport & faculty misconceptions & stereotypes & defective student relations, racism & dropout rate in higher education, minority students, 18564
appropriateness of Head Start for minority families in 1980s & as a vehicle for upward mobility, comments on articles by V. Washington & V. J. Oyemade, 10397
assessment of gifted minority students, literature review, 28553
case of Larry P. v Riles involving racial bias in intelligence tests & placement in programs for mildly retarded minority children, 11678
community control & comprehensive services & cultural diversity of & parent involvement in Head Start, minorities, trends for 1980s, 10391
development of program to increase minority student recruitment & retention, graduate psychology programs, 10220
discourse ability & cultural influences on classroom communication & cognitive schema, development of literacy in English, bilingual Hispanic & minority group children, review of research, 21696
drug abuse & rehabilitation & treatment effectiveness, racial & ethnic minority group members, implications for research, literature review, 10161
engineering & science enrichment programs, achievement of academic parity with nonminority students, minority college students, 18511
ethnic composition, student affairs staff in Southeastern public colleges, 1980 vs 1984, 10314
evaluation of leadership development programs for minorities, 4875
factors influencing dropout rates in postsecondary vocational education programs, minority females receiving welfare, implications for remedial programs, 12998
federal drug abuse policy & minority groups, 10153
feminist perspective on child welfare issues, minority female mothers, 9034
guidelines for development of surveys representative of ethnic minorities, 8015
historical overview of medical education from segregation era through affirmative action period, Black & other minority group students, US, 25680
home vs classroom communication, ability to succeed in educational system, cultural-linguistic minority children, implications for educational policy, program implementation, 2432
ideology & organizational structure & teaching practices in effective school education, Black & other minority students, 15572
images & opinions of minorities, secondary school students, 10448
inclusion of curriculum on special populations in education programs, counselors, 28397
incorporation of W. E. Sedlacek's nontraditional variables of minority student success in summer enrichment program for health careers, minority students, 1982–84, 18472

individual & cultural & external pressures in long range planning & career development & strategies for delivery of counseling services, gifted adolescent members of racial minority groups, 31348
internship in psychological research for graduate preparation, minority college students from Minority Access to Research Careers program, 31206
involvement in school psychology training programs, minority group students, 18458
language use & shift, German-language minority groups, Denmark vs Italy vs Belgium, 734
life stress & race & culture, counseling & social support services, racial minorities, 30916
majority vs minority influences, social issues, 14271
majority vs minority status, outcomes of outpatient methadone maintenance vs drug free residential vs outpatient treatments, Blacks vs Whites vs Mexican Americans, 12763
mathematics & engineering & science achievement program, academic achievement & college enrollment in mathematics-science courses, minority high school students during & after program participation, 4832
minority academic achievement, Black & Hispanic seniors in public vs Catholic high schools, 23010
minority advances in performance on College Board Scholastic Achievement Test, comments on article by L. V. Jones, 20821
minority group status, disabled vs minority group members, 9206
minority identity development model of D. R. Atkinson et al, occupational counseling, minority adults, 15959
minority overrepresentation in special education programs, mildly handicapped, 13091
organizational & attitudinal & methodological aspects of effective schools, Black & minority students, implications for instructional practices in urban public schools, 15585
outreach program, introduction to & preparation for higher education, minority 7th & 8th graders, 2388
participation in direct instruction vs Head Start preschool programs, preschool exit measures & school achievement & perceptions of quality of school life & preschool experience, urban minority group high school students, 10333
participation in minority student organizations, Black vs Asian American vs Hispanic vs Native American college students at predominantly White university, 15807
peer tutoring, achievement outcomes, inner-city minority-group students at risk for special education referral & placement, 20720
positive prejudice, attitudes toward ethnic minority, college students as members of majority ethnic group, Australia, 6198
prevalence & treatment of drug abuse, ethnic minorities, US, literature review, 27455
proportional representation of minority members of social category relative to majority members, GPA, male & female college seniors, 8-yr study, 28466
psychoeducational assessment, racial & ethnic minorities, children, implications for test bias ethical & legal issues, 28607
psychological phenomena associated with membership in majority & minority groups, high school students attending schools consonant or dissonant with parental SES, 28508
quantitative & qualitative illustrated portrayal of females & minority groups in elementary science texts, 22969
reading & language instruction, interaction between text information & background experiences & knowledge, Polynesian-Hawaiian kindergartners through 3rd graders who speak nonmainstream English dialect, Hawaii, 18479
reductions in force & nonvoluntary lateral moves before vs during layoffs vs when laid-off personnel were recalled, female & minority high school teachers in district experiencing 8-yr decline, 18432
reliability of Standford Achievement Test-Hearing Impaired Version, Black vs White vs Hispanic primary to secondary school students, 25941
representation in TV commercials, females & elderly & minorities, Canada, implications for stereotyped attitudes & behaviors, 20924
request for expression of degree of agreement with demands favoring foreigners proposed by minority source, agreement, college-aged natives vs foreigners, Switzerland, 3681
residential concentration & protected market hypothesis & determination of proportion of ethnic minority customers, Asian vs White shopkeepers, Great Britain, 2726
school-based intervention & primary prevention project, incidence of psychological disorders, low income & minority kindergartners to 4th graders, 3-yr followup, 7749
school desegregation, academic achievement & self esteem & intergroup relations, minority & White children, situational analysis of research, 18550
shared distinctiveness as source of illusory correlation, performance appraisal, college students & members of fire department, 23185
status & quality of racial/ethnic minority counseling research in relationship to counselor & client variables, literature review, 30890
stigma reversal & reverse discrimination in treatment of majority vs minority groups, implications for public policies, 17047
test & item bias in prediction of performance, majority vs minority groups, 20978
validation of Program of Assessment & Diagnosis & Instruction, identification of potentially gifted & talented minority students, 2nd & 3rd graders, 15909
weakness of Head Start as vehicle for economic mobility & strategies for future directions, minorities, 10367

Misanthropy
urbanism, misanthropy, respondents of general social surveys, partial support for subcultural urban theory, 24263

Misbehavior [See Behavior Problems]
Miscarriage [See Spontaneous Abortion]
Miscegenous Marriage [See Interracial Marriage]
Misconduct [See Behavior Problems]
Misdemeanors [See Crime]
Misogyny [See Misanthropy]

Missionaries
psychological view of problems in philosophy & cultural & missionary practice of Constantine St. Cyril & Method, Slovakia, 19707

Mistakes [See Errors]

Mnemonic Learning
acquisition & maintenance & generalization of mnemonics training, grocery shopping, 63–82 yr olds, 29577
application of Yodai mnemonics in education, US & Japan, 22950
classroom teaching method for name mnemonics, psychology students, 31216
contextual analysis vs semantic mapping vs keyword instructional strategy, recall of vocabulary definitions, high-achieving 4th graders vs low-achieving 4th & 5th graders, 4857
creation of mental image to enhance memorization vs reading of word pairs, frequency judgment, college students, findings contrary to L. Hasher & R. T. Zacks' theory, 29093
desirability of inducing use of mnemonic strategies, accuracy of recall of criterion movement, mentally retarded 12–14 yr olds, 15832
differential utilization of looking vs naming vs rehearsing vs categorizing as mnemonic strategies, free recall task performance, preschoolers vs kindergartners vs 2nd graders, 21713
direct vs mnemonic vs reduced list direct instruction vs free study, acquisition of science facts, learning disabled junior high school students, 31213
environmental context during training & testing & item/context imagery of listed objects, recall, college students, 10995
experiential deprivation & CA & nature of stimuli, visual vs verbal recall & mnemonic competence, 5–8 yr olds, 29647
experimental research on mnemonics, literature review, 5452
exposure to pegword mnemonic technique &/vs hints vs learning instructions, recall of & use of keyword strategy on vocabulary task, college students, 23635
extended mnemonic instruction, performance, 6th–8th graders with learning disabilities, 31304
imagery mnemonic instructions, imaginal mediator reports in paired associate learning & recall of concrete vs abstract concepts, college students, 8247
imagined vs visible loci, recall using method of loci as mnemonic device, college students, 19140
loci mnemonics vs progressive-elaboration instruction, memory & recall & recognition of concrete word series, college students, 23627

memory for self-generated internal stimuli, college students vs 55–83 yr olds, 3442
minor closed head injury, memory, 16–64 yr old males, implications for role of mental imagery strategies, 12264
mnemonic imagery strategy, prose recall, junior high school students at above vs below average reading ability, 22968
mnemonic skills & schema building course, memory, 15712
mnemonic technique for learning lists of words, learning disabled vs nondisabled junior high school students, 20770
picture study & paired associate recall tasks, use of categorical organization vs clustering vs elaboration mnemonic strategies, learning disabled vs non-learning disabled 9–17 yr olds, 14779
relaxation training & mnemonics, attention & anxiety in face-name recall, 61–82 yr olds, 9683
role of amygdaloid complex in mnemonic processing, 8410
search task & mnemonic precedence as analogue of AB error in infants, 31–70 yr olds with amnesia, 27661
state dependence vs mood congruence, depression & mnemonic processing, literature review, 16307
transformational mnemonic strategies for learning, gifted students, 28572
unusually slow rates of presentation of vocabulary items to be learned, amount learned, Ss utilizing keyword mnemonic vs nonmnemonic procedure, 23631
use of mnemonics using imagery & imaginal vs verbal thinking ability, memory for story & faces & names, mnemonist, 8255
verbal vs matrix organizational/memory charts under computer vs learner control, Pico-fomi problem solving, college students, 10384
words arranged in distinctive vs same visual patterns, recall performance, college students, 23622
Yodai features & mnemonic procedures, comments on article by K. L. Higbee & S. Kunihira, 22962
Yodai mnemonics & cross cultural applications, problem solving & understanding in mathematics, reply to comments by J. Kilpatrick & M. Pressley & J. R. Levin, 22949
Yodai mnemonics, concept learning in mathematics, comments on article by K. L. Higbee & S. Kunihira, 22958
Yodai mnemonics in education, comments on article by K. L. Higbee & S. Kunihira, 22970
Mobility (Geographical) [See Geographical Mobility]
Mobility (Occupational) [See Occupational Mobility]
Mobility (Social) [See Social Mobility]
Mobility Aids
application of capsule paper process to production of tactual maps, visually impaired persons, 25536
Canterbury Child's Aid & auditory-motor & sonar aid training, visually-impaired female who used aid from 6 mo through 4 yrs of age, 4567
customized route maps vs taped vocal directions vs customized maps & vocal directions vs ordinary road maps, navigational performance, drivers, 5030
genetics vs environment & heterosis & within breed selection, fearfulness in potential guide dogs, Labradors vs German shepherds vs boxers vs sheepdogs, 3133
guidance system utilizing tactile maps & electronic wire system, visually handicapped persons, 28911
intervention packages consisting of information prompts & feedback & incentives, promotion of technical assistance in making private business settings accessible to wheelchairs, managers, 20910
psychosocial issues of readiness & appropriateness of vision prostheses & aids, visually impaired individuals, 10131
technological advances, improvement of communication & mobility & vocational & recreational opportunities, blind & severely visually impaired people, 10146
temperament & physique factors in matching process, dog guides & blind masters, 25551
Modeling [See Simulation]
Modeling Behavior [See Imitation (Learning)]
Models [See Also Medical Model]
addiction & psychological & psychobiologic & health belief & theory of reasoned action models of exercise initiation & adherence, bibliography, 14944
analytic & cognitive psychological & information processing paradigms, examination of verbal test performance, 16294
animal behavioral tests, prediction of clinical utility of drugs to treat memory dysfunction, 18054
animal models & hormonal & amygdala & adrenergic involvement, memory modulation & dysfunction, 16417
animal models for study of anxiolytic agents, literature review, 14061
animal models of age-related performance differences & impairments in learning & memory tasks, implications for gerontology & geriatrics, 16349
animal models vs J. H. Jackson's model of hierarchical development & dissolution of function, infantile amnesia & memory loss in senescence, conference presentation, 6723
antianxiety drugs & novel environments, exploratory behavior as means of assessing sensitivity & specificity of anxiolytic treatment, mice, literature review, 3283
apomorphine-induced sterotypy & spiroperidol binding to haloperidol-treated striatum as animal model of tardive dyskinesia, female rats, implications for role of striatal dopamine receptors in tardive dyskinesia, 26673
application of population ecology models to organizational research, 7839
application of self evaluation maintenance model to association with university athletic team rivalries, college students, implications for group identification & reference group influences, 24520
behavioral model, alternation between 2 activities, animals, 363
challenge to scientist practitioner model for training, psychologists, comments on view of G. Frank, 2260
classical conditioning of nictitating membrane in rabbits as model for study of learning & memory & aging, 23692
collapsibility vs internal homogeneity models reformulated as restricted latent structure models, relationally defined social classes & occupational mobility, 8941
combination-sensitive neuron in auditory cortex, mustached bat, neuronal model for vowel normalization & representation in humans, 26527
component process model of emotion & semantic structure of natural language emotion terms, 17269
compositional vs cross-level vs multi-level models of organizational theory & research, 2679
computer-based mathematical model for family systems & marital therapy & suggestions for practical application, 30629
computer-based mathematical model for family systems & marital therapy, criticism of article by P. De Giacomo et al, 30613
considerations in testing models of human judgment & psychophysical measurement, comments on covariation judgment research of D. M. Lane et al, 16237
contingency theory of situational variables in leadership effectiveness & Leader-Environment-Follower Interaction Theory of leadership, college students, 19809
coordination of self concept & structure of activation & transfer, application of model to process-related constructs of R. S. Lazarus, 9154
covariation judgment research & models & analyses of functional relations, reply to comments by C. F. Suber, 16229
critique of J. P. Guilford's structure of intellect model, cognitive functioning & educational planning, gifted students, 2529
data availability & weakness of modeling techniques, bias in modeling road accidents & injuries, implications for accident prevention, 28667
deficit vs difference models of early childhood intervention & cognitive ability, Blacks & Whites, comment on views of E. Zigler & W. Berman, 10345
development & comparison of static vs dynamic strength models, prediction of weight-lifting capacity, males, 10641
development & use of trisomy 16 model as animal model of human trisomy 21, mice, conference presentation, 17504
development of structural model & new measurement procedures for assessment, self conception, 11806
environmental demands & expectations & capacities & abilities & motivations & temperament, psychosocial functioning, support for goodness of fit model, reprint, 30027
environmental model, organizational decline, 2694
estimates of mechanical model & outcome feedback, prediction of baseball team's win-loss record based on statistics, graduate business students, 16299

evaluation of circumplex model of family systems assessed through Family Adaptability & Cohesion Evaluation Scale, delinquent vs nondelinquent adolescent males & their mothers from father absent families, 17482
examination of psychoanalytic concepts & theoretical composite ego-self model, guidelines for use of concepts by non-analyst practitioners, 17885
exchange & structure in quasi-symmetry model of occupational mobility, Brazil & UK & US, 24261
extrapolation from animal to human endpoints & hazard identification in neurotoxicology, 5230
eye gaze, interpersonal communication outcomes, college students in mock job interviews, test of social meaning vs violation of expectations model, 28687
graduate psychology training models, scholarly activity as assessed by publications, program graduates, 2237
history & current application & methodology of lactate infusion model for study of neurochemical correlates of panic, 12005
holistic model of special education, comments on article by L. Heshusius, 15872
icv ethylcholine aziridinium ion, cholinergic system of brain, rats, implications for animal model of Alzheimer's disease, 16670
implications of scale model environments as simulation of experiential space-time relativity, 28830
language & cognition in control vs information processing models of reading, 8227
Leipzig vs Paris models of psychological experimentation, social roles between E & S, 68
lesson structure & subject matter in teaching models, elementary mathematics education novice vs expert teachers, 20689
LSD administration, behavior during forced vs free exploration in novel environment as animal model of hallucinogenic activity, male rats, implications for affective reactions to LSD in humans, 11265
memory for relevant vs irrelevant actions within lecture script performance, college students, implications for schema-copy-plus-tag model of memory, 19148
misprimed words in lexical decision task, classification speed & accuracy & orthographic checking process, college students, implications for criterion-bias vs search model of mispriming errors, 284
mixture probability model, assessment of fit of component models with nonsubsuming parameters, 10851
model based on human experiences, drug use intervention, 12766
model of dynamics of Type A behavior & link with coronary heart disease, 24990
model of environmental & internal factors in human behavior change, 13310
model of health & psychological & behavioral effects of job loss, 18704
model of J. F. Miller, nursing care of families with chronically ill & hospitalized child, case study, 22447
model of markets proposed by H. White in which production decision & role structure are interdependent, image of markets as mechanisms, 28841
model of retinal inhomogeneity, prediction of contrast sensitivity for circular homogeneous or inhomogeneous sinusoidal targets, 16257
models & divergent approaches in psychological historiography, 18847
models for representation of similarity data during past 25 yrs, 18915
models of psychiatric illness & research methodologies as indicators of multidisciplinary nature of psychiatry, 1248
models of response uncertainty in 3-wave panel survey, 16100
morphine, drug dependence & withdrawal symptoms, male rats, test of icv infusion procedure for development of animal model of drug dependence, 11304
naturalistic & laboratory-induced behavior, animals, implications for animal models of self destructive behavior & suicide, 19248
need for model of propaganda analysis in communications media, 14082
need for use of holistic health vs medical model, family therapy, 1863
neuroendocrine & hormonal & immunological processes & mediation of psychological factors, psychobiological model of cancer, 12258
nigrostriatal lesions, dopaminergic supersensitivity, mice, 8506
pain coping model, assessment of patients' pain, nurses, 22239
pentylenetetrazol vs scopolamine vs ibotenic acid lesions of nucleus basalis vs aging, memory acquisition & retention, rats, failure to model Alzheimers disease, 16488
peripheral & central processing model of vowel identification, adults, 267
pharmacological & behavioral models of memory & cognitive dysfunctions, 17692
pre- vs postcognitive recursive vs nonrecursive models of causal relationship between job perceptions & satisfaction, nonsupervisory workers in 5 occupations, 18767
preference for unpredictable appetitive rewards obtained under conditions predicted by DMOD model by H. B. Daly & J. T. Daly, male rats, 5539
progressive models of intelligence & individual's influence over other group members, 14442
propositional vs imagery models vs surface structure vs hybrid theories, prediction of sentential synonymity judgments, 18–34 yr olds, 5966
punctuated equilibrium model of organizational evolution, 2689
ratings of metaphoric processing & relationship to theoretical models, college students, 19112
rationale-emotive clinical stress model of emotional disorders, 1284
recantation of support for personalized system of instruction, 2373
relationship between beliefs & attitudes & intentions & behavior, comments on A. Liska's criticism of M. Fishbein & I. Ajzen's model, 6381
relative operating characteristics of indices, identification of model of discrimination process implied by index, 13499
research model for investigation of gender/power aspects of human-computer communication, college students, 13258
research strategies allowing separation of age & cohort & time effects, general developmental model, 29566
shift in special education paradigm from mechanistic to holistic nonmechanical, reply to comments by J. D. Ulman & M. S. Rosenberg, 15831
species variation & components of sensory EPs & use of albino animals, infrahuman models for prediction of human response to neurotoxins, conference presentation, 5222
statistical rules for applicability of 2 path analysis models to same data set, 29029
stochastic vs signaling vs sequential production models, turn allocation in conversational interaction, 11745
strategies & evaluation of validity for animal models of memory impairments, humans, 17644
stress & behavior patterns in psychobiological model of cancer, 12204
structural equations analysis of 4 models, attitude toward advertisement as causal mediating variable of brand attitudes & purchase intentions, 18–75 yr olds, 26071
support for mentalistic vs biological vs environmentalistic models of humankind & need for interactionist model, 10 yr olds, Sweden, 19-yr longitudinal study, 21668
symptoms of lysophosphatidyl choline-induced localized periventricular damage, male rats, implications for animal model of schizophrenia, 23994
taxonomic framework composed of 7 marketing models, measurement of consumer variety-seeking & reinforcement behavior, families, 26067
temporal stability of recreation demand model in terms of distance & population, paddle canoe-camping trip participants, 25946
test of model of personal dispositions attribution divided into identification vs inference processes, 29993
TRACE II model of speech perception & interactions of phoneme & word perception, 10942
use of semiparametric vs parametric models of response time in psychometrics, 10855
utility & normative & drift models in analysis of fertility & approximation to behavioral realities, 24247
validity of alternative models regarding commitment to profession & employing organization & consequent work attitudes, certified accountants, Canada, 31522

Vroom-Yetton model of leadership & constructive controversy & managerial decision making, 20874
2-formant models of vowel perception, criticism of study by K. K. Paliwal et al, 256
2,5-dimethoxy-4-methylamphetamine vs N-N dimethyltryptamine, male rats, test of animal model of mechanism of action of LSD in humans, 5814
3-dimensional model representation of shape movements, visual recognition of arm movements, 8182
5-factor model of behavior change vs 2-factor operant model, criticism of work by G. N. Molloy, 12502
5-HT receptor antagonist, dextrolevo-5-HTP-induced response suppression in operant conditioning animal model of depression, male rats, 29428
9-dimensional model of psychological assessment, 2846
Moderately Mentally Retarded [See Trainable Mentally Retarded]
Molindone
injectable molindone vs haloperidol followed by oral dosage forms, 20–56 yr old acutely ill schizophrenics, 22530
molindone, elderly patients with psychiatric disorders, 22574
molindone hydrochloride, steady state kinetics & plasma half-life, 32–64 yr old male psychiatric inpatients, 28006
molindone vs haloperidol & apomorphine, dopamine receptor role in drug-induced catalepsy, mice, 29441
molindone vs haloperidol, masking of withdrawal-exacerbated tardive dyskinesia, 18–70 yr old subchronic schizophrenic & schizoaffective disordered outpatients, 22540
molindone vs thioridazine, treatment-emergent symptoms & behavioral changes, aggressive hospitalized 6–11 yr olds vs adolescent inpatients, 22544
pharmacokinetics & pharmacodynamics & receptor physiology & clinical use of molindone, literature review, 22525
Mollusca [See Also Octopus, Snails]
electrophysiological correlates, extinction of associative conditioned behavior, nudibranch mollusks, 8296
exposure to rotating & elevated magnetic fields, morphine-mediated food intake, free feeding vs food deprived slugs, 26569
mechanisms of pattern generation underlying swimming, marine mollusk, 8387
neuronal & synaptic activity, feeding motivation & behavior & associative learning, marine mollusks, 5671
prior food avoidance learning, neural responses of surgically isolated brain, mollusks, 3258
Monetary Incentives
assessment of subjective values of investments & credit plans with delayed positive vs negative outcomes & validity of discounting model, college students, 21161
instructions regarding importance of decision rule & monetary incentive & perception of self expertise, use of decision rule in probabilistic task, college students, 21143
no-interest loan vs grant programs, participation in household weatherization programs, consumers, implications for government policy making, 31563
orienting instructions & monetary incentives & sex of listener, listening comprehension, female vs male college students, 13610
participative vs assigned goals &/vs piece rate vs goal contingent financial incentives, learning proofreading skills, 18–54 yr olds, 8257
self generated feedback & commissioned vs wage payment, productivity, machinists, implications for personnel management, 23216
state legislation of minimum oriented monetary fines, driving through stop lights, drivers, replication of study by J. Trinkaus, 19745
statute that mandates payment of deposit of returnable soft drink cans & bottles, public littering, 20917
use of raffle for monetary prizes, response rate to mailed questionnaire about respiratory symptoms, 10749
Monetary Rewards
coalition values & monetary stakes, coalition behavior in apex games, male college students, partial support for S. S. Komorita's equal excess model, 27145
effort manipulated by monetary reward & aversive representations, test performance, high school students with low vs high test anxiety, 22997
financial contingencies for weight maintenance vs participation in skills training to reinforce behavioral changes, maintenance of weight loss, adults, 1-yr study, 27909
performance-contingent reward system, productivity & saving costs, small purchase buyers & sales clerks, 7804
task performance as behavioral measure of response to monetary reward reinforcement during depression, 17–59 yr old melancholic patients, 27903
worker effect &/vs ability &/vs work outcome &/vs family need, allocations of economic rewards to workers in hypothetical situations, male 12–13 vs 15–17 yr olds, Japan vs Australia, 24226
Money
concept of money as discussed by K. Marx & Freud, 13307
control over monetary resources &/vs personnel, job power & earnings, female vs male workers employed at least 20 hrs per wk, 31476
estate planning for learning disabled children or adults, parents, 27475
Jungian perspective on money in myth & in therapeutic relationship, 7034
monetary compensation, course of posttraumatic stress disorder, motor vehicle accident vs sudden loss victims, 14580
money as expression of transference love & attempt at seduction, 60 yr old wealthy lawyer analysand, 25149
remittances to male seasonal labor migrants, household reproduction & maintenance of social & economic conditions, peasant females, Jamaica, 29790
SES & amount of available money, delinquent behavior, 14–16 yr olds, 14687
teaching methods, money management concepts & skills, learning disabled middle school students, 13068
teaching methods, production of monetary change, dyscalculics, 28566
treatment duration & monetary attendance deposits, attrition in behavioral studies, obese clients, meta analysis, 1967–84, 15088
Mongolism [See Downs Syndrome]
Monitoring [See Also Self Monitoring, Vigilance]
accuracy of ambulatory EEG monitoring in diagnosis, 15–62 yr old epileptic patients, 1526
application of biotelemetry monitoring system, assessment of cardiac & respiratory physiology during feeding & caregiving interactions, full-term newborns & twins & young asthmatic children, 11389
biological monitoring, self report of cigarette smoking, 8th & 9th graders, 8663
contingent reinforcement & monitoring, smoking reduction & cessation, 21–51 yr old female hospital employees, 28260
depth of processing vs idea unit level vs text organization, proportion recalled vs estimated recall of prose text, college students, 325
health locus of control & anxiety levels, parents of children at risk for sudden infant death syndrome on apnea monitor at home vs hospital, 14867
homogenous vs heterogenous word lists presented twice, prediction of recall during 1st vs 2nd presentation, college students, 13694
internal representation of environment & information source & amount & updating, visual sampling behavior, college students, 29087
monitoring through vocalizing vs nonvocalizing pairs vs individuals, transfer of problem solving skills, college students, 23624
Multiple Affect Adjective Checklist, monitoring mood changes following ECT, 60 yr old female with depression, 13422
plasma monitoring technique & appropriate therapeutic dosages, patients receiving clomipramine or amitriptyline or maprotyline, 18-mo study, 1933
recording system for monitoring of social work activities, long term home care, frail elderly, 12687
system for monitoring tardive dyskinesia & legal & media issues, 9908
use of child growth charts & other monitoring practices, mothers, Ghana, 3390
Monkeys
absence of predators, social organization of group living, macaques, 23755
age & sex differences, aggressive behavior, rhesus monkeys, 8305

aggression toward & social isolation of & food sharing with 2 yr old offspring following birth of infant, C. goeldii family, 26446
attraction of scent-marking activity with tree gouge holes, sociosexual communication & reproductive inhibition of subordinate females, marmosets, 26456
autoradiograms & tritum-labeled thymidine, study of neurogenesis, rhesus monkeys, 541
bared-teeth display & dominance hierarchy & young females' rank acquisition & integration into adult social network, rhesus monkeys, 21247
behavior during masturbation & homosexual & heterosexual interactions, adult male & female stumptail macaque monkeys, 29239
breeding season sexual interactions between estrus females & nontroop males, fissioning of small- vs large-sized troops, Japanese monkeys, 23769
cerebellar nuclei lesions, volitional & arousal level control vs motor coordination of vocalization, squirrel monkeys, 21448
chronic social subordination, sexual & social behavior & hormone levels, male talapoin monkeys, 23704
classification & correlation approaches, assessment of behavioral effects of early maternal restriction & rejection, rhesus monkey infants, 19186
collection & consumption of exudates from trees in open canopy forest, marmosets, 19244
companionship & kinship & rearing, social preferences, macaques, 3116
comparison of neuronal mechanisms involved in delayed response, prefrontal vs parietal areas, monkeys, 19316
cranial & physical characteristics & distribution & natural history & reproductive anatomy & social behavior, two species of stumptail macaques, China, 349
development & determination of social dominance, rhesus monkeys, 19295
development of sexually dimorphic behavior, infant macaques & their mothers, 29229
development of social relations & maternal behavior, rhesus vs long-tailed vs Tonkean macaque monkey infants, 19292
development of vocal recognition of mothers, infant Japanese macaques, 3117
development to puberty, female Macaca fascicularis monkeys, 5592
diurnal variations, foraging behavior & diets, wedge-capped capuchin monkeys, 3121
dominance status, affect perception disturbance & behavior while viewing tapes of unfamiliar conspecifics displaying aggressive vs submissive vs nonsocial behavior, pigtailed macaques, 394
early maternal or peer separation experiences, subsequent immune function, adult pigtail macaque monkeys, 562
early maternal separation & natal group membership, social preferences & play behavior in all-peer groups, 22–41 mo old pigtail macaques, 19247
estradiol & progesterone treatment of females & size of testing area & presence of conspecifics, male ejaculations & other sexual & affiliative interactions, pairs of rhesus monkeys, 19475
estradiol with vs without progesterone or testosterone, menstrual cycle & sexual motivation & activity, male & female Macaca fascicularis, 3337
extended exposure to low level noise, heart rate & blood pressure & pauses in cardiac rhythm, chair restrained monkeys, 13904
eye position during fixation on luminous targets, macaques vs 19–33 yr old human males, 3173
female dog vs plastic hobbyhorse as surrogate mother, development of simple & complex social behavior, rhesus macaques, 8313
female reproductive cycles & male dominance rank, sexual behavior, stumptail macaques, 444
fornix transection, performance on spontaneous & trained nonmatching tasks, monkeys, 610
genetics & sex differences in color vision, squirrel monkeys, 3158
group composition & mating system & infant care, saddle-backed tamarins, 5-yr longitudinal study, 8376
group fissioning & expansion & kinship & ethnocentricism, human tribes vs macaque troops, implications for human evolution, 19794
group fissioning, free-ranging rhesus monkeys, 21265
hand preference & tactile discrimination performance, rhesus monkeys, 13810
identical configuration in pairs of discrimination, acquisition of discrimination learning, macaque monkeys, 16350
individual ranking differences & constraints on partner choice & female receptivity & agonistic interactions in breeding season relationships with mature females, free-ranging immature male rhesus monkeys, 13761
infanticide following troop takeover by new males as adaptive reproductive strategy, langurs, 8373
infanticide in patrilineal society & consequent sexual & aggressive & social behavior & dominance among males &/vs females, male red colobus monkeys, 23749
intergroup transfer & incest avoidance & sexual behavior, macaques, 11119
intermale association, Japanese macaques, 29230
intermale competition & troop usurpation & conspecific infanticide, population growth, male langurs, 19289
intragroup expression of aggression, rhesus monkeys, 13758
iv estradiol vs testosterone, mating behavior, ovariectomized female vervet monkeys, 642
kinship & rank relationships & age & sex, agonistic aiding, rhesus monkeys, 2-yr study, 389
lactation & birth intervals & estrus cycle, postpartum conception, female langur monkeys, 13767
live vs playbacks of infants' isolated single call type, maternal recognition, squirrel monkey mothers & their infants, 16386
low vs high spatial frequency, face selective responses of neurons in cortex in superior temporal sulcus, macaque monkey, 21322
maternal parity & reproductive risk & dyadic interaction with neonate, weight gain & rearing success & behavioral response to reunion with mother, infant pig-tailed macaques & their mothers, 19238
mating patterns & choice of mate, female woolly spider monkeys, 11114
mechanisms of neural metabolism of 1-methyl-1-4-phenyl-1,2,3,6-tetrahydropyridine, brain tissue of adult monkeys, implications for Parkinson's syndrome, 26505
memory in delayed matching tasks, male monkeys, 611
memory of travel slides vs kaleidoscope patterns, pigeons vs monkeys vs 21–41 yr olds, 16361
mirror-image reactions, tool-using male adult monkeys, 385
multidimensional scaling of male &/vs female social interactions, rhesus macaques, 10747
neutron pulse of 500–675 rad, task performance, monkeys, implications for pilot performance, 11239
observational conditioning of snake fear, wild & laboratory reared unrelated monkeys, 11057
patterns & intensity & symmetry in aggressive behavior & response to aggression, 3 species of macaques, 21275
perception of mirror image, macaque monkeys, 29243
physical structure of habitat & mother-infant relations, infant development, rhesus monkeys, India & Nepal, 3113
plasma phenylacetic acid concentrations, dominant hierarchical status, dominant vs nondominant male vervet monkeys, implications for human aggressive psychopathy, 23847
polyspecific associations & daily activities & vertical separation & foraging behavior & traveling modes, saddle-backed vs red-chested moustached tamarins, 19303
predation on tent making bats & insects, squirrel monkeys & double-toothed kites, 21240
prenatal androgens & neonatal castration, parental behavior toward infants, 3–4 yr old male vs female rhesus monkeys, 3226
presence of familiar social partner, injurious aggression & agonistic displays during encounter with strange male vs female conspecifics, pairs of intact vs castrated male & female saddle back tamarins, 21248
presence of offspring & females, variations in alarm call rates, free-ranging male & female vervet monkeys, 23699
presence of partner & acoustic cold structures, subsequent vocalizations by conspecific, squirrel monkeys, 29240
presence of straw & portable objects, patterns of affiliation by decreasing quiet contact & close proximity & object-directed activities, capuchin monkeys, 23761
profile of locomotor & self & environment directed & social behaviors, stumptail macaques, 23737

rearing in peer group by surrogate vs actual mother for 1st yr, phobic behavior, monkeys, animal model for acquisition & treatment of human phobias, 11131
rearing under red illumination for 1st 3 mo of life, color discrimination at 5 mo of age & increment threshold spectral sensitivity at 1.4 yr, monkeys, 23879
rejections by caregivers in carrying situations, interactions with fathers & mothers & older siblings & twins in captive family groups, 2–22 wk old marmosets, 19265
responses to infant isolation peeps from 3 populations, adult Bolivian vs Peruvian vs Guyanese squirrel monkeys, 26461
separation of 5 vs 10 vs 20 minutes followed by 30 minutes of reunion, cortisol levels, mother–infant pairs of squirrel monkeys, implications for shorter periods of separation in attachment behavior research, 21417
serum testosterone levels, dominance rank & aggression, male vervet monkeys, 8430
sexual dimorphism & female estrus stage & male dominance rank & sexual solicitations & copulations, mantled howler monkeys in tropical dry forests, 23723
small cue-response site separation, visual pattern discrimination, macaque & rhesus monkeys, 26414
social rank, reproductive success, male macaques, 21274
species & social type & taxonomic status, response to holding or transfer of newborn infants by others or allomothering, New & Old World monkeys, 19261
species differences, loud calls, free-ranging male lion-tailed macaques vs Nilgiri langurs, 3109
species discrimination & concept formation, rhesus monkeys, 29250
study time & subsequent familiarization with black & white patterns, visual recognition memory, infant pigtailed macaques, implications for human infant memory development, 29194
thermal-sensitivity system as model for humans, monkey vs 19–25 yr old humans, 19349
thermal-sensitivity system as model for humans, monkeys vs 19–23 yr old humans, 19353
total social isolation vs mother present with vs without contact vs peer present, behavioral & physiological responses, rhesus monkeys at 4–6 vs 8–10 mo of age, 8479
troop-specific response to long calls, moustached tamarins briefly separated from own troop, 3122
urine washing, woolly spider monkeys, 5616
variations in available resources, seasonal variation in time budgeting for feeding & ranging, green monkeys, 21254
vestibular compensation following placements of posterior vermectomy & uvulonodulectomy, squirrel monkeys, 16529
visual & tactile isolation & species-adequate substitute stimulation, peer interactions, 2–3 mo old squirrel monkeys, 23887
visual motion thresholds for sinusoidally modulated shearing motion of random dot display, monkeys vs human Ss, 13802
visual recognition memory, infant pigtailed monkeys, 3086
Monoamine Oxidase Inhibitors [See Also Iproniazid, Isocarboxazid, Pargyline, Phenelzine, Tranylcypromine]
abnormal personality, response to MAO inhibitor & tricyclic antidepressant, 22–76 yr olds, 30777
amitriptyline vs MAO inhibitor R011-1163, depressed patients, 1943
chronic administration of clorgyline, peripheral presynaptic noradrenergic activity assessed by plasma norepinephrine & heart rate & blood pressure, 21–70 yr old depressed patients, 9934
chronic clorgyline vs amfonelic acid, density or dissociation constant of tritiated spiperone binding to cortical beta-adrenergic vs striatal dopamine receptors, male rats, 16715
clovoxamine, sleep parameters assessed by EEG, 31–55 yr old depressed patients, conference presentation, 12566
combined MAO inhibitor & tricyclic antidepressant therapy, depressed patients, comments on article by M. S. Manshadi & S. B. Lippmann & authors' reply, 30784
debrisoquin, CSF & plasma homovanillic acid levels, 21–65 yr old psychiatric inpatients, 17382
deprenyl vs tranylcypromine, platelet MAO inhibition, depressed outpatients, implications for therapeutic usage, 30780
deprenyl vs tranylcypromine, pressor response to tyramine, depressed patients, 22595
dextro-levo-erythrodihydroxyphenylserine, locomotor activity & brain catecholamines & 5-HT, male mice pretreated with pheniprazine & methamphetamine, 16726
direct stimulants & MAO inhibitors with vs without tricyclic antidepressants, patients with treatment-resistant depression, 15136
doxepin or MAO inhibitor, dysmorphophobia, comments on article by C. S. Thomas, 4497
drug therapy with MAO inhibitors & imino-benzene derivatives vs ECT, EEG activity, depressed patients, longitudinal study, 6930
efficacy of MAO inhibitors, depression, review of research published after 1977, 15170
electrode implantation with vs without lateral hypothalamic self stimulation & levo-deprenyl, striatal levels of endogeneous beta-phenylamine & behavioral responses, male rats, 21380
hypomania following addition of levo-tryptophan to MAO inhibitor, 28 & 32 yr old depressed females, 12549
implementation & efficacy of MAO inhibitors & alprazolam, panic disorder & agoraphobia, 1950
levodeprenyl, biochemical effects assessed by urinary excretion of phenylethylamine & 3-methoxy-4-hydroxyphenylethyleneglycol & amphetamine metabolites & platelet MAO activity, 26–71 yr olds with atypical depression, 30750
MAO inhibitor cimoxatone, norepinephrine & dopamine & serotonin metabolites in CSF, monkeys, 13980
MAO inhibitors & dietary restrictions, literature review, 1958
MAO inhibitors & tricyclics vs levodeprenyl, protection against pressor response & hypertensive effect of oral vs iv tyramine, 27–62 yr olds with primary depression, 30765
MAO inhibitors, depressed elderly patients with Alzheimer's disease, comments on recommendations by M. A. Jenike, 15184
MAO inhibitors, elderly depressed patients with Alzheimer's disease, reply to comments by C. Salzman, 15149
MAO inhibitors, treatment of somatically related depression, 41 yr old female with food sensitivity & 39 yr old male with chemical intolerance, 15203
monoamine oxidase inhibitors, patients with atypical neurotic depression, 9954
monoamine oxidase inhibitors, patients with chronic depression or neurotic syndromes, 15119
nialamide pretreatment of bilateral intraccumbens dopamine injections, locomotor response, 6 vs 15 vs 26 mo old male rats, 5831
pirlindole, change in flash vs pattern cortical EPs, 31–43 yr old males, 3273
relatively selective MAO inhibitors with clomipramine, rats, implication for antidepressant drug interaction effects, 29452
saline vs lorazepam with vs without cold exposure, pineal melatonin & N-acetylserotonin content & serotonergic turnover, rats, 23897
serotonin uptake inhibition &/vs MAO inhibitor clorgiline, sensitivity of audiogenic seizures, mice, 26748
tranylcypromine sulfate or clorgyline vs dextroamphetamine therapy, MAO activity & side effects & blood pressure & pulse & behavior, 8–12 yr old males with attention deficit disorder, 7278
tricyclic antidepressants & MAO inhibitors, chronic pain relief, literature review, 22531
tricyclic antidepressants or MAO inhibitors or lithium or trazodone or alprazolam or bupropion or nomifensine or ECT, cardiovascular function, cardiac patients, literature review, conference presentation, 27968
use & mechanism of tricyclic antidepressants & MAO inhibitors & antidepressants of atypical structure, psychiatric & nonpsychiatric disorders, 25293
use of MAO inhibitors, demented depressed patient with abnormal dexamethasone suppression test following antidepressant therapy, implications for diagnosis of Pick's disease, reply to comments by M. A. Jenike, 18116
use of MAO inhibitors, demented depressed patient with consistent reversal of abnormal dexamethasone suppression tests following antidepressant therapy, comments on article by M. Z. Wambolt et al, 18067
Monoamine Oxidases
acute ascorbic acid deficiency, ethanol preferences & spiroperidol binding & MAO activity, male guinea pigs, 16461

dopaminergic neurotoxicity & metabolism of 1-methyl-4-phenyl-1,2,5,6-tetrahydropyridine & MAO, mice, implications for Parkinson's disease, conference presentation, 19451
genetic analysis of platelet MAO activity, 17–45 yr old patients with chronic schizophrenia & their 1st-degree relatives, 1258
haloperidol, platelet MAO activity, schizophrenic 16–55 yr olds, conference presentation, 7196
pentametric distribution of platelet monoamine oxidase activity & tryptamine & phenylethylamine, 18 yr old males, Sweden, 16435
personality characteristics & platelet MAO activity, depressed 21–61 yr olds, 9319
personality traits & intellectual level & platelet MAO, 18 yr old male tobacco smokers, 17190
platelet MAO activity & estrogen & progesterone & testosterone serum levels, adult drug-free depressed inpatients, 17403
platelet MAO activity & psychiatric disorder in probands, predisposition to bipolar affective disorders & reactive depression & alcoholism, parents & siblings of probands, 22137
platelet MAO activity as genetic identifier of type I & II alcoholism, outpatients, 20069
platelet MAO activity, drinking history & physiological states, 21–61 yr old hospitalized male alcoholics vs male psychiatric inpatients, 1415
platelet MAO activity, patients with posttraumatic stress disorder, 9229
platelet MAO activity, 18–68 yr old patients with depression of increasing specific diagnostic groups, implications for subtypes of depression, 30213
postdexamethasone by cortisol & platelet MAO levels, depressed 23–72 yr olds, 14654
sleep deprivation & increase vs decrease in MAO activity, prediction of response to maprotiline or clomipramine, depressed patients, 9896
Monoamines (Brain) [See Catecholamines]
Monocular Vision
binocular vs monocular spatial contrast sensitivity, implications for G. T. Fechner's brightness paradox, 220
brief familiarization experience with object, sensitivity to familiar size as information for distance of objects under monocular vs binocular viewing conditions, 7 mo olds, 21703
changes in retinal image & pupil size during ocular accommodation, amplitude of pattern reversal visually evoked responses, 20–29 yr olds, 522
development & assessment of monocular vs binocular acuity vs stereoscopic vision, 0–11 mo olds, 794
discrimination of eye of origin of monocular stimulation, stereodeficient Ss, 24865
interstimulus interval & monocular availability of local-identity information, perceptual organization of three-dimensional apparent motion, author & college students, 219
intramodal matching procedure, determination of equal contrast sensitivity contours for monocular & binocular vision & wide luminance range, adult Ss, 16244
mild hypoxia, monocular visual performance with vs without night vision goggles, Air Force pilots, 21098
molded vs photographic shading to specify convexity vs concavity under monocular vs binocular viewing, reaching preference, 7 mo olds, test of sensitivity to depth cue of shading, 21704
monocular sequential presentation of 2 orthogonally oriented patterns, duration of compound afterimage, 29040
monocular visual deprivation, cells in lateral geniculate nucleus, infant monkeys, 5748
monocular vs binocular vision, contrast perception over wide luminance & frequency & contrast changes, 20–24 yr olds, 2970
peripheral field stimulation during monocular vs dichoptic viewing, spatial contrast sensitivity, human Ss, 13573
reopening eye after monocular deprivation, size of neurons in primate lateral geniculate nucleus, infant monkeys, 5749
restricted vs unrestricted head movement using monocular vs binocular vision, distorted room illusion, college students, criticism of position of J. J. Gibson & ecological theory, 21082
stereoscopic phenomenon & depth perception vs monocular vision, development of vision theories of C. Wheatstone vs D. Brewster, 23577
Monolingualism
discriminant analysis of perceptual & motor & verbal skills, monolingual vs bilingual Hispanic 4 yr olds, 19628
identification of language background of babbling of English- & Spanish-learning 7–10 vs 11–14 mo olds, monolingual English vs bilingual English-Spanish 18–35 yr olds, 5443
implicit vs explicit learning conditions, learning miniature linguistic system, multilingual vs bilingual vs monolingual adults, 26363
Monotony
monotonous tone of 80 db vs 38 db with vs without light flashes vs silence, sleep onset time, human Ss, 8425
monotonous working conditions, performance, operators, 10635
subjective monotony & frustration & lack of meaning associated with stimuli & experiences & shifts of interest during tasks, boredom, college students, 8269
Monozygotic Twins
diagnoses of mania vs schizophrenia, identical twin brothers, 24624
dysgraphia & dysorthographia & dyslexia & speech defects, monozygotic twin children & their relatives, 20098
early infantile autism, 4 yr old monozygotic twins, 22112
ego & superego & self sentiment strengths, 12–18 yr old identical vs fraternal twins vs concurrently reared brothers vs unrelated males, 29677
electrodermal basal conductance & spontaneous response rates & response amplitudes, 17–44 yr old monozygotic & dizygotic twins, 488
etiology of anorexia nervosa, female 22 yr old monozygotic twin, case report, 27542
factor analysis of Bayley's Infant Behavior Record profiles, 3–24 mo old identical vs fraternal twins, 762
genetic factors, somatoform disorders, monozygotic vs dizygotic twins treated for neuroses & borderline psychotic disorders & their co-twins, 27677
heritability of Type A behavior, 42–56 yr old male American veteran twin pairs, 483
high mathematical creativity, 11–12 yr olds, incidental finding of similar performance by male identical twins, 26829
level & lability of subclinical depression & mood, mono- & dizygotic twins, 30242
lysine-vasopressin, memory performance, 18–58 yr old monozygotic twins, 16621
mental ability profiles measured by WISC-R & WPPSI, 5.1–13.3 yr old monozygotic vs dizygotic twins, 776
mental arithmetic task & submersion of hand in cold water, blood pressure & heart rate, 54–64 yr old identical vs fraternal male twins, implications for genetic component of coronary heart disease, 29253
mother blaming & homosexuality & incest, male identical twins, reply to criticisms by M. F. Myers, 11863
mother blaming & homosexuality & sexual dysfunctioning & incest, male identical twins, comments on inclusion of author's article as cite in article by P. J. Caplan & I. Hall-McCorquodale, 11881
phenotype & social background, mate selection, monozygotic & dizygotic twins & their spouses, 3134
preventive medicine through monozygotic twin studies in chronogenetics, conference presentation, 3131
quantity & quality of closeness of relationship as biasing factor in IQ heritability analysis, same-sex monozygotic vs dizygotic twins, 19313
twin status, adaptation of conventional syntax & vocabulary, identical twin females observed from 2–3.8 yrs old, 29626
Montessori Method
analysis of M. Montessori's method of education, 2356
Moods [See Emotional States]
Moral Development
age & educational level & sex, comprehension & preference of moral issues, male vs female Ss, 24105
application of C. Gilligan's stage theory of moral development to social work, rights vs needs perspective in casework decisions, 2062
application of E. Durkheim's arguments to critique of L. Kohlberg's theory of morality, 14133
assignment of moral responsibility & punishment for harm, 5 vs 7 vs 9 vs 11 yr olds, 16899
autonomy of moral reasoning & education from religious faith, critique of theory of L. Kohlberg, 8946

cognitive & moral development & legal competency to make informed decisions about birth control & pregnancy, adolescents, 29863
cognitive & moral development & social experiences & rate of moral development & orientations, male vs female college employees & their spouses, 16901
cognitive & psychosocial & moral development & GPA & academic major, ability to analyze & interpret child behavior, college students with majors in education, implications for preservice teacher training, 18454
cognitive vs social disequilibrium, moral development using L. Kohlberg's vs N. Haan's systems, college students, 8662
cognitively oriented moral reasoning development program, acceleration of moral development, aggressive or disruptive 13–17 yr olds at risk for behavior disorders, 20335
conceptions of moral & social rules, 2.9–5.4 yr olds newly enrolled in day care vs following 18 mo of attendance, 778
development & validity & reliability of simulated moral dilemmas, measurement of stealing behavior & moral judgment, 7–16 yr olds, 2897
development of moral judgment & behavior, mentally retarded children, literature review, 6683
development of self understanding of conscience, 11–12 yr olds, 21672
donating behavior in situations demanding altruism vs normative expectations vs internal initiative with concrete reward vs compliance, 7.8 vs 10 vs 12.5 yr olds, 8893
evaluation of own role-related behavior & actual behaviors, 15–16 yr olds, 3383
experience of cartoons, 5–6 vs 9 yr olds, 6040
family & Christian church in building moral character, 8988
field dependence & locus of control, moral judgment & moral courage, 11th & 12th graders, 16879
functional & structural aspects of moral development, 8665
group discussions of moral issues in children's literature, 1st & 2nd graders, 7599
hierarchy of formal cognitive structures, principled moral reasoning & development, 10th graders, implications for education, 8684
hypnotically-induced age regression, maturity of moral reasoning, college students regressed to ages 15 vs 12 vs 9 vs 6, 6026
illustration of Kohlberg's stages of moral development in TV show, MASH characters, 8676
impact of developmental research findings on age of competence & responsibility for criminal actions, children, 8718
importance of involvement of school & family & clergy, moral development, junior high school vs college students, 1978–1983, 952
individual level of moral reasoning & nature of closing argument, verdict determination, mock juries, 9019
IQ & moral reasoning ability, maladjusted vs adjusted mildly mentally retarded vs normal 12–15.8 yr olds, 6680
judgment of moral value of spoiling & compensation action, kindergarten vs primary school vs college students, 19560
justice standards & theories of moral development, 8677
leadership experience & moral reasoning using L. Kohlberg's stages, male 66–73 yr old traditional vs 34–64 yr old religious vs 47–50 yr old government leaders, Papua New Guinea, 9180
listening lessons, listening skill development & cognitive moral development, 8–10 yr old students, 22976
locus of control & field dependence, moral development, college students, 3506
moral cognitive development, children & adolescents, literature review, 749
moral development & socialization, comments on article by J. Gibbs & S. Schnell, 26897
moral development, attitudes toward capital punishment, 17–45 yr olds, 29550
moral development discussion group, moral reasoning ability & classroom behaviors, 13–15 yr old delinquent & predelinquent males in institutional or dayschool special education programs, 15849
moral development, freshmen college students at Christian liberal arts college assessed again as seniors, 4-yr longitudinal study, 15809
moral development stage of L. Kohlberg's model, receptivity to intents of financial restitution, 18–52 yr old probationers, 25563
moral education & developmental transition into adulthood, Lahu & Hani adolescents, China, 787
moral education interventions, moral judgments, meta analysis, 28452
moral judgments, 14.3–18.5 yr old male learning disabled vs average achieving high school students, 17502
moral reasoning & liberal beliefs & education, criticism of E. Callan's comments on R. M. Hare's theory, 7568
moral reasoning, kibbutz vs urban 8–9.7 yr olds, Israel vs US, 14214
moral vs lexical judgment & conception of lying, 4.2–5.9 yr olds, 8682
moralistic shadow concept & treatment of narcissistic disorder, conference presentation, 20292
musical & aesthetic education, development of value system in individuals, 4864
parental disciplinary practices, learning from prosocial TV portrayals, 4th–5th graders, 3479
perceived competence & levels of moral reasoning & frequency of charitable donation, gifted 4 vs 5 vs 6 vs 7 yr olds, 26943
perception of ideal person as role model, moral development & judgment, 7–10 yr olds, India, 3397
personality & moral judgment & attitude to authority, 9th vs 11th graders vs college students, 6133
program with communication & counseling skills & assertiveness training & moral dilemmas, character development, high school students, 24191
psychoanalytic approach to ethics & moral development, 21655
reasoning & judgments & justifications on obligation & strength of obligation & rule utility in interpersonal events, 6 vs 8 vs 10 yr olds, 24237
reasoning about athletic aggression, male vs female high school & college basketball players, test of N. Haan's model of interaction morality, 29544
rights & responsibilities models of moral development & judgment, nurse-patient relationships & ethics, nurses, 2280
role of personal ideals & identification in liberal moral education, criticism of R. M. Hare's theory of moral reasoning & education, 7564
role play vs structured discussion intervention, positive justice reasoning & perspective taking, 1st–3rd graders, 15674
school curriculum, sociomoral development, early adolescents, 2376
search for values, social behavior, youths, Sweden, 898
sex & age & urban vs rural residence, moral reasoning ability, 7th & 9th graders, 29564
sex & gender differences & personality, individual differences in moral development, college sophomores & 32–58 yr olds, 14121
sex, development of moral reasoning, reply to article by D. Baumrind, 21673
sex, moral reasoning, comments on article of L. J. Walker, 21651
sex roles, perceptions of & use of justice vs care conceptions of morality, male vs female college students, 21968
social & moral development, 12–17 yr olds, who were vs were not born & educated in kibbutz or city, Israel, longitudinal study, 8904
social cognition & identification with specific adults, rule guided behavior, 1st–3rd graders, 3-yr longitudinal study, 8899
social humanistic ideological values & moral reasoning developmental level, development of professional value commitments, graduate social work students, 25651
socialization theories of morality vs L. Kohlberg's moral development, 11382
sport participation, maturity of moral reasoning regarding general social problems & sport specific dilemmas, male vs female high school & college basketball players vs swimmers, 26787
structural-developmental approach to moral cognitions of intentionally injurious sport acts, male vs female high school vs college athletes, 13022
structure & content of sociocognitive & moral & ego development, formal vs material role taking, adolescents & young adults, implications for understanding suicide, 3983

systematic variability in quality of moral action, college students, examination of moral development theories of L. Kohlberg vs N. Haan, 24547
use of language of caring & responsibility vs rights & justice to resolve moral dilemmas, females vs males, criticism of C. Gilligan's thesis, 24099
writing essays on & discussion of gift-giving, actual giving behavior, school children, 7682
Morale
age differences in factor structure of Philadelphia Geriatric Center Morale Scale, measurement of well-being, Ss aged 65–74 vs 75 yrs & over, 23453
efficacy of factor derived scores on Philadelphia Geriatric Center Morale Scale, Ss aged 65 yrs of age & older, 8089
factor structure of Philadelphia Geriatric Center Morale Scale, male vs female elderly, 16155
organizational morale & its determinants, 2654
psychological well-being & social desirability, 65 yr olds & older, implications for measurement in social gerontology, 24203
reanalysis of data & revision of administration & scoring procedures for occupational motivation & morale scale, Army personnel, 112
Morality
Adlerian social interest & relationship to rational & moral behavior & mental health, 27172
Apollo & Furies as metaphors for modern stress between ethnic needs to revenge historic wrongs & legal & moral imperatives, Armenian immigrant engineer & Greek immigrant journalist, 29792
application of E. Durkheim's arguments to critique of L. Kohlberg's theory of morality, 14133
attribution of moral responsibility of actor in story for intentional vs negligent vs accidental harm or benefit to another person & recommendation for reward or punishment, college students, 11777
autonomy of moral reasoning & education from religious faith, critique of theory of L. Kohlberg, 8946
cheating & moral judgment & guilt & knowledge that another person cheated & motivation, college students, 3707
cognitive aspects of moral regulation of behavior in interpersonal interaction, 3693
consistency of moral reasoning & behavior & role taking behavior in picture stories vs actual classroom situations, 4th–5th graders, 20747
conventional vs principled levels of moral reasoning & content of politico-moral ideology, college students, 19742
corporate morality & business ethics, implications for organizational reward systems, 7860
emotional empathy & flexibility of moral reasoning, male vs female early vs middle vs late adolescents, 8848
field dependence & locus of control, moral judgment & moral courage, 11th & 12th graders, 16879
imagination & rational thought in I. Kant's theory of moral judgment, 26111
individual differences & complex contextual cues, moral behavior & decision making, college students, 21977
inductive & deontic logic, implications for logic of moral obligation, 7970
judgments of physicians who engage in active vs passive acts of euthanasia with requesting vs nonrequesting patients, college students, 21949
knowledge of students, estimation of mentally retarded adults' performance on test of moral knowledge, adult training center staff, staff training implications, 22746
leadership experience & moral reasoning using L. Kohlberg's stages, male 66–73 yr old traditional vs 34–64 yr old religious vs 47–50 yr old government leaders, Papua New Guinea, 9180
methodological aspects of S. Scheffler's book "The Rejection of Consequentialism," implications for moral theory, 7945
moral & ethical issues in mental health evaluation, 7531
moral conflict in adaptation of Prisoner's Dilemma game, college students divided into friendship groups, 21923
moral education & malaise, Nigeria, 24272
moral imagination & peace activism & threat of nuclear annihilation, 15–75 yr olds in community group, 9810
moral issues, mentally ill, treatment implications, 24656
moral judgment & attitudes toward authority, political resisters vs activists, 14382
moral systems & indirect reciprocity, conference presentation, 1116
moral vs immoral vs amoral views of human nature, childrearing attitudes, parents of preschool children, 14298
morality & Christian faith in education in context of changing social values, 8935
morality & religion, blame for ill health & medical establishment response, acquired immune deficiency syndrome patients, 27593
morality & religious attitudes & commitment & beliefs about birth control & abortion & family planning, decision to accept vs reject amniocentesis, pregnant females, 30838
morality as integral part of psychotherapeutic practice, 1766
motivation & freedom from sanction & moral freedom & opportunity, purchase of stolen goods, high school & college students, implications for theft reduction policy, 14237
Narcissus & Oedipus in psychoanalytic theory & role of culture in morality, 16071
need for new translation of Freud's work using language to reflect clinical experience & adultomorphic descriptions, 2764
need for training in moral counseling, pastoral counselors, 2050
oral presentation of moral dilemma situation, recall of main idea &/or proposed solutions to situation, 19–32 vs 60–76 yr olds, 29578
origin & impact & decline of moral treatment, psychiatric patients, 27738
professional & bureaucratic role conceptions & perceptions of role discrepancies, moral behavior & practice & operationalization of professional values, nurses, 15507
provocation by target & intimates vs strangers as criminals & harmful outcome dimensions of violence, moral evaluation of incidents, 17–62 yr olds, application of weighted multidimensional scaling, 27460
psychoanalytic view of writer as presenter of socially acceptable form of expression of forbidden wishes & conflicts, 16850
refinement principle of crude utilitarianism of R. F. Harrod & common sense ethics, utility maximizing decision rules, 16295
role play vs structured discussion intervention, positive justice reasoning & perspective taking, 1st–3rd graders, 15674
scientific & moral justifications for Aryanism during 19th & early 20th centuries, France & Germany, 999
self actualization & principled moral judgment assessed by Personal Orientation Inventory & Defining Issues Test, college & continuing education students, 9151
sex, development of moral reasoning, reply to article by D. Baumrind, 21673
sex, moral reasoning, comments on article of L. J. Walker, 21651
sex roles, perceptions of & use of justice vs care conceptions of morality, male vs female college students, 21968
sexual morality & shame & attempted suicide, adolescent female, 17491
socialization theories of morality vs L. Kohlberg's moral development, 11382
stage of moral reasoning, religious & political conservative vs liberal male vs female college students, 26790
systematic variability in quality of moral action, college students, examination of moral development theories of L. Kohlberg vs N. Haan, 24547
theological & political & social aspects of biblical parable of prodigal son & Enlightenment writings on conscience, 984
Morals [See Morality]
Mores [See Values]
Morphemes
acquisition of morpheme "-ing" & overgeneralization of progressive form to stative verbs, 4.2–6.5 yr olds, 839
age & level of grammatical development & mean length of utterance in morphemes, 25–47 mo olds, 833
mechanisms underlying bound morpheme loss errors, normal vs agrammatic speech, 1502
Morphine
acute injections of morphine, vocalization thresholds, arthritic rats, 5880
acute vs chronic administration of morphine vs clonidine vs levonantradol, response under continuous shock avoidance schedule, rats, 26747

acute vs chronic morphine vs clonidine vs levonantradol, response under continuous schedule of electric shock titration, male squirrel monkeys, 16800
age & morphine administration, brain calmodulin concentration, immature vs mature vs old mice, 29429
agonist-antagonist analgesics vs morphine in various administration paradigms, substitution & primary dependence, monkeys, conference presentation, 8627
antinociceptive & temperature responses to morphine, male vs female Sprague-Dawley vs Wistar-Furth rats, 16674
benzodiazepine receptor antagonist Ro 15-1788, analgesia induced by morphine, squirrel monkeys & mice, 19422
benzodiazepines vs amphetamine vs oxotremorine vs picrotoxin vs morphine vs nicotine vs quipazine vs Ro 15-1788, generalization of midazolam maleate trained responding, male rats, 23968
benzomorphan ethylketocyclazocine & morphine sulfate, analgesia, male rats & toads, 16581
buprenorphine vs morphine, maintenance of shock under shock titration procedure, male squirrel monkeys, 23959
ceruletide & cholecystokinin octapeptide & morphine injected into periaqueductal gray matter, nociceptive motor responses & activity, rats, conference presentation, 19463
chronic methadone treatment of females throughout gestation & lactation, self administration of morphine, 85–90 day old rat offspring, 16658
chronic morphine & ethylketocyclazocine & subsequent withdrawal, abstinent states & EEG & behavioral parameters, female rats, 21627
chronic morphine vs delta-9-tetrahydrocannabinol followed by acute ip injection, analgesic & heart rate response, male rats, 21526
chronic treatment of increasing doses of morphine & naltrexone vs dextrorphan vs morphine sulfate, tolerance & sensitivity effects assessed by response rate to FR conditioning, pigeons, 11294
cimetidine vs chlorpheniramine vs naloxone injections into nucleus accumbens or stria terminalis, morphine-induced locomotor hyperactivity, male mice, 14026
clonidine & morphine, FR response, male rats, 5898
clonidine, inhibition of leverpressing following discrimination training, morphine dependent vs nondependent male rats, 13953
clonidine vs guanfacine pretreatment & naloxone, autonomic & behavioral symptoms of narcotic abstinence, morphine dependent male rats, 16576
cold water immersion stress, response to morphine, 4–17 mo old male rats, 13891
conditional environmental stimuli, morphine consumption after self administration training followed by period of abstinence, male rats, 26681
cyclosporine, abstinence syndrome, morphine addicted male rats, implications for immune system, 16602
development of morphine & saline & naltrexone drug discrimination & discriminative stimulus effects of various opiate agonists & antagonists, pigeons, 16628
dextroamphetamine vs morphine vs haloperidol, discriminative stimulus properties & detection of brain self stimulation, male rats, 11335
diazepam vs phenobarbital vs amphetamine, naloxone-precipitated morphine withdrawal, rats & mice, 26653
dibutanoylmorphine vs morphine vs diacetylmorphine, tailflick & hot-plate test responses, rats, 16811
diisopropylphosphofluoridate, tolerance to antinociceptive effect & to morphine, male mice, 16599
discriminative stimulus effects of centrally administered morphine, rats, 21548
dosages of morphine vs cocaine, role of stimulus control in drug discrimination, pigeons, 21603
dosages of naloxone, regional cerebral glucose utilization & behavior during morphine withdrawal, male albino rats, 8540
dose of phencyclidine vs morphine vs meperidine vs cimetidine with vs without chronic haloperidol administration, schedule-controlled behavior, rats, 684
doses of morphine & painful stimuli, analgesia & sensory & affective visual analog scale responses, 20–40 yr olds, 19485
ethopharmacological analysis of morphine effects, different strains of paradise fish, 23957
exposure to rotating & elevated magnetic fields, morphine-mediated food intake, free feeding vs food deprived slugs, 26569
exposure to rotating magnetic field, morphine-induced analgesia & locomotion, 2 strains of mice, 8476
exposure to rotating magnetic fields as environmental cues, development of tolerance to morphine-induced analgesia, mice, 16676
fluoxetine, analgesic effects of morphine in tailflick paradigm & its affinity for opioid receptors & discriminative stimulus properties, rats, 16664
GABA transmission in morphine analgesia & tolerance, implications for animal models, literature review, 16799
haloperidol & morphine, antinociceptive tolerance & withdrawal effects, hyperprolactinemic male rats, 29406
haloperidol vs morphine sulfate, forelimb placing & hopping reflexes, male rats, 8624
hypothalamic injections of norepinephrine & morphine & naloxone, feeding behavior, male rats, 21625
icv angiotensin II, morphine-induced analgesia, male mice, 29435
icv vs intrathecal injections of morphine vs dynorphin-A, analgesia, male mice, 8589
icv vs iv administration of enkephalin analogs vs morphine vs phentanyl, nociceptive action, mice, 5846
im picenadol & dextropicenadol & morphine sulfate with vs without naloxone, analgesic effects in titrated electric shock paradigm, squirrel monkeys, 19425
imidazole, behavioral effects of morphine & haloperidol & methysergide, rats, 19444
implantation of morphine pellet, cross tolerance to normorphine & methadone & etorphine & icv morphine, male mice, 14034
indomethacin, morphine tolerance & dependence & capacity of naloxone to decrease body temperature, rats, 16738
intake of sweet solutions, analgesic effect of low dose of morphine, female rats, 29387
intraseptal morphine vs naltrexone, pentobarbital-induced narcosis & hypothermia, male rats, 29409
intrathecal self injection of morphine before vs during vs after nociceptive stimulation, rats, 26645
ip morphine administration, endogenously released striatal dopamine & serotonin, male rats, 16574
lesions of central medial nucleus accumbens with 6-hydroxydopamine, morphine self administration & dose-effect relationship, male rats, 26620
levorphanol vs dextrorphan exposure, ethanol- vs morphine-induced conditioned taste aversion, rats, implications for role of opiate receptor in alcohol-opiate interaction, 3164
light vs levo-amino acid decarboxylase inhibitor-induced inhibition of pineal gland activity, basal & morphine-induced day/night feeding patterns, male mice, 16675
locus of tail stimulation in tailflick test, morphine analgesia & tolerance, male rats, 16839
low vs high doses of morphine, generalization to dose of clonidine in drug discrimination paradigm, male rats, 16684
method for assessment of icv cannula patency & effects on potency of morphine & naltrexone in response suppression, pigeons, 26662
morphine & dexamethasone suppression test, cortisol levels in blood, 19–40 yr old psychiatric patients, 17440
morphine & distinctive vs nondistinctive environments, drug tolerance development, male rats, 21494
morphine & dynorphin & enkephalin analog injections into substantia nigra & lesions of medial forebrain bundle, circling behavior, male rats, 19382
morphine & levorphanol injection into periaqueductal gray, analgesia & brain norepinephrine metabolism, rats, 14042
morphine & met-enkephalin & beta-endorphin, epileptiform spiking & stress-induced bilateral convulsions, male rats, 13961
morphine & naloxone & pimozide into ventral tegmental area, hyperthermia & locomotion, male rats, 16824
morphine & naloxone, tonic immobility & dorsal immobility, male rats, 5937
morphine & neuroleptic drugs, wet-dog shaking & afterdischarge induced by dorsal hippocampal stimulation, male rats, 11203
morphine & opiate agonists, blocking of stimulus control of behavior & naltrexone-induced body weight loss, morphine dependent male rats trained to discriminate between saline & naltrexone, 5874

morphine, behavior & hippocampal activity during appetitive classical conditioning, rabbits, 16742
morphine, behavior induced by dextroamphetamine injections into caudate putamen, female rats, 11350
morphine chlorhydrate & naloxone hydrochloride, spinal nociceptive flexion reflex & reflex pain thresholds, 25–43 yr olds, 3335
morphine concentration & motivation level, shift in taste preference from water to morphine, rats, 5578
morphine dependence & prior & subsequent naloxone & nalorphine administration, response to VI schedule of food presentation, monkeys, 13958
morphine dependence & protracted abstinence, regional alterations in CNS radioligand binding, male rats, 29395
morphine, drug dependence & withdrawal symptoms, male rats, test of icv infusion procedure for development of animal model of drug dependence, 11304
morphine glucoronide, social encounters, male mice, 11273
morphine HCl vs chlordiazepoxide HCl injections, blood pressure rise from electrical stimulation of dorsal periaqueductal gray, unanesthetized rats, 29346
morphine, hypotensive action of arachidonic acid, female rats, 11282
morphine injected into ventral tegmentum, suppressed escape responding induced by electrical stimulation, rats, 29457
morphine injections, ability to perceive novel taste of saccharin & associate novel odor with morphine, neonatal rats, 26690
morphine injections into habenula & dorsal posteromedial thalamus, analgesia for tonic pain assessed by formalin test, male rats, 29398
morphine, locomotor activity & plasma cyclic nucleotide levels, DBA/2N vs C57BL/6N mice & their hybrid & backcross progenies, 8588
morphine preexposure, subsequent morphine conditioned taste aversion, male rats, 13995
morphine sulfate-containing sucrose solution vs sucrose, clonidine & dihydroalprenolol & spiperone binding, F-344 vs BUF strain mice, 21491
morphine sulfate vs morphine-3-glucuronide vs tifluadom, social encounters, male vs female mice, 23937
morphine treatment & tolerance/dependence, immunoreactive oxytocin levels in hippocampal tissue, mice, 659
morphine vs ethanol administration & immobilization stress, memory process in passive avoidance task, mice, conference presentation, 11209
morphine vs ethyl-ketocyclazocine priming, tail flick latency, male mice, 16617
morphine vs met-enkephalin acetate, spontaneous &/or glutamate-evoked activity in globus pallidus neurons, male rats, 11296
morphine vs methadone, opioid analgesia in tailflick assay, male rats, 3336
morphine vs naloxone, brain self stimulation threshold, male rats, 16823
morphine vs naloxone, shock-induced deimatic reaction, praying mantis, evidence for existence of opiate receptors, 16840
morphine vs naloxone, social play, juvenile rats, 8593
morphine vs phencyclidine, place conditioning, male rats, 16553
morphine vs scopolamine, discrimination between tones, male squirrel monkeys, 8586
naloxone, antinociceptive action of morphine vs caerulein, male rats, conference presentation, 19497
naloxone precipitated morphine withdrawal, acute response of hypothalamic noradrenergic & dopaminergic neurons & anterior pituitary hormones, female rats, 26665
naloxone vs morphine, mating behavior, castrated vs intact male rats, 5757
naloxone vs morphine vs naltrexone immediately after training, hot plate learning, male albino mice, 8602
naloxone vs naltrexone, morphine-induced locomotor activity, hamsters, 14050
naltrexone & morphine & beta-endorphin & peripheral effect of met- & leu-enkephalin, retention of inhibitory avoidance task, adult male mice, 29430
naltrexone vs naloxone vs morphine vs fentanyl vs ethylketazocine, EEG slowing & skin-twitch reflex latency & miosis, female dogs, 26757
neonatal exposure to phosphate-buffered saline with vs without morphine, brain & motor development & behavior, rat pups, conference presentation, 29424
neuropharmacological aspects of effects of morphine on opioid receptors & function of endorphins, 539
nitrogen &/vs helium at pressure, apomorphine- vs dextroamphetamine- vs morphine-induced locomotor activity &/vs stereotyped behavior, male mice, 29467
noise-induced stress, open field behavior & role of endogenous opioids as determined by effects of naltrexone vs diprenorphine vs morphine, male rats, 656
nuclear magnetic resonance imaging, morphine-induced analgesia, male mice, 16493
oral morphine vs clonidine self administration, morphine dependent vs abstinent rats, 5848
oxotremorine vs physostigmine, body weight & withdrawal, morphine-dependent male rats, 16833
phospholipase & morphine injections into periaqueductal gray, behaviors & fatty acid release & opiate-binding, rats, 16770
preexposure to nonaversive vs aversive morphine dosage, maintenance of morphine conditioned taste aversion, male rats, extension of author's previous study, 13994
prenatal exposure to morphine, development of sexual behavior, male vs female rats, 3333
pretreatment with acetylsalicylic acid & paracetamol & morphine, pain-related behavioral responses to substance P or capsaicin, male mice, 23986
pretreatment with morphine followed by oxymetazoline vs phentolamine injections into limbic part of caudate nucleus, sensitivity of noradrenergic receptors, cats, 11277
pretreatment with naloxone vs methyl naloxone & posttreatment with morphine, conflict analgesia following exposure to attacks from aggressive residents, male intruder mice, conference presentation, 26735
proglumide with vs without morphine, analgesia & tolerance, male rats, 19491
prolactin, heroin self administration & development of morphine tolerance & morphine-induced analgesia, homografted vs sham-operated male rats, 16614
prolonged morphine vs naloxone administration, met-enkephalin levels & opiate receptor density & number of H-dihydromorphine & dextro-Ala-dextro-Leu-(H)-enkephalin binding sites in striatum & brain stem, 4–5 wk old mice, 16575
prostaglandin D-2 vs E-2 vs F-2 gamma, acute morphine dependence, rats, 16737
pyrilamine & diphenhydramine & methdilazine & cyclizine & chlorpheniramine with vs without morphine, antinociception, mice, 695
quaternary naltrexone ip, morphine-induced hyperactivity & other behaviors, male mice, 21559
repeated ip doses of morphine or dextro-ala-metencephaline, spontaneous activity as measure of tolerance for morphine, male rats, conference presentation, 14008
restraint stress, antagonism of morphine analgesia by naloxone, rats, 16452
social conflict vs beta-endorphin or morphine administration, activation of analgesic opioids & ingestive & grooming behaviors, male mice, 16813
spinal vs sc morphine administration, antinociceptive response & locomotor activity & place conditioning, rats, 3270
stress due to physical restraint & morphine, gastrointestinal transit of charcoal, male rats, 21363
subanesthetic dose of sodium pentobarbital, morphine analgesia assessed by warm water-induced tail withdrawal reflex, male rats, 5921
thyrotropin releasing hormone vs MK-771 vs DN-1417, morphine abstinence syndrome, morphine dependent male mice, implications for treatment of drug withdrawal symptoms, 23939
tuftsin & its derivative vs tetrapeptide fragment of substance P, naloxone-induced morphine withdrawal behavior, male rats, 19417
ventral tegmental area lesions induced by 6-hydroxydopamine & chronic administration of morphine vs amphetamine, intercranial self stimulation, male rats, 597
vitamin D deficiency, basal pain thresholds & analgesic effects of morphine in hot-plate test, rats, 16456

24 hr vs 8 day exposure to naltrexone, brain opioid binding activity & analgesic potency of morphine in tailflick test, male rats, 16838
3-isobutyl-1-methylxanthine & delta-9 tetrahydrocannabinol-vs cannabinol vs cannabidiol, quasi-morphine withdrawal syndrome, male rats, 19427
Morphology
asymmetry in morphological properties of face, asymmetries in facial emotional expression, literature review, 16446
cerebral lateralization & evolution of brain morphological asymmetries, lower vertebrates, 519
differential morphology & neurochemistry & functions of mitral & tufted cells in olfactory bulb, hamsters, conference presentation, 11161
egg protein electromorphs & relation to morphometric similarity to females, identification & assessment of dispersion of individual brood parasites, brown-headed cowbird eggs, 19253
habitual & community organization & bill & wing length & body weight, hummingbirds, 5588
life history & morphology & investment strategies, distribution on tropical reefs, sessile coral reef invertebrates, 11108
male's social dominance vs physical characteristics, orientation & proximity behavior, White Leghorn hens, 23713
morphology & physiological parameters, male-female vs female-female pairs of ring-billed gulls, 23726
sex & age & necklace type, differential distribution to wintering locations, brant, support for K. F. Abraham's hypothesis, 19294
tree species morphology, foraging behavior, least flycatcher, 19279
Morphology (Language)
acquisition of morphological forms, 20–24 mo olds, Finland, 8759
auditory & visual repetition priming, organization of regular vs irregular morphologically related words in lexicon, college students, 21178
heterographic homophones, application as educational & psychological research tool, 28915
orthographic vs phonetic knowledge of vowel alternation patterns, accessing of derivational morphological rules in pronunciation & spelling, 6th & 10th grade poor spellers, 21735
rules of morphological patterns of Hebrew expressions of time & length & price, college students, Israel, 8640
semantic & morphological nature of verb usage, educable mentally retarded 8.6–9.6 vs 10–12.6 yr olds, Israel, 1486
Mortality [See Death and Dying]
Mortality Rate
age & educational level & sex, comprehension & preference of moral issues, male vs female Ss, 24105
age & sex & marital status & occupation, mortality due to alcohol poisoning, 16–81 yr olds, Finland, 24796
age of mother & SES & access to health care, pregnancy outcome & newborn & infant mortality, mothers under 16 to over 20 yrs old, 30823
age-specific hospitalization & disability & mortality rates for diving-related vs stress-induced & other disorders, Navy enlisted divers vs nondivers aged 17 yrs & older, 11872
atmosphere absolutes of air vs helium-oxygen, lethal effects of ethanol &/vs pentobarbital, male mice, implications for helium-oxygen mixtures in treatment of overdoses, 21391
attachment of attractive vs unattractive color band by E, reproduction & mortality patterns, captive zebra finches, 19246
attentuation densities in parietal & occipital & left thalamic regions & survival, patients with senile dementia of Alzheimer type assessed with computer cranial tomography, 17572
availability & number of practicing psychotherapists & primary physicians, suicide & violent deaths by homicide & accidents in rural town, prevention implications, 12054
cardiovascular disease & high fatality rates, depressed aged, 30073
causes of death related to stress in psychiatric hospitals, inpatients with nonorganic psychosis, Norway, 10114
cerebral dysfunction, mortality & long term social adjustment, alcoholics admitted to psychiatric hospital during 1949–69, 11–31 yr followup, 6632
competitive & risk taking behavior, social conflict vs crime specific homicides & sex differences in mortality, young males, application of sexual selection theory, conference presentation, 4051
death of adult child, mortality & psychological disorders, parents, literature review, 3788
difficult vs easy temperament, mortality, Masai 4–5 mo olds, East Africa, 2–3 mo followup, reprint, 30060
excess mortality from unnatural causes & cardiovascular disease, male vs female outpatients with anxiety neurosis, 12-yr followup, conference presentation, 22036
formal vs informal support groups in nursing homes, mortality rates, nursing home residents aged 65 yrs & older, 15368
healthy lifestyle & regular exercise, mortality rate & cardiovascular epidemiology, Navy pilots, 40-yr followup study, 25976
high hostility scores on MMPI while in medical school, prediction of coronary disease & mortality, physicians, 25-yr followup, 22804
hostility & conorary heart disease incidence & mortality, physicians, 25-yr followup study, implications for Type A behavior, 25665
lack of evidence for suicides disguised as accidental deaths, US, 4011
lethality & relapse & epileptic seizures, psychiatric patients with delirium tremens, 20161
marital status & prevalence of deaths during birth month, 35–84 yr olds, 1966–68, US, 30063
maternal age & parity & social class, perinatal & neonatal mortality, mothers, Scotland, 1960 vs 1971 vs 1981–82, 20147
mortality & morbidity rates, mentally normal vs deteriorated elderly patients with hip fractures, 4123
mortality & survival, Down's syndrome patients, literature review, 30318
mortality in mental hospitals, long-stay patients, Netherlands, replication of cohort study by R. Giel et al, 18242
mortality, patients with senile or multi-infarct dementia, Sweden, 15–25 yr longitudinal study, 27654
mortality rate, current & former public psychiatric hospital & mental health clinic patients, 27386
mortality rate due to natural causes & suicide, discharged schizophrenic patients, 10-yr followup, Sweden, 30487
mortality rate, male alcoholics initially judged as assaultive or suicidal, 20-yr followup, 3966
mortality rates for all causes of death & specific causes relating to occupational stress & hazards & behavioral factors, 16–44 vs 45–54 vs 55–59 vs 60–64 yr old housewives vs labor force participants, 1974–78, 21806
mortality, schizophrenic patients, Bulgaria, 30182
occupational exposure to Otto Fuel II, morbidity & mortality rates, Navy torpedomen's mates, 2595
occupational prestige, mortality rates, Black vs White alcoholics, 24758
physical restraint stress, mortality rate & physiological responses, rats, replication of study by C. C. Chiueh et al, 29355
positive verbal suggestions about health & longevity during state of relaxed responsiveness, mortality rate, elderly nursing home residents, 27887
potential genetic factors in morality tasks, schizophrenic vs neurotic twins with physical disorders, 30158
predictive validity of scale developed by R. W. Bortner, assessment of Type A behavior & mortality rate, 35–64 yr old twins & singletons, Finland, 6-yr followup study, conference presentation, 8083
prenatal caffeine exposure, offspring mortality & open field behavior & development of gastric ulcer susceptibility in adulthood, pregnant rats & offspring, 8544
prevalence of senile dementia & resulting mortality, 60 yr olds & older, 1947–57 vs 1957–72, 24975
public health & medical & educational & economic factors, infant mortality, families, Sri Lanka, 6462
rates of accidental & homicidal death, psychiatric emergency room patients, implications for psychiatric emergency care, 10092
rationality & antiemotionality as risk factors, prediction of mortality from cancer & ischemic heart disease & stroke, Yugoslavia, 1966–76, 9542
reduction in attraction to artificial light, mortality rate, 3 endangered species of Hawaiian seabirds, theoretical & management implications, 5634
sex & institutionalization vs noninstitutionalization, life expectancy & mortality, Down's syndrome patients, 3-yr followup, Denmark, 30941
social rank & urbanization & segregation, urban mortality, 969

social status & psychiatric diagnosis & alcohol consumption, mortality, 18–65 yr old males vs females, Sweden, 27236
societal factors & individual behaviors, length & quality of life, humans, 11566
stress monitoring & intervention program, mortality rate due to cardiac deaths, male myocardial infarction patients, 22359
suicide rates & external causes of death, 15–24 yr old females vs males from mountain vs northeastern states, US, 27235
time trends for suicide vs homicide vs accident mortality, females vs males 65 yrs & older, Finland, 1951–79, 24780
Mosaicism [See Chromosome Disorders]
Moslems [See Islam]
Mother Absence
minimal age differences between siblings, risk of schizoid disorders, neurotic patients, support for hypothesis of neglect in development of schizoid disorders, 9291
nonsupervision vs supervision by other vs mother in rural community, school adjustment & intrinsic vs extrinsic motivation in classroom & academic achievement & fear level, 5th & 7th graders, 19666
Mother Child Communication
abstracting & analytical & synthetic instructional activities in mother's verbal communication, learning language rules, female 18–27 mo old & her mother, 8766
articulation & stress patterns, hearing 18–20 mo olds with deaf vs hearing mothers, 11446
beginning of playing interaction through cutaneous contacts, mothers & their 0–6 mo olds, 8822
child utterances, implicit vs explicit feedback responses & role of repetitions & clarification questions, mothers & their 2 yr old children, 29592
cognitive complexity & summoning power of conversational initiations & appropriateness of responses, mothers & their deaf vs hearing preschool age children, 14885
conversational participation & topic performance in free play situation, mothers & their 34–75 mo olds, 11462
distance from child & eye contact & tone of voice during instruction giving, child's compliance to instructions, mothers & their 3–7 yr olds, 3386
evaluation of circumplex model of family systems assessed through Family Adaptability & Cohesion Evaluation Scale, delinquent vs nondelinquent adolescent males & their mothers from father absent families, 17482
function & structure of maternal speech, development of syntax, 2 yr olds & their mothers, 19607
imitative vs contingent vs noncontingent strategies, topical relationships among utterances adjacent to maternal utterance, productively language disordered 3.6 & 3.7 & 4.2 yr olds, 17541
infant-mother olfactory communication, infants & their mothers, 8673
interpersonal influence & temporal patterning of vocal behavior, mothers & their infants, 26996
language interaction intervention project, facilitation of communication, mothers of children with Down's syndrome, 7150
linguistic environment & language development, twins vs 1st born singletons at 15 mo & 21 mo of age & their mothers, 19645
live vs replay sequences of infants via video system, mother's baby talk & infant's responsiveness, mothers & their 8–9 wk olds, 19725
manipulation of external environment & mother's response to child's behavior to obtain desired objects, shaping demand behavior, autistic child with poor functional speech skills, 27896
matching of signed & spoken message, mothers of hearing impaired 4.5–6 yr olds, implications for parent training, 20251
maternal language & elaboration of success identities, mothers & their 1–10 mo olds, 8889
maternal language behaviors, language development, 2–2.5 yr olds, 29644
maternal language teaching & filial language learning & verbal interactions in home, 18–35 mo olds in dyads, 6075
maternal speech characteristics, rate of linguistic development, 24–48 yr old mothers & their infants with Down's syndrome, 12138
mother-child interaction, language development, children assessed at 6 & 13 & 24 mo of age & their mothers, 14175
mother-infant interaction in play situation, verbal communication & cognitive skills, abused vs nonabused 8–25 mo olds & their mothers, 24743
mother's speech & linguistic input, rate of syntactic development, 2.5 yr olds & their mothers, 6-mo study, 826
natural vs impassive maternal facial expression, smiling, infants with Down's syndrome, 22199
observation of mother-child communication, universality of early verbal communicative intention, 17–20 mo olds whose native languages were American English vs Danish vs Serbo-Croatian, 6-mo longitudinal study, 19635
pragmatics of speech toward infant at 12–18 vs 18–24 mo of age, mothers vs 3–5 yr old siblings, 783
prenatal learning of preference for mother's voice, neonatal competence, neonates, 8740
psychoanalytic view of mother-baby communication & organization of somatic & psychic experience, future psychosomatic pattern, 6750
recasting in American Sign Language or Pidgin Sign English by mother vs teacher, acquisition of syntactic-semantic structures in sign language, deaf 9–76 mo olds, 22317
sex of child & parent & child's speech, parent's speech during interactive problem solving, 9 yr olds & their parents, 14318
social communicative interactions with own vs unfamiliar child, mothers & their 4–5.9 yr old stutterers vs nonstutterers, 1497
speech disfluencies, speech rate in dyadic conversations, 4–5.9 yr old stutterers vs nonstutterers & their mothers, 4088
speech to children, mothers of 18 mo to 3 yr olds with Down's syndrome vs hearing impairments, 12242
status of "motherese" hypothesis & relationship between environmental input & language acquisition, reply to criticism by L. Gleitman et al, 19595
temporal coordination of arm movements & synchrony with adult speech, male vs female infants tested of 2 & 10 wks of age, 26820
traditional vs nontraditional sex role attitudes, communication with sons vs daughters, 28–39 yr old mothers & their 30–42 mo old infants, 1025
variable contexts of free interaction vs interactions represented by drawings, informational content & syntactic features of baby talk, 20–35 yr old mothers & their 0–3 yr old children, 8974
variable focality & maternal input, acquisition of color concepts & terms, 1.5–4 yr olds, 19567
variety & frequency of own vs other's mother's input, lexical coding & acquisition of inflectional & syntactic use of verbs, male between 2.3–2.7 yrs old & female between 1.5–1.9 yrs old, 8720
workshop to facilitate communication with daughters about menstruation, Black mothers, 15075
Mother Child Relations
acceptance & attitude toward childhood autonomy, Black vs White low SES mothers of 84–126 mo olds, 19715
affection & intimacy & mutual influence & democratic treatments in relationship with mother, relationship with closest girlfriend, female high school students, 3504
affective & attentional behavior during play & physical contact with mother, iron deficient anemic 6–24 mo olds, Guatemela, 27611
age differences in unilateral vs mutual patterns of interactions with friends vs mother vs father, 12–20 yr olds, 29706
age, mother-child interactions, 5–9 yr old males with attention deficit disorder with hyperactivity & their mothers, 14792
amount of postnatal professional support received, child care behavior, 17–19 yr old mothers of 2.5–3.5 mo olds, US vs England, 15270
analysis of D. Winnicott's theory of evolution of dependence in mother-child relations, 764
analysis of indicators of early distortion in mother-child relations, mothers interviewed during pregnancy vs immediately vs 6 wks vs 3 mo after birth, 8987
application of biotelemetry monitoring system, assessment of cardiac & respiratory physiology during feeding & caregiving interactions, full-term newborns & twins & young asthmatic children, 11389
attachment security & mother-child interaction & temperament, prediction of behavior problems, Ss evaluated from ages 6 mo to 3 yrs, longitudinal study, 6100

attendance at high- vs poor-quality day care center, quality of interaction with mother, 3–5 yr olds, 24312
attitudes toward last born child assessed by parent child interaction, multiparous females sterilized postpartum, 8968
beginning of playing interaction through cutaneous contacts, mothers & their 0–6 mo olds, 8822
behavioral & linguistic interaction with mothers in free play vs structured task, 28–50 vs 51–68 mo old language delayed vs normal males, 9477
behavioral education project, increase in stimulating interactions, 21–33 yr old developmentally handicapped mothers & their 6–25 mo olds, 5–10 mo followup, 22486
behavioral variability, mother-child interactions, neonates, 1-mo followup, 24107
birth status & early mother-child interaction, cognitive & social ability, 3 yr olds, longitudinal study, 745
body lateralization in mother-baby relationship & psychoanalytic psychotherapy, mothers & their autistic 4–10 mo olds, 9715
child behavior & maternal depression & social coercive interactions, maternal caretaking, normal mothers & their preschool children, 29838
child directed vs observed maternal anger & negative emotions & prenatally assessed maternal responsiveness, toddlers' concern for self vs others vs nonempathic responses, 21–36 yr old mothers & their 19.5–22 mo olds, 8973
child noncompliance & maternal depression, maternal perception of child maladjustment, mothers & their clinic-referred 27–108 mo olds, 19900
childrearing & impulse control, 1st born 12–15 mo olds & their mothers, 19726
close ties to surrogate mother & estrangement from biological mother, analysands, conference presentation, 4302
compliance vs predictability hypotheses & factors in aversive exchanges, 4–12 yr olds & their mothers, 21845
concept analysis study of mother-daughter identification process, 1001
conjoint psychotherapy, paroxystic crying, mother & 4 mo old, 9770
consistency & change in maternal behavior toward siblings, biological vs adoptive siblings at 12 vs 24 mo of age, 21828
consistency of mother's behavior & development of individual differences, siblings each at 12 mo old, 8833
control strategies & noncompliance in interactional behavior, abusive mothers & their preschool age children, 27433
deficient mothering, deterioration in development, 15 mo old, longitudinal study, conference presentation, 6028
depressive moods & parenting behavior, child behavior & parent perceptions of child maladjustment, mothers & their clinic-referred 27–108 mo olds, 11869
development of expressive behaviors & maternal face-to-face interaction, 2.5 vs 5 vs 7.5 mo old full- vs preterm infants, 21783
development of fetish as reaction to rejection by mother, 24 yr old male, 4014
development of Infant Tenderness Scale, measurement of mother's perception of infant's physiological & contact needs, 15–32 yr old mothers, 13396
discrimination of mother's from stranger's face, neonates with mean age of 45 hrs, reprint, 29602
disturbances in early mother child relationship & illegitimate pregnancies & abortion, adolescents & 32–49 yr old female patients, 19669
disturbed mother-infant relationship, 36 yr old mentally ill female & her family, 22058
early intervention in hospital setting, psychotic mothers & their infants, 30956
early mother-child relationship & personality development, etiology of alcoholism & relationship to abuse of other drugs, 6641
early mother-infant interaction, attachment behavior at 6 wks vs 3 vs 6 vs 9 mo, preterm twins vs singleton survivors of twins vs singletons & their mothers, 16989
effect of maternal depression on children, 29 yr old depressed mother & 19 yr old daughter of depressed mother, 9247
emotional arousal & social interactive behaviors in strange situation, mothers & their infants tested at 12.5 & 19.5 mo of age, 26891
evaluation of primary prevention program, 7–13 yr old children of divorced parents, 4629
expectancy information about biological vs psychological cause of premenstrual symptoms, mood & cognitive function & mother-child interaction at midcycle & premenstrually, 25–40 yr old females with 2–4 yr olds, 30388
experience during pregnancy & structural organization, expectant mothers & their infants, 5-yr longitudinal study, 8669
experiences & emotional responses during adolescence & adulthood, Black daughter of alcoholic mother, 14744
facilitator vs regulator mothering orientation, vulnerability to depressive disorders, 28–42 yr old mothers of 15–36 mo olds, 24313
factors contributing to intergenerational teenage motherhood & feminization of poverty, Black teenage mothers & their mothers who had 1st child as teenager, 14313
family relationships & psychological adjustment, male vs female 9–12 yr olds & their stepparents, 21824
family size & SES & child's temperament & childrearing practices, failure to thrive, organic vs nonorganic failure-to-thrive 3–72 mo olds & their 16–32 yr old mothers, 12220
feminism, perception of strength of relationship between mothers & adolescent daughters, 18–19 yr old female college students, 24311
feminist approach in family therapy, mother-daughter relations, mother & her 30 yr old daughter, 30664
flexibility & interdependence in mother-daughter relationship, 21825
free play vs nonavailability of interactions, infant touching & proximity seeking, mothers & their male vs female 1 yr olds, 8915
generalizability of direct vs audio recorded observation, assessment of mother-child interaction, 18.3–37 yr old mothers & their 2–10 yr olds, 29831
high medical risk pregnancy, development of mother-child relationship, mothers who underwent high risk pregnancy, 1- & 4- & 12-mo followup, 8983
identification with abusive parent, transference, adult schizophrenic female with physically abusive mother & borderline male with severely depressed mother, 1779
infant-mother attachment at 12 mo, style of interaction with stranger, 3 yr olds, 8867
infant temperament & maternal mode of interaction, quality of attachment, 1–12 mo olds, Japan, longitudinal study, 6141
infant's birth order & sex, parent's responsiveness to crying, 22–41 yr old mothers & fathers of 10.3–11.8 mo olds, 17065
initial pattern of newborn handling, new mothers vs female nursing students during 1st day at hospital nursery, implications for assessment of maternal attachment, 14325
interaction & perception of difficult temperament, behavior problems, children at ages 6 & 13 & 24 mo & their mothers, 6223
interaction between mother & 1st born child before vs after birth of sibling, mothers & their 18–43 mo old 1st borns, 1005
interaction during feeding & unstructured play, mothers with history of nonorganic psychosis & their children at 3.5 & 6 mo old, 17385
interactions in which mothers defer control to son & sons assume control, discrimination of high- vs low-problem mother-child dyads, 24–40 yr old divorced or separated White mothers & their 6–9 yr old sons, 3596
internalizable maternal or maternal-like soothing & development of transitional ego function & acquisition of solacing linguistic competence, 6127
intervention strategies in analytical work, man/boy's strong primitive feeling toward preoedipal mother, 26 yr old male, conference presentation, 4305

pre- & postnatal perception of infant temperament, 22–38 yr old mothers vs fathers, 6163
prediction of child's memory span & attributions of importance & difficulty of tasks & child's achievement, fathers vs mothers & their 6th grade children, 24287
prenatal intervention with negative &/or positive consequences approach, parental use of infant car restraints, 20–32 yr old mothers, 22476

preventive utilization of medical services & lifestyle choices, lower SES 25–40 yr old mothers, Wales, 30830
primary endogenous & powerful inhibition against consummating full genital intercourse with their sons, human females & primate models, 6628
problem solving attitudes & behavior, intensity of parental punishment, Mexican American & White & Black mothers of 3–5 yr olds, 9011
problems leading to failure of therapy, psychotic mother & son, 7070
professional vs non-professional intervention, adaptation, high vs moderate vs low anxiety primiparous mothers, 4224
proportion of correct responses by child, intensities of rewards & punishments, 25–44 yr old mothers vs 43–69 yr old grandmothers of 4–8 yr olds, 17059
psychoanalytic interpretation of myth of Psyche as relates to psychodynamics of pregnancy & motherhood, 12643
psychoanalytic view that mirror in dreams is symbol of mother's face, 3539
psychodynamic functioning & role in family & ability to protect their children & utilize treatment, mothers of incest victims, 14719
psychological characteristics of father & role of mother, incestuous families, 17472
psychological/emotional & social/instrumental & medical/educational needs, lower SES mothers of asthmatic children, 17574
psychosocial variables in refusal of cancer treatment, 13–17 yr olds & their mothers, 4551
randomized spot observations vs day-long narratives, allocation of time in household & work & childrearing, mothers & their children, Senegal vs Mexico, 17083
ratings of cause & severity of child's condition & emotional adaptation, degree of behavioral self blame, mothers of infants with perinatal complications, 22335
reactions toward unfamiliar persons, 8 mo olds & their mothers, 908
reasons for seeking urgent medical care for children, mothers & their children with mean ages of 5.3 yrs, 4594
recognition of mother's vs father's axillary odors, 2 wk old breastfed vs bottlefed neonates, 8656
record keeping & outcomes & costs of paraprofessional parent aide program, prevention of child abuse or neglect, 28 yr old single mother, 15292
relaxation training, reduction of postpartum distress, 18–35 yr old expectant mothers, 12513
research on effects of maternal employment, children, reprint, 29847
response to hemoglobinopathy screening & genetic counseling in prenatal care, mothers at risk for delivery of thalassemic child, 22632
risk for thought disorder, 5–16 yr olds with psychotic mothers vs hospitalized with psychosis vs nonpsychotic behavioral problems, 6472
roles & relationships with daughters, traditional vs teenage vs lesbian Black mothers, 14309
scores on Family Environment Scale, 27–56 yr old mothers of 9 yr olds, New Zealand vs US, 21841
self control self instructional training program, 9–10 yr old males with attention deficit disorder & hyperactivity treated by mothers as adjunct therapist, 18005
self reports on Center for Epidemiologic Studies Depression Scale vs diagnostic interview results, detection of major depression vs generalized anxiety, mothers of chronically disabled children, 18928
semantic differential vs paired-comparison procedure, assessment of information received from cry sounds, mothers & their infants & children under 5 yrs, 2803
serum calcium levels, mothers hospitalized for severe puerperal psychiatric illness, 30205
sex of child & maternal beliefs about achievement & mathematics achievement, 7th graders & their mothers, 25816
sex role attitudes & sex stereotyped behavior, single parent divorced mothers & their children, 17087
sex role attitudes, demand for independent accomplishments made on sons vs daughters aged 7–12 yrs, mothers, India, 29855
sex role identity, femininity & self concept scores & perception of comfort in maternal role, 19–37 yr old females assessed in late pregnancy & early postpartum, implications for nursing practice, 1098
short vs long term effect of group competency-based program, stress & mental health, single mothers on government assistance, 10031
social casework & adoption after death of natural mother, adoptive stepmother of husband's 5 yr old daughter, 30861
social communicative interactions with own vs unfamiliar child, mothers & their 4–5.9 yr old stutterers vs nonstutterers, 1497
social contact, abusive behavior, mothers & their children, Israel, 1731
social role changes, dream content, working vs nonworking mothers, 19769
social support & stressful life events, psychological distress, 21–40 yr old working class mothers, 30197
social support networks & mass media, breastfeeding vs bottle feeding, mothers & 4 wk to 6 mo olds, Hong Kong, 14307
social support, stress & depression & anxiety, mothers of preschoolers living near Three Mile Island nuclear accident, 9332
social support via babysitting cooperative program, mental & physical health, high- vs low-stressed inner city mothers, implications for development of social support networks, 11612
socially impoverished environment, neglectful vs nonneglectful mothers, 12099
socioeconomic background & prevalence of chronic disease & anxiety level about childhood problems, decision to use medical services, mothers with young children, 1-yr longitudinal study, Scotland, 7315
socioeconomic level, children's adjustment, mothers of single vs 2-parent families, 14302
speech to children, mothers of 18 mo to 3 yr olds with Down's syndrome vs hearing impairments, 12242
stereotyped portrayal of Black mothers in literature, children, 1964–80, 6014
strategies for coping with developmentally disabled or handicapped child, mothers vs fathers, 27249
stress & clinic status, maternal perceptions of deviant child behavior, 24–45 yr old mothers of 4–7 yr old clinic vs nonclinic referred males, implications for use of parents as behavior therapists for own children, 8999
symbolic motif of falling & loss of mother in dreams, psychoanalysis patients, 7935
temperament of mother &/vs child &/vs home environment, injury liability, toddlers followed from 1–3 yrs old, 27620
termination of parental rights, mentally ill mothers, case law, 14358
time use for physical child care, mothers with physically handicapped vs normal 3–5 yr olds, 22618
timing of maturation & puberty, perceptions of family relations, 10–17 yr old daughters & sons & their parents, 24097
unorthodox structural configuration & processes in group psychotherapy, low income mothers, 9767
use of alcohol, attitudes toward alcohol, 8–9 yr olds & their mothers, New Zealand, 16976
use of child growth charts & other monitoring practices, mothers, Ghana, 3390
use of primary pediatric care during 1st yr of child's life, 13–17 vs 18–43 yr old mothers, 9967
utilization of prenatal medical care & physical & mental & behavioral consequences for offspring, drug addicted mothers & their children, 2- & 8- & 9- & 11-yr longitudinal studies, Denmark, 12081
variable contexts of free interaction vs interactions represented by drawings, informational content & syntactic features of baby talk, 20–35 yr old mothers & their 0–3 yr old children, 8974
vulnerability of infant, depression or over-protection, 16–34 yr old mothers & their 12–18 mo old low birth weight infants, 9010

Motion Perception [See Also Apparent Movement, Autokinetic Illusion]
absolute-distance information, calibration of distance & motion parallax in depth perception, 26321
adaptation to rotation simulation, three-dimensional motion aftereffect, college students & authors & naive S, 239
adaptation to stroboscopic motion, perception of temporal order of adjacent visual stimuli along same axis, 208

adapting velocity & luminance of high contrast drifting grating, movement aftereffect velocity & duration, 20–40 yr olds, 8166
age, geometrization & attribution of meaning to motion, 4–11 yr olds, 14146
aggregation & unit formation of rotating collinear lines as index of perceptual coherence, perception of rotary motion in depth, students, 21084
alternative to theory of perceptual vector analysis in motion perception, reply to criticism by G. Johansson, 10937
ambivalent visual-vestibular & vestibulo-somatosensory stimulations, perceived self motion, 17–38 yr olds, 19050
American Sign Language signs in habituation-dishabituation task, discrimination of salient gestural contrasts along dimensions of repetition vs plane vs arcness vs direction, hearing 128–138 day olds, 19582
average movement velocity, RT & spatial accuracy, 21–24 yr olds, 206
chromatic adaptive conditions, displacement thresholds for motion detection, 5401
color blindness among directionally-selective movement detecting systems, 13589
compound eyes as model for study of 2-dimensional spatio-temporal processing of color & motion, flies & insects, conference presentation, 29271
concepts related to biological image motion processing, literature review, 10933
dark interstimulus interval, motion perception in equiluminous kinematograms, adult Ss, 26305
dichoptic viewing of moving random-dot stereograms, perception of motion in depth vs lateral movements, 218
direction- & velocity-specific responses from beyond classical receptive field in middle temporal visual area, owl monkeys, 26478
duration of stationary vs velocity of moving visual stimulus, neural responses in Areas 17 & 18 cortical cells, anesthetized & paralyzed cats, 29268
dynamic geometrical structure of optical flow, importance of retinal center & periphery in pickup of optical information for controlling stance, Os, 13831
failure of ability to report direction of apparent motion when array of random dot displacement exceeds limiting value, naive & experienced Ss, 13535
fixation on center of rotating spiral for short adaptation periods, motion components of long vs short term aftereffects, college students, 13558
flanking stationary patterns, suppression of perception of stroboscopic motion, 22–37 yr olds, 29036
fleet readiness training using visual &/vs motion simulator capability, helicopter performance, Navy replacement pilots, 5047
flicker & movement constituents of pattern reversal response, adult Ss, 23572
image displacement & movement aftereffect, motion perception, comments on study by H. Wallach, 23568
implied velocity & acceleration of dot pattern displays, memory shifts, college students, 21176
informativeness of depth & vertical translation, perception of object unity, 102–137 day old infants, 16927
interocularly intermittent exposures of equal duration & retinal luminance, apparent depth displacement of moving object, adult Ss, 13556
isoluminant stimulus containing color contrast with no luminance contrast, induction of motion aftereffect, adults, 10930
measurement of accuracy of perceptions of motions colinear with eye movements, college students, 23578
memory demands, encoding & recalling of consecutive linear movements, 18–32 vs 33–47 vs 48–62 vs 63–77 yr olds, 8796
monocular nasalward & temporalward visual field movement at 4 retinal sites, optokinetic nystagmus, strabismic amblyopic Ss, 30481
motion patterns visually presented as configurational vs S-relative change, motion perception & role of vector analysis & process combination, college students, 251
movements in or out of view & articulation & rotation of body/head, neuronal cell responses in superior temporal sulcus, juvenile male macaque monkeys, 21318
moving vs static presentation of behavior, imitation, newborns with median age of 4 days, 16962
nulling "real" against opposed "apparent" motion, examination of neural movement channels, 26311
optokinetic background, perception of velocity of visually tracked moving objects, 18–31 yr olds, 242
pattern motion, direction-selective adaptation of neurons in middle temporal visual cortex, owl monkeys, 26517
perception of curvilinear motion of ball exiting tube, 4.5–12 yr olds vs college students, implications for development of intuitive theories of motion that include erroneous principles, 11427
perception of induced motion in frame vs point conditions, oculomotor visual capture vs straight ahead shift in eye movements, 10923
perception of normal & phantom spiral aftereffects, college students, 224
perception of structure from motion, adult Ss, 13591
perception of velocity change, 2998
peripheral movement & flicker, detection thresholds of sinusoidal gratings, adult Ss, 13539
photic responsiveness of cells in medial bank of lateral suprasylvian cortex, cats, conference presentation, 3176
position in visual field vs spatial frequency vs contrast, lower threshold for motion of gratings, human Os, 5408
presentation of actual on-going event involving motion vs static representation of motion, judgment of natural & anomalous trajectories, male vs female 5th graders vs college students, 11428
psychophysical vs computational approach, study of optical transformations resulting in perceived self vs object motion, 13533
random-dot mask presented at intervals, perception of shape moving behind a slit, practiced vs naive Ss, 213
real vs induced stimulus movement, pulvinar cell response, monkeys, 16421
reference velocity discrimination for central & peripheral vision, just noticeable differences in velocity, 20–45 yr olds, 23560
relative pattern movement, superior colliculus visual cell responses, cats, 5695
rotating vs stationary targets with rotating vs stationary random dot mask, judgment of form & motion of object, adult Ss, 16258
salience of rotation & translation movement as stimulus & extraction of shape information from stationary vs moving stimuli, 7 hr to 11 day olds, 3463
spatial frequency & orientation & temporal frequency selectivity of visual motion system, adult Ss, 21067
spatial frequency & retinal eccentricity & distance from fixation point, stereo & vernier acuities within spatial channels, adult Ss, 21114
spatial separation & retinal eccentricity, 2 dot vernier acuity, adult Ss, 21069
stimulation of central visual field with radically expanding dot program, perceived self motion, college students, 5400
stroboscopically presented noise patterns' rate & duration & size & discrete spatial shifts in central & peripheral visual field, motion perception, adult Ss, 26328
suppression of involuntary tracking eye movements in absence of fixation target, 2990
task criteria constraints & optimization criteria in kinematic information feedback, motor skill performance, 5387
textured stimulus moving in preferred direction superimposed upon textured or grating stimulus moving in different directions, responses of complex cells in striate cortex, cats, 13812
theory of perceptual vector analysis in motion perception, comments on alternative theory proposed by H. Wallach et al, 10919
variation of spatial & temporal frequencies & orientation of motion, sensitivity to shearing & compressive motion in random dots, adult Ss, 26320
varying retinal eccentricity of moving dot vs horizontal vs vertical line segments with same features as stationary background elements, conspicuity, adult Ss, 21104
vector analysis of rotary motion perception, college students, 23579
velocity of moving bar stimuli & masking of all but most sensitive part of receptive field, neural responses in geniculate & Area 17 & 18 cortical cells, cats, 29267
velocity of moving bar stimuli, responses of X- & T-cells in lateral geniculate nucleus, anesthetized & paralyzed cats, 29288

visual display stimulating both short- & long-range motion-detecting processes simultaneously, adult Ss, 26319
visual flow & direction of locomotion, comments on study by D. Regan & K. I. Beverley, 246
visual flow & direction of locomotion, comments on study by D. Regan & K. I. Beverley, 241
visual flow & direction of locomotion, reply to comments by H. F. Priest & J. E. Cutting & C. C. Torrey, 243
visual motion thresholds for sinusoidally modulated shearing motion of random dot display, monkeys vs human Ss, 13802
3-dimensional model representation of shape movements, visual recognition of arm movements, 8182
Motion Pictures [See Also Motion Pictures (Educational), Motion Pictures (Entertainment)]
cinematic cutting, evaluation & retention of film & recall of cuts, college students, 13667
comprehension of cinematic montage, reconstruction of stop-animation televised segments, 3 vs 5 & 4 vs 7 yr olds, 865
Jungian interpretation of C. F. Kane character's narcissistic personality in O. Welles's film "Citizen Kane" & relation to narcissistic patients, 24086
leisure time preference for books vs motion pictures vs TV, graduate students & other adults, 11804
passage presented via filmstrip vs film vs reading from book, listening retention, 3rd graders, 22985
portrayals in films & novels & plays & nonfiction, female psychotherapists, conference presentation, 3364
viewing of movie "The Right Stuff", conceptions of J. Glenn & social & political reality, viewers aged 17 yrs & older, 26769
Motion Pictures (Educational)
attitudes toward pornography & antipornography documentary 'Not a Love Story', males vs females 20 yrs old & older, conference presentation, 17146
categories & complexity of criteria used in classification of films, 16–17 yr old students with 6 mo of film viewing experience, implications for effectiveness of film education systems, 7618
effectiveness of commercial film "Touch," self protection skills & knowledge about sexual abuse, kindergarten & 1st vs 5th & 6th graders, 28451
TV viewing of Cousteau Society documentary vs science teacher's presentation of show's script, aquatic knowledge & attitude change, 9th graders, 2364
viewing films "Protection in a Nuclear Age" vs "The Last Epidemic" vs reading J. Schell's "The Fate of the Earth," knowledge about & attitudes toward nuclear weapons & war, college students, implications for public education, 29508
Motion Pictures (Entertainment)
attitudes toward TV programs & films that induce fear & fright, 5–8 yr olds vs 8–11 yr olds, 24102
audience size & sex composition & film segments, laughter viewing portions of film "Duck Soup", college students in groups of 2 vs 4 vs 10, 19815
biographical insight through movie "Citizen Kane" & relation to psychoanalysis, O. Welles, 14102
countertransference as negative depiction of psychiatry in motion pictures, 5989
extent & nature of reaction to TV film "The Day After", public viewing audience, 11372
fantasy style, types of movies & music & books preferred, male vs female college students, 17255
feature films & portrayal of disability, 5984
horror vs documentary music of film, psychophysiological stress responses, male college students, 11200
Lois Lane as Marlboro smoker in Superman II film, attitudes toward smoking, adolescent females, 14108
messages & psychoanalytic aspects of films "Jaws" and "Mirror", 8649
movie "The Day After" & protection motivation theory, prediction of intentions to engage in anti-nuclear war behaviors, college students, 26953
psychodynamics of love between Charles & Sarah in J. Fowles's "The French Lieutenant's Woman" as portrayed in novel vs film, 19546
sensation seeking, movie selection & viewing & cardiac rate & response, female vs male college students, 21989
themes of narcissism & symbiotic attachment & dependency in P. Yates's film version of R. Harwood's play "The Dresser", 3359
universal experience of fragmentation/holism & statement of motion picture "E.T. the Extra-Terrestrial", 3342
violent film viewing, level of anxiety & subsequent aggression, preschool children alone vs with silent adult vs with adult making antiaggression comments, 6104
Motion Sickness
antimotion sickness drugs, performance on pursuit motor task, 18–30 yr olds, implications for drug use by aircrew members, conference presentation, 12596
antimotion-sickness medication vs electrolyte solution & perceptual & physiological factors, parabola flight sickness, adult airplane passengers vs astronauts vs astronaut candidates, 20417
biofeedback, anxiety & airsickness, Air Force fliers, 9836
biofeedback training, chronic motion sickness, Air Force fliers, 12517
cue-evoked relaxation therapy with cognitive modification & diaphragmatic breathing techniques, airsickness, 20–25 yr old student pilots, 4422
desensitization program, chronic motion sickness, Royal Air Force aircrew, Great Britain, 12501
disorientation & stomach pH, vomiting during space flight, astronaut candidates, 9624
flunarizine, motion sickness, 22–37 yr old males, 12560
kaolin consumption as index of motion sickness, rats, 21552
mechanisms of space motion sickness, literature review, 9527
methamphetamine vs phenmetrazine vs phentermine vs methylphenidate vs pemoline, prevention of motion sickness, Ss with normal vestibular function, implications for drug therapy & space flight, 14006
motion sickness susceptibility, serum levels of steroid hormones, male 20–30 yr old military personnel, 3195
muscarine cholinergic receptors in area postrema & brain stem areas, regulation of emesis, squirrel monkeys, 8404
prolonged weightlessness, otolith tilt-translation reinterpretation, astronauts, implication for preflight training, 13193
scopolamine &/vs dextroamphetamine, habituation to continuous exposure to vestibular stimulation, 18–30 yr olds, 25332
systemic naloxone actions & role of endogenous opiates, nausea & vomiting in motion sickness, college students exposed to rotational motion stressor, 27498
Motivation [See Also Academic Achievement Motivation, Achievement Motivation, Affiliation Motivation, Animal Motivation, Educational Incentives, Employee Motivation, Extrinsic Motivation, Fear of Success, Hunger, Incentives, Intrinsic Motivation, Monetary Incentives, Thirst]
ability of projective & objective methods of measuring fear of success to differentially assess motives & cognitions, male & female 14–15 yr olds, 11508
activation level & goal setting, performance, shot putters, 336
advantages of & reasons for being in jail, criminals, 7473
advertising repetition, motivation & ability & opportunity to respond, 20–55 yr old housewives, 26053
aggression in child analysis, 6996
altruistic personality traits, easy vs difficult avoidance of helping behavior, female college students, implications for egoistic vs altruistic motivation, 17240
altruistic vs cooperative vs individualistic vs competitive social motive, behavior in social dilemma game, college students, US vs Netherlands, 14467
anxiety & dissimulation motivation, performance on ability test & measurement of response pattern appropriateness, male job applicants, Israel, 28918
attention & motivation & comprehension in learning with understanding, implications for teaching, 13698
attitudes about camping & intentions to camp & influence of important others in making camping decisions, prediction of camping behavior, male vs female city residents, implications for theory of reasoned action, 24499
attribution theory & expectancy model of sales-force motivation, implications for marketing, 18804
behavioral analysis & motivational models in educational systems, 20644
behavioral intention & expectation, prediction of behavior, college students, 14479

behavioral intentions, attitudes toward act & social normative beliefs & prediction of behavior, probation officers, implications for work of I. Ajzen & M. Fishbein, 24516
cheating & moral judgment & guilt & knowledge that another person cheated & motivation, college students, 3707
class position & orientation to work, adult civilian laborers, 7867
cognitive & motivational factors, perceptual organization in viewing reversible stereogram, college students, 16265
cognitive & motivational influences, humor responses, White kindergartners vs 3rd graders, 14176
cognitive-behavioral treatment, motivational deficits, 4409
concept of will & development according to O. Rank, 3394
conjunctively vs disjunctively provided public good involving friends vs strangers, greed vs fear of being "sucker" as motivational basis for not contributing, college students, Japan, 17235
consequences of attack against public leader & leader's respectability & motivation of attacker, perceptions of penalty & attack predictability & responsibility & labeling of act as terrorism, college students, 24525
construct validity of Principal Expectancy Motivation Scales, measurement of constructs & motivation toward managerial & instructional role & total motivation, school principals, 31347
construction of rating scale, measurement of pioneering-innovating motive, professional personnel, India, implications for socioeconomic transformation, 23267
controversial issues of psychoanalytic theory & drive theory, 2776
cultural expectations expressed in institutional & interpersonal aspects of society, identity & motivation for social acts, 19826
degree of negative vs positive feedback & self efficacy & self evaluation & goals, motivation, college students, 30000
demographic & personality correlates & low vs high stress situations, preference for cigarette smoking, medium-light smokers, 6309
demographic characteristics & preadoption motivations & postplacement adjustment, families who adopted or fostered mentally retarded children, England, 30857
differential motives for engaging in sexual intercourse, male vs female college students, 6275
dissection of human cadavers for 1st time, enthusiasm vs reluctance, preclinical medical students, 4752
drinking motivational state, neuronal activity in brain, rabbits, 11173
ethanol & presence vs absence of food & other Ss, preference or aversion for drug or environment, male rats, 21602
expectancy of success, motivation for achievement, senior accountants & working managers & college & graduate students in management fields, use of additive information processing vs expectancy force model, 23641
factor structure of Motivation Analysis Test, comments on article by C. Cooper & P. Kline, 18926
females' lifestyle differences & motivation & values & behavior, career & management development, male vs female managers, implications for employee benefits package, 5079
goal attractiveness ratings, performance on anagram task, college students, support for model proposed by J. W. Brehm et al, 23640
group-oriented vs individualistic cultures, social loafing vs striving on auditory tracking task, male vs female 6th vs 9th graders, Taiwan vs US, 14216
high vs low need for power & group conflict, physiological reactivity, college students serving as group members & leaders, 11187
human self destructive urges, 20039
ideology & motivation & involvement in issues, contemporary youth, 771
incentives & motivations to play minivolleyball, child vs his/her parents & school, implications for relationship between child & trainer, 21744
influence of knowledge & prestige, ambition, secondary school students, Senegal, 892
intellectual level & behaviors reflecting "effectance", quadraplegic 9 mo to 12 yr olds, 9525
Lacan's theory of linguistic unconscious & desire & dream analysis method by J. Laplanche & S. Leclaire, 30604
legal concept of intentionality in criminality, legal processes, 3620
level & certainty of self esteem, preparatory efforts for intellectual evaluation, male vs female college students, 30017
level of aspiration & motor task performance, male chronic psychiatric inpatients, 20523
level of importance of action in difficult situation, improved vs deteriorated task performance, male high school students, 29163
marihuana acquisition & use patterns & relation to menstrual cycle & impact on motivation assessed by performance on FR 300 reinforcement schedule, 21–36 yr old females, 24452
measurement of mental development & relationship of motivation to learning capabilities, school age children, 11415
models of attachment & exploratory motivation, mobile 15–18 mo olds & their mothers, 906
motivation & goal setting, skill & confidence in sports performance, athletes, 23150
motivation & satisfaction in conservation, recycling of household solid wastes, respondents, 31553
Motivation Analysis Test & 16PF variables & telic dominance scale, 30 yr olds & younger, 3749
motivation for pursuit of excellence in low SES urban setting, Black young adult, 30016
motivation, perceived effort in purposeful vs nonpurposeful activity, reply to criticism of M. C. Kasch, implications for occupational therapy, 5514
motivation, perceived exertion in purposeful vs nonpurposeful activity, criticism of M. A. Kircher's study, implications for occupational therapy, 5513
motivation techniques in Adlerian psychotherapy, reluctance or resistance to change, clients, 17859
motivation to fly & danger & fear of flying, Air Force fliers, 16015
motivation, visits to clinic staffed by nurse practitioners, 15–83 yr old patients, case examples, 22669
motivational models of choice behavior & bliss points vs minimum needs hypothesis, male rats, 19212
motivational patterns & styles, clinical practitioners vs academic clinical vs nonclinical psychologists, 2283
motivational processes & expectancies, free recall & recognition & organization of learning material, 299
motivations & locus of control, decision to delay vs avoid seeking help for personal distress, male vs female 14–72 yr olds, 14203
motivations for entering teaching profession & authoritarian personality tendencies, student teachers, 1974–82, conference presentation, 10311
motivations for motherhood, 21821
motivations for motherhood & self identity & concept issues, females, 11792
movement & internalization of motive in collective activity, 6336
movie "The Day After" & protection motivation theory, prediction of intentions to engage in anti-nuclear war behaviors, college students, 26953
music preferences & uses & gratifications of popular music, 11–15 yr olds, Sweden, 11534
need achievement & affiliation & locus of control toward school & instrumentality motivation measures, prediction of school achievement, college students, 7624
need configurations & motivations & pay equity & work autonomy & satisfaction, public school teachers, 7581
needs & motives & judgment, 12–18 yr old specialized sport school students, implications for education, conference presentation, 29691
neural mechanisms of opiate hedonic effects & motivational-affective regulatory role of endogenous opioids, rats, implications for human opiate abuse research, 29397
objectives & motives for participation in competitive swimming, 8–19 yr old males vs females with varying levels of swimming skill & experience, 21762
open systems model of cultural or group diffusion of innovation & information & learning, 24468
parent & peer relations & socialization & attitudinal & motivational factors, prediction of delinquent law violation, male vs female high school students, Japan, 9397
parental race-related socialization & motivation & academic achievement, Black 14–24 yr olds in 3-generation families, 6005
persistence on tasks of varying complexity, task performance & assessment of mastery motivation, organically impaired 1–3 yr olds with mental retardation or Down's syndrome, 14777

personal work ethic &/vs low- vs high-effort training in mathematics & perceptual identifications, persistence, cheating on anagram task, college students, 334
personality & motivation & aversiveness of procedure, decision to donate blood, donors, 24542
personality & motivations & experience & aggressive tendencies & exposure to media depictions that portray rape myths, beliefs in such myths, male college students, 24788
phenomenology & biochemistry of schizophrenia, females vs males, 22073
physiological & psychological & demographic & anthropometric factors, adherence to exercise program, healthy adults, 337
playing of Prisoner's Dilemma game after stating vs not stating publicly vs privately intentions to compete or cooperate, behavioral consistency & feedback, female college students, 24527
pleasure & arousal & dominance, sexual desires & dysfunction, 21–51 yr old heterosexuals, 29922
positive postingestational effects & medicinal context of drug acquisition of liking for taste of medicine vs food, 24–56 yr old methadone maintenance participants vs outpatients in VA hospital & college students, 23527
positive vs negative affective stimuli, habituation & withdrawal, college students, partial support for opponent process theory of motivation, 29170
power motivation, high vs low responsibility male vs female college students & middle class adults, 14535
pre-abstinence smoke intake & smoking motivation, prediction of cigarette withdrawal severity, 21–74 yr old smokers, 24459
presentation of information on potential risk & outcome severity & access & effectiveness of protection, decision making processes in engagement in protective behavior, college students, test of protection motivation theory, 11750
pretreatment structuring & borderline conditions approaches & peer support groups as alternative treatment strategies, mandated & unmotivated clients, 4314
psychoanalytic interpretation of hysteria & desire & "darstellung", 19906
psychoanalytic theory of drive & empirical studies of REM sleep, animals & humans, implications for infant development, 3060
psychoanalytic view of concept of gratuitous act in relation to A. Gide's "The Vatican Crypts" & other literature, 3355
psychometric evaluation of Health Self Determinism Index, measurement of motivation in health behavior, randomly selected adults, 13406
psychophysiology & significance of motivation in muscle tension patterns during continuous perceptual motor task, college students, 583
purpose in life, spinal cord injured paraplegic vs quadriplegic males, implications for rehabilitation, 17664
ratio vs difference rule, motivating instructions & reward allocation, male college students & industrial managers, India, test of equity theory & functional measurement, 31475
reanalysis of higher order factor structure of Motivation Analysis Test & Eight State Questionnaire, 10762
reasons for drinking or not drinking or ceasing to drink, drinkers vs abstainers vs former drinkers of Caucasian vs Chinese vs Filipino vs Japanese vs Hawaiian vs mixed Oriental & Caucasian ancestry, Hawaii, 21893
reasons for smoking, males who are heavy smokers, 12075
reflectivity vs impulsivity, motivation & social behavior & reasoning, 3rd grade males, 29667
regulation of pursuit by reality principle & impact of excess pleasure in development of psychosomatic disorders, 30435
remotivation & group discussion sessions, patients & residents of care facilities, 30887
research trends & conflict between individual motivation and societal interest regarding social dilemmas, 24461
role of endorphins in mediation of reward or aversion & motivation for self administration, animals, literature review, conference presentation, 26526
same- vs opposite-sex teacher model, career confidence & motivation, male & female college students, 20760
self interest vs human solidarity as motivation in J. Conrad's "Falk: A Reminiscence", 24062
self observed competence, task interest, male female 40–60 mo olds, 26795
sexual attitudes, determination of motivational properties of exposure to erotica, college students with positive vs negative sexual attitudes, 11812
signal detection theory methodology, time of day experimentation & motivational state & true efficiency, college students, 5220
smell & feel of preferred alcoholic beverage, skin conductance level & heart rate, alcoholics vs nonproblem drinkers, 22164
soap opera viewing patterns & motivations & level of involvement, college students, 20641
social & task orientation, behavior in cooperative problem solving task, 4th graders, 8878
social comparison with similar vs superior vs inferior peer, development of evaluation standards, 1st & 4th graders, 8840
social interest as mediator of stress, somatic health, full time employees from metropolitan area, 17278
social motivation, participation in hobby & learning programs at senior citizen centers, aged, West Germany, 7361
social motivational factors, segmental phonological style-shifting, male English speaking broad-accented radio personality & entertainer, Wales, 29512
specific goal setting vs "do your best" conditions, performance on sit-up test, college students, 21205
stage model of development of understanding of suicide motives, 14–22 yr olds, 9371
stimulation of dental care demand applying reasoned action theory by I. Ajzen & M. Fishbein, 21–50 yr olds who had not received dental care for at least 2.5 yrs, 25361
theory of affect & underlying motivational systems, role in cognitive psychology & development & psychoanalysis, 5206
theory of planned behavior, prediction of success in attempted weight reduction, female college students, 3768
Type A vs B personality & inhibited power motive, heart rate & systolic blood pressure & forearm blood flow during structured interview & TAT, male college students, implications for development of coronary heart disease, 567
typology based on consumer motivation, female department store shoppers, 10686
use of discounting heuristic in cognitive processing of social information in reward vs non-reward condition, kindergartners vs 2nd vs 4th graders, comments on methodology of research by C. J. Dahlenberg et al, 29603
values & motivation & self esteem & personality traits, scholastic rejection & failure, 6th graders, 4882
violence in mass media, motivation & behavior, 5955
vocational guidance & age & motivation & work situation, career choice in psychology field, 17–45 yr old psychology students, 13036
vocational interests & actual work & self perceived motivational factors, job satisfaction, mildly to moderately mentally retarded 38–80 yr olds in residential facility, Israel, 12752

Motivation Training

motivation training in physical education program, achievement motivation, 4th graders, 7642
participation in library-oriented motivational intervention program, use of & attitudes toward library or librarian & reading, 8th graders & junior high librarians, 2402

Motor Coordination

alcohol, performance on video game & test of coordination, college students in alcohol education program, 5007
continuous vs flashed targets for motor coordination, manual pointing &/vs eye movement RTs & speed-accuracy tradeoff & variation in range effect, 15–21 yr olds, 23526
ethanol administration by ip injection vs vapor inhalation, blood vs brain ethanol concentrations & impairment of motor coordination, male rats, 3307
Fitt's law, spatial symmetry of speed-accuracy tradeoff in head & hand movements, 20–28 yr olds, 8149
independence of unilateral ocular motor control, 5–64 yr old stutterers vs nonstutterers, 24851
intralimb coordination of paw-shake response, normal vs spinal adult cats, 29375
intralimb kinetics of paw-shake response, spinal adult cats, 29370
motor coordination impairment, infantile cerebral paralysis patients, 9499

perceptual learning approach to skill transfer for manual control, implication for use of flight simulators in teaching manual control skills, 10900
processing of conflicting sensory rhythms, college students, 13515
programing of different movements during execution of other movement vs identical successive movements, finger movement choice RT in right &/vs left hand, 17–33 yr olds, 23523
reaction time in processing proprioceptive information, patients with Parkinson's disease, 9537
sensory integration therapy, postrotary nystagmus & equilibrium reactions & visual-motor integration, reading disabled children, 27732
sequential unimanual tapping task, speech fluency & hand performance, 16–54 yr old male left vs right handed stutterers vs nonstutterers, implications for cerebral dominance, 20100
single vs repeated doses of ethanol vs levopropanol vs levobutanol vs levopentanol, body temperature & rotarod performance, mice, 666
skill level & vision & proprioception in simple 1-handed catching, 18–32 yr olds, 21047
target separation & size, information processing capacity during movement selection & execution, 53–70 yr olds with Parkinson's disease, 14900
teaching relationships by use of body language, 6 yr old male with poor motor coordination & separation anxiety & immaturity & identity conflicts, 4931
temporal coordination of arm movements & synchrony with adult speech, male vs female infants tested of 2 & 10 wks of age, 26820
validity & reliability & stability of handedness assessment, measurement of reaching & object manipulation & complementary bimanual action, male vs female 6–13 mo olds, 28984
visual guidance & hemispace, lateralized verbal-manual interference in hand or finger tapping task with vocalization, right handed college students, 23814
1 vs 4 movement parameters & variable practice schedules, development of motor control, college students, test of R. A. Schmidt's schema theory, 23632

Motor Cortex
bipolar electrical tooth pulp stimulation, EPs in primary motor & somatosensory & secondary somatosensory cortices, monkeys, 19395
cytoarchitectonic organization of hindlimb sensorimotor cortical representation, rats, 26504
damage to interior frontal gyrus & precentral gyrus, Broca's aphasia, 28 yr old right handed male with closed head injury, case report, 30401
intracortical microstimulation, neuronal EPs & distribution of sensory & motor cortex projection fibers vs terminals from thalamus to motor cortex, cats, 26589
lesions of ventrolateral nucleus of thalamus, projection of sensory cortex to motor cortex, cats, 26595
local cooling of parietal or frontal or motor cortex, EPs in pulvinar or lateral posterior or medial dorsal thalamic nuclei, cats, implications for functional organization of corticothalamic system, 29291
motor training, dendritic branching of neurons in motor-sensory forelimb cortex, rats, 23804
neuronal activity in auditory & visual & motor cortex during classical conditioning & extinction, cats, 5676
pre- &/vs postoperative impoverished vs enriched environment, locomotor recovery following cortical lesions, rats, 11245
slow tracking vs rapid alternating vs torque-pulse movements vs wrist action tremor, discharge patterns of cerebellar nuclear & motor cortex & spindle afferent neurons, male rhesus monkeys, 29298
sodium-potassium-stimulated & magnesium-dependent adenosine triphosphatase, development of membrane potentials & postnatal ontogenetic development of epileptic reactivity in motor cortex, male rabbits, 26679
visuomotor task performance & intracortical microstimulation, identification of forelimb region of precentral cortex into wrist/nonwrist flexion/extension neuron populations, monkeys, 21430

Motor Development [See Also Psychomotor Development, Speech Development]
ability to bang 2 blocks together at midline following onset of duplicated syllable babbling, 4.8–8.7 mo olds, implications for development of cerebral dominance, 8775
advances in study of motor development & motor problems, children, 27577
age, motor equivalence for speech, articulation disordered vs nonhandicapped 4 yr olds vs adults, 20103
age of gross motor milestone attainments during 1st 2 yrs, IQ, 3 yr olds, longitudinal study, 29584
assessment of visual motor development & performance on Bender Visual Motor Gestalt Test vs Development Test of Visual Motor Integration, gifted 6.5–10.9 yr old elementary school students, 28616
atypical patterns of object manipulation, actions on objects & sensorimotor development, 4 yr old male born with fused fingers & toes & midface hypoplasia corrected by surgery at 6 & 9 & 13 mo of age, 14845
Bayley Scales of Infant Development, characterization of abilities, full-term & preterm 1 yr olds, 773
Bayley Scales of Infant Development vs Gesell Development Schedules-Revised, assessment of mental & motor development, male vs female 6–36 mo olds with Down's syndrome, 2860
changes in stance & gait, development of reflexes for movements necessary for maintenance of body equilibrium assessed by leg muscle EMG, 1–8 yr olds, 24117
chronic administration of ACTH 4-10 & ACTH 4-9, neuromuscular performance & spontaneous & cold stress motor activity & learning, neonatal rats, conference presentation, 29379
chronic administration of naltrexone, spontaneous motor & sensorimotor behavior & ambulation & emotionality & nociception, rats, 5953
correlation of social & object skills, normal 4–21 mo olds & handicapped 11–42 mo olds with mental retardation or other organically-based developmental delays, support for cognitive-level model of development, 14130
depletion of spinal norepinephrine through injection of 6-hydroxydopamine, development of swimming behavior, newborn female rats, 3320
development of CNS, 6–13 yr olds with speech & language disorders, 24850
development of interlimb coordination during metamorphosis, tadpoles, 13829
development of nonnutritive sucking during active sleep, 30–35 wk old healthy preterms, 19601
development of schema for eye hand coordination through use of upper limbs, development of schema for gross motor skills, 1st graders, 14196
development of visual-manual coordination with respect to spatial property of concavity & knowledge of containment function, 6–11 mo olds, 16943
development of visual-motor coordination, males vs females, 817
developmental perspective of postural control & growth of stability, 15–31 mo vs 4–6 vs 7–10 yr olds, 21732
developmental trends of jumping RT, mentally retarded 7–18 yr olds, 1494
fetal-newborn complications, motor & cognitive deficits, high risk premature & mature infants tested at 1 yr, 27610
hand barrier present vs not present during bimanual reaching, handedness & pattern of coordination, 7–12 mo olds, 24124
infant stimulation home care program, motor & mental development, 6 mo to 13 yr olds with Down's syndrome, 12.5-yr longitudinal study, 22683
interaction with objects, infants, implications for special education, 8764
motor skill acquisition on pursuit tracking, mentally retarded males vs those with Down's syndrome, 9443
neonatal exposure to phosphate-buffered saline with vs without morphine, brain & motor development & behavior, rat pups, conference presentation, 29424
neuropsychological methods, assessment of motor & sensory skills & cognitive development, preschool age children, 21695
perceptual motor functional development, preparation for school, dyslalic children, implications for rehabilitation, 30349

perceptual motor skills & cognitive & emotional development, orphans in state infants' home, Poland, 6030
performance on task requiring increasingly complex mechanical manipulations to obtain food, 10 wk old timber wolves vs malamutes, application of Piagetian developmental stages, 11061
perinatal exposure to soy lecithin, brain cell maturation & sensorimotor development, rats, 26557
postural reactions in achievement of motor milestones, 3–4 mo olds with Down's Syndrome, 27474
preferences for handedness vs arm folding vs hand clasping, elementary school vs college students, Japan & East Germany, 16898
sensorimotor development & pragmatic & communication skills, transition from preverbal to verbal communication, children with Down's syndrome assessed at 13 mo & 2 & 3 yrs of age, longitudinal study, 27478
sex & SES, gross motor development, Black vs White infants during well-baby visits in 1st 2 yrs, longitudinal study, 26814
speaking, rate & variability of concurrent finger tapping, 6.3–10.4 yr olds, 11421
spinal lesions, onset of fore- vs hindlimb paw-shake responses & posture development, kittens, 3252
validity & reliability & stability of handedness assessment, measurement of reaching & object manipulation & complementary bimanual action, male vs female 6–13 mo olds, 28984
vestibular stimulation through waterbed flotation, approach & avoidance behaviors, premature infants, 15251
visual motor & gross motor ability & cognitive ability, 4.5 yr olds identified as high risk infants with zero vs normal nystagmus, 14816
Motor Disorders [See Nervous System Disorders]
Motor Evoked Potentials [See Somatosensory Evoked Potentials]
Motor Neurons
auditory response in vocal motor neurons, male zebra finches, 16388
cognitive function impairment, 35–78 yr old patients with motor neuron disease, 14829
ejection of 5-HT, decreased conductance serotonergic response of ink motor neurons, marine mollusk, 8622
eye fixations, electrical activity of axotomized abducens nucleus motoneurons, cats, 26529
firing of tracheosyringeal motor neurons in response to acoustic stimuli, male vs female zebra finches, 29325
heat or pinch stimulation of tail before vs after drug induced paralysis, motor axon nociceptive discharges of fictive tailflick reflex, female rats, 26485
local vibration applied to gastrocnemius soleus &/vs tibialis anterior muscles, pre- & postsynaptic inhibition at motoneuronal level & inhibition of H-reflex, 18–37 yr olds, 26512
mechanisms of pattern generation underlying swimming, marine mollusk, 8387
mediation of horizontal canal signals to ipsilateral medial rectus motoneurons by vestibular nuclear neurons, anesthetized vs decerebrate albino rabbits, 21306
membrane potential & synaptic activity & input resistance of alpha motor neurons in hindlimb extensor muscles during REM sleep, cats, 19326
origins & connections & functions of corticomotoneuronal component of pyramidal tract-corticospinal system, humans & nonhuman primates, literature review, 23825
peripheral stimulation of motor neurons & CS, F response, male vs female 25–41 yr olds, 3249
segmental differences in pathways between lateral & medial giant escape command axons vs nongiant fast flexor motor neurons, crayfish, 530
sensory & autonomic & motor denervation, cholinergic involvement in trigeminal antidromic vasodilatation & plasma extravasation, male rats, 26598
thermal thresholds, 36–73 yr olds with motor neuron disease, 24922
Motor Pathways [See Efferent Pathways]
Motor Performance [See Also Finger Tapping, Jumping, Running, Walking]
ability to cope with situations of high arousal in miniature golf training vs minor vs large competitions, 7–59 yr olds, 26877
acceleration &/vs accuracy task demands, right vs left hand differences in motor skill, right handed females, 23835
actualization & physical ability & physical self confidence & global sensation seeking, male vs female college students, partial support for A. Maslow's theory, 24569
acute & chronic clonidine administration, FI leverpressing & tolerance & dependence, male rhesus monkeys, 29487
age & sex & educational level, frequency & distribution of intermanual differences in grooved pegboard & finger tapping & dynamometer motor performance, 18–69 yr olds, implications for neuropsychological assessment, 11144
age, error detection & correction ability in motor task, 18–21 vs 40–52 vs 60–79 yr olds, 29627
analysis of free & continuous hand movements during complex positioning task, right handed 23–38 yr olds, 13512
apomorphine vs isoproterenol, transport response, rats, 11348
arm movements under springload apparatus assessed by EMG & neuromuscular force patterns, right handed male adults, 21056
central visual & peripheral auditory targets of varied duration, eye &/vs limb movement response latencies in orienting to target, 17–35 yr olds, 21100
characteristics of hippocampal theta rhythm in running vs leverpressing tasks, male rats, 13790
co-active movement training, imitative behaviors, institutionalized profoundly mentally retarded 10–21 yr old students, implications for communications skills training, 15867
cognitive ability & achievement & effects of functional motor level & shunting, 6–15.7 yr olds with uncomplicated myelomeningocele, 4199
cognitive-behavioral methods & psychological skills, sports performance, athletes, Portugal, 7778
competence vs physical risk vs sensation perception, confidence in movement situations, college students, 200
competitive vs noncompetitive learning, motor performance, physically or mentally handicapped & nonhandicapped kindergartners to 3rd graders in mainstream physical education, 4947
concurrent vs delayed visual monitoring vs motor rehearsal, cognitive representation & behavioral reproduction of observed modeled action pattern, college students, 23626
development of Feeding Interaction Report-Scale and Treatment, assessment of infant's oral motor performance & parent-child interaction, 2–20 mo olds & their parents, 5340
dextroamphetamine, motor movements & stereotypic behavior & cardiac catecholamine & brain norepinephrine levels, male rats, 19509
differences in form vs duration, binary-choice RT, 18–33 yr olds, 201
experimentally induced deception, frequency of eye movements & facial expression & electrodermal activity, college students, 11197
hand usage & contextual constraint, Braille reading speed, right handed vs ambidextrous blind 18–64 yr olds, 14881
handedness & sighting dominance & hand grip strength, 19–71 yr old males with paranoid vs nonparanoid schizophrenia vs affective disorders, 14636
history of parental alcoholism & expectancies, behavioral & physiological & motor responses to low vs high doses of alcohol, 19–30 yr old males with vs without history of parental alcoholism, 22176
imagery & mental rehearsal instruction, performance on motor skill accuracy task, college students, 10987
iminodipropionitrile, hyperkinetic movement, male guinea pigs, 8566
IQ levels & practice effects, RT & fine motor task performance, 6–21 yr olds of varying MAs, 24817
isovolemic hemodilution, bicycle ergometer exercise & cognitive-perceptual-motor ability 5400 meters above sea level, polycythemic mountain climbers, 21408
levels of interpolated arm exercise, choice reaction latency & movement speed, male college students, 8163
maintenance of low isometric grip force assessed by microcomputer controlled force measurement system, healthy 21–63 yr olds, 26539
mechanical baseball-batting devices, warm-up decrement, 11 & 12 yr old males, 8690
mental practice & motor task performance, 23601
mental rehearsal or imagery of past athletic event, EMG activity & motor performance, 12–33 yr old athletes, 19574

morphine & neuroleptic drugs, wet-dog shaking & afterdischarge induced by dorsal hippocampal stimulation, male rats, 11203
motor deficiency, performance on manual task involving shift of load in sagittal plane & dynamics of movement & muscular patterns, paraplegic vs able-bodied 19–49 yr olds, ergonomic implications, 6746
motor inhibition & time-interval estimation tasks & personality inventories, measurement of impulsivity, male college students, 2845
motor performance task, brain electrical activity, adults, 13789
movement speed & amplitude, accuracy of elbow flexion movement, college students, 204
naloxone vs naltrexone & derivatives, apomorphine-induced stereotypical climbing behavior, male mice, 14039
neuroleptic drugs injected into cerebral ventricles, behavior & autonomic & motor activity, unanesthetized cats, 26629
peak velocity & amplitude of voluntary independent movements of right vs left arm & effects of added weight, adults, 23518
performance level for both hands, lateral indices for composite finger localization & speeded pegboard tasks, right handed kindergarten students, 11470
performance of bimanual tapping task, right vs left handed Ss & pianists of different levels of sophistication, 13524
performance of complex arm movements & facial movement sequences, 15–55 yr old patients with complete vs partial sectioning of hemispheric commissures vs unilateral lesions of frontal or temporal or parietal complex, 28056
performance of rubato-like task, musically inexperienced vs experienced piano players, 19049
performance on Design Copying & Motor Accuracy-Revised Tests of Southern California Sensory Integration Tests, 4–10 yr old Japanese vs Japanese Americans, 5331
performance on motor synchrony task at varied rates, medicated vs nonmedicated schizophrenic 21–64 yr olds vs 21–50 yr olds with affective disorder, 30181
physical vs mental workloads, urinary norepinephrine & epinephrine excretion & fatigue, males, implications for stress prevention in high risk professions, 29335
positive vs neutral self monitoring with vs without videotaped feedback, performance & attitudes, unskilled golfers, 20355
precise visual target information, throwing accuracy, male vs female college students, 19034
predictors of generalized & specific performance expectancies, 9–14 yr old male wrestlers participating in competitive tournament, 26860
programing of different movements during execution of other movement vs identical successive movements, finger movement choice RT in right &/vs left hand, 17–33 yr olds, 23523
rating of gross & fine motor activity & attention & self vocalization, hyperactive 6–12 yr old male outpatients observed in structured playroom setting, 2-yr followup, 20210
refinement & extension of multioperational model, identification of variables related to optimal performance at elite levels of wrestling, olympic wrestling candidates, US, 23154
reinforcement procedures, retraining hand movement & range of supination, hemiplegic S, comments on study by J. F. Smith et al, 25258
reinforcement procedures, retraining hand movement, hemiplegic S, reply to comments by D. A. Sandford & R. H. Elzinga, 25253
relationship between prescribed level of effort & force of handgrip, male college students, 8150
repeated caffeine injections & previous experience with caffeine &/vs wheelrunning, wheelrunning responsiveness, male rats, 29455
role of competent imagery in effective motor skill learning & performance, comments on interpretations of studies by K. B. Start & A. Richardson & by E. I. Rawlings & I. L. Rawlings, 16232
self concept & performance motivation, physical performance level, 25–55 yr old chronic low back pain patients, 9610
self-esteem vs physical vs soccer competence scores, prediction of soccer skills, 8–13 yr olds, 755
serial movement timing, musician vs nonmusician college students, 8162
sex & blood alcohol level, performance on paced vs nonpaced electronic assembly task with vs without incentive instructions, college students, 21577
sex, motor performance, 3–20 yr olds, meta-analysis, 868
single vs repeated doses of ethanol vs levopropanol vs levobutanol vs levopentanol, body temperature & rotarod performance, mice, 666
skill level & vision & proprioception in simple 1-handed catching, 18–32 yr olds, 21047
social situations with vs without Os vs concurrent performers, dynamic balance performance, 4 vs 6 vs 8 yr olds, 11387
speed vs accuracy vs general failure vs natural feedback, reaction vs movement time vs accuracy in guided aiming movement task, 14–16 yr olds, 11447
sport-related & psychological factors, predictors of wrestling performance outcomes, 9–14 yr old males, 775
stability of estimates of success in masculine vs feminine vs gender-neutral motor tasks of football vs ballet vs swimming, male vs female 1st & 2nd vs 6th & 7th graders vs 17–21 yr olds, 26859
standardization & reliability of subtests of motor-skill performance measure, age groups up to 72 yrs, 18988
target separation & size, information processing capacity during movement selection & execution, 53–70 yr olds with Parkinson's disease, 14900
task criteria constraints & optimization criteria in kinematic information feedback, motor skill performance, 5387
tasks requiring verbal processing & asymmetric motor skills, lateral asymmetry in finger localization, right handed 4.9–6.1 yr old females, 3478
tension lag & rapid tension-developing phase for motor time of rectus femoris muscle, 26–49 yr old males, 19047
test battery assessing motor task speed & accuracy, measurement of intellectual functioning, Ss with mean age of 23.1 yrs, 10845
triazolam vs flurazepam, concept formation & attention & concentration & motor function, 18–32 yr old college students, 8520
variability of kinematic & EMG timing parameters & average movement velocity, premotor & motor RTs, 20–35 yr olds, 23519
variation of parameters of ball & distance overarm throwing in practice sessions, performance on novel striking tasks, male vs female kindergartners through 1st graders, 14144
various types of background auditory stimuli, motor performance, mildly retarded 8–12 yr olds, 14761
vestibular stimulation, motor performance, 4–10 mo olds with Down's Syndrome, 15431
visual display unit data-entry task, performance & physiological indices of arousal, 20–22 yr olds, 10648
visual feedback with vs without prior knowledge of its availability, speed of visual information use during rapid target pointing task, male college students, 21079
visual vs auditory stimulus intensity, motor system RT, college students & faculty, 2968
wheel vs food deprivation & light-dark cycle, daily pattern of wheel running & feeding behavior, female rats, 16501
whole-body vibration, sensorimotor performance with conventional helicopter stick vs arm-side controller in position vs force control modes, right handed 23–40 yr olds, implications for design of instrument flying controls, 29035

Motor Processes [See Also Activity Level, Animal Locomotion, Exercise, Finger Tapping, Jumping, Motor Coordination, Motor Performance, Motor Skills, Physical Agility, Physical Dexterity, Running, Sucking, Swimming, Tonic Immobility, Walking]

acute unilateral intranigral infusions of N-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, contralateral circling, female rats, 16798
acute vs chronic administration of amphetamine & phencyclidine, stereotyped behavior & locomotor responses & cross-sensitization, male rats, 19449
adenosine & 2-chloradenosine & reversal effect of antidepressant drugs, immobilization, mice, 16686
afferent information from perioral region, lip movements in production of "b" sound, 25–35 yr olds, 26497
age differences, flexibility, 5–15 yr olds with Down's syndrome, 9453
agonists & antagonists of dopamine & acetylcholine & glutamate injected into nucleus accumbens, classical CRs & locomotor activity, cats, 29490

amount of electric current vs electrode tip exposure, refractory periods for circling behavior & self stimulation, male rats, 11238
amphetamine vs dopamine agonists vs antagonists injections into medial prefrontal cortex, circling behavior, male rats, 24033
ankle flexion & ladder angle while climbing, 4–8 yr olds, implications for design of play apparatus, 19554
antimotion sickness drugs, performance on pursuit motor task, 18–30 yr olds, implications for drug use by aircrew members, conference presentation, 12596
anxiety, open sea performance differences from prediction by dry pressure-chamber simulation, novice divers, 10642
apomorphine dosages with vs without naloxone or levorphanol or dextrorphan, pecking & headshaking & preening behavior, pigeons, 3285
apomorphine vs SK & F 38393 vs pergolide vs LY 171555, dopamine D-1 & D-2 receptor involvement in circling behavior, lesioned male rats, 11205
Apple II+ & expansion boards for studying motor control & visual-motor coordination, 28892
arginine vasopressin icv, motor processes, male Brattleboro rats homozygous for diabetes insipidus trait vs Long-Evans male rats, 21487
arylcycloalkylamines vs benzomorphans vs cyclazocine vs other phencyclidine-like drugs, synaptosomal dopamine uptake & radioactive phencyclidine binding & turning behavior, male rats, 11307
assumption of same hand advantage for precuing discrete finger responses, college students, response to criticism of T. G. Reeve & R. W. Proctor, 5385
assumption of same hand advantage for precuing discrete finger responses, reply to criticism reply of J. O. Miller, 5391
attentional demand of monolog vs mental arithmetic vs rest tasks & personality traits, frequency of body-focused hand movements, 5th graders, 3437
average movement velocity, RT & spatial accuracy, 21–24 yr olds, 206
backpack load carriage, ratings of perceived exertion, well-conditioned adult males walking on motor treadmill, 23865
bilateral carotid occlusion, spontaneous locomotor activity & adenylate cyclase & enzyme activity, unanesthetized male gerbils, 16588
biostereometric analysis of aqueous environment, biomechanical behavior, humans, 5763
biostereometric study using digital computer, anatomical segment displacements in gestures for different movements & sitting positions, young males, implications for anthropometrics & ergonomics, 13255
bombesin, behavior, goldfish vs frogs vs mice vs rats vs guinea pigs vs rabbits vs chicks vs pigeons vs monkeys, conference presentation, 16600
bulbocapnine, daily patterns of spontaneous circling, female rabbits, conference presentation, 14007
calcium transport modifying drugs, motor behavior & calcium uptake & neurotransmitter release in synaptosomes, mammals, 24038
canvas hammock apparatus, tactile stimulation & contact placing RT, cats, 28894
carbachol in midbrain tegmentum, scratching reflex & escape movements & autonomic alterations induced by acid solution applied to skin, conscious toads, 19454
carbidopa/levodopa administration, movement velocity & RT & tremor & visual evoked responses & electroretinography, 59–72 yr old healthy volunteers, 673
category of depressive illness diagnosed by clinical & biochemical methods, motor balance & coordination & response speed, 11–18 yr old depressed inpatients, 9264
ceruletide & cholecystokinin octapeptide & morphine injected into periaqueductal gray matter, nociceptive motor responses & activity, rats, conference presentation, 19463
cholecystokinin octapeptide, potentiation of dopamine-induced hyperlocomotion in nucleus accumbens, male rats, 5832
chronic administration of ACTH 4-10 & ACTH 4-9, neuromuscular performance & spontaneous & cold stress motor activity & learning, neonatal rats, conference presentation, 29379
chronic administration of low doses of apomorphine, behavioral & biochemical changes, male rats, 634
chronic administration of nicotine, motor activity, rats, 11280
chronic infusion of nicotine vs oxotremorine into blood, respiratory & heart rates & body temperature & Rotarod performance & maze activity, mice, 3306
chronic injections of arginine-8-vasopressin, tolerance effects on spontaneous motor activity, male rats, 29408
chronic phenytoin, stereotyped motor response to 5-HT agonist, rats, 661
ciladopa, rotational behavior, brain lesioned rats, 16826
cimetidine vs ranitidine vs imidazole, N-n-propylnorapomorphine-induced penile erections & stretching & yawning, male rats, 8535
clonazepam, periodic leg movements, patients with insomnia & hypersomnia, 4519
cocaine & related compounds & local anesthetics, motor activity, male mice, 26731
computer software program for personal microcomputer, cognitive rehabilitation of upper extremity motor control refinement, illustration of 16 yr old accident victim, 15437
conditions of shifts in starting position of linear positioning response, reproduction of end location of movements of various lengths, graduate & college students, 21061
control of movement & ability to dissociate RT from movement complexity, 12–40 yr olds, 21055
cyclazocine &/vs quipazine, food consumption & spontaneous locomotor activity & rotorod performance as test of cognitive or motivational or motor deficits, female rats, 11301
desirability of inducing use of mnemonic strategies, accuracy of recall of criterion movement, mentally retarded 12–14 yr olds, 15832
development & comparison of static vs dynamic strength models, prediction of weight-lifting capacity, males, 10641
development of computerized system for measurement of latency to withdraw from vertical surface & place on horizontal surface, male rats, 5271
development of visuomanual sinusoidal tracking, 5–9 yr olds vs adults, 849
developmental perspective of postural control & growth of stability, 15–31 mo vs 4–6 vs 7–10 yr olds, 21732
diabetes induced by streptozotocin, wheel running & food intake & plasma metabolites, male hamsters, 16780
differential speech motor subsystem impairments, Ss with suprabulbar lesions, reply to criticism of J. H. Abbs, 4143
direction of conditioned circling, differential uptake of horseradish peroxidase by nigro-striatal projections, male rats, 26514
dopamine depletion due to repeated methamphetamine administration, sensitivity to apomorphine vs haloperidol vs methamphetamine in fine motor control task, female rhesus monkeys, 11267
dosage of perinatal caffeine, righting reflexes & swimming ability development & motor coordination & muscle tone, female rats & their offspring, 29466
dosage of pralidoxime mesylate, conditioned taste aversion & operant behavior & locomotor activity, male rats, 29449
duration of movements & speed in Kanji handwriting, female college students, Japan, 10903
early crawling experience, spatial orientation ability, 4–5 mo olds, 8762
ECT, motor activity & affective state, 73 yr old female with Parkinson's disease & dementia & major depression, case report, 30537
EEG & motor signs of perception in stage 2 & REM sleep, 11039
efficiency of braking movement time in simulated driving task, college students, human factors implications, 28821
electrical stimulation of spinal trigeminal tract & increase vs decrease in somatosensory EP, reflex movement amplitude & nociception, rats, 8490
EMG RT of left vs right finger extensor muscles during wrist extension movement, patients with Parkinson's disease & asymmetrical neurological signs, 20267
endarterectomy, cognitive & motor processes, patients with atherosclerotic occlusive disease, 18170
experience with trapping task or test context, atropine-induced stereotypic body movements & coordination & surface contact with body & snout, rats, 13974
feed-forward control by peripheral vision, view maintenance head movement response, college students, 10898

finger- & foot-movement-related potentials of right vs left hemispheres, 17–37 yr old left handed males, 3148
forelimb reaching, neuronal activity in nucleus reticularis gigantocellularis, male rats, 3170
functional tolerance to alprazolam-induced neurologic deficits, male mice, 13989
growth of fibers from intact pyramid into spinal gray matter, recovery of manual dexterity, monkeys with unilateral pyramidal lesions, 26611
haloperidol treatment vs lateral hypothalamic lesions, head displacement & bracing responses, rats, 23898
haloperidol vs labyrinthectomy &/vs head vs abdominal bandage, fractionation of cataleptic bracing response, male rats, 13903
hand mirror movements, 6–20 yr olds with congenital hemiparesis, 17638
hand-response device compatibility & reaction time of uncrossed hands, 10902
head movement disorder during REM sleep, 24 yr old male, case report, 30391
head movements & speech dysfluencies, 20–30 yr old hospital staff members, 14088
hobbies & transport, 47–86 yr old patients with Parkinson's disease, 22301
inferior olive climbing fiber lesions induced by 3-acetylpyridine, cerebellar glutamic acid decarboxylase activity & motor impairment, 23926
injection of catecholamine-blocking haloperidol vs propranolol into hypothalamus, food & water intake & motor deficits resulting from dopamine lesions, rats, 5949
intensity & repetition of auditory stimulus, cardiac & motor responsiveness, 37–40 wk old fetuses, implications for hearing test, 19378
internal strategies & peripheral information, control of reproduction of movement amplitude, 5379
laryngeal & tongue movements during vowel & consonant production, control of individual speech gestures, adult Ss, 11360
lateral dominance, 16–37 yr old familially right handed male schizophrenic patients, 19983
learning sequential hand positions, 15–52 yr olds with left frontal vs temporal lobe lesions, 20176
left-lateralization of language vs motor imitation vs spatial tasks, 9–13 & 19–24 yr old males, 6006
leg movements & muscle activation patterns, 56–75 yr old patients with normal pressure hydrocephalus, 1586
lesions of nigrostriatal system & cocaine, rotational behavior, female rats, 16644
lesions of nucleus accumbens or ventral tegmental area & encephalin analog injections into nucleus accumbens, motor behavior, male rats, implications for impact of dopamine depletion in locomotor activity, 23919
leucine & methionine-enkephalin & naloxone & naltrexone injections into caudate putamen & globus pallidus, rotational behavior & bodily asymmetry, male rats, 21512
leverpressing CR, electrocortical activity, dogs, 5673
levo-5-HTP & carbidopa, tolerance to wet-dog shake behavior & seizure threshold, female rats, 16746
lifting of boxes from floor to waist vs shoulder vs from waist to shoulder, perceived exertion via heart rate & body part discomfort, 31538
long term administration of baclofen, 5-HT head twitching & 5-HT_2 receptor binding sites, male mice, 8585
low vs high doses of butorphanol, motor activation, male rats, conference presentation, 5901
low vs high sodium diet & furosemide vs deoxycorticosterone acetate vs indomethacin, ethanol-induced motor impairment, male rats, 21381
manual actions & facial expressions & gaze direction & vocalizations during maternal interaction, 9–15 wk olds, 6050
median nerve stimulation & voluntary thumb movement, somatosensory EPs, 15 & 18 & 19 yr olds, implications for use of somatosensory EPs in study of disturbed motor function physiopathology, 26524
methiothepin pretreatment & quipazine vs levo-5-HTP, serotonergic supersensitivity assessed by head twitch response, male rats, 19433
microcomputer system for monitoring upper beak movements during consumatory & conditioned behaviors, pigeons, 20959
midbrain reticular formation &/vs medial vs lateral substantia nigra pars compacta lesions, ipsiversive circling behavior, male rats, 23931
morphine & dynorphin & enkephalin analog injections into substantia nigra & lesions of medial forebrain bundle, circling behavior, male rats, 19382
motor control & perceptual motor coordination & attention & learning & memory, children at risk for schizophrenia, Israel, 3876
motor impairment differences in orofacial & respiratory speech control, Ss with cerebellar disorders, reply to criticism by T. J. Hixon & J. Hoit, 4094
motor overflow & attention to task-related vs incidental cues, 3rd & 5th graders, 11460
movement-related pupillary responses during self triggered finger flexions, college students, 5721
movement to music activities to foster creativity, elementary school students, 31200
movements in or out of view & articulation & rotation of body/head, neuronal cell responses in superior temporal sulcus, juvenile male macaque monkeys, 21318
neonatal exposure to phosphate-buffered saline with vs without morphine, brain & motor development & behavior, rat pups, conference presentation, 29424
neonatal lesions of central dopamine-containing neurons with vs without dopamine antagonists in adulthood, voluntary movement, male rats, 11208
neural pathways & cellular basis of ocullar mediated control of flight, adult locusts, 11167
neuroleptic drugs, spontaneous or drug-induced purposeless chewing movements, female rats, 686
neurological vs behavioral gestational age assessments, evaluation of muscle tone & motor function, neonates, 2829
neurotensin injections into ventral tegmental area vs substantia nigra vs hippocampus, investigatory & spontaneous motor behavior, male rats, 8524
nigrostriatum lesions, cocaine induced rotational behavior, rats, 613
noradrenaline vs serotonin injections into basomedial amygdala, acquisition & retention of instrumental reaction & conflict behavior & pain perception & regulation of gross behavior, male rats, 16760
number of movement parts & changes in movement direction, programing motor RT, 17–35 yr olds, 198
object manipulation patterns, 6 families of nonhuman primate, 23753
operant conditioning of forelimb movements, 2-deoxyglucose uptake in reticular nucleus of thalamus, female rats, 5717
operant training, amphetamine-induced circling preference & dopamine caudate nucleus levels, male rats, 14070
operational characteristics of motoric decisions that govern planning & preparation of arm & direction & extent of movement, 20–30 yr olds, 21051
organization of human postural movements, comments & reply to comments by various authors, 13523
orienting tasks with vs without estimates of distance between target & nontarget positions, immediate & delayed recall of linear arm movement, right handed college students, 19137
parietal lesions, parietal hemineglect syndrome & motor deficits, monkeys, 13922
passive elbow movements, EPs, 21–35 yr olds, 23798
patterns of hand activity in 1- vs 2-handed Braille reading, right handed vs ambidextrous blind 18–64 yr olds, 14797
patterns of motor control of upper vs lower lips, speech, 18–24 yr old males, implications for dysarthria, 27489
peak force & peak force variability in isometric task requiring activation of elbow flexors, adults, 21053
periodic leg movements in sleep & blood urea nitrogen & creatinine, 52–84 yr olds with symptoms of insomnia, implications for etiology of decline in renal function, 27503
peripheral stimulation of motor neurons & CS, F response, male vs female 25–41 yr olds, 3249
phentolamine vs haloperidol vs metergoline, quipazine-induced behaviors, 3–4 day old rats, 3316

phenylmethanesulfonyl fluoride vs methanesulfonyl fluoride vs physostigmine salicylate, suppression of methylphenidate-induced stereotyped gnawing, female rats, 5907
phonation vs direction of movement vs ongoing speech production, lip muscle reflex responses during mechanical stimulation, 18–38 yr olds, 21415
physical education, difficulty with motor activities, language disordered children, 2487
platelet 5-HT & CSF concentration of 5-hydroxyindoleacetic acid, motor behavior, schizophrenic patients, 9276
portacaval anastomosis & laboratory chow &/vs corn, motor activity level assessed by runway & swim tests, male rats, 26613
positioning in hammock vs in hands of E, contact placing RTs, cats, 28893
pre- & postnatal lead exposure, zinc & copper & calcium levels & locomotor activity & number of dopaminergic & GABAergic receptors, female rats & their offspring, implications for lead intoxication in children, conference presentation, 29383
pre- &/vs postoperative impoverished vs enriched environment, locomotor recovery following cortical lesions, rats, 11245
precuing methods in study of motor programing of hand & digit & duration of keypress response, 23–31 yr olds, 21064
predictive relation between incidence of unintended motor overflow & degree of asymmetry on dichotic word identification task, female 3rd graders vs male 5th graders, 2-yr longitudinal study, 14193
preferences for handedness vs arm folding vs hand clasping, elementary school vs college students, Japan & East Germany, 16898
prenatal administration of methylmercuric chloride, behavior & neuropathology, mice, 16666
preselection effect, bilateral linear positioning task, college students, 10905
primary vs secondary suture vs grafting, motor & sensory electroneurographic & electromyographic results & somatosensory EPs, patients with traumatic transection of median & ulnar nerves at wrist, 12647
prior stress & environmental context of stress application, amphetamine-induced rotational behavior, female rats with lesions of substantia nigra, 16496
quipazine & methylsergide, rhythmic jaw movements, guinea pigs, 5827
realization of temporal interdependency of speech & gesture in motor planning & execution, right handed Ss, 5384
recording of arm positioning movements via game paddle entry of Apple computer, human Ss, 28910
reliability & internal consistency of Behavioral Assessment Scale of Oral Function in Feeding, severely & profoundly handicapped & developmentally disabled students, 13450
removal of prefrontal cortex, sequential movement behavior, monkeys, 19410
response-signal interval, interference between manual vs vocal RT & movement tasks, replication of R. McLeod's finding that movement phases are equally attention demanding, 342
role of aggregation & behavioral complexity in measurement & interpretation of motor behavior, animals, conference presentation, 8275
role of bilaterally asymmetrical leg movements, turn alternation, wood lice, 29199
role of spinal cord & cerebellum, control of locomotor behavior, lower vertebrates & mammals, 5682
rotational magnification of corrective spectacles, gain of vestibulo-ocular reflex, 22–74 yr olds with myopia vs hyperopia, 20127
schedule constraint, drink burst & regulation of /heel running & drinking, rats, support for general molar behavior regulation model, 11062
segmentation & coupling in complex sequences of drawing movements & velocity gain factor, adult Ss, 13530
self initiated locomotion vs passive transportation to search locations, search activity, 10.3–11.2 mo olds, 8698
semantic stimulus-response compatibility & average movement velocity & foreperiod duration, choice RT, right-handed Ss, 5398
sensory & perceptual & motor abilities, receptive language abilities, developmental dysphasic 5–9 yr olds, 20104
sensory factors in motor functions of basal ganglia, literature review, 13816
shift in intercranial self stimulation lateralization, selection of forepaw used in operant reaching, male rats, 16511
shock avoidance learning in leg lifting vs lowering task, headless male cockroaches, 13911
single exposure to cocaine, sensitization of rotational behavior, female rats with substantia nigra lesions, 11311
slow tracking vs rapid alternating vs torque-pulse movements vs wrist action tremor, discharge patterns of cerebellar nuclear & motor cortex & spindle afferent neurons, male rhesus monkeys, 29298
slow tracking with angular wrist position, EMG activity of forearm muscles, male rhesus monkeys, 29297
stages of acquisition of hand bimanual motor skill, female 1st–2nd graders vs 21–31 yr olds, 19589
stimulus anticipation & motor preparation, Achilles tendon reflex & EMG activity, 17–39 yr olds, 8157
stress, colon motor & electrical activity in irritable bowel syndrome, adult female patients, 4212
superior colliculus vs medial vs lateral substantia nigra pars compacta lesions, ipsiversive vs contraversive circling behavior, male rats, 23932
systemic & intrastriatal injection of piribedil vs apomorphine, yawning & chewing movements & sexual arousal, male rats, 16611
systemic vs intracranial sodium amylobarbitone vs intracranial procaine, rearing & ambulation, male rats, 26709
taurine vs GABA injections into substantia nigra zona reticulata, contralateral circling behavior, male rats, 21533
temporal coordination of arm movements & synchrony with adult speech, male vs female infants tested of 2 & 10 wks of age, 26820
transient grasp reflexes & frontal lobe dysfunction, schizophrenic 29 & 35 yr old males, case reports, 30179
triethyltin, wheel running & food-reinforced leverpressing & water consumption, male rats, implications for behavioral neurotoxicity testing, 29413
unilateral application of neurotensin to ventral tegmental area, dopamine-dependent contralateral circling, male rats, 26683
unilateral striatal dopamine lesions, sensory attention to visual reward signals vs initiation of contralateral motor actions, rats, 606
valproic acid, motor coordination & plasma concentrations of aspartate & glutamate & tryptophan & taurine & glycine & threonine, 22–25 yr old chronic schizophrenic inpatients, 30744
variations in dosages of Ro 15-1788 & valproate, anticonflict action of valproate & locomotion, male rats, 14014
verapamil, stereotyped behavior & rearing & hypothermia induced via apomorphine hydrochloride, mice, implications for efficacy in treatment of mania, 26733
visual analysis/synthesis & construction of geometric figures, spastic 7–9 yr olds, 9588
visual boundaries & object perception & reaching, infants, comments on article by C. von Hofsten & E. S. Spelke, 16956
visual boundaries & object perception & reaching, infants, reply to comments by J. Stiles-Davis, 16954
visually triggered movements of right index finger, cerebral potentials, 29–43 yr olds, 5712
visuomotor control of grasping process, pigeons, 16392
5-HT injections & drug-induced lesions to nucleus accumbens & nigrostriatum, circling responses to apomorphine & amphetamine, male rats, 19458
5-HT release induced by para-chloroamphetamine, avoidance learning & motor activity & nociception, male rats, 16741
5-methoxy-N,N-dimethyltryptamine, circadian variation in head-twitch response & 5-HT syndrome, male mice, 16727
Motor Skill Learning [See Perceptual Motor Learning]
Motor Skills
acceleration &/vs accuracy task demands, right vs left hand differences in motor skill, right handed females, 23835
chunking & categorization performance & proceduralization in acquisition of motor skills, sport experts, 16228
clinical observations, children at risk for schizophrenia, Israel, 3897
expected level of task difficulty & time feedback, simple dexterity task performance, 9th–12th graders, 11442
feedback & constraints of musculoskeletal & neural structures, motor skills & perceptual motor coordination, literature review, 16234

field dependence, participation in open- vs closed-skill sports, 13–22 yr old athletes, 14124
group training, development of basic orientation & unaided mobility & hearing skills, visually impaired individuals with minimal or no mobility skills, 10133
higher level general neuropsychological & verbal/academic skills vs lower level sensory & motor abilities, brain-impaired 9–14 yr olds, 30438
imagery & mental rehearsal instruction, performance on motor skill accuracy task, college students, 10987
maximum voluntary upper vs lower lip closing forces, 19–50 yr old males vs females, implications for speech function & motor skills, 2960
mother behind opaque vs transparent barrier, ability for selection of open path to goal, mobile 10 vs 12 vs 14 mo olds, 26840
motor skill acquisition on pursuit tracking, mentally retarded males vs those with Down's syndrome, 9443
motor skills, dyslexic 7–10 yr olds with vs without attention deficit disorder, 6678
production of intelligible pressure consonants & tongue placement skills, 38 yr old male with cleft palate, 4083
psychological & cognitive & motor impairment, alcoholic individuals, 20059
role of competent imagery in effective motor skill learning & performance, comments on interpretations of studies by K. B. Start & A. Richardson & by E. I. Rawlings & I. L. Rawlings, 16232
scholastic aptitude tests, assessment of memory & motor & intellectual skills, 4989
task criteria constraints & optimization criteria in kinematic information feedback, motor skill performance, 5387
4-component heuristic model of skilled behavior of transcription typing, 21057

Motor Traffic Accidents
alcoholism & depression & suicidal ideation & antisocial personality & lifestress, risk for motor vehicle accidents & role of physicians in accident prevention, 17291
assumptions necessary & unnecessary to risk homeostasis theory, traffic accident risk, criticism of F. P. McKenna's work, 10572
biorhythms & traffic accidents, taxi drivers, Cuba, 31396
data availability & weakness of modeling techniques, bias in modeling road accidents & injuries, implications for accident prevention, 28667
demographic & accident characteristics & facility rates, Western Europe vs US, 1970–80, 13165
demographic factors & stress & drinking history & alcoholic & problem drinking status, risk factors for alcohol-related traffic accidents, conference presentation, 24798
distribution & consumption of beer & wine & spirits, alcohol-related property damage & injurious vehicle crashes, 17191
drinking-driving laws, fatal accident levels, US, 1072
effects of driver age & car size on equations measuring exposure to traffic accidents, 13157
estimation of expected number of motor traffic accidents, 20832
evaluations of residential neighborhoods & strengths of causes attributed to traffic accidents, perceptions of traffic accident risk to 2–10 yr olds, 18–54 yr old parents, Sweden, 7903
evidence & assumptions relevant to risk homeostasis theory, traffic accident risk & prevention, reply to G. S. Wilde's criticism, 10569
exposure to imagery of driving & accidents, anxiety & phobic symptoms & behavior therapy outcomes, patients suffering with posttraumatic stress disorder due to involvement in serious traffic accidents, 25246
flashing green phase just before amber leading to red traffic signal, stopping & crossing decisions & collisions, licensed drivers, Israel, 5024
geographic & socioeconomic & demographic variation in voluntary seat belt use, drivers, 20835
geometry of expressway ramps, control of vehicle & incidence of jack knifing & rollovers, drivers of tractor-semitrailers, 20830
intuitive vs maximum likelihood method, estimation of effects of countermeasure on number of traffic accidents at road junctions, 20829
measures of auditory & visual selective attention & perceptual style, prediction of motor vehicle accidents, 28–59 yr old drivers, 18690
microsleep attacks, automobile accidents, drivers, conference presentation, 4205
motor vehicle inspections & prevention of accidents, 20839
need for research into magnitude & extent & characteristics & methodology, risk factors in alcohol-related traffic accidents, conference presentation, 24804
need for research on environmental aspects of precrash & crash phases, alcohol-related traffic accidents, conference presentation, 24812
need for research on role of sociocultural factors in alcohol-related traffic accidents, conference presentation, 24763
overall road & public bus accident & pedestrian involvement rates & characteristics, Hong Kong vs Japan vs UK vs US, 5020
performance on dichotic listening & embedded figures test, success in driver training & accident rate, 21–40 yr old bus driver trainees, 2-yr follow-up, 25945
police drinking/driving roadcheck activity & number of driving while impaired charges & media coverage, alcohol-related casualty traffic accidents, Canada, 13167
postlicensure defensive driving course, rate of motor vehicle accidents, review of research, 13166
research design considerations in study of alcohol-traffic accident relationship & driver characteristics, conference presentation, 24741
risk for alcohol related automobile accidents, separated vs divorced females attending driver alcohol education programs, conference presentation, 20038
road traffic accident indicators, statistical & epidemiological implications for health care planning in developing countries, 13153
safety measures in urban intersections & expected number of accidents, 20838
victims of auto accidents vs crime, psychological management, comments on E. Dlugokinski, 22360
visibility while driving at night, motor vehicle & pedestrian involved traffic accidents, 28660
visual acuity, road accident histories, drivers aged 16–44 vs 45 & older, Great Britain, 8169
2- vs 4-yr license extension in California, accidents, clean-record drivers, 4-yr followup, 13163

Motor Vehicles [See Also Automobiles]
mathematical model developed by S. R. Johnson, measurement of relative stability of farm tractor, 7891
motor vehicle inspections & prevention of accidents, 20839
psychological load & speed, tractor operation errors in simulated field, tractor operators, 7896
tractor transmission shift, judgment of quality of shift, 27–47 yr old operators with 1–37 yrs of tractor operating experience, 7885
value of foot-pedal resistances, discrimination of clutch pedal resistance in rig with truck dimensions, 22–46 yr olds, ergonomic implications, 7897

Motorcycles [See Motor Vehicles]

Mourning [See Grief]

Mouth (Anatomy)
development of Feeding Interaction Report-Scale and Treatment, assessment of infant's oral motor performance & parent-child interaction, 2–20 mo olds & their parents, 5340
increased stressful life events & state anxiety factors & familial predisposition, recurrence of herpes labialis, 20–43 yr olds with recurrent oral herpes, 6863
obstructive sleep apnea syndrome induced by oral cyst, 47 yr old male, 12158
own gum color, attitudes toward different colors of normal healthy gingiva, dental students, 2224
presence vs absence of removable orthodontic appliance, oral form recognition, male adolescents with mean age of 13.8 yrs, 9488
role of mouth & gut, normal- vs sham-feeding response to saccharin & sugar solutions, female rats with gastric fistula, conference presentation, 21410
stimuli presented to labial vs lingual loci vs fingertips, perception of warmth vs cold, college age Ss, implications for oral contribution to thermoregulation, 199

thermal stimuli, heat-pain thresholds at 5 oral-facial sites, young adults, 26563
Movement Disorders [See Also Apraxia, Ataxia, Catalepsy, Cataplexy, Chorea, Dyskinesia, Myasthenia Gravis, Myoclonia, Paralysis, Spasms, Tics, Torticollis, Tremor]
directional hypokinesia, 43–71 yr olds with right hemisphere lesion-induced hemispatial neglect vs 40–67 yr olds with left hemisphere damage without neglect, 17596
etiology of & diagnostic & treatment approaches to blepharospasm vs Meige syndrome, literature review, 6756
levotryptophan, restless legs syndrome, 64 & 68 yr old males with chronic obstructive lung disease & chronic renal failure, 22583
motor coordination impairment, infantile cerebral paralysis patients, 9499
motor impersistence, 28–85 yr olds with right vs left hemisphere brain damage, 9564
movement disorders, 2 mo–3.5 yr olds with borderline neuropsychic disease, 9565
neuroleptic drugs, tardive dyskinesia & other movement disorders, handicapped children, 1922
potential relationship between hypomania & paroxysmal kinesigenic choreoathetosis, 32 yr old male, 22278
treatment, motor disorders, 3–7 yr olds with cerebral paralysis, 9677
Movement Perception [See Motion Perception]
Movies [See Motion Pictures (Entertainment)]
Mucus
stress induced via immobilization vs injection vs uncontrollable shock, operant learning & ponderal & gastric mucus, male vs female rats, 19384
Multidimensional Scaling
adaptation of alternating least squares algorithms for 3-mode principal component analysis in external analysis, 10885
algebraic vs statistical vs optimization version of additive constant problem of multidimensional scaling, 175
analysis of angular variation vs ANOVA, group differences in raw vs flattened ALSCAL-derived weights in Monte Carlo results, 10879
application of multidimensional scaling method of M. L. Friendly & W. Marx to scaled nonverbal & figural material & free recall, 8127
assessment of similarity of multidimensional scaling configurations, 176
BASIC program, similarities data matrix generation for multidimensional scaling, 5270
conditional violations of axioms in additive conjoint measurement, evaluation of potential models for fitting components of multidimensional stimuli, 10875
development & validity of quality of life questionnaire, multidimensional measurement of response to ecological domains, volunteers with mean age of 38 yrs, 13414
factor analysis & nonmetric multidimensional scaling, analysis of intelligence test data, 4th graders, 178
General Unfolding Analysis-Version 2, analysis of preference or dominance data, 10860
item response theory model, application of multidimensional index of item difficulty to American College Testing Mathematics Usage Test data, students, 18665
multidimensional scaling analysis of student ratings of instruction, college students, 15883
multidimensional scaling, dimensions of thermal pain, male college students, 16230
multidimensional scaling method, evaluation of color perception, Ss with localized parieto-occipital cortical lesions, 10795
multidimensional scaling of male &/vs female social interactions, rhesus macaques, 10747
nonparametric scaling, response to P. G. Jansen's criticism of J. Loevinger's coefficient of scalability & its role in R. J. Mokken's model, 16221
personality characteristics & salience of perceptual features, 2-dimensional solution for Rorschach inkblot similarity judgments, college students, 3755
PROC MATRIX program for preference-dissimilarity multidimensional scaling, 19024
provocation by target & intimates vs strangers as criminals & harmful outcome dimensions of violence, moral evaluation of incidents, 17–62 yr olds, application of weighted multidimensional scaling, 27460
reverberation time & noise level, multidimensional scaling of confusion in Dutch consonant identification, 26–40 yr old speakers & 18–23 yr old listeners, 268
smallest space analysis vs cluster analysis, grouping of countries by employee attitudes, managers, 5360
statistical consistency of & hypothesis testing procedures for nonmetric multidimensional scaling, 10856
stochastic multidimensional scaling method, analysis of paired comparisons data & spatial representation of Ss & stimuli, 26263
upper bound for minimum for multidimensional scaling loss function sstress, 19006
Multidisciplinary Research [See Interdisciplinary Research]
Multidisciplinary Treatment Approach [See Interdisciplinary Treatment Approach]
Multilingualism [See Also Bilingualism]
implicit vs explicit learning conditions, learning miniature linguistic system, multilingual vs bilingual vs monolingual adults, 26363
length of residence & dominant vs weaker language usage, response times on Stroop tasks & development of intra- & interlingual interference, German-Swedish bilingual vs trilingual 14–19 yr olds, Sweden, 16-yr longitudinal study, 6073
shared verbalizations & foreign language, communication with analyst, multilingual 7 yr old female, 7049
Multiple Births [See Heterozygotic Twins, Monozygotic Twins, Triplets, Twins]
Multiple Choice (Testing Method)
advantages of multiple choice vs free response testing techniques, 4988
allegory vs metaphor comprehension assessed by multiple choice matching task, 6 vs 8 vs 10 vs 12 yr olds, 29659
answer-until-correct format of multiple choice test of spatial reasoning, operation of partial knowledge, secondary school students, UK, 31228
computer program for psychometric analysis of multiple choice tests, 26172
examinee error in answer sheet preparation, expected item scores in multiple choice testing, 13433
guessing in multiple choice tests, reliability of transformation of intelligence test scores to deviation IQs, 13477
interlist equivalencies for numeral & vowel/consonant multiple choice monosyllabic test, severely & profoundly deaf young adults, 13473
latent class models, estimation of validity of multiple choice test item having more than 1 correct alternative, 10844
local-global vs literal-inferential multiple choice test questions, question answering strategies & use of knowledge sources in reading comprehension, 3rd graders, 10541
multiple choice vs multiple true-false test items, measurement of learning of complex instructional objectives, college students, 18649
testwiseness clues within teacher-made multiple choice tests, college students, 4978
validity of number of options on multiple-choice test as assumption of proportionality, rate of performance, candidates for university admission, 20797
Multiple Personality
cognitive-behavioral therapy, 29 yr old female with multiple personality, 15083
family background & personal history & Rorschach assessment, 22 yr old female with multiple personality, 19892
group therapy setting & composition, intrapersonal dynamics & transference & countertransference & co-therapy & termination processes, 17–46 yr old females with multiple personality disorder, 4375
hypnosis & commissurotomy & multiple personality disorder, implications for unity of self, 9187
hypnosis, monitoring of treatment progress & stability, patients with multiple personality disorder, 22604
hypnotherapy, multiple personality disorder, children, 9957
interview treatments & cues for multiple personality & role playing, college students, implications for social psychology, 1381

learning ability & memory & ability to compartmentalize information & recall of word lists, patients with multiple personality disorder, 22120
multiple personality, bibliography, 30116
multiple personality disorder & use of hypnotherapy, 10-yr-old female, 18133
object-relational & marital & family therapy in Jungian framework with hypnosis & religious elements, female patient with multiple personality disorder from evangelical religious background, 17879
prevalence of multiple personality, criticism of E. L. Bliss & E. A. Jeppsen's study, 11970
prevalence of multiple personality, reply to P. S. Ludolph's criticism, 11910
prevalence of multiple personality, response to letter of criticism by P. S. Ludolph & reply of E. L. Bliss, 27321
Multiple Regression
ANOVA vs simple correlation vs multiple regression, analysis of linear data in behavioral sciences, 19023
comparison of J. Cohen & P. Cohen's vs E. J. Pedhazur's procedures for multiple regression analysis of split-plot factorial designs, 13498
correlated error among dependent & independent variables, moderated multiple regression analysis, 8123
least squares & FORTRAN program, calculation of stepwise ridge regression, 23509
multiple raw score vs single factor score regression, degrees of freedom & interpretation of results & loss of predictors on quality of life questionnaire, metropolitan residents, New Zealand, 28943
multiple regression model for analysis of twin data, 23496
multiple regression vs path analytic techniques & iris color, modeling of hearing threshold levels, textile workers exposed to low- vs high-noise levels, 29025
ordinary least squares/moderated multiple regression & Type II errors in detection of moderator variable effects on relation between predictor & criterion variables, alternative regression procedure, 16215
Pearson correlations vs multiple regression vs continuous vs discrete discriminate analysis, behavioral consistency over time & context, 21030
physiological response to cold-restraint stress, utility of statistical procedures for determination of individual differences in animal research, male rats, 21398
random coefficient regression model, multilevel analysis of results from contextual analysis or slopes-as-outcomes approaches & least squares or maximum likelihood estimations, 19007
rules for inverse of X'X with dummy or effect coding in multiple regression analysis of single factor experiment, 13482
step-up vs -down hierarchical multiple regression procedure, testing hypotheses about existence of test bias in prediction, 29020
use of ridge regression method in multiple regression analysis, 5374
utility of multiple regression analysis, predictor of academic & publication activity, counselor educators, 21040
Multiple Sclerosis
amitriptyline, pathologic laughing & weeping, 22–67 yr olds with multiple sclerosis, 15187
association between multiple sclerosis & bipolar affective disorder, adults, 14563
audiometry, diagnosis of auditory brain stem responses, 26–52 yr old multiple sclerosis patients, conference presentation, 6711
auditory stimulation, EMG & autonomic & EEG components of orienting response, 16–66 yr olds with multiple sclerosis, 24973
central auditory tests, auditory nerve/brain stem EP measurement & sensitivity to demyelination impairment, 18–64 yr olds with multiple sclerosis, 17625
cessation of stuttering with progressive multiple sclerosis, 38 & 44 yr old male patients, 22307
chronic illness, family relations & coping behaviors, families with member with multiple sclerosis, 6846
cognitive dysfunction & changes in ventricular size, 21–68 yr old patients with multiple sclerosis, 17654
cognitive functions & neuroanatomy-disease related changes, patients with multiple sclerosis, conference presentation, 1627
dexamethasone suppression test, 29 yr old female patient with multiple sclerosis presenting with symptoms of affective disorder, 1561
epidemiology & diagnosis & management of sexual dysfunctions, patients with multiple sclerosis, conference presentation, 1646
mania & multiple sclerosis, 26 yr old female, 6818
occupation during adolescence & at disease onset, risk of multiple sclerosis, adult patients, West Germany, 27603
organic affective syndrome related to left parietal subdural hemotoma, 52 yr old male with multiple sclerosis, 14835
problems in evaluation of activity & life consequences, 23–69 yr olds with multiple sclerosis, 20191
psychological sequelae, multiple sclerosis patients, treatment implications, 14890
psychosocial factors & stress, multiple sclerosis, conference presentation, 1593
psychosocial seizure inventory, assessment of emotional adjustment & adjustment to seizures, patients with epilepsy vs multiple sclerosis, 25000
rarefaction vs condensation stimuli phases, auditory nerve & brain stem auditory EPs, patients with acoustic neuroma or multiple sclerosis, 6822
reliability of auditory brain stem responses, detection of functional changes in auditory pathway, 21–55 yr old multiple sclerosis patients, 6831
slow virus etiology for schizophrenia & multiple sclerosis, 1241
successive presentations of checkerboard pattern, delayed EPs, 22–79 yr old patients with multiple sclerosis, 6851
urban vs rural environments, risk of multiple sclerosis, adult patients, West Germany, 27604
utility of flight-of-color test in diagnosis of optic nerve disease, patients with multiple sclerosis, 17656
Multiple Therapy [See Cotherapy]
Multiply Handicapped
attitudes toward self & toward normal & similarly disabled groups, patients with emotional disturbance vs multiple handicaps vs stroke vs paraplegia vs polio vs amputation, implications for use of social support groups, Nigeria, 11882
community subsidized work program, 17–19 yr olds deaf-blind due to rubella, 7453
deafness with retinitis pigmentosa in Usher's syndrome & genetic variation, implications for treatment, 24593
definition & prevalence & school program availability & teacher training & program standards, multihandicapped hearing impaired students, literature review, 10286
density of instructional commands & reinforcement of discrete compliant responses, noncompliant behavior, emotionally disturbed 6 yr old male with brain damage, 15863
detectability of auditory middle latency responses, 6 day to 20 yr olds with language delay or learning disabilities or mental retardation or multiply handicapped & postmeningitic, 24828
development & implementation of Coordinated Ambulatory Rehabilitation Evaluation Services Project, multidisciplinary rehabilitation resources, multiply disabled children in rural settings, 28204
DRO procedure, aggressive behavior & stereotypic eye-pressing, female blind & multiply handicapped 10 & 15 yr olds, 9845
evaluation of psychomotor development program, brain injured 3.5–6.5 yr olds with severe motor or multiple disabilities, 13097
master of arts program, competence in academic instruction & orientation & mobility & instruction of severely/profoundly handicapped blind children, teachers, followup study, 25733
mental retardation or learning or other concomitant disabilities & educational needs, visually impaired Rocky Mountain/Great Plains residents from birth to 21 yrs old, 25863
microcomputer-based California Assessment Battery, assessment & training & management in residential setting, mentally retarded or multiply handicapped 11–35 yr olds, 22747
multiaxial diagnostic assessment of Gilles de la Tourette disease, 16 yr old female with behavior problems & mental retardation & multiple physical malformations, case report, 27240
peer-mediated intervention, increasing social behavior, blind & multihandicapped 9.3–11.6 yr olds & 3rd grade companions, 4-mo followup, 15115
personal experiences in home & work & community, profoundly deaf & blind male, 17621

prevalence of multiple disabilities & pervasive developmental disorder, children, treatment implications, 27225
rate & content of naturally occurring interaction patterns, nurses & 10.2–22.7 yr old profoundly multiply handicapped inpatients, 2075
response-contingent learning in early intervention, profoundly retarded & multiply handicapped infants between ages 0–12 vs 13–24 vs 25–36 mo, 7134
self recording procedure, attending to task & academic productivity, 15 & 17 yr old male students with moderate mental retardation & schizophrenia, 10491
summer program, retention of previously learned skills, multiply handicapped students on vacation from residential schools for blind, 25880
symptoms & diagnosis & multimodal treatment of attention deficit disorder with vs without hyperactivity, multiply disabled children, 27550
transdisciplinary team process & multimodal assessment, multiply disabled children, 27232
undesirable competing behaviors, maintenance & generalization of desirable behaviors, autistic 8 yr old male & multiply handicapped 8.3 yr old female with behavior disorders, 22741
Multivariate Analysis [See Also Factor Analysis, Multiple Regression]
adjustment for group differences in means, pooled covariance matrices of multiple groups for multivariate analysis, 29015
Bartlett's test, measurement of departure from sphericity hypothesis, comments on D. N. Lawley's vs A. R. Baggaley's approximations of average off-diagonal correlations, 21035
BASIC multiple discriminant analysis program for microcomputers, 13332
BASIC program, multivariate profile analysis for 2 independent samples, 23512
BASIC 2-way multivariate analysis of variance program for microcomputers, 13333
canonical analysis of MMPI clinical & validity scales & WAIS subtest scores, psychiatric patients, diagnostic implications, 9213
classical vs sequential discriminative analysis, differentiation of 2 populations & their diagnostic traits, suicide attempters vs normal adults, 16194
comparison of Type I error rates & powers of 2-sample multivariate rank vs normal scores procedures vs Hotelling's T-2, 26286
computer simulation evaluation in tests of significance for correlation matrix based on cumulative distribution functions, 10876
configural cluster analysis, analysis of multivariate repeated measurement data, 16208
correlates of language development & performance, language disordered children, reply to criticism by A. G. Kamhi, 4091
correlates of language development & performance, language disordered children, comments on study by T. Schery, 4086
correlates of language development in language disordered children, response to A. G. Kamhi's comments on T. Schery's article, 17540
criticism of multi-way ANOVA based on rank, 5357
discriminative analysis, assessment of demographic differences & selection bias in attrition survey, college student persisters vs nonpersisters, 10560
estimation of tau & lambda & kappa statistics with small sample sizes, 29028
factorial analysis computer program for canonical correlation, 26173
interactive matrix calculation routines, multivariate statistics & computer programming, 26165
interpreting output of multivariate analyses, 186
longitudinal configural frequency analysis, testing for stability & change in multivariate t-point observations, 5368
longitudinal interaction structure analysis, schizophrenic patients before vs after haloperidol treatment & males with adjustment problems observed between 10 & 13 yrs of age, longitudinal studies, 26151
multiple absence measures & multivariate normality, study of employee absenteeism, 102
multiple discriminant analysis of J. L. Holland's personality factor profiles for occupational types, 5290
multivariate analysis of perceptions of sexual harassment in work setting, college students, 27092
multivariate asymptotic distribution of sequential Chi-square statistics, 2954
multivariate tests, computer-based interpretation of uniqueness of pairs or sets of scores in profile, 28967
P-technique research design, development & aging, adults & aged, 5257
Pascal program for P. A. Games & J. F. Howell's procedure for multiple comparisons among means of groups with unequal variances & sizes, 23511
Pearson chi square test vs multivariate techniques, comparison of groups on categorical response variable in attitude measurement, respondents from 4 religious groups, 29033
predictive validity of prognostic scores based on multivariate & univariate analysis, patients with schizophrenia, 5-yr longitudinal study, 1335
statistical procedure for determination of uniqueness of test scores in test profile in multivariate chi-square distribution, applications in computer-based test interpretation programs, 29016
strengths of multitrait-multimethod research, analysis of multivariate differences between populations, 2942
3 methods of configural frequency analysis, investigation of multivariate changes in developmental structures in cross sectional research designs, 16224
Murder [See Homicide]
Muscimol [See Gamma Aminobutyric Acid Agonists]
Muscle Contraction Headache
alternative model of physiology of tension headache & biofeedback training vs other behavior therapies as treatment, 25256
biofeedback & visualization & relaxation training, patients with migraine & tension headaches, 1903
clonidine vs mianserin, 22–47.5 yr old tension vs migraine headache sufferers, conference presentation, 30718
EMG biofeedback training &/vs brief psychotherapy, self control over muscle contractions, tension headache sufferers, 7131
EMG biofeedback training to increase frontal muscle tension, patients with tension headaches aged 20–55 yrs, 25220
EMG vs finger temperature biofeedback vs muscle relaxation training, 18–61 yr olds with chronic migraine vs tension headache, 12-mo followup, 7132
frontalis & forearm & neck EMG & cephalic vasomotor response & hard surface temperature & heart rate & skin resistance level & stimulus parameters, adults with migraine &/or tension headaches, 27499
home-based self administered vs clinic-based therapist-administered relaxation &/vs biofeedback therapy, 18–65 yr old tension vs vascular headache patients, 15081
maprotiline, chronic tension headache, 16–52 yr old females with history of headache, 20387
Maudsley Obsessive-Compulsive Inventory, assessment of relationship between obsessions & compulsions & headaches, migraine &/or tension headache sufferers, 20112
muscle discrimination ability, 21–56 yr olds suffering from migraine &/vs tension headaches, implications for self regulatory treatment using biofeedback & relaxation training, 20110
personality traits & onset of pain experiences, 18–68 yr olds suffering from chronic migraine &/vs tension headaches, 24862
physiological reactivity to stressful situation, female college students prone to tension headaches, 9557
progressive relaxation vs autogenic training, migraine &/vs tension headache, 20353
proquazone, pain & psychic tension & muscle stiffness associated with tension headaches, 18–65 yr olds, 9892
psychological characteristics, migraine vs tension headache patients, reply to criticism by P. Drummond, 20220
psychological stress, nonverbal expressiveness & musculoskeletal response as assessed by EMG, college students with history of tension headache, 27678
relaxation & biofeedback therapy & behavioral counseling, migraine & muscle contraction & tension headaches, 10–17 yr olds, 6–22 mo followup, 9865
relaxation training & biofeedback in behavioral programs, 25 yr old female with muscle tension headaches, case report, 6-wk followup, 30686
somatosensory evoked potentials, female migraine vs tension headache sufferers, 9587

stress of mental arithmetic & RT tests, temporal artery pulsation & facial temperature & blood pressure & heart & respiration rates, female college students subject to migraine vs tension headaches, 27537
symptoms of classic vs common migraine vs muscle contraction headache, 6913
tension mannequin questionnaire, assessment of subjective tension levels across muscle sites, 20–85 yr olds before vs after relaxation training & frequent vs less frequent headache sufferers, 4210
Muscle Contractions
beginning vs termination of ballistic flexion & extension of index finger & isometric contraction, EPs, 24–54 yr olds, 21292
biofeedback training, stress-induced muscular activity & anxiety level, patients with mandibular dysfunction, 1874
brisk isometric contraction during voluntary sustained contraction, brain potentials assessed by EEGs & EOGs, 24–33 yr olds, 5675
EMG biofeedback mediated muscle relaxation of neck, reduction of muscle contractions & pain, whiplash & osteoarthritis victims with cervico-brachial pain syndrome, 25219
EMG biofeedback training to increase frontal muscle tension, patients with tension headaches aged 20–55 yrs, 25220
hypnosis vs EMG biofeedback, influence of level of hypnotic tension susceptibility in reduction of frontalis muscle tension, college students, 17738
maintenance of induced muscle tension, stimulus generalization accuracy & RT of motor performance, schizophrenic vs affective patients vs college students with vs without schizotypic symptoms, 17368
middle ear activity & periorbital integrated potentials before vs during vs after REM sleep, 19–54 yr old males with schizophrenia & schizoaffective & major depressive disorder, 19894
mood & anxiety level & muscle tension & reclining time, chronic pain patients, 6816
muscle discrimination ability, 21–56 yr olds suffering from migraine &/vs tension headaches, implications for self regulatory treatment using biofeedback & relaxation training, 20110
muscular contractions & motor perception in tracking behavior, adults with cerebral palsy, 14920
muscular tension in right vs left masseter & orbicularis oris & hostility, 20–30 yr old right handed females, 8453
peak force & peak force variability in isometric task requiring activation of elbow flexors, adults, 21053
psychophysiology & significance of motivation in muscle tension patterns during continuous perceptual motor task, college students, 583
tensing of agonist & antagonist muscles in anticipation of performance of task, contingent negative variation amplitude & RT, 17–36 yr olds, 13845
tension lag & rapid tension-developing phase for motor time of rectus femoris muscle, 26–49 yr old males, 19047
tension mannequin questionnaire, assessment of subjective tension levels across muscle sites, 20–85 yr olds before vs after relaxation training & frequent vs less frequent headache sufferers, 4210
vaginal musculature contractions, sexual arousal, 18–38 yr old females, 3635
visuomotor task performance & intracortical microstimulation, identification of forelimb region of precentral cortex into wrist/nonwrist flexion/extension neuron populations, monkeys, 21430
writing vs nonwriting task performance & intensity of contraction of muscles of fingers & elbow, adult patients with writer's cramp, 22273
Muscle Cramps [See Muscular Disorders]
Muscle Relaxation
EMG biofeedback mediated muscle relaxation of neck, reduction of muscle contractions & pain, whiplash & osteoarthritis victims with cervico-brachial pain syndrome, 25219
EMG vs finger temperature biofeedback vs muscle relaxation training, 18–61 yr olds with chronic migraine vs tension headache, 12-mo followup, 7132
Syzygium cuminii seed extract, exploratory & aggressive behavior & muscle relaxant activity, rats & mice, 21488
upper extremity musculature EMG biofeedback, relaxation training, literature review, 22493
Muscle Relaxation Therapy [See Relaxation Therapy]
Muscle Relaxing Drugs [See Also Curare, Diazepam, Meprobamate, Theophylline]
aminophylline & cold effects, regulation of body temperature, 6–9 vs 23–26 mo old rats, 16481
aminophylline, antagonism of diazepam-induced general anesthesia & changes in EEG, 35–65 yr olds, 667
baclofen, self injurious behavior, 20 yr old mentally retarded male diagnosed as psychotic, 4528
baclofen, tardive dyskinesia, 18–70 yr old psychiatric patients being treated with neuroleptic drugs, 27958
baclofen, 36 yr old mother & her 15 yr old daughter & 13 yr old son with olivopontocerebellar atrophies & ataxia & opthalmoplegia & dementia & blindness, 18114
chlordiazepoxide vs picrotoxin vs bicuculline vs muscimol vs baclofen, spontaneous alternation & response behavior to stimulus change in maze, male rats, 14038
clonidine, antinociceptive effects of baclofen &/vs methylxanthines & dopamine antagonists, male rats, 11341
dantrolene sodium followed by fluphenazine, neuroleptic malignant syndrome resulting from fluphenazine treatment, schizophrenic 19 yr old male, case report, 30747
dantrolene sodium, neuroleptic malignant syndrome, 64 yr old male, 15156
GABA agonists THIP vs baclofen, antinociceptive response, male mice with spinal transections, 16507
long term administration of baclofen, 5-HT head twitching & 5-HT_2 receptor binding sites, male mice, 8585
pancuronium bromide vs metocurine iodide vs succinylcholine chloride as muscle relaxant agents in multiple-monitored ECT, 6928
population at risk & clinical precautions & diagnosis & treatment with bromocriptine & dantrolene, neuroleptic malignant syndrome, 22565
Muscle Spasms
etiology of & diagnostic & treatment approaches to blepharospasm vs Meige syndrome, literature review, 6756
Muscle Tone
efferent & afferent signals, weight discrimination, 2961
neurological vs behavioral gestational age assessments, evaluation of muscle tone & motor function, neonates, 2829
Muscles [See Also Diaphragm (Anatomy), Facial Muscles, Masticatory Muscles, Oculomotor Muscles]
changes in stance & gait, development of reflexes for movements necessary for maintenance of body equilibrium assessed by leg muscle EMG, 1–8 yr olds, 24117
chronic stress vs stress with exercise, age-related changes in end plate of diaphragm & hindlimb muscles, male rats, 13906
diazepam with vs without nimodipine, rectal temperature & muscular coordination, male mice, 26648
EMG biofeedback assisted relaxation training, beta-endorphin levels & muscle tension & analgesic medication dosage, 37–61 yr old chronic pain patients, 27921
intralimb kinetics of paw-shake response, spinal adult cats, 29370
local vibration applied to gastrocnemius soleus &/vs tibialis anterior muscles, pre- & postsynaptic inhibition at motoneuronal level & inhibition of H-reflex, 18–37 yr olds, 26512
mediation of horizontal canal signals to ipsilateral medial rectus motoneurons by vestibular nuclear neurons, anesthetized vs decerebrate albino rabbits, 21306
muscle tension & skin temperature reliability of Psychophysiological Stress Profile, 23–52 yr old hospital patients, 26217
muscular fatigue, functional reserves of activity of brain systems, 18–24 yr old males, 8414
phonation vs direction of movement vs ongoing speech production, lip muscle reflex responses during mechanical stimulation, 18–38 yr olds, 21415
position on examination table, surface recorded EMG levels of paraspinal muscles, back pain patients, 27884
psychological stress, nonverbal expressiveness & musculoskeletal response as assessed by EMG, college students with history of tension headache, 27678
system identification technique, estimation of muscle forces during horizontal saccadic eye movements, 19307
tension lag & rapid tension-developing phase for motor time of rectus femoris muscle, 26–49 yr old males, 19047

time interval estimation with vs without vs after static load held in right hand, 17–23 yr olds, 5396
torque motor produced wrist extensions, EMG response to flexor carpi radialis muscles, adults, 11146
utility of isokinetic tests of voluntary muscular strength in knee extensions & flexions, identification of muscular weakness of functional origin, 19–47 yr olds with hysterical paresis, 24665
Muscular Atrophy
exercise vs muscular electrostimulation vs psychotherapy vs hypoxic gaseous mixtures, hypokinesia, 4264
hexosaminidase-A deficiency initially diagnosed as atypical juvenile onset spinal muscular atrophy, 14–34 yr old patients, case reports, 30444
Muscular Disorders [See Also Cataplexy, Muscle Contraction Headache, Muscular Atrophy, Muscular Dystrophy, Myasthenia Gravis, Myoclonia, Torticollis]
apraxia of eyelid opening, 51–80 yr old patients with Parkinson's disease or supranuclear palsy or Shy-Drager syndrome, 4160
benztropine & high potency neuroleptic drugs, prevention of dystonic reactions, psychiatric inpatients, 28005
bromocriptine, neuroleptic drug-induced tardive dystonia, 27 yr old male with schizoaffective psychosis, case report, 30751
butyrophenone group of neuroleptic drugs, Pisa syndrome, case illustrations of 57 & 32 yr old males, 1964
differential diagnosis & treatment, hypnogenic paroxysmal dystonia, 10 yr old female, conference presentation, 12184
ethanol, dystonia, patients with spasmodic torticollis vs Meige syndrome vs neuroleptic induced vs torsion dystonia, implications for treatment, 1517
factitious disorder Munchausen's syndrome, symptoms & treatment of torsion dystonia, 35 yr old female, 12164
lisuride hydrogen maleate, 13–70 yr olds with various forms of dystonia, 9931
myopathy due to misuse of ipecac, 26 yr old female with bulimia & depression, 9586
reversible myopathy secondary to abuse of ipecac, 21 & 24 yr old females with binge-purge eating disorders, case reports, 27644
writing vs nonwriting task performance & intensity of contraction of muscles of fingers & elbow, adult patients with writer's cramp, 22273
Muscular Dystrophy
adequacy of social services in meeting health care & social needs, young adults with cerebral palsy & spina bifida & muscular dystrophy, UK, 22637
assessment of cognitive skills & neuropsychological language & visual-motor & motor impairment, male 6–10 vs 11–16 yr olds with Duchenne muscular dystrophy, 6875
diagnosis of muscular dystrophy, 4.3 & 3.7 yr olds referred for delays in expressive language development, 30418
progressive terminal physical handicap, family & family identification process, male 13–16 yr olds with Duchenne muscular dystrophy & their parents, 17700
Musculocutaneous Nerve [See Spinal Nerves]
Musculoskeletal Disorders [See Also Arthritis, Bone Disorders, Cataplexy, Joint Disorders, Muscle Contraction Headache, Muscular Atrophy, Muscular Disorders, Muscular Dystrophy, Myasthenia Gravis, Myoclonia, Rheumatoid Arthritis, Torticollis]
EMG biofeedback training, treatment of fibrositis, patients, 12532
impact of participation in self help groups, adolescents with scoliosis & their families & adults with scoliosis, 7112
pre- vs postlocalizer cast periods, adaptive coping behavior, 14 yr old female hospitalized for surgical treatment of idiopathic scoliosis, 15228
scores on McGill Pain Questionnaire, patients with low back vs musculoskeletal pain with vs without worker's compensation, 27624
severity or duration of symptoms & psychological distress, treatment outcomes, patients with temporomandibular pain & dysfunction syndrome, 22385
Musculoskeletal System [See Ankle, Arm (Anatomy), Diaphragm (Anatomy), Elbow (Anatomy), Facial Muscles, Feet (Anatomy), Fingers (Anatomy), Hand (Anatomy), Hips, Jaw, Joints (Anatomy), Knee, Leg (Anatomy), Masticatory Muscles, Muscles, Oculomotor Muscles, Spinal Column, Thorax, Wrist]
Music [See Also Musical Instruments]
American music, music & recording industry & preferences, youth, Canada, 11376
amplitude compression in music signals & attack & relapse time & sound quality, 10948
applications of computerized game composed of musical voices, blind children, 30369
auditory & visual interference, immediate recall of melody, college students, 3040
auditory vs visual modality & suffix effects, serial recall of melodic vs harmonic musical materials, 18–79 yr old professional musicians & music students, 21188
cognition in music & linguistic metatheory, comments on article by M. L. Serafine, 5993
cognition in music, reply to criticism by A. Marantz, 6001
color principles & perception of structure of various sequential mixtures of tonal centers, 21–42 yr old trained listeners, conference presentation, 13604
computer recording of repeated piano performances of 2 melodies, judgment of communicative effectiveness & differences in expressive treatment, college students majoring in music, 16863
conservatism & sensation seeking, music preferences, college students who were not music majors, 11802
creativity in visual arts & music & literature & autobiographical works as symbols vs psychiatric symptoms, 5982
detection of interval & contour changes in transposed versions of standard melodies of 3 vs 5 vs 7 vs 9 vs 11 vs 13 vs 15 notes, musicians, conference presentation, 13605
determination of discrimination thresholds between pure & tempered musical intervals, music students, 23592
development & validation of Home Musical Environment Scale, 2nd graders & their parents, implications for music education, 10789
development of sensitivity to semitone & diatonic structure in music perception, 9.1–11 mo olds & 4.2–5.9 yr olds, 26868
dichotic listening, lateralization of music perception & GSR, right handed musicians vs nonmusicians, 8411
duration & frequency of time out from music performance, attentiveness & attitude, college students, 31217
ear of presentation, chord perception, acute schizophrenic Ss, 19928
fantasy style, types of movies & music & books preferred, male vs female college students, 17255
fast vs slow tempo music vs no music, eating speed, 25–60 yr old cafeteria patrons, 19174
grade level & gender & race, musical style preferences & discrimination skills, 1st vs 2nd vs 3rd graders, 18525
grasp of tonal structures of songs, 1 yr olds, 7-yr longitudinal study, conference presentation, 14149
horror vs documentary music of film, psychophysiological stress responses, male college students, 11200
hypothesis by E. Ansermet of qualitative differences between visual vs audial perception, 16280
improvisation in musical tasks, 2 vs 3 vs 4 vs 5 yr olds, 21698
influences on & structure of pop music, Hungary, 11375
instrumentation & playing style & structure, appreciation for harpsicord vs piano versions of J. S. Bach's Goldberg Variations, college students, 26775
interplay between analysis & synthesis in music performance & experience of music & rhythm, literature review, 26774
interpretation of life & music from perspectives of borderline personality & narcissism, L. von Beethoven, 5986
intracarotid sodium amytal, musical perception & singing, unilaterally brain-damaged, literature review, 6911
judgment instructions for listening to musical triads, discriminations of major/minor vs happy/sad vs pleasant/unpleasant criteria, young adults & college students, 23585
Jungian interpretation of Mozart's opera "The Magic Flute" as parable of normal male adolescence, 11369
left vs right ear superiority, recognition of tonal intervals in dichotic listening, 12–25 yr olds with none vs 2–4 vs more than 5 yrs musical experience, Italy, 29642
level of involvement & presence of background music, brand attitudes & information processing of TV commercial, 21–60 yr old females, 13798

listening to popular music, adolescents & young adults, implications for counseling, 950
mathematical model for approximation of acoustic dissonance or roughness in interaction of 2 or more simultaneously sounded complex tones, 26773
melodic vs harmonic mistuning of 2-part musical fragments, perceived quality of intonation, musicology students, 19089
melodies & tones & nonsense syllables as stimulation, auditory thresholds & discrimination, musicians vs nonmusicians, 8184
misconceptions of perception & memory, tonal tunes, 5431
mistuning, perceptual discrimination of melody pairs, adult listeners, 19095
model of perception & reproduction of tone sequences, college students, 19088
model of time-span reduction of musical structure & expressive performance of tonal music, pianist, 26783
music, arousal of emotions & influence on behavior in religious & political & educational contexts, 19th century, US, 29766
music, improvement in speech rhythm, schools for hearing impaired, 2542
music industry & preference for Indian music, 16–17 yr olds, India, 11532
music, language development, learning disabled children, 13093
music preferences & uses & gratifications of popular music, 11–15 yr olds, Sweden, 11534
music recognition, comments on discussion by M. L. Serafine, 5983
musical preference & subjective experience, 6th graders, implications for music education, 11456
musical reading, literature review, 5395
national orientations in music, 11364
operant preference for vocal balance in 4-voice chorales, choral conductors vs high school choral students, 18481
perception & memory of tone in music, 23589
perception of pitch structure in music in terms of closed system or circle of 5ths, conference presentation, 13603
perception of stereotypes & personality of brass vs woodwind vs string vs percussion players, high school musicians, 11477
perceptual psychology & musical analysis, 5447
performance of melodic & harmonic musical interval intonation patterns vs equal temperament, junior high vs high school vs college students, 29551
performance of rubato-like task, musically inexperienced vs experienced piano players, 19049
pitch frequency ratios, interval discrimination, 19–42 yr old good musicians, 5430
poetry & music & time as therapeutic techniques in short term group therapy, 18–36 yr old depressed college students, 17951
preferences for response to music & presence of intelligence, unborn fetus, 26847
probe-tone method, perception of music, Western vs Balinese listeners, 5437
psychoanalytic interpretation of music cognition, 26780
psychoanalytic interpretation of R. Schumann's last musical composition, 26782
psychological & physiological correlations & music & central & autonomous nervous system activity, cardiac-phobic patients, 1373
psychological mechanisms of motor processes & gestures, performance, conductors, 3358
realization of expressive timing through timekeeper pacing meter vs motor procedures controlling timing of individual notes & rests, pianist, 19052
research aims & procedures in music cognition, reply to criticism by M. Brody, 6000
role & significance of music, 14–25 yr olds, 747
role of contour & frequency & rate of presentation, discrimination of musical melodies, 4.1–5.7 yr olds, 3443
roles of drugs & sex & art & theater & music in Beat & hippie & punk & new wave countercultures, 11578
roles of music in social utility & as source of entertainment, 11370
scales of Adjective Check List & musical creativity, adult vs student jazz vs symphonic musicians, 14232
SES, musical preferences, 12–18 yr olds, Jamaica, 11482
similarity of melodies & their inversions in various rhythmic patterns, perception of musical space, musicians, 26334
structure of different subdivisions of constant beat in performance of E. Satie's Gnossienne no. 5, concert pianist, conference presentation, 14097
structure of music preference & attendance, adults, 11366
subliminal messages in advertising & popular music, behavior, college students, 16050
synesthetic perception, A. N. Scriabin's personal perception & musical compositions & directions for accompanying colored light projections, 19550
target note onset & dichotic stimulation, duplex perception, college students majoring in music, replication of study by R. E. Pastore et al, 26329
use of archetypal music as exercise of transcendence & literary device in M. Proust's "Remembrance of Things Past", 24075
use of audio media & role in personal & social lives, children, literature review, 11479
use of musical metaphors for communication process in marriage & in marital therapy, 9800
valuation of popular music as political & social expression, 14–25 yr olds, East Germany, 11554
verbal vs musical stimuli, attention to right vs left side, right handed individuals, 545
9-Affective Dimensions scale, multidimensional measurement of affective responses to music, junior high & high school & college students, 10781

Music Education

child-study movement, music textbooks & education, 31190
development of scientific approach to music education research, criticism of article by B. Reimer, 10273
development of scientific approach to music education research, reply to criticism in articles by G. N. Heller vs J. Heller & W. Campbell & P. Webster, 10278
development of scientific vs philosophical approach to music education research, criticism of article by B. Reimer, 10272
difficulties of recognition of melodic memories, college music students, implications for teaching methods, 13010
duration & frequency of time out from music performance, attentiveness & attitude, college students, 31217
excusing students from regular classroom activities for instrumental music study, reading & language & mathematics achievement, 6th graders, 18523
expressive arts as tool for anger management, 3rd & 4th graders, 18486
initiation of music listening in music education classes, 3rd–5th grade music teachers, 4833
issues in development of scientific approach to music education research, criticism of article by B. Reimer, 10281
large vs small group with vs without music listening contingency, positive interactions with & acceptance by nonhandicapped 3rd–6th graders in music classrooms, mainstreamed mentally retarded 8–15 yr olds, 7712
linear programed vs competency-based computer lessons vs textbook reading & worksheet assignments, music notation reading skills, nonmusic major college students, 31187
movement to music activities to foster creativity, elementary school students, 31200
music training & age, discrimination of tempo change & direction & musical style, 7–18 yr old string students, 4872
musical & aesthetic education, development of value system in individuals, 4864
need for discussions about music education & special needs of learning disabled students, special education & music teachers, 18606
operant preference for vocal balance in 4-voice chorales, choral conductors vs high school choral students, 18481
personalized vs lecture demonstrated music teaching methods, achievement & listening opinions, college students, 31193
planning model for teaching strategies in music, gifted & musically talented students, 13123
programed instruction methods, acculturation of tonal principles in music, musicians, conference presentation, 15651
rates & ratios of teacher approval & time usage & student attentiveness during piano lessons, preschool age through adult piano students & teachers, 4852
ratio of positive to negative instances, efficiency of musical concept learning, 2nd graders, implications for music education, 18477

scientific approach to human mode of experiencing music, music education research, 10277
teaching techniques using musical instruments, creativity & self expression & socialization & musical competence, mildly to moderately mentally retarded children & adolescents, conference presentation, 20791
theory-to-practice model & curriculum development, music education, 12982
verbal &/vs aural example of complex music selection vs practice only, musical performance, college music education students, 7612

Music Therapy
lyrical & social symbolism of popular music, therapeutic understanding & intervention, emotionally disturbed adolescents, 14951
music, communication & language & psychological defenses, children & adolescents, 27695
music in treatment, frail elderly, 30519
origins & bases & applications of music therapy, implications for treatment of mental retardation & cerebral palsy & physical disabilities & behavior disorders, 1715
principles & applications of music therapy, personal growth, 30516
role of expressive arts in physical & psychological therapy, handicapped children, 17713
special teaching program vs rhythmic music training, concentration, males with normal intelligence & severely impaired concentration, 7733
training, music therapists, 15511

Musical Ability
behavior modification, musical performances, female orphans, 1650–1800, Venice, 27910
cognitive components of musical aptitude, implications for music education, 12964
differentiation between voice recordings made by patients when they were vs were not depressed, music conservatory vs college students, 19087
grade level & sex, rhythmic clapping & chanting & stepping responses, kindergartners through 3rd graders with 1-yr music instruction, 18529
left vs right ear superiority, recognition of tonal intervals in dichotic listening, 12–25 yr olds with none vs 2–4 vs more than 5 yrs musical experience, Italy, 29642
melodies & tones & nonsense syllables as stimulation, auditory thresholds & discrimination, musicians vs nonmusicians, 8184
memory & musical structure & acculturation & temporal organization, discriminative capacities on musical tests, children, conference presentation, 14200
music training & age, discrimination of tempo change & direction & musical style, 7–18 yr old string students, 4872
musical ability, 67 yr old male orchestra conductor with global aphasia & severe ideomotor apraxia due to infarct of left middle cerebral artery, 6713
performance of melodic & harmonic musical interval intonation patterns vs equal temperament, junior high vs high school vs college students, 29551
performance of rubato-like task, musically inexperienced vs experienced piano players, 19049
realization of expressive timing through timekeeper pacing meter vs motor procedures controlling timing of individual notes & rests, pianist, 19052
serial movement timing, musician vs nonmusician college students, 8162
spatial ability & musical talent & lateral dominance & androgyny, male vs female 9–14 yr olds, 3432
structure of different subdivisions of constant beat in performance of E. Satie's Gnossienne no. 5, concert pianist, conference presentation, 14097
synesthetic perception, A. N. Scriabin's personal perception & musical compositions & directions for accompanying colored light projections, 19550
theory of determinants & mode of response & level of musical experience, immediate recall of short melodies, college vs high school students, 11455

Musical Instruments
excusing students from regular classroom activities for instrumental music study, reading & language & mathematics achievement, 6th graders, 18523
performance of melodic & harmonic musical interval intonation patterns vs equal temperament, junior high vs high school vs college students, 29551
structure of different subdivisions of constant beat in performance of E. Satie's Gnossienne no. 5, concert pianist, conference presentation, 14097

Muslims [See Islam]

Mutations
cyclophosphamide, premeiotic cell injuries & behavior, male rats & their adult offspring, 19418
damage to deep cerebellar nuclei & Purkinje cells, exploration & habituation of holepoke response, 3 mo old nervous mutant mice, 26612
diphenylhydantoin, sex-linked recessive lethal mutations, Drosophila melanogaster, implications for treatment of epilepsy, 26730
role of cerebellum in learning related to exploratory behavior assessed by spontaneous alternation & habituation in T-maze, 2 mo old nervous mutant mice, 26507
visual defects associated with reduced pigmentation of retinal pigment epithelium, mice mutants, conference presentation, 29254

Mutilation (Self) [See Self Mutilation]

Mutism [See Also Elective Mutism]
total absence of speech due to acute cerebellar damage, children undergoing posterior fossa craniectomy, 6 case reports, 18164
underlying fears & behaviorally reinforced perpetuation of symptoms, 22 yr old female with sudden onset of complete inability to speak, 1388

Myasthenia
outcomes of pregnancy & parturition, patients with myasthenia & their offspring, 5–20 yr followup, 6747

Myasthenia Gravis
anticholinesterase & corticosteroids & electrographic findings, myasthenia gravis, 61 yr old male with progressive asthenia & dysphagia & dysphonia & diplopia, 12594
diagnosis of psychosis, 48 yr old female with myasthenia gravis, 9202

Myelin Sheath
adrenalectomy during development, brain hyper- vs hypomyelination, rats, replication of S. L. Preston & F. A. McMorris's study, 21452
reduction in isolatable myelin & neurochemical changes in white matter, 64–86 yr old patients who died from nonneurologic diseases vs senile dementia of Alzheimer type, 27614
retardation of myelin formation, attraction to & consumption of pheromone feces, rat pups, 8366

Myelitis [See Encephalomyelitis]

Myers Briggs Type Indicator
factor analysis of item structure of Myers Briggs Type Indicator, 13461
Holland's Vocational Preference Inventory & Myers-Briggs Type Indicator, prediction of vocational choice, business administration students seeking master's degrees, 31356
Myers Briggs Type Indicator, determination of career-personality type relationships, implications for employment counseling, 15957
reliability & validity of Myers-Briggs Type Indicator in clinical & counseling & research settings, review of studies from 1975, 2874
reliability & validity of Myers-Briggs Type Indicator items, personality assessment, adult Ss, 13470
validity of Sensing-Intuition & Thinking-Feeling scales of Myers Briggs Type Indicator as measure of cognitive style, employed students in business administration, implications for management personnel, 21015
validity of Sensing Intuition Scale of Myers Briggs Type Indicator assessed by correlation with Sensation Seeking Scale & arousal seeking tendency instrument, adult grocery shoppers, 2888

Myocardial Infarctions
assessment using 16PF & questions on lifestyle, hospitalized patients with acute myocardial infarction, 4142
awareness of cardiac sensations or heartbeats, 36–67 yr olds with history of myocardial infarcts, 20179

behavioral treatment for hypertension & Type A behavior & interventions during coronary care following myocardial infarction, literature review, 27907
body awareness as aid in relaxation & breathing techniques, myocardial infarction patients, 1653
course & cause & treatment of depression following myocardial infarction, patients, literature review, conference presentation, 27569
demographic & medical variables & attitudes & perceived beliefs of others & intentions toward medical regiment adherence, actual posthospitalization regimen adherence, 32–70 yr olds recovering from myocardial infarction, 25505
denial & repressive style, information gain & rehabilitation outcome, 30–75 yr old myocardial infarction patients, 2164
exercise program, long term rehabilitation effects, patients who had myocardial infarction, 28210
illness behavior, survivors of myocardial infarctions, 8-mo followup, 1529
lifestyle changes & severity of cardiac event & belief of relation between smoking & cardiac problems, current smoking habits, military veteran patients who had myocardial infarction or coronary bypass surgery, 27664
myocardial infarction-induced chronic bilateral medial temporal lobe ischemic damage involving hippocampus & subiculum & amygdala, 67 & 85 yr old females with dementia, case reports, 30477
myocardial infarction without typical subjective complaints, patients with endogenous depressive psychosis, 9197
personality traits vs cognitive functions, bioelectrical skin reactivity & heart rate during true vs false biofeedback, 32–73 yr olds after myocardial infarction, implications for predisposition to psychosomatic disease, 17687
psychological factors in recovery, myocardial infarction patients under 70 yrs old, implications for psychosocial aftercare, 1-yr followup, 1544
psychological intervention, improvement of physical & psychological & lifestyle status, 29–69 yr old patients following myocardial infarction, 12335
psychosocial readjustment problems & behavior group therapy, myocardial infarction patients & their partners, 1851
SES & race or ethnicity, anxiety & functional & health status & coping ability, Black vs Hispanic vs White 1st acute myocardial infarction patients, 6-mo & 1-yr followups, 22246
social & psychological & somatic factors prior to & during & after illness, emotional reaction & health preoccupation & sexual adjustment 2 mo after 1st myocardial infarction, male 32–60 yr olds, Sweden, 18173
social & psychological & somatic factors prior to & during & after illness, sick role & attitude toward disease & work 2 mo after 1st myocardial infarction, male 32–60 yr olds, Sweden, 18174
social relationships, recovery, 20–87 yr old myocardial infarct patients, 9528
spouse support, compliance with cardiac rehabilitation program, male myocardial infarction patients & their wives, 15421
stress monitoring & intervention program, mortality rate due to cardiac deaths, male myocardial infarction patients, 22359
Type A behavior, recovery from coronary artery disease, patients with acute myocardial infarction, 1–3 yr followup, 4110

Myoclonia
clinical & morphological & biochemical aspects, familial progressive myoclonus epilepsies, conference presentation, 30398
excessive fragmentary myoclonus in NREM sleep, 22–70 yr old patients, 22230
hereditary essential myoclonus, 10 & 30 & 32 yr old male members of same family, 22298
maprotiline, myoclonus, 54 yr old female with depression & chronic chest pain, 15132
steroid therapy, Kinsbourne's syndrome, 9 yr old male, 12591
tail myoclonus at sleep onset & during paradoxical sleep & EEG paroxysmal discharges, baboons, 3149

Myopia
abnormal influence of nervous system on development of myopia, 22282
autogenic training, visual acuity, nearsighted 18–35 yr old males, 7080
school-related nearwork activity &/vs cognitive ability & school achievement, development of myopia, 12–33 yr olds, 12160

Mysticism
content validity of GSM-1 questionnaire, measurement of inclination toward mysticism, college students, 8088
similarities between mystical journey & psychoanalytic psychotherapy experience, 17808
St. Bonaventure's application of numbers as symbols in his mystical experience, implications for analytic psychology, 18815
unification of psychic opposites in Jungian analysis of religious vision, conference presentation, 29808

Myths
analysis of multifaceted characteristics of Oni & comparison with mythologies of other cultures, Japan, 29529
analysis of Oedipus complex & status of father using Oedipus myth, 14101
biblical examples of mythical & ritual representations of social transitions, 21647
Celtic vs Greek mythology concerning father & son rivalries, 29524
clinical evaluation & use of fables as assessment strategy in contested child custody cases, children of separated or divorced parents, 27730
common elements in Dogon cosmology & alchemical tradition & Jungian psychology, 28881
cultural & historical themes in idea of "good life in California" as collective myth & fantasy, 996
fire in ancient religion & folklore & firewalk as mystical experience, 26092
impact of "true woman" myth in 19th century & recent covert reemergence, prejudice in women's work, 6286
implications of association of Pegasus with poetic inspiration, 29533
Jungian & transformational perspectives on conflict of good vs evil, conference presentation, 28871
Jungian analysis & comparison of S. T. Coleridge's "The Rime of the Ancient Mariner" & "Le Chevalier au Barisel", 24068
Jungian analysis of J. Chaucer's "Troilus and Criseyde" & collective nature of plot & similarity to structure & resolution of Freud's Oedipal dilemma, 24083
Jungian analysis of relation of Ahab & Ishmael's attitudes toward white whale & myth allusion in H. Melville's "Moby Dick" & myths in J. Milton's "Paradise Lost", 24081
Jungian analysis of relation of Sphinx myth to cultural history & archeological research, 26779
Jungian analysis of role played by mother & stepmother characters in archetypal fairy tales & myths, 24065
Jungian interpretation of narcissism & identity & alienation in double in G. Marquez's "El otono del patriarca" & myth of Narcissus, 24063
mind & harmonious balance as reflected in mythology, Japan, 21645
mythic hero in work of O. Rank, 7974
nature as national epic & mythical characteristics of poem "The Gaucho Martin Fierro", Argentina, 24087
nature of mythical hero in work of O. Rank, 7972
objective vs Jungian subjective interpretation of myth of Narcissus, 11365
Oedipus complex as psychoanalytic hermeneutic principle vs eponymic myth, 27
perception of centaur as man on horseback & origins of Greek centaur, preschool age children & college students, 10894
personality & motivations & experience & aggressive tendencies & exposure to media depictions that portray rape myths, beliefs in such myths, male college students, 24788
psychoanalytic analysis of Aristophanes's play "Frogs", 29530
psychoanalytic interpretation of adolescent Oedipal complex in epic Kalevala folklore, Finland, 26776
psychoanalytic interpretation of Horus & Osiris myth, 16865
psychoanalytic interpretation of motives behind blinding oneself in myths of Odysseus & Oedipus & Grimm brothers fairy tale, 26772
psychoanalytic interpretation of myth of Psyche as relates to psychodynamics of pregnancy & motherhood, 12643
psychoanalytic interpretation of myths of Narcissus & Pygmalion, 8646
psychoanalytic jurisprudence & mythic dimension of law, 24397

psychological perspective on origins of ancient Greek centaur myth, 3363
rekindling of native myths in cargo cult through prophecy by psychotic cult leader, Malaysia, 22084
relation of Japanese folk tragedies to pre-Oedipal taboo, 11367
ritual as mediatrix between sacred & profane & relationship to representation & myth & drama, 29783
theory of critical mass in group consciousness & hundredth monkey myth, implications for human potential movement, 36
universal myths & superstitions determining behavior of primitive people & children as underlying manifestations of schizophrenia, 9340
use of fairytales as metaphors & therapeutic tool in hypnoanalysis, illustrative case of 9 yr old boy with encopresis, 12609
use of humor & folklore in psychotherapy, 25141
violence & mythical figure Samson & maternal relations, case illustration, 5199
Myxedema [See Hypothyroidism]
Nabilone [See Cannabinoids]
NAch [See Achievement Motivation]
Nail Biting
noncontingent vs contingent competing response &/vs habit reversal therapy, reduction of fingernail-biting & hair pulling & eye rubbing & squinting & thumbsucking & other nervous habits, 27–67 yr olds, 27916
Nalorphine
morphine dependence & prior & subsequent naloxone & nalorphine administration, response to VI schedule of food presentation, monkeys, 13958
nalorphine administered following neuroleptic treatment of acute psychosis attack, psychotic symptoms, schizophrenic patients vs paranoid schizophrenic 24–26 yr old males, 7281
nalorphine or naloxone vs haloperidol, 18–59 yr olds with schizophrenia, conference presentation, 15195
nalorphine vs haloperidol, schizophrenic 22–59 yr olds, 7252
Naloxone
ACTH vs epinephrine vs beta-endorphin vs naloxone or treatments blocking their release or hypothalamic lesions, performance on step-down inhibitory avoidance task acquired 0 vs 3 vs 6 hrs before treatments, female rats, 11216
acute vs chronic dextropropoxyphene &/vs naloxone, open field behavior & brain biochemical actions, male rats, 11274
acute vs repeated forced swimming exercise & naltrexone vs deoxydextroglucose vs insulin injections, food intake modulated by endogenous opioids, male rats, 26559
apomorphine dosages with vs without naloxone or levorphanol or dextrorphan, pecking & headshaking & preening behavior, pigeons, 3285
benzodiazepines vs naloxone vs propranolol vs diisopropyl fluorophosphate, shock-induced renin & prolactin secretion, male rats, 24043
beta-endorphin vs naloxone, lordosis behavior, ovariectomized rats primed with estrogen vs progesterone, 16834
blocking of endogenous opiate mechanisms via naltrexone & naloxone & induction of opiate toleration, placentophagia & pup cleaning, nonpregnant & parturient female rats, 16710
bromocryptine vs dironyl vs naloxone, coping with shock-induced motor depression, male vs female normo- & hypertensive rats, conference presentation, 5853
chronic administration of naloxone, behavioral symptoms & respiratory hyperactivity & oxygen consumption rates indicative of opiate abstinence syndrome, male rats, 11313
clonidine &/vs naloxone, pain sensitivity & release of endogenous opiates, spontaneously hypertensive rats, 698
clonidine vs guanfacine pretreatment & naloxone, autonomic & behavioral symptoms of narcotic abstinence, morphine dependent male rats, 16576
clonidine with vs without sequential naltrexone therapy, detoxification & maintenance, methadone maintenance patients, 31026
conditioned suppression &/vs electric footshock & naloxone injection, pain threshold & opioid receptor activity, mice, 3233
cyclazocine, convulsions due to pentylentetrazol & naloxone inhibition, male rats & rabbits & mice, implications for action of phencyclidine, 5929
diazepam followed by naloxone injection, cognitive functioning, 18–21 yr olds, 8625
diazepam vs phenobarbital vs amphetamine, naloxone-precipitated morphine withdrawal, rats & mice, 26653
dosages of naloxone, regional cerebral glucose utilization & behavior during morphine withdrawal, male albino rats, 8540
endorphin blockade induced by lesions of medio-basal arcuate hypothalamus, aversive properties of naloxone in place preference paradigm, male rats, 13936
environment, naloxone-induced suppression of feeding, male rats with experimentally-induced diabetes, 8478
etonitazene choice testing with single vs repeated naltrexone injections, precipitated & spontaneous withdrawal indicating dependence & cross-tolerance to morphine in tailflick test, male rats, 19472
exposure to ionizing radiation with vs without naloxone, onset of analgesia, 30 day old male mice, 16502
haloperidol & fluphenazine vs naloxone, endogenous opiate system, 35 yr old female with catatonic schizophrenia, 18097
handling vs ACTH vs naloxone, preening behavior, chickens, 16506
heroin & methadone & cyclazocine & phencyclidine & naltrexone, acquisition & performance of response sequences, female monkeys, 16723
high dose iv naloxone, patients with chronic schizophrenia, 30711
histamine H-2 receptor antagonists vs naloxone, nonopiate footshock-induced analgesia, male rats, implications for role of histamine & H-2 receptors in endogenous nonopiate analgesia, 16472
hypothalamic injections of norepinephrine & morphine & naloxone, feeding behavior, male rats, 21625
hypothalamic knife cuts & butorphanol tartrate & ketocyclazocine & high fat diet, hyperphagia & effects of naloxone on food intake, male rats, 13892
insulin vs 2-deoxy-dextroglucose vs dextroamphetamine vs adenosine vs naloxone, food intake, S 5B/P1 vs Osborne-Mendel rats, 5844
lesions of globus pallidus & striatum, ketocyclazocine- & naloxone-induced feeding, male rats, 26603
leucine & methionine-enkephalin & naloxone & naltrexone injections into caudate putamen & globus pallidus, rotational behavior & bodily asymmetry, male rats, 21512
method for assessment of icv cannula patency & effects on potency of morphine & naltrexone in response suppression, pigeons, 26662
methylnaloxonium chloride vs bromide, acquisition of Y-maze shock escape & one way active avoidance, male mice, 26705
morphine & naloxone & pimozide into ventral tegmental area, hyperthermia & locomotion, male rats, 16824
morphine & naloxone, tonic immobility & dorsal immobility, male rats, 5937
morphine & opiate agonists, blocking of stimulus control of behavior & naltrexone-induced body weight loss, morphine dependent male rats trained to discriminate between saline & naltrexone, 5874
morphine chlorhydrate & naloxone hydrochloride, spinal nociceptive flexion reflex & reflex pain thresholds, 25–43 yr olds, 3335
morphine dependence & prior & subsequent naloxone & nalorphine administration, response to VI schedule of food presentation, monkeys, 13958
morphine vs naloxone, brain self stimulation threshold, male rats, 16823
morphine vs naloxone, shock-induced deimatic reaction, praying mantis, evidence for existence of opiate receptors, 16840
morphine vs naloxone, social play, juvenile rats, 8593
nalorphine or naloxone vs haloperidol, 18–59 yr olds with schizophrenia, conference presentation, 15195
naloxonazine vs naloxone, feeding behavior & opioid receptor mechanisms, male rats, 16797
naloxone & buprenorphine, schedule-induced self injection of acetaldehyde & responding or spontaneous activity, male rats, 26713
naloxone & naltrexone vs their quaternary derivatives, locomotor activity & rate of leverpressing for intracranial self stimulation, male rats, 26742
naloxone & opiate antagonist, social interactions & fearful/defensive behavior, male house mice, 16568

naloxone & preshock, shock-induced defensive burying, male rats, 8487
naloxone & shock intensity, variable-cycle avoidance performance, rats, 595
naloxone &/vs saline drinking in 1 member of same sex pairs, open field behavior, male vs female mice, 29485
naloxone, acquisition of behavior rewarded with electrical brain self stimulation vs food, male rats, 21616
naloxone, antinociceptive action of morphine vs caerulein, male rats, conference presentation, 19497
naloxone, behaviors & analgesia vs hyperalgesia associated with opiate withdrawal, dependent vs nondepressed male rats, implications for ACTH as endogenous contra-opioid agonist, conference presentation, 26680
naloxone by ip injections, intake of sucrose solution vs water, rats, implications for drug tolerance, 29462
naloxone, duration of hibernation bouts, squirrels, 627
naloxone, dynorphin-induced locomotion & rearing & grooming behavior, male mice, 16818
naloxone dyskinetic movements following levodopa administration, 52 & 64 yr old males with Parkinson's disease, 15185
naloxone, ethanol-induced concentration of hypothalamic dopamine & serum & anterior pituitary levels of prolactin, male rats, 26743
naloxone followed by 24-hr food deprivation & butorphanol tartrate, food intake & hyperphagia, lactating & postweaning & virgin female rats, 21621
naloxone following familiar vs novel inhibitory avoidance task training, retention behavior, male rats, 23946
naloxone, food intake, female tigers, 16561
naloxone, food intake, 19–51 yr olds, 3280
naloxone, free choice of water vs alcohol solutions in presence of noxious substances, male rats, 5836
naloxone, hepatocellular redox state & serum ethanol concentrations following acute ethanol administration, rats, 24021
naloxone injections into periaqueductal grey vs arcuate nucleus, analgesia, male mice defeated by opponent, 21560
naloxone, linear locomotion, male mice, 699
naloxone, locomotor activating properties of heroin & dextroamphetamine & caffeine, male rats, 21605
naloxone, opiate vs placebo-induced analgesia, healthy 20–46 yr olds, 26724
naloxone, plasma prolactin & cortisol & growth hormone levels before vs after ECT, 30–71 yr old patients with endogenous vs schizoaffective depressive disorders, 30506
naloxone, play & feeding behaviors, postweanling vs adult rats, 29474
naloxone, spatial memory in radial maze, 4–6 vs 24–26 mo old male rats, 29368
naloxone, stress-induced daily torpor, deermice, 16759
naloxone, tailflick response to inescapable footshock & startle response to shock & tones, male rats, 16830
naloxone, tube restraint-induced target biting, male mice, 16711
naloxone, ultrasonic calling, 3 day old mice separated from mother & siblings, 24018
naloxone vs beta-endorphin vs ACTH, acquisition of schedule-induced polydipsia, male rats, 697
naloxone vs chlordiazepoxide, hypothalamic self stimulation, male rats, 13996
naloxone vs diprenorphine vs ketocyclazocine vs ethylketocyclazocine, punished vs unpunished food reinforced operant responding, male rats, 21498
naloxone vs methysergide & tonic & phasic pain tests, analgesia induced by electrical stimulation of periaqueductal gray, male rats, 5773
naloxone vs morphine, mating behavior, castrated vs intact male rats, 5757
naloxone vs morphine vs naltrexone immediately after training, hot plate learning, male albino mice, 8602
naloxone vs naltrexone & derivatives, apomorphine-induced stereotypical climbing behavior, male mice, 14039
naloxone vs naltrexone, intermittent footshock vs brief shock vs transpineal ECS vs tailshock induced helplessness & analgesia, young vs old Charles River vs Sabra rats, 21422
naloxone vs naltrexone, morphine-induced locomotor activity, hamsters, 14050
naltrexone & clonidine therapy, withdrawal from methadone, methadone addicted patients, 28230
naltrexone & diprenorphine, liquid diet intake & body weight, adult squirrel monkeys, 13990
naltrexone, dysphoria, 28–39 yr old former opioid addicts, implications for treatment compliance, 4703
naltrexone, food intake & body weight, hospitalized obese 26–39 yr old males, conference presentation, 22559
naltrexone, opiate addicts, 28245
naltrexone, opiate withdrawal & plasma concentrations of 3-methoxy-4-hydroxyphenylglycol, methadone-dependent patients, 18313
naltrexone vs naloxone vs morphine vs fentanyl vs ethylketazocine, EEG slowing & skin-twitch reflex latency & miosis, female dogs, 26757
naltrexone, 57–81 yr old patients with Alzheimer-type dementia, 27965
novel experience prior to training or testing vs beta-endorphin vs naloxone vs epinephrine vs propranolol, retention of conditioned avoidance response, mice, 23988
opiate antagonist naloxone, circulation of catecholamines induced by exercise, conference presentation, 3189
opiate antagonists & naltrexone, clonidine-induced feeding, male rabbits, 5879
opioid blockade with naloxone, food intake & ir-dynorphin levels in hypothalamus, juvenile racoons & adult male woodchucks, 5914
pinealectomy vs removal of superior cervical ganglia vs optic nerve transection vs chronic melatonin treatment, feeding responses to opiate agonists & naloxone, male rats, 3257
posttraining & pretest effects of ACTH vs epinephrine vs vasopressin vs endorphin & naloxone, retention of inhibitory avoidance, female rats, 19457
posttraining administration of beta-funaltrexamine vs naloxone, retention of passive-avoidance training, 29410
posttraining naloxone administration, retention of spatial learning, male rats with bilateral 6-hydroxydopamine lesions of dorsal noradrenergic bundle, 11212
pretreatment with naloxone vs methyl naloxone & posttreatment with morphine, conflict analgesia following exposure to attacks from aggressive residents, male intruder mice, conference presentation, 26735
prolonged morphine vs naloxone administration, met-enkephalin levels & opiate receptor density & number of H-dihydromorphine & dextro-Ala-dextro-Leu-(H)-enkephalin binding sites in striatum & brain stem, 4–5 wk old mice, 16575
prolyl-leucyl-glycinamide vs naloxone, aggressive behavior & defeat-induced analgesia, male mice, 16814
quaternary naltrexone ip, morphine-induced hyperactivity & other behaviors, male mice, 21559
radioactive etorphine & naloxone binding to caudate nucleus opioid receptors in postmortem brains, schizophrenic patients, 14646
repeated forced swimming exercise, opioid-modulating food intake induced by naltrexone vs deoxydextroglucose vs insulin injections, male rats, 26558
restraint stress, antagonism of morphine analgesia by naloxone, rats, 16452
saturability & stereospecificity of radioactive naloxone, assessment of opioid receptor binding, female rats, 16422
sawdust substrate soiled by unfamiliar isolated male conspecific, effect of naloxone on locomotion & rearing & exploratory behavior, male mice, 21551
sequential use of clonidine & naltrexone, opiate detoxification & maintenance, opiate addicts, 31013
short term isolation, hypertension & hypoalgesia reversed by clonidine & naloxone, rats, 3238
systemic naloxone actions & role of endogenous opiates, nausea & vomiting in motion sickness, college students exposed to rotational motion stressor, 27498
systemic vs icv naloxone, opiate receptor action in hunger & thirst induced by food deprivation & glucoprivic stress & food & water intake, male rats, 16753
tailpinch &/vs schedule induction with vs without naloxone, suppression of schedule-induced polydipsia, rats, 370
treatment combining clonidine & endorphin antagonist naltrexone, self mutilation, 27992

tuftsin & its derivative vs tetrapeptide fragment of substance P, naloxone-induced morphine withdrawal behavior, male rats, 19417
utility of naltrexone vs naloxone vs butorphanol vs nalbuphine vs pentazocine vs bupremorphine, treatment of opiate dependency, patients, 22780
varied dosages of naloxone, reduction of self injurious behavior, 22 & 52 yr old profoundly retarded females, 27937
varying dosages of naltrexone, cognitive functioning & plasma cortisol, Ss with probable Alzheimer's disease, 25312
24 hr vs 8 day exposure to naltrexone, brain opioid binding activity & analgesic potency of morphine in tailflick test, male rats, 16838
Names [See Also Brand Names]
ability to refer with names & evolution of language, humans, implications for teaching language to nonhuman Ss, 11457
alphabetical name order, memory performance for semantically constrained sentences, police cadets, 19166
attitudes toward meaning of marital surnames, male vs female unmarried & married college & graduate students, 21836
characteristics of names of Parliamentary candidates & elected members of House of Commons, 1964 vs 1979 vs 1983, Great Britain, 29907
classroom teaching method for name mnemonics, psychology students, 31216
concept-specific semantic differential tests, affective meanings of 1st & 2nd & combined names, college students, West Germany, 19524
contextual knowledge & self- vs other-selection of computer command names, recall of context knowledge & names, 18–60 yr olds, 26362
counseling center title, likelihood of using center, college students & faculty, 31312
female's 1st name, perception of female attractiveness, college students, 17229
hemispheric asymmetry in memory search for 4-letter names & human faces, male college students, 535
importance of names & recordkeeping accuracy, psychological health, elderly in residential care facilities, 15386
memory & retrieval of proper names, 20–23 vs 40–59 vs 60–80 yr olds, 26815
preferences for boys' & girls' names, male vs female college students, 30022
public use & frequency of nicknames of deviates & category of deviant act & connotation of nicknames, notorious 20th century deviates, conference presentation, 4043
tendency of couples whose first name begins with same letter to marry, spouses, 1920–84, test of assortative mating theory, 19721
trait self consciousness & public & private self awareness, recall of people's names & characteristics in introduction situation, female college students, 6337
unique vs common first names, female vs male infants, 29540
use of nicknames in Black vs major leagues, reflection of evolution of belief in folk heroes, baseball players, 1884–1950, US, 11599
Narcissism
active interaction with & subjective understanding of external world, model of infantile narcissism, clinical applications to understanding of narcissism in borderline disorders, 6049
castration anxiety, masochism & narcissism, males vs females, 6380
clinical application of E. Jacobson's work to normal & pathological narcissism in identity formation, 17848
clinical manifestations of character & character traits & relationships to ego & object relations & narcissism & defense mechanisms, patients, 30585
concept of narcissism developed by H. Kohut vs concept of borderline states developed by O. Kernberg, 6612
conceptions of narcissism & use in psychoanalysis, 20300
creativity & normal narcissism & creative blocks & narcissistic disturbances, college students, 14525
defensive & pathological aspects of narcissism & dependency, 11797
determinants of free association, narcissistic patients, 7025
development of narcissistic organization through projective identification, psychiatric patients, 1380
developmental perspective on narcissism & autonomy, 11528
identity foreclosure as developmental impairment rooted in early childhood, 16 yr old male, implications for narcissistic equilibrium, 9219
interpretation of life & music from perspectives of borderline personality & narcissism, L. von Beethoven, 5986
interpretations of narcissistic tendencies of title character in H. Ibsen's "Hedda Gabler", 24061
investigation of narcissism beyond Gestalt through preference for own-name vs non-own-name letters, 2nd–6th graders & college students, Belgium, 11530
Jungian interpretation of narcissism & identity & alienation in double in G. Marquez's "El otono del patriarca" & myth of Narcissus, 24063
narcissism & developmental line of reflexive object, 929
narcissism & J. Lacan's psychoanalytic theory, 11815
narcissism & needs of pathologic anal character, 30215
narcissistic damage & personality development & assimilation, females, 11488
narcissistic fantasies of omnipotence, repression of individual & social reality of death, 1201
narcissistic friendship dyads, 6397
narcissistic personality as defense against object loss & attachments of emotional richness & complexity, M. Proust & Stendhal, 5998
narcissistic personality disorders & theories of H. Kohut vs O. Kernberg, 11978
Narcissus & Oedipus in psychoanalytic theory & role of culture in morality, 16071
need for definition of auto-eroticism & narcissism prior to definition of perversion, 4029
object-libido development, narcissism, 3828
objective vs Jungian subjective interpretation of myth of Narcissus, 11365
primary & secondary identification as explanation in coordinates of narcissism & object relations, 17243
promotion of sense of wholeness & growth & relation to social order in H. Kohut's psychology of self, 11799
psychoanalysis & narcissistic illusions, 15011
psychoanalysis and narcissism as hate, comments on article by P. Purpura, 30554
psychoanalytic concept of identification & narcissism & object relation, conference presentation, 12
psychoanalytic definition & treatment of pathological narcissism, 7059
psychoanalytic foundations of narcissism in primary socialization & autonomy, 11548
psychoanalytic interpretation, physical disability & narcissism, 1633
psychoanalytic perspective to family therapy, narcissistic/borderline couples, 9783
psychoanalytic perspectives, borderline & narcissistic concepts, 3874
psychoanalytic theory & defensive anality & anal narcissism, 48
psychoanalytic theory & history of narcissism, 11829
psychoanalytic treatment of narcissism, 9705
psychodynamics of extreme narcissism, males with schizophrenia, 12009
psychopathology & narcissistic vulnerability & disregarded self, hyperaggressive children, implications for psychotherapy, 22196
psychopathology of narcissism, 14642
relevance of Jung's theory to theroy of narcissism in context of dispute between Freud & Jung, 27207
repetitive expression of hopelessness as resistance in psychoanalysis, 30 yr old narcissistic male complaining of no feelings, 22420
resistance & countertransference & narcissism & fantasies of sexual abuse, criticism of Freud's positions, 27798
role of US society in exacerbation of trends toward pathological narcissism & contribution of H. Kohut to understanding & treatment, 4316
self psychological theory & therapy & history & meanings of narcissism in psychoanalysis, 4320
self satisfaction & integration & narcissism in Tolstoy's "War and Peace", Prince Andrei as Tragic Man vs Guilty Man, 29528
theory of origins of autoeroticism by J. Laplanche, 11837
use of automobile as narcissistic extension of self, 20 yr old White male, 17839

Narcissistic Personality
categorization of emotional features of narcissistic personality disorder, 9338
characteristics & diagnosis & treatment of narcissistic personality disorder, discussion of theories of H. Kohut vs O. F. Kernberg, 17418
clinical application of E. Jacobson's work to normal & pathological narcissism in identity formation, 17848
conjoint therapy, couple with narcissistic & borderline disorders, conference presentation, 17954
conjoint therapy, narcissistic & borderline disorders, married couple, 9799
control & self esteem & feeling states, 13.5 & 15.5 yr old females with bulimia & narcissistic personality, case report, 27227
creativity & normal narcissism & creative blocks & narcissistic disturbances, college students, 14525
development of narcissistic personality & narcissistic ethics, 24721
diagnosis of narcissistic personality disorder using DSM-III vs system of O. Kernberg vs system of S. Akhtar & J. A. Thompson, 24706
fragile princess narcissistic personality vs borderline personality, implications for therapeutic strategy, 9361
growing up with controlling mother & absent father, inability to tolerate intimacy in adult relationships, adult male patients with narcissistic personality disorder traits, 15017
Jungian interpretation of C. F. Kane character's narcissistic personality in O. Welles's film "Citizen Kane" & relation to narcissistic patients, 24086
moralistic shadow concept & treatment of narcissistic disorder, conference presentation, 20292
narcissism through psychohistory, 35 yr old Hebrew male & 34 yr old Native American male, 30140
narcissistic personality & self analysis in psychoanalytic processes, clients who want to live vs need to survive, 25151
narcissistic personality disorders & theories of H. Kohut vs O. Kernberg, 11978
narcissistic resistance in psychoanalysis, 4329
non-mirroring mother & missing paternal dimension, female nightclub singer analysand with narcissistic disturbance, 17853
pathogenesis & nosology of borderline & narcissistic personality disorders, 3918
pathological psychosexual development & blocked symbolization, illustrative cases of 23 yr old & middle aged male narcissistic patients in analytical treatment, 12385
perspective of O. Kernberg vs H. Kohut on etiology & treatment & role of aggression in narcissistic personality disorders, 30 yr old male & 19 yr old female narcissistic patients, 25154
psychoanalysis, self structure & individuation & object relations, narcissistic female patient, case report, 30597
psychodynamic & psychotherapeutic treatment strategies, patients with borderline & narcissistic personality disorders, 20316
psychosocial fit between structure of religious cult group & needs of narcissistic personality, therapeutic use of idealizing transference in group psychotherapy, members of Divine Light Mission, 8951
psychotherapeutic processes, narcissistic personality disorders, 1792
requirements for successful treatment & O. Kernberg's vs self psychological treatment methods, severe narcissistic personality disorders, 7053
social isolation & rejection & forebodings of Holocaust & radical transformation of superego during adolescence, obsessions & narcissistic & masochistic problems, middle aged Jewish male, 25096
termination phase of psychoanalysis, female with narcissistic personality, 4363
termination phase of psychoanalysis, female with narcissistic personality, criticism of H. Warnes's study, developmental implications, 4319
theoretical & clinical approaches to psychodynamics & psychotherapy of patient with narcissistic personality disorder, O. Kernberg vs H. Kohut, 22393
therapeutic approach, phallic-narcissistic personality, young adult male, 15009
transsexual personal experience, implications for narcissistic hypothesis, 20041
use of confrontation in treatment resistances, patients with narcissistic & masochistic character traits, 30593
view of narcissism through psychohistory, comments on article by L. Golden, 30123
Narcoanalytic Drugs [See Amobarbital, Thiopental]
Narcolepsy
ambulatory monitoring & offline data analysis diagnostic system for narcolepsy, 52 yr old female & 64 yr old male, 10737
cataplectic attacks assessed by EEG, narcoleptic dogs, 13848
cholinergic receptor elevation in brain stem & reduction in forebrain areas, inbred narcoleptic doberman pinschers, implications for initiation of cataplexy & narcolepsy syndrome, 16401
clonidine & other psychopharmacological management, narcolepsy, 9938
concepts & assessment procedures & physiology & psychological management techniques, sleepiness, 17545
gamma-hydroxybutyrate, 27–65 yr old patients with narcolepsy, 15186
microsleep attacks, automobile accidents, drivers, conference presentation, 4205
narcolepsy, sleep-onset REM periods, polysomnographic variables, patients with mean age of 42.9 yrs, 17575
pharmacotherapy & supportive psychotherapy, 32 yr old male with coexisting paranoid schizophrenia & narcolepsy, 12309
Narcosis
ethanol & complete darkness & phase-shift in photoperiod, locomotor & cerebral activity & narcosis & water & food consumption, rats, 8583
inert gas narcosis, behavior before unconsciousness, literature review, implications for diving operations, 30387
intraseptal morphine vs naltrexone, pentobarbital-induced narcosis & hypothermia, male rats, 29409
Narcotic Antagonists [See Also Nalorphine, Naloxone]
acute & chronic buprenorphine, food intake, macaques, 29456
bremazocine, antinociception & opioid-induced constipation & catatonia & withdrawal, morphine-dependent rats, 16756
buprenorphine, cigarette smoking, male 24–32 yr olds with history of heroin abuse, 22173
buprenorphine vs morphine, maintenance of shock under shock titration procedure, male squirrel monkeys, 23959
cholecystokinin administered to lumbosacral spinal cord, opiate-mediated footshock analgesia, rats, conference presentation, 19440
chronic administration of naltrexone, spontaneous motor & sensorimotor behavior & ambulation & emotionality & nociception, rats, 5953
chronic treatment of increasing doses of morphine & naltrexone vs dextrorphan vs morphine sulfate, tolerance & sensitivity effects assessed by response rate to FR conditioning, pigeons, 11294
development of morphine & saline & naltrexone drug discrimination & discriminative stimulus effects of various opiate agonists & antagonists, pigeons, 16628
ethanol vs naltrexone, aggressive display, Siamese fighting fish, 23966
heroin with acute vs chronic naltrexone treatment, self stimulation of lateral hypothalamus & role of endogenous opiates, rats, 3326
icv methyl naloxonium chloride injection into ventral tegmental area vs nucleus accumbens, opiate receptor role in iv heroin self administration, male rats, 16820
icv methylnaloxonium chloride, heroin self administration, male rats, 21613
methylnaloxonium in lateral ventricle & ventral tegmental area & nucleus accumbens, heroin-induced locomotor activity, male rats, 21476
naloxonazine vs naloxone, feeding behavior & opioid receptor mechanisms, male rats, 16797
naloxone & opiate antagonist, social interactions & fearful/defensive behavior, male house mice, 16568
naloxone vs diprenorphine vs ketocyclazocine vs ethylketocyclazocine, punished vs unpunished food reinforced operant responding, male rats, 21498
naloxone vs morphine vs naltrexone immediately after training, hot plate learning, male albino mice, 8602
naloxone vs naltrexone & derivatives, apomorphine-induced stereotypical climbing behavior, male mice, 14039

naloxone vs naltrexone, intermittent footshock vs brief shock vs transpineal ECS vs tailshock induced helplessness & analgesia, young vs old Charles River vs Sabra rats, 21422
naloxone vs naltrexone, morphine-induced locomotor activity, hamsters, 14050
naltrexone & diprenorphine, liquid diet intake & body weight, adult squirrel monkeys, 13990
naltrexone & escapable vs inescapable shock, analgesia & escape behavior, male rats, 11229
naltrexone & forced intermittent cold water swim, stress-induced analgesia tolerance, male rats, 11298
naltrexone & morphine & beta-endorphin & peripheral effect of met- & leu-enkephalin, retention of inhibitory avoidance task, adult male mice, 29430
naltrexone & novel stimuli, spontaneous locomotor activity, hamsters, 5894
naltrexone, footshock-induced performance deficits in shuttle acquisition & pain sensitivity, rats, implications for role of opiate receptors, 16416
naltrexone injections into preoptic-anterior hypothalamus, stress-induced hyperthermia, rats, 3310
naltrexone, locomotor behavior, male mice, 5946
naltrexone sustained-release dose, duration of blood plasma levels, healthy male adults, 26639
naltrexone vs beta-endorphin, stress-induced hyperphagia, male rats, 16559
naltrexone vs methylnaltrexone & vagotomy, aversive vs positive motivational effects in brain & periphery in place preference & conditioned taste aversion paradigm, rats, 5741
naltrexone vs naloxone vs morphine vs fentanyl vs ethylketazocine, EEG slowing & skin-twitch reflex latency & miosis, female dogs, 26757
naltrexone vs progesterone, sexual receptivity, estradiol-treated female ovariectomized &/or adrenalectomized rats, 623
noise-induced stress, open field behavior & role of endogenous opioids as determined by effects of naltrexone vs diprenorphine vs morphine, male rats, 656
opiate antagonists, self injurious behavior & faulty attention, autistic infants, 25281
opioid antagonist ICI 174,864, 2-deoxydextroglucose-induced hyperphagia, rats, 19459
opioid antagonists ICI 154,129 vs ICI 174,864 vs agonist dextro-Ala2-dextro-leu5-enkephalin, food & water intake, male rats, implications for role of delta-opioid receptors in ingestive behavior, 23989
pretreatment somatization & stress & family support factors, rehabilitation outcome, 23–46 yr old naltrexone vs methadone patients in outpatient opiate addiction program, 18322
proglumide, opiate analgesia & reversal of morphine tolerance, rats, implications for role of cholecystokinin in opiate tolerance, conference presentation, 19513
tyr-MIF-1 tetrapeptides, analgesic effects of morphine, male albino mice, 29437
utility of naltrexone vs naloxone vs butorphanol vs nalbuphine vs pentazocine vs bupremorphine, treatment of opiate dependency, patients, 22780
Narcotic Drugs [See Also Apomorphine, Atropine, Codeine, Heroin, Meperidine, Methadone, Morphine, Opiates]
alternating day levo-alpha-acetylmethadol vs daily methadone maintenance, activity level & sexual behavior, male 28–40 yr old former opioid addicts, 22779
apomorphine dosages with vs without naloxone or levorphanol or dextrorphan, pecking & headshaking & preening behavior, pigeons, 3285
chronic treatment of increasing doses of morphine & naltrexone vs dextrorphan vs morphine sulfate, tolerance & sensitivity effects assessed by response rate to FR conditioning, pigeons, 11294
etiologic relationship between narcotic addiction & criminality, literature review, 30306
etonitazene choice testing with single vs repeated naltrexone injections, precipitated & spontaneous withdrawal indicating dependence & cross-tolerance to morphine in tailflick test, male rats, 19472
factors predictive of resumption of narcotic use, patients who left methadone maintenance program, 22782
frequency of nonnarcotic drug use, criminal activity, Black vs White male narcotic addicts, 27442
gradual decrease in opiate doses & simultaneous acupuncture, patients with narcotic addiction, 15451
handwriting analysis, diagnosis of narcotic addiction during narcotic intoxication vs "narcotic hunger", addicts in psychiatric treatment, 15455
implantation of morphine pellet, cross tolerance to normorphine & methadone & etorphine & icv morphine, male mice, 14034
long term use of low dosages of narcotic analgesic drugs, 18–61 yr old chronic pain patients, 1919
morphine & levorphanol injection into periaqueductal gray, analgesia & brain norepinephrine metabolism, rats, 14042
pain perception & postoperative consumption of narcotic analgesics, patients with analgesic nephropathy due to excessive phenacetin use, 12620
private vs semi private hospital room assignment, use of narcotic drug therapy, 18–71 yr old back pain patients, 7166
radioactive etorphine & naloxone binding to caudate nucleus opioid receptors in postmortem brains, schizophrenic patients, 14646
socioeconomic factors & health conditions & educational levels, narcotic drug abuse, comparison of 152 countries, 24805
world use of narcotic drugs & tobacco & coca & alcohol, reprint of 1853 article, 27117
Nasal Mucosa [See Olfactory Mucosa]
Nationalism
attitudes toward South Africa & Blacks vs Whites, Whites vs Asian Indians, South Africa, implications for work of W. G. Sumner & T. W. Adorno et al, 24271
degree of nationalism & personification of state or nation, English- vs French-speaking college students, Canada, 970
dual patriotism following independence in 1960, prolonged conflict between groups & lack of resolution, Greek vs Turkish ethnic group members, Cyprus, 1960–85, 29759
lifestyle & values & attitudes toward national issues, geographically identifiable cultural orientations, members of radio associations, Netherlands, 3567
national conflict, national loyalty & awareness of national identity & politics, 9–15 yr olds, Northern vs Southern Ireland vs Jordan vs Iraq, 3514
protection of sense of self, human developmental need to identify some as allies & others as enemies, 14242
Native Americans [See American Indians]
Natural Childbirth
hypnotic susceptibility & response to Lamaze method in childbirth, comments on article by M. V. Wideman & J. E. Singer, 22638
Lamaze childbirth preparation, labor & delivery outcomes, 20–35 yr old primiparas, 7344
reactions to transfer from midwife-run natural birth center during pregnancy vs birth vs postpartum, females questioned 1 wk vs 3 mo or interviewed 10–14 wks after giving birth, 25375
Natural Disasters
analysis of volcanic themes in dreams, psychotherapy & analysis patients, 7085
attribution of victim's responsibility for distress following natural disaster & personal obligation & sympathy & sociodemographic variables, helping behavior, 17–79 yr olds, Australia, 1140
impact & inventory & reconstruction phases of natural disaster, psychological stress & morbidity & grief, Australia, 2717
intervention model for quick & effective response to needs of victims of life threatening or stressful events, professional caregivers, 15324
mental health components of disaster relief, rural community members, 28086
mode of presentation & phenomenology & hypothesized etiological factors, unsolicited 11–73 yr old patients presenting for treatment after natural disaster, 14634
Mount St. Helens volcanic eruption, psychiatric reaction, 18–79 yr old residents of disaster area, 22118
posttraumatic emotional disorder, 7 yr old female earthquake victim, 6585
psychoanalytic view of crisis intervention & mass media, coping with earthquake, survivors, 1985, Mexico, 30873
response to mass emergencies, mental health, literature review, 9111

sampling strategy to obtain bereaved respondents for study of loss & coping responses following eruption of Mt. St. Helens, 23381
service provision in early phase of bushfire disaster, psychological & physical responses, volunteer mental health team, Australia, 2209
sleep disturbances & somatic complaints, 10–12 yr old victims of lightning strike disaster, 24584
Nausea
anticipatory nausea & vomiting & anxiety after completion of chemotherapy, 20–46 yr old male cured Hodgkin's disease patients, 22519
biobehavioral research on anticipatory nausea in cancer chemotherapy, 22513
incidence & characteristics & treatment of nausea & vomiting, teenagers during 1st trimester of pregnancy, 27529
paradoxical intention & exposure in vivo, psychogenic nausea, 29 yr old female & 26 yr old male, 6-mo followup, 4439
personality factors & anticipatory nausea/vomiting, cancer patients receiving chemotherapy, 20420
prevalence & somatic concomitants of anticipatory nausea & emesis, cancer patients receiving chemotherapy, 4480
stimulus deprivation & relaxation training, nausea & vomiting associated with hyperemesis gravidarum, 19 yr old female in 7th wk of gestation, 20366
systemic naloxone actions & role of endogenous opiates, nausea & vomiting in motion sickness, college students exposed to rotational motion stressor, 27498
Navigators (Aircraft) [See Aerospace Personnel]
Navy Personnel
age & race & educational level & occupation, incidence of physical & mental disorders, male Black vs White Navy personnel, 1974–79, 14558
age-specific hospitalization & disability & mortality rates for diving-related vs stress-induced & other disorders, Navy enlisted divers vs nondivers aged 17 yrs & older, 11872
assessment centre procedure, ratings agreement of suitability for training as Naval Officer, assessors, England, 20848
computerized vocational guidance system, Navy recruits, 23162
conventional vs computerized adaptive version of Armed Services Vocational Aptitude Battery, Navy recruits, 125
crystallized vs fluid intelligence in computer-managed mastery learning, Navy personnel who graduated vs failed tasks, 18470
development & utility of Naval Mental Health Information System, Navy outpatient mental health clinics, 62
development of automated Navy Mental Health Information System, outpatient mental health clinics, 7993
development of rating scale, identification of physical & cognitive & emotional & interpersonal requirements of athletic activities, US Naval Academy midshipmen, 20998
epidemiology of suicides, Merchant Navy, 1965–77, Finland, 17493
fleet readiness training using visual &/vs motion simulator capability, helicopter performance, Navy replacement pilots, 5047
flying experience & training command mishaps, Navy flight instructors, 13156
frequency & causes of accidents, Navy divers, 18692
implementation of multifunction information system, receptiveness of personnel & patterns of usage & impact on work performance & organizational problems, support & technical & managerial staff of Naval facility, 16034
mortality due to accidents vs poisonings vs violence, Black vs White naval personnel, 28663
occupational exposure to Otto Fuel II, morbidity & mortality rates, Navy torpedomen's mates, 2595
physical exercise & confinement in nuclear submarine, cardiorespiratory fitness & cognitive performance, male Navy crew members, 5742
predictive validity of pre- vs postdiscussion assessment center ratings, officer training suitability, naval candidates, England, 7799
Scientific Program of Aerobic & Resistance Training Exercises in Navy, optimal job performance & prevention of job-related injuries, Navy personnel, 5025
therapy groups, active duty Vietnam naval veterans, 9789
transdermal scopolamine, naval-related & cognitive test performance, 18–20 yr old male naval volunteers, implications for prevention of seasickness, 16640
Near Death Experiences
affective dissociation, persons who had experienced near death experiences or experienced hypnosis or were engaged in autogenic training, 2756
autoscopic & transcendental near death experiences, Chippewa Indians, 1820's, 24279
Book of the Dead & perspective on near death experiences & life after death, Buddhists, Tibet, 28851
clinical features of near-death experiences & cultural differences, survivors, India vs US, 18810
epidemiology & differential diagnosis of near death experiences, 7927
intervention, out of body & near death experiences & autoscopy & depersonalization & schizophrenic body boundary disturbances as altered mind body perceptions, conference presentation, 30502
metaphysical & physiological & psychological components of near-death experiences, comments on R. A. Moody's model of "life after life", 26095
near-death phenomena & out-of-body experiences, 5167
out-of-body & near death experiences & other evidence in current survival research, 20927
out of body experiences & near death experiences as evidence of life after death, 28853
satisfaction with & attitude toward life before & after near death experience, 31–75 yr olds, 28850
sudden vs anticipated near death incidents, transcendental vs affective vs cognitive experience, persons who reported Near Death Experiences, 3
Nearsightedness [See Myopia]
Neck (Anatomy)
atlanto-axial instability, individuals with Down's syndrome, recommendations for parents & educators, 1477
EMG biofeedback mediated muscle relaxation of neck, reduction of muscle contractions & pain, whiplash & osteoarthritis victims with cervico-brachial pain syndrome, 25219
Need Achievement [See Achievement Motivation]
Need for Affiliation [See Affiliation Motivation]
Need Satisfaction
age & sex, fulfillment of psychological needs by different games & sports, 3–14 yr old females vs males, 26940
attitudes toward social change & distance, sociogenic need satisfaction assessed by acceptance & rejection & dominance & submission & identification & cooperation & isolation, 15–17 yr old females, 29663
controlled delivery of cigarette smoke with vs without local airway anesthesia, cigarette craving & smoking satisfaction, smokers, 21897
demographic variables & satisfaction of social needs, adults, Poland, 1977–80, 17057
discriminant validity of Paragraphs About Leisure, measurement of satisfaction of psychological needs provided by leisure activity, stamp collectors vs naive college students, 29005
environmental boundry marking & human need satisfaction, 65–91 yr old psychiatric patients, implications for nursing, 22707
need for dress before vs after purchase, behavior & satisfaction, young females, 15954
social isolation & capacity to express needs, key helpers of amputees, implications for exploitation of females as caregivers, 7353
social networks, need for fulfillment & psychological & physical symptoms, aged hotel residents, 1-yr longitudinal study, 16978
Needs
archetypes of nature & political & artistic & therapeutic implications of need for "natural" beauty, 31556
attitudes on educational needs & programs & diagnosis of gifted students, regular & special teachers & principals & school psychologists, 12898
career in technology vs technical management, interests & needs & satisfaction, engineers, 2611
coded system, categorization & allocation of housing needs, disabled, 10147
concept of "instinctoid" in A. H. Maslow's theory of need, 16077
congruence levels & psychological well-being in microenvironments of same institution, elderly veterans, test of person-environment congruence model, 2107
contact & intimacy & need in transactional analysis, 7045

curriculum focusing on social & emotional concerns, self esteem & expression, learning disabled students, 13058
development of Infant Tenderness Scale, measurement of mother's perception of infant's physiological & contact needs, 15–32 yr old mothers, 13396
development of need for cognition, 10986
educational & emotional & physical & social & professional needs, staff & family caregivers for Alzheimer patients, 4217
emotional & physical health & family support systems & social service utilization & needs, home care, 28–85 yr old family caregivers of disabled & frail adults, 7352
emotional & social risk & developmental needs, children with learning disabilities, 20093
external vs self set goals & need achievement, individual differences in anagram performance, high- vs low-need female college student achievers, 24512
growth need strength, work motivation & productivity, government service organization employees, 31511
health care needs & utilization of benefits, female military veterans, 25352
health needs & utilization of medical services, deinstitutionalized 14–33 yr olds with severe developmental disabilities residing in intermediate care facilities, 4577
high vs low need for power & group conflict, physiological reactivity, college students serving as group members & leaders, 11187
high vs low need for power & high vs low gain in 3-methoxy-4-hydroxyphenylglycol, recall of story content, 16–29 yr old college students, 3211
incidence & needs & services provided, disabled residents, 2-yr followup, England, 12297
individual needs & personality correlates, self monitoring, college students, 30006
informational needs & actual information received regarding child's educational program, parents of severely emotionally disturbed & learning disabled & mentally retarded & multiply handicapped children, 2490
keeping track of another's needs, desired communal vs exchange relationship & opportunity for other to reciprocate, college students, 29941
leisure activity patterns & need attributes, male vs female college students & members of campus outing club & members of Sierra club, 21892
limited needs vs fitness maximization model, predictions of foraging behavior & allocation of time to hunting, Ache foragers, Paraguay, conference presentation, 3570
long term consequences of divorce, treatment needs, children, 1725
need configurations & motivations & pay equity & work autonomy & satisfaction, public school teachers, 7581
need for mother, psychological development, infants, 3517
need for power vs socialized vs personalized power, males vs females in nonmanagerial & professional occupations, 18701
needs & motives & judgment, 12–18 yr old specialized sport school students, implications for education, conference presentation, 29691
needs during acute vs chronic vs terminal phase of life threatening illness, hospitalized patients & their families, implications for nursing, 28188
needs for achievement & affiliation & power, female vs male organization managers, 15983
needs for care before nursing home admission, 71–90 yr olds, 15391
needs of humans as individuals vs as members of social & political groups, comments on political theory of C. Bay & H. Marcuse, 1955–83, 6249
perceived need for interpersonal resources, drug addicts vs alcoholics vs prostitutes vs motorcycle racers & medical patients & drug rehabilitation patients vs males from general population, 11868
perceived needs for training in psychiatric rehabilitation, vocational rehabilitation counselors, 2249
perception of diagnostic & treatment programs & needed services, parents of autistic & mentally retarded children, Poland, 6684
perceptions of medical & psychosocial & family relationship needs, neurologists vs parents of children with epilepsy, conference presentation, 12183
perceptions of meeting children's educational needs, parents of gifted preschoolers to 12th graders, 13071
perceptions of mental health needs & services & barriers to service provision, disability consumer advocates with & without severe physical disabilities, 22674
psychological needs & attribution of liberal vs conservative political stimulus objects, male college students, 9109
psychological/emotional & social/instrumental & medical/educational needs, lower SES mothers of asthmatic children, 17574
psychosocial fit between structure of religious cult group & needs of narcissistic personality, therapeutic use of idealizing transference in group psychotherapy, members of Divine Light Mission, 8951
role of professional nurse in negotiation of needs & provision of linkage to organizational resources, aged, 888
role perceptions & role of need for clarity & achievement & autonomy, work satisfaction & involvement, Black workers, South Africa, 5093
shift from remedial to student developmental counseling model, perception of mental health needs priorities, college vs graduate students vs college mental health staff, 4-yr followup, 18642
short term training & career development needs, alcohol counselors, 12796
spiritual needs & religiosity with respect to death & life, aged, gerontological nursing implications, 8820
time spent teaching, need for change & need to understand oneself & others & good personality & adjustment & sense of inferiority, teachers, 4812
treatment & educational needs & available services, emotionally disturbed & behaviorally disordered youths, 18599
worker effect &/vs ability &/vs work outcome &/vs family need, allocations of economic rewards to workers in hypothetical situations, male 12–13 vs 15–17 yr olds, Japan vs Australia, 24226

Needs Assessment

assessment of continuing education needs, activity therapists, 31087
assessment of needs for community psychiatric care, patients, England, 10046
assessment of needs in areas of self & home care & travel & recreation & writing & reading, rehabilitated blind veterans, 25553
completion of Child's Report form, participation in assessment by special team of need for extended residential care, 10–17 yr olds, 18188
concerns & needs assessment, circumcised females & their health care providers, US, implications for health care delivery, 12646
conflict of interest of commitment to needs of children with learning & adjustment problems vs role as Local Education Authority, educational psychologists, 18673
construct validity & reliability of Porter Needs Satisfaction Questionnaire, educators, 7768
construction of Community Residents Survey questionnaire, needs assessment of community competence & functioning, community residents, 23435
day hospital team vs referral source, needs assessment, elderly patients, 2093
demand models, forecasting alcoholism & drug abuse bed needs, 12767
determination of health protective behaviors & needs, 17–22 yr old female college students, 24239
development & reliability & validity of survey to identify rehabilitation & accommodation needs, long term patients in psychiatric hospital, UK, 13413
development of community-based procedure for smooth transition from school to work, severely disabled students, case study of 18 yr old moderately mentally retarded male, 22667
development of needs assessment of strategy, managers, 28731
difficulties in assessment & provision of educational services, gifted & handicapped, literature review, 2515
establishment of credibility of needs assessment surveys & impact on management development & training, 31454
factorial & construct validity of Science Teacher Inventory of Need, secondary school science teachers, Malaysia, 7739
financial issues & academic & environmental factors as potential sources of stress, Black college students aged 18–43 yrs, implications for counseling program development, 28600

home visits, identification of child's learning needs & ways for parents to participate, preschool & primary & special education teachers, 22975
identification of needs & decision making regarding referral of hospitalized patients to social work services, social workers & nurses & physicians, 15354
inservice nursing home training, residents' psychosocial needs, nursing aides, 28310
need for & acceptability of & attendance at evening vs day child health care clinics, families, England, 28076
need for method of evaluation of available social support, elderly patients & nurses, 22355
needs analysis in human resources development, achievement of organizational goals, 28768
needs assessment & design strategy & pilot evaluation & follow-through, assembly line production & technical training development, 5059
needs assessment & development of international business training programs, managers & property owners, US, 28722
needs assessment, development of clergy consultation service, 27–66 yr old clergy, 7391
needs assessment for outpatient treatment of bulimia, conference presentation, 12354
needs assessment instrument for career development system, 31488
needs assessment, rural economically disadvantaged elderly, 781
needs vs resources indicators, prediction of community Health System Agencies involvement in mental health board representation & planning development & project review, 20479
nominal small group process technique, campus needs assessment, college students, 23141
personal & social & academic & career needs, freshmen & sophomores at regional university vs liberal arts vs Black vs urban college vs technical institute, 15806
planning & methodological procedures, assessment of need for alcoholism treatment services, communities, 15461
prenatal & parenting behavior information needs, physicians vs pregnant adolescents, 30821
prevalence of gambling behavior among clients & its association with family & financial problems, social & legal & mental health agency personnel, 15318
problem of social insensitivity in technological needs assessment for policy making, families, 26980
reality therapy assessment handouts, evaluation of needs, clients, 30556
required job skills & training needs, recent counseling psychology graduates, 28279
resource allocation approach & development & standardization of Client Need Status Scale, need determination, mentally retarded adults in intermediate care facilities & community-based mental retardation environments, 18201
surveillance & investigation & analysis & evaluation, training needs analysis, 31431
survey of functional behavior for purpose of recommending residential accommodation & rehabilitation, adult long-stay psychiatric hospital patients, 18236
training needs, managers, supports findings of L. Bittel & J. Ramsey, 7836
types & frequencies & variety of needs in community, offenders, 10130
use of interviews in organizational needs assessment, 28788
validity & reliability of Level of Supervision Inventory classification instrument, assessment of rehabilitation needs & recidivism risk, offenders in halfway houses, 23416
validity of Child Behavior Checklist, screening for maladjustment & assessment of psychosocial needs, 6–16 yr olds with epilepsy, 24886
1981 Educational Act & role of educational psychology in assessing needs, children with substantial learning or adjustment problems, Great Britain, 18629

Negative Reinforcement
generalization training technique, exit from living unit during fire drill without panic, 26 yr old blind male with Down's syndrome, 25240
negative reinforcement vs reinforcement with vs without punishment, encopresis, 12 yr old female, 9859
positive vs negative reinforcement, aggressive verbal responses & work behavior, 18–34 yr olds in continuously programed group environments, 27137
positive vs negative verbal reinforcement, cognitive task performance, extraverted vs introverted college students, partial support for J. A. Gray's theory, 30004
termination &/vs postponement of aversive noise, small thumb twitches, college students, replication of experiment of R. F. Hefferline et al, 26293

Negativism
conceptual complexity as mediator of negative thoughts & affect, socially anxious college students, 19839
positive vs negative thinking, competence in achievement vs social interaction situation, college students, 27179
treatment structure, negativism & patterns of compliance in response to different types of requests, autistic children & 12.3–27.5 yr olds, 9680

Negotiation [See Also Bargaining]
alcohol intake, performance in negotiating situations, male college students, 23996
causes & prevention of international disputes & effective mediation techniques, 8925
common cognitive mistakes in negotiation in business & interpersonal & international relations, 27134
conflict resolution using cooperative normal-form games, adult Ss, 14429
consensus vs behaviorally based parenting groups, preference for reinforcement vs time out vs negotiation techniques, parents, 9–18 mo followup, 30674
conversational directive use in negotiation interaction, 29944
cooperative vs inverse reciprocity models, prediction of actions during strategic arms control talks, negotiators, US vs USSR, 1969–79, 29773
exchange strategy of influence vs logical persuasion, organizational negotiations, 5092
framework for analysis of negotiations for military base rights, US & Spain, 1975–76, 29760
implicit negotiations & organizational practice, workers, implications for social casework, 15322
manufacturers' coercive & noncoercive influence strategies & dealers' perceptions of manufacturers' power in marketing channels, automobile dealers, 25984
moderately high externally set constraint, profitability, equal vs high vs low power channel members, 31586
negotiated order perspective & early symbolic interactionist approaches, social organization & analysis of behavior in complex organizational situations, 19702
negotiation mismatching in unidimensional bargaining task, male vs female college students, 6345
negotiation of self & setting in nursing home, 10089
negotiation of self vs other vs group identities, ongoing group decision making, college students, 11727
organizational overlapping conflict cleavages & nonnegotiable conflict & natural resources, 7849
positive affect & visual access, process & outcome of bilateral negotiation, male college students, 21904
robustness of group decision vs bargaining solution theories, accurate outcome prediction of marketing channel lab simulation, business executives & graduate business students, 25983
structured hypothetical dilemma interview procedure, assessment of interpersonal negotiation strategies, middle class 11–19 yr olds, 29740
use of R. F. Ball's field diagrams & I. A. Taylor's creativity categories to analyze group dynamics, creative problem solving at Camp David Summit, delegates, 11729
verbal interactional analysis techniques, analysis of negotiations with perpetrators in hostage taking & barricades & suicide attempts, police psychological personnel & trainers, 13158

Negroes [See Blacks]

Neighborhoods
attitudes toward housing & neighborhood characteristics & desirability as places to live, White adults, 5145
cognition of homeground as experiential network, New York City residents, extension of I. Lee's sociospatial neighborhood concept, 28838
definition of neighborhood, urban residents, 31555

environment, drug involvement, inner city junior high school students, 29689
environmental knowledge & parental restrictions & distances & number of friends & participation in organized activities, neighborhood activity range, 6 vs 10 yr olds, Sweden, 6102
evaluations of residential neighborhoods & strengths of causes attributed to traffic accidents, perceptions of traffic accident risk to 2–10 yr olds, 18–54 yr old parents, Sweden, 7903
extended family & local council & district hospital & specialized institutes in neighborhood mental health care delivery, Peoples Republic of China, 18181
government urban homesteading program, neighborhood confidence & more-stay decisions & house repair expenditures, urban residents, longitudinal study, 31573
group homes & time of sale & distance, neighborhood property values, mentally retarded, 10035
high population density & commercial development & building density, neighborhood satisfaction & safety, Chinatown residents aged 18 yrs & older, implications for development planning & policy, 20908
home & school & neighborhood environments & parental attitudes, intelligence & educational performance, 7 & 10 yr old elementary school students, 7649
improved access to & interaction with friends & relatives & recreational facilities by means of neighborhood walk, social-emotional functioning, 7 vs 10 yr olds, 11476
local disorders levels & neighborhood diversity, discriminant validity of territoriality & attachment to place & contextual determinants of attachment, heads of households, 26046
maintenance of viable block & neighborhood organizations based on open-systems framework, members & leaders of active vs inactive block groups, 9098
neighborhood & peer opinions & participation in street culture activities, drug involvement, inner city junior high school students, 29688
neighborhood age concentration & age peers in social network, well-being, elderly residents, 14244
neighborhood attachment on cul-de-sacs vs through streets, female residents, implications for I. Altman's territorial theory, 5139
neighborhood newspapers vs leaders & educational level & socio-economic characteristics, agenda setting & definitions of issues, neighborhood residents, 26955
neighborhood revitalization programs, housing costs & established social patterns, 65 yr olds & older vs younger householders, 2723
neighborhood social work practices in health & social services, Italy, 12688
number & relative intimacy & spatial distribution of social relationships, female residents from ethnically homogeneous vs heterogeneous city neighborhoods, 17043
rates of population growth, neighboring patterns & social support, residents of conventional vs mobile home households in small western towns, 17034
reduction in government expenditures & neighborhood planning organizations in low income urban areas, 15224
religious participation, beliefs about neighborhood norms & participation in neighborhood activities, residents from neighborhood communities, 24268
social & cognitive & affective components of neighboring, literature review, 3689
Nembutal [See Pentobarbital]
NeoFreudian School [See Neopsychoanalytic School]
Neonatal Development
alcohol drinking during 1st trimester vs entire pregnancy & level of consumption, neonatal neurobehavioral characteristics, low SES mothers & their newborn infants, 27520
atypical fetal growth patterns, performance on Brazelton Neonatal Assessment Scale, neonates with gestational ages of 37–42 wks, 16931
beneficial effects of supplemental tactile & auditory & vestibular & gustatory & multimodal stimulation, preterm infants, literature review, 25358
cocaine, pregnancy & neurologic behavior of newborn, female users of cocaine &/vs narcotics vs methadone enrolled in perinatal-addiction program, 24756
development of nonnutritive sucking during active sleep, 30–35 wk old healthy preterms, 19601
dexamethasone injected on postnatal day 4, spatial distribution of synaptic EPs in dentate gyrus afferents & spatial stimulus response functions, rats, 21619
exposure to methadone in utero, behavior, neonates assessed at 19–96 hrs & 19–37 days of age, 14552
Freudian concept of protective shield against stimulus, sensory receptiveness & development, neonates, 6048
growth & development during 1st 18 mo, preterm infants, 3381
neonatal antecedents of attention deficit disorder & very low birthweight, psychological functioning, 2 yr olds, 19569
neonatal monosodium glutamate, opioid analgesia following beta endorphin vs enkephalin, postnatal rats, 26634
neonatal vs adult exposure to testosterone vs estradiol with vs without castration vs ovariectomy, intermale aggression, male vs female mice raised in same-sex litter, 26745
psychoanalytic theories of M. Klein & psychological & spiritual & physical transformations, mother & infant in 3.5 mo after birth, 29555
psychoanalytic view of early deficits & integration of psychic structure, conference presentation, 3508
Neonatal Disorders [See Also Amaurotic Familial Idiocy, Cleft Palate, Crying Cat Syndrome, Downs Syndrome, Klinefelters Syndrome, Phenylketonuria, Turners Syndrome]
alcohol drinking during 1st trimester vs entire pregnancy & level of consumption, neonatal neurobehavioral characteristics, low SES mothers & their newborn infants, 27520
alcohol use during pregnancy, neonatal physical anomalies & size & behavior, disadvantaged females with vs without history of alcohol abuse & their newborn infants, 27230
development of neonatal oral-motor assessment scale, correlation of oral-motor functions & feeding histories & measurement of sucking activity & identification of dysfunctions, at risk 35–46 wk olds, 27505
fetal-newborn complications, motor & cognitive deficits, high risk premature & mature infants tested at 1 yr, 27610
ratings of cause & severity of child's condition & emotional adaptation, degree of behavioral self blame, mothers of infants with perinatal complications, 22335
Neonates
ability to detect relational invariants & perceive stimulus elements as single pattern of figures, newborns, 8691
access to pacifier, behavioral state & motor activity, preterm 2–9 wk olds vs full-term neonates, 16966
age of mother & SES & access to health care, pregnancy outcome & newborn & infant mortality, mothers under 16 to over 20 yrs old, 30823
alcohol drinking during 1st trimester vs entire pregnancy & level of consumption, neonatal neurobehavioral characteristics, low SES mothers & their newborn infants, 27520
amount of contact with newborns, self esteem & subsequent caretaking responsibilities, fathers, 14311
analysis of indicators of early distortion in mother-child relations, mothers interviewed during pregnancy vs immediately vs 6 wks vs 3 mo after birth, 8987
analysis of tension releasing function of crying, neonates, 16871
anticonvulsive drugs & consequent corticosteroid treatment, 10 day through 12 month olds with infantile spasms, 7282
attainment & maintenance of lateral head position, healthy term neonates, 14129
automatic adaptive segmentation & comparative quantitative characterization of trace alternant & REM sleep in EEG, full term neonates, 3370
beginning of playing interaction through cutaneous contacts, mothers & their 0–6 mo olds, 8822
behavioral variability, mother-child interactions, neonates, 1-mo followup, 24107
benefit-cost analysis of screening program for phenylketonuria detection, newborns, 20438
benign familial neonatal seizure syndrome, 4.3 & 1.8 yr old sisters with low normal intelligence or mental retardation, case report, 27517
cocaine, pregnancy & neurologic behavior of newborn, female users of cocaine &/vs narcotics vs methadone enrolled in perinatal-addiction program, 24756

combined home- & center-based transdisciplinary team early intervention program, developmental goals & learning motivation, 4 wk to 3 yr olds with moderate to severe disabilities, 2513
concerns about baby & themselves & husbands & children, mothers of high risk vs normal newborn infants 2 & 6 wks after infant's hospital discharge, 30062
convergence of information from behavior & temperament reports on individuality, 1st born infants at 1 & 3 & 9 mo, 14220
correlations among measures of infant temperament in 1st mo of life, newborns & their 19–33 yr old mothers, 16188
criticism of interrater reliability procedures for Brazelton Neonatal Behavioral Assessment Scale, normal neonates & neonates of mothers with diabetes or hypertension, 2879
development & evaluation of Borgess Interaction Assessment, screening & identification of psychosocial risk, infants assessed at birth & 1 mo & 1 yr of age, 10841
development of neonatal oral-motor assessment scale, correlation of oral-motor functions & feeding histories & measurement of sucking activity & identification of dysfunctions, at risk 35–46 wk olds, 27505
development of sensory processes, neonates, 21720
developmental limitations of sensory input, perceptual organization, newborns, literature review, 8798
discrimination of chromatic vs achromatic stimuli, 1–6 day olds, 21678
discrimination of mother's from stranger's face, neonates with mean age of 45 hrs, reprint, 29602
early intervention in hospital setting, psychotic mothers & their infants, 30956
EEG, premature infants, 6–8 mo followup, 3369
epidural analgesia, instrumental birth delivery & prolongation of labor & maternal satisfaction & neurobehavioral effects, newborns & their mothers, literature review, 30801
evaluation of home- & center-based early intervention program, handicapped 6–142 wk olds, 2488
exposure to methadone in utero, behavior, neonates assessed at 19–96 hrs & 19–37 days of age, 14552
factor analysis of Brazelton Neonatal Behavioral Scale vs nurses' perception of behavior, 3–4 day olds, 2923
general anesthesia & ECT & chlorpromazine delivered during pregnancy, patient's psychotic symptoms & fetal development, 33 yr old psychotic female & her newborn, 22390
growth & development during 1st 18 mo, preterm infants, 3381
infant identification program for identifying hearing loss using high risk hearing register, newborns, 12194
infant-mother olfactory communication, infants & their mothers, 8673
initial pattern of newborn handling, new mothers vs female nursing students during 1st day at hospital nursery, implications for assessment of maternal attachment, 14325
intrauterine exposure to polychlorinated biphenyls from fish consumption, birth size & gestational age & behavior, newborns whose mothers were vs were not exposed, implications for later development, 30413
level of death threat, attitudes toward stillbirth & perinatal grief, obstetricians, 4764
level of knowledge about newborn's visual ability, 16–39 yr old mothers, 11609
maternal age & parity & social class, perinatal & neonatal mortality, mothers, Scotland, 1960 vs 1971 vs 1981–82, 20147
maternal language & elaboration of success identities, mothers & their 1–10 mo olds, 8889
maternal sensitivity & quality of attachment, neonates to 1.5 yr olds, US vs West Germany, replication of study by M. D. Ainsworth et al, longitudinal study, 6125
maternal use of alcohol, fetal talipes equinovarus, pregnant problem drinkers & their neonates, 4139
moving vs static presentation of behavior, imitation, newborns with median age of 4 days, 16962
neonatal care & interdisciplinary support group, parent interactions with their children & staff, parents of high risk neonates, 15245
neonatal intensive care unit opened to parents vs traditional unit, maternal behavior, mothers & their infants, 4665
neonatal pain cries & circumcision, acoustic features & perception of urgency neonates & adult listeners, 26851
neurodevelopmental consequences, neonates born with hypoxic-ischemic encephalopathy, 3–5 yr followup, 12267
neurodevelopmental examination, early diagnosis of cerebral palsy & mental retardation, retrospective analysis of medical records of infants under 1 yr old, 1975–82, 14544
neurological functioning at 40 wks gestational age, low birth weight infants born at 23–27 vs 28–31 vs 32–36 wks gestational age, 27650
neurological vs behavioral gestational age assessments, evaluation of muscle tone & motor function, neonates, 2829
neuromotor development & abnormalities, infants at 4 & 8 & 12 & 24 mos old who had been in neonatal intensive care, 12181
obstetric medications, physiological responses & behavior, neonates, 30702
parental behavior directed toward newborn & toward each other, prediction of later behavior with children, mothers & fathers, 9017
patterns of caffeine consumption before & during & after pregnancy & effect on infant, females, 9081
post delivery mother-infant contact, attachment behavior, primiparous mothers & infants, 1021
pre- & postnatal perception of infant temperament, 22–38 yr old mothers vs fathers, 6163
predictive validity of optimality vs complication scales, behavioral assessment, infants tested 48 hrs after birth, 150
prenatal exposure to lead with resultant congenital lead poisoning with seizures & treatment, female neonate, 14832
prenatal learning of preference for mother's voice, neonatal competence, neonates, 8740
quantitative vs clinical sucking behavior measures, diagnosis of alcohol & smoking effects, neonates, 2921
recognition of mother's vs father's axillary odors, 2 wk old breastfed vs bottlefed neonates, 8656
recovery from circumcision, plasma cortisol & sleep patterns, 2–3 day old males, 1989
reliability & validity of screening procedure, mental development, children up to 3 yrs old, 18929
response-contingent learning in early intervention, profoundly retarded & multiply handicapped infants between ages 0–12 vs 13–24 vs 25–36 mo, 7134
rhythmicity of face-to-face dyadic interaction, 18–35 yr old mothers & their term vs preterm infants 36 & 76 hrs after birth, 26981
role in infant car restraint system promotion & prenatal car safety programs, perinatal caregivers, 31049
safety & cost effectiveness of low risk deliveries in hospital-based birthing center vs traditional medical center, newborns assessed at birth & 24 & 72 hrs, 10122
salience of rotation & translation movement as stimulus & extraction of shape information from stationary vs moving stimuli, 7 hr to 11 day olds, 3463
significance of speech to neonates, hospital personnel, 769
simultaneous presentation of brief tone & mild tap between eyebrows, amplitude of eyeblink, infants aged 17–58 hrs vs college students, 26791
sleep state organization & EEG patterns & home environment & caregiver-infant interactions & IQ, premature infants tested at term date & up to age 8 yrs, longitudinal study, 26809
sleep state organization, full-term vs preterm vs small-for-gestational-age neonates, 3470
social vs nonsocial models, exact vs partial imitation of gestures, 2 vs 12 vs 14 wk olds, implications for model of nonselective behaviors & attributed imitation, 8756
spontaneous startle activity, normal & healthy 1–2 day olds with many obstetric complications & prenatal malnutrition, 14160
state & antecedent stimulation, modulation of acoustic cardiac reflex, neonates, 6033
tactile/kinesthetic stimulation, sleep/wake behavior & activity level & weight gain, preterm neonates, 24150
temperament, infant twin pairs assessed as neonates vs at 6 mo, 19689
temperamental disposition, attachment behavior, 1st born infants from birth to 12 mo of age, longitudinal study, Japan, 17004
tonal stimuli, cochlear echoes as acoustic emissions, adults & full term neonates, 19324

traveling costs & other factors, visitation of newborns in prolonged intensive care, inborn vs out-of-town parents, 6-mo longitudinal study, 10084
tritan discriminations, 1 vs 2 mo olds, 14192
unanticipated primary cesarean section, emotional adjustment & relations with infant & infant behavior 1 mo postdelivery, mothers & their infants, 28039
validity of scoring systems of PREMIE vs Brazelton Neonatal Behavioral Assessment with vs without additional preterm items, low birth weight preterm infants in acute & recovery stages of cardiorespiratory illness, 16184
vestibular stimulation through waterbed flotation, approach & avoidance behaviors, premature infants, 15251
visual EP in: response to counterphase grating stimulation, measurement of grating acuity, 1–53 wk olds, 29631
world view & information, development of self awareness & differentiation of self from others, neonates & infants, 17012
Neonates (Animal) [See Infants (Animal)]
Neonaticide [See Infanticide]
Neophobia
aversion conditioning & neophobia to opposite novel flavor using sucrose vs casein hydrolysate as test stimuli, male rats, 13726
caffeine, taste aversions & neophobia & mimetic behaviors & locomotor activity, female rats, 29489
footshock & reinforcement, nonassociative learning in T-maze, male mice, evaluation of predictions of reinforcement & neophobia-arousal theories, 5787
hypobaric hypoxia, task neophobia, rats, conference presentation, 591
locus ceruleus lesion & REM sleep deprivation, neophobia & open field behavior, male rats, 19408
neophobia & preexposure to flavor, conditioned saccharin aversion, weanling vs young adult vs old female rats, 13738
neophobia, spontaneously hypertensive vs normotensive rats, 5593
phenylquinolines vs tracazolate, basal corticosterone levels vs corticosterone responses to novelty stress & activity of GABA-benzodiazepine receptor complex, male rats, 23963
pretraining access to saccharin vs distilled water vs saline & saccharin vs water with lithium chloride, conditioned taste aversion & neophobia, water deprived rats, 29192
putative anxiogenic compounds & exposure to novelty stress, plasma corticosterone concentrations & GABA-benzodiazepine receptor activity, male rats, 24011
taste aversion & food neophobia & Darwinian fitness, wild vs random bred vs inbred vs hybrid mice, 19215
Neoplasms [See Also Benign Neoplasms, Brain Neoplasms, Breast Neoplasms, Endocrine Neoplasms, Leukemias, Terminal Cancer]
accrual & attrition of Ss in study of psychosocial & coping responses, patients with advanced lung cancer, 4167
aftereffects of megavoltage radiation therapy for medulloblastoma, patients, literature review, 2011
amitriptyline treatment, development of acute cerebellar syndrome, depressed 58 & 65 yr old male & female patients, 7234
anxiety & depression due to vs not due to cancer, self ratings on anxiety & depression & somatization, cancer patients 18 yrs old & older, 9602
anxiety & nausea & vomiting before vs during vs after chemotherapy, 17–81 yr old cancer patients, 12571
aspects of psychosocial adjustment to cancer, literature review, 12200
associations between depression & cancer of pancreas, 63 yr old male, 9195
attitudes toward hypnosis & relaxation & beliefs in & willingness to try behavioral procedure, outpatient cancer chemotherapy patients vs college students, 15096
baseline anxiety levels, prediction of behavioral therapy outcome, 18–79 yr old cancer chemotherapy patients, 12507
behavior analytic approach to treatment, cancer & acute leukemia patients, implications for behavioral medicine & health psychology, 1891
behavioral management program, behavioral distress, 3.5–7 yr old cancer patients undergoing painful medical procedures, 4432
behavioral medicine in counseling, patients with cancer, 2063
biobehavioral research on anticipatory nausea in cancer chemotherapy, 22513
brief school based cancer education workshop, knowledge of & attitudes & concerns toward peer with cancer, 1st vs 3rd vs 6th graders, 28650
causal analysis of personality & stress & cancer & cardiovascular disease, conference presentation, 22250
causal attribution & adjustment, early vs advanced stage female cancer patients & their spouses, 12202
causes & diagnosis of psychiatric morbidity in cancer patients, implications for training of doctors & nurses, 12238
chemotherapy & neoplastic disease, acquisition of learned taste aversions, adult & pediatric cancer patients & animal models of drug-induced aversions, 15121
coffee drinking & cancer lifestyle warnings, coffee consumption, adult coffee drinkers, 12650
compliance with treatment guidelines in cancer care program, physicians & nurses & allied health professionals, 28181
construction of Emotional Distress Scale, evaluation of emotional distress, 22–87 yr old patients with malignant blood diseases, 5351
coping levels, Jewish cancer patients, Israel, 9608
death from malignant neoplasms, psychiatric hospital patients, Cuba, 30132
decision to choose laetril & skepticism & alienation from medical establishment, cancer patients, 4466
degree of mental & physical suffering & stage & primary site of disease, cancer patients who committed suicide, Sweden, 1973–76, 12170
Delphi technique, identification of perceptions of cancer patients' needs & priorities, staff of community-based outpatient treatment center, 12676
demographic & social characteristics, cancer patients who committed suicide, Sweden, 1973–76, 12171
development of method for rating cognitive responses to diagnosis of cancer 3 vs 6 vs 9 vs 12 mo postdiagnosis, 18–70 yr olds with breast cancer or lymphoma or Hodgkin's disease, 12246
dexamethasone suppression of ACTH, lung cancer patients, 30367
diagnostic characteristics of tuberous sclerosis & relationship to production of mental retardation, 7 yr old female diagnosed at 7 mo, 1580
differences in adjustment & distress & social dependency, lung cancer vs heart attack patients, 30382
dreams & somatic reality as metaphor for development of cancer, Freud's patient, 25132
dynamics of single session group therapy, cancer patients in acute care hospital, 18238
ego oriented & goal directed short term group treatment, coping skills & understanding, cancer patients & their families & friends, 17967
evaluation of workshop to increase knowledge about & understanding of childhood cancer, 23–58 yr old elementary & high school teachers & guidance counselors & school nurses & teachers' aides, 25745
experience in counseling cancer patients & their families, attitudes toward cancer, 3rd-yr medical students, 15503
experimental tumor development, aversion to novel vs familiar diet, male rats, 11207
family characteristics & coping behavior, feelings of hopelessness, 8–16 yr old cancer patients, 14801
gross medical regimen noncompliance, 3–18 yr old cancer patients, 30498
health locus of control beliefs & expectations of treatment efficacy, short term psychological adjustment, 18–86 yr old newly diagnosed cancer patients, 30428
health locus of control, response to muscle relaxation & biofeedback, 18–69 yr old cancer chemotherapy patients, 1871
history & functioning of parent consultant in pediatric oncology unit, consultant & parents of pediatric cancer patients, 15378
hypnosis, pain relief, 44 yr old female cancer patient, 12603
hypnosis vs relaxation training vs systematic desensitization, conditioned aversions to chemotherapy, cancer patients, 20275
hypnotherapy, pain management & mood & quality of life, burn patients & terminally ill cancer patients, 30795
imagery techniques in psychotherapy, cancer patients, 27815
interpersonal & organizational & institutional roles of parents & role of health care professionals, self help groups, parents of children with cancer, 15074

laryngectomy, physical & mental & social health status, 33–74 yr olds with cancer of larynx, 7328
level & nature & prevalence of psychosocial distress, oncology outpatients, 4128
lifestyle & social &/vs psychological factors, prediction of length of survival & time to relapse, patients with unresectable cancers vs melanoma vs breast cancer, 12177
mianserin, females with cancer & situational major depression, conference presentation, 30714
neuroendocrine & hormonal & immunological processes & mediation of psychological factors, psychobiological model of cancer, 12258
neurological & cognitive disturbances, 21–26 yr old patients with arachnoid cysts in anterior & medial cranial fossa, 24932
neuroticism, patients with hypertension vs cancer, India, 30473
obstructive sleep apnea syndrome induced by oral cyst, 47 yr old male, 12158
occupational risk factors, female & male patients with primary lung cancer, Italy, 24872
occupational therapy intervention, 22–87 yr old cancer inpatients with metastatic disease, 7475
parental cancer, coping skills & acting out behavior, 13–17 yr olds in family therapy, case report, reprint, 25208
parental cancer, coping skills & acting out behavior, 13–17 yr olds in family therapy, case reports, comments on article by D. K. Wellisch, reprint, 25164
participation in self help group, parents of children with cancer, 4372
pathogenesis & treatment of mental disorders, patients with malignant neoplasms of maxillofacial area, 6748
pediatric psychosocial oncology, bibliography, 4108
perception of problems children encountered on return to school, parents of children with cancer, 15779
personality & coping styles, tolerance for pain in hyperthermia treatment, 24–70 yr old cancer patients, 22633
personality & psychosocial & situational factors, tumor thickness & prognosis, 18–72 yr old patients with cutaneous malignant melanoma, 9629
personality & psychosomatic factors, cancer, literature review, 1519
personality factors & anticipatory nausea/vomiting, cancer patients receiving chemotherapy, 20420
personality structure, cancer patients, 1505
physical health status & social environment, depression, lung cancer patients & their spouses, 4135
prevalence & somatic concomitants of anticipatory nausea & emesis, cancer patients receiving chemotherapy, 4480
prevalence of major depression & usefulness of dexamethasone suppression test & thyrotropin-releasing hormone stimulation test in diagnosis, 20–86 yr old gynecological cancer patients, 22249
preventive group intervention, knowledge & feelings toward sibling's cancer, 7–12 yr old siblings of oncology patients, 28045
prolonged depressive symptomatology as result of missed laboratory diagnosis, 28–35 yr old females with delayed diagnosis of cervical cancer, 1683
psychoactive medication, pediatric oncology patients, 4522
psychodynamics & personality factors, cancer, 9581
psychological & behavior risk factors, increased cancer rate, Black adults, US & other countries, 22268
psychological adjustment & cancer outcome, criticism of S. Levy's study, 14807
psychological reactions & coping mechanisms, cancer patients & their families & physicians & nursing personnel, 20199
psychosocial & behavioral & biomedical dimensions of etiology & pathology & clinical course of malignant neoplasms, 12161
psychosocial & organic predictions of incidence of lung cancer & cardiac infarct & apoplexy, 40–71 yr olds, Yugoslavia, 10-yr study, 12208
psychosocial aspects of cancer & coping & treatment, ill children & their families, literature review, 22338
psychosocial impact of cancer, 19–64 vs 65–86 yr old patients, 14830
psychosocial intervention & psychotherapy, cancer patients, 7041
psychosocial or psychobiological factors, delay in seeking medical attention & tumor development & prognostic indicators & disease progression, patients with malignant melanomas vs cardiovascular disorders vs hamsters, 12287
psychosocial variables in refusal of cancer treatment, 13–17 yr olds & their mothers, 4551
Public Law 94-142 & implementation of individual education plan, students with cancer, 23056
quality of life, cancer patients, review of research, 12186
radiation treatment &/vs surgery, sexual function, 24–54 yr old females with cervical cancer, 9991
rarefaction vs condensation stimuli phases, auditory nerve & brain stem auditory EPs, patients with acoustic neuroma or multiple sclerosis, 6822
rational stress & dimethylnitrosamine administration, methyltransferase synthesis & tumor development, female rats, 29416
rationality & antiemotionality as risk factors, prediction of mortality from cancer & ischemic heart disease & stroke, Yugoslavia, 1966–76, 9542
reallocation of roles & psychosocial environment, cancer patients & their families, ongoing longitudinal study, 12295
region of birth & risk of lung cancer, male & female lung cancer patients, Italy, 24873
relaxation & imagery & hypnotherapy, treatment of cancer, bibliography, 7140
religious issues, 23–70 yr old hospitalized cancer patients seen in psychiatric consultation, implications for comprehensive care for cancer patients, 12257
role assignment & conflicts & marital communication & family environment, cancer patients & their spouses with children at home, 5-mo followup, 22340
role of interdisciplinary team in hospital discharge to independent living, 52 yr old female rehabilitating from esophagus cancer, 7411
severe hyperprolactinemia induced by prolactin & growth hormone secreting pituitary adenoma, penile reflex activity & blood hormones, male rats, 21441
severity of anxiety & depression & problems in receipt of accurate information/communication, 25–74 yr old cancer vs surgical ward patients, 1571
size of human figure drawing & scores on Goodenough-Harris Drawing Test, 6.1–9.5 yr old oncology patients vs schoolchildren vs general pediatric surgery patients, 20218
sleep architecture, self reported good vs poor sleepers receiving radiation for lung cancer, 12279
smoking behavior, 21–75 yr old patients with neoplasms vs endocrine vs blood vs circulation vs respiratory vs digestive vs genitourinary disorders, 24949
social casework, geriatric cancer patients & their children, 2058
social support counseling, emotional & social & physical functioning, newly diagnosed lung cancer patients & their significant others, 7008
spontaneous regression of cancer & transference in psychoanalysis, cancer patients, 7028
stress & behavior patterns in psychobiological model of cancer, 12204
stress & coping mechanisms, social workers & their cancer patients & families, 15312
support group therapy vs medical education vs coping skills training as psychosocial interventions, cancer patients, literature review, 7149
therapeutic play group, knowledge of & compliance & coping with illness & treatment & hospitalization, 2.5–12 yr olds hospitalized with cancer, 22708
thioridazine, serum prolactin level & occurrence of prolactin secreting pituitary chromophobe adenoma, male 42 yr old with paranoid schizophrenia, case report, 28004
training of testicular self examination, continuation of cancer detection skills, 25–35 yr old males, 6-mo followup, 22613
transient global & partial amnesia, 47 yr old female with meningioma of right temporal lobe, 9582
treatment of cancer pain, patients with acute & chronic cancer pain, 17719
unconscious negative transference & contagion of death in psychoanalytic group, cancer patients, 22450

urologic cancer treatment, sexual functioning, implications for sexual counseling, 10002
use of psychotropic drugs, cancer patients, 27966
validity & reliability of quality of life index, measurement of satisfaction with nursing care & personal control, cancer vs diabetic vs colostomy patients, 13452
vestibular & otoneurological functioning, 15–75 yr olds with acoustic neuromas, conference presentation, 1649
visible physical impairment resulting from cancer treatment, psychosocial adjustment, pediatric patients, 2002
Walker 256 carcinoma-induced anorexia, central catecholamine levels, male rats, 16490
Neopsychoanalytic School [See Also Individual Psychology, Jungian Psychology]
contribution of E. Erikson to expansion of psychoanalytic theory in direction compatible with A. Adler's individual psychology, 26114
Neostigmine
flavors paired with apomorphine vs scopolamine vs methscopolamine vs physostigmine vs neostigmine, chin rub CRs & flavor avoidance, male rats, 29475
scopolamine vs atropine vs physostigmine vs neostigmine vs amphetamine, cholinergic & aminergic mechanisms in inhibitory conditioning, rat pups, conference presentation, 11322
Nerve (Accessory) [See Cranial Nerves]
Nerve (Acoustic) [See Acoustic Nerve]
Nerve (Facial) [See Facial Nerve]
Nerve Cells [See Neurons]
Nerve Endings [See Also Baroreceptors, Chemoreceptors, Mechanoreceptors, Neural Receptors, Photoreceptors, Proprioceptors, Synapses, Thermoreceptors]
chronic stress vs stress with exercise, age-related changes in end plate of diaphragm & hindlimb muscles, male rats, 13906
procedure for determination of aminooxyacetic vs valproic acid induced changes in GABA levels in neural nerve endings, rats, 26152
Nerve Tissues [See Myelin Sheath]
Nerves (Adrenergic) [See Adrenergic Nerves]
Nerves (Cholinergic) [See Cholinergic Nerves]
Nerves (Cranial) [See Cranial Nerves]
Nerves (Peripheral) [See Peripheral Nerves]
Nerves (Spinal) [See Spinal Nerves]
Nervous Breakdown [See Mental Disorders]
Nervous System [See Also Acoustic Nerve, Adrenergic Nerves, Amygdaloid Body, Auditory Cortex, Auditory Neurons, Autonomic Nervous System, Axons, Baroreceptors, Basal Ganglia, Brain, Brain Stem, Caudate Nucleus, Central Nervous System, Cerebellum, Cerebral Cortex, Cerebral Ventricles, Chemoreceptors, Cholinergic Nerves, Cones (Eye), Corpus Callosum, Cranial Nerves, Dendrites, Diencephalon, Dorsal Roots, Extrapyramidal Tracts, Facial Nerve, Frontal Lobe, Ganglia, Geniculate Bodies (Thalamus), Globus Pallidus, Gyrus Cinguli, Hippocampus, Hypothalamo Hypophyseal System, Hypothalamus, Inferior Colliculus, Limbic System, Mechanoreceptors, Medulla Oblongata, Mesencephalon, Motor Cortex, Motor Neurons, Myelin Sheath, Nerve Endings, Neural Analyzers, Neural Receptors, Neurons, Occipital Lobe, Olfactory Nerve, Optic Chiasm, Optic Lobe, Optic Nerve, Parasympathetic Nervous System, Parietal Lobe, Peripheral Nerves, Photoreceptors, Pons, Proprioceptors, Pyramidal Tracts, Receptive Fields, Reticular Formation, Rods (Eye), Sensory Neurons, Somatosensory Cortex, Spinal Cord, Spinal Ganglia, Spinal Nerves, Superior Colliculus, Sympathetic Nervous System, Synapses, Telencephalon, Temporal Lobe, Thalamic Nuclei, Thalamus, Thermoreceptors, Trigeminal Nerve, Vagus Nerve, Visual Cortex]
B vitamins, nervous system & mental & physical disorders, literature review, 24579
B vitamins, nervous system, criticism of literature review by D. A. Bender, 24583
electrophysiology & peripheral & central neural events in generation of olfactory mixture suppression, spiny lobster, 21290
genetics & food search behavior & central excitatory state, blow flies, 16396
predictors of survival & normal neurodevelopmental outcome, infants weighing 1000 g or less at birth tested at 6 & 9 & 12 & 18 & 24 mo postnatal age, 27666
scopolamine vs physostigmine, higher nervous system activity & physiological responses, college students, 5876
5-HT, renal nerve activity in desynchronized sleep state, decerebrated cats, 16522
Nervous System Disorders [See Also Acalculia, Agraphia, Alcoholic Psychosis, Alzheimers Disease, Ataxia, Autonomic Nervous System Disorders, Brain Concussion, Brain Damage, Brain Disorders, Brain Neoplasms, Cataplexy, Central Nervous System Disorders, Cerebral Palsy, Cerebrovascular Accidents, Chorea, Convulsions, Delirium Tremens, Dyskinesia, Encephalitis, Encephalomyelitis, Epilepsy, Epileptic Seizures, Gilles de la Tourette Disorder, Hemiplegia, Huntingtons Chorea, Hydrocephaly, Hyperkinesis, Korsakoffs Psychosis, Meningitis, Minimal Brain Disorders, Movement Disorders, Multiple Sclerosis, Muscular Dystrophy, Myasthenia Gravis, Neuromuscular Disorders, Neurosyphilis, Organic Brain Syndromes, Paralysis, Paraplegia, Parkinsons Disease, Peripheral Nerve Disorders, Petit Mal Epilepsy, Picks Disease, Presenile Dementia, Quadriplegia, Sclerosis (Nervous System), Senile Dementia, Toxic Psychoses]
advances in study of motor development & motor problems, children, 27577
autogenic training & time of day, subjective vs objective finger skin temperature, patients with neurodystonia, 9861
Bender Visual Motor Gestalt Test for Young Children, psychodiagnosis of brain disorders, children with neurological diseases & learning disabilities, 4127
catecholamine excretion & autonomic disorders, disease severity & affective & motor disturbances, patients with acute vs abortive vs severe alcoholic delirium, 9378
characteristics of hepatic encephalopathy, 24896
cognitive function impairment, 35–78 yr old patients with motor neuron disease, 14829
congenital trypanosomiasis, 22 mo old infant, UK, case report, 27608
cranial nerve palsy induced by lithium therapy, 27 yr old male with manic depression, 25326
CSF & plasma arginine vasopressin concentrations, 2–82 yr old patients with neurological & psychiatric disorders, 1238
differential diagnosis of neuroleptic malignant syndrome following neuroleptic drugs, febrile patients, 30427
difficulty in driving due to disorder or interpretation of information from vestibular system, 43–62 yr olds, 22313
dissociation of pursuit vs optokinetic systems, neurological disease patients, 20116
dorsal root entry zone thermocoagulation, phantom arm phenomena, nonamputee male 18–62 yr olds with cervical root avulsions & brachial plexus injuries, 25368
drug addiction, neuronal damage & intellectual impairment, 17–36 yr old polydrug addicts, 12116
ECT, cognitive & behavioral deficits & focal left-sided body signs, depressed 62 yr old female, 6938
EEG findings, 45 & 42 yr old male & female siblings with neuroacanthocytosis, case report, 24920
EMG cutaneous reflex response from tibialis anterior or 1st dorsal interosseous muscles, 7–15 yr olds with hemiplegia or spinal cord compression or acute vs myalgic encephalomyelitis or learning disabilities or sacroid granulomatosis, 12272
evaluation of behavioral motor deficits in neurotoxicity screening, conference presentation, 24981
evaluation of psychomotor development program, brain injured 3.5–6.5 yr olds with severe motor or multiple disabilities, 13097
evolution of diagnostic approaches to learning disabilities & role of neurological & cerebral dysfunction, 9459
factor pattern of WAIS-R & relationship to Luria-Nebraska Neuropsychological Battery Intelligence Memory & Motor Scales, neurologically impaired patients, 28951
frequency & nature & treatment of pain, 59 yr old male with motor neuron disease, 22311
gluten-free diet & vitamin E, spinocerebellar degeneration & malabsorption due to celiac enteropathy, 47 yr old male, implications for etiology, 20422
group language therapy, 3–4 & 15–17 yr olds with combined language & motor difficulties, 4082
growth promoting gangliosides, neuronal development & treatment of neurological diseases & brain injury, comments on study by B. A. Sabel, 24019

hypernatremic dehydration, 1.5 & 2.5 & 15 yr olds with severe psychomotor retardation, 17620
immunoreactive theory & sex differences & family genetic/environmental background & pregnancy complications, selective affliction with neurodevelopmental disorders, males, 25 comments & authors' reply, 30397
impact of previous drug treatment & hospitalization & possible neurological disorder, motor disorders, 54–87 yr old psychiatric inpatients, 22013
incidence & doubtful significance of nonstandard orientations of key for Aphasia Screening Test, epileptics & patients aged 16 yrs & older with confirmed & outpatients referred for neurological disorders, 14819
incidence of neurological dysfunctioning, 7–14 yr old children of schizophrenic parents, Israel vs Denmark, replication of study by D. Rosenthal & S. Nagler, 6554
incidence of neurological soft signs, psychiatric patients, implications for diagnosis, 1283
movement disorders, 2 mo–3.5 yr olds with borderline neuropsychic disease, 9565
neurological & neurodevelopmental problems, 10 yr olds diagnosed at age 7 with minimal brain vs motor perception dysfunction vs attention deficit disorder, 3-yr followup, 4134
neurological & neuropsychological status & educational/intellectual functioning & psychiatric diagnosis, 14–18 yr old incarcerated delinquents, 17471
neurological dysfunction, children at risk for schizophrenia, Israel, 5-yr followup, 3881
neurological illness & psychogenic disturbance, child & adolescent neuropsychiatric inpatients, 18246
neurological soft signs & cognitive impairment, schizophrenic patients with good vs poor outcomes, 9281
neuromotor development & abnormalities, infants at 4 & 8 & 12 & 24 mos old who had been in neonatal intensive care, 12181
neuropathy & myopathy & response to treatment, 17 yr old female with bulimia nervosa & 16 yr old male with anorexia nervosa, case reports, 25344
neuropathy with dementia & retinitis pigmentosa & dysautonomia, 59 yr old female & other family members, 20217
neuropsychological assessment of peripheral neuropathy & cerebral atrophy & intellectual impairment, males 61 yrs & younger with alcoholic nervous system damage, 1438
neurotic effects of exposure to organic solvents, patients, literature review, conference presentation, 30460
neurotoxic properties of excitatory amino acids & neurodegenerative disorders, literature review, 17666
neurotoxicity of organic solvents, implications for research, literature review, conference presentation, 30465
panic attacks manifesting as focal neurologic symptoms, 20–50 yr old outpatients, 22038
pathophysiology of endogenous opioid peptides, neurological disorders of basal ganglia, 24980
penicillamine treatment, schizophreniform psychosis, 22 yr old female with Wilson's disease, 9924
persistent vegetative state as sequelae of chronic progressive neurologic disorders, 54–85 yr old inpatients, 27685
piracetam, depth of consciousness loss & psychic function recovery, patients with acute viral neuroinfections, 4517
population at risk & clinical precautions & diagnosis & treatment with bromocriptine & dantrolene, neuroleptic malignant syndrome, 22565
problems of description & definition & classification & assessment & intervention, motor impairments, preschool age children, implications for cerebral palsy & apraxia, 27578
psychoanalytically oriented psychotherapy, patients with combined psychological & neurological disorders, 17841
role of cyclic nucleotides in mental & neurological disorders, comments on review by G. C. Palmer, 11890
role of cyclic nucleotides in neurological & psychiatric disorders, comments on review by G. C. Palmer, 11899
role of cyclic nucleotides in psychiatric & neurologic disorders, 11884
role of cyclic nucleotides in psychiatric & neurologic disorders, comments on review by G. C. Palmer, 11885
role of cyclic nucleotides in psychiatric & neurologic disorders, comments on review by G. C. Palmer, 11859
self image & image of others & institutional & social integration, handicapped adolescents with cerebral motor disabilities, 7719
severe language impairments & some motor impairment, communication success, children & young adults, 6 case reports, 4089
simple & relaxation & cognitive tasks, 8–10 yr old males with psychomotor dysfunctions, extension of cardiac component analysis technique, conference presentation, 20339
somatosensory-cerebral EPs, 18–65 yr old males with impotence with vs without systematic &/vs neuropsychiatric symptoms, 1555
spontaneous & positional nystagmus & caloric reactions & vertigo, 12.8–67.8 yr olds with vestibular neuronitis, 1-mo & 1-yr followups, conference presentation, 1640
symptoms & course of illness, 15 & 20 yr old sister & brother with Hallervorden-Spatz's disease, 4208
symptoms & neuropathology & prevalence in adults, Schilder's encephalitis, patients, 4095
thermal thresholds, 36–73 yr olds with motor neuron disease, 24922
verbal comprehension & perceptual organization & cognitive differentiation, learning disabled vs neurologically impaired 6–11 yr olds, 24824
visual analysis/synthesis & construction of geometric figures, spastic 7–9 yr olds, 9588
visual EPs & visual acuity, neurologically normal vs abnormal premature infants, 12260
Nervous System Neoplasms [See Brain Neoplasms]
Nest Building
aggressive & spacing behavior, distribution of nest sites & reproductive fitness, female blue grouse, 5582
bower building as indicator of dominance & quality as mate, male bowerbirds, 5584
construction of silk nests, 2 species of ants, 23729
data collection methods, reproductive & nesting & fledging behavior, cliff swallows, 417
exposure to novelty stress during pregnancy & environment following parturition, maternal behavior & time spent in nest building & nursing, female rats & their offspring, 13898
food storing behavior, social organization & nest building behavior, male MacGregor's bowerbird, 5628
foreign objects & pseudo-eggs in nests, ring-billed & California gulls, 23700
initial display tendencies & nest building & fighting behaviors, prediction of dominance contest outcomes, male Siamese fighting fish, 3100
nest site in relation to objects, clutch predation, snowy plover, 5623
ovariectomy & subsequent ecdysteroid decrease, dominance & nest building & egg laying behavior, female primitive social wasps, 29374
philopatry & site tenacity & mate fidelity, sandpipers, 5-yr study, 415
progesterone priming with vs without nest-building experience, later progesterone-induced incubation, ring doves, 11316
single vs paired parent care, reproductive roles & acquisition of nest site & production of clutches, male vs female snow geese, 21266
value of resource & fighting ability & size, aggressive interactions of females for nest sites & nest building materials & of males for dominance & females, yellow-rumped caciques, application of game theory prediction, 29245
Netherlands
altruistic vs cooperative vs individualistic vs competitive social motive, behavior in social dilemma game, college students, US vs Netherlands, 14467
analysis of Dutch version of Rotter's Internal-External Locus of Control Scale, 10798
attraction & discrepancy & intensity of delivery of message from leader of Socialist vs Liberal party of Parliament, attitude change, Socialists vs Liberals, Netherlands, 6271
behavioral therapy, implications for government policy, Netherlands, 12520
birth in Zeeland & sex & living distance from power plant & political affiliation, attitudes toward civil use of nuclear power, 19–65 yr old Zeeuwen Ss, Netherlands, 17139
color preference & verbal response bias & tendency toward red, humans, Netherlands, 19057
comprehension of "big" & "tall" & "long" in judgment task, 3–4 vs 4–5 yr olds, England vs Netherlands, 29609

conflicts regarding language & work & education & family & recreation, young adult 2nd generation Spanish immigrants, Holland, 11597
development of continuing education program, general practice physicians, Netherlands, 31036
development of interactive computer simulation of social security system, Netherlands, 21856
dichotic presentation of Dutch words, hemispheric lateralization & 2nd language proficiency, near- vs nonbilinguals, Netherlands, 5710
factor structure of Nurse's Observation Scale for Inpatient Evaluation, assessment of psychiatric nursing practice, short term psychiatric patients vs long term psycho-geriatric patients, Holland, 23425
independence & conformity, social science students, Netherlands, replication of S. E. Asch's study, 1138
individual differences in spelling strategies for orthography of verbs, 16–18 yr olds, Netherlands, 21632
inner city leisure resources, Netherlands, 18695
inservice emphasis, program for counselor education, teacher-counselors, Netherlands, 25751
legal & psychological aspects & process of divorce mediation, Netherlands, 15048
legislation, attitude toward production & distribution & marketing of child pornography, Netherlands, 24367
lifestyle & values & attitudes toward national issues, geographically identifiable cultural orientations, members of radio associations, Netherlands, 3567
mental health care offered by RIAGG, Netherlands, 12677
mortality in mental hospitals, long-stay patients, Netherlands, replication of cohort study by R. Giel et al, 18242
need for research into geographical aspects of physiological aging & behavior, Netherlands, 19562
offering of public health care system, clinical psychologists, Netherlands, 20473
organizations & policies for foreign adoptions, Southeast Asian children & their adoptive parents, Holland, 14305
overview of care system with emphasis on behavior modification, individuals with developmental disabilities & mental retardation, Netherlands, 9826
parental rearing behavior & attitudes as measured by Swedish inventory, parents, Australia vs Denmark vs Hungary vs Italy vs Netherlands, 29815
participation in tin recycling program, 20–65 yr old females, Netherlands, 15952
perceptions of labor violence & negotiation over nature of colonial power, Dutch elite, 19th–20th centuries, Sumatra, 29903
perceptions of parental emotional warmth & rejection & protection, adults, Australia vs Denmark vs Italy vs Netherlands vs Sweden, 27010
spontaneous use of Dutch verbs "ask" & "make known" & "tell," young children, Netherlands, 8749
treatment delivery services, learning disabled adults, Denmark vs Netherlands, 12317
word finding problems, 2 yr old male, implications for child lexical organization & form & meaning acquisition, Netherlands, 818

Neural Analyzers

frequency dependent directionality of ears & neuronal frequency tuning & binaural response properties in inferior colliculus, sound location, mustache bats, 29272

Neural Development

ability to bang 2 blocks together at midline following onset of duplicated syllable babbling, 4.8–8.7 mo olds, implications for development of cerebral dominance, 8775
absence of brain vasopressin, brain development & behavioral defects, Brattleboro rats, conference presentation, 19305
adrenalectomy during development, brain hyper- vs hypomyelination, rats, replication of S. L. Preston & F. A. McMorris's study, 21452
alcohol exposure during pregnancy, formation of functional neuronal networks in developing nervous system, humans & rats, 20194
autoradiograms & tritum-labeled thymidine, study of neurogenesis, rhesus monkeys, 541
biologic mechanisms of cerebral lateralization & development of asymmetrical nervous system, literature review, 5678
cerebral hemispheric growth pattern variance, growth patterns of other cortical regions & development of special talents &/or deficiencies, 13798
changes in synaptic & neuronal & glial cell densities & in synapse/neuron ratio in hyperstriatum ventrale, 0–4 day old chicks, implications for learning process of imprinting, 13787
chronic administration of ACTH, brain development, rats, 8555
chronic administration of naltrexone, spontaneous motor & sensorimotor behavior & ambulation & emotionality & nociception, rats, 5953
complex vs social vs isolated rearing environments, morphology of spine synapses in occipital cortex, male rats, 8484
cortical neural response to dynamic random dot stereograms lacking depth cues other than disparity, monkeys, conference presentation, 3167
development of cooperatively coupled cell assemblies in visual cortex, mammals, conference presentation, 3172
development of lateral & basomedial & basolateral nuclei of amygdala, 1–28 day old kittens, 8418
development of visual-motor coordination, males vs females, 817
early postnatal dietary sodium chloride deprivation, behavioral taste preferences & chorda tympani nerve responses, adult rats, 26567
electrical stimulation of noradrenaline containing neurons in locus ceruleus, restoration of neuronal plasticity of visual cortex, juvenile & adult cats, 19398
ethanol, embryonic development of sensory & spinal cord neurons, chick embryos, 8530
evolutionary psychiatry & triune brain, 16415
exposure to intense & permanent odor stimulus during juvenile development, neural activity of olfactory bulb & neuronal response to odor stimulation, 10–35 day old mice, 16464
growth of fibers from intact pyramid into spinal gray matter, recovery of manual dexterity, monkeys with unilateral pyramidal lesions, 26611
growth spurts in child's brain & mental development, criticism of H. T. Epstein's phrenoblysis phenomena, 840
high frequency stimulation of perforant pathway & long term synaptic enhancement, hippocampus in vitro phosphorylation of protein F1, rats, 21431
impact of alterations in neuropeptides & similarity to effects of perinatal psychotropic drug exposure, brain development, literature review, conference presentation, 29389
impact of molecular components in normal & abnormal neural development & relationship to Down's syndrome, conference presentation, 17520
ip vs intracerebral injections of kainic acid into hippocampus vs entorhinal cortex, drug-induced epileptic symptoms & development of limbic system, rats, conference presentation, 29373
maternal phenylketonuria induced by parachlorophenylalanine & phenylalanine or phenylacetate, retarded brain development, rat pups, 26698
mating behavior & effect of estradiol & progesterone on lordotic responsiveness, genetically obese male Zucker rats, evidence for deficient sexual differentiation of brain, 5648
monocular visual deprivation, cells in lateral geniculate nucleus, infant monkeys, 5748
neonatal parietal vs frontal & parietal lobe lesions, cortical morphogenesis & behavior assessed by maze learning & sensorimotor task performance, rats, 23921
neonatal surgical closure of naris, development of olfactory bulb, rat pups, 11241
neonatal visual cortex ablation, density & size of retinal ganglion cells, rabbits at 3 vs 4 vs 8 mo old, 21469
neurological functioning at 40 wks gestational age, low birth weight infants born at 23–27 vs 28–31 vs 32–36 wks gestational age, 27650
perceptual & performance variables in brain behavior relationship & neurodevelopmental differences in brain organization & hormone variability, males vs females with learning disabilities, 14769
perinatal exposure to soy lecithin, brain cell maturation & sensorimotor development, rats, 26557
pheromone in feces of maternally-behaving female rats, physiological & neurological development, rat pups, 26475

postnatal development of sensory influences on neurons in ventromedial hypothalamic nucleus, 1–2.5 day old vs adult rats, 5662
pre- & postnatal exposure to methylazoxymethanol, ECS thresholds & locomotor activity & neuronal development, pregnant rats & their offspring, implications for developmental model of neurotoxicity, conference presentation, 29433
prenatal alcohol exposure, body & brain weight & development, mice, 3275
prenatal diazepam exposure, functional deficits & neural alterations measured by auditory function & restraint stress tests, rats & their offspring, conference presentation, 29439
prenatal ethanol exposure, development of perforant pathway to dentate gyrus assessed by anterograde horseradish peroxidase, rats, conference presentation, 16609
prenatal malnutrition or environmental stress, development of sexually dimorphic nucleus of preoptic area, rats, 8385
prenatal through neonatal exposure to ethanol, development of olfactory bulb, mice, 11325
rearing under red illumination for 1st 3 mo of life, color discrimination at 5 mo of age & increment threshold spectral sensitivity at 1.4 yr, monkeys, 23879
recovery & neural reorganization assessed by dichotic listening & tachistoscopic visuo-perceptual tasks, 11 yr olds with congenital left vs right brain damage, 20216
reopening eye after monocular deprivation, size of neurons in primate lateral geniculate nucleus, infant monkeys, 5749
responses of segment of primary visual cortex, monocularly deprived vs normal rabbits, 13937
size of cells in lateral geniculate nuclei, monkeys from age 8 days to adulthood, 5684
thiamine deficiency, development of neuropathological lesions & comparison with Wernicke's syndrome in chronic alcoholism, 20265
time constants & gains, vestibulo-ocular reflex from primary nystagmus, 2 mo to 11 yr olds vs 18–31 yr olds, 26801
transection of brachium of superior colliculus, early representation of temporal retina assessed by retrograde transport of horseradish peroxidase, hamsters, 19413
unilateral naris occlusion, development of olfactory bulb dopamine & norepinephrine levels & behavior, rat pups, 21440

Neural Lesions

dorsal supraoptic decussation lesions before vs after monocular training, interocular transfer, pigeons, 19404
fluphenazine vs lesions of dopamine pathways, bombesin-induced locomotor & floor & rearing activity, male rats, 21394
measurements made from walking tracks, evaluation of functional condition of sciatic nerve trunk following damage, rats, conference presentation, 5225
natural copulation vs artificial vaginal stimulation & pelvic neurectomy, pupil diameter, female rats, 21464
normal vs kanamycin-poisoned guinea pigs vs cochlear lesioned humans, suppression of tones of click evoked compound action potential, 21399
pronase-induced lesions of giant interneurons in ventral nerve cord, wind-evoked escape response, cockroaches, 5794
vestibular compensation following placements of posterior vermectomy & uvulonodulectomy, squirrel monkeys, 16529

Neural Pathways [See Also Afferent Pathways, Corpus Callosum, Efferent Pathways, Fornix, Limbic System, Medial Forebrain Bundle, Optic Chiasm, Optic Tract, Reticular Formation]

acute ethanol intoxication, dopamine turnover & serotonin neurotransmission in nigrostriatal & septohippocampal pathways, C57Bl vs Balb/c mice, conference presentation, 16678
automated methods for assessment of retinotectal function, 23364
blue cones & pathways with vs without transient tritanopia, wavelength discrimination & contour-rendering properties, 517
brain stem lesions, conditioned nictitating membrane response, rabbits, 13943
discrimination of eye of origin of monocular stimulation, stereodeficient Ss, 24865
distribution of ipsilateral retinocollicular projections, tree shrew, 26487
electrical stimulation of inferior dire & reversible lesions of climbing fiber inputs to cerebellum, Purkinje cell activity in flocculus, cats, 26560
evidence for different visual systems in perception & imagery, patients with impaired visual perception & imagery due to bilateral posterior cerebral lesions, 17617
eye transplants & lesions of ventral optic pathway & midbrain/hindbrain junction & telencephalon, impact of visual system on skin camouflage reaction, salamanders, 13939
feeding to satiety, nucleus tractus solitarius neural activity & behavioral responsiveness to glucose or fruit juice or sodium chloride or quinine, male monkeys, 23840
hypothalamic dopaminergic pathways in thermoregulation, literature review, 29282
hypothetical view of brain activity & interrelationships in spatial orientation, 13800
impact of visual pathways in reading, male 79 yr old with alexia without hemianopia, 17512
injection of arginine vasotocin into pineal recess, decreased 5-hydroxyindoleacetic acid levels in raphe dorsalis nucleus & induced slow wave sleep, cats, 537
lesions of ascending noradrenergic projections from nucleus locus ceruleus, severe ethanol intoxication behavior & convulsive vs nonconvulsive withdrawal behavior, male rats, 26597
lesions of dorsolateral funiculus spinal pathway, pain suppression mechanisms in phasic vs tonic pain, rats, 619
lesions of hypothalamic circuits, gonadal regression induced by short-day photoperiods, male golden hamsters, implications for circadian control of pineal gland & melatonin production, 21455
lesions of serotonergic pathway induced by 5,7-dihydroxytryptamine, alpha adrenoceptor activity assessed by binding in cortex & hippocampus & hypothalamus, male rats, 21460
lesions to descending serotonergic pathways & intrathecal administrations of 5,6-dihydroxytryptamine, initial vs late nociception in formalin vs tailflick tests, male mice, 19441
lesions to mesencephalon &/vs trigeminal sensory pathway vs neurotoxin injections into dopaminergic system, food intake & body weight, rats, 3261
manipulations of gustatory & olfactory & visceral pathways, taste & odor & flavor aversion conditioning, vertebrates, 13730
model of neural network for spatial memory & images, 11156
model of neural networks that encode visuospatial information for storage & reconstruct mental images from storage, 11141
muscimol administered to substantia innominata & lateral preoptic region, locomotor activity, rats, 16810
neural network model of multistable perception, 23553
neural pathway from substantia innominata to mesencephalic locomotor region, locomotor component of adaptive behaviors, rats, 531
neural pathways & cellular basis of ocullar mediated control of flight, adult locusts, 11167
neuroanatomical projections from striate cortex, visual system, tree shrew, 13811
nulling "real" against opposed "apparent" motion, examination of neural movement channels, 26311
Octanoate during visual or somatosensory stimulation, activation of brain pathways, rats, implications for brain anatomy, 5927
organization of projections from raphe nuclei to neocortex, male rats, 3165
origins of V1 to V4 projections from striate to prestriate cortex, rhesus monkey, 23841
relationship between & characteristics of visual pathways mediating stereopsis vs binocular rivalry, 29303
right vs left arm velocities of motor & sensory conduction of median & ulnar nerves, right vs left handed 20–22 yr olds, 13832
segmental differences in pathways between lateral & medial giant escape command axons vs nongiant fast flexor motor neurons, crayfish, 530
sensorimotor interactions, primary somatic sensory cortex & area 5 of association cortex, monkeys, 8403
stochastic model of neural networks, 16217
stress, brain noradrenergic activity, literature review, implications for stress-induced disorders, 13801
transection of septo-hippocampal to hypothalamus pathway & inhibitory avoidance training, beta-endorphin-like immunoreactivity, rats, 617

transfer of information between neighboring retinal areas following presentation of spatially limited optical stimuli, examination of local character of spatial frequency channels, 25–27 yr olds, 23564
Neural Receptors [See Also Baroreceptors, Chemoreceptors, Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors, Thermoreceptors]
activation of diazepam & chlordiazepoxide receptors in amygdaloid complex, anxiolytic effects & analgesia, rats, 24040
acute clonidine before vs during vs after methylphenidate treatment, plasma growth hormone & 3-methoxy-4-hydroxyphenelethylene glycol levels & receptor sensitivity, male 8.8–13.2 yr olds with attention deficit disorder & hyperactivity, 18063
adenosine transport sites in thalamus & hypothalamus & superior colliculus, rats, 504
adrenalectomy, localization & differential regulation of brain & pituitary receptors for corticotropin releasing factor, rats, 620
affinity for binding at sigma opioid vs phencyclidine receptor site, male rats, 14023
age differences in opioid receptor system & function of endogenous opioid pain inhibitory system activated by shock, 5–24 mo old male rats, 8389
age, serotonin concentrations in postmortem brains & serotonin receptors, 17–100 yr olds, 555
alpha-adrenergic receptor agonists vs antagonists, duration of tonic immobility, chickens, 16652
alpha-2 adrenergic receptors, antinociception & prevention of drug-induced writhing response & displacement of clonidine from binding sites, male mice, 3304
anatomical distribution of substance P & substance P receptors in CNS, rats, 547
anticholinergic agent tolerance & decrease in acetylcholine agonists, increased binding to muscarinic receptors in brain & motor inhibitory actions of pilocarpine, male rats, 16703
antidepressant drug therapy & role of neuronal activity in postsynaptic membrane regulation, conference presentation, 4526
antidepressant drugs, binding & interaction between alpha & beta adrenergic receptors, male rat brain slices, 16758
antidepressant drugs, histamine-H_1 receptors, rats & guinea pigs, 16646
apomorphine vs SK & F 38393 vs pergolide vs LY 171555, dopamine D-1 & D-2 receptor involvement in circling behavior, lesioned male rats, 11205
benzodiazepine binding site heterogeneity, literature review, conference presentation, 29276
benzodiazepine binding site interactions of CGS 9896 & CGS 8216 in areas of brain, male rats, conference presentation, 29388
benzodiazepine receptor agonists & antagonists & inverse agonists, GABA benzodiazepine receptor binding, conference presentation, 29436
benzodiazepine receptor antagonist Ro 15-1788, analgesia induced by morphine, squirrel monkeys & mice, 19422
benzodiazepines & their metabolites, binding affinity to benzodiazepine receptor & anti-anxiety activity, male rats, 16734
benzodiazepines, mechanisms of action at receptors & food & water & sodium intake, literature review, 3282
beta carbolines at benzodiazepine receptors, anxiolytic or anxiogenic activity, mice, 8610
binding of corticosterone & dexamethasone assessed by number & affinity of cytosol receptors in in vitro hippocampus & hypothalamus, male vs female rats, 21331
changes in cholinergic muscarinic receptors in postmortem brain samples, elderly patients with Alzheimer's disease &/vs multi-infarct dementia, 12265
characteristics of brain muscarinic cholinergic & opiate & beta-adrenergic receptors, alcoholics, 20064
cholinergic receptor elevation in brain stem & reduction in forebrain areas, inbred narcoleptic doberman pinschers, implications for initiation of cataplexy & narcolepsy syndrome, 16401
chronic administration of oxotremorine or methylatropine, muscarinic receptor plasticity in frontal cortex, 3–6 vs 9–12 vs 27–30 mo old male rats, 16750
chronic caffeine, adenosine vs benzodiazepine receptor vs adenosine uptake sites in brain, adult male mice & pups of females started on caffeine 1 day postconception, 16706
chronic clorgyline vs amfonelic acid, density or dissociation constant of tritiated spiperone binding to cortical beta-adrenergic vs striatal dopamine receptors, male rats, 16715
chronic haloperidol followed by peptides in withdrawal phase, response to apomorphine & striatal tritiated spiroperidol binding, male rats, implications for treatment of tardive dyskinesia, 16560
chronic insulin injections, haloperidol-induced increases in dopamine receptors assessed by spiperone binding to striatal membranes, male rats, implications for insulin coma therapy in schizophrenia, 21549
chronic nicotine administration, adrenergic & muscarinic binding sites in cerebral cortex vs corpus striatum vs hypothalamus/thalamus vs brain stem vs heart ventricles, male rats, 26759
chronic treatment with cholecystokinin, midbrain dopamine neurons, male rats, conference presentation, 19514
cimetidine vs chlorpheniramine vs naloxone injections into nucleus accumbens or stria terminalis, morphine-induced locomotor hyperactivity, male mice, 14026
clomipramine & housing stimulation of striatal serotonin receptors, voluntary intake of ethanol, rats, 3284
cocaine, acoustic startle & relationship to dopamine receptors, male rats, 16606
computer analysis of digitized autoradiographs, dopamine & serotonin binding sites in basal ganglia or neocortex, male rats, 11139
concentration of trazodone & its metabolites & isomers in brain areas & receptor binding as indicator of anxiolytic action at benzodiazepine vs alpha-2-adrenergic receptor sites, male rats, implications for mechanism of therapeutic action, 29476
conditioned suppression &/vs electric footshock & naloxone injection, pain threshold & opioid receptor activity, mice, 3233
cyclo-glycyl analog of prolyl-leucyl-glycinamide, avoidance behavior & neuroleptic-induced dopamine receptor supersensitivity & tolerance, rats, conference presentation, 5884
determination of differential location & function & pharmacological action of muscarinic receptor subtypes in frontal cortex, rats, 23817
dextro-ala2-dextro-leu5-enkephalin vs tetra-des-leu5-enkephalin vs pentapeptide & morphine, analgesic effects assessed by hotplate & tailflick & writhing tests, male rats, 16786
diazepam, self rated sedation & saccadic eye velocity & plasma cortisol & growth hormone levels & attention & memory as measures of benzodiazepine receptor sensitivity, normal 21–38 yr olds, 30274
diazepam vs premazepam followed by leptazol, binding of hippocampal & cerebellar benzodiazepine receptors, male rats, 21557
digital subtraction autoradiography, location of serotonin & dopamine receptor sites in forebrain, rats, 7984
dopamine agonists & antagonists with different D-1 & D-2 receptor selectivity, male rats with bilateral lesions, implications for Parkinson's disease, 16454
dopamine antagonist SCH 23390 vs neuroleptics of different chemical structures, D-1 &/vs D-2 receptors, mice & rats & rabbits & guinea pigs & beagle dogs, 16593
dopamine D1 vs D2 receptor antagonists, dextroamphetamine- vs levoamphetamine-induced anorexia, male rats, implications for dopamine receptor involvement in control of feeding, conference presentation, 29415
dopamine receptor agonist, locomotor activity & rearing, rats, 3297
dopamine receptor agonist treatment, locomotor activity & haloperidol-induced increase in specific spiperone binding sites in striata, male mice, 26656
ECS, opioid receptor binding in hypothalamus vs hippocampus vs caudate nucleus vs frontal cortex vs brain stem, male rats, 26593
ECS treatment vs antidepressant drugs, hypothermic response to 8-hydroxy-2-(di-N-propylamino)tetralin produced at serotonin receptors, male mice, 23974
ECT, platelet & lymphocyte alpha & beta adrenoceptors & plasma noradrenaline & serum cortisol, 23–78 yr old patients with endogenous depression, 17711
electric shock, sulfhydryl & phospholipid groups of endogenous opioid agonist & antagonist receptors in synaptic membranes, male rats, 21433
ethanol feeding vs in vitro ethanol addition, diazepam & flunitrazepam receptor binding in cerebral cortex synaptosomal membrane tissue, male rats, conference presentation, 16778

ethanol, presence in urine of fractions which inhibit benzodiazepine receptor binding, males with vs without family history of alcoholism & rats, 26755
forskolin infusion into right lateral ventricle, norepinephrine-stimulated cyclic adenosine monophosphate & beta-adrenergic receptor sensitivity, male rats, 26749
frontal decortication, dopamine activity & general activity caused by methamphetamine vs apomorphine vs cataleptic effects of haloperidol, male rats, 19406
function of adrenergic receptors in thrombocyte & lymphocyte membranes, patients with anorexia nervosa, 9529
haloperidol & levo-prolyl-levo-leucyl-glycinamide, mesolimbic & striatal dopaminergic receptor supersensitivity, male rats, implications for intervention in tardive dyskinesia & schizophrenic relapse, 16591
haloperidol-induced dopamine receptor supersensitivity, deficits in selective attention to CS, male rats, 26642
haloperidol treatment over 30–90 days, apomorphine-induced behavior & striatal spiperone binding & choline acetyltransferase activity, 6.5 vs 13 vs 27–30 mo old mice, implications for tardive dyskinesia in elderly, 682
haloperidol vs dopamine infusion into ventral tegmental area, role of somatodendritic dopamine autoreceptors in mesolimbic system, male rats, 16702
heavy alcohol intake & apomorphine, dopamine receptor sensitivity assessed by maximal growth hormone response, 30–60 yr old chronic alcoholics, 17443
histamine H-2 receptor antagonists vs naloxone, nonopiate footshock-induced analgesia, male rats, implications for role of histamine & H-2 receptors in endogenous nonopiate analgesia, 16472
history of models of opioid drug receptors, literature review, 16407
homovanillic acid CSF levels reflecting central dopamine release & apomorphine-induced human growth hormone levels indicating central dopamine receptor activity, schizophrenic 18–37 yr olds, 9362
icv injection of isoproterenol vs atenolol, inhibition of noradrenergic neuronal activity & immobility-reducing action of ip desipramine, forced swimming male rats, 16722
icv methyl naloxonium chloride injection into ventral tegmental area vs nucleus accumbens, opiate receptor role in iv heroin self administration, male rats, 16820
imipramine &/vs chlorpromazine, 5-HT-2 binding sites in cerebral cortex, male rats, implications for treatment of depression, 14027
inhibition of adenosine receptor by methyl xanthines, taste perception, college students, 2967
injection of dopamine antagonist MJ-13980 vs haloperidol, pituitary dopamine receptor binding & serum prolactin concentrations & apomorphine-induced stereotyped behavior, male rats, 26684
interaction of receptor nerve cell membrane during impulse activity generation, crayfish, 11172
interactions of buspirone & TVX Q 7821 with 5-hydroxytryptamine receptor binding sites in brain membranes, bovines, 29465
iv angiotensin II infusions & low dietary sodium, activity of angiotensin II receptors in olfactory lobes & diencephalon & midbrain & cerebellum & medulla, male rats, 26752
lesions of nigrostriatal tract & apomorphine, development of postsynaptic dopamine receptor supersensitivity, male rats, 5765
lesions of serotonergic pathway induced by 5,7-dihydroxytryptamine, alpha adrenoceptor activity assessed by binding in cortex & hippocampus & hypothalamus, male rats, 21460
lesions of substantia innominata, acetylcholinesterase activity & muscarinic receptor number & subtypes in cerebral cortex, male rats, 16523
level detector modeled after postinhibitory rebound neurons, detection of change in auditory perception RT, 16403
light microscopy autoradiography, determination of neuroanatomical localization of phencyclidine/sigma-opiate receptors, rats, 21325
lithium ions, muscarinic receptor-mediated formation of cyclic guanosine vs adenosine monophosphate formation in neuroblastoma cells, mice, 21534
localization of cholecystokinin receptors & nociceptive neurons in midbrain central gray, rodents, conference presentation, 19328
location of kappa opiate receptors in brain as possible regulators of taste & feeding behavior assessed by autoradiographic technique, rats, 11160
long term administration of baclofen, 5-HT head twitching & 5-HT_2 receptor binding sites, male mice, 8585
long term continuous vs discontinuous trifluoperazine vs cis-flupenthixol, dopamine receptor supersensitivity assessed by apomorphine-induced stereotypy & striatal radioactive spiperone binding, male rats, 16731
metaphit, cataleptic effects of drugs like phencyclidine in structure or action, pigeons, 19468
molindone vs haloperidol & apomorphine, dopamine receptor role in drug-induced catalepsy, mice, 29441
morphine vs naloxone, shock-induced deimatic reaction, praying mantis, evidence for existence of opiate receptors, 16840
mu & kappa opiate receptor agonists, social investigation vs defensive vs aggressive behavior in interactions with anosmic males, male & female mice, conference presentation, 26631
muscarine cholinergic receptors in area postrema & brain stem areas, regulation of emesis, squirrel monkeys, 8404
naloxonazine vs naloxone, feeding behavior & opioid receptor mechanisms, male rats, 16797
naltrexone, footshock-induced performance deficits in shuttle acquisition & pain sensitivity, rats, implications for role of opiate receptors, 16416
naltrexone vs methylnaltrexone & vagotomy, aversive vs positive motivational effects in brain & periphery in place preference & conditioned taste aversion paradigm, rats, 5741
neural somatostatin receptor concentrations, 72–90 yr old Alzheimer's disease patients, 17552
neuroleptic drugs, cerebral dopamine & adrenoreceptors, 5887
neuropharmacological aspects of effects of morphine on opioid receptors & function of endorphins, 539
non-benzodiazepine anxiolytics, benzodiazepine receptor modulation & therapeutic efficacy, conference presentation, 29400
number of noradrenergic low vs high affinity binding sites in locus ceruleus, memory assessed by performance on step-through inhibitory avoidance task, young vs old mice, 29284
operantly conditioned running, brain catecholamine concentrations & receptor densities, male rats, 29361
optical isomers of apomorphine & N-propylnorapomorphine, dopamine receptors in extrapyramidal & limbic brain tissue, rats, 16685
peripheral-blood lymphocytes as model of beta-adrenergic receptor complex, assessment of noradrenergic function, drug-free patients with endogenous depression, 21309
pimozide vs haloperidol vs trifluoperazine, hypothalamic self stimulation rate intensity functions, male rats, implications for role of dopamine receptor binding, 26702
PK 8165, heart rate & anxiety & somatic symptoms, anxious dental surgery patients, 22575
platelet alpha-2-adrenergic receptors in depression, 11947
postnatal handling between birth & 21st day, glucocorticoid receptor concentrations in brain regions, rat pups, 11163
pre- & postnatal lead exposure, zinc & copper & calcium levels & locomotor activity & number of dopaminergic & GABAergic receptors, female rats & their offspring, implications for lead intoxication in children, conference presentation, 29383
premazepam in vitro, antagonistic-agonistic interaction with benzodiazepine binding sites in cortical vs cerebellar synaptosomes, rats, 13954
prenatal chlordiazepoxide, metrazol seizures & benzodiazepine receptor density, adult rats, 16631
prenatal stress, pup retrieval & number of hippocampal benzodiazepine receptors, female rats, 16467
pretreatment with morphine followed by oxymetazoline vs phentolamine injections into limbic part of caudate nucleus, sensitivity of noradrenergic receptors, cats, 11277
prolonged morphine vs naloxone administration, met-enkephalin levels & opiate receptor density & number of H-dihydromorphine & dextro-Ala-dextro-Leu-(H)-enkephalin binding sites in striatum & brain stem, 4–5 wk old mice, 16575
properties of alpha-bungarotoxin binding sites in fetal brain membranes, humans, implications for cigarette smoking, 26532

quantitative autoradiographic localization using sulpiride, identification of dopamine receptor binding sites in brain, male rats, 26496
quantitative autoradiographic mapping of serotonin-1 receptors in brain, male rats, 23824
quantitative autoradiographic mapping of serotonin-2 receptors in brain, male rats, 23823
radioactive etorphine & naloxone binding to caudate nucleus opioid receptors in postmortem brains, schizophrenic patients, 14646
repeated doses of clenbuterol vs desipramine & imipramine & phenelzine & zimeldine & mianserin, beta-adrenergic receptor density & response, male rats, 16739
research on neurotransmitters & their receptors, implications for field of psychiatry, 8419
role of benzodiazepine receptors in control of food consumption, rats, conference presentation, 29265
role of opiate receptor in ethanol & opiate interaction using preexposure conditioned taste aversion paradigm, male rats, conference presentation, 16736
Ro5-4864 vs Ro5-3663 vs Ro15-1788 vs CGS 9896, clonazepam-induced hyperphagia & actions at benzodiazepine receptor sites, male rats, 11278
selective delta antagonist ICI 154,129 vs nonselective antagonist naloxone vs irreversible selective mu antagonist beta-fNA, alteration of threshold response to etorphine, rats, 19507
selective dopamine receptor agonists, discrimination of apomorphine from saline, male rats, 5951
selectivity of benzodiazepines, brain receptors, rats, 29301
selectivity of ICI 154129 for delta-opioid receptor, rats, 3315
sensitivity to cholinergic drugs & muscarinic receptor density & affinity, 3–6 vs 9–12 vs 27–30 mo old rats, 538
serotonergic receptor stimulation by serotonin agonists vs zimeldine, seminal emission & penile erectile responses, intact vs spinal lesioned male rats, 24004
simultaneous peripheral & central infusions of angiotensin II, water intake, goats, implications for receptor systems for angiotensin II, 24041
somatostatin receptors in brain vs pituitary vs pancreas, rats, implications for cognitive function & extrapyramidal motor system control, 5713
structurally related molecules of odorants with camphor, olfactory discrimination & receptor cell responses, frogs, 548
thyrotropin-releasing hormone analog, regulation of receptors for thyrotropin-releasing hormone, rats, 3327
1-desamino-8-dextroarginine vs arginine vasopressin with vs without 1-deaminopenicillamine-2-(o-methyl)-tyrosine ABP, conditioned taste aversion, male rats, implications for neural receptors, 23941
24 hr vs 8 day exposure to naltrexone, brain opioid binding activity & analgesic potency of morphine in tailflick test, male rats, 16838
6-hydroxydopamine, dopamine receptor agonist-induced locomotor activity, neonatal vs adult rats, implications for treatment of central dopaminergic dysfunctions, 19423

Neural Regeneration [See Neural Development]

Neural Transplantation
cross-species embryonic & hippocampal septal transplants from mice, restoration of ability to learn conditioned forced alternation behavior mediated by hippocampus, rats, 26600
grafts of embryonic frontal cortex vs occipital tissue implanted in damaged occipital cortex, brightness vs pattern discrimination, rats, 23929
implantation of PC12 cells into corpus striatum, survivability & ability to synthesize & release catecholamines, male rats with nigrostriatal pathway lesions, implications for treatment of Parkinson's disease, 26566

Neurasthenic Neurosis
biological insufficiency & personality & trauma as predictive factors, patients with longstanding vs acute neurasthenic & hysterical neurosis, 6577
medazepam & personality factors, female 40 yr olds with neurasthenic or depressive or anxiety neurosis, 7226
medazepam, patients with neurasthenic or depressive or anxiety or phobic neurosis, 7157

Neuroanatomy
brain structural/functional organizations of emotional states & reactions assessed by infraslow physiological processes, epileptic patients, conference presentation, 30357
cytoarchitectonic organization of hindlimb sensorimotor cortical representation, rats, 26504
dendritic spine function & anatomy, literature review, 23797
distribution of ipsilateral retinocollicular projections, tree shrew, 26487
Freud's contribution to neuroanatomy, 5714
genetics & neuroanatomical & neurochemical & dietetic factors, schizophrenia, literature review, 1393
lesion of frontal cortex at 2 vs 100 days of age, species typical behavior & brain weight & structure, hamsters, 11248
light microscopy autoradiography, determination of neuroanatomical localization of phencyclidine/sigma-opiate receptors, rats, 21325
location of brain lesions & symptoms, 29–72 yr olds with phonemic vs phonetic paraphasias or pure anomia or anomia with semantic paraphasia, 6871
morphological asymmetry of posterior sylvian region, performance on dichotic listening test, 15–55 yr old patients with medically refractory seizures, implications for hemispheric language dominance, 14911
motor training, dendritic branching of neurons in motor-sensory forelimb cortex, rats, 23804
neural systems of forebrain implicated in memory, nonhuman primates, 16432
neuroanatomical changes due to disease, postmortem examination of brain, autistic 29 yr old male, 17311
neuroanatomical locus for song control, female white-browed robin chats & bay wrens & buff-breasted wrens, 21285
neuroanatomical projections from striate cortex, visual system, tree shrew, 13811
origins of V1 to V4 projections from striate to prestriate cortex, rhesus monkey, 23841
song repertoire size & style of delivery & size of controlling nuclei in the forebrain, vocal development, 7–10 day old marsh wrens, 19262

Neurobiology
dendritic spine function & anatomy, literature review, 23797
developments in psychophysiological & neurobiological & biophysical aspects of memory & learning, literature review, 21362
effect of neurobiology on psychoanalytic theory, conference presentation, 11147
functional stability of CNS as neurological basis for intelligence, 520
interface between psychoanalysis & neurobiology, complexity of memory in psychotherapeutic process, 34 yr old female analysand, 12399
medical diagnosis utilizing assessment of cerebral function & blood flow & metabolism, psychiatric illnesses, comments on study by R. J. Mathew et al, 24599
medical diagnosis utilizing measurement of cerebral function & blood flow & metabolism, schizophrenic Ss, comments on study by R. J. Mathew et al, 24581
medical diagnosis utilizing measurement of cerebral function & blood flow & metabolism, comments on study by R. J. Mathew et al, 24592
neurobiological & psychosocial factors in etiology & expression of schizophrenia, literature review, 22095
neurobiological aspects, appetite disorders, conference presentation, 25011
neurobiological functions of pineal gland, literature review, implications for role of melatonin, 26519
neurobiology of circadian rhythms generators, animals, 5718
neuromodulators & synaptic transmission & neurobiology, 13783
positron emission tomography, study of panic disorder, 22–52 yr olds, 22104
psychoanalytic integration of conflicts of power & powerlessness theories & deficit theories based on findings of neurobiology & disorders of self- & interactional-regulation, 41 yr old male, 27785

Neurochemistry [See Also Neuroendocrinology, Receptor Binding]
acetylcholine synthesis from glucose & rating of cognitive impairment, Alzheimer's disease patients, 17586

ACTH 4-9 analog, somatostatinlike immunoreactivity & cholinesterase activity & dopamine-beta-hydroxylase & homovanillic acid CSF levels, 58–90 yr olds with Alzheimer's disease, 20177
activity of dopamine-containing neurons in substantia nigra, cats, 13834
acute ascorbic acid deficiency, ethanol preferences & spiroperidol binding & MAO activity, male guinea pigs, 16461
acute dose of dexamethasone, monoamine & metabolite levels in brain, male rats, 16777
acute ethanol intoxication, dopamine turnover & serotonin neurotransmission in nigrostriatal & septohippocampal pathways, C57B1 vs Balb/c mice, conference presentation, 16678
acute neuroleptic treatment, brain cholecystokinin levels, rats, conference presentation, 19445
acute vs chronic dextropropoxyphene &/vs naloxone, open field behavior & brain biochemical actions, male rats, 11274
acute vs chronic haloperidol administration, glucose utilization in brain regions, male rats, 14037
adenosine role in CNS & neurotransmitterlike properties & uptake sites & impact in pharmacological action of psychoactive drugs, 24003
age & morphine administration, brain calmodulin concentration, immature vs mature vs old mice, 29429
alcohol administration, gamma-glutamyl transpeptidase in brain, rats, implications for diagnosis of alcoholism & fetal alcohol syndrome, 8599
amine accumulation, aphagia & recovery of eating & weight regulation following 6-hydroxydopamine-induced damage to mesostriatal dopaminergic cells, comments on study by G. L. Willis & G. C. Smith, 16535
anatomy & physiology of basal forebrain cholinergic system, primates, implications for role in Alzheimer's & Parkinson's disease & elderly with Down's syndrome, 16420
arginine-8-vasopressin injection into caudate nucleus, mechanism for interaction with nigrostriatal dopamine system, male rats, 16822
arylcycloalkylamines vs benzomorphans vs cyclazocine vs other phencyclidine-like drugs, synaptosomal dopamine uptake & radioactive phencyclidine binding & turning behavior, male rats, 11307
arylcycloalkylamines vs benzomorphans vs dioxolanes, N-methyl-dextro-aspartate-induced acetylcholine & dopamine release in striatum, male rats, 24028
B vitamins, nervous system & mental & physical disorders, literature review, 24579
B vitamins, nervous system, criticism of literature review by D. A. Bender, 24583
barbital, suppression of cerebellar cyclic guanosine monophosphate, barbital dependent rats, 8570
biochemical indices of suicide, 30253
body temperature, sensitivity of brain to ethanol-induced depression assessed by sleep time & wake-up brain ethanol concentrations, male vs female C57BL/6 vs BALB/c mice, conference presentation, 16541
brain beta-endorphin system, modulation of consecutively & simultaneously processed memories, animals, literature review, 23805
brain biochemistry, memory function in normal aging vs senile dementia or Alzheimers disease, literature review, 17697
brain concentrations of methamphetamine & metabolites & substance P, determination of mechanism of drug tolerance, naive vs methamphetamine pretreated male rats, 21591
brain function & types of memory failure, patients with Alzheimer's disease vs Huntington's chorea vs Korsakoff's psychosis, 27252
brain immunoreactive corticotropin-releasing factor, hypertensive vs normotensive rats, 19350
brain levels of 5-HT & 5-hydroxyindoleacetic acid, 22–55 yr old suicide victims vs chronic schizophrenic 21–74 yr olds who committed suicide or died of other causes, 30284
calcium transport modifying drugs, motor behavior & calcium uptake & neurotransmitter release in synaptosomes, mammals, 24038
cerebral atrophy & brain glucose metabolism & auditory dysfunction, 43–76 yr old patients with Alzheimer's disease, 4137
cerebral 5-HT, sleep wake cycle, frogs, 16419
characteristics of brain muscarinic cholinergic & opiate & beta-adrenergic receptors, alcoholics, 20064
chemogenic nociceptive stimulus, substance P levels in dorsal horn, female rats, 14001
chlorpromazine & haloperidol & amitriptyline & other antipsychotic & antidepressant drugs, antimuscarinic activity in cerebral cortex & striatum, 71 yr old male & male rats, 16605
cholecystokinin octapeptide, potentiation of dopamine-induced hyperlocomotion in nucleus accumbens, male rats, 5832
choline-enriched diet, amnesic effects of anisomycin following passive avoidance training & choline acetyltransferase & tyrosine hydroxylase activity, 2–3 vs 14–16 vs 17–20 mo old male mice, 5903
chronic administration of low doses of apomorphine, behavioral & biochemical changes, male rats, 634
chronic amphetamine treatment, depression of activity of Purkinje neurons, rats, 16804
chronic ethanol administration with vs without hypothermia, protein & RNA & DNA synthesis in brain, infant rats, 8598
chronic ethanol exposure, increases in glial S-100 protein & DNA in brain, gerbils, 5926
cocaine, dopamine depletion & neurotransmitter & neuroendocrine effects, implications for explanation of mechanism of cocaine addiction, 23953
coexistence of substance P & corticotropin releasing factor & acetylcholinesterase in nucleus tegmentalis dorsalis lateralis & projecting to frontal cortex & septum & thalamus, male rats, 26490
concentration of neuropeptide Y in cortex & hippocampus & activity of dopamine beta-hydroxylase & concentration of somatostatin, Ss with Parkinson's disease, 14788
concentration of somatostatin & activity of choline acetyltransferase, neuronal hypometabolism, postmortem evaluation of Alzheimer's disease, 30785
concentration of trazodone & its metabolites & isomers in brain areas & receptor binding as indicator of anxiolytic action at benzodiazepine vs alpha-2-adrenergic receptor sites, male rats, implications for mechanism of therapeutic action, 29476
contribution of central & peripheral sites to opioid mediation of energy intake & dietary self selection of macronutrients, rats, 16442
cytotoxic activity of blood serum, schizophrenic patients, 19940
daily & intermittent injections of dextroamphetamine, frontal cortex dopamine utilization, ovariectomized rats, implications for animal model of amphetamine psychosis, 21580
decreased taurine transport, seizure susceptibility, genetically epileptic rats, 23795
degree of learning & amount of paradoxical sleep, synthesis of radioactive cerebral DNA during shuttlebox avoidance training, female rats, 13799
delta sleep inducing peptide levels in CSF, male vs female hospitalized schizophrenic vs depressed vs healthy 18–70 yr olds, 6550
delta sleep-inducing peptide-like immunoreactivity in brain regions & thalamic tissue, complex maze behavior, male rats, 26506
determination of differential location & function & pharmacological action of muscarinic receptor subtypes in frontal cortex, rats, 23817
dextro- vs levo-enantiomers of oxaprotiline, noradrenaline uptake, healthy male adults, 21489
dietary tryptophan & social isolation, territorial aggression & locomotor activity & monoamine neurochemistry, male mice, 23997
dietary tryptophan, brain serotonin & 5-hydroxyindoleacetic acid, awake cats, 16430
differential morphology & neurochemistry & functions of mitral & tufted cells in olfactory bulb, hamsters, conference presentation, 11161
differential role of sulfated vs unsulfated cholecystokinin octapeptide with dopamine in CNS, conference presentation, 19482
discrimination learning requiring long term reference memory & working memory, 8–9 vs 22–24 mo old male rats, implications for neurochemical comparisons, 11136
distribution of 9 neurochemicals in caudate nucleus & putamen & other brain areas, rats & deceased 56–88 yr olds with Parkinson's & Alzheimer's disease, 16426

dopamine & norepinephrine & 5-HT & dihydroxyphenylacetic acid & 5-hydroxyindoleacetic acid in right & left cortex vs striatum vs nucleus accumbens, rats, implications for role of neurochemical asymmetries in behavioral lateralization, 16423
dopamine & norepinephrine levels in basal ganglia, deceased normal vs Alzheimer's disease patients, 1615
dopamine agonists & antagonists with different D-1 & D-2 receptor selectivity, male rats with bilateral lesions, implications for Parkinson's disease, 16454
dopamine hypothesis of action of neuroleptics, implications for research on new antipsychotics, conference presentation, 3323
dopaminergic & serotonergic mechanisms in action of lisuride on locomotor activity, rats, 16624
ECS-induced grand-mal seizures, thyrotropin-releasing hormone levels in hippocampus & striatum & other brain regions, male rats, 16514
ECS vs subconvulsive shock, thyrotropin releasing hormone in hippocampus & pyriform cortex & amygdala, male rats, 16513
electric shock, sulfhydryl & phospholipid groups of endogenous opioid agonist & antagonist receptors in synaptic membranes, male rats, 21433
endogenous & evoked dopamine & noradrenaline & serotonin from hypothalamus & caudate nucleus, male rats, 23830
endogenous imipraminelike material from brain, imipramine binding & serotonin uptake in brain & platelet preparations, rats, 19335
endorphin metabolism, endogenous psychosis, 9311
energy expenditure & storage & conservation & neurotransmitters & peptides & angiotensin II in ingestive behavior, hamsters, conference presentation, 29320
errors in acquisition of delayed alternation & cortical levels of dopamine & noradrenaline & 5-HT, male rats not treated with drugs, 13824
escapable vs inescapable shock, noradrenaline & 3-methoxy-4-hydroxyphenylethyleneglycol levels in hypothalamus & amygdala & thalamus, male rats, 11236
ethanol & complete darkness & phase-shift in photoperiod, locomotor & cerebral activity & narcosis & water & food consumption, rats, 8583
ethanol & pentobarbital, veratridine-stimulated sodium uptake along voltage-sensitive channels in whole brain synaptosomes, male rats, 26712
ethanol consumption, brain catalase & aldehyde dehydrogenase as biological markers for affinity for voluntary ethanol consumption, rats, conference presentation, 16547
ethanol, efflux & release of norepinephrine & dopamine & 5-HT from hypothalamus, rats, 16662
ether stress vs dexamethasone treatment vs drug-induced inhibition of GABA catabolism, GABA synthesis in hypothalamo-hypophyseal system vs cingulate cortex, male rats, 26704
ethylcholine aziridinium, presynaptic cholinotoxicity, rats & mice, implications for animal model of Alzheimer's disease, 16705
examination of DNA of brain cortex obtained from autopsy specimens, patients with Alzheimer's disease, 6877
exposure to brain homogenates, relative stability of alpha-melanotropin & analogs to biodegradation, male rats, 622
fenfluramine vs norfenfluramine isomers, brain levels of isomers & serotonergic mechanisms, male rats, 671
fenfluramine vs quipazine doses & lesion-induced depletion of serotonin, tolerance to anorexia & behavioral syndrome, male rats, 16579
fimbria lesions & chronic injections of nerve growth factor, behavior assessed by memory of maze learning task & hippocampal choline acetyltransferase activity, female rats, 23905
focal right hemisphere cortical suction lesions & cold water stress, hyperactivity & norepinephrine depletion, male rats, 26615
food deprivation, content of cholecystokinin/gastrin & met-enkephalin immunoreactivity in specific brain sites as indicator for role in hunger/satiation, male sheep, 26579
food deprivation vs limited feeding vs exposure to food without eating, ratio of dopamine to 3,4-dihydroxyphenylacetic acid in hypothalamus, male rats, 21413
forced feeding of varying concentrations of sodium chloride, 2-deoxy-dextro-glucose-induced feeding & CNS levels of dynorphin-A, male rats, 8522
forebrain lesions, choline & dopamine & serotonin brain levels & avoidance conditioning & spatial discrimination, rats, implications for role of cholinergic system in human memory & Alzheimer's disease, 11252
formation of defensive conditioned reflex, release & uptake of noradrenaline by brain synaptosomes, male rats, 29260
function of cholinergic synapses in & physostigmine as possible therapy for Alzheimer's disease, British Pharmacological Society symposium papers, 6726
functional tolerance to alprazolam-induced neurologic deficits, male mice, 13989
gamma-hydroxybutyric acid, locomotor activity & respiratory regulation & inhibition of dopamine neurotransmission, 4 day old rats, implications for development of neonatal rat brain, 21525
genetic & biochemical & neuropathological & clinical characteristics, Alzheimer's disease vs senile dementia, implications for treatment, 14837
genetics & neuroanatomical & neurochemical & dietetic factors, schizophrenia, literature review, 1393
high affinity cannabinoid binding sites in brain membranes labeled with 3H-5-trimethylammonium delta-8-tetrahydrocannabinol, guinea pig ileum & rat brain membranes, 19478
high frequency stimulation of perforant pathway & long term synaptic enhancement, hippocampus in vitro phosphorylation of protein F1, rats, 21431
implantation of PC12 cells into corpus striatum, survivability & ability to synthesize & release catecholamines, male rats with nigrostriatal pathway lesions, implications for treatment of Parkinson's disease, 26566
in vitro metabolism of beta-endorphin using membrane homogenates of postmortem putamen, patients with schizophrenia, 1372
in vitro vs in vivo ethanol, radioactive t-butylbicyclophosphorothionate binding to GABA receptor complex, rats, 26754
in vivo voltammetry as measurement of neurochemical events during associated behavioral & neurophysiological correlates, 29299
induction of physical dependence on ethanol, cerebral alteration in calmodulin levels, male rats, 21569
initial suppressions of cyclic guanosine monophosphate & gradual return to control levels & development of tolerance to chronic barbital, rats, 19470
injection of deoxyglucose into left hemisphere 5 min before vs 10 vs 30 min after passive avoidance training, deoxyglucose metabolism, chicks, 23828
intracranial self stimulation, brain methionine & leucine enkephalin & beta endorphin levels, male rats, 8493
intrahypothalamic injection of 5-7 dihydroxytryptamine, 5-HT levels in hypothalamic nuclei & lordosis response, female rats, 13976
involvement of 5-HT in mechanism action of hallucinogenic agents, rats, 16637
ip injection vs smoke inhalation of phencyclidine, discrimination of phencyclidine & brain levels, male rats, 29488
kainic acid doses, neurochemical & histopathological & behavioral responses, male rats, 16805
large haloperidol doses, catalepsy & brain noradrenaline metabolism, female rats, 5944
lead, neurotransmitter release at central synapses in vitro in spinal cord & transport of exogenous GABA & acetylcholine & cis-3-aminocyclohexane carboxylic acid, rats, 692
lesions & anxiolytic drugs & anatomy of 5-HT system of CNS, anxiety, conference presentation, 599
lidocaine kindling, cerebral glucose utilization, male rats, 680
lisuride & 8-OH-DPAT & other ergot-related compounds, acoustic startle response, rats, 16809
lithium, alcohol intoxication & desire to drink & cognitive dysfunction & CNS serotonergic tone, detoxified alcoholics, comments on article by L. L. Judd & L. Y. Huey, 2203
lithium ions, muscarinic receptor-mediated formation of cyclic guanosine vs adenosine monophosphate formation in neuroblastoma cells, mice, 21534
lithium toxicity & subsequent death, brain glycine levels, 37 yr old inpatient with major affective disorder, 15193

low vs high nicotine doses, exploratory behavior & synthesis & turnover of 5-HT & dopamine & norepinephrine, male rats, 23998
memory test performance & cerebral glucose metabolism, 27–78 yr olds, 16451
mesolimbic dopamine system & pigmented neurons in ventral tegmental area contralateral to therapeutic surgical lesions, brains of 52–70 yr olds with Parkinson's disease, 20258
metabolic & neurochemical mechanisms of glucoprivic feeding, rodents, conference presentation, 21324
methylmercuric chloride, neurological impairment & activity of glutamic acid decarboxylase & choline acetyltransferase in cerebral cortex & neostriatum, rat pups, 21566
methylphenidate, activity-stress gastric ulcer severity & regional brain noradrenaline metabolism, male rats, 21514
mianserin & its enantiomers & metabolites, noradrenergic transmission & re-uptake & release & relation to mechanism of antidepressant action, literature review, conference presentation, 29468
monoamine metabolite activity in CSF & psychometric test performance, male patients with Korsakoff's psychosis, 12239
monoamine turnover & binding to monoamine & other receptors, 56–94 yr old Alzheimer's disease vs depressed patients vs adults who committed suicide, conference presentation, 1221
morphological & temporal characteristics of catecholamine accumulation & onset of behavioral change, 13837
N-(2-chlorethyl)-N-ethyl-2-bromobenzylamine HCL & imprinting on rotating box vs stuffed fowl, strength of imprinting & forebrain concentrations of noradrenaline, chicks, 11284
naloxone precipitated morphine withdrawal, acute response of hypothalamic noradrenergic & dopaminergic neurons & anterior pituitary hormones, female rats, 26665
neural mechanisms of opiate hedonic effects & motivational-affective regulatory role of endogenous opioids, rats, implications for human opiate abuse research, 29397
neurochemical & functional consequences of 1-methyl-4-phenyl-1,2,5,6-tetrahydropyridine vs methamphetamine, rats, implications for Parkinson's disease, conference presentation, 19460
neurochemical activity in hippocampus & cerebral cortex & radial maze performance, young vs old mice, 3145
neurochemical characteristics, male rats distinguished as benzodiazepine responders & nonresponders in new conflict test, 14035
neurochemical mechanisms in release & modulation of neurotransmitters & neuromodulators & neurohormones & relation to behavioral changes, literature review, 26488
neurochemistry & molecular mechanisms, anxiety disorders, literature review, 1403
neurochemistry & stress & depression, reply to criticisms by 9 authors, 19887
neurochemistry of dopamine metabolite homovanillic acid before & after probenecid & normal aging, males with Huntington's dementia, 22332
neurotensin & somatostatin & thyrotropin releasing hormone in brain tissue & CSF, 20–86 yr old schizophrenic & Huntington's chorea patients, 6445
neurotoxin DSP-4, acquisition & performance of radial arm maze task, male rats, implications for role of brain norepinephrine, 13965
neurotransmitter deficits & reductions in choline acetyltransferase & monoamine activity in Alzheimer's disease, 27688
neurotransmitter pathway deficits in Alzheimer's disease & their relationship to cortical histopathology, comments on research review by J. Hardy et al, 27656
neurotransmitter pathway deficits in Alzheimer's disease vs senile dementia, comments on research review by J. Hardy et al, 27563
neurotransmitter pathway deficits in Alzheimer's disease, literature review, 27573
norepinephrine activity, schizophrenic patients, literature review, 17432
operant conditioning of forelimb movements, 2-deoxyglucose uptake in reticular nucleus of thalamus, female rats, 5717
operantly conditioned running, brain catecholamine concentrations & receptor densities, male rats, 29361
perinatal exposure to soy lecithin, brain cell maturation & sensorimotor development, rats, 26557
pharmacokinetic & pharmaco-EEG & psychometric analysis of fluoxetine, 21–27 yr olds, conference presentation, 5930
pharmacological & neurochemical effects of tracazolate, conference presentation, 29463
pharmacological therapies, neuromediators & sleeplessness, aged with senility, 9913
phenazepam, innate behavior & energy exchange during unavoidable painful stimulation, rats, 5881
phencyclidine, 5-HT & 5-hydroxyindoleacetic acid in brain, mice, 16733
physical restraint, reduction of cyclic adenosine monophosphate response to norepinephrine in cerebral cortex & hypothalamus, male rats, 11226
physiological & psychological effects of extreme starvation, 30484
physostigmine, acetylcholinergic stimulated behavior, cats, 5935
positron emission vs computerized axial tomography scans, local brain glucose metabolism & brain atrophy, 28–37 yr olds with chronic schizophrenia vs 55–66 yr olds with chronic depression, 17378
positron tomography & oxygen inhalation data, measurement of blood flow & metabolism, epileptic psychotic vs nonpsychotic patients, 6439
preweanling handling, development of postural & motor asymmetries & lateralization of brain dopamine, adult male vs female rats, 26484
procedure for determination of aminooxyacetic vs valproic acid induced changes in GABA levels in neural nerve endings, rats, 26152
progesterone, adenylate cyclase activity & cyclic adenosine monophosphate levels on brain areas involving integration of sexual behavior, ovariectomized rats primed with estradiol benzoate, 29399
prostaglandin, neuronal tryptophan & serotonin uptake & release & serum tryptophan levels, male mice, 5871
psychobiological relationships between anxiety & depression & stress, 30230
psychological & physiological stress, opiate & hypothalamic-pituitary-adrenal & serotonergic system changes & anorexia nervosa, 27532
pyritinol vs piracetam & paradoxical sleep deprivation, ammonia levels in CNS tissues, male rats, conference presentation, 3223
quantitative autoradiographic mapping of serotonin-1 receptors in brain, male rats, 23824
quantitative autoradiographic mapping of serotonin-2 receptors in brain, male rats, 23823
quantitative determination of local cerebral glucose utilization, female mice, 21302
recent development in neurochemistry of behavior, literature review, 21315
reduction in isolatable myelin & neurochemical changes in white matter, 64–86 yr old patients who died from nonneurologic diseases vs senile dementia of Alzheimer type, 27614
regional cerebral glucose metabolic rates assessed by positron emission tomography, 57 yr old male with Alzheimer's disease & confirmed family history of Alzheimer's disease, 24881
regional cerebral metabolism & cognitive function, right handed patients with senile dementia, 20165
role of cholinergic system, memory & cognition, humans, literature review, 16405
role of noradrenaline in tuning & dopamine in switching between signals in CNS, literature review, 13818
role of norepinephrine & dopamine & serotonin in mental disorders, 3819
role of transmitters & drugs & behavioral processes, startle habituation, rats, literature review, 16408
saturability & stereospecificity of radioactive naloxone, assessment of opioid receptor binding, female rats, 16422
sc vs iv administration of des-tyr-gamma-endorphin vs des-enkephalin-gamma-endorphin, brain metabolism & uptake, male rats, 21618
selective noradrenaline depletion, regional brain effects & responses to cold-restraint stress, male rats, 16470
short vs long term administration & withdrawal of lithium, catecholamine levels in brain, male rats, 8513
size of lesions in posterior lateral cortex, behavioral hyperactivity & neurotransmitter concentration, male rats, 16533
somatostatin & bombesin & cholecystokinin levels in CSF, schizophrenic patients, 6507

stress, brain noradrenergic activity, literature review, implications for stress-induced disorders, 13801
substance P & methionine-enkephalin & neurotensin & cholecystokinin in brain regions, deceased 19–83 yr old alcoholics & opiate users & suicide & psychotic & schizophrenic patients, 6442
synthesis of ependymins following formation of memory & contribution to development of synapses, goldfish, 23833
tendency of cholinergic neurons to utilize choline in membrane phospholipids as structural component & as source for acetylcholine synthesis, pathogenesis of Alzheimer's disease, 30485
tetrahydrofolate vs vitamin B12, tetrahydrobiopterin biosynthesis, human & rat brain samples, implications for treatment of senile dementia, 29274
time of day & precursor availability & sex & age & social environment, neurotransmitter & metabolite concentrations in CSF, humans & nonhuman primates, implications for neurochemistry of schizophrenia & depression, 23813
training footshock & amygdala implantation & stimulation, brain catecholamines & memory modulation, male rats, 5791
triethyltin, brain biogenic amine concentrations & relationship to aging process, male rats, 29386
tryptophan depletion, mood & performance on proofreading task while listening to dysphoric distraction, 18–25 yr old males, implications for role of low brain 5-HT in depression, 23907
tyrosine & exposure to shock vs no shock, norepinephrine metabolism in locus ceruleus & hippocampus & hypothalamus & behavioral deficits, male rats, 16495
uptake & sensitivity to 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine in substantia nigra, embryonic rats, conference presentation, 19319
urethane anesthesia & alertness & immobilization stress, chemical sensitivity of thalamic neurons to acetylcholine & noradrenaline, rats, 5753
valine with vs without tyrosine vs tryptophan, stress-induced increase in tryptophan uptake in opioid-induced analgesia, male rats, 29440
voluntary alcohol drinking, alcohol & aldehyde dehydrogenase activities, rats, 8582
voluntary ethanol consumption, brain catalase activity, male rats, conference presentation, 16548
voluntary ethanol intake, brain aldehyde dehydrogenase activity, male rats, conference presentation, 16803
wake-up rectal temperature, sleep-time vs wake-up brain & blood ethanol concentrations, male vs female mice, implications for theories of anesthesia, 21475
Walker 256 carcinoma-induced anorexia, central catecholamine levels, male rats, 16490
zopiclone, motor activity & brain catecholamine & serotonin turnover, male rats, 23999
2-deoxyglucose autoradiography, measurement of metabolic activity of auditory nuclei in tone-conditioned bradycardia, male rats, 8388
2-deoxyglucose method, mapping of odor induced neuronal activity in antennal lobes, drosophila, 542
3-4-diaminopyridine vs pramiracetam vs centrophenoxine vs piracetam vs aniracetam vs lysine vasopressin, hippocampal cholinergic neuronal activity assessed by choline uptake, male rats, 16794
6-hydroxydopamine-induced catecholamine depletion, shock-precipitated wall climbing, rat pups, 8533

Neuroendocrinology
amphetamines, behavioral & neuroendocrinal response, 19–32 yr old patients with borderline personality, 18102
changes in neuroendocrine systems & possible side effects due to hormonal treatment, mania, literature review, conference presentation, 14584
circadian neuroendocrine factors, 17 yr old with Kleine-Levin syndrome, case report, 30470
clinical & neuroendocrine characteristics, 29–69 yr olds with endogenous unipolar vs bipolar depression, conference presentation, 30145
dexamethasone suppression test & all night sleep EEG, REM latency & density, 16–61 yr olds with depression, 22092
dexamethasone suppression test, pituitary-adrenal activity & plasma corticotropin & cortisol concentrations, 21–71 yr old depressed inpatients, 3908
exposure to long vs short photoperiods, neuroendocrine regulation of reproductive behavior, male Golden hamsters, 13828
GABA, control of adenohypophyseal & hypothalamic & thyroid & pancreatic hormones & neurological & psychiatric disorders, criticism of F. V. DeFeudis's literature review, 26508
GABA, presence in endocrine tissues & effects on hormonal release & relation to human neurologic-psychiatric disorders, literature review, 26492
life events, onset & severity of disorder & neuroendocrine changes, depressed patients, 30127
metyrapone & dexamethasone suppression test, hypothalamic-pituitary-adrenal axis hypoactivity, patients with depression, 27294
metyrapone test, hypothalamic-pituitary adrenocortical axis hypoactivity, 36–61 yr old male depressed inpatients, 6958
need for future studies to demonstrate metabolic pathway for GABA biosynthesis & degradation, role of GABA in endocrine system regulation, criticism of F. V. DeFeudis's literature review, 26535
neuroendocrine function & endocrinology, depression, 9262
neuroendocrine regulation & dopamine agonists & brain & spinal cord lesions & serotonin & hypothalamohypophyseal system, adrenal enzyme induction during stress, conference presentation, 29322
neuroendocrinological & psychopathological & psychosocial behavioral factors, male & female 9.8–19 yr olds with anorexia nervosa, 14914
neuroendocrinology of depression, literature review, 22063
neurological & cognitive disturbances, 21–26 yr old patients with arachnoid cysts in anterior & medial cranial fossa, 24932
Premarin, heightened concentrations & selective reduction in testicular secretion of serum luteinizing hormone, homosexual males, comments on study by B. A. Gladue et al, 26628
role of clinical psychoneuroendocrinology in assessment of altered brain-endocrine physiology & psychiatric illness, 20232
sexual orientation, neuroendocrine response to estrogen, homosexual males, reply to comments by M. J. Baum et al, 26671
standardized agenda interview vs schedule of inquiry in longitudinal & developmental research in clinical psychoendocrinology, conference presentation, 16091
stress induced by testing situation, neuroendocrine & physiological responses, 23–44 yr old male medical students & staff, 13860
thyrotropin-releasing & thyrotropin-stimulating & dexamethasone suppression tests, differential diagnosis of affective disorders, 15–76 yr old depressed patients, 1275

Neuroinfections [See Infectious Disorders, Nervous System Disorders]

Neuroleptic Drugs [See Also Chlorpromazine, Chlorprothixene, Fluphenazine, Mesoridazine, Perphenazine, Phenothiazine Derivatives, Prochlorperazine, Promazine, Reserpine, Sulpiride, Trifluoperazine]
acute neuroleptic treatment, brain cholecystokinin levels, rats, conference presentation, 19445
age & history of treatment with neuroleptic drugs, prevalence of tardive dyskinesia, female vs male chronic psychiatric patients, 6889
age & illness duration & number of hospitalizations & degree of pharmacoresistance & duration of acute episode, outcome of clozapine treatment, schizophrenic 16–57 yr olds, conference presentation, 15167
akathisia variants & tardive dyskinesia, comments on article by T. R. Barnes & W. M. Braude, 4536
alpha-flupenthixol, response for temperature reward in operant paradigm, male rats, 11291
altered consciousness & EEG dysfunction induced by valproate/neuroleptic treatment, 38–64 yr olds with schizoaffective disorder, 28003
amoxapine vs standard neuroleptics, serum neuroleptic level & activity & extrapyramidal side effects, 32–53 yr old patients with affective disorder or schizophrenia, 25289
antiepileptic vs psychotropic vs psychotropic & neuroleptic & thymoleptic & anxiolytic drugs, adults & children with epilepsy or paroxysmal EEG activity, 7206
antipsychotic activity & maintenance dosage & side effects of haloperidol decanoate vs pipothiazine, 19–50 yr old male schizophrenic outpatients, 18033

antipsychotic drug side effects & relationship to dosage levels, acute & long term psychotic states, conference presentation, 12559
antipsychotic drugs & prevalance & nature of akathisia, 21–43 yr old chronic schizophrenic outpatients with tardive dyskinesia, 4468
antipsychotic drugs, prevention of relapse, schizophrenic patients, conference presentation, 30717
antipsychotics vs stimulants vs anxiolytics vs antimanics, self injurious behavior, mentally retarded, literature review, 1955
behavioral screening method, assessment of limbic & striatal blocking effects of neuroleptic drugs, male rats, 20970
benztropine & high potency neuroleptic drugs, prevention of dystonic reactions, psychiatric inpatients, 28005
bromocriptine, neuroleptic drug-induced tardive dystonia, 27 yr old male with schizoaffective psychosis, case report, 30751
bromperidol, schizophrenia, 14–67 yr old patients, 4516
butyrophenone group of neuroleptic drugs, Pisa syndrome, case illustrations of 57 & 32 yr old males, 1964
ceruletide, schizophrenic patients with residual symptoms following stabilization with neuroleptics, 30754
characteristics & treatment with neuroleptics, patients with postpartum catatonic-oneiroid episodes of schizophrenia, 20395
chlorpromazine & haloperidol & amitriptyline & other antipsychotic & antidepressant drugs, antimuscarinic activity in cerebral cortex & striatum, 71 yr old male & male rats, 16605
clinical & chemical & pharmacologic properties & therapeutic actions & side effects of oral psychotropic medications, France, conference presentation, 4523
clinical & demographic correlates to neuroleptic response, schizophrenic patients, 15188
clinical & pharmacokinetic aspects of long term depot neuroleptic treatment, psychotic patients, 27970
clozapine vs fluperlapine, 64–80 yr old patients with Parkinson's disease & drug-induced psychosis, 25322
clozapine vs haloperidol vs chlordiazepoxide, shuttle box avoidance responding, male rats, 21588
CNS stimulating & depressant & neuroleptic & tranquilizing drugs & cholinergic & cholinergic blocking drugs, conditioned avoidance responses, gerbils vs mice vs rats, 29446
CNS stimulating vs antipsychotic vs anxiolytic vs antidepressant drugs, traumatic edema in ear pinna, rats, 5896
combination alprazolam & neuroleptics, positive & negative symptoms, 30 & 44 yr old males with schizophrenia, 15209
comparisons of studies of patterns of prescribing neuroleptic drugs, comments on findings of S. Edwards & V. Kumar, 30762
demographic characteristics, prediction of use of injectable vs oral antipsychotic medication, outpatients, conference presentation, 12576
desipramine & subsequent neuroleptics or antiadrenergic drugs, immobility time in behavioral despair test, rats, 16566
dextroamphetamine vs chlordiazepoxide vs alpha-flupenthixol, tracking of visual cue in food reinforced VR conditioning paradigm, male rats, 11292
diagnosis & drug treatment & prevention of neuroleptic drug-induced tardive dyskinesia, 27979
diagnosis & treatment of neuroleptic malignant syndrome, comments on article by J. L. Levenson, 22556
diagnosis & treatment of neuroleptic malignant syndrome, comments on J. L. Levenson's discussion, 22582
diagnosis & treatment of neuroleptic malignant syndrome, reply to criticisms of S. D. Roth et al & D. F. Levinson & G. M. Simpson & P. S. Mueller, 22555
differential diagnosis of neuroleptic malignant syndrome following neuroleptic drugs, febrile patients, 30427
difficulties in neuroleptic treatment, schizophrenic patients, 4541
dimaprite & perphenazine & oxyprothepine, apomorphine-induced & cataleptic & rotarod activity, rats & female mice, 5916
dipropylacetamide, EEG changes indicative of improved attention & reduced tension, chronic stabilized schizophrenic 31–81 yr olds, 9880
dipropylacetamide, male chronic stabilized schizophrenic 31–81 yr olds, 9893
dipropylacetamide, social adjustment & attentional capabilities, chronic stabilized schizophrenic patients, 9890
dopamine antagonist SCH 23390 vs neuroleptics of different chemical structures, D-1 &/vs D-2 receptors, mice & rats & rabbits & guinea pigs & beagle dogs, 16593
dopamine hypothesis of action of neuroleptics, implications for research on new antipsychotics, conference presentation, 3323
dopamine receptor blocker zetidoline, firing & apomorphine-induced inhibition of substantia nigra dopaminergic neurons, male rats, 16718
dosages of neuroleptic drugs, chronic schizophrenic patients, Europe & Asia & Central & South America & North America & Africa, 1911
drug-free periods & neuroleptic & antiparkinsonian intake & organicity, tardive dyskinesia, psychiatric outpatients, conference presentation, 22601
ECT, secretion of hypophysary hormones & cortisol, 18–45 yr old male schizophrenic inpatients on neuroleptic therapy, 22361
effectiveness & limitations of neuroleptic drugs, pediatric psychiatry, 9888
effects of antipsychotics & antidepressants & antianxiolytic drugs on brain & nervous system & behavior & their clinical effectiveness, 29458
expressed emotion & life events & prophylactic neuroleptic medication, relapse, schizophrenic patients, comments on J. P. Leff's study, 11980
factor-analysis-derived vs standard scales of SCL-90 questionnaire, information about effectiveness of diazepam vs clorothepine, neurotic patients, conference presentation, 5289
family-based management vs patient-based approach, compliance with neuroleptic therapy & course of schizophrenia, 18–45 yr old schizophrenic patients & their families, 2-yr longitudinal study, 4232
fatal heatstroke induced by fluphenazine decanoate & benztropine mesylate & haloperidol, 54 yr old male with chronic schizophrenia, case report, 27978
flupentixol, cognitive functions, male college students scoring high vs low on neuroticism scale, application of paradigm using cortical EPs in delineation of pharmacopsychological effects of drugs, 19490
frequency & characteristics of self poisoning with antidepressants & low potency neuroleptics, Ss admitted for acute drug overdoses, 5-yr followup, 27421
future design & effectiveness of neuroleptic drugs, 9915
guidelines for antipsychotic maintenance therapy, chronic schizophrenic patients, conference presentation, 12555
high doses & depot preparations as risk factors, 18–64 yr old patients with neuroleptic malignant syndrome, literature review, 1928
homovanillic acid level in CSF & side effects due to treatment with haloperidol or chlorpromazine & benztropine, 18–38 yr old psychotic patients, 9876
iatrogenic effects of antipsychotic medications, akinesia & tardive dysmentia & frontal lobe disorder, schizophrenic patients, 9901
im oxyprothepine injections in long term maintenance therapy, male 24–52 yr olds with schizophrenia in remission, conference presentation, 15153
imipramine & placebo or diazepam or dixyrazine, clinical efficacy & serum concentration of imipramine, 20–64 yr old outpatient with primary nonagitated depression, 27952
impact of neuroleptic drugs & characteristics, course of illness, 18–55 yr old schizophrenic patients 1 yr after hospital discharge, 25288
importance of communication & informed consent regarding neuroleptic-induced dyskinesia, clinicians & their patients on drug therapy, 1941
independent life events & relatives' expressed emotion & prophylactic neuroleptic medication, relapse, schizophrenic patients, 11960
indications for long term vs interval administered neuroleptic therapy, schizophrenic patients, 7213
intellectual impairment & aging & neuroleptic treatment, tardive dyskinesia, studies with rats & schizophrenic patients, 9951
interpatient variability in antipsychotic drug therapeutic response & plasma levels & adverse effects, conference presentation, 12565
ip vs icv administration of haloperidol vs sulpiride vs amisulpiride, antagonism of apomorphine-induced behavior, male rats, 24014
isofloxythepin, antimanic & anxiolytic effects, 18–51 yr olds with schizophrenia, conference presentation, 15212

isofloxythepin vs haloperidol vs oxyprothepin, patients with acute schizophrenia, conference presentation, 15166
iv levotryptophan infusion, plasma prolactin & growth hormone levels, 24–42 yr old chronic schizophrenics receiving long term neuroleptic therapy vs healthy volunteers, 18044
lack of association between cognitive impairment & tardive dysmentia scores, chronic psychiatric patients, criticism of article by I. C. Wilson, 9309
lithium & antipsychotic-antidepressant drugs vs ECT, psychotically depressed patients, conference presentation, 18087
lithium & neuroleptic drugs, chronically hallucinating schizophrenic patients, 18078
lithium carbonate in addition to neuroleptic therapy, extrapyramidal syndrome, manic 27 yr old female inpatient, case report, 27995
lithium citrate with vs without neuroleptics &/vs tricyclic antidepressants, renal function & lithium ion clearance, psychiatric patients, 27977
lithium vs neuroleptic vs antidepressant therapy, red blood cell & plasma choline levels, psychiatric patients, 7183
long term continuous vs discontinuous trifluoperazine vs cis-flupenthixol, dopamine receptor supersensitivity assessed by apomorphine-induced stereotypy & striatal radioactive spiperone binding, male rats, 16731
long term medium vs high doses of clorotepin, schizophrenic 22–57 yr olds, 7153
long term use of flupentixol decanoate, dropout & intervening depressive syndromes, chronic schizophrenic outpatients, 25273
maintenance neuroleptic vs lithium carbonate treatment, prevalence & outcome of persistent tardive dyskinesia, patients with bipolar disorder, 30763
maintenance therapy with fluspirilene vs oxyprothepine decanoate, 22–62 yr old schizophrenic patients, 7209
maintenance therapy with oxyprothepine decanoate, 25–60 yr old schizophrenic patients, 7200
maintenance therapy with perphenazine enanthate vs oxyprothepine decanoate vs fluphenazine decanoate, schizophrenic 18–68 yr olds, 7241
medical & interdisciplinary review, utilization of antipsychotic drugs, institutionalized severely & profoundly mentally retarded, 15140
methadone as adjunct to neuroleptic therapy, chronic paranoid schizophrenic 18–50 yr olds, 4474
methods for classification of neuroleptic drugs, conference presentation, 4489
milenperone, aggressive behavior, female oligophrenic 26–76 yr olds, 27947
milenperone, aggressiveness & side effects, 66–89 yr old nonpsychotic psychiatric patients, 20379
morphine & neuroleptic drugs, wet-dog shaking & afterdischarge induced by dorsal hippocampal stimulation, male rats, 11203
muscarinic anticholinergic serum levels, recall & recognition memory, 25–49 yr old chronic schizophrenic inpatients taking neuroleptics, 18093
N-ethoxycarbonyl-2-ethoxy-1-2-dihydroquinoline, spiperone & piflutixol binding to striatal dopamine receptors, male rats, 14022
neuroleptic blood level & auditory distractibility, schizophrenic patients, criticism of study by M. E. Strauss et al, 12588
neuroleptic blood level & auditory distractibility, schizophrenic patients, reply to K. G. Terkelsen's criticism, 12587
neuroleptic dosage adjustment & treatment with antiparkinsonian agents, akathisia, 18 & 28 & 29 yr old schizophrenic patients, 25325
neuroleptic dosage requirements, Asian vs White psychiatric patients, replication of study by K. Lin & E. Finder, 22593
neuroleptic dose & tardive dyskinesia, attention & information processing & psychophysiology, 18–55 yr olds with chronic schizophrenia, 4535
neuroleptic drug-induced skin pigmentation, 19–65 yr old chronic hospitalized schizophrenic patients, Europe & Asia & Central & South America & North America & Africa, 25266
neuroleptic drug induced tardive dyskinesia & subsequent development of fatal myoglobinuric renal failure, 45 yr old female with schizophrenia, 18076
neuroleptic drugs as possible confounding variable in neurologic soft signs examination, relationship between organicity & long term prognosis, schizophrenia, comment on findings of T. Kolakowska et al, 30771
neuroleptic drugs, cerebral dopamine & adrenoreceptors, 5887
neuroleptic drugs injected into cerebral ventricles, behavior & autonomic & motor activity, unanesthetized cats, 26629
neuroleptic drugs, spontaneous or drug-induced purposeless chewing movements, female rats, 686
neuroleptic drugs, tardive dyskinesia, 9926
neuroleptic drugs, tardive dyskinesia & other movement disorders, handicapped children, 1922
neuroleptic-free treatment with vs without ceruletide, cholecystokinin octapeptide levels in CSF, patients with Parkinson's disease vs unipolar vs bipolar depression vs schizophrenia, conference presentation, 20399
neuroleptic malignant syndrome, 3 case reports, 7204
neuroleptic therapy, negative & deficit symptoms in schizophrenia, comments on studies by E. C. Johnstone et al & T. J. Crow, 18055
neuroleptic treatment, CSF cortisol levels, male schizophrenic patients, 22535
neuroleptic vs organic & metabolic hysteria-like symptomatology, patients, 20381
neuroleptic withdrawal & methylphenidate, dyskinetic symptoms, severely & profoundly mentally retarded adolescents & adults, 1906
neuroleptics, psychosis, elderly patients, 12578
neuroleptics, seizures, 24–80 yr old mentally handicapped inpatients, 30741
neuroleptics vs lithium, renal function, 21–71 yr old psychiatric patients, 15204
neuroleptics with antidepressant activity vs inactive chlorprothixene isomer vs clozapine vs imipramine, immobility in forced swimming test, male rats, implications for treatment of human depression, 21515
new group of neuroleptics & antidepressants, tranquilizing & "thymoleptic" & neuroleptic actions, mice & rats, 5923
nortriptyline & tranylcypromine vs amitriptyline & thioridazine vs thioridazine & clorotepine, patients with inhibited vs anxious vs atypical depression, 7217
overview of pharmacologic actions of neuroleptics & affinities for various neurotransmitter receptors, 22580
oxyprothepine treatment with psychiatric outpatient visits, therapeutic cooperation & application of short term psychotherapy, schizophrenic patients, 6971
oxyprothepine vs haloperidol, schizophrenic patients, 7219
penfluridol vs haloperidol vs thioridazine, tics, patients with mean age of 10.3 yrs, conference presentation, 15174
perception of effects of long term neuroleptic medication on patient's quality of life, patients & clinicians, conference presentation, 12545
pharmacology of antipsychotic drugs, implications for interaction with dopaminergic systems, 8519
physical & neurological examination & drug history & accurate diagnosis, selection of dosage & formulation & route of administration of neuroleptic drugs, psychiatric patients, 9871
pipothiazine palmitate, aggressive behavior, 19–62 yr old mentally handicapped patients, 15161
pipotiazine palmitate, duration of therapeutic & side effects, psychotic 33 yr old female, 12554
pipotiazine palmitate, patients with schizophrenia, 27981
pipotiazine, schizophrenic patients, 5-yr followup, 4469
plasma homovanillic acid concentration during neuroleptic treatment & withdrawal, schizophrenic 20–53 yr olds, replication of findings of D. Pickar et al, 30769
plasma neuroleptic levels, prediction of treatment response, schizophrenic patients, 15198
prediction of response to neuroleptic drug therapy, schizophrenic patients, 15118
prevalence of rabbit syndrome, 42–77 yr olds receiving neuroleptic treatment, 22602
prodromal symptoms & prevention of relapse with antipsychotic drugs, schizophrenic patients, conference presentation, 30738
psychopharmacology of long-lasting neuroleptic drugs, outpatients with psychotic disorders, 1924

psychosis & neuroleptic malignant syndrome, 32 yr old male, 4463
psychotropic drugs & alpha-adrenergic agents, spontaneous EEG paroxysms, female rats, 23993
rapid relapse following withdrawal or dose reduction of clozapine, 24 & 38 yr old schizophrenic & 39 yr old schizoaffective patients, 18092
remoxipride & side effects, 19–50 yr old florid schizophrenics, 25304
responsibility & compensation for tardive dyskinesia, patients in long term treatment with antipsychotic medications, 1061
risks of antidepressants vs antipsychotics vs anxiolytics vs lithium during pregnancy, 15145
role of methoxy-hydroxy-phenyl-glycol in diagnosis of psychoses & neuroleptic treatment, conference presentation, 3857
role of neuroleptic drug therapy, patients with borderline personality disorder, comments on findings of S. Goldberg et al & P. H. Soloff et al, 30736
safety of combined neuroleptic drugs & lithium therapy, manic patients, 27960
serum concentrations of zuclopenthixol decanoate, side effects & clinical state, 26–72 yr old schizophrenic patients, 25298
side effects of clozapine vs chlorpromazine, psychiatric patients, 7264
side effects of neuroleptic drugs, 30706
single ip dose of haloperidol vs droperidol, stereotyped behavioral responses to acute sc apomorphine administered 7–40 days after neuroleptic drug, male rats, 23944
Sominex, tardive dyskinesia, 50 yr old schizophrenic female on chronic neuroleptic therapy, 22549
standardized vs prognosis-guided method, recommendation of neuroleptic maintenance therapy, discharged paranoid psychotic patients, 7176
subacute soman intoxication, regional sensitivity of neuroleptic receptors, rats, 8617
successful oxyprothepine treatment, prophylactic effect of depot oxyprothepine, patients with schizophrenia, conference presentation, 15196
sultopride, severe episodes of aggressive & disruptive behavior & compulsive conduct, 17 yr old male, 1914
symptoms & etiology, neuroleptic-induced tardive dysmentia vs supersensitivity psychosis, criticism of I. C. Wilson's article & S. Mukherjee's criticism, 9271
system for monitoring tardive dyskinesia & legal & media issues, 9908
tardive dyskinesia as side effect of antipsychotic drugs, psychiatric patients, 15144
tardive dyskinesia symptoms, ability to perform daily activities, 26–73 yr old psychiatric patients receiving neuroleptic drugs residing in foster home care, 27951
techniques for & value of measurement of therapeutic neuroleptic plasma levels, conference presentation, 12584
tests of neuroleptic drugs, laboratory animals, implications for treatment of psychoses, conference presentation, 3276
tolerability & therapeutic effects of long term clozapine, 14–73 yr old hospitalized psychiatric patients, 12-yr longitudinal study, 4524
tolerance for & side effects of zetidoline, schizophrenic 20–54 yr olds, 7280
toxic hepatitis as side effect induced by antidepressants or phenothiazines or antiepileptics or anxiolytics or other neuroleptic drugs, psychiatric disorders, 30726
treatment of neuroleptic malignant syndrome, comments on article by J. L. Levenson, 22566
vasopressin & oxytocin concentration in CSF, schizophrenic patients receiving no drug therapy vs neuroleptic drug treatment, 20376
withdrawal of long term neuroleptic treatment, dopamine & homovanillic & dihydroxyphenylacetic & 5-hydroxyindoleacetic acid & noradrenaline levels in CSF, 30–55 yr old chronic schizophrenic patients, 1910
withdrawal of neuroleptic drugs & tardive dyskinesia side effects, 5–47 yr old mentally retarded patients, 30735
written informed consent vs informal discussion about possibility of tardive dyskinesia, relapse or neuroleptic treatment noncompliance, chronic psychiatric patients, 1-yr followup, 4514
1-yr maintenance therapy with clopenthixol decanoate, schizophrenic 19–70 yr olds in remission, conference presentation, 7254
Neurological Disorders [See Nervous System Disorders]
Neurologists
contributions of T. Meynert to pathophysiology of neuropsychiatric disorders, 4214
Neurology
chronobiological & immunopsychological issues in workshop on neuroimmunomodulation, treatment & prevention implications, 23811
factors in assessment of sleep disorders as neurological disorders, 14879
incidence of abnormal neurological findings, hospitalized psychiatric patients, 30483
induction of functional retinal projections & neurophysiological recordings, somato-sensory system, newborn hamsters, 21298
need for computerized axial tomography & neurological consultation, patients with dementia of unknown origin, comments on article by D. R. Weinberger, 6902
neural mechanisms of conditioned food aversions, animals, 13813
neuroleptic drugs as possible confounding variable in neurologic soft signs examination, relationship between organicity & long term prognosis, schizophrenia, comment on findings of T. Kolakowska et al, 30771
neurological abnormalities, patients with schizophrenia vs affective disorder vs bipolar disorder with psychosis vs alcohol & drug abusers, 30079
nuchocephalic & snout reflex & glabellar blink & ventrical gaze & paranoia & visual pursuit & reverse spelling & memory recall, assessment of abnormal neurologic response rates, 50–93 yr old normal adults, 29314
positive vs negative findings on neurological examination & cognitive deficit compensation differences, performance on summary & localization scales of Luria Nebraska Neuropsychological Battery, patients with brain disorders, 12247
psychiatric & neurologic disorders following surgery, 20–53 yr olds treated for morbid obesity, 18161
role in assessment & diagnosis & management of sleep disorders, neurologists, 14814
role in assessment & diagnosis of sleep disorders, neurologists, comment on view of A. Culebras & M. M. Mitler, 14841

gating process in thoracic ganglia during flight, locusts, 8407
input-output relationships of identified buccal ganglia neurons, feeding behavior, Aplysia, 19325
interaural time vs intensity differences in acoustic stimuli, activity of binaural neurons in superior colliculus, cats, 3181
intraseptal injections of 6-hydroxydopamine, catecholamine neuronal activity & time discrimination behavior, male rats, 11305
lesions of interstitial nucleus of Cajal, vestibular horizontal canal neurons, cats, 26602
mesolimbic dopamine system & pigmented neurons in ventral tegmental area contralateral to therapeutic surgical lesions, brains of 52–70 yr olds with Parkinson's disease, 20258
microelectrophoretic application of glucose & mazindol, neurons in lateral hypothalamic area, rats, 21595
mid-range concentration method vs slope method of best stimulus classification, assessment of taste neurons, rats, 524
morphology of nerve cells & neuropil & senile plaques in brains, deceased 85–95 yr olds with vs without senile dementia of Alzheimer type or mild senility, 27623
morphology of vasopressin & oxytocin neurons in paraventricular & supraoptic nucleus, changes in hypothalamo-neurohypophyseal system, 10–93 yr olds & brains from patients with senile dementia of Alzheimer type, 24894
movements in or out of view & articulation & rotation of body/head, neuronal cell responses in superior temporal sulcus, juvenile male macaque monkeys, 21318
neuronal & synaptic activity, feeding motivation & behavior & associative learning, marine mollusks, 5671
neuronal organization in striate cortex receptive field, kittens, 11145
neurophysiology of geniculate ganglion taste systems, cats vs dogs vs goats vs rats, 494
presaccadic visual & movement & anticipatory activity, single neuronal activity in frontal eye fields, monkeys, 3147
Purkinje cell counts in cerebella, autistic 10–22 yr old males & 5 yr old female with phenytoin toxicity, 27358
response of CNS to neuronal loss resulting from Alzheimer's disease vs similar neuronal loss induced by lesions of entorhinal cortex, humans vs rats, 30394
response properties of retinal horizontal & photoreceptor cells, tree squirrels, 29283
role of single neurons in perception, 13784
size of cells in lateral geniculate nuclei, monkeys from age 8 days to adulthood, 5684
textured stimulus moving in preferred direction superimposed upon textured or grating stimulus moving in different directions, responses of complex cells in striate cortex, cats, 13812
topical application of serotonin in caudate nucleus, discharge rate of caudate cells & EEG activity during wakeful & sleeping periods, male rats, conference presentation, 14075
unilateral injections of excitatory amino acids vs GABA antagonist bicuculline in periaqueductal gray matter vs tegmentum, neuronally mediated defensive behavior, male rats, 5817
wakefulness vs NREM sleep, activity of medullary respiratory neurons, cats, 29289

Neuropathologists [See Neurologists]

Neuropathology
analysis of brain structure using X-ray vs nuclear magnetic resonance computerized tomography, patients with Huntington's chorea, 20215
brain histopathology, patient with atypical form of Creutzfeldt-Jacob disease corresponding to Gerstmann-Straussler syndrome with associated psychosis, case report, 30433
cerebral ventricular size & its clinical significance, adult patients with schizophrenia or schizoaffective disorder of 2–20 yrs duration, 4215
computed tomography scan of cerebral atrophy, mentally alert 100–102 yr olds, 24093
computer-administered neurobehavioral evaluation system, evaluation of effects environmental agents on CNS function, 20–69 yr old blue collar workers & college staff & faculty, conference presentation, 23360
computer methodology for neurotoxicity testing, humans, conference presentation, 23386
concept of subcortical dementia associated with Huntington's & Parkinson's disease & progressive supranuclear palsy, 9552
cortical cholinergic innervation & cell loss in nucleus basalis & magnocellular basal nucleus at autopsy, patients with senile dementia of Alzheimer's type, 20236
electrophysiological analysis of response to pairs of stimuli, assessment of peripheral nerve function in evaluation of neurotoxicity, humans, conference presentation, 23373
EPs as index of toxic insult to nervous system, assessment of neurotoxicity, humans, conference presentation, 23357
evaluation of behavioral motor deficits in neurotoxicity screening, conference presentation, 24981
head injury as cause of neurodevelopmental handicaps, children, 4112
hippocampal pyramidal cell orientation, schizophrenic 28–66 yr olds, 1321
late positive component of event-related cortical potential, measurement of effects of neurotoxins on CNS, humans, conference presentation, 23367
long term outcome & neuroanatomical alterations from traffic accident-induced severe closed head injury assessed by nuclear magnetic resonance imaging, 19 yr old female, case report, 30423
methodological procedures for postmortem study of neurological & psychological parameters, depression, conference presentation, 10738
microcomputer-based system for testing for neurotoxicity, assessment of cognitive & sensory & motor functioning, conference presentation, 23365
morphology of nerve cells & neuropil & senile plaques in brains, deceased 85–95 yr olds with vs without senile dementia of Alzheimer type or mild senility, 27623
National Institute for Occupational Safety & Health neurobehavioral testing & research in neurotoxic hazard evaluations, conference presentation, 23355
nerve conduction vs automated techniques, assessment of cutaneous sensations in peripheral toxic neuropathies, conference presentation, 24869
neurological abnormalities, Capgras symptoms, schizophrenic male, 1400
neurological abnormalities, parents & siblings of schizophrenic patients, 30163
neurological abnormalities, patients with schizophrenia vs affective disorder vs bipolar disorder with psychosis vs alcohol & drug abusers, 30079

neurological bases for some forms of reading disorders, implications for remedial reading instruction, 9436
neuropathological correlates of behavior, brain sections from schizophrenic patients, comments on findings of B. Bogerts et al & A. Lesch & B. Bogerts, 30223
neuropathology & neurotransmitter deficits, 31–64 yr olds with Down's syndrome, 1480
neuropsychological profiles & morphological brain changes, 39–93 yr old Alzheimer's patients, 4177
new approaches in study of cortical plaques & relation to etiology of Alzheimer's disease, 22314
pathological changes assessed by post mortem examination, deceased 67–75 yr old patients with dementia & without Alzheimer pathology, 9545
portable laboratory microcomputer-based system, measurement of sensory EPs & neurobehavioral data in field testing of neurotoxicity, humans, conference presentation, 23385
postmortem analysis of volume of basal ganglia & diencephalon & limbic system, schizophrenic patients, 1263
prenatal administration of methylmercuric chloride, behavior & neuropathology, mice, 16666
process vs reactive & chronic vs acute schizophrenia & age of onset & neurological impairment, premorbid adjustment, 18–65 yr old White males, 17352
psychophysical & electrophysiological approaches, assessment of effects of neurotoxins on sensory functions, humans, conference presentation, 23379
self psychology, borderline neurocognitively impaired children, 9739
structural abnormalities in frontal system using magnetic resonance imaging, White patients with schizophrenia, 22020
tests for assessment of neurotoxic effects on cognitive functions, conference presentation, 23410
thiamine deficiency, development of neuropathological lesions & comparison with Wernicke's syndrome in chronic alcoholism, 20265
trimethyltin & phenobarbital in repeated doses, convulsions & limbic neuropathology, female rats, 16841
types & phases of epidemiological studies in neurotoxicity research, conference presentation, 23359
Neuropathy [See Nervous System Disorders]
Neurophysiology [See Also Neuroendocrinology, Receptor Binding]
animal models & hormonal & amygdala & adrenergic involvement, memory modulation & dysfunction, 16417
antidepressant drugs, reversal of olfactory bulb lesion deficits, sham- or bulbectomized male rats, implications for neuroscience of primary unipolar depression in humans, 21382
beta-blocking drugs, stabilization of intrasynaptic serotonergic neurons in migraine headaches, 12573
brain structural functional organization of emotional states & responses, epileptic patients with vs without emotional disorders, 12165
chronic dehydration, cerebral glucose utilization, rats, 8475
chronic phenobarbital, synaptosomal sodium transport & membrane fluidity, mice, 16721
concepts related to biological image motion processing, literature review, 10933
detection of appearance & disappearance in briefly interrupted complex visual patterns, groups with mean age of 20.3 vs 68.4 yrs, implications for neural model, 13584
disturbances of function of nonspecific brain systems, visual EPs, patients with closed head injuries, 9621
eye position during fixation on luminous targets, macaques vs 19–33 yr old human males, 3173
genetic & neurophysiological bases of dyslexia, 30316
handwriting & automatic projection of unconscious & neurophysiological processes, 6371
local vigilance & neurophysiology, etiology of mental illness, implications for neuropsychiatry, 24666
neural functioning of brain in memory & long term processing of information, 23818
neuroethology underlying behavior, vertebrates, 502
neuromotor tuning of Valsalva mechanism prior to speech, stuttering, 12154
neuronal circuitry in piriform/olfactory cortex, conference presentation, 11151
neurophysiological assessment, alcohol-dependent patients, 9393
neurophysiology, infantile autism, 11986
pharmacokinetics of citicoline, long-latent acoustical EPs, 43–67 yr old patients hospitalized for neurotic pathology, 22586
physiological aspects of cerebral lateralization, epileptic patients, 17669
plasticity of neural connections in schizophrenia, literature review, 9257
prior food avoidance learning, neural responses of surgically isolated brain, mollusks, 3258
psychological & neuropsychological aspects of aging brain & chronic cerebrovascular disease, literature review, 30431
psychological & physiological stress, opiate & hypothalamic-pituitary-adrenal & serotonergic system changes & anorexia nervosa, 27532
role of basal ganglia in sensory gating for CNS, implications for neurophysiological basis for schizophrenia, literature review, 1371
role of single neurons in perception, 13784
sexually dimorphic nucleus in hypothalamus, male vs female 10–93 yr olds, 11171
sweet vs bitter dextro vs levo amino acids, preferences & neural responses, mice, 16409
transient grasp reflexes & frontal lobe dysfunction, schizophrenic 29 & 35 yr old males, case reports, 30179
vigilance & neurobiology, etiology of mental illness, comments on theory of W. P. Koella, 24650
vigilance & neurobiology, etiology of mental illness, comments on theory of W. P. Koella, 24724
vigilance, psychopathology of psychiatric disease, comments on theory by W. P. Koella, 24714
Neuropsychiatrists [See Psychiatrists]
Neuropsychiatry
contributions of T. Meynert to pathophysiology of neuropsychiatric disorders, 4214
creation & achievements of G. Uzunov's psychoneurological scientific school, Bulgaria, 5169
diagnostic utility of EEG videotelemetry with clinical variables assessed by multidisciplinary hospital evaluation, hospitalized 1.5–18 yr olds admitted to neuropsychiatric unit, 22284
drug therapy, neuropsychiatric symptoms of hyper- & hypothyroidism, 15208
GABA, control of adenohypophyseal & hypothalamic & thyroid & pancreatic hormones & neurological & psychiatric disorders, criticism of F. V. DeFeudis's literature review, 26508
GABA, presence in endocrine tissues & effects on hormonal release & relation to human neurologic-psychiatric disorders, literature review, 26492
gangliosides, treatment of brain injury, comments on study by B. A. Sabel, 23991
gangliosides, treatment of brain injury, comments on study by B. A. Sabel, 24047
gangliosides, treatment of brain injury, rats, comments on study by B. A. Sabel, 23961
growth promoting gangliosides, neuronal development & treatment of neurological diseases & brain injury, comments on study by B. A. Sabel, 24019
growth promoting gangliosides, treatment of brain injury, comments on study by B. A. Sabel, 23955
interventions based on system patterns derived from pathophysiology of symptom formation, destabilization of symptom in family system, neuropsychiatric patients, 17929
local vigilance & neurophysiology, etiology of mental illness, implications for neuropsychiatry, 24666
medical diagnosis utilizing assessment of cerebral function & blood flow & metabolism, psychiatric disorders, comments on study by R. J. Mathew et al, 24597
medical diagnosis utilizing assessment of cerebral function & blood flow & metabolism, psychiatric illnesses, comments on study by R. J. Mathew et al, 24599
medical diagnosis utilizing measurement of cerebral function & blood flow & metabolism, comments on study by R. J. Mathew et al, 24592

medical diagnosis utilizing measurement of cerebral function & blood flow & metabolism, schizophrenic Ss, comments on study by R. J. Mathew et al, 24581
need for future studies to demonstrate metabolic pathway for GABA biosynthesis & degradation, role of GABA in endocrine system regulation, criticism of F. V. DeFeudis's literature review, 26535
neuropsychiatric manifestations, hyperparathyroidism, 45 yr old female with history of choreoathetoid cerebral palsy, 17559
neuropsychiatric research, internal craniocerebral injuries, literature review, 6876
superconducting quantum interface device & other instruments & techniques, measurement of biomagnetism in research & neuropsychiatric diagnosis, 13344
vigilance & neurobiology, etiology of mental illness, comments on theory of W. P. Koella, 24650
vigilance & neurobiology, etiology of mental illness, comments on theory of W. P. Koella, 24724
vigilance, psychopathology of mental illnesses, animals & psychiatric patients, comments on theory of W. P. Koella, 24646
vigilance, psychopathology of psychiatric disease, comments on theory by W. P. Koella, 24714
Neuropsychological Assessment
assessment of cognitive skills & neuropsychological language & visual-motor & motor impairment, male 6–10 vs 11–16 yr olds with Duchenne muscular dystrophy, 6875
assessment of psychic/psychomotoric speed & flexibility/perseveration ability, epileptic patients, 6791
automated interpretation of neuropsychological tests, 10760
BASIC computer program, scoring of standard & decision-tree Luria-Nebraska Neuropsychological Battery, 2833
behavioral neuroscience & applied psychological evaluation & behavioral neurological investigation as foundations of developing issues in clinical neuropsychology, 6720
behavioral performance tests, assessment of solvent toxicity to nervous system, humans, conference presentation, literature review, 30393
Bender Visual Motor Gestalt Test, diagnosis of brain lesions, 5–12 yr olds, Spain, 28919
Bender Visual Motor Gestalt Test for Young Children, psychodiagnosis of brain disorders, children with neurological diseases & learning disabilities, 4127
biases toward aging in testing for cognitive dysfunction using Hooper Visual Organization Test & Color-Form Sorting Test, 20–39 vs 40–72 yr old hospitalized psychiatric patients, 8112
cluster analysis of cognitive-neuropsychological tests, identification of neuropsychological subtypes, male alcoholics, 20020
computed tomography test results vs neuropsychological test performance, diagnosis of brain impairment, 9–15 yr old psychiatric patients, 22135
concurrent predictive validity of neuropsychological instruments & intelligence measures, prediction of academic achievement, 6.5–8.5 vs 8.5–11 yr olds with reading disabilities, 23114
confounding effect of hemispheric asymmetry vs practice, fingertip number writing errors, psychiatric patients, 19961
construct validity of combination clinical & neuropsychological measure for differential diagnosis, 4–13 yr olds with attention deficit disorder with hyperactivity &/or conduct disorder &/or emotional disorder, 16108
construct validity of Luria-Nebraska Neuropsychological Battery-Children's Revision, differentiation of subgroups, 8.3–12.8 yr olds diagnosed as learning disabled, 13463
construction of short form of Halstead Category Test, assessment of organic brain impairment, brain damaged 18–69 yr olds, 28933
construction of Wagner Preference Inventory II, measurement of neurobehavioral preference, college students, 5348
depression & neuropsychological performance, depressed vs nondepressed inpatients, 22050
derived estimates of IQ from Luria-Nebraska Neuropsychological Battery, severely disturbed neuropsychiatric patients, 21017
development & reliability of psychological assessment instrument, evaluation of physical & mental deterioration, frail elderly patients, 23422
development of short neuropsychological screening battery, identification of cerebral dysfunction, brain damaged vs normal 9–14 yr olds, conference presentation, 5329
developmental test based on STYCAR sequences developed by M. D. Sheridan, neurodevelopmental assessment, children under 3 yrs of age, 10786
diagnostic validity of Luria-Nebraska Neuropsychological Battery-Children's Revision vs WISC-R, 8–12 yr olds in neurological vs psychiatric groups, 20986
drinking history & antisocial personality, neuropsychological impairment, male vs female alcoholism treatment inpatients over vs under 40 yrs old, 22161
effectiveness of WISC-R & Aphasia Screening Test, prediction of overall results of comprehensive neuropsychological evaluation, 8–16 yr old psychiatric patients, 27379
epilepsy, false negatives on Canter's Background Interference Procedure & Trail Making Test, epileptic adults, 12244
evaluation of Halstead-Reitan Neuropsychological Test Battery indices of brain dysfunction, 20–40 yr old male chronic schizophrenics, 13399
factor analysis of Luria-Nebraska Neuropsychological Battery by sensorimotor & speech & conceptual item bands, VA medical center patients, 21034
factor analysis of WISC-R & Draw-A-Person & Peabody Individual Achievement Test vs Halstead-Reitan Neuropsychological Test Battery & Luria-Nebraska Neuropsychological Battery, 7–10 yr olds, 31379
factor pattern of WAIS-R & relationship to Luria-Nebraska Neuropsychological Battery Intelligence Memory & Motor Scales, neurologically impaired patients, 28951
feedback about neuropsychological assessment findings, psychiatric patients & their families, 17300
Halstead-Reitan Neuropsychological Test Battery, private practice psychotherapy, neuropsychologists, conference presentation, 17843
Halstead-Reitan Neuropsychological Test Battery's Halstead Finger Tapping test counter vs finger tapping apparatus developed by Western Psychological Services, male vs female right handed college students, 26191
Hooper Visual Organizational Test vs Benton Visual Retention Test vs Color-Form Sorting Test, prediction of brain dysfunction, 25–72 yr old psychiatric patients, 5345
incidence & doubtful significance of nonstandard orientations of key for Aphasia Screening Test, epileptics & patients aged 16 yrs & older with confirmed & outpatients referred for neurological disorders, 14819
informational letter, compliance & motivation for neuropsychological outpatient evaluation, aged, 4658
intellectual & academic & neuropsychological assessment, learning disabled adults, 20089
internal consistency reliability estimates of subscales of Luria Nebraska Neuropsychological Battery, 18–86 yr old psychiatric & brain damaged patients, 10821
internal consistency reliability of Category test & Speech Sounds Perception test & Seashore Rhythm test of Halstead-Reitan Neuropsychological Test Battery, psychiatric & brain damaged patients, 13444
intramuscular protirelin tartrate, neuropsychological test performance, patients with sequelae of cerebrovascular accidents, 22599
issues in neuropsychological assessment & test construction & performance on Tactual Performance Test, brain damaged adults, literature review, 18989
lifetime vs recent alcohol consumption, neuropsychological deficits, 20–70 yr old detoxified male alcoholic inpatients, 22190
mental status tests in geriatrics, elderly patients, 20118
methodologies in neuropsychological assessment, right & left brain functioning, implications for schizophrenia & creativity, conference presentation, 5278
microcomputer-based Psychometric Assessment System & Dementia Screening Battery, differentiation of age-related vs incipient dementia, humans exposed to neurotoxins, conference presentation, 23361
microcomputer-based system for testing for neurotoxicity, assessment of cognitive & sensory & motor functioning, conference presentation, 23365
modified neuropsychological assessment in private practice psychotherapy, contributions of A. Luria & W. Halstead & R. Reitan, conference presentation, 17762

National Adult Reading Test & Mill Hill Vocabulary Scale—Synonym section scores, estimation of premorbid intelligence & severity of dementia, 65–86 yr olds with Alzheimer's disease vs multi-infarct vs mixed etiology dementia, 27640
need for understanding of reliability coefficients & standard error of measurement in interpretation of scores of Luria Nebraska Neuropsychological Battery, 10797
neurodevelopmental examination, early diagnosis of cerebral palsy & mental retardation, retrospective analysis of medical records of infants under 1 yr old, 1975–82, 14544
neuromaturational indicators of delayed development, preschool children, 22287
neuropsychological & academic achievement correlates, statistically abnormal WISC-R verbal-performance discrepancies, 9–15 yr old psychiatric inpatients, 10811
neuropsychological & cognitive basis of early achievement, children with mean age of 5.5 yrs, 2-yr longitudinal study, 3467
neuropsychological assessment & deficits, 18–25 yr old active professional boxers, 24887
neuropsychological assessment as component of multidisciplinary approach, evaluation & treatment of substance abusers, case examples, literature review, 22793
neuropsychological assessment of early left brain injury, 11 yr old male, 20122
neuropsychological assessment of peripheral neuropathy & cerebral atrophy & intellectual impairment, males 61 yrs & younger with alcoholic nervous system damage, 1438
neuropsychological assessment, personal injury litigation involving head injury or toxic environments or physical disease or malpractice, 24409
neuropsychological assessment, 63 yr old physician with transient global amnesia, 9523
neuropsychological functioning, patients with Turner syndrome vs right- vs left- vs diffused-brain lesions, 27646
neuropsychological measures in detection of frontal lobe impairment, patients with localized cerebral lesions, 22227
neuropsychological methods, assessment of motor & sensory skills & cognitive development, preschool age children, 21695
neuropsychological profiles, 18–35 yr old males with insulin-dependent diabetes mellitus, 22272
neuropsychological screening procedure & coding & response sheets, 16111
neuropsychological test scores & ratings of treatment compliance & predicted outcome, hospitalized male alcoholics, 7489
normative data for neuropsychological measures, nondisordered 18–69 yr olds, 5272
patterns of feigning brain damage on Luria-Nebraska Neuropsychological Battery, high vs average IQ adults asked to appear brain injured, 27625
perceptual & constructional & nonverbal memory tasks, assessment of focal CNS dysfunction & speech lateralization in spatial deficits, 13–18 yr olds with Turner's syndrome, 20208
performance on Luria-Nebraska Neuropsychological Battery, male vs female 17–30 vs 40–55 yr olds vs Ss aged 65 yrs & over, 1658
performance on McCarron-Dial Work Evaluation System, prediction of levels of independent living, mentally retarded 16–54 yr olds, 20535
portable laboratory microcomputer-based system, measurement of sensory EPs & neurobehavioral data in field testing of neurotoxicity, humans, conference presentation, 23385
Portuguese version of A. Christensen's neuropsychological test battery derived from that of A. R. Luria, 2853
positive vs negative findings on neurological examination & cognitive deficit compensation differences, performance on summary & localization scales of Luria Nebraska Neuropsychological Battery, patients with brain disorders, 12247
procedure for neuropsychological assessment, 12230
psychometric & neurologic evaluation, head injured 20–45 yr old Air Force personnel, 4213
redundancies & unique variance of WAIS vs Halstead-Reitan Neuropsychological Test Battery, epileptic 16–66 yr olds, 20189
relative efficiency of WAIS IQ & subtest variables, prediction of Halstead-Reitan Neuropsychological Battery performance level, psychiatric & brain damaged patients, 26232
reliability & validity of 4 self report alcohol questionnaires, diagnosis of alcohol problems, 5302
revised version of Luria-Nebraska Neuropsychological Battery, assessment of cognitive functioning, 49–72 yr old patients with Alzheimer-type dementia vs alcoholic Korsakoff's syndrome, 24868
role of set shifting cues in Wisconsin Card Sorting Test & Halstead Category Test, 22–70 yr old male neuropsychiatry patients, 22320
RT, screening for brain disease, 18–70 yr olds, 1551
scales of Luria-Nebraska Neuropsychological Battery & measures of regional cerebral blood flow, chronic schizophrenic patients on antipsychotic medications, 3846
scores on Luria-Nebraska Neuropsychological Battery, schizophrenic patients with vs without neuropsychological impairment, 22128
Seashore Tonal Memory Test & Halstead-Reitan Neuropsychological Test Battery, discrimination of degree of impairment & right vs left lesions, Ss with focal or diffuse cerebral lesions, 18956
standardization & validation of battery of clinical neuropsychological tests, patients with aphasia, 28993
standards for use of neuropsychological test batteries in clinical practice, psychologists, 22857
subjective psychiatric rating scales vs objective cognitive test scores, geriatric patients with dementia being screened for participation in experimental drug trial, 30364
subtest &/vs IQ variables of WAIS, prediction of variance in Luria-Nebraska Neuropsychological Battery summary scales, 19–70 yr olds with variety of diagnoses, 26233
teaching of mental status examination procedure in medical schools, medical students & their elderly patients, implications for dementia, 20606
test & interrater reliability of bedside cognitive screening tests, diagnosis of delirium & dementia, 16164
test presentation order & time interval between testing, performance on Category test of Halstead-Reitan Neuropsychological Test & Wisconsin Card Sorting Test, college students, 13378
tests for assessment of neurotoxic effects on cognitive functions, conference presentation, 23410
tests used in National Institute for Occupational Safety & Health research on neurobehavioral effects of chronic exposure to industrial chemicals, workers, review of worksite studies, 1973–83, conference presentation, 23397
use of Luria-Nebraska Neuropsychological Battery, assessment of aphasia, patients with brain damage, 24884
use of Luria-Nebraska Neuropsychological Battery, prediction of WAIS-R scores, neurologic & psychiatric patients, 26223
validity & reliability of Intermediate Booklet Category Test, diagnosis of learning disabilities, 9–14 yr old learning disabled vs regular education students, 26195
validity of neuropsychological assessments in private practice psychotherapy, conference presentation, 17817
validity of short form of Speech Sounds Perception test of Halstead-Reitan Battery, geriatric patients with Alzheimer's disease or mixed dementia or pseudodementia, 13438
validity of translation of A. L. Holland's measure of communicative abilities in daily living, aphasic patients, Italy, 5328
valine & isoleucine & leucine administration, neuropsychological test performance, 6–20 yr olds with phenylketonuria, 4498
verbal-performance discrepancies on WISC-R, performance on Luria-Nebraska Neuropsychological Battery-Children's Revision, learning disabled 8–13 yr olds, 10800
WAIS subtests, prediction of performance on Luria Nebraska Neuropsychological Battery, neurologic & psychiatric patients, 13385
Western Aphasia Battery, differential classification based on primary aspects of language functioning, Ss with aphasia, 18981

Neuropsychology

academic achievement & IQ & neuropsychological functioning, 4.5–10.5 yr olds with arrested hydrocephalus, 22336
age, neuropsychological deficit, 7–15 yr olds with Gilles de la Tourette's syndrome, 9510
agrammatism as aphasic clinical category & need for consideration of method & theory of neurolinguistics & cognitive neuropsychology, 22221
application of cognitive neuroscience & learning style research in preservice teacher education, 15610

behavioral neuroscience & applied psychological evaluation & behavioral neurological investigation as foundations of developing issues in clinical neuropsychology, 6720
biological markers, patients with schizotypal personality disorder, 30220
cerebellar tumor treated with surgical resection & local or cranial irradiation, neuropsychological performance, 8.3–10.8 yr olds, 1–7 yr followup study, 27633
clinical & historical & neuropsychological correlates of cerebral ventricular enlargement, schizophrenic 16–37 yr olds, 30157
clinical presentation of flat affect & neuropsychological factors, chronic schizophrenic patients, 17384
clinical role in chronic pain treatment & diagnosis, clinical neuropsychologists, 27667
clinical symptoms, 67 yr old male with amyotropic lateral sclerosis accompanied by dementia, 14802
cognitive capacity & cerebral lateralization & structural basis of amnesia & disorders of reaching due to parietal lesions, human vs nonhuman primates, literature review, 5649
cognitive functions & neuroanatomy-disease related changes, patients with multiple sclerosis, conference presentation, 1627
cognitive revolution & neuro- & computer sciences, resurgence of mind/brain relationship & study, 23350
developmental disabilities & individual differences vs deficit vs delay vs callosal model of learning disabilities, 14764
dynamics of attentional stability as function of brain activity, school age children, 11439
educational backgrounds & related postdoctoral experiences, instructors of clinical neuropsychology in American Psychological Association approved internship programs, 15522
educational preparation & diagnostic approaches in private neuropsychological therapy practice, clinical neuropsychologists, conference presentation, 17813
geometric & topological categories, analysis of CNS structure & function & perceptual & cognitive systems as fibrations, 5362
higher level general neuropsychological & verbal/academic skills vs lower level sensory & motor abilities, brain-impaired 9–14 yr olds, 30438
illness characteristics & history, smooth pursuit eye tracking & performance on neuropsychological tests & brain morphology, 23–42 yr olds with schizophrenia, 17309
impairment on Luria Nebraska Neuropsychological Battery, illustrative cases of 31 yr old male & 63 yr old female patient, 12014
importance of & neurophysiological basis of habits in psychology, reprint of W. James's "Psychology, Briefer Course", 23807
incidence of neuropsychological deficits, 9–33 yr old females with Turner's syndrome, 14861
integration of cognitive & behavioral & neuropsychological concepts in self regulatory model of emotion, 11199
intellectual vs neuropsychological factors, completion vs withdrawal from vocational training & therapy program, 21–30 yr old inpatient drug & alcohol abusers, 12761
methylphenidate & possible existence of neural substrate, hyperactivity, children, 30734
mind-body & polarization of neuropsychological & psychodynamic theories in psychoanalytically oriented psychiatric settings, 17756
multidisciplinary nature of neuropsychology research, 11164
neural bases of development & learning over life span, literature review, 8428
neural basis of behavioral adaptation & learning, 8391
neurological & cognitive disturbances, 21–26 yr old patients with arachnoid cysts in anterior & medial cranial fossa, 24932
neurological functioning & early clinical features & response to neuroleptics, outcome, adults with diagnosis of schizophrenia or schizoaffective disorder 2–20 yrs after onset of illness, 4502
neuropsychological & behavioral profiles of empirically derived subgroups, 8–11.9 yr olds with learning disabilities, 27469
neuropsychological analysis of memory disturbances, developmentally delayed children, review of study by A. R. Luria, 9594
neuropsychological assessment of brain atrophy & hemispheric & regional cerebral blood flow, 31–69 yr old Huntington's disease patients vs 22–57 asymptomatic at risk blood relatives, 30468
neuropsychological assessment of effects of chronic hypoxia, elementary school children with cyanotic congenital heart defect, 1617
neuropsychological assessment of Wernicke's encephalopathy induced by hyperemesis gravidarum treated by iv feeding without vitamin supplementation, pregnant 19 yr old, 12213
neuropsychological assessment, treatment of minor head injury, 28 yr old male, 17739
neuropsychological assessment, 45 yr old male with cerebral Whipple's disease, 14872
neuropsychological characteristics before vs after surgery, patients with transient ischemic attacks in carotid artery area, 4584
neuropsychological functioning, patients with presenile dementia & senile dementia of Alzheimer type, 14865
neuropsychological model of daily functioning, implications for psychotherapy, conference presentation, 17779
neuropsychological rehabilitation, patient with posttraumatic Korsakoff's syndrome, 7451
neuropsychological test performance & frontal lobe disinhibition, 6–12 yr olds with attention deficit disorder, 27516
neuropsychologically related journals, ranked clinical importance, neurologists, 28305
neuropsychology of memory, humans & animals, implications for amnesia, 16427
nuchocephalic & snout reflex & glabellar blink & ventrical gaze & paranoia & visual pursuit & reverse spelling & memory recall, assessment of abnormal neurologic response rates, 50–93 yr old normal adults, 29314
origin of term neuropsychology in psychological literature, 26483
per capita distribution of psychology faculty & population density & median household income, geographic distribution in large vs small metropolitan areas, neuropsychological service providers, 28347
plasticity of neural connections in schizophrenia, literature review, 9257
problems in neuropsychological data transfer between computers, conference presentation, 18902
psychopathology, deficits in neuropsychological functioning, patients with epilepsy, comments on experimental replication by K. A. Mochle et al & other studies, 30402
role in improvement of educational process, neuroeducators, 15603
role of clinical neuropsychology in rehabilitation, 15414
school attendance & neuropsychological functioning & achievement, 12–19 yr olds with diabetes, 6858
sensory EPs & neuropsychological findings, adults at risk for Huntington's disease, 12224
setting & goals & format of clinical neuropsychology internship, 31035
symptomatic & neuropsychological components, chronic schizophrenic 20–48 yr olds, 17314
teaching methods & neuropsychological differences & sentence comprehension strategies in reading Chinese characters, Peoples Republic of China, 18463
variants of clinical course of late period of combat-closed craniocerebral injury, war veterans, 20125
Neurosciences [See Also Neuroanatomy, Neurobiology, Neurochemistry, Neurology, Neuropathology, Neurophysiology, Neuropsychiatry, Neuropsychology]
cognitive science & neuroscience & model of information processing, schizophrenic thought processes, application of brain EP, conference presentation, 30198
grouping of data into categories in neuroscience experiments on chemical senses, 20961
human conscious experience as embodied in rather than interactive with brain activity & artificial intelligence & Christianity, conference presentation, 29286
new publications in language & mind & brain, bibliography, 8217
value of interaction between psychiatry & neurosciences & behavioral sciences, criticism of P. S. Holzman's study, 12323
Neurosis [See Also Anxiety Neurosis, Conversion Neurosis, Experimental Neurosis, Hysterical Paralysis, Hysterical Vision Disturbances, Neurasthenic Neurosis, Neurotic Depressive Reaction, Obsessive Compulsive Neurosis, Occupational Neurosis, Phobic Neurosis, Traumatic Neurosis]
affective stimuli, cognitive attribution & unconscious sensitive verbal responses & alexithymia, psychosomatic vs somatic vs psychoneurotic patients, 9184

age at 1st hospitalization & premorbid social competence & developmental categorization of symptomatology, patients with major affective vs personality disorder vs neuroses, 9249
alprazolam vs amitriptyline, patients with reactive vs neurotic depression, 15148
anthropological-integrative psychotherapy, examination of disproportions & deficiencies & compensatory hypertrophy & conflicts in structures of communication, cardiac neurosis patients, 14984
anti-Black prejudice & discrimination, elevated levels of neurotic symptomatology, 18–64 yr old urban Whites, South Africa, 6191
artistic productivity & creativity & neurosis in work of O. Rank, 7953
attitudes toward efficacy of complexive therapy, neurotic patients, 20271
bicycle exercise vs psychological stress, plasma norepinephrine & epinephrine levels & blood pressure & heart rate, patients suffering from cardiac neurosis, 19923
biological insufficiency & personality & trauma as predictive factors, patients with longstanding vs acute neurasthenic & hysterical neurosis, 6577
bromazepam, depressed neurotic patients, 9875
bromazepam, outpatients with psychoneurotic or depressive or sexual disorders, conference presentation, 7260
bromazepam, patients with psychoneurotic & depressive syndromes, 7259
bromazepam vs chlorprothixene, neurasthenic & autonomic & depressive symptomatology, patients with neuroses, 7279
bromazepam vs diazepam, neurotic outpatients, conference presentation, 7158
bromazepam vs diazepam, patients with neuroses, 7156
cases involving neurasthenia & psychotic & cerebrovascular accident patients, assessment of & suggestions for treatment & drug therapy, psychiatrists, conference presentation, 6959
chronic emotional stress & consequent cerebral hypoxia in etiology of neurosis, 6602
chronic pain stress with vs without antioxidant F-801, hypoxia & blood pressure & heart rate & cardiac mass & peroxide lipid oxidation, rats, 11220
cognitive behavior therapy vs short term focal psychotherapy, eating habits & severity of neurotic symptoms, bulimic patients, conference presentation, 25042
compensation, 28–58 yr old claimants with accident neurosis, 1–7 yr followup, 1386
composite sedative, anxiety & autonomic symptoms, male patients with neuroses, conference presentation, 15165
concrete-sensitive & affective & conceptualizing & evaluative complaints, defense mechanism formation, patients with neurotic & neurotic-like states & somatic illnesses, implications for differential diagnosis, 6821
contributory factors to duration of psychoneurotic & psychosomatic disorders & admission to psychotherapy, 18–40 yr old clinic patients, 27836
crepuscular hysteria & neurotic delirium vs psychotic delusions, patients, 19956
current DSM-III status, neurotic depression, conference presentation, 24662
cyanide & oxygen, pyknosis of leucocytes, healthy vs neurotic vs psychotic individuals, 6498
day hospital vs psychiatric hospitalization, treatment outcome, psychiatric patients with neurosis or personality disorder or adjustment reaction, 22713
depressive neurosis as actual vs transferential, implications for psychoanalysis, 9297
development & validity & reliability of symptom rating scale, assessment of depression & mixed neuroses in psychodiagnostic interview, 18972
development of findings scales from Psychic Sociocommunicative Findings Sheet & psychodynamic interpretation, establishment of neurotic patterns of interaction, patients with neurotic or psychosomatic complaints, 26239
dexamethasone, cortisol inhibition, 24–56 yr old patients with affective illness vs neurosis &/vs personality disorders, 27374
diagnosis & drug treatment in sanatorium, patients with psychoses & neuroses, Czechoslovakia, 7262
doctor-patient relations & emotional stress & behavioral eccentricity & neurotic complaints & therapy or medical treatment attitudes & fixed attitudes, patients with neuroses vs kidney transplant, 6461
early separation-individuation events & oedipal & preoedipal phenomena, neurotic disorders & psychoanalysis, female with difficulties in heterosexual relationships & female with neurotic depression, 25106
elenium, psychomotor activity, patients with neurosis, 27955
eleuterokokk methanol extract from plant roots, patients with neurotic disturbances, conference presentation, 7201
eleutherokokk plant extract, patients with neuroses, 7231
environmental factors in childhood vs adulthood vs stress, anxious-neurotic vs neurotic depressive twin probands, 3945
epidemiology of disabling neurotic illnesses, patients referred to government commission, Yugoslavia, 11973
evaluation of methods of content analysis of alexithymic speech samples, psychoneurotic & psychosomatic patients with ulcerative colitis & Crohn's disease, 1240
evaluation of short term dynamic psychotherapy, 21–35 yr old neurotic outpatients, 2- vs 5-yr followup studies, 1773
factor-analysis-derived vs standard scales of SCL-90 questionnaire, information about effectiveness of diazepam vs clorothepine, neurotic patients, conference presentation, 5289
fear of infanticide & nuclear cause of neurosis & primary motive force of defense, children, 27275
flunitrazepam vs diazepam, patients with psychoses & neuroses, 7205
Freud's distinction between neurosis & psychosis & relation to Schreber case, 12368
historical analysis of neurosis, 30166
hypnotherapy, psychosomatic disease & neurosis, 12–16 yr old male & female & adults, 7286
identification & motivation & fantasies in neuroses, male analysand treated for depression & marital discord & gastrointestinal symptoms, conference presentation, 27753
identification & referral procedures & contraindications for day hospital treatment, psychiatric patients with neurosis or personality disorder or adjustment reaction, 22712
identification with psychic vs real world, neurotic patients, implications for Jungian analysis, 12396
incidence of rheumatoid arthritis, patients with schizophrenia vs affective psychosis vs neurosis, Sweden, 17299
internalized object relations & expression of emotions through language vs on physical level, patients with colitis vs cardiac neuroses, 14562
maprotiline hydrochloride with psychotherapy, depression & immune reactions of T & B lymphocytes, 25–57 yr olds with depressive neurosis, 12589
meaning of mother & father & idealized I concepts assessed by semantic differential, neurotic adults, 22098
mental health model of neurosis, 27337
minimal age differences between siblings, risk of schizoid disorders, neurotic patients, support for hypothesis of neglect in development of schizoid disorders, 9291
modes of identification in interaction between analyst & analysand, male in 30's with obsessive neurosis & 35 yr old female with complex neurosis, conference presentation, 27813
mono- vs poly-symptomatic residual states, patients with various neuroses, 6474
monoamine oxidase inhibitors, patients with atypical neurotic depression, 9954
monoamine oxidase inhibitors, patients with chronic depression or neurotic syndromes, 15119
muscular relaxation, emotional stress & neuroses & psychosomatic disorders, 4460
need for therapist recognition of conscious subjective experience, effectiveness of psychotherapy, male patient with obsessive behavior, 27830
neurosis as normative condition of present time, criticism of D. Lessing's "Not a Very Nice Story", 21648
neurotic personality development in interaction of neurotic adults with their children, theoretical perspective of K. Horney, 11976
pathogenesis & treatment, 18–45 yr old females with hysterical neurosis vs hysterical personality development, 19985

patient characteristics, neurotic 18–54 yr olds with anxious response listening to heart sounds, conference presentation, 3814
patient characteristics, outcome of short term dynamic psychotherapy, 21–35 yr old neurotic outpatients, 2-yr followup, 1775
patient characteristics, outcome of short term dynamic psychotherapy, 21–35 yr old neurotic outpatients, 5-yr followup, 1776
patterns of ego boundary disturbance using Rorschach test, 16–30 yr old patients with neurosis vs borderline states vs schizophrenia, 3873
pharmacokinetics of citicoline, long-latent acoustical EPs, 43–67 yr old patients hospitalized for neurotic pathology, 22586
philosophy of Buddhism & self awakening psychotherapy for neurosis, 32 & 26 & 78 yr olds with depersonalization & impotence vs reactive depression vs anxiety & compulsive neurosis, conference presentation, 22414
physical & psychological complaints & Briquet's syndrome, infertile females with polycystic ovary disease vs tubal disease vs normal females, 27641
potential genetic factors in morality tasks, schizophrenic vs neurotic twins with physical disorders, 30158
premorbid features & time course, neurotic patients with hypochondriacal disturbances, 6532
premorbid social competence & psychiatric outcomes, male vs female 1st-time admission psychiatric patients with affective vs personality disorders vs neuroses, 22714
propranolol, reduction of anxiety, neurotic & encephalopathic male patients, conference presentation, 12585
psychological assessment of neurosis, legal proceedings related to insurance claims & pension schemes & war victims, 9239
qualitative analysis of Benton Visual Retention Test scores, psychopathological diagnosis, neurotic & demented & schizophrenic & depressed patients, 1364
rapprochement phase of separation-individuation & infantile neurosis, object relations conflicts in marriage, 40 yr old female in pathological marital interaction & 42 yr old male with psychosomatic symptoms, 6430
relationship between hysterical neurosis & schizophrenic psychosis, 23 yr old female, 9290
self termination of treatment, neurotic patients, 10033
sociopsychological functioning & course & outcome, former psychiatric inpatients with depressive neurosis, 7-yr followup, 3817
subliminal activation of wish for oneness with mother, unconscious symbiotic fantasies & ameliorative effects, schizophrenic & neurotic & normal Ss, implications for patient-therapist relationship, 15022
therapeutic program including exposure & abreaction & mastery, nightmares, 17–55 yr olds with nightmares & neurotic symptoms, 17996
thermal pulsation to nosolabial reflexogenic zone, neuroses, psychiatric patients, 4582
transactional analysis, psychodynamics of nutritional nervosa, 7021
transference neurosis in transactional analysis & K. Mellor's developmental model of impasses, 17858
utility of heredity as differential diagnostic factor, twins with pure anxiety neurosis vs mixed anxiety/depression vs pure neurotic depression, 14662
utility of MacAndrew Alcoholism Scale as differential diagnostic tool, male 19–67 yr old alcoholic vs nonalcoholic with neurosis vs personality disorders, 23408
validity of global assessment scale, description of patient characteristics & measurement of change after short term dynamic psychotherapy, 21–35 yr old neurotic outpatients, 1312
validity of PGI Health Questionnaire, assessment of neuroticism, neurotic psychiatric outpatients, 29007
visual EPs & skin conductance & EMG levels & psychoticism, 1st-degree relatives of schizophrenics vs neurotics, 3824

Neurosurgeons [See Surgeons]

Neurosurgery [See Also Commissurotomy, Decerebration, Decortication (Brain), Psychosurgery, Thalamotomy, Tractotomy, Vagotomy]
amnesic syndromes following anterior communicating artery aneurysm surgery, 31–41 yr old patients, case reports, 27684
anterior temporal lobectomy, Type 1 complex partial seizures of hippocampal origin, patients, 1982
bilateral medial temporal resection for epilepsy at age 27, perception of pain & internal states of hunger & thirst, amnesic 54 yr old male, 15237
cognitive abilities, 35 yr old male with cerebral tumor removed by bilateral frontal lobe ablation, case report, 30811
dementia as possible complication of acute hydrocephalus, 63–76 yr old patients surgically treated for cerebellar hemorrhage or infarction, 3 case reports, 1596
nuclear magnetic resonance, visualization of stereotactic brain lesions, 29 yr old male suffering from anxiety & erythrophobin & alcohol abuse, 1998
primary vs secondary suture vs grafting, motor & sensory electroneurographic & electromyographic results & somatosensory EPs, patients with traumatic transection of median & ulnar nerves at wrist, 12647
superficial temporal middle cerebral artery anastomosis, cerebral blood flow & neurologic & cognitive functions, 31–74 yr old patients with transient ischemic attacks or strokes, 2016
total absence of speech due to acute cerebellar damage, children undergoing posterior fossa craniectomy, 6 case reports, 18164

Neurosyphilis
incidence of neurosyphilis, 27–81 yr old patients, 22231
onset & diagnosis & symptoms & treatment for neurosyphilis, 6457
treponemal & nontreponemal diagnostic tests & psychological symptoms & signs, neurosyphilis, 14905

Neurotensin
autonomic system activity vs neurotensin administration, cytoprotection against cold plus restraint stress-induced gastric ulcers, male rats, 19481
enkephalin & neurotensin & substances P & K, activation of dopamine neurons in ventromedial mesencephalon, literature review, implications for role of dopamine neurons in schizophrenia, 29280
fluphenazine decanoate, neurotensinlike immunoreactivity of CNS, male rats, implications for antipsychotic actions of neuroleptics, 5852
neurotensin & related peptides, motor hypoactivity, mice, 3308
neurotensin & somatostatin & thyrotropin releasing hormone in brain tissue & CSF, 20–86 yr old schizophrenic & Huntington's chorea patients, 6445
neurotensin followed by norepinephrine injections into paraventricular hypothalamic nucleus, food intake, male rats, 21600
neurotensin injections into ventral tegmental area vs substantia nigra vs hippocampus, investigatory & spontaneous motor behavior, male rats, 8524
nicotine withdrawal, beta-endorphin & enkephalin & substance P & neurotensin levels, male mice, 19488
role of neurotransmitters, neurotensin-induced gastric cytoprotection, male rats, 5865
substance P & methionine-enkephalin & neurotensin & cholecystokinin in brain regions, deceased 19–83 yr old alcoholics & opiate users & suicide & psychotic & schizophrenic patients, 6442
unilateral application of neurotensin to ventral tegmental area, dopamine-dependent contralateral circling, male rats, 26683

Neurotic Depressive Reaction
characteristics of neurotic vs psychotic hysteric depressions, patients with long term craniocerebral injuries, 19871
early separation-individuation events & oedipal & preoedipal phenomena, neurotic disorders & psychoanalysis, female with difficulties in heterosexual relationships & female with neurotic depression, 25106
family history of alcoholism as validating factor in diagnosis of neurotic reactive depression, 30–50 yr old female patients, 9358
multimodal therapy, female with neurotic depression, 12539
neurotic reactive depression & situational major depressive disorder, comments on articles by G. Winokur & R. M. Hirschfeld et al, 9248
predictors of outcome at 6 & 20 wks, untreated reactive or neurotically depressed community volunteers, 1349
psychotherapy, neurotic & reactive depression, meta-analysis, 17860

Neuroticism
age differences in neuroticism & extraversion & openness using data from National Health & Nutrition Examination Survey Epidemiologic Follow-up Study, 32–88 yr olds, 26892

cognitive mediation in depressed mood vs neuroticism, college students, 11823
cross validation of objective tests used to measure authoritarianism & psychoticism & Machiavellian views & neuroticism, college students, England, 28938
crowding &/vs disconfirmation of expectancies &/vs extraversion &/vs neuroticism &/vs sex, letter cancellation task, female vs male college students, 21975
development of Comprehensive Object Relations Profile, measurement of object relations concepts & differential diagnosis, schizophrenic vs borderline vs neurotic Ss, 23418
Differential K Theory & delay of reproductive effort & extraversion & neuroticism, Mongoloids vs Caucasoids vs Negroids, 24568
extraversion & introversion & neuroticism, RT & movement time, college students, 2965
Eysenck Personality Inventory & psychoticism scales vs self report & peer ratings of 5-factor model, 24–96 yr old females vs males, 21007
fear for health or life, neuroticism, males & females in different occupations, Czechoslovakia, 14499
flupentixol, cognitive functions, male college students scoring high vs low on neuroticism scale, application of paradigm using cortical EPs in delineation of pharmacopsychological effects of drugs, 19490
introversion vs extraversion & neuroticism, nervous system response to visual RT & signal detection task, male college students, 16231
issues of self alienation & neuroticism & schizoid problem in work of K. Horney vs H. Guntrip, 5196
length of marriage & marital adjustment & communication, neuroticism, wives vs husbands married for 1–46 yrs, 3592
level of neuroticism, prediction of depressive disorder outcome, psychiatric patients & volunteers with nonmelancholic depression, 9217
locus of control & personality traits assessed by subscales of Eysenck Personality Questionnaire, male 16 yr old students & 17–62 yr old skilled & semiskilled workers, 16998
low vs high neuroticism, life stress & concern about eating & body weight & appearance, 18–55 yr old females, 17250
mechanisms of cognitive processing & neuroticism & predisposition for depression, literature review, 11822
mobility of excitation vs inhibition in nervous system, extraversion & neuroticism, college students, 26547
neurotic personality development in interaction of neurotic adults with their children, theoretical perspective of K. Horney, 11976
neurotic traits & IQ level, institutionalized mentally retarded 6–16 yr olds, India, 30329
neuroticism & extraversion scores of Eysenck Personality Inventory, patients with ischemic cardiopathy, 4181
neuroticism & introversion/extraversion level, susceptibility to induced depressive mood, female college students, 17358
neuroticism & personality disorder, depressed inpatients, 6490
neuroticism & psychosis, juvenile delinquents, 6674
neuroticism, patients with hypertension vs cancer, India, 30473
personality dimensions of neuroticism & social desirability, male vs female delinquent vs nondelinquent adolescents & their parents, 27398
personality types & neuroticism & recall of archetypal dreams derived from Jungian theory, college students, 21960
pre- vs post-menstruation stage, neuroticism & psychoticism & extraversion & anxiety, 20–30 yr old females, 29333
psychoticism & extraversion & neuroticism & intelligence & personal space, violent vs non-violent delinquents, 24765
reliability & validity of Beck Depression Inventory, differentiation between depression & neuroticism, psychiatric patients & college students, Netherlands, 13400
research outcome using valid neuroticism inventories, male homosexuals, literature review, 17173
revision of Eysenck-Withers Personality Inventory, measurement of extraversion & neuroticism, educable mentally retarded students with mean age of 14.9 yrs, Canada, 18628
self report of depression & positive affect & psychoneuroticism, Curacaonian vs Aruban vs Dutch 13–20 yr olds, Netherlands-Antilles, 24166
self reported vs physician-estimated chest pain variables, angiographically determined coronary stenosis & neuroticism, cardiac patients, 1538
sensation seeking & extraversion & neuroticism & psychoticism, curiosity about morbid & sexual events in media & live sports, male vs female college students, 28849
value priorities & psychoticism & neuroticism & extraversion, 16–18 yr old male juvenile delinquents, test of H. J. Eysenck's theory of criminal behavior, 17468
Yiddish roles of shlemiel & shlep as neurotic cover for masochism, masochistic analysands, 4283

Neurotoxins

acrylamide, duration & shape discrimination response & FI performance, pigeons, 16603
behavioral performance tests, assessment of solvent toxicity to nervous system, humans, conference presentation, literature review, 30393
colchicine, brain damage & seizures, male rats & rhesus monkeys, implications for use in humans with epilepsy, 23954
depletion of brain levels of norepinephrine by N-2-chloroethyl-N-ethyl-2-bromobenzylamine, voluntary ethanol drinking, male rats, 641
dopaminergic neurotoxicity & metabolism of 1-methyl-4-phenyl-1,2,5,6-tetrahydropyridine & MAO, mice, implications for Parkinson's disease, conference presentation, 19451
EEG as cross species indicator of neurotoxicity, conference presentation, 5664
electrolytic vs ibotenic acid lesions of lateral hypothalamus, ingestive behavior & sensorimotor functions, rats, 614
ethylcholine aziridinium, presynaptic cholinotoxicity, rats & mice, implications for animal model of Alzheimer's disease, 16705
ethylcholine aziridinium vs artificial CSF into lateral cerebral ventricles vs dorsal hippocampus, avoidance conditioning & retention, male rats, 16829
ethylene oxide withdrawal delirium, 19 yr old male hospital employee, 1552
excretion of endogenous neurotoxin quinolinic acid, 18–58 yr olds with Huntington's disease, 24914
exposure to toxins, audiological & cortical response, 32–64 yr old painters & printers & gasoline truck drivers & workers exposed to jet fuel, conference presentation, 1514
extrapolation from animal to human endpoints & hazard identification in neurotoxicology, 5230
GABA agonists, neurotoxicity & anticonvulsant activity of benzodiazepines, male mice, 16594
ibotenic acid vs radio-frequency-induced lesions of amygdala, passive avoidance task performance & corticosterone levels, male rats, 5799
icv ethylcholine aziridinium ion, cholinergic system of brain, rats, implications for animal model of Alzheimer's disease, 16670
iminodipropionitrile, hyperkinetic movement, male guinea pigs, 8566
injection of ibotenic acid into lateral hypothalamus vs medial prefrontal cortex, suppression of intracranial self stimulation, male rats, 5762
intrahypothalamic injection of 5-7 dihydroxytryptamine, 5-HT levels in hypothalamic nuclei & lordosis response, female rats, 13976
ip vs intracerebral injections of kainic acid into hippocampus vs entorhinal cortex, drug-induced epileptic symptoms & development of limbic system, rats, conference presentation, 29373
kainic acid doses, neurochemical & histopathological & behavioral responses, male rats, 16805
kainic vs ibotenic acid injections into amygdala, long term EEG activity & neuropathological effects, male rats, implications for use of acids in lesion research, 16530
late positive component of event-related cortical potential, measurement of effects of neurotoxins on CNS, humans, conference presentation, 23367
lesions of serotonergic pathway induced by 5,7-dihydroxytryptamine, alpha adrenoceptor activity assessed by binding in cortex & hippocampus & hypothalamus, male rats, 21460
long term exposure to organic paint solvents, regional cerebral blood flow & organic brain dysfunction & attention ability, 27–64 yr old male workers in paint industry, 30442

long term occupational exposure to toluene, memory, male rotogravure vs offset printers, Finland, 30416
macroinjection of kainic acid, self stimulation of right medial prefrontal cortex, male rats, 21504
metabolism & sensitivity of 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, monkeys vs mice vs guinea pigs vs rats, conference presentation, 19462
microcomputer-based Psychometric Assessment System & Dementia Screening Battery, differentiation of age-related vs incipient dementia, humans exposed to neurotoxins, conference presentation, 23361
N-(2-chlorethyl)-N-ethyl-2-bromobenzylamine HCL & imprinting on rotating box vs stuffed fowl, strength of imprinting & forebrain concentrations of noradrenaline, chicks, 11284
neurochemical & functional consequences of 1-methyl-4-phenyl-1,2,5,6-tetrahydropyridine vs methamphetamine, rats, implications for Parkinson's disease, conference presentation, 19460
neurotic effects of exposure to organic solvents, patients, literature review, conference presentation, 30460
neurotoxic chemical exposure scenarios previously encountered & recommended solutions, conference presentation, 26044
neurotoxic properties of excitatory amino acids & neurodegenerative disorders, literature review, 17666
neurotoxicity of organic solvents, implications for research, literature review, conference presentation, 30465
neurotoxin DSP-4, acquisition & performance of radial arm maze task, male rats, implications for role of brain norepinephrine, 13965
neurotoxins, selective vulnerability & degeneration of long & large axons, intoxicated humans & experimental animals, conference presentation, 6883
noradrenaline vs 5-HT neurotoxins with vs without pretreatment with desipramine, active & passive avoidance impairment & retention, male rats, 11268
occupational exposure to toluene, development of irreversible schizophreniform psychosis, 29 yr old male, 19926
pre- & postnatal exposure to methylazoxymethanol, ECS thresholds & locomotor activity & neuronal development, pregnant rats & their offspring, implications for developmental model of neurotoxicity, conference presentation, 29433
prenatal administration of methylmercuric chloride, behavior & neuropathology, mice, 16666
prenatal treatment with 6-hydroxydopa & DSP 4, noradrenaline concentration in cerebral cortex & cerebellum & assays of ACTH & corticosterone & hyperactivity, infant rats, 26692
psychophysical & electrophysiological approaches, assessment of effects of neurotoxins on sensory functions, humans, conference presentation, 23379
serotonergic neurotoxin injections into right vs left frontal cortex, serotonin concentrations in cortex & median raphe & spontaneous activity, rats, 3274
species variation & components of sensory EPs & use of albino animals, infrahuman models for prediction of human response to neurotoxins, conference presentation, 5222
tests for assessment of neurotoxic effects on cognitive functions, conference presentation, 23410
tests used in National Institute for Occupational Safety & Health research on neurobehavioral effects of chronic exposure to industrial chemicals, workers, review of worksite studies, 1973–83, conference presentation, 23397
toxicity of 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine & 1-methyl-4-phenylpyridinium in substantia nigra, squirrel monkeys, conference presentation, 19455
triethyltin & dextroamphetamine vs chlorpromazine, response under FI 30 & FR 5 schedule of food presentation, male rats, 16768
triethyltin, brain biogenic amine concentrations & relationship to aging process, male rats, 29386
triethyltin, wheel running & food-reinforced leverpressing & water consumption, male rats, implications for behavioral neurotoxicity testing, 29413
trimethyltin & phenobarbital in repeated doses, convulsions & limbic neuropathology, female rats, 16841
trimethyltin exposure, serial pattern learning, rats, 26661
uptake & sensitivity to 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine in substantia nigra, embryonic rats, conference presentation, 19319
1-methyl-4-phenyl-tetrahydropyridine, depletion of striatal dopamine, mice, implications for Parkinson's disease, conference presentation, 19446
1-methyl-4-phenyl-1, 2, 5, 6-tetrahydropyridine, neurotoxic effects, neonate vs young adult vs aged male rats, 26686
1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine neurotoxicity, human Ss & monkeys, implications for animal model of Parkinson's disease, conference presentation, 20396
1 vs .5 mg endosulfan & methysergide pretreatment, 3H-5-hydroxytryptamine binding in frontal cortical membrane & aggressive behavior, 3–5 wk old rats, implications for serotonergic system involvement in neonatal neurotoxicity, 29492
6-hydroxydopamine vs 5,7-dihydroxytryptamine during early postnatal period & subsequent phenobarbital & phenytoin, tonic convulsive threshold & hindlimb extension, rats, 21622
Neurotransmitters [See Also Acetylcholine, Catecholamines, Cholecystokinin, Endorphins, Gamma Aminobutyric Acid, Glutamic Acid, Glycine, Histamine, Neurotensin, Serotonin, Substance P]
acute & chronic antidepressant treatment, 5-HT neurotransmission, implications for depression, literature review, 18121
calcium transport modifying drugs, motor behavior & calcium uptake & neurotransmitter release in synaptosomes, mammals, 24038
depletion of methionine- & leucine-enkephalin & cholecystokinin-8 & substance P, development of parkinsonian symptoms, 1506
dysregulation hypothesis of depression, 3929
exposure to long vs short photoperiods, neuroendocrine regulation of reproductive behavior, male Golden hamsters, 13828
hormones & neurotransmitters, etiology of premenstrual tension syndrome, 6799
lead, neurotransmitter release at central synapses in vitro in spinal cord & transport of exogenous GABA & acetylcholine & cis-3-aminocyclohexane carboxylic acid, rats, 692
neurochemical mechanisms in release & modulation of neurotransmitters & neuromodulators & neurohormones & relation to behavioral changes, literature review, 26488
neuromodulators & synaptic transmission & neurobiology, 13783
neurotransmitter deficits & reductions in choline acetyltransferase & monoamine activity in Alzheimer's disease, 27688
neurotransmitter distribution in dorsal vagal complex of medulla oblongata, literature review, 29285
neurotransmitter pathway deficits in Alzheimer's disease & their relationship to cortical histopathology, comments on research review by J. Hardy et al, 27656
neurotransmitter pathway deficits in Alzheimer's disease vs senile dementia, comments on research review by J. Hardy et al, 27563
neurotransmitter pathway deficits in Alzheimer's disease, literature review, 27573
peptides as slow neurotransmitters & late slow nerve response, comments on article by L. Y. Jan & Y. N. Jan, 11143
peptides as slow neurotransmitters & late slow nerve response, implications for clinical psychiatry, 11155
pharmacological manipulation of neurotransmitter systems & seizure susceptibility, Mongolian gerbils, 5893
protein kinase C & protein F1, synaptic & behavioral plasticity, literature review, implications for spatial information storage, 23829
research on neurotransmitters & their receptors, implications for field of psychiatry, 8419
role of neurotransmitter receptor activity in etiology & diagnosis & treatment of depression, literature review, 1324
role of neurotransmitters, neurotensin-induced gastric cytoprotection, male rats, 5865
role of opioid neurotransmission mechanism, rumination, 25 & 33 yr old females, 17557
role of transmitters & drugs & behavioral processes, startle habituation, rats, literature review, 16408
sex differences in hormonal & monoamine activities & other biological factors, depression, conference presentation, 3851
superfusion of synaptic drugs to eyecup preparation, potentials of directionally sensitive retinal ganglion cells, pond turtles, 29382

time of day & precursor availability & sex & age & social environment, neurotransmitter & metabolite concentrations in CSF, humans & nonhuman primates, implications for neurochemistry of schizophrenia & depression, 23813
New Guinea [See Papua New Guinea]
New Zealand
alternative theories of educational administration, New Zealand, 28374
attention to tasks & academic progress & teacher-child interaction, European vs Maori vs Pacific Island children assessed at entry vs 6 mo into 1st term of school, New Zealand, 28499
bibliographic listing of English-language publications on psychology in Africa & Asia & Oceania, 2742
characteristics & incidence of participation in orienteering, females aged 10 yrs & over, New Zealand, 29750
childhood family placement history & maternal & teacher reports of behavior problems, 6 yr olds, New Zealand, 6-yr longitudinal study, 21760
cultural beliefs & attitudes, mental health services & public policy, Maori people, New Zealand, 10014
deinstitutionalization, mentally retarded, New Zealand, 25415
demographic variables, scores on & utility of modified version of Attitudes Toward Seeking Professional Psychological Help Scale, counselors & other professionals vs community residents, New Zealand, 28101
development of & demand for telephone counseling services, New Zealand, 10006
development of classification system to facilitate sociological research of alternative lifestyle groups, Australia & New Zealand, 991
diagnosis & prevalence of hyperactivity, 5–12 yr olds, Australia vs Great Britain vs US vs New Zealand vs West Germany, 22271
employee assistance program model of H. M. Trice & P. M. Roman, drinking problems, employees, New Zealand, 28787
feminization of teaching profession, female teachers, New Zealand, 1877–1920, 28375
functional illiteracy, adults, New Zealand, 28371
historical trends in social policy & deinstitutionalization & mental health services, New Zealand, 15284
history of community mental health services & implications for reform of related laws, New Zealand, 10013
household care expenditure patterns, families with intellectually handicapped child, New Zealand, 4227
ideology &/vs tolerance for political & social groups & issues, public, New Zealand, 17126
incidence of mental disorders, Maori, New Zealand, 24628
interpersonal relationships, adolescents, New Zealand vs US, 911
knowledge about bank interest & profit, 7–12 yr olds, New Zealand, replication of study by same author with Hong Kong population, 853
mental health & epidemiology of mental disorders & social support networks & availability & use of psychiatric care, rural residents, New Zealand, 15285
mental health law, New Zealand, 24360
model for transition from school to work programs, 16 & 17 yr old secondary school students, New Zealand, 28432
multidisciplinary contributions to policy regarding shelters & services for battered wives & their children, New Zealand, 15282
norms & reliability & preliminary validity of Subjective Anger Scale, measurement of propensity for anger responsiveness, adults, New Zealand, 10806
paid employment in medical school, medical students, 1980–81, New Zealand, 28294
perceptions of male vs female police officers, 18–59 yr old male vs female citizens, New Zealand, 6366
possible effects of & suggested alternatives to mandatory reporting of child abuse & neglect, physicians, New Zealand, 14378
prevalence & causal factors of headache, adults, New Zealand, 9598
prevalence & referral for assessment, mildly retarded 2nd–6th graders, New Zealand, 2501
prevalence of hyperactivity, male vs female 2nd–4th graders, Italy vs New Zealand vs Spain vs US, 14887
program for teacher involvement in curriculum development & expansion of social education, secondary school teachers, New Zealand, 28392
role of tutor & contradictions in Young Persons Training Program, unemployed youth, New Zealand, 28701
scores on Family Environment Scale, 27–56 yr old mothers of 9 yr olds, New Zealand vs US, 21841
sex & official status groupings, teacher career promotion, primary vs secondary school teachers, New Zealand, 28377
social & legal ramifications of child crisis hot line, children & their families, New Zealand, 4618
strategies for primary prevention of child abuse & neglect, New Zealand, 9417
teacher's grade predictions vs achieved marks, secondary school students, New Zealand, 6-yr longitudinal study, 28483
transformational vs transactional leadership style, male managers, New Zealand, replicaton of findings of B. Bass, 31474
transition from work to school program & responses to youth unemployment, New Zealand, criticism of reports by N. Scott et al & V. Catherwood, 28426
use of alcohol, attitudes toward alcohol, 8–9 yr olds & their mothers, New Zealand, 16976
work stress & coping strategies, primary school teachers, New Zealand, 10285
Newborn Infants [See Neonates]
Newsletters (Professional) [See Scientific Communication]
Newspapers
analysis of statements from newspaper advice columns & attribution of referent subject & mode & locus of explanation & cause vs reason, 24524
content analysis of classified matrimonial newspaper advertisements, changing ideals & perceptions of husbands & wives, Israel, 27009
demographic & background variables & TV vs newspaper exposure to political content, adults, implications for validity of exposure measures, 8633
depiction of Mafia & organized crime & stereotypic views of involved ethnic minorities, newspapers & magazines, 1976–80, 29500
exposure & quality of attention to TV vs radio vs newspaper coverage of foreign affairs, international political socialization, 12–16 yr olds, 883
information need & channel orientation, prediction of videotex adoption, newspaper readers, 29496
neighborhood newspapers vs leaders & educational level & socioeconomic characteristics, agenda setting & definitions of issues, neighborhood residents, 26955
newspaper investigative series on rape, public opinion & policy, newspaper readers & policy makers, 710
quantity & quality of data on aging published in Sunday editions of newspapers, 1963 vs 1983, 29507
role in epidemic of mysterious gas poisoning, press & medical community, Jordan, 1572
subscription to church & community newspapers, ties to church community, members of Catholic diocese, support for M. Janowitz's community integration hypothesis, 29806
weekly campus newspaper column prepared by university counseling center, interest in mental health topics, college students, 18685
Niacin [See Nicotinic Acid]
Nicotine
alcohol &/vs nicotine, acquisition & recall task, college student smokers, 26700
ammonium chloride vs sodium bicarbonate-induced changes in nicotine elimination rate, nicotine intake, healthy 28–55 yr old cigarette smokers, 16557
benzodiazepines vs amphetamine vs oxotremorine vs picrotoxin vs morphine vs nicotine vs quipazine vs Ro 15-1788, generalization of midazolam maleate trained responding, male rats, 23968
chronic administration of nicotine, motor activity, rats, 11280
chronic infusion of nicotine vs oxotremorine into blood, respiratory & heart rates & body temperature & Rotarod performance & maze activity, mice, 3306
chronic nicotine administration, adrenergic & muscarinic binding sites in cerebral cortex vs corpus striatum vs hypothalamus/thalamus vs brain stem vs heart ventricles, male rats, 26759
chronic nicotine administration in various dosages vs cessation of nicotine, body weight & physical activity, male rats, implications for tobacco smoking cessation & weight gain, 26675

development of test battery measuring respiration & startle response & Y-maze activity & heart rate & body temperature, assessment of nicotine effects, 4 inbred strains of mice, 21003
incidence of smoking & chewing tobacco & other drug usage, male 7th–10th graders, implications for addictive processes, 12110
inhaled vs iv nicotine, role of nicotine in tobacco dependence, male 20–36 yr old tobacco smokers with history of drug abuse, 16653
level of nicotine intake & autonomic responses on normal smoking day vs after period of deprivation, 19–33 yr old male smokers, 26688
locus of control & smokeless tobacco use, 7th graders, 26895
low vs high nicotine doses, exploratory behavior & synthesis & turnover of 5-HT & dopamine & norepinephrine, male rats, 23998
low vs moderate vs high nicotine content cigarettes, smoking behavior, baboons, implications for study of behavioral aspects of cigarette smoking, 26737
maternal nicotine, development of sites for nicotine binding in fetal brain, rats, 26676
nicotine & cocaine & their metabolites, response under FI & FR schedules, beagle dogs & male squirrel monkeys, 16772
nicotine &/vs extraversion, electrodermal responses to movie stressors, college students, 21353
nicotine &/vs saline vs mecamylamine vs hexamethonium, locomotor activity & nicotinic stimulant effect & binding of acetylcholine to nicotinic receptors, rats, 26695
nicotine, active avoidance learning, male vs female C57BL/6J vs DBA/2J mice, 13983
nicotine chewing gum & group therapy vs group therapy alone, smoking cessation, 18–75 yr old smokers, 15453
nicotine chewing gum, smoking cessation rehabilitation, 15450
nicotine, conditioned place preference, rats, 3290
nicotine content, number of cigarettes smoked, heavy smokers, 3655
nicotine fading as nonaversive alternative in elimination of smoking, smokers, 12775
nicotine gum vs new nicotine gum with vs without side effects instructional sets, determination of nicotine's ability to act as reinforcer, 23–70 yr old ex-smokers, 23985
nicotine, resistance to extinction of jump-up avoidance response, female rats trained to avoid footshock, 24042
nicotine tartrate & antihistamines & pentylenetrazole, toxicological responses, female rats, 5932
nicotine tartrate & septal lesions, drinking & diuresis, male rats, 5750
nicotine with vs without mecamylamine vs chlorpromazine, response rate & pattern of schedule-controlled behavior, rats, 702
nicotine withdrawal, beta-endorphin & enkephalin & substance P & neurotensin levels, male mice, 19488
number & duration & intervals between puffs, changes in puffing behavior & relation to alveolar inhalation & nicotine content, 16–78 yr old cigarette smokers, 16577
parachlorophenylalanine, depletion of serotonin & reduction of nicotine-induced hyperactivity, female rats, 21505
prenatal exposure to nicotine, male gonadal axis & sexual dimorphism of saccharin preference, rats, 21546
prevalence & consumption rates & adverse health & physiological effects of smokeless tobacco use, adolescents & adults, literature review, 24183
properties of alpha-bungarotoxin binding sites in fetal brain membranes, humans, implications for cigarette smoking, 26532
puff characteristics of cigarette smoking behavior, smoke deliveries of tar & nicotine, 21–75 yr old medical patients, 11713
quantitative vs clinical sucking behavior measures, diagnosis of alcohol & smoking effects, neonates, 2921
shock stimulation, nicotine ingestion, squirrel monkeys, 26586
smokeless tobacco, blood pressure, 18 yr olds & older, 5931
smokeless tobacco use, male vs female kindergartners, 8683
validity of DSM-III tobacco withdrawal symptoms, adult smokers, 24776
validity of K. O. Fagerstrom's Tolerance Questionnaire, measure of nicotine tolerance & physical dependence to cigarettes, smokers, 26229
6 vs 12 mg nicotine & availability of sweet vs nonsweet low vs high calorie food, body weight & food & water consumption, male rats, implications for weight control after cessation of cigarette smoking, 23977

Nicotinic Acid

nicotinic acid vs xanthinol nicotinate, memory, 35–45 vs 55–65 vs 75–85 yr olds, 26699

Nictitating Membrane

brain stem lesions, conditioned nictitating membrane response, rabbits, 13943
classical conditioning of nictitating membrane in rabbits as model for study of learning & memory & aging, 23692
classical conditioning of nictitating membrane response, neuronal activity in globus pallidus, male rabbits, 5705
compound conditioning vs stimulus compounding, summation & configuration in nictitating membrane response, rabbits, 19213
contralateral inferior olivary complex lesions, extinction of classically conditioned nictitating membrane eyeblink response, male rabbits, 29371
CS/UCS intervals or interstimulus intervals, acquisition of nictitating membrane response, albino rabbits, 29203
delay vs trace paradigm, classical conditioning of nictitating membrane response, 6 vs 36–60 mo old rabbits, 16358
hippocampal ablation, acquisition rates & temporal characteristics of classically conditioned nictitating membrane responses, rabbits, 5806
magnocellular red nucleus lesions, acquisition of classically conditioned nictitating membrane response, rabbits, 23928

Nigeria

age & length of service & qualifications, performance of administrative tasks, primary school headmasters, Nigeria, 28384
attitudes toward alcoholism, rural vs urban secondary school teachers, Nigeria, 2329
attitudes toward self & toward normal & similarly disabled groups, patients with emotional disturbance vs multiple handicaps vs stroke vs paraplegia vs polio vs amputation, implications for use of social support groups, Nigeria, 11882
attitudes towards tobacco & alcohol & drug use & abuse, medical students, Nigeria, conference presentation, 28317
blindism behaviors, school age blind children, Nigeria vs England, 24856
cognitive performance correlates of written language ability, good vs poor performing 2nd–4th graders, Nigeria, 16939
consumption of alcohol & alcoholism, 18 yr olds & under, Nigeria, 27435
day care centers as source of child abuse, Nigeria, 30886
discriminant validity of Arrow Dot subtest of Id/Ego/Superego Test, 12–18 yr old delinquents vs secondary school students, Nigeria, 8097
employment status & literacy, breast vs bottle feeding & child neglect & exposure to unhygienic conditions & influence of taboos & circumcision of female children, mothers, Nigeria, 11624
frequency of nonpuerperal psychoses & classification of postpartum mental illness, 15–24 yr old patients, Nigeria, 19936
incidence of recurrent unipolar manic disorders, 10–69 yr olds, Nigeria, 30180
intellectual ability & memory functions, patients with brain-fag syndrome, Nigeria, 3792
interpretation of Draw-A-Person test & ethnic identity, 7–9 yr olds, Nigeria, 19686
journal writing as self counseling method in school counseling program, students, Nigeria, 31332
marital & sociodemographic & intermediate variables, duration of breast feeding & postpartum sexual abstinence, Yoruba females, western Nigeria, implications for family planning, 27087
marital status & family size & structure & religious preference & opinion about homeland, attitudes toward abortion, male 19–43 yr old Nigerian college students, US, 29813
meeting of traditional & Western cultures, negative self concepts, adolescents, Nigeria, implications for counseling, 29728
moral education & malaise, Nigeria, 24272
oral narratives, community development & positive attitudinal & behavioral responses, rural residents, Nigeria, 716
perceptions of supervisory practices for instructional improvement, secondary school teachers vs principals, Nigeria, 12921

personal characteristics, job satisfaction, employees 25–50 yrs of age & older, India vs Nigeria, 23277
previous contacts & intimacy with deaf, perception of deaf, nondeaf Ss aged 20 yrs & over, Nigeria, 30472
prison structure & conditions & inmate characteristics, Nigeria, 15423
qualifications & experience & nationality, attitude toward science & science teaching, female vs male science teachers, Nigeria, 18453
rural to urban & interurban migration experiences, occupational mobility, migrant vs nonmigrant females aged 15 yrs & older, Nigeria, 26969
self perceived physique & body build determined through anthropometry, 10–18 yr old males vs females, Nigeria, 19695
sex & culture, self concept, 14–17 yr olds, Nigeria vs England, 17007
shared status vs nationality or ethnicity, motivation for international marriage, foreign wives of Nigerians, Nigeria, 26995
significance to life or health of eating in dreams, 20–79 yr olds, Nigeria, implications for psychotherapy, 17045
simultaneous vs sequential bilingual acquisition of English & Igbo, 3 yr olds, Nigeria, 11440
situational dimensions of register in English language government administrative letters & communicative competence required for comprehension, civil servants & college students, Nigeria, implications for college curriculum, 31199
social & demographic characteristics, patients with neurotic vs psychotic depression, Nigeria, 24651
social class, sex identification & sex typing in human figure drawings, male vs female 8 & 9 yr olds, Nigeria, 29730
sociocultural factors, identification of phobic states presenting as somatic complaints, 15–65 yr old psychoneurotic patients, Nigeria, implications for psychotherapy, 9307
sociodemographic & clinical characteristics, hospitalized schizophrenic patients of Igbo origin, Nigeria, 5-yr followup, 6528
sources of treatment, chronically mentally ill, Nigeria, 10021
stress conditions in life histories, diabetic patients, Nigeria, 4122
urban vs rural environment during upbringing, self concept, 14–20.5 yr olds, Nigeria, 8882
verbal training, facilitation of concept of conservation, 6.5–7.5 yr old nonconservers of substance & volume, Nigeria, 19622

Night Terrors [See Sleep Disorders]

Nightmares
carbamazepine, nightmares, 33 yr old male with posttraumatic stress disorder, implications for temporal lobe epileptiform activity, 15194
dysphoric daydreaming patterns, insomnia & nightmares, male vs female college students, 12282
neurodevelopment & age & sex, night terrors & nightmares, 6–12 yr olds, 27683
therapeutic program including exposure & abreaction & mastery, nightmares, 17–55 yr olds with nightmares & neurotic symptoms, 17996

Nihilism
contributions of neo-Romantic thinking & Freirian idea of consciousness raising to nihilism in education, reply to V. A. Howard & M. Stanley & J. F. Soltis, 25706
nihilism as element in recent educational thought, 25705
nihilism in educational thought, comments on article by C. A. Bowers, 25716
nihilism in educational thought, comments on article by C. A. Bowers, 25710
relativistic & egocentric & nihilistic potential of basic cultural values transmitted through education, comments on article by C. A. Bowers, 25715

Nitrazepam
brotizolam vs nitrazepam, 64–77 yr old geriatric patients, 18051
sedative efficacy & side effects of brotizolam vs nitrazepam, 62–98 yr old residents of geriatric home, Finland, 7267
single vs repeated nightly doses of nitrazepam vs lormetazepam, psychomotor performance, 75–96 yr olds, 16725
temazepam vs nitrazepam, mental processes regulating RT skills, college students, 646

Nitrogen
nitrogen &/vs helium at pressure, apomorphine- vs dextroamphetamine- vs morphine-induced locomotor activity &/vs stereotyped behavior, male mice, 29467

Nociceptors
cold nociceptive stimuli on skin, discharge activity of mechanothermal nociceptors, cats, 26578
leucine- & methionine-enkephalin & endogenous opiates & potassium released during transcutaneous electrical stimulation, spinal nociceptive transmission & analgesia, frogs, 5788
selectivity of ICI 154129 for delta-opioid receptor, rats, 3315

Noise (Sound) [See Auditory Stimulation]

Noise (Visual) [See Figure Ground Discrimination, Visual Stimulation]

Noise Effects
chronic noise followed by acute noise & forced swimming, basal glucose & insulin levels, male rats, 8462
continuous noise, visual & vocal behavior during nursing-suckling interaction, sows & piglets, 8459
conversational noise & locus of control & field dependence-independence, comprehension & retention of text excerpts, college students, implications for effect of learning strategies on academic achievement, 25810
coping instructions & severity of illness & intrinsic sensitivity to & objective level of noise, coping ability & recovery, male surgical patients, 12734
degree of noise arousal & sentence completion vs passive reading & determined vs undetermined sentences, short vs long term sentence recall, male intermediate students, 3421
difficulty of perceptual motor task & noise intensity, postnoise persistence on Feather tolerance for frustration puzzles, college students, 8258
diminished auditory input through wearing of headphones, learning, learning disabled 5th graders, 2516
effects of noise on health & well-being & prevention needs, 31552
extended exposure to low level noise, heart rate & blood pressure & pauses in cardiac rhythm, chair restrained monkeys, 13904
extraversion & noise vs silence, cognition & mood during ganzfeld, adult Ss, 13295
high vs low level of aircraft noise exposure & high vs low noise sensitivity, self reports of everyday errors, 27–59 yr old females, 26045
intensity of white noise in avoidance training, spontaneous behavior during flooding & efficacy of flooding in hastening extinction, female rats, 29187
loud vs quiet uncontrollable vs loud controllable noise, recall of positive vs negative trait words & mood state, female college students, 26370
measurement of heart rate & blood pressure & skin conductance & hearing thresholds & uncomfortable loudness levels & tone magnitude estimation, distinction of high- vs intermediate- vs low-noise-sensitivity, 18–50 yr old females, 18791
mental arithmetic vs color discrimination task with vs without noise, cardiovascular activity, college students, 21356
noise & light vs dark conditions, locomotor activity, 25 vs 90 vs 200 day old male rats, 13885
noise, amount of Stroop interference, female college students, 5506
noise exposure history & use of ear protection & audiogram configuration, detection of signals superimposed on background of industrial noise, 17–65 yr olds with normal hearing vs moderate vs severe noise-induced hearing loss, 24857
noise exposure, nonauditory physiological & health responses & performance & behavior & sleep & communication, literature review, 30059
noise exposure, occupational hearing loss, civilian vs military engineers, 4131
noise, learning & retention, 24–52 yr olds, 5496
noise level reduction, perceptions of noise problems, patrons in undergraduate library, 23024
noise, memory for sequential order & level of stimulus processing & use of verbal vs spatial cognitive strategy, college students, 23600
noise, performance of visual vigilance task, introverted vs extraverted college students, 6392
noise, processing of global shape & local detail, college students, 8159
noise, psychomotor & memory & visual recall & cognitive task performance, Black 5 yr olds attending day care centers near elevated subway trains, 19604
noise, recall of word lists having weak & strong associations, college students, 13692

noise, water intake & blood pressure, normotensive female rats, 21396
psychiatric disorders & personality & reactivity to other sensory stimuli, high- vs intermediate- vs low-noise sensitive 18–50 yr old females living in high vs low aircraft noise areas, England, 17425
quiet vs loud noise conditions, perception of control during assessment of 3 levels of objective contingency, college students, 21200
room reverberation & noise, speech discrimination, 60–69 yr olds with hearing impairment, 24909
sex & noise & intelligence, performance on Progressive Matrices vs reading test, 6th graders, 20722
short duration broad band noise exposure, cochlear microphonic responses, guinea pigs, 11218
susceptibility to noise-induced hearing loss, changes in auditory brain stem EPs, normally-hearing 18–23 yr olds, 9–14 mo followup, 6709
task performance in presence of predictable vs unpredictable workplace, noise vs quiet, performance on postexposure task as indicator of behavioral aftereffects, college students, 26016
type of & intermittent vs continuous noise, semantic processing & syntactic reasoning, 16–19 yr olds & college students, 5475
unpleasant noises, cognitive performance on arithmetic test, 19107
Noise Levels (Work Areas)
level of insertion instructions, noise attenuation realized with protective earplugs, adults, implications for workplace safety, 28813
multiple regression vs path analytic techniques & iris color, modeling of hearing threshold levels, textile workers exposed to low- vs high-noise levels, 29025
noise exposure history & use of ear protection & audiogram configuration, detection of signals superimposed on background of industrial noise, 17–65 yr olds with normal hearing vs moderate vs severe noise-induced hearing loss, 24857
noise level reduction, perceptions of noise problems, patrons in undergraduate library, 23024
task performance in presence of predictable vs unpredictable workplace, noise vs quiet, performance on postexposure task as indicator of behavioral aftereffects, college students, 26016
Nomenclature (Psychological) [See Psychological Terminology]
Nomifensine
amitriptyline & nomifensine, serum antidepressant & anticonvulsant levels, 18–70 yr olds with depression & epilepsy, 30773
bilateral habenula nuclei lesions & nomifensine, swim test performance, male rats, 21420
bromazepam vs nomifensine vs doxepine, 47–57 yr old females with anxious depression, 9936
dexamethasone suppression test results as predictors of response to nomifensine vs amitriptyline, 22–66 yr old depressed inpatients, 7154
dopamine agonists vs antagonists vs psychostimulants, medial septal self stimulation, rats, 3292
doxepine vs nomifensine, depression, 43–55 yr old menopausal females, 7238
FR vs progressive-ratio reinforcement schedules using cocaine vs nomifensine, maintenance of leverpress response, monkeys, 14068
methylphenidate vs nomifensine, role of central catecholaminergic systems in place preference conditioning, rats, 8578
mianserin vs nomifensine & clobazam, depressed patients, conference presentation, 30749
mianserin vs nomifensine, endogenous & reactive depressive patients over 20 yrs old, conference presentation, 30732
nomifensine, bulimia, 16–30 yr olds, 2-yr followup, 18086
nomifensine, depression, 24–67 yr old neurotic outpatients, conference presentation, 15151
nomifensine maleate, reduction of 6-hydroxydopamine-induced sensorimotor neglect syndrome & locus of dopaminergic cell loss, female rats, 663
nomifensine treatment, daily weeping spells & emotional incontinence, 68 yr old male, 9939
nomifensine, 21–42 yr old patients with bulimia, 18094
olfactory bulbectomy with vs without acute vs chronic administration of nomifensine vs trazodone, duration of immobility response & turnover of serotonin in amygdaloid cortex, male rats, 19405
psychopharmacology of maprotiline & mianserin & nomifensine & viloxazine & zimelidine & iprindale, 27948
single vs multiple daily doses of nomifensine, endogenous depression, 18–82 yr olds with unipolar or bipolar or schizoaffective depressive psychosis, 7253
therapeutic benefits & risks of 2nd generation vs tricyclic antidepressants & review of clinical data on mianserin & nomifensine, conference presentation, 30705
therapeutic efficacy & side effects of nomifensine vs maprotiline vs imipramine, patients with endogenous vs reactive depression, 7169
tricyclic antidepressants or MAO inhibitors or lithium or trazodone or alprazolam or bupropion or nomifensine or ECT, cardiovascular function, cardiac patients, literature review, conference presentation, 27968
Non Zero Sum Games
division of gain from cooperative agreement game, graduate & college students & faculty, India vs Australia vs US, 24492
sensitivity to defecting vs cooperating alternative feedback in Prisoner's vs Chicken vs Trust Dilemma game, college students, 24480
Noncommissioned Officers
individual & task characteristics & organizational factors, estimates of job-related expectancy & instrumentality, military noncommissioned officers, managerial implications, 5097
Nonconformity (Personality)
conformance & resistance to parents, junior high school students vs juvenile delinquents, Japan, 3526
development & reliability & validity of Individual Scale assessment of willingness to publicly behave differently than others, college students, 2904
Nondirective Therapy [See Client Centered Therapy]
Nonmetallic Elements [See Helium, Hydrogen, Nitrogen, Oxygen, Phosphorus]
Nonparametric Statistical Tests [See Also Chi Square Test, Wilcoxon Sign Rank Test]
application of bootstrap principle of nonparametric inference, development of confidence intervals for quantile differences, 29021
BASIC program for estimation of correlations from solved path coefficients, test of goodness of fit of restricted structural equation models, 23499
combinatorial data analysis strategy, comparison of 2 arbitrary measures of proximity between objects of set, 10866
comparison of Type I error rates & powers of 2-sample multivariate rank vs normal scores procedures vs Hotelling's T-2, 26286
conditional violations of axioms in additive conjoint measurement, evaluation of potential models for fitting components of multidimensional stimuli, 10875
distribution-free test of homogeneity in paired samples, comments on suggestions by J. Krauth, 5367
effects of sampling error & model characteristics, evaluation of normalized residual index vs root mean square residual measurements of goodness-of-fit, marketing applications, 8120
FORTRAN program application of D. Quade's ANCOVA by matching & analysis of matched differences as approaches to holding X constant, 26161
index for each column of factor matrix, measurement of goodness of fit for predetermined scale-defining items, 13484
measure of association between nominal & ordinal variables & sampling distribution, 2940
nonparametric approach to providing elementary estimates & tests of hypotheses for relevant population parameters, 8132
nonparametric Mokken scale analysis, order of acquisition of conservation measured by Piagetian tasks, kindergartners through 2nd graders, 16928
nonparametric scaling, response to P. G. Jansen's criticism of J. Loevinger's coefficient of scalability & its role in R. J. Mokken's model, 16221
Type I error rates vs power of rank transform & parametric ANCOVA procedures, implications for interpretation of educational tests, 10880
use of parametric & nonparametric tests of significance in organizational behavior journals, 1976–81, 7850
visual attention, EEG mapping using permutation-paired Fisher test, 21–48 yr old males, conference presentation, 26493

Nonprofessional Personnel [See Also Related Terms]
activities & beliefs & characteristics & relationships, natural vs professional helpers, rural Iowa vs Ireland vs UK, 15289
organizational commitment & satisfaction, professional vs nonprofessional managers in cooperatives, India, 25978
perceptions of managerial leadership behaviors & substitutes for leadership, professional vs nonprofessional workers at hospitals & contract research organizations, 20843
training & personality traits & general attitudes, client outcome & counselor satisfaction, nonprofessional counselors for 13–16 yr old juvenile offenders, 4688
values & life events as sources of meaning in life, male vs female 35–45 yr olds with low profile jobs, 9147
Nonprofit Organizations
conceptual framework for selection of effectiveness & efficiency & adequacy of finances management concerns, nonprofit organization executives, 28733
promotion of fundraising activities, nonprofit sector, 13228
reliance of voluntary nonprofit organizations on government funds, 14374
voluntary organizations for deaf, England, implications for usefulness to psychologists, 22668
Nonprojective Personality Measures [See Also California F Scale, California Psychological Inventory, Embedded Figures Testing, Eysenck Personality Inventory, Fear Survey Schedule, Gough Adjective Check List, High Sch Personality Questionnaire, Marlowe Crowne Soc Desirabil Scale, Minn Multiphasic Personality Inven, Myers Briggs Type Indicator, Psychological Screening Inventory, Rod and Frame Test, Rokeach Dogmatism Scale, Rotter Intern Extern Locus Cont Scal, Sensation Seeking Scale, Sixteen Personality Factors Question, State Trait Anxiety Inventory, Vineland Social Maturity Scale]
median split procedures, Bem Sex-Role Inventory gender role classifications & demographic characteristics, males vs females 17 yrs & older, 5276
projective vs nonprojective methods of assessment, 108
Nonrapid Eye Movement Sleep [See NREM Sleep]
NonREM Sleep [See NREM Sleep]
Nonsense Syllable Learning
differences in nonsense syllables, ease of learning, 11003
selective disruption of nonword reading, 43 yr old female & 65 yr old male, implications for acquisition of dyslexia, 4057
visually presented VCV nonsense syllables, identification of visual phonemes, hearing impaired 22–62 yr olds, 4180
Nonstandard English
accent of Indian male & visual information, impression formation, White adolescents, England, 19662
oral non-standard English, written English, Mexican American 3rd & 6th graders, 2423
predictive & congruent validity of sentence completion test of grammatical forms, use of standard vs nonstandard English during spontaneous conversation, 15.7–23.4 yr old Black males, 16163
reading & language instruction, interaction between text information & background experiences & knowledge, Polynesian-Hawaiian kindergartners through 3rd graders who speak nonmainstream English dialect, Hawaii, 18479
social & linguistic behaviors, teachers' assessment of attitudes & educational placement, Black 4th–6th graders in low income urban community, 13027
standard English with vs without Hawaiian pronunciation vs Hawaiian-English presentation of information in simple vs complex syntax, listening comprehension, Hawaiian-English vs standard English-speaking 2nd graders, 7620
Nontraditional Careers
attitudes & concerns about male child care workers, female graduates of child care program, 2026
evaluation of nontraditional occupations in career guidance instruments, adult females, 10528
females in nontraditional occupations, implications for change in work environment, 13247
interpersonal characteristics & vocational certainty, male vs female students in technologically oriented university, 2452
measurement approaches & problems, operationalization of gender-concentrated occupations & educational settings in research, 31406
nontraditional career seminar, instructors & counselors & students & parents & administrators, 18466
organizational barriers, female correctional officers in prisons for males, 18710
personality vs social support factors, nontraditional vocational enrollment, female vocational students, 15790
problems with working in men's prisons, female guards, 26014
rating of self estimated vs actual knowledge of sex stereotyped traditional vs nontraditional occupations, male vs female college students, 25954
role styles in relating to male officers, female officers, 17174
sex role attitudes & self esteem & traditional vs nontraditional career choices, male vs female 3rd–6th graders, 24187
sex role orientation & self esteem, choice of feminine- vs masculine-typed occupational field of study, female college students, 15795
simulation of exposure to success of females in traditionally male occupations, subsequent sex bias in selection decision, male vs female college students, implications for organizational behavior, 24511
situational factors, failure to mentor incoming female cadets, female upperclass West Point cadets, 15812
viewing of videotape of female in nontraditional careers & attitudes toward women, career choices for self & hypothetical daughter & self efficacy, female college students, 25949
Nontraditional Education
Adlerian principles in individual education, 2368
age & school curriculum, sex role stereotypes & preferences for sex typed activities or games, male vs female 5 vs 7 yr olds in parochial vs progressive school, 13018
application of Adlerian theory to education, 2406
attitudes toward nontraditional individual education program, school superintendents, 2385
field dependence vs independence in nontraditional experiential vs scientific educational setting, cognitive learning, 11–15 yr old junior high school students, 25807
implementation of individual education in Catholic school, elementary & junior high school students, 2375
implementation of individual education program, integration of Black public school & academic achievement & creativity & discipline, elementary school students, 2358
individual education, literature review, 2393
instructional systems design & behaviorism models, validity & implementation of open learning approach to education, 2387
objectives & curriculum & philosophy of individual education, literature review, 2360
observation & research & expert opinion as school evaluation methods, degree of adherence to principles of individual education, school principals, 2341
perception of ideal education system, individual education rating, teachers, 2390
philosophy & theory of individual education & results of its implementation in schools, 2409
school goals & instructional features & size & funding & population, perception of alternative school's learning environment, high school students, 7683
treatment & educational needs & available services, emotionally disturbed & behaviorally disordered youths, 18599
typicality of use of differing conceptual systems, 21–25 yr old Open Univeristy students, Northern Ireland, 13053
Nonverbal Communication [See Also Body Language, Eye Contact, Facial Expressions, Gestures, Manual Communication, Smiles]
acting out as means of nonverbal communication, psychotherapists & patients, 7055
age & task conditions, placing-over vs pointing responses as communicative behavior, 1.5–5.4 yr olds & mentally retarded 6.9–12.6 yr olds, 854
age differences & social interactions, pain expression, 2–24 mo olds receiving immunization injections, 750
aided & unaided augmentative communication, persons without speech, 22755
antidepressive pharmacotherapy, nonverbal behavior, 25–68 yr old inpatients with endogenous or involutional depression, 20419
arousal & emotion & cognitive difficulty & control, behavioral correlates of deception, college students, 6330

availability vs vividness vs salience of verbal & nonverbal cues, perceptions of counselor expertness & attractiveness & trustworthiness, college students, 10055
awareness of & experiences with & attitudes toward nonverbal communication aids, special educators, 25872
comprehension of videotaped pantomime acts, 30–72 yr old apraxic vs nonapraxic aphasic patients, 6855
computer-mediated communication, communication efficiency & participation & interpersonal behavior & group choice, college students, 19807
construct & concurrent validity of nonverbal scale of Kaufman Assessment Battery for Children & its presentation using pantomime or gestures vs American sign language, severely hearing impaired 7–12 yr olds, 13457
contemporary emphasis on creative nonverbal communication & deterioration of language, 5963
defendant's nonverbal behavior & severity of crime, judgment of defendant's believability, college student mock jurors, 6356
depression, associated nonverbal behavior, 7–12 yr old psychiatric inpatients, 11950
detection of discrepancy in nonverbal channels & ability to distinguish truth from lies, college students, 9095
development of computer system for observation of multiple channels of communication, assessment of verbal & nonverbal & physiological aspects of interactions, therapists & clients, 13326
development of nonverbal & pictorial expression of inner experiences, children, 6061
differentiation of pragmatic markedness of forms defined by nonverbal & verbal elements, interpretation of turn exchange & speaking turns, strangers in dyadic conversations, 6325
distance from child & eye contact & tone of voice during instruction giving, child's compliance to instructions, mothers & their 3–7 yr olds, 3386
emotion portrayed nonverbally, emotional errors in recognition memory & recall, college students, 19135
expectation advantage created by diffuse status characteristic of sex, task cues of verbal latency & initial gaze length & verbal loudness, college students, 9100
factor structure of formal dynamic cognitive characteristics & verbal & nonverbal signaling, 16–34 yr olds, 5465
father attitudes & nonverbal behavior, early adolescent male cognitive development, 34–62 yr old fathers & their 12–13 yr old sons, 8797
fluent vs normally disfluent vs stuttered speech, accessory nonverbal behaviors, 10–40 yr old stutterers, 9483
functions & perceptions of own & others' gazes & eye contact as nonverbal exchange, review of research, 27160
gender & sexist touching behavior in classroom, teachers, 2465
generality vs specificity bias, observational skills in verbal & nonverbal modes, college students, literature review, 3041
high vs low levels of nonverbal expression of pain in simulated doctor-patient interview, ratings of patient distress & O concern, female nursing students & college students with varying levels of need to nurture others, 1724
instruction in nonverbal communication & group integration & spatial-temporal orientation & relaxation, self perception expressed in drawings, 23–61 yr old teachers & social workers, 7129
interactional context & gaze behavior & arousal source, nonverbal & affective reactions & interpersonal attraction, male college students, 3680
job applicant's nonverbal behaviors, ratings of motivation & social skill & hirability, 18–67 yr old job applicants & experienced employment interviewers, 10588
laughter as nonverbal communication & means of releasing physical & psychological tension, 5972
left temporal tip intracerebral hematoma, aphasia for communication in Morse code, 54 yr old male amateur radio operator, 20266
legally mandated deinstitutionalization & contemporary interpretation of artwork & nonverbal expression, psychiatric patients, Italy, 6470
legally mandated deinstitutionalization of psychiatric patients, neglect of nonverbal communication in psychiatric research & therapy, Italy, 6917
linguistic & nonverbal signals, smooth transitions in speaker turn taking in Cantonese conversations, Asian college students, literature review, 19540
listening skills & sensitivity to nonverbal behavior, cultural differences in social business interactions, business and industrial personnel, 5095
live supervision, verbal & nonverbal behavior in family therapy, family therapist supervisors, 7098
manual actions & facial expressions & gaze direction & vocalizations during maternal interaction, 9–15 wk olds, 6050
modeling instruction & behavior rehearsal social skills training, nonverbal interpersonal communication skills, male speech & hearing impaired 29 yr old, 28217
motor mimicry as nonverbal communication which is meant to be seen by others, college students, 14425
nodding as nonverbal communication & measure of hypnotizability, implications for hypnotherapy, 12606
nonclassical dance as self expression & nonverbal communication with psychiatrists, psychotic patients, 6969
nonverbal behavior, perception of counselor expertness & attractiveness & trustworthiness & helpfulness, college students, 2064
nonverbal behaviors & classroom communication style, White vs Choctaw Indian 5th & 6th graders & their teachers, 7664
nonverbal communication & classroom interaction & attitudes, Black vs White teachers & students, 2458
nonverbal communication derived from & expressive of individual history, 5959
nonverbal communication during listening to preferred vs nonpreferred vs unfamiliar language, monolingual vs bilingual kindergartners, 26839
nonverbal communication during pubertal period of adolescent's development, families requesting vs not requesting psychological counseling, 14548
nonverbal communication, implications for human resource managers, 7835
nonverbal communication in classroom & study of teaching, 2482
nonverbal communication techniques, female 28 yr old with history of violent psychotic attacks who had assaulted her mother, 6953
nonverbal communication, transference/countertransference interaction, 32 yr old female patient & her analyst, 7064
nonverbal communication, 16–26 yr olds with Asperger's syndrome, 20238
nonverbal cue context & behavior at input, availability & endurance as retrieval cues in episodic memory, college students, 29156
nonverbal decoding skills as measure of social intelligence, college students & staff & adults, 29992
nonverbal film of abstracts & orientations & codas in narration, 11–12 yr old Whites with language disorders, implications for therapy, 9491
nonverbal oppositional moves & presuppositional claims & semantic basis & violation of local social norms, arguments, 6–7 yr olds in classroom reading groups, 6137
paraverbal techniques, communication with child clients & professional supervision, recently certified child psychiatrists, 31082
perception of nonverbal communication displays as representations of implicit communication behavior, college students, 19543
pictorial representations of body language, educational & observational training skills programs in drama, 20713
Picture Communication Symbols & Rebus system & Blissymbols, communication & language programs, severely physically & cognitive handicapped patients, 4675
procedure for coping with patient nonverbal expressive behavior 27 & 45 yr old male & female patients in cognitive therapy, 12522
psychological stress, nonverbal expressiveness & musculoskeletal response as assessed by EMG, college students with history of tension headache, 27678
psychosomatic symptoms & nonverbal communication of emotional conflicts, patient suffering from hebephrenic schizophrenia & psychiatrist, 6992
puppet making & theater, nonverbal communication with therapists, female chronic psychotic patients, 6961
realization of temporal interdependency of speech & gesture in motor planning & execution, right handed Ss, 5384
recall of experience & methods of communication & coping ability, 12–16.9 yr olds who underwent endotracheal intubation, 15225

relative immobilization, nonverbal behavior & dialog imagery, college students, 2959
role of architecture in nonverbal communication & therapeutic value of art for psychiatric patients, comments on papers by R. Volmat & V. Andreoli, 6960
role of facial expressions in visual dialog, psychotherapist & patients with severe narcissistic injury, 4365
role of head & torso & face & eyegaze, sign language communication, deaf signers, 24864
role of nonverbal communication in interaction between psychiatric patient & therapist in hospital environment, 7439
self esteem & need for interpersonal relations & ability to comprehend nonverbal communication, learning disabled vs normal 9–14 yr olds, special education implications, 12130
shock intensity & self report of discomfort & social modeling influence, nonverbal expressive behavior & O's judgments of Ss' distress, college students, 5390
size of segmented videotaped messages presented with vs without speech & with face vs body, perception of deception, college students, 27166
subliminal stimulation of unconscious symbiotic fantasies, pathological thinking & nonverbal behavior & self esteem, 18–65 yr old hospitalized schizophrenic males, 9272
symbolic possibilities of nonverbal communication vs fixed rules of language, psychotherapeutic implications, 5961
symbolism of verbal & nonverbal communication, 5974
teacher nonverbal behavior, student perceptions of teacher attitudes & expectations & consequent academic performance, elementary school students & their teachers, 10460
training in self verbalization of word lists from aggressive vs helpful vs neutral condition, perception of nonverbal social stimuli, male aggressive vs nonaggressive 4th–5th graders, 20340
use of visual contact as nonverbal communication tool of clinical animation, 18–35 yr old psychotic patients with autistic behavior in day hospital, Italy, 7006
verbal & nonverbal aspects of group storyreading & literacy socialization, 3–5 yr old students, 2350
verbal & nonverbal communication, functional & dysfunctional families with adolescents seeking vs not seeking counseling, 14542
verbal & nonverbal social cues & signaling of expectations, teaching-learning events in classrooms, teachers & students, 2459
verbal/vocal vs nonverbal cues, communication of hostile dominant vs hostile submissive vs friendly dominant vs friendly submissive interpersonal styles, male college students, 6344
videotape of senders' face &/vs speech with vs without feedback, perception of deception, college students, 27167
videotapes of individuals gambling, estimation of size of jackpot based on facial cues, male 21–32 yr old cocaine abusers, 6647
Noradrenaline [See Norepinephrine]
Norepinephrine
acute vs chronic immobilization stress, brain levels of noradrenaline & dopamine & serotonin & 5-hydroxyindoleacetic acid, rats, 11202
acute vs chronic paraventricular nucleus infusion of norepinephrine, food & liquid intake & selection of carbohydrate & protein & fat, male rats, conference presentation, 21543
alcohol, norepinephrine concentrations in CSF, rhesus monkeys, 16683
alcohol withdrawal, CSF levels of 3-methoxy-4-hydroxyphenylglycol & norepinephrine, 29–64 yr old hospitalized males, 10162
alpha-adrenergic receptor function in platelets & prostaglandin-stimulated cyclic adenosine monophosphate production, schizophrenic 19–65 yr olds, 30156
antidepressant drug administration to increase availability of dopamine vs norepinephrine vs serotonin, voluntary alcohol intake, male rats, 632
beta-phenylethylamine injections into locus ceruleus, brain noradrenaline neuron activity, male rats, 16699
bicycle exercise vs psychological stress, plasma norepinephrine & epinephrine levels & blood pressure & heart rate, patients suffering from cardiac neurosis, 19923
blood levels of free fatty acids & beta-hydroxybutyric acid & triiodothyronine & noradrenaline as indices of starvation, female 18–39 yr olds with bulimia vs anorexia nervosa, 17648
carbamazepine, noradrenergic mechanisms for anticonvulsant & psychotropic effects assessed by plasma & CSF norepinephrine & 3-methoxy-4-hydroxyphenylglycol levels, patients with affective disorders, 22576
catecholaminergic agonists, investigative & exploratory behavior, male rats, 5870
catecholaminergic drugs & regulation of noradrenergic vs dopamine neurotransmission, neocortical brief spindle episodes, DBA/2 mice, 21584
changes in noradrenergic system, 13–41 yr old patients with mental anorexia, conference presentation, 6809
chemical vs electrical lesions of substantia nigra vs locus ceruleus vs midbrain raphe, ECS-induced muricide inhibition, olfactory bulbectomized male rats, 19407
chronic administration of clorgyline, peripheral presynaptic noradrenergic activity assessed by plasma norepinephrine & heart rate & blood pressure, 21–70 yr old depressed patients, 9934
chronic amphetamine treatment, depression of activity of Purkinje neurons, rats, 16804
chronic ethanol administration, turnover of dopamine & noradrenaline in caudate & accumbens nuclei, male rats in swimming test, implications for depression, 26657
chronic noradrenergic hyperinnervation, tactile responses of neurons in sensory trigeminal nuclei, rats, 528
clonidine, pre- & postsynaptic noradrenergic activity, patients with obsessive compulsive disorder or panic attack/agoraphobia or anorexia nervosa or depression, 7246
coexistence of substance P & corticotropin releasing factor & acetylcholinesterase in nucleus tegmentalis dorsalis lateralis & projecting to frontal cortex & septum & thalamus, male rats, 26490
CSF levels of monoamine & norepinephrine & dopamine metabolites, 22–66 yr old depressed patients, 22109
deoxyglucose, plasma norepinephrine & epinephrine levels, 6 vs 24 mo old rats, 668
depletion of brain levels of norepinephrine by N-2-chloroethyl-N-ethyl-2-bromobenzylamine, voluntary ethanol drinking, male rats, 641
depletion of spinal cord norepinephrine & forebrain dopamine, blood pressure & drinking responses to angiotensin II or carbachol or sodium chloride in CNS, male rats, 23975
depletion of spinal norepinephrine through injection of 6-hydroxydopamine, development of swimming behavior, newborn female rats, 3320
dextro- vs levo-enantiomers of oxaprotiline, noradrenaline uptake, healthy male adults, 21489
dextroamphetamine, motor movements & stereotypic behavior & cardiac catecholamine & brain norepinephrine levels, male rats, 19509
dietary tryptophan restriction & age, levels of serotonin & norepinephrine in brain, rats, implications for human aging, 602
dopamine & norepinephrine levels in basal ganglia, deceased normal vs Alzheimer's disease patients, 1615
dopamine vs norepinephrine vs epinephrine, release of luteinizing hormone & food intake, rats, 19416
ECT, platelet & lymphocyte alpha & beta adrenoceptors & plasma noradrenaline & serum cortisol, 23–78 yr old patients with endogenous depression, 17711
ECT, urinary excretion of 3-methoxy-4-hydroxyphenylglycol & clinical state, patients with endogenous depression vs schizophrenia vs anxiety, 27717
endogenous & evoked dopamine & noradrenaline & serotonin from hypothalamus & caudate nucleus, male rats, 23830
errors in acquisition of delayed alternation & cortical levels of dopamine & noradrenaline & 5-HT, male rats not treated with drugs, 13824
escapable vs inescapable shock, noradrenaline & 3-methoxy-4-hydroxyphenylethyleneglycol levels in hypothalamus & amygdala & thalamus, male rats, 11236
estradiol benzoate & norepinephrine & clonidine with vs without isoproterenol, lordosis behavior, female rats, 5842
estradiol, evoked & basal efflux of norepinephrine & 5-HT in hypothalamic slices, female rats, implications for depression & emotional lability associated with estradiol therapy, 16663
ethanol, efflux & release of norepinephrine & dopamine & 5-HT from hypothalamus, rats, 16662

ethanol, plasma corticosterone & free fatty acids, male rats with lesions of locus ceruleus vs pretreatment with noradrenergic neurotoxin DSP 4, 16571
ethanol withdrawal, striatal & hypothalamic GABA & dopamine & dopamine metabolites & norepinephrine, male mice, 5834
exercise & cold stress & hemorrhage, plasma epinephrine & norepinephrine measured by high performance liquid chromatography with electrochemical detection, rats, 29356
fluoxetine- & xylamine-induced depletion of brain norepinephrine in locus ceruleus projections & subsequent LSD injections, locomotor activity & investigatory responses, male rats, 29414
focal right hemisphere cortical suction lesions & cold water stress, hyperactivity & norepinephrine depletion, male rats, 26615
formation of defensive conditioned reflex, release & uptake of noradrenaline by brain synaptosomes, male rats, 29260
forskolin infusion into right lateral ventricle, norepinephrine-stimulated cyclic adenosine monophosphate & beta-adrenergic receptor sensitivity, male rats, 26749
ganglioside, choline acetyltransferase activity & noradrenaline levels in cerebral cortex & acquisitional avoidance responses, rats with lesioned cholinergic forebrain nuclei, 13881
glucose vs norepinephrine vs estrogen, activity of glucose-responsive neurons in hypothalamic ventromedial nucleus, rats, implications for regulation of feeding, 26693
high vs low need for power & high vs low gain in 3-methoxy-4-hydroxyphenylglycol, recall of story content, 16–29 yr old college students, 3211
hippocampus perfused by tetrahydro-beta-carboline, release of norepinephrine & serotonin-containing neurons & beta-carboline induced anxiety, rats, 21529
human anaphylatoxin C5a injected into perifornical site, appetitive behavior, rats, 14067
hypothalamic injections of norepinephrine & morphine & naloxone, feeding behavior, male rats, 21625
hypothalamic norepinephrine injections, feeding behavior, male rats, 21412
imipramine vs ACTH, noradrenergic receptor activity & responsiveness of norepinephrine-coupled cyclic adenosine monophosphate generating system in cerebral cortex, male rats, 19436
involvement of peripheral & central catecholamine systems in neural-immune interactions, literature review, 23816
ip injection of 6-hydroxydopamine, response rate for food reward under DRL schedule, male rats, 21587
isolation vs grouping & aggressive interactions with vs without MAO or tyrosine hydroxylase inhibition, midbrain & hypothalamic 5-HT & norepinephrine & 5-hydroindoleacetic acid levels & turnover, male golden hamsters, 21401
large haloperidol doses, catalepsy & brain noradrenaline metabolism, female rats, 5944
lesions of centrifugal noradrenergic projections to olfactory bulbs, selective recognition of offspring, pregnant ewes, 21459
lesions of locus ceruleus vs dorsal noradrenergic bundle, response rates & anti-anxiety effects of ethanol & chlordiazpoxide in operant conflict situation, male rats, 26610
levotyrosine, restoration of amphetamine-induced acute decreases in brain norepinephrine, male rats, treatment implications for patients prone to psychomotor stimulant abuse, 24027
life changes & social support & temperament pattern, blood pressure & norepinephrine levels & cardiovascular risk factors, male police officers, 31508
long term therapy with desipramine & zimeldine & clorgyline, norepinephrine turnover & metabolism & CSF changes, depressed 18–70 yr olds, 12575
long term weight recovery, altered norepinephrine metabolism, 17–29 yr oldd female anorexia patients, 9563
low vs high nicotine doses, exploratory behavior & synthesis & turnover of 5-HT & dopamine & norepinephrine, male rats, 23998
methodology of authors' previous study of CSF noradrenaline levels, schizophrenic Ss, comments on paper by R. H. Gerner et al, 14617
methylphenidate, activity-stress gastric ulcer severity & regional brain noradrenaline metabolism, male rats, 21514
mianserin & its enantiomers & metabolites, noradrenergic transmission & re-uptake & release & relation to mechanism of antidepressant action, literature review, conference presentation, 29468
N-(2-chlorethyl)-N-ethyl-2-bromobenzylamine HCL & imprinting on rotating box vs stuffed fowl, strength of imprinting & forebrain concentrations of noradrenaline, chicks, 11284
naloxone precipitated morphine withdrawal, acute response of hypothalamic noradrenergic & dopaminergic neurons & anterior pituitary hormones, female rats, 26665
neonatal administration of pargyline vs desmethylimipramine followed by 6-hydroxydopamine, norepinephrine & dopamine induced hyperactivity, rat pups, 26718
neuroimmunomodulatory interactions of norepinephrine & 5-HT, 23837
neurotensin followed by norepinephrine injections into paraventricular hypothalamic nucleus, food intake, male rats, 21600
neurotoxin DSP-4, acquisition & performance of radial arm maze task, male rats, implications for role of brain norepinephrine, 13965
noradrenaline & 5-HT depletion, 5-methoxy-N-N-dimethyltryptamine-induced analgesia, male rats, 624
noradrenaline levels during orthostatic challenge, bipolar & unipolar depressed 24–68 yr olds, 11999
noradrenaline vs dopamine vs 5-HT vs phenylephrine vs isoproterenol vs apomorphine injections into nucleus accumbens, open field activity & forced swim test performance, male rats, 21572
noradrenaline vs serotonin injections into basomedial amygdala, acquisition & retention of instrumental reaction & conflict behavior & pain perception & regulation of gross behavior, male rats, 16760
noradrenaline vs 5-HT neurotoxins with vs without pretreatment with desipramine, active & passive avoidance impairment & retention, male rats, 11268
noradrenergic agonist, voluntary ethanol consumption, male rats, conference presentation, 16802
noradrenergic modulation, selective attention & memory retrieval, 16424
norepinephrine activity, schizophrenic patients, literature review, 17432
norepinephrine-depleting lesions of locus ceruleus vs dorsal noradrenergic bundle, behavioral & locomotor activity & operant responsiveness to novelty, male rats, 26596
norepinephrine-epinephrine ratio as possible marker of suicide ideation, response to supportive findings of F. Dajas et al & R. Honzak et al, 22011
norepinephrine-epinephrine ratio, depressed patients, comparison with data of R. B. Ostroff et al for patients who attempted suicide, 22000
norepinephrine-epinephrine ratio, patients with renal transplants at high risk for suicide, comparison with data of R. B. Ostroff, 22006
norepinephrine injected in amygdala, acquisition vs consolidation vs retrieval mechanisms of long term memory, male rats, 23960
norepinephrine injections into hypothalamic paraventricular nucleus, feeding behavior, hypophysectomized male rats, 5807
number of noradrenergic low vs high affinity binding sites in locus ceruleus, memory assessed by performance on step-through inhibitory avoidance task, young vs old mice, 29284
paraventricular hypothalamic norepinephrine, unconditioned saccharin preference & conditioned taste preferences & quinine aversion, male rats, 16709
peripheral-blood lymphocytes as model of beta-adrenergic receptor complex, assessment of noradrenergic function, drug-free patients with endogenous depression, 21309
peripheral vs paraventricular nucleus injections of clonidine vs amitriptyline vs chlorimipramine, nutrient selection, male rats, 29447
pharmacological vs high frequency electrical stimulation of midbrain raphe & locus ceruleus, recovery cycles of EPs to light in visual cortex, rats, 5774
physical restraint, reduction of cyclic adenosine monophosphate response to norepinephrine in cerebral cortex & hypothalamus, male rats, 11226
physical vs mental workloads, urinary norepinephrine & epinephrine excretion & fatigue, males, implications for stress prevention in high risk professions, 29335
physostigmine, serum epinephrine & norepinephrine levels, 20–53 yr olds with affective disturbances, 27967

plasma levels of epinephrine & norepinephrine, identification of univariate & bivariate response patterns, hyper- vs normotensives, 17619
plasma norepinephrine, patients with present & past major depressive episode with melancholia & dysthymic disorder, 11998
platelet alpha-2-adrenergic receptors in depression, 11947
platelet alpha 2-adrenoceptor number & urinary 4-hydroxy-3-methoxyphenylglycol excretion & age at onset, drug-free 23–63 yr old major depressive patients, 30210
posttraining naloxone administration, retention of spatial learning, male rats with bilateral 6-hydroxydopamine lesions of dorsal noradrenergic bundle, 11212
power stress from academic examination, salivary immunoglobulin & norepinephrine levels, college students, 575
prenatal exposure to phenobarbital, hypothalamic & striatal dopamine & norepinephrine levels & brain stem tryptophan hydroxylase activity, mice tested at 8 vs 22 vs 50 days of age, 21626
prenatal treatment with 6-hydroxydopa & DSP 4, noradrenaline concentration in cerebral cortex & cerebellum & assays of ACTH & corticosterone & hyperactivity, infant rats, 26692
pretreatment with morphine followed by oxymetazoline vs phentolamine injections into limbic part of caudate nucleus, sensitivity of noradrenergic receptors, cats, 11277
propranolol vs adrenaline vs noradrenaline vs isoprenaline, operant conditioned barpressing, female rats, 5942
relationship between hypothalamic-pituitary-adrenal axis & noradrenergic system assessed by plasma free 3-methoxy-4-hydroxyphenylglycol vs cortisol response to dexamethasone, depressed 18–68 yr olds, 17415
role of noradrenaline in tuning & dopamine in switching between signals in CNS, literature review, 13818
role of norepinephrine & dopamine & serotonin in mental disorders, 3819
selective noradrenaline depletion, regional brain effects & responses to cold-restraint stress, male rats, 16470
sensitivity & density of platelet alpha-2-adrenoceptors, drug-free & lithium carbonate-treated depressed patients, 11929
serum cortisol & beta-endorphin & norepinephrine & thyroid-stimulating hormone & cholesterol & anxiety & stress appraisal & coping style, postoperative psychosis, male patients undergoing aortic valve replacement assessed pre- & postsurgery, 22623
stable isotope-labeled levo-threo-3,4-dihydroxyphenylserine, norepinephrine synthesis & orthostatic hypotension, patients with familial amyloid polyneuropathy or akinesia or parkinsonism, 18112
state anxiety & recovery & cortisol & noradrenaline excretion pre- vs post-operatively, middle ear surgical patients, 28068
stress, brain noradrenergic activity, literature review, implications for stress-induced disorders, 13801
stress, epinephrine-norepinephrine reaction, hypertensives, 14884
stress reactions to irrational thinking, adrenaline & noradrenaline & cortisol levels, 29–52 yr old business executives, 3206
subcutaneous arginine vasopressin & role of dorsal noradrenergic bundle, aversive conditioning, rats, 14058
tyrosine & exposure to shock vs no shock, norepinephrine metabolism in locus ceruleus & hippocampus & hypothalamus & behavioral deficits, male rats, 16495
unilateral naris occlusion, development of olfactory bulb dopamine & norepinephrine levels & behavior, rat pups, 21440
urethane anesthesia & alertness & immobilization stress, chemical sensitivity of thalamic neurons to acetylcholine & noradrenaline, rats, 5753
urinary norepinephrine & epinephrine & mitral valve prolapse, patients with panic disorder or agoraphobia with panic attacks, 6570
urinary 3-methy-4-hydroxyphenylglycol relative to peripheral catecholamine activity & self reported depression, normal 23–46 yr old physically active vs sedentary males, 29339
vasopressin, noradrenaline-induced cyclic adenosine monophosphate accumulation in brain slices, rats, implications for animal learning & behavior, 3294
water appetitive learning situation, activation of post-training norepinephrine & dopamine & epinephrine systems, male rats, 29193
withdrawal of long term neuroleptic treatment, dopamine & homovanillic & dihydroxyphenylacetic & 5-hydroxyindoleacetic acid & noradrenaline levels in CSF, 30–55 yr old chronic schizophrenic patients, 1910
24-hr urinary cortisol levels & norepinephrine to epinephrine ratios, 31–57 yr old males who were violent vs nonviolent parasuicides, implications for suicide prevention, 24797

Norepinephrine Metabolites
alcohol withdrawal, CSF levels of 3-methoxy-4-hydroxyphenylglycol & norepinephrine, 29–64 yr old hospitalized males, 10162
caffeine, plasma 3-methoxy-4-hydroxyphenylethyleneglycol levels & anxiety & blood pressure & autonomic symptoms, males & females, 16589
clonidine administration during monocular deprivation, CSF levels of norepinephrine metabolites & ocular plasticity in visual cortex, kittens, 29459
escapable vs inescapable shock, noradrenaline & 3-methoxy-4-hydroxyphenylethyleneglycol levels in hypothalamus & amygdala & thalamus, male rats, 11236
long term weight recovery, altered norepinephrine metabolism, 17–29 yr oldd female anorexia patients, 9563
MAO inhibitor cimoxatone, norepinephrine & dopamine & serotonin metabolites in CSF, monkeys, 13980
morphine & levorphanol injection into periaqueductal gray, analgesia & brain norepinephrine metabolism, rats, 14042
naltrexone, opiate withdrawal & plasma concentrations of 3-methoxy-4-hydroxyphenylglycol, methadone-dependent patients, 18313
plasma 3-methoxy-4-hydroxyphenylglycol & dexamethasone suppression, patients with past & present unipolar & bipolar melancholia & dysthymia, 27360
role of methoxy-hydroxy-phenyl-glycol in diagnosis of psychoses & neuroleptic treatment, conference presentation, 3857
5-hydroxyindoleacetic acid & homovanillic acid & 3-methoxy-4-hydroxyphenylglycol in lumbar CSF, chronic schizophrenic patients who have attempted suicide, 17414

Normal Distribution
approximation of inverse of normal distribution function of C. Hastings vs 7 other approximations, 26134
Bessel function algorithm for obtaining uniform minimum-variance unbiased estimates for log-normal distributions, 29014
computer program routine for determination of chi-square & normal curve probabilities, 26284
mean & size & variability of sample, intuitive judgments on normal distribution data, college students, UK, 23498

Normalization (Test) [See Test Standardization]
Norms (Social) [See Social Norms]
Norms (Statistical) [See Statistical Norms]
Norms (Test) [See Test Norms]
North America [See Also Canada, Mexico, United States]
attitudes toward love, young adults, South Africa vs North America vs Uganda, 29926
characteristics of breeding burrows & movements in 1st North American colony, Manx shearwaters, Newfoundland, 5638
habitat type & geographic location, stability of breeding communities, birds, North America, 446
neuroleptic drug-induced skin pigmentation, 19–65 yr old chronic hospitalized schizophrenic patients, Europe & Asia & Central & South America & North America & Africa, 25266
psychological & sociological attitudes toward care of terminal cancer patients, Europe vs England vs North America, 12253
utility of J. Garreau's concept of 9 Nations of North America & value basis of geographic segmentation, implications for marketing, 23319

North Vietnam [See Vietnam]
Northern Ireland
lifestyle & psychological well-being, 25–45 yr old unemployed males, Northern Ireland, 7787
misdirected vs lost letter technique, measurement of religious prejudice, residents, Northern Ireland, 26149
psychological & behavioral approach to social problem areas, central government policy & planning, Northern Ireland, conference presentation, 24375
psychological elements of ethnicity, political behavior, Protestants vs Catholics, Northern Ireland, 6247

Nortriptyline [See Antidepressant Drugs]

Norway
attitudes on concept of good psychotherapy, psychologists, Norway, 12791
causes of death related to stress in psychiatric hospitals, inpatients with nonorganic psychosis, Norway, 10114
completed yrs of education, twins & their spouses & parents, Norway, 19308
democratic theory & workshops or conferences, changing worklife, employees, Norway, 18763
evaluation of University of Bergen graduate training program in psychology, psychologists who graduated from 1977–82, Norway, 20576
experience level, perceptions of problems related to profession, beginning vs experienced teachers, Norway, 31145
health center program for assistance in coping, families of children with bladder exstrophy & other rare disorders, Norway, 2009
individual & collectivist economic concerns & assessments of government economic performance in areas of inflation & unemployment, voting behavior, voters, Norway, comparison with US data, 6261
intensive light exposure, sleep & endocrinological variables, 19–43 yr olds with insomnia during "dark period" of winter, Norway, 14948
living conditions during childhood & coronary risk factors, adults, Norway, 24863
methodological considerations in study of vocational & social integration, disabled youth, Norway, 12745
modeling vs parental vs peer vs normative influences vs internalization vs instrumentality vs cultural contexts, drinking behavior, 12–18 yr olds, Australia vs France vs Norway, 14205
opposing viewpoints of drug use trends, Norway, 24448
organizational structures of alcohol research, Denmark vs Finland vs Iceland vs Norway vs Sweden, 14684
political & social attitudes related to left-right & tough-tender ideological dimensions, college students, US vs Norway, 24399
professional role in prison settings, rehabilitation services, psychologists, Norway, 15428
psychotropic drug use, Czechoslovakia vs Norway vs Sweden, conference presentation, 6313
second-hand translations of German psychological terms from English, Norway, 10691
sectorized psychiatric services, patients with 3 or more admissions in community mental health service, Norway, 10020
social disintegration & physical & interest passivity & opportunity to acquire drugs, legal &/vs illegal drug usage, adolescents, rural & semirural Norway, 24199
Norway Rats
degree of captivity & prior social experience, dominance relationship, rats, 13756
incidence & body site location of wounds, Norway rats from stable vs unstable populations, 19242
milk deprivation via change in litter size or decreased access to lactating dam, weaning & development of independent ingestion & drinking behavior, Norway rat pups, 13909
model of thermal limitation of body contact, mother rats & their young, 3115
Nose [See Also Olfactory Mucosa]
thermal pulsation to nosolabial reflexogenic zone, neuroses, psychiatric patients, 4582
Nouns
acceptability judgments of adjective/noun switches inside noun phrases, Spanish-English bilingual college students who had code-switched since childhood, 731
grammatical priming of inflected nouns by inflected adjectives, college students, 5965
imagery value of noun stimuli in metered memory search paradigm, college students, 23636
intentional vs incidental paradigm, recognition of noun as function of imagery value, college students, 5485
low- vs high-dominant properties of noun, color-naming interference & semantic access in sentence comprehension, college students, 328
nuclear bomb as catalyst for examination of power of nouns, relations between nominalism & animation & religion & politics, 28880
presence of article & distinction between proper vs common nouns in written vs oral contexts, 35–60 yr olds with Broca's aphasia, 27568
speed & accuracy of lexical decisions, concrete vs abstract nouns, college students, 13668
superordinate category terms as mass nouns, 5968
syntax & grammatical relations hierarchy of noun phrases & conceptual accessibility, sentence formulation, college students, 29073
Novel Stimuli [See Stimulus Novelty]
Novelty Seeking [See Sensation Seeking]
Novocaine [See Procaine]
NREM Sleep
abnormal EEG waveforms & NREM sleep, schizophrenic 26–31 yr olds, 6520
abnormal NREM sleep, depressed 23–57 yr old males, comments on study by J. F. Hiatt et al on sleep spindles in schizophrenic patients, 6515
age & sex, slow-wave EEG sleep activity, 2–4 vs 10–12 yr old cats, 495
body fat & lean body mass, slow wave sleep & onset & length of sleep, athletic vs nonathletic college students, 346
excessive fragmentary myoclonus in NREM sleep, 22–70 yr old patients, 22230
injection of arginine vasotocin into pineal recess, decreased 5-hydroxyindoleacetic acid levels in raphe dorsalis nucleus & induced slow wave sleep, cats, 537
slow-wave sleep & shallow torpor & hibernation as homologous states of decreased metabolism & body temperature, conference presentation, 5716
spindlelike waves of electrical activity in hippocampus recorded during deep slow wave sleep, cats, 518
superfusion of clomipramine within ventromedial hypothalamus, REM & NREM sleep patterns, rats, 21496
vagal electrical stimulation during wakefulness vs slow wave sleep vs paradoxical sleep, neuronal activity in thalamic nuclei, male rats, 26587
wakefulness vs NREM sleep, activity of medullary respiratory neurons, cats, 29289
1-methylisoguanosine, REM & NREM sleep & sleep latency, rats, 26726
Nuclear Family
polarized continuity vs discontinuity values, truncated nuclear family, implications for family therapy, 7125
Nuclear Technology
attitudes toward nuclear arms & war & energy, 6th–11th graders, Canada, implications for teachers & counselors, 10435
attitudes toward nuclear war & nuclear power, distress & depression & drug use & quality of life, 19–24 yr old males & females, 21805
birth in Zeeland & sex & living distance from power plant & political affiliation, attitudes toward civil use of nuclear power, 19–65 yr old Zeeuwen Ss, Netherlands, 17139
broad environmental concern & phobic thinking & anxiety levels, antinuclear attitudes & behaviors, college students, 28834
chronic stress & symptoms of posttraumatic stress syndrome, residents living within 5 miles of Three Mile Island nuclear power station, 22001
concept of decision making for acceptable risk factors in approval of nuclear water reactor, Great Britain, 2718
contributions of social psychology to international crisis management & conflict resolution in nuclear age, 8930
ecology, socioeconomic change & technology & unemployment & alternative lifestyles, 961
Jungian psychological perspective on emergence of atom bomb, 8921
nuclear magnetic resonance, visualization of stereotactic brain lesions, 29 yr old male suffering from anxiety & erythrophobia & alcohol abuse, 1998
perceptions of consequences & their importance, attitudes toward building nuclear power station, residents of rural communities with vs without experience living near nuclear plant, England, 20918
psychology & nuclear decision making & nuclear power & activism, 21804
public opinion about nuclear energy, late 1970's to present, 2722

race & sex, knowledge about & attitudes toward nuclear weapons & nuclear war, Black vs White 15–74 yr olds, 29776
residence near Three Mile Island nuclear reactor vs another nuclear plant or fossil fuel facility & mother's mental health & environmental stress, behavior problems, 2.5–3.5 yr olds, 29684
safety & interest & feeling & economy radioactivity & management system & propulsion factors, attitudes toward nuclear power, females living near plant sites or who are urban users of power source, 14493
social support, job stress & strain & negative health outcomes following Three Mile Island plant accident, nuclear workers, 31500
venting of radioactive gas from damaged nuclear reactor, psychophysiological responding, residents of Three Mile Island area, 5729
viewing films "Protection in a Nuclear Age" vs "The Last Epidemic" vs reading J. Schell's "The Fate of the Earth," knowledge about & attitudes toward nuclear weapons & war, college students, implications for public education, 29508
Nuclear War
antisocial vs social concepts of human nature & world peace, conference presentation, 14257
anxiety & civil disobedience & political processes & nuclear threat, 3555
arms race & nuclear war initiation, response to criticism of T. F. Mayer, 24249
assumptions about nuclear strategies & domestic ideologies based on cognitive differences, mutual understanding & effective negotiation, "hawks" vs "doves", 29881
attitudes & activities concerning nuclear freeze/disarmament, members of American Psychological Association, 28329
attitudes toward nuclear armament policy & value placed on children, college students, implications for social advocacy, 9140
attitudes toward nuclear arms & war & energy, 6th–11th graders, Canada, implications for teachers & counselors, 10435
attitudes toward nuclear arms race, US senators vs surrogate Soviet political elites & excerpts from news media, US vs USSR, support for perceptual dilemma model, 3615
attitudes toward nuclear war & nuclear power, distress & depression & drug use & quality of life, 19–24 yr old males & females, 21805
attitudes toward nuclear war before vs after viewing TV program "The Day After", college students vs adult professional viewers vs nonviewers, 8634
attitudes toward nuclear war, members of American Psychological Association, 28338
behavior analytical approach to issues of nuclear arms race & peace activism, 8934
clinical & ethical considerations of peace activist actions in nuclear age, psychotherapists, comments on article by A. Nelson, 28300
concept of finality & adjustment to possible future atomic holocaust in C. G. Jung Memorial Lecture, implications for psychotherapy, 5208
concerns about nuclear war & unemployment & career plans, helplessness & social efficacy, students in grades 7–13, Canada, relevance to mental health & development, 8844
conduct of nuclear arms race as group or collective psychosis, 14254
deterrence vs abolitionist peace & security models in nuclear age, 19701
development of Likert-type scale, measurement of attitudes toward nuclear disarmament & correlates, college students & ROTC cadets, 16153
ethical principles for humanistically responding to threat of nuclear destruction, 26952
extent & nature of reaction to TV film "The Day After", public viewing audience, 11372
family therapy as potential form of diplomatic international conflict resolution, 21864
fear of nuclear war & concern about pollution & overpopulation & world hunger, 9–17 yr olds in Pioneer camps, USSR vs US, 8825
fears of nuclear war, 2nd–6th graders who viewed "The Day After", comments on article by J. Schofield & M. Pavelchak, 26888
history of psychology & nuclear war, comments on J. Morawski & S. Goldstein, 23352
human power to abstract & symbolize & sociopsychological prospects for world peace, conference presentation, 14249
interpretation of Tarot card reading on possibility of nuclear war, 8922
Jungian perspectives on human annihilation & threat of nuclear holocaust, 8929
Jungian view of origins of fantasy of nuclear survivability, 8937
moral imagination & peace activism & threat of nuclear annihilation, 15–75 yr olds in community group, 9810
movie "The Day After" & protection motivation theory, prediction of intentions to engage in anti-nuclear war behaviors, college students, 26953
nuclear arms escalation & role of psychologists, 12871
nuclear bomb as catalyst for examination of power of nouns, relations between nominalism & animation & religion & politics, 28880
nuclear war, overview of physical & medical effects & sociopsychological impact on urban & rural area dwellers, 11557
peace-through-strength vs cooperation approaches to nuclear war prevention, role of psychology & educational recommendations, US, 11665
politics of nuclear arms control & psychology, 11670
psychological & phenomenological view of nuclear bomb & fate of God, 28863
psychological equivalence & awareness & response-ability in nuclear age, 11569
psychologist's role in work on nuclear war related problems, implications for social responsibility, 2251
psychology & threat of nuclear war, 11688
race & sex, knowledge about & attitudes toward nuclear weapons & nuclear war, Black vs White 15–74 yr olds, 29776
relationship between nuclear weapons level & war initiation, criticism of model of M. D. Intriligator & D. L. Brito, 24252
role of Jungian psychology in nuclear peril, Jung & his followers, 8923
strategic & psychological limitations in negotiations for nuclear disarmament, US vs USSR, 6172
themes about prevention of nuclear war in psychological literature, 8940
viewing films "Protection in a Nuclear Age" vs "The Last Epidemic" vs reading J. Schell's "The Fate of the Earth," knowledge about & attitudes toward nuclear weapons & war, college students, implications for public education, 29508
Nucleic Acids [See Also Adenosine, Cyclic Adenosine Monophosphate, Deoxyribonucleic Acid, Nucleotides, Ribonucleic Acid]
1-methylisoguanosine, REM & NREM sleep & sleep latency, rats, 26726
Nucleotides [See Also Cyclic Adenosine Monophosphate]
cytidine vs uridine vs adenosine, dose response effects on sleep & wakefulness, male rats, 24016
fenfluramine, thermogenesis by activation of brown adipose tissue via mitochondrial guanosine diphosphate binding, female rats, 29451
lithium ions, muscarinic receptor-mediated formation of cyclic guanosine vs adenosine monophosphate formation in neuroblastoma cells, mice, 21534
morphine, locomotor activity & plasma cyclic nucleotide levels, DBA/2N vs C57BL/6N mice & their hybrid & backcross progenies, 8588
nicotinamide adenine dinucleotide vs amphetamine in frontal cortex vs caudate nucleus, jumping behavior, rats, 16793
post vs pretreatment exposure to drug-signaling cues, tolerance to natural killer cell activity induced by immunostimulatory synthetic polynucleotide with environmental stimulus, female mice, 11287
role of cyclic nucleotides in mental & neurological disorders, comments on review by G. C. Palmer, 11890
role of cyclic nucleotides in neurological & psychiatric disorders, comments on review by G. C. Palmer, 11899
role of cyclic nucleotides in psychiatric & neurologic disorders, 11884
role of cyclic nucleotides in psychiatric & neurologic disorders, comments on review by G. C. Palmer, 11859
role of cyclic nucleotides in psychiatric & neurologic disorders, comments on review by G. C. Palmer, 11885

Nucleus Accumbens
agonists & antagonists of dopamine & acetylcholine & glutamate injected into nucleus accumbens, classical CRs & locomotor activity, cats, 29490
amphetamine vs caffeine vs corticotropin-releasing factor vs heroin, locomotor activity following destruction of nucleus accumbens dopamine receptors & infusion of muscimol in efferent terminal regions, male rats, 21604
bilateral intra-accumbens injection of cholecystokinin octapeptide analog, open field locomotor & rearing activity, male rats, 21583
cholecystokinin injection into nucleus accumbens vs caudate nucleus, apomorphine-induced stereotypy & dopamine-induced hyperlocomotion, male rats, conference presentation, 16601
cholecystokinin octapeptide iv into nucleus accumbens, intracranial self stimulation derived from ventral tegmental area, rats, conference presentation, 19508
cholecystokinin octapeptide, potentiation of dopamine-induced hyperlocomotion in nucleus accumbens, male rats, 5832
cholecystokinin octapeptide vs tetrapeptide injections into nucleus accumbens vs nucleus caudatus vs medial prefrontal cortex, locomotor & rearing responses, male rats, 8561
dextroamphetamine HCL & procaine injections into nucleus accumbens & midbrain, locomotor activity, rats, 629
dopamine infusion into nucleus accumbens & sulpiride, hyperactivity & locomotor responsiveness to levo-N-n-propylnorapomorphine, female rats, 5830
dopamine vs apomorphine injections into nucleus accumbens vs amygdala vs ventral tegmental nucleus vs extrapyramidal nuclei vs caudate putamen vs globus pallidus, spontaneous climbing behavior, female mice, 21493
dopaminergic neuron lesions, sensitivity to opiate injections into nucleus accumbens assessed by excitatory effects, male rats, 11225
group rearing vs isolation, hyperdefensiveness toward E, weanling rats with lateral septal vs medial accumbens vs medial hypothalamic lesions, 13915
icv methyl naloxonium chloride injection into ventral tegmental area vs nucleus accumbens, opiate receptor role in iv heroin self administration, male rats, 16820
kainic acid infusion into nucleus accumbens, apomorphine & cocaine & heroin self administration, male rats, 29493
lesions & infusions of 6-hydroxydopamine in nucleus accumbens vs anterolateral hypothalamus, response to dopamine agonists & body weight & locomotor activity & exploration behavior, rats, 603
lesions of central medial nucleus accumbens with 6-hydroxydopamine, morphine self administration & dose-effect relationship, male rats, 26620
lesions of nucleus accumbens or ventral tegmental area & encephalin analog injections into nucleus accumbens, motor behavior, male rats, implications for impact of dopamine depletion in locomotor activity, 23919
lesions of nucleus accumbens septum induced by 6-hydroxydopamine, acquisition of heroin self injection, low body weight rats, 16538
melatonin injections into nucleus accumbens followed by beta-endorphins, behavior, male rats, 16630
methylnaloxonium in lateral ventricle & ventral tegmental area & nucleus accumbens, heroin-induced locomotor activity, male rats, 21476
muscimol administered to substantia innominata & lateral preoptic region, locomotor activity, rats, 16810
nialamide pretreatment of bilateral intraccumbens dopamine injections, locomotor response, 6 vs 15 vs 26 mo old male rats, 5831
noradrenaline vs dopamine vs 5-HT vs phenylephrine vs isoproterenol vs apomorphine injections into nucleus accumbens, open field activity & forced swim test performance, male rats, 21572
pretreatment with gamma-endorphin & N-alpha-acetyl-gamma-endorphin followed by apomorphine & amphetamine into nucleus accumbens, hyperlocomotion & hypolocomotion, male rats, 14063
response to wood or cotton or dead mouse prior to vs following experience of killing mouse, male rats with medial hypothalamus or medial accumbens lesions vs spontaneous killing rats, 23915
serotonin & antidepressant drug injections into nucleus accumbens, melatonin- & apomorphine-induced locomotor activity & rearing & grooming & sniffing, male rats, 5847
sulfated vs nonsulfated cholecystokinin octapeptide, dopamine interactions in nucleus accumbens, conference presentation, 19512
sulfated vs unsulfated cholecystokinin octapeptide injections into nucleus accumbens, dopamine-mediated behaviors, male rats, conference presentation, 19431
unilateral 6-hydroxydopamine lesions of caudate nucleus & nucleus accumbens, eating & drinking elicited by electrical stimulation of lateral hypothalamus, male rats, 11221
5-HT injections & drug-induced lesions to nucleus accumbens & nigrostriatum, circling responses to apomorphine & amphetamine, male rats, 19458
6-hydroxydopamine injections into nucleus accumbens, exploratory behavior response to positive or negative reinforcement in passive avoidance task, male rats, 21607
6-hydroxydopamine lesions in nucleus accumbens, alternation behavior & spatial discrimination & reversal learning in extinction paradigm, adult male rats, 29376
Null Hypothesis Testing
infeasible pairings in matching paradigm & null hypothesis, 2945
judge agreement with known standard in classification of Ss into categories & experiment group size, 2831
Number Comprehension
experimenter's actions & variation of Piagetian task's transformation type vs numerosity vs equality, performance on number conservation tasks, 5.5–6.8 yr olds, Yemen, 14147
generation vs read task, recognition & recall of sums from multiplication tables, college students, implications for L. A. McElroy & N. J. Slamencka's lexical-activation hypothesis, 303
model of cognitive mechanisms for number processing & calculation, patterns of number processing & calculation impairments, brain damaged patients, 6824
structure of early number concepts based on numbers 1–5 vs 1–10, 5.1–6.4 yr olds, Japan, 21741
Number Systems
indigenous number system, arithmetical problem solving in Western school setting, Olsapmin 2nd vs 4th vs 6th graders vs nonschooled adolescents, Papua New Guinea, 15762
Numbers (Numerals)
ability to transcribe quantities from Roman to Arabic numerals & reverse, 41 yr old aphasic male with agrammatism in comprehension & production, 1546
alphabetical vs ideographical presentation of digits, perception of physical & numerical size, college students, 5416
departures from theoretically expected distribution of numbers in random number sequences in psychokinesis precognition task, adult female S, 13292
individual & group instruction using manipulative aids, strategies in identification of order & equivalence of rational numbers, 4th graders, 7586
interlist equivalencies for numeral & vowel/consonant multiple choice monosyllabic test, severely & profoundly deaf young adults, 13473
number signals, text recall & reading, college students, 29142
numerical size perceptual processing for digits & for words written in Hindi vs English, 23–35 yr old Indians studying in US, 23617
practice on digit or letter targets, incorrect target-present & correct target-absent responses in visual search when digit other than target was present, college students, 13559
psi-induced bias in probability distribution of seed numbers & observed pseudorandom numbers, 13297
regular vs random order, visual letter or digit search, college students, extension of work of N. W. Ingling & J. Jonides & H. Gleitman, 229
repeated-stimulus superiority & inferiority effects, RT in identification of letters & digits, college students, 26323
St. Bonaventure's application of numbers as symbols in his mystical experience, implications for analytic psychology, 18815
suffix effect, immediate serial recall of preterminal items on number lists of known vs unknown lengths, college students, 5502
Numerical Ability [See Mathematical Ability]
Numerosity Perception
eye movements during enumeration of dots, college students, 3002

presentation of simple objects & instructions to represent "how many" vs "what", representation of numerosity using materials vs drawing & writing, 5–6.8 yr olds, England, 14150
set size & counting accuracy, conformity to cardinality rule, 2.4–4.6 yr olds, 8731
training to discriminate number 3, male raccoon, 5540
2-dimensional slides of open or covered sports stadium stands, estimation of crowd size, college students, 19066
Nuns
demographic characteristics, former nuns, implications for psychotherapy, 22417
emotions experienced toward God, Catholic nuns & priests, 19709
occupational stress & personal strain & personal resources in leadership roles, priests vs ministers vs seminarians vs nuns vs brothers, 26029
Nurse Patient Interaction [See Therapeutic Processes]
Nursery School Students
application of microcomputer in language experience approach, spelling skills, nursery school students, 15687
computer assisted instruction, facilitation of thinking skills, 4 yr olds in nursery school, 2398
computer-generated problem solving activities, reasoning & critical thinking, 4 yr olds in nursery school, replication & extension of authors' earlier study, 31208
construction of criterion-based developmental assessment procedure, educational assessment, 3–6 yr old nursery school students & kindergartners, Israel, 10559
father absence, interpersonal problem solving skills, nursery school children, 17014
static picture vs dynamic computer graphic picture as stimulus, structure of storytelling, 4–4.6 yr old nursery school students, 31209
Nursery Schools
communal day nursery project & rules of communication in community work, Columbia, 4631
nursery classes in education authority schools vs social services day nurseries vs play groups, behavior problems, 36–59 mo olds, England, 31257
Nurses [See Also Psychiatric Nurses, Public Health Service Nurses, School Nurses]
acceptance of referral of patients from public sector, psychiatrists & psychologists & social workers & nurses in private practice, 12822
adverse aftereffects & posttraumatic stress, nurses in Vietnam war, 28335
attitude changes following association with pediatric nurse practitioner, pediatric residents, 15537
attitudes toward noncompliant adolescent vs adult hospitalized patients, 21–60 yr old nurses, 10064
behavioral psychotherapy training, nurses, England, 25676
brown vs white nursing staff uniforms, nocturnal disturbed behavior, visually impaired male 34–86 yr old hospitalized patients with Alzheimer's disease or stroke or schizophrenia or Huntington's chorea or alcoholism, 22735
burnout, university hospital surgical & medical intensive care & non-intensive care unit nurses, 15504
career plans & work values & job satisfaction, prediction of internal job transfer & turnover, hospital staff nurses, 15554
changing roles in meeting needs of elderly patients, gerontological nurse specialists, 12881
compliance with treatment guidelines in cancer care program, physicians & nurses & allied health professionals, 28181
contributing factors to impairment in nursing, nurses, 25673
cooperative interdisciplinary efforts in clinical & scientific & public policy areas of psychology & nursing, 15482
death anxiety, attitudes toward aged, 17–56 yr old nurses' aides & registered & practical nurses, 28293
development of measure of attitudes toward nurses, physicians & medical educators & nurses & medical students, 2893
differential perceptions of condition, 18–59 yr old patients with psychosomatic respiratory or gastrointestinal disorders vs physicians & nurse practitioners, 12214
education &/vs length of experience &/vs interpersonal work environment, person-role conflicts & job satisfaction & propensity to leave job, staff nurses, 7521
ego development & sex typing & assertiveness, role conceptions & their combinations, baccalaureate beginning nurses, 15508
emotional reactions to patient assault, nurses, 15515
factor analysis of Brazelton Neonatal Behavioral Scale vs nurses' perception of behavior, 3–4 day olds, 2923
factor structure & norms of Maslach Burnout Inventory, 20–62 yr old nurses, Great Britain, 28950
group education & clinical experience & registered nurse status, patient- vs physician- vs bureaucratic-centered priorities in ethical decision making, 20–50 yr old senior baccalaureate nursing students, 7552
health check-ups by public health nurses, diagnosis & prevention of mental disorders, 5 yr olds, Finland, 12324
historic development, nursing vs medicine vs pharmacy vs physical therapy vs social work professional codes, 22864
history & development of profession of nurse practitioner, 31064
homophobia & attitudes toward homosexuality & acquired immune deficiency syndrome, female vs male doctors & nurses, 30383
impact of childhood developmental level in pain perception & professional role & intervention strategies for management, child & adolescent patients & nurses in critical care unit, 15221
job stressors & social support, job satisfaction & performance & absenteeism & boredom & depression & heart rate & blood pressure, hospital nurses, 31074
leadership & organization of self help groups for parents of children with cancer, parents/members & social workers & nurses & doctors & others in related helping professions, 15339
measurement & prediction of career commitment, nurses, 20842
mental health needs & interest in community mental health center liaison program, occupational health nurses, 28084
motivation, visits to clinic staffed by nurse practitioners, 15–83 yr old patients, case examples, 22669
motivationally intrinsic vs extrinsic job characteristics & importance of factors to Ss, job satisfaction, registered nurses, 12805
nurse/social worker role conflict in home health care, visiting nurse association, 28037
Nursing Adaptation Evaluation proposed Axis VI of DSM-III, functional self-care assessment, nurses & psychiatric patients, 22378
nursing ethics in practice & constraints on freedom to be moral, nurses, 31124
nursing process vs medical practice models, development of standards for anesthesia nursing practice, 28356
on-the-job evaluation of safety & methods used in lifting & transporting physically handicapped patients, nurses & aides & attendants, implications for prevention of occupational injury, 16023
organizational & system contingencies for introduction & maintenance of support group, oncology nursing staff of large general hospital, 18341
pain coping model, assessment of patients' pain, nurses, 22239
palliative vs curative work setting vs experience & learned ability, attitudes toward dying & death, 22–52 yr old hospital nurses, 28352
patient vs setting social characteristics, perceptions of mental confusion, residents in homes for aged & their nurses, 15375
perceived job stress & dissatisfaction & types & sources of social support, female critical care nurses, 15532
perceptions of frequency & severity & causality of menopausal symptoms, physicians in family practice or gynecology vs nurses vs menopausal females, 14813
perceptions of role of nurses, medical students, 25694
personality & circadian rhythms, expected vs subjective ratings of tolerance to shiftwork & adopted time disciplines, experienced permanent night nurses vs 1st-yr nursing students in nightshift training, 18336
posttraumatic stress disorder, Vietnam era Army nurses, 3937
primary life involvements, decision to leave organization, part- vs full-time registered nurses with families, 7561
professional & bureaucratic role conceptions & perceptions of role discrepancies, moral behavior & practice & operationalization of professional values, nurses, 15507
psychometric properties & concurrent validity & test-retest reliability of Nurses' Assertiveness Inventory, nurses, 10819

rate & content of naturally occurring interaction patterns, nurses & 10.2–22.7 yr old profoundly multiply handicapped inpatients, 2075
reliability & validity of Collaborative Practice Scales, assessment of degree of professional collaboration & impact on patient care, 21–39 yr old nurses & 35–49 yr old doctors, 23491
resistance to training in areas outside professional expertise, doctors & nurses & psychologists & other highly credentialed professionals, 18411
review of inservice training in behavior therapy, psychiatric & mental handicap nurses, 10236
rights & responsibilities models of moral development & judgment, nurse-patient relationships & ethics, nurses, 2280
role in assessment & stabilization of critically ill & injured child during transportation to hospital, nurses, 15223
role in fire emergency on psychiatric unit, nurses, guidelines for fire prevention & management, 22860
role in medical & emotional & psychosocial care of pediatric liver transplant patient in intensive care, nurses, 15262
self vs social perception of occupational status, commissioned Army nurses & physicians, 18719
sex role attitudes, physicians & psychologists & social workers & nurses & occupational therapists working as psychotherapists, 25646
social support & life stress & work setting, burnout, female psychiatric & operating room & intensive care & medical specialty nurses, 18357
support services, staff-related stress & professional & personal growth, patient care providers, 18402
systemic assessment & intervention by family nursing team, multigenerational alcoholic family with female 43 yr old nondrinking member, 25612
technology &/vs structure of nursing subunit, prediction of quality of care, nurses, 12705
thoughts on evidence for existence of causal relation in medical vs technical case, nurses vs mechanics & electricians & engineers & welders, 23616
training & assault experiences & locus of control & age & sex & job experience level, placement of blame for psychiatric patient assault upon nurses, 27–64 yr old nurses, 22836
work environment & supervisory social support, burnout, nurses employed in military hospital, 22812
work shift & unit's work characteristics, work-attitude differences, registered nurses from emergency units, 4777

Nursing

application of holistic structured family interview to family research in nursing, 21846
changes in mental acuity & fluid status, 60–92 yr olds undergoing barium enema, implications for gerontological nursing, 12640
changing roles in meeting needs of elderly patients, gerontological nurse specialists, 12881
characteristics & informational quality of gerontological nursing news presented in mass media, 11355
college health nursing services, nurses, 31065
computer technology & need for computer literacy, nursing & nursing education, 22850
decision making model for diagnosis & intervention in elder abuse & neglect, nurses & social workers, 14723
defensive splitting & nursing staff countertransference, borderline patients, 10083
educational preparation & employment settings & appropriate utilization, child & adolescent psychiatric & mental health nurses, 18392
factor structure of Nurse's Observation Scale for Inpatient Evaluation, assessment of psychiatric nursing practice, short term psychiatric patients vs long term psycho-geriatric patients, Holland, 23425
frequency of use of experimental designs & methodology in published nursing research, 1956–83, 23371
group cohesiveness & limitations in nursing group work & need for reexamination & definition, nursing & cancer patient support groups, 30615
Heideggerian phenomenological approach to nursing science & quality of life, 14538
individual differences & sleep medication, phases of sleep/wakefulness, institutionalized 67–93 yr olds, nursing implications, 10063
institutionalization & stigmatization & decreased social interaction & loss of control, self esteem & concept, elderly in long term care, implications for nursing, 15395
intuition as group phenomenon, implications for nursing education & administration & professional organizations, 29964
logotherapy as nursing technique, 2006
methodological issues in data collection for instrument development in nursing, 26236
methodological issues in nurse practitioner research, literature review, 28057
model of J. F. Miller, nursing care of families with chronically ill & hospitalized child, case study, 22447
modification of environment in nursing program for diagnostic evaluation, patients with Alzheimer's disease, 10116
need for consideration of characteristics of psychometric tests, measurement of impact of gerontological nursing, elderly patients, 10814
needs during acute vs chronic vs terminal phase of life threatening illness, hospitalized patients & their families, implications for nursing, 28188
nursing approach to management of wandering & agenda behavior, nursing center patients with dementia, 20525
nursing care & cognitive mediation & interventions, depressed patients, 20350
nursing care & treatment program in community mental health facility, emotionally disturbed mentally retarded citizens, 28088
nursing ethics in practice & constraints on freedom to be moral, nurses, 31124
nursing research, need for understanding of stress & multidimensionality of coping mechanisms in patients, 9668
occupational image subcultures of nursing profession, job attitudes & performance expectations for rewards, 26–30 yr old staff nurses, 31497
operational definition of shame vs guilt, case illustration of 31 yr old male, implications for nursing interventions, 7941
participant philosophy of R. M. Pirsig, quantitative & qualitative & personal knowledge acquisition, nursing profession, 22859
proposed interventions to assist retired clients in adjustment to new life situation, nurses, 28067
right to treatment & role of psychiatric nurse, mentally ill patients, 28178
satisfaction with present health care & family size & age, prediction of intent to use nurse practitioner services, community residents, 15253
spiritual needs & religiosity with respect to death & life, aged, gerontological nursing implications, 8820
survivor group model for group therapy, battered females, suggestions for further nursing applications, 30620
use of reliability estimates, articles published in Nursing Research & Research in Nursing & Health, 1978–82, 13351
validity & reliability of quality of life index, measurement of satisfaction with nursing care & personal control, cancer vs diabetic vs colostomy patients, 13452

Nursing Education

characteristics & informational quality of gerontological nursing news presented in mass media, 11355
clinical competencies & nursing diagnosis, associate vs baccalaureate nursing degree graduating students & faculty aged 19–56 yrs, 22837
computer technology & need for computer literacy, nursing & nursing education, 22850
crisis intervention team field experience, nursing education, nursing students & police officers, 28349
development & validity of questionnaire for nursing research methods course, college students, 20825
development of new philosophy for school of nursing, task force, 22844
evaluation of death education curriculum, geriatric nurses, 10226
family therapy supervision in postgraduate training institutes & graduate education & nursing programs, graduate students, 20581
history & development of profession of nurse practitioner, 31064

review of faculty practice support group from feminist perspective, nursing faculty, 31044
role in fire emergency on psychiatric unit, nurses, guidelines for fire prevention & management, 22860
university psychiatric nursing education, US, 1917–56, 22854
untargeted side effects of 1-wk inservice training in behavior therapy, psychiatric & student nurses, 4771
validity & reliability of attitude scale & clinical rotation in rheumatology, measurement & improvement in attitudes toward arthritis, nursing students, 28985

Nursing Homes

age demography, need for skilled nursing care facilities & rehabilitation programs, 7410
age of onset & illness duration & nursing home admission, life expectancy, geriatric dementia patients who died in nursing home, 1656
amount of drug therapy, nursing home patients, 20402
assessment & intervention with mental health rehabilitation services, long-term care in nursing homes, geriatric patients, 7429
burns & neuropsychological risk factors, nursing home residents, implications for accident prevention, 15396
characteristics of facility & residents, participation in day programs & leisure activities, 21–98 yr old mentally retarded nursing home residents, 30927
client characteristics, early demise in nursing homes, residents who died within 1 yr vs 4 yrs & more after admission, 10096
coping strategies, depressive feelings, elderly residents of home for aged, 30979
death anxiety & experience with death & attitudes toward aging, 17–75 yr old nursing home employees, 10262
demographic & mobility & preadmission residence & family members & lucidity & physical independence factors, friendships in nursing home, aged residents, 15380
domestic activities in lieu of day center or workshop attendance, chronic formerly hospitalized psychotic patients in nursing care, 30948
dramatic productions & literature, elderly in nursing homes & residential care homes & other supportive environments, 30980
education about aging & improvement of nursing home environment via intergenerational service-learning program, college students & nursing home residents, 10030
formal vs informal support groups in nursing homes, mortality rates, nursing home residents aged 65 yrs & older, 15368
group reality orientation & remotivation & occupational & activities & behavioral therapy, nursing home care, geriatric patients, 7421
guidelines for provision of care to meet emotional needs, caregivers of institutionalized elderly, 25492
guidelines for provision of mental stimulation, family member caregivers of institutionalized elderly, 25493
guidelines for provision of spiritual care, family member caregivers of institutionalized elderly, 25494
incidence & characteristics of falls & presence or absence of injury, elderly patients of nursing facility, 12735
incidence of psychiatric disorder & need for staff in-service training, nursing home patients, 4670
individual programming in skilled-nursing facility, elderly room-bound residents, 30929
influential factors in adaptation to nursing home, aged nursing home residents, 2109
inservice nursing home training, residents' psychosocial needs, nursing aides, 28310
methodological & ethical issues & need for research in nursing homes & institutions for long term care, elderly, 30933
misuse & inaccurate prescription of drugs in nursing homes, elderly patients, 15401
need for communication & positive staff attitudes in institutional environment, elderly patients, 30967
need for focus on strengths vs weakness & health vs disease, increased feelings of health & independence, institutionalized elderly patients, 28171
need for psychiatric consultation & group therapies, nursing homes, 25488
need for psychological preparation for outside medical consultation, 68 yr old female nursing home resident, case report, 28137
needs for care before nursing home admission, 71–90 yr olds, 15391
negotiation of self & setting in nursing home, 10089
nominal group & Delphi group decision making techniques, identification & ranking of occupational stressors, nursing home administrators, 15530
nursing home vs own home residence, symptoms of physical deterioration, male vs female 60–89 yr olds, Spain, 30459
peer support group, husbands & wives with spouse in nursing home, 30971
pet visiting programs, interactions with family, elderly nursing home residents, 10115
poetry & performing arts, increase communication & sense of value, elderly in nursing homes, 30925
positive reminiscence preceding Geriatric Depression Scale, scores & test-retest & interexaminer reliabilities, nursing home residents, 5291
prediction of risk for discharge to nursing home following hospitalization, elderly hospitalized patients, 2094
predictors of assigned level of care, new nursing home residents, 18259
preferences in nursing home design alternatives, design students vs instructors vs nursing home residents vs administrators, 26041
prevalence & design of administrative protocols for limited life prolonging medical treatment plans, nursing homes, 25503
prevalence of psychological distress, newly admitted nursing home residents, implications for relocation stress hypothesis, 25485
progressive & systematic relaxation & neck rolls & mantra chanting & breathing techniques, 65–92 yr old depressed geriatric nursing home residents, 7426
psychological services provided by & role in VA nursing facilities, nursing home psychologists, 28163
public & private sector gerontological programs & nursing homes, aged, Brazil, 12712
quality of residential care, patients in nonpsychiatric nursing homes vs psychiatric group homes, West Germany, 22665
salient factors & possible alternatives to traditional long term nursing care, elderly females, 12719
sociodemographic characteristics & health status, prediction of nursing home admission, aged, longitudinal study, 18278
staff-patient interactions, reinforcement of dependency, aged nursing home residents, implications for staff intervention, 7446
use of behavior modification, nursing homes, 28159
validity of Social Readjustment Rating Scale, measurement of perceived stress in becoming nursing home resident, pharmacists & graduate students & nursing home administrators, 13419
welcoming committee training groups using task-centered approach, psychosocial training, institutionalized older adults, 22734

Nursing Students

age & sex variables, patient preference, 17–56 yr old female nursing students, implications for quality of care, 25363
assessment of behavioral self blaming & affect & adjustment of rape victims, nursing students, 15480
clinical competencies & nursing diagnosis, associate vs baccalaureate nursing degree graduating students & faculty aged 19–56 yrs, 22837
crisis intervention team field experience, nursing education, nursing students & police officers, 28349
dying patients & conflicts with other nurses & competence & work overload & problem patients & nursing care concerns, stressful episodes, 1st-yr student nurses, 12851
group education & clinical experience & registered nurse status, patient- vs physician- vs bureaucratic-centered priorities in ethical decision making, 20–50 yr old senior baccalaureate nursing students, 7552
identification of problems in families with at risk infant, registered nursing students providing home visitation service to families with apnea-monitored infant, 28071
initial pattern of newborn handling, new mothers vs female nursing students during 1st day at hospital nursery, implications for assessment of maternal attachment, 14325
institutionalized patients & staff burnout, graduate nursing students in mental health/psychiatric nursing rotation, 20571
perceived carelessness & time of attack, attributions about rape victims, nursing students, 4743
pre- & postexperience perceptions of psychiatric nursing clinical activities, junior psychiatric nursing students, 20598

untargeted side effects of 1-wk inservice training in behavior therapy, psychiatric & student nurses, 4771
validity & reliability of attitude scale & clinical rotation in rheumatology, measurement & improvement in attitudes toward arthritis, nursing students, 28985
Nurturance
achievement motivation vs nurturing & life stages & age of children & employment status, mothers, 3634
methods used to settle emotional debt of love & nurturance withheld by parent from child, adult clients & their therapist, 25148
nurturing patterns & father-child relations, fathers as primary caretakers of their 2–24 mo olds, 6233
Nutrition
cognitive functioning & nutritional deprivation, acutely vs chronically sleep deprived house officers, 18373
contribution of central & peripheral sites to opioid mediation of energy intake & dietary self selection of macronutrients, rats, 16442
development of nutrition education training program, social workers serving homebound elderly, 18369
dietary practices & nutrition beliefs & prevalence of anorexia nervosa characteristics, 12–21 yr old female ballet dancers, implications for health education, 14206
effect of nutrition on mental health, maladjustment, 19–41 yr old college & graduate students, implications for role of orthomolecular therapy in delivery of psychological services, 28638
history of humoral medicine & foods as heating or cooling, implications for teaching nutrition & cognitive social psychology, 5
issues in evaluation of nutrition education programs, 18143
maternal alcohol & nutritional status, fetal growth & development, pregnant rats, 701
nutrition & lactation & fertility practices in rural communities, Mexico, 14301
nutrition information posted in supermarkets, knowledge of & attitudes toward nutrition & purchasing behavior, shoppers, 26080
nutritional knowledge & attitudes of parent/caregiver & nutritional intake, autistic children with mean age of 10.6 yrs, 24702
nutritional program in VA medical center, geriatric patients, 10103
nutritional status, self perceived chewing ability & dental status & social isolation, 76–93 yr old military veterans seeking outpatient treatment, 9976
perceptions of nutritional value of food in traditional societies, implications for malnutrition, 1545
plasma prealbumin & vitamin A & B levels, 65–99 yr old females admitted to psychiatric hospital, 30951
sex & weight, nutrient intake & risk for development of nutritional deficiencies, mentally retarded 17–36 yr olds, 17521
techniques of social marketing of nutrition education programs, Indonesia, 4614
transactional analysis, psychodynamics of nutritional nervosa, 7021
utility of evaluation component, improvement in Nutrition Education & Training program, students, 12932
utilization of nutrition site services, Black vs White 60–98 yr olds, 10019
variations in carbohydrate & protein & fat content of diet, dietary selection patterns, obese vs lean rats, conference presentation, 21369
vigorous exercise & nutrition & relaxation, reaction to stress, 9675
weight changes & nutritional values of prison diets & consumption patterns, female inmates, 4694
Nutritional Deficiencies [See Also Pellagra, Starvation, Vitamin Deficiency Disorders, Wernickes Syndrome]
acute ascorbic acid deficiency, ethanol preferences & spiroperidol binding & MAO activity, male guinea pigs, 16461
affective & attentional behavior during play & physical contact with mother, iron deficient anemic 6–24 mo olds, Guatemela, 27611
clonidine, motor activity, malnourished vs well-nourished 5–25 day old rat pups, 29419
degree of iodine deficiency & incidence of goiter & hypothyroidism, children & pregnant females, Ukinga & Uwanji regions of Tanzania, 25009
diagnosis & treatment of Plummer-Vinson syndrome, 28 yr old female originally diagnosed with anorexia nervosa, 1230
early childhood malnutrition & home environment, IQ & classroom behavior, 5–11 yr olds, Barbados, 23031
early malnutrition & individual vs paired housing, acquisition & extinction of avoidance behavior, rats, 3222
frontal cortical lesions, acquisition of tactile discrimination, severely vs moderately malnourished rats, 13880
iron deficiency & anemia, minor cerebral functioning deficits, children, literature review, 1557
iron or folic acid deficiency, outpatients with affective disorders, 14663
perceptions of nutritional value of food in traditional societies, implications for malnutrition, 1545
prenatal malnutrition or environmental stress, development of sexually dimorphic nucleus of preoptic area, rats, 8385
rate of sodium deficiency correction, rabbits, 5745
serum carnosinase deficiency & predisposition to mental deficiency, 3.5–8 yr olds with attention deficit disorder or developmental delay or neurofibromatosis or severe mental retardation, 14811
sodium chloride & hydrochloric acid mixture, drinking behavior, sodium deficient male rats, 3235
Nymphomania [See Hypersexuality]
Nystagmus
acceleration, nystagmus response, 29–69 mo old autistic children, implications for brain stem dysfunction, 6571
age differences, optokinetic nystagmus activity, 20–39 vs 40–59 vs 60–82 yr olds, 16900
angular acceleration, saccades & smooth pursuit & nystagmus, 25–73 yr olds with speech dyspraxia, 1498
caloric nystagmus test, measurement of vestibular function, 17–50 yr olds, conference presentation, 1525
computerized test procedure, analysis of voluntary saccades & smooth pursuit eye movements, 11–60 yr olds, implications for diagnosis of oculomotor system disorders, 211
dichoptic strobe illumination, nasal/temporal asymmetries in monocular optokinetic nystagmus & optokinetic after-nystagmus, stereoblind vs normal 18–52 yr olds, 226
dissociation of pursuit vs optokinetic systems, neurological disease patients, 20116
eye movement model based on gaze center in parapontine reticular formation, interpretation of pathological patterns, vertiginous patients, conference presentation, 1576
eye movements during focal seizures with gaze deviation & nystagmus, 70 yr old female with history of hypertension & diabetes mellitus & dementia, case report, 30471
lights out after exposure to optokinetic stimulus, afternystagmus decay, 21–35 yr olds, 228
lithium carbonate, downbeat nystagmus, male 57 yr old with manic depression, 15142
monocular nasalward & temporalward visual field movement at 4 retinal sites, optokinetic nystagmus, strabismic amblyopic Ss, 30481
narrowing of visual field or increased velocity of optokinetic stimulus, nystagmus on foveal area vs peripheral retina, 10928
nodulus & uvula lesions, suppression & habituation & stabilization of vestibulo-ocular reflex, rhesus & nemestrina monkeys, 5811
nystagmoid oscillation, contrast sensitivity function, normal Ss subjected to retinal image motion equivalent to that of Ss with congenital nystagmus, 21076
origin of vestibular dysfunction, cats with unilateral lesions of parietal lobe & subcortical areas, 5810
pendular chair test, turning sensations & driving ability, airline pilot aspirants, 18698
pure tone audiograms & speech discrimination & nystagmus, 21–49 yr old helicopter pilots, conference presentation, 490
reliability & validity of Southern California Postrotary Nystagmus test, normal vs abnormal school age children & normal vs high risk infants, 13412
sensory integration therapy, postrotary nystagmus & equilibrium reactions & visual-motor integration, reading disabled children, 27732
spontaneous & positional nystagmus & caloric reactions & vertigo, 12.8–67.8 yr olds with vestibular neuronitis, 1-mo & 1-yr followups, conference presentation, 1640

stimulation of peripheral optokinetic vs rotatory nystagmus, modulation of visuo-ocular reflex, 25–34 yr olds, 19078
suppression of involuntary tracking eye movements in absence of fixation target, 2990
time constants & gains, vestibulo-ocular reflex from primary nystagmus, 2 mo to 11 yr olds vs 18–31 yr olds, 26801
unilateral cortical lesions, control of horizontal optokinetic nystagmus, cats, 11262
unilateral lesions of flocculus, optokinetic & vestibuloocular reflexes, rabbits, 8495
vertigo & changes in blood glucose levels & nystagmus, 19–65 yr olds with insulin-dependent diabetes mellitus, conference presentation, 1587
vestibular disorders, developmentally delayed 3.5–5.5 yr olds with vs without otitis media, 4196
visual motor & gross motor ability & cognitive ability, 4.5 yr olds identified as high risk infants with zero vs normal nystagmus, 14816
visual vestibular interaction, smooth-pursuit tracking, 20–60 yr old psychotic vs schizophrenic in- and outpatients, 9270

Obedience

alternative- vs consequential-thinking vs evaluative-judgment dimensions, aggressiveness & assertiveness & submissiveness, 4th–6th graders, implications for treatment, 6007
conformance & resistance to parents, junior high school students vs juvenile delinquents, Japan, 3526
content of social event, conceptions of parental authority & obedience, 6–7 vs 8–9 vs 10–11 yr olds, 17016
personality traits, ability to inflict pain to humans & to be obedient as measured by pulse rates, 9177
punitive vs nonpunitive disciplinary techniques of parent or caretaker, subsequent rule following, preverbal children, 29570
spontaneous vs obedient vs reciprocal behavior with positive vs negative outcome, perception of behavior, 5 vs 9 yr olds vs young adults, 29696

Obesity

adipose tissue, feeding behavior, genetically obese rats, conference presentation, 21348
ambulatory computer-assisted behavioral therapy, obesity, 30–50 yr old females, 4411
antecedent behavior patterns & behavioral treatment programs, binge eating & self induced vomiting & overeating, bulimic vs obese females, conference presentation, 25260
anxiety & eating behavior, lower SES obese vs nonobese American Indians vs Whites, 4187
behavior modification, eating & exercise & diet patterns, obese children, 12538
behavior problems, obese 6.3–11.9 yr olds in behavioral weight reduction program, 14849
behavior therapy including diet control & exercise techniques, obesity, children, 30698
behavior therapy, weight loss & lifestyle, obese 29 yr old male, 6-mo followup, 22511
behavioral treatments & therapist characteristics, weight loss, obese adults, 3-mo & 2-yr followups, 9839
behaviorally oriented weight reduction program, self efficacy & weight loss, 21–65 yr old overweight females, 6-wk & 6-mo followups, 30680
best-weight vs overweight vs obese client, negative psychological symptoms & clinical judgment, mental health professionals, 25700
body fat & lean mass ratio & ovulatory cycles & reproductive ability, females, 21336
body image in psychoanalysis, obese 28 yr old female, case report, 27826
brain serotonin, need to snack on carbohydrates vs mealtime consumption of carbohydrates & proteins, obese & normal weight humans, 14919
brief behavioral treatment program, eating styles, obese 7–12 yr olds, 12527
carbohydrate ingestion, appetite & hunger & obesity, reply to comments by D. A. VanderWeele & J. R. Vasselli & N. Geary & A. Sclafani, 6770
carbohydrate injection, hyperinsulinemia & obesity, comment on view of P. Geiselman & D. Novin, 6891
carbohydrate injection, obesity & hunger, comments on view of P. Geiselman & D. Novin, 6768
cephalic phase insulin response, body weight gain on subsequent cafeteria diet & development of obesity, male rats, 23878
cholecystokinin & ceruletide, satiation & food intake & appetite, lean vs obese humans, conference presentation, 19503
cholecystokinin, frequency & appearance of satiety behaviors, obese 10 wk old mice, conference presentation, 19506
classically conditioned hyperglycemia, obese mice, 29357
client education & behavior modification, weight loss, hospitalized obese patients, Cuba, 30679
cognitive &/vs behavioral approaches, weight reduction & maintenance, 22–55 yr old females at least 10 percent overweight, 5- & 7-mo followups, 30682
cognitive-behavioral modification, obesity, conference presentation, 4445
degree of hypnotic susceptibility, response to hypnotherapeutic weight reduction treatment, 21–56 yr olds, 12597
diet & exercise & behavioral therapeutic approach, weight loss, Black 26–29 yr old obese females, conference presentation, 25043
disinhibition vs obesity & restraint hypothesis, dietary restraint, implications for understanding obesity & related eating disorders, literature review, 17658
dopamine agonists vs fenfluramine, dextroamphetamine drug discrimination behavior, lean vs obese female rats, 19494
dynamic multidimensional model & effectiveness of behavioral & other treatment modalities & criticisms of followup studies, anorexia nervosa & bulimia & psychosomatic obesity, 18015
early intervention & prevention of obesity, juveniles, 17707
eating styles & food storage & food cues in home, obese vs nonobese families with children between 8–12 yrs of age, 1647
evaluation of sleep apnea & diagnosis of Kleine-Levin syndrome, 17 yr old male with hyperphagia & obesity & daytime hypersomnia, 12185
family SES & parental weight status & marital satisfaction, initial weight status & attrition & treatment outcome, 8–13 yr olds in behavioral weight loss program, 18012
family SES & size & eating habits & psychological disturbances, obesity, obese 6–15 yr olds, conference presentation, 22255
feeding & fasting & refeeding, plasma concentrations & patterns of secretion of growth hormone & insulin, obese pigs, 21392
feeding vs fasting, cholecystokinin level in hypothalamus, obese vs lean rats, 21344
feminist therapy & theory & psychodynamics of eating disorders, females, 12175
FI reinforcement, exercise, obese vs nonobese 5th grade males, 27892
forced overfeeding, feeding behavior during induction & remission phases of obesity, monkeys, 3231
free recall of food vs nonfood words, cognitive processing & obesity compliance effect, obese vs nonobese females, 6730
group therapy, chronic concerns about body image & eating behavior & overweight & obesity, females, 17963
health beliefs, dieting & exercising behavior, obese vs nonobese adolescents, application of Health Belief Model, 30440
hyperphagia as necessary precondition to obesity, literature review, 17671
hypnotherapy in behavioral self management training, weight management & food intake control, 35 yr old obese female, 25338
hypnotherapy with vs without videotapes &/vs client characteristics, weight loss, 20–65 yr old overweight females assessed posttreatment vs 6-mo followup, 30794
incidence & causes of overweight & obesity, psychiatric & mentally retarded patients, implications for prevention, 27234
incidence of obesity, mentally retarded 5.5–15.4 yr olds, 9433
inhibitors of carbohydrate absorption & of lipid metabolism, food & water intake & meal patterns & size, genetically obese vs lean male rats, 26649
insulin vs 2-deoxy-dextroglucose vs dextroamphetamine vs adenosine vs naloxone, food intake, S 5B/P1 vs Osborne-Mendel rats, 5844
intelligence test performance & educational attainment & parental social class, overweight male military draftees, 27668

interview & role reversal psychotherapeutic techniques, self perception & body image, overweight nonpsychotic psychiatric patients, 20317
lay therapist administered group therapy, weight control & coping behavior, obese essential hypertension patients from rural general practice setting, 27850
lesions of dorsal & median raphe nuclei, development of spontaneous obesity, obese female rats, 3254
lifestyle & aerobic exercise & calisthenics, weight loss, obese 8–12 yr olds, 4418
low calorie diet &/vs behavior therapy, weight loss &/vs mood change, obese females & males posttreatment vs 1-yr followup, 30699
mating behavior & effect of estradiol & progesterone on lordotic responsiveness, genetically obese male Zucker rats, evidence for deficient sexual differentiation of brain, 5648
measured vs self reported body weight, obese clients who completed behavioral weight control program with spouse, 4-yr followup, 9851
medial hypothalamic lesions & exposure to chow vs cafeteria diet, hyperphagia & weight gain & thermogenesis in brown adipose tissue when exposed to cold, obese rats, 21444
milk &/vs cream &/vs sugar, responses to & preferences for sucrose &/vs fat containing stimuli, normal weight vs obese vs formerly obese 20–60 yr olds, 24888
minimal intervention &/vs bibliography problem solving program as stepped approach, weight control, 28–62 yr old moderately obese adults, 3-mo followup, 17997
naltrexone, food intake & body weight, hospitalized obese 26–39 yr old males, conference presentation, 22559
neonatal sympathectomy &/vs adult adrenodemedullation & access to chow vs supermarket diets, development of obesity, rats, 21466
obesity & masochistic character disorder, 30218
obesity & sexuality, psychodynamics in psychological treatment, females, 12361
obesity induced by parasagittal hypothalamic lesions, brown adipose tissue reactivity to thermogenic stimuli, female rats, conference presentation, 21442
obesity, physical skillfulness & self esteem & loneliness & motivation, school age children, 12211
paraventricular nucleus vs sham lesions, short photoperiod-induced weight gain & adiposity & estrous cyclicity, female hamsters, 16521
paraventricular vs ventromedial hypothalamic lesions, hyperphagia & obesity & hyperinsulinemia & basal gastric acid secretion, male rats, conference presentation, 21467
parent involvement in behavioral treatment program, weight loss, obese moderately retarded adults, 9830
parent's weight & control vs child self control, weight loss, 8–12 yr olds, 3-yr followup, 22247
perception of present vs ideal self body images & self image with addition vs subtraction of 10 lbs & body image expected by family & personality associated with body images, 11–22 yr old anorexic vs obese females, 24866
perceptions of family's social & psychological & environmental characteristics, overweight parents with overweight 8–12 yr old children, 17553
photoperiodic control of reproduction cycles & dietary obesity & body weight change, Syrian & Siberian hamsters, literature review, 29305
polysaccharides in liquid vs powder form, hyperphagia & obesity, female rats, 16498
power-dependence in marital relations, weight loss, overweight 25–46 yr old married females who had been in diet program, 29830
preoperative depression vs weight, postoperative weight loss & depression, 18–57 yr old morbidly obese gastroplasty patients, 26-mo followup, 22243
preoperative obesity & psychiatric history, postoperative narcotic use for pain, adults who had abdominal surgery for obesity vs normal weight cholecystectomy patients, 7348
prevalence & characteristics & treatment of obesity, mentally retarded persons, literature review, 9421
prevalence & severity & relationship of binge eating to dietary restraint, obese 17–65 yr old females, 12241
psychiatric & neurologic disorders following surgery, 20–53 yr olds treated for morbid obesity, 18161
psychological & social outcomes of surgical treatment of obesity, S more than 100% overweight, 22636
rapid vs gradual scheduling of family-based behavioral weight reduction sessions, weight loss, overweight 6–13 yr olds, 25261
reading of word pairs with inappropriate affective responses, response rate & accuracy as measure of interference, obese adults, 14831
recalled experiences associated with weight gain during childhood & adolescence & adulthood, 17–65 yr olds requesting weight reduction medical assistance, 24871
reported severity of vomiting soon after vs 6 mo after gastric bypass surgery for obesity, 22–59 yr olds, implications for validity of retrospective reports of symptoms, 4592
return to chow diet following prolonged periods of ad lib vs restricted cafeteria feeding, meal size & frequency & eating rate & body weight, female rats, 23900
role of carbohydrates in appetite & hunger & obesity & hyperinsulinism, comments on view of P. Geiselman & D. Novin, 6888
selection of ambient temperature for sleep, body temperature, obese vs lean mice, 3126
self concept & peer popularity, obese 2nd–5th graders, 4204
self report of body weight at age 21 vs indication of being overweight as children or teenagers, classification as early vs maturity onset obese, applicants for behavioral weight control program, 6905
self reported attitudes & behaviors during weight maintenance vs loss vs gain, former clients of cognitive-behavioral program for obesity who lost 15 or more pounds, 6–10 yr followup, 18013
stages of behavior change & prevention of relapse, patients with addictive disorders of alcoholism or smoking or obesity, 27886
supermarket vs sucrose diet & maternal background, dietary obesity, rat offspring of obese-prone vs lean-prone mothers, 21409
systemic concentrations of beta-endorphin induced by autoimmunization, control of food intake & body weight, lean vs obese rats, 21393
taste responsiveness & satiation to varying concentrations of glucose, obese vs lean female rats, implications for glucoreceptor defect in obesity, 8436
thermal preferences & resulting colonic temperatures, genetically obese vs lean mice, 23790
treatment duration & monetary attendance deposits, attrition in behavioral studies, obese clients, meta analysis, 1967–84, 15088
variations in carbohydrate & protein & fat content of diet, dietary selection patterns, obese vs lean rats, conference presentation, 21369
view of child's eating behavior & disposition & development of sex differences in obesity, parents of 7–12 yr olds, 1539
weight change following initial weight loss in cognitive-behavioral treatment program for obesity, adults, 6–10 yr followup, 30690

Object Permanence

application of Piaget's idea of intuitive thought to cognitive aspects of splitting & libidinal object constancy, criticism of paper by R. Melito, 24233
comprehension of person & object permanence & representation, infants, critique of Piaget's theory, 791
conceptual compatibility & complementarity of Piaget's & M. Mahler et al's theories of cognitive-emotional development, cognitive aspects of splitting & libidinal object constancy, reply to criticism by I. Steingart, 24206
development of understanding of visible & invisible object displacements, 9–30 mo olds, 8789
intensive training program, object permanence & imitation & attention span, Down's syndrome infants & their parents, 31000
new method to test object permanence, infants aged 4 mo & 24 days–5 mo & 26 days, 24114
object concept development, infants from 12 wks until achievement of Stage 6 of Piagetian model, 3472
object permanence, cerebral palsied quadraplegic 9 mo to 12 yr olds with various levels of mental retardation, 1550
performance on object permanence task, development of ability to carry out intention based on memory vs habit, infants tested up to 12 mo old, 815

persistence vs nonredundancy vs systematic ordering comprehensive search skill on invisible displacements task, 16 vs 24 mo olds, failure to support Piaget's theory, 24153
presentation of object & physical restraint & lack of light, ability to remember original position of object, 5 mo olds, 21712
search for visible vs hidden objects & interpretation of errors, 9 mo olds, 3464
understanding of visual displacements of objects, 9 vs 12 mo olds, 8790
visual attentiveness & search behavior & duration of independent mobility, performance on object permanence task, 8–10 mo olds, 16921

Object Relations

absence of father during childhood, object choice in adulthood, & relations with ex-lover 27 yr old male lawyer in analysis, 25098
adolescent development & object relations, susceptibility to posttraumatic stress disorder, Vietnam veterans who were adolescents during first combat experience & experienced death of member of peer groups, 27383
analysis of D. Winnicott's theory of evolution of dependence in mother-child relations, 764
application of Piaget's idea of intuitive thought to cognitive aspects of splitting & libidinal object constancy, criticism of paper by R. Melito, 24233
birth order & envy & jealousy, relations & character formation & object relations, siblings, 6144
Christian therapy, disturbed object relations & relationship with God, illustrative interviews with 2 males in their 30s, 17896
concept of object in psychoanalytic theory & psychoanalysis, conference presentation, 10705
concept of potential space in psychoanalytic theory of D. W. Winnicott, 35
conceptual compatibility & complementarity of Piaget's & M. Mahler et al's theories of cognitive-emotional development, cognitive aspects of splitting & libidinal object constancy, reply to criticism by I. Steingart, 24206
countertransference due to client's habitual nonverbal behavior & participation in client's early object relations, therapists, 27791
development & expansion of concept of object drive & sexuality in Freud's work, 1905–15, 10699
development of Comprehensive Object Relations Profile, measurement of object relations concepts & differential diagnosis, schizophrenic vs borderline vs neurotic Ss, 23418
developmental object & spatial concepts, infants, literature review, 8706
dynamics of transference & countertransference in object relations & psychoanalytic process, 27809
emergence of shame & development of object relations & self, 23 yr old male, 6606
endowment of therapist's gaze & appearance with object relational significance & meaning to self development, psychotherapy patients, 25124
epistemological projection theory of religion based on experimental analysis of H. Rorschach's human movement response & object relations theory, 29794
importance of psychoanalytic object relations theory in behavioral therapy of agoraphobia, case examples of 29 & 31 yr old patients, 12511
influence of Jung on object relations theorists & need of Jungian analysis to study other paradigms of analysis, comments on article by A. B. Ulanov,conference presentation, 13303
internalizable maternal or maternal-like soothing & development of transitional ego function & acquisition of solacing linguistic competence, 6127
internalized object relations & expression of emotions through language vs on physical level, patients with colitis vs cardiac neuroses, 14562
interpersonal aspects of bipersonal field & object relations & cognitive development, infants, criticism of L. J. Brown's study, 3385
interpersonal aspects of bipersonal field & object relations & cognitive development, infants, 3376
model differentiating concept & percept formation in object relations theory, 2779
narcissism & developmental line of reflexive object, 929
object-libido development, narcissism, 3828
object relations & defense mechanism theories, etiology of self mutilating & self destructive behavior, 4039
object relations & identification in character pathology, 32 yr old female analysand with phallic-narcissistic character neurosis, conference presentation, 27779
object relations & internalization processes, literature review, implications for psychotherapeutic treatment of children & adolescents, 7019
object relations in analytic process & effect on transference & communication with analyst, 30 yr old female & 35 yr old male analysands, 7056
object relations perspective of character resistances & transference, patients with depressive & masochistic tendencies, 30610
object relations perspective on relational dynamics of merging, male vs female gay couples, 27094
oedipal object relations & self object transference in psychoanalysis, development of mature self, adults, 1787
patterns of ego boundary disturbance using Rorschach test, 16–30 yr old patients with neurosis vs borderline states vs schizophrenia, 3873
perception of object vs symbol & reliance on transitional objects & self soothing activities, Ss with borderline &/vs antisocial personality vs bipolar Type II vs probable borderline disorders, 1-yr followup study, 6488
preoedipal fantasy aspect of early mother-child relationship & object relations theory, 16065
preoedipal fantasy aspect of early mother-child relationships & object relations theory, comments on article by H. T. Glatzer, 16061
primary & secondary identification as explanation in coordinates of narcissism & object relations, 17243
primitive object relations & need to avoid frustration, psychoanalytic point of resolution, schizoparanoid & depressive patients, 30547
psychoanalysis, self structure & individuation & object relations, narcissistic female patient, case report, 30597
psychoanalysis vs psychoanalytic psychotherapy, level of object representations measured by Rorschach tests, patients, 12381
psychoanalytic concept of identification & narcissism & object relation, conference presentation, 12
psychoanalytic interpretation of visits to eternity & ideation of transference objects by Freud & E. Wiesel & Patient X & Jung, conference presentation, 26126
psychoanalytic object relational view of cyclical engagement-disengagement of objects observed in peek-a-boo behavior, young female infant, 11504
psychoanalytic object relations theory, group therapy, 1857
psychoanalytic psychotherapy, individual's internal state & understanding of God, 35 yr old male, implications of object relations theory for Christian-oriented psychotherapy, 17790
psychosexual fixation & object relations, erogenous preferences, 22–70 yr old females, 19768
psychotherapy, transformation of self destructive impulses to object relations, children & adolescents, conference presentation, 4287
rapprochement phase of separation-individuation & infantile neurosis, object relations conflicts in marriage, 40 yr old female in pathological marital interaction & 42 yr old male with psychosomatic symptoms, 6430
reformulation of object relations theory in cognitive terms, 6418
relations to parents vs foster parent & schools stressing rights vs object relations, children, 14315
research findings on developmental patterns of object relations & borderline diagnosis, implications for psychotherapy, literature review, 25134
roles attributed to object in psychoanalytic theory, 13313
Rorschach measures of aggression & object relations & reality testing & self-object differentiation & splitting, male college students vs borderline vs transsexual adults, 9394
Rorschach test, assessment of dimensions of internalized object relations, obsessive/paranoid vs hysterical/impulsive borderline patients vs schizophrenic patients, 9333
treatment as transitional object by mother, adolescent males with ego defect with borderline features, implications for psychoanalysis, 9246
utility of self psychology view of object relations theory, group therapy, 30614

Objective Referenced Tests [See Criterion Referenced Tests]
Objectives [See Goals]
Objectives (Organizational) [See Organizational Objectives]
Objectivity
age & sex & teaching experience & educational level, subjectivity in composition grading, teachers, 18436
chance vs structure in visual patterns & subjective probability, college students, 2999
construction & validation of Objectivism Scale, assessment of individual differences in use of empirical data & rationality in judgments & beliefs, college & graduate psychology students, 23450
conversation & iterative knowledge & intersubjectivity, 19534
feeling & reason & sex differentiation in psychotherapy paradigm, 17796
level of importance of action in difficult situation, improved vs deteriorated task performance, male high school students, 29163
musical preference & subjective experience, 6th graders, implications for music education, 11456
subjectivity & self understanding in developmental theories of critical & Soviet psychology, 6114
Observation Methods
analysis of measurement error of time sampling observation system, frequency estimation of behavioral events, 26279
application of computerized systematic multiple level observation of groups field theory model, psychotherapeutic interaction in social casework, 28122
behavioral observation system, measurement of cognitive guidance & emotional support & social reinforcement & tangible assistance & socializing in home setting, implications for family therapy, 12467
bias in observational techniques of anthropological behavioral studies, comments on article by M. Borgerhoff Mulder & T. M. Caro, 26136
child-study movement, music textbooks & education, 31190
classroom observation instrument, measurement of implementation of comprehensive educational delinquency prevention program targeting teaching strategies, teachers, 18648
clonidine vs methadone detoxification & O rating vs self rating of distress, determination of withdrawal response, opiate addicts, 22789
computer assisted observational method for quantifying drug-induced stereotypic behavior illustrated by thioridazine & apomorphine, male rats, 8014
design of microcomputerized Kline Institute Behavioral Observation System, socially living primates, 432
development of automated observation system for assessment of locomotor activity, animals, illustrative examples of effect of dextroamphetamine on activity, conference presentation, 7987
development of automated observation system for assessment of multivariate locomotor activity, rodents, conference presentation, 8025
development of behavior-observation instrument, assessment of supervision in educational programs for mentally retarded children, female 25–36 yr old school supervisors, 28591
development of observational technique for recording play behavior, preschool age children, 93
development of reliable multibehavioral observational system, assessment of classroom behavior, 18668
development of short observation method, assessment of activity & contacts, elderly persons in residential care, 5250
dominance tube method of forced head-to-head dyads vs long term observation in drylot, determination of dominance-subordinance relationships, beef heifers, 16383
emitted duration & rate of behavior, accuracy of momentary time sampling with time series data, criticism of study by A. R. Brulle & A. C. Repp, 28901
existence of differences in person variables & perspectival approach to psychological functioning, comments on article by M. E. Hyland, 26122
experimental & observational methods in anthropological behavioral studies, comments on article by M. Borgerhoff Mulder & T. M. Caro, 26138
experimental & observational methods in anthropological studies, comments on article by M. Borgerhoff Mulder & T. M. Caro, 26159
experimental & observational methods in anthropological studies, comments on article by M. Borgerhoff Mulder & T. M. Caro, 26145
generalizability of direct vs audio recorded observation, assessment of mother-child interaction, 18.3–37 yr old mothers & their 2–10 yr olds, 29831
indirect indicators in study of animal behavior, 7983
intraobserver & intraanalyst agreement, collection & analysis of naturalistic observational data, 18891
low inference classroom interaction observation systems, teacher & school effectiveness studies, 31136
maternal interview vs direct observation of 1st child's temperament & behavior before vs after birth of sibling, mothers & their 18–43 mo olds, 1006
nature & limits & stress of participant-observer's role, male Jewish researcher in fundamentalist Christian school, 92
need for caution in use of observational methods & proposed use of self report measures as indicators of behavior change, behavior therapy outcome research, 30688
need for caution in use of observational methods & proposed use of self report measures as indicators of behavior change, behavior therapy outcome research, comment on view of N. S. Jacobson, 30700
objective & systematic observation by speech therapist & teacher & pediatrician, educational diagnosis, developmentally delayed students, USSR, 7737
observation & psychoanalytic technique & processes, 4280
observation methods teaching module, competency-based counseling program, graduate students, 31068
observation vs interview vs paper-and-pencil methods, data collection in fathering research, 20953
observational methods for assessment & intervention planning & monitoring of attention to task & metacognition, students, implications for academic achievement, 31349
observations of patterns of attachment behavior in structured laboratory setting, inferences about quality of caretaking in home environment, infants & their parents, 17066
parental reports vs time-lapse video home observation, estimates of TV time, 5 yr old children & their parents, 5213
problems in pooling multiple observations in 1 data set in ethology research, 10746
problems with observational methods vs self report measures & proposed multimethod assessment strategy as indicator of behavior change, behavior therapy outcome research, comments on view of N. S. Jacobson, 30684
quantitative observational methods in anthropology, reply to comments of J. S. Chisholm & J. P. Dumont & R. L. Hall & R. A. Hinde & R. Ohtsuka, 26131
quantitative observational techniques in anthropology & cross cultural behavioral studies, 26130
quantitative vs qualitative methods of observation in child psychology, 5262
rediscovery of participant observation model in psychoanalysis, 12376
self report vs E observation of participant interactions, college employees & fraternity brothers & regular users of community doughnut shop, 21911
self vs O ratings & heart rate, perceived exertion on bicycle ergometer, 21–49 yr old Os & 20–31 yr old bicyclists, 28661
stimulus presentation order & observation method, ratings of performance anxiety, college students, 8011
structured observation method in managerial research, 7829
time allocation in experimental & observational methods of anthropological research, comments in study by M. Borgerhoff Mulder & T. M. Caro, 26144
unilateral neocortex removal, locomotor activity & utility of direct observation methodology, rats, conference presentation, 8504
use of ordinary conversation as paradigm for analytic process, comments on paper by S. Bernfeld, 4288
utility of cognitive-behavioral vs interpersonal observational system as differentiating method, families with anorexic/bulimic daughter vs controls, 20170
utility of observational methods vs self report measures as indicators of change, behavior therapy outcome research, reply to comments by R. L. Weiss & P. Froman & J. M. Gottman, 30687

validation of time-sampling methodology, genetic analysis of courtship behavior, drosophila, 3130
validity of hyperkinetic syndrome, children, review of observational studies, 12234
visibility bias, time-budget estimates of niche breadth & overlap, birds, 19245
visual observation method, estimation of emotional condition, industrial workers, 5090
Observational Learning
concurrent vs delayed visual monitoring vs motor rehearsal, cognitive representation & behavioral reproduction of observed modeled action pattern, college students, 23626
creative drama & videotape playbacks, self & group observational skills & awareness & insight, 11 & 12 yr old females in therapy group, 30666
development of observational skills, improvement of creative potential, 14490
direct vs observational learning, selective attention & central-incidental memory, kindergartners, 10418
feedback about recall strategy efficacy, selection of associative learning & memory strategy, 5th graders vs college students, 24137
generality vs specificity bias, observational skills in verbal & nonverbal modes, college students, literature review, 3041
imitation of modeled conservation vs cognitive conflict, conservation judgments & compensation arguments in observational learning situation, 11027
initial competence & imitation vs counterimitation pretraining vs neutralization vs sensitization, observational learning of conservation, 6–7.4 yr old nonconservers, 21738
initial competence & modeling &/vs preparatory conservation exercises, mastery of conservation tasks, 5.7–7.4 yr olds, 6082
observation of consumption of food & interaction with animal previously fed, food preferences, rats, 13729
observation of responses, preferences & stimuli selection on mixed reinforcement schedule, college students, 16308
observational behavior modes, performance on cognitive tasks, college science students, Japan, 28485
observational conditioning of snake fear, wild & laboratory reared unrelated monkeys, 11057
observational learning & direct training, matching-to-sample discriminations, moderately to severely retarded 19–25 yr old males, 24831
observational learning capacity, juvenile vs adult thrushes vs tits vs blackbirds, 23684
observational learning techniques during supervision, anxiety during use of classroom management procedures, student teachers, 12923
pictorial representations of body language, educational & observational training skills programs in drama, 20713
role of observation & attention, stimulus control in discrimination learning, 16310
trainee-generated vs trainer-provided rule coding, generalization in behavior modeling & supervisor training workshop, 1st line hospital supervisors, 31457
videotaped performance feedback of self observational learning of motor tasks, primary-grade children, 19588
Observers
expectancy bias & halo effects in behavioral observations of treatment outcomes, college students, 1706
nature & limits & stress of participant-observer's role, male Jewish researcher in fundamentalist Christian school, 92
observation during work shift, reactivity & adaptation, 25–51 yr old police officers & civilian radio dispatchers, 23190
type of group & individual personality & presence of observer, group dynamics & therapy outcome, 7094
Obsessions
anthropological approach, phenomenon of obsession, 17379
hypno-imagery treatment, obsessive fears & avoidance behavior & self efficacy, female client, 6- & 18-mo followups, 9956
Maudsley Obsessive-Compulsive Inventory, assessment of relationship between obsessions & compulsions & headaches, migraine &/or tension headache sufferers, 20112
paradoxical techniques, obsession with religious conversion & spiritual salvation & family relations, 30 yr old male, 17804
social isolation & rejection & forebodings of Holocaust & radical transformation of superego during adolescence, obsessions & narcissistic & masochistic problems, middle aged Jewish male, 25096
Obsessive Compulsive Disorder [See Obsessive Compulsive Neurosis]
Obsessive Compulsive Neurosis
age at onset of disorder, adult outpatients with agoraphobia with vs without panic attack or simple vs social phobia or obsessive compulsive or panic or generalized anxiety disorder, 3943
antidepressive drugs & ECT, obsessive neurotic 13–83 yr olds, 6934
audio-taped exposure therapy, obsessional ideation, 36 yr old obsessive compulsive female, case reports, 1-yr followup, 27930
behavioral psychotherapy, phobic & obsessive compulsive & other anxiety disorders, 1885
case history before vs after onset during adolescence, 21 yr old male with obsessive compulsive disorder, 17377
chlorimipramine & response prevention, illustrative case of 15 yr old female with obsessive compulsive disorder, 4539
clinical characteristics & demographic features & family history, patients with obsessive compulsive disorder, 17406
clinical characteristics & prognosis, 16–55 yr old schizophrenic patients with vs without obsessive compulsive symptoms, 2–32 yr followup, conference presentation, 22403
clomipramine vs desipramine, 18–57 yr olds with obsessive compulsive disorder, 7189
clomipramine vs imipramine, 21–54 yr olds with obsessive compulsive disorder, 7268
clomipramine, 10–18 yr olds with severe primary obsessive compulsive disorder, 7174
clonidine, pre- & postsynaptic noradrenergic activity, patients with obsessive compulsive disorder or panic attack/agoraphobia or anorexia nervosa or depression, 7246
clorgyline vs dextroamphetamine, self perceptions & physiological measures of affective & behavior changes, male vs female depressed obsessive compulsive adults, conference presentation, 4493
cognitive behavioral analysis, obsessive compulsive disorders, 4449
cognitive behavioral psychotherapy, patients with obsessive neurosis, 27906
cognitive therapy, 33 yr old female with obsessive compulsive disorder, 22506
compulsion in neurosis & psychosis & psychosomatic ailments, 17288
definitions & diagnostic criteria of obsessive compulsive disorder, female & male illustrative case examples, 17362
dynamic-verbal & cognitive & behavior therapy, obsessive compulsive neurosis, children, conference presentation, 1677
epidemiology & natural course & risk factors of phobic & obsessive compulsive disorders, adults, conference presentation, 1815
etiology & characteristics & treatment, obsessive compulsive neurosis, 30189
evoked potentials, 23–48 yr olds with obsessive compulsive disorders, 1376
exposure to most feared situation under distraction vs attention focusing conditions, subjective anxiety & heart rate, adults with obsessive compulsive washing rituals, replication of prior study by J. B. Grayson et al, 27899
family therapy & behavioral intervention of prescription of ordeal, 16 yr old female with obsessive compulsive neurosis, case report, reprint, 25181
imipramine binding & serotonin uptake, 13–17 vs 22–35 yr olds with obsessive compulsive disorder, 17437
interactional aspects of obsessive compulsive neurosis & implications for treatment, patients & their spouses, 30151
lactate infusion, induction of panic attacks, adult obsessive compulsive vs panic disordered patients, 1301
multicomponent treatment with minimal therapist involvement, 67 yr old female with 45-yr history of obsessive compulsive problems, 6- vs 12- vs 18-mo followups, 4447
obsessional syndrome, 45 yr old male following ischemic lesion to anterior portion of dominant hemisphere, 6835
obsessional vs compulsive vs disaster vs disruptive imagery in obsessive-compulsive disorders, literature review, 27289
obsessive compulsive neurosis vs personality & DSM III vs psychodynamic classification of psychopathology, 1299

prevalence & genetics & biological aspects & relation to depression & treatment, obsessive compulsive disorder, literature review, 1313
psychoanalysis, 28 yr old male with severe obsessional disorder, 17794
psychoanalytic theory & obsessional neurosis, 14578
psychotherapeutic management, obsessive compulsive neurosis, patients, 1801
self psychology treatment, self-aggression & self esteem & coping with grief, compulsive 84 yr old male, 6974
short term dynamic psychotherapy, phobias & mildly obsessive compulsions, patients, conference presentation, 1805
simple vs social phobia vs agoraphobia vs obsessive compulsive vs panic disorder & sex, expressed fears, female vs male psychiatric patients, 22133
sleep recordings, schizophrenic 19–36 yr olds vs obsessive compulsive 16–43 yr olds, implications for serotonergic-deficiency hypothesis of schizophrenia, 1297
trazodone, obsessional symptoms, 24–46 yr olds with obsessive-compulsive neurosis, 4525
treatment failure, patients with concomitant obsessive compulsive & schizotypal personality disorders, 22366
type of obsessions & severity of illness & prognosis, patients with atypical vs typical obsessive neurosis, 22125
zimeldine, 22–53 yr old outpatients with obsessive compulsive disorder, 18052

Obsessive Compulsive Personality
Adlerian approach to relationship of depression & locus of control & acceptance of self & others & perfectionism, college students, 27351
coexistent schizotypal personality & obsessive compulsive disorder, prognosis, treatment-resistant patients, 24653
Maudsley Obsessional Compulsive Questionnaire, measurement of checking & worrying vs contamination & cleaning vs doubts & intrusive thoughts, male vs female 18–25 yr old students, Italy, 9174
obsessive compulsive neurosis vs personality & DSM III vs psychodynamic classification of psychopathology, 1299
stressful stimuli, learning of probability information, dysphoric vs obsessive-compulsive college students, 14639
trazodone, depression, 29 & 41 yr old male patients with severe obsessive compulsive disorder, 1912

Obsessive Neurosis [See Obsessive Compulsive Neurosis]

Obstetrical Complications
abnormal pregnancy history & labor & delivery experience, physical abuse of children, mothers, 12037
breech delivery, cognitive & behavioral development, 6–14 yr olds born with cesarean section vs vaginally, 19556
experience of vacuum extraction vs forceps delivery, females assessed during labor vs delivery vs immediate postpartum & their obstetricians & pediatricians & midwives, 9975
life events & anxiety & social support & coping style, obstetrical complications, 16–42 yr old females assessed at 6-mo of pregnancy & post-delivery, 9997
provider continuity, pregnancy complications & patient satisfaction, pregnant 17–36 yr olds, implications for family practice, 25355
race & parity & prenatal care & SES & home environment, labor & delivery complications & birth weight & cognitive & motor development, Black vs White adolescent vs adult mothers & their infants, longitudinal study, 21688
self esteem & intimacy & social network structure, satisfaction with social support, 17–40 yr old females following normal vs medically complicated childbirth, Israel, 3-mo followup, 29950

Obstetricians
experience of vacuum extraction vs forceps delivery, females assessed during labor vs delivery vs immediate postpartum & their obstetricians & pediatricians & midwives, 9975
hard vs soft outcomes & patient vs doctor satisfaction in obstetric care, conference presentation, 25372
level of death threat, attitudes toward stillbirth & perinatal grief, obstetricians, 4764

Obstetrics [See Also Midwifery]
assessment of satisfaction with obstetric care after giving birth, human females, 25367
birth delivery at proprietary vs teaching vs community hospitals, satisfaction with food & physical surroundings & cleanliness, 18–35 yr old mothers, 30806
contemporary issues in obstetrics & gynecology, consulation-liaison psychiatrist, 25686
evaluation of antenatal program, prevention of child abuse, at risk populations, conference presentation, 30840
hard vs soft outcomes & patient vs doctor satisfaction in obstetric care, conference presentation, 25372
obstetric drugs, behavioral development, infants, evaluation of studies by T. Anders et al & C. N. Jacklin & E. E. Maccoby & A. F. Korner et al, 4503
provider continuity, pregnancy complications & patient satisfaction, pregnant 17–36 yr olds, implications for family practice, 25355

Obturator Nerve [See Spinal Nerves]

Occipital Lobe [See Also Visual Cortex]
age & sex & interstimulus interval, augmentation & reduction of occipital visual EPs, 7–9 vs 13–15 yr olds, 5670
age & sex hemispheric asymmetry, binocular pattern reversal EPs & EEG power from occipital scalp, 5–14 yr olds, 29264
bilateral removal of occipital lobe, visuomotor behavior, female rabbits, 11243
brief stimulus duration, amplitude of visual EPs with verbal vs non verbal tasks, male college students, 21105
cerebral hemispheric asymmetries for visuospatial abilities, male monkeys with left vs right unilateral occipital lobectomy & splenial transection, 5798
discrimination of blank trials vs small targets presented tachistoscopically within blind hemifield, 70 yr old male with right occipital lobe infarction, 24994
grafts of embryonic frontal cortex vs occipital tissue implanted in damaged occipital cortex, brightness vs pattern discrimination, rats, 23929
occipital vs parietal lobe lesions, identification of primary visual cortex, monkeys, discussion of 19th century research by D. Ferrier & H. Munk, 23917
visual field training, restitution of visual fields, 56–66 yr old patients with homonymous hemianopia vs quadrantanopia resulting from occipital lesions., 28192

Occultism
black humor & demonic possession & psychoanalytic construct of ambivalent introject, theories & psychoanalytic treatment of depression, illustrative case examples, 12356
symbolic background & history of popular performances of ghost cult ceremony & state manipulations of ghosts, Taiwan, 3578

Occupation (Parental) [See Parental Occupation]

Occupational Adjustment
adaptive attitudes & behaviors & sex & age & occupational level & education, perceptions of promotion opportunity, government agency employees, 18772
adaptive skills & job adjustment, work flow, employees, 7873
career adaptation counseling, reduction of turnover, employees, 5107
development of work adjustment model as framework for vocational psychology, 2605
health & withdrawal & change, adaptation to work, new hospital employees, 10634
home health care, vocational & emotional & social adjustment, wives assisting their husbands with home hemodialysis, 7346
initial employment patterns & adjustments, male vs female college graduates, implications for career & vocational counseling, replication of study by G. D. Knight et al, 10545
job perceptions & adjustment, working women, India, 2675
management status orientation vs job security, self image & job satisfaction & attitudes & behaviors, front-line industrial supervisors, 25986
occupational counseling, coping with work & life transitions, females, implications for social casework, 15313
occupational satisfaction & adjustment, 18–23 yr olds hired in city to work in rural area, Colombia, 28682
person-environment compatibility, vocational stability, 21–35 yr old workers, examination of J. L. Holland's theory, 10581
postsecondary vocational adjustment, rural educable mentally retarded & specific learning disabled & emotionally disturbed 9th–12th graders, 4937

premorbid personality characteristics at onset, social & job adaptation, patients with onset of chronic simple schizophrenia at 10–20 yrs, 6592
professional reintegration, Ss released from psychiatric hospitals, 15420
psychiatric hospitalization, adjustment & outcome, schizophrenic & other psychiatric patients assessed 16 mo posttreatment, 30973
relationship of vocational adjustment to personal adjustment, nonprofessional & nonmanagerial workers, 25953
role transition from graduate student to faculty member, counseling psychologists, 31103
self efficacy & socialization tactics, role orientation & job satisfaction & commitment as measures of adjustment, newcomers to organizations, 26020
severity of injury & locus of control & personality resources, psychological & occupational adjustment, male 17–64 yr old hand injury patients, 6813
social & work adaptation, patients with temporal vs focal epilepsy, 23-yr longitudinal study, 20214
social skills training, vocational adjustment, 28 yr old male psychiatric patient, case report, 27917
social support from coworkers & supervisors, job adjustment & stress, newly graduated nurses in 1st 6 mo on full-time hospital job, implications for management personnel, longitudinal study, 10627
surprises in adjustment to work, recent college graduates, England, 28763
work experiences & suggestions for positive vocational attainment, learning disabled 20–45 yr olds, 27467
work place socialization & situational adjustment theory, participation in labor management committees, workers, 13217

Occupational Aspirations

academic/vocational educational direction & sociopolitical ideology, high school students, Sweden, 20750
attainment related attitudes & behavior, occupational success, 16 yr old school dropouts, 1–2 yr followups, England, 28672
career & life scripts, educational & career aspirations, female college students, implications for career choice, 25950
career aspirations & confidence & work & job knowledge, 2nd vs 8th grade prelingually deaf residential school students, 7695
career aspirations & technical obsolescence & work characteristics & perceived organizational reward system, engineers & their supervisors, 28805
career exploration & goal setting, 22–56 yr old 1st & 2nd level managers, 31480
career planning attitudes, Chicano vs White junior & senior high school students, 18560
career plans & work values & job satisfaction, prediction of internal job transfer & turnover, hospital staff nurses, 15554
college selectivity & organizational type & public control, changes in career goals & values, college students, 13016
development of vocational aspirations, children, India, 24163
drug usage in high school, subsequent career decisions & personal living environment, 19–24 yr olds, 4-yr longitudinal study, 27123
educational plans & career choices & curricular & lifestyle expectations, male vs female rural 8th graders, implications for school counseling, 23118
employment & career plans & postgraduate study, graduates of honors psychology program at University of Melbourne, Australia, 15529
expectations of impact of acquiring masters in business administration on career, business graduate students, 18568
family background & career desires & interests, career selection, high school students, 13029
gender labels, evaluation of sex typing of occupations, 3rd vs 5th graders vs high school vs college students, 938
life history information, vocational decision making & identity & maturity, male vs female college students, 18546
occupational aspirations & interests, culturally disadvantaged 11 yr olds, 4-yr followup, 14211
occupational training goals of independent vocational schools, 10331
parental expectations & family environment & individual characteristics & SES, educational & occupational aspirations, 16 yr olds, 5-yr longitudinal study, 24204
perceptions of family & school environment, educational & occupational aspirations, Anglo Australian vs Greek vs Southern Italian 16 yr olds, Australia, 14227
perceptions of social supports for learning & measures of social status & ability & family environments & academic achievement & attitudes toward school at 11 yrs, aspirations, male vs female high school students, 7672
performance on National Board of Medical Examiners Examination, choice of professional specialty, medical school graduates, 20622
personal characteristics & career plans & attitudes towards psychotherapy, identification of characteristics & attributes of perspective child vs general psychiatrists, medical students, conference presentation, 28364
personality correlates & educational vs career goals, childbearing plans, unmarried female college students, 11617
plans for childbearing & employment, 26–36 yr old mothers with 1 vs 2 children, 29852
political orientation, occupational values, conservative vs moderate vs liberal vs radical college students, 1969 vs 1981, 11671
process & personality theories of career choice & development, Black males, implications for career education & vocational guidance, 18711
race & sex socialization & prior family & school experiences, course specialization & career aspirations, Black college juniors & seniors, 28518
self esteem vs SES vs academic achievement vs family size, academic & vocational aspirations, 15–16 yr old White females, South Africa, 3547
self knowledge of personality & consistency of occupational perceptions, female college students, 31410
self perception & social comparison & gender identity & sex of sibling, educational & occupational aspirations, male vs female 16–18 yr olds, Scotland, 11471
sex role orientation & self esteem, choice of feminine- vs masculine-typed occupational field of study, female college students, 15795
social & academic climates of law schools, motives & attitudes & expectations about future as professionals, 1st yr law students, 18562
social status & intellectual ability, school-related attitudes & educational & occupational aspirations, Anglo-Australian vs Greek vs Southern Italian 11 yr olds, 4-yr followup, Australia, 23012
sources of influence, educational & occupational aspirations, male vs female high school students, 937
student characteristics & role of significant others & counseling resources, consistency between plans for future & actual activities, high school seniors, 1-yr followup, 25855
values, future medical practice, male vs female vs internal medicine vs family practice residents, 10247
vocational aspirations & sex role perception, male vs female Kipsigis 3rd vs 5th vs 7th graders, rural Kenya, 3481
vocational identity as evolving self & occupational concepts, ego-identity formation & vocational development, male vs female college students in combined bachelor of science program, 18399

Occupational Attitudes

affirmative action, perceptions of doctoral study & career progress, male vs female doctoral graduates in education, 1964–70 &/vs 1974–80, 22913
attitudes toward teaching profession & overall job satisfaction, intermediate & secondary school teachers, 25725
attitudinal autonomy from client & employing organization as measure of professionalism, medical vs law vs education vs nursing vs social work vs librarian vs engineering vs business administration graduate students, 2603
career orientation & professional development, candidates for master's degrees working vs not working in student affairs field, 25755
career stage, job-related attitudes & perceptions of work environment & job performance, sales people, 26013
categorization of occupations along dimension of comparative social justice, process of social categorization, company managers vs chemical workers vs college students, 18714
college selectivity & organizational type & public control, changes in career goals & values, college students, 13016

doctor-patient relationship & attitudes toward profession, oncologists, Israel, 25615
home vs career-commitment attitudes & realistic vs fantasized career choices, male vs female vocational education vs college preparatory seniors, 10440
issues regarding male-oriented beliefs in hierarchy & status & wealth & rejection of affective factors in management training, female manager observer, 23207
measurement & prediction of career commitment, nurses, 20842
measurement of career attitudes & myths, male & female junior & senior high school students, implications for school counseling, 28597
occupational image subcultures of nursing profession, job attitudes & performance expectations for rewards, 26–30 yr old staff nurses, 31497
perception of career commitment & satisfaction & professional self image, male vs female medical students, India, conference presentation, 15466
personality characteristics & high vs low levels of worry regarding future teaching problems, college students who intend to become educators, 12915
political orientation, occupational values, conservative vs moderate vs liberal vs radical college students, 1969 vs 1981, 11671
problems in developing resource programs, elementary through high school resource teachers, 12911
rating of self estimated vs actual knowledge of sex stereotyped traditional vs nontraditional occupations, male vs female college students, 25954
ratings of occupations' social prestige, 1969 vs 1982, 10580
role of social interaction & importance of humor, personal development & career awareness, gifted adolescent females, implications for counselors, 24194
SES & intelligence, occupational values, male vs female 14 yr olds, 880
sex & age differences, perceptions of vs actual age of people employed in various occupations, 18–87 yr olds, 18706
social & occupational concerns & attitudes toward business, college business students, 25830
surprises in adjustment to work, recent college graduates, England, 28763
training & career issues, American Psychological Association affiliated master-level clinicians, 15534

Occupational Choice

age & role salience, prediction of value satisfaction in career decision making, male vs female 17–81 yr old college students, implications for career counseling, 23169
application of social learning & circumscription/compromise theories to career development & decision making, 28680
aptitude & family background & precollege experiences & college characteristics & environment & experiences, teaching career choice in sophomore yr, female college students, 18457
assumption of stability of occupational value structures, career decision makers, criticism of commonality hypothesis, 7793
career & life scripts, educational & career aspirations, female college students, implications for career choice, 25950
career development & education & choices & life career processes, 10584
career in technology vs technical management, interests & needs & satisfaction, engineers, 2611
careers in employee assistance programs, rehabilitation counselors, 18360
causal model of career choice, female college students, 2601
cognitive structure of vocational schemas, vocational information processing & career self efficacy, college students, 23168
cognitive structure, vocational decision making & planning & exploration, college students, 7788
construct & concurrent & discriminant validity of Career Decision-Making Self Efficacy Scale, college students, 10828
decision making styles, career indecision, college students, 18556
determination of aptitude type & aptitude minimum score in job specialties, Air Force enlisted personnel, 5058
differences in perceived specialty choice, male vs female freshmen medical students, 10185
drug usage in high school, subsequent career decisions & personal living environment, 19–24 yr olds, 4-yr longitudinal study, 27123
educational background, occupational choice & socialization & childrearing practices, parents, literature review, 17060
experiences & role models during residency, postresidency interest in administration & subsequent involvement in administrative work, psychiatrists 2–20 yrs beyond residency, 28345
factors before & during medical school, choice of psychiatry as specialty, medical school graduates in psychiatric training program, 15570
factors in choice of psychiatry as career, psychiatric residents, implications for medical education, 2216
factors in selection of specialty & geographic distribution of practices, psychiatrists from nonmetropolitan vs small vs large metropolitan areas, 7535
gender & sex role, career decision making, female vs male Certified Management Accountants, 21885
handedness & career choice, comments on J. Shettel-Neuber & J. O'Reilly's criticisms, 8393
Holland's Vocational Preference Inventory & Myers-Briggs Type Indicator, prediction of vocational choice, business administration students seeking master's degrees, 31356
home vs career-commitment attitudes & realistic vs fantasized career choices, male vs female vocational education vs college preparatory seniors, 10440
information about sex ratio & salary & position availability, exploration & choice of & predicted occupational success, male vs female college students, 23172
initial career patterns, male vs female applied psychology doctoral graduates, implications for sex role stereotyping in profession of psychology, 10212
job satisfaction, psychology baccalaureates, 1978–79, 2664
life history information, vocational decision making & identity & maturity, male vs female college students, 18546
locus of control & personality & academic major & verification of J. L. Holland's theory of vocational preference, college students, England, 18633
model of individual occupational choice & methods of vocational counseling, 10577
multiple discriminant analysis of J. L. Holland's personality factor profiles for occupational types, 5290
performance on National Board of Medical Examiners Examination, choice of professional specialty, medical school graduates, 20622
person-environment compatibility, vocational stability, 21–35 yr old workers, examination of J. L. Holland's theory, 10581
personality characteristics, occupational choice & job satisfaction, social workers, 2208
predictive validity of Career Decision Making System, 12th graders, implications for high school counselors, 13125
predictive validity of Career Decision Scale, measurement of longitudinal career indecision patterns, high school seniors, 4-yr followup, 5305
process & personality theories of career choice & development, Black males, implications for career education & vocational guidance, 18711
pursuit of educational activities vs employment in social work field, education graduates, France, 13174
rational decision making training, performance on career decision making skills test, community college students classified as rational vs intuitive vs fatalistic vs dependent decision makers, 31196
science classroom & extracurricular experiences, career choices, male vs female high school biology students & their teachers, 10439
self actualizing vs status quo vocational realism & socialization contexts, females, implications for counseling, 28668
self efficacy beliefs, prediction of academic performance & perceived career options, college students considering science & engineering fields, implications for career & academic counseling, 28617
SES & sex, secondary schooling & career choice & achieved level after secondary schooling & IQ scores, Netherlands, 4890
sex & sex role identity, vocational indecision, college students, 31404
sex differences, self efficacy for mathematics & science careers, disadvantaged 16–24 yr olds in precollege program, 31205

sex role attitudes & perception of appropriateness of occupation for males, 22–56 yr old female counseling graduate students, 2602
sex role attitudes & self esteem & traditional vs nontraditional career choices, male vs female 3rd–6th graders, 24187
significant contributors & publications in vocational behavior & counseling literature, citation frequency analysis, 18717
small-group counseling vs career course, career decidedness & maturity, 17–34 yr old college students, 28595
source & accuracy of prejob information, job choices & turnover rates, graduates of master's in business administration program, 6- & 24-mo followups, 13171
stability & test-retest correlations of construct of career indecision assessed by Career Decision Scale, college students, 23166
test of J. L. Holland's theory on career choice & personality & job satisfaction, 14–16 yr olds, implications for occupational guidance, Dominica, 18660
trait vs state anxiety & coping style, career decision making, college students, 27199
validity of modified Career Decision Scale, measurement of speciality indecision, medical school students, 18400
viewing of videotape of female in nontraditional careers & attitudes toward women, career choices for self & hypothetical daughter & self efficacy, female college students, 25949
vocational guidance & age & motivation & work situation, career choice in psychology field, 17–45 yr old psychology students, 13036
vocational interventions, complexity & positivity of occupational judgments, college students, 2-wk followup, 2608

Occupational Guidance [See Also Mentor]

artificial intelligence & computer development, counseling & vocational guidance, 2066
assessment methods used & degree of evaluation of patient work potential, occupational therapists working in mental health settings, 25535
attributions about unemployment, therapeutic processes & techniques, counselors & their unemployed clients, literature review, 18720
behaviorally based textbook & job seeking skills practice & corrective performance feedback, job finding skills, 21–37 yr old agriculture students, 28621
career & group counseling & assessment strategies, adjustment & career needs, learning disabled students, 23117
career counseling & education program, transition from prison to community life, ex-offenders from halfway house, 15407
career counseling & education, 20–50 yr old agoraphobic females, 22692
career counseling as mental health intervention, job stress, 15956
career counseling group program, career decisiveness & differences in personality & academic achievement, gifted male vs female college students, 31373
career development & counseling, business & industrial personnel, comments on articles by S. Stumpf & K. Hartman & W. Mihal et al, 28670

predictive validity of Career Decision Making System, 12th graders, implications for high school counselors, 13125
sex bias in items of Self-Directed Search Investigative subscale, comments on evaluation by A. Aronowitz et al, 16139
stereotypes & expectations, answer sheet of Vocational Preference Inventory, format of 14–50 yr olds, 28963
Strong Campbell Interest Inventory vs Vocational Card Sort as career exploration strategies, career decisions, 25–56 yr old female reentry students, followup study, 23171
test of J. L. Holland's theory on career choice & personality & job satisfaction, 14–16 yr olds, implications for occupational guidance, Dominica, 18660

utility & educational value & enjoyability of vocational assessment batteries vs structured vs unstructured individual counseling vs mixed- vs same-sex career groups, gifted high school seniors, 31344

Occupational Interests

administration of psychotropic drugs, vocational aptitude & interest scores, psychiatric inpatients, 30737

Career Assessment Inventory, measurement of interest in realistic occupations & occupational uncertainty & preferences, noncollege bound 11th graders in vocational/technical vs nonvocational/technical programs, counseling implications, 18569

career in technology vs technical management, interests & needs & satisfaction, engineers, 2611

cognitive differentiation & complexity, crystallization of vocational interests, undergraduate career counselees, 18688

college course choice & scores on Vocational Preference Inventory & Work Aspect Preference Scale, technical college students, Australia, 18663

correlation between J. Holland's vocational interest personality types & measured abilities, prediction of vocational outcomes, female college students, 18551

cross cultural differences, occupational interests, male student & professional engineers & lawyers, Mexico vs US, 23164

cultural factors, vocational interests, male & female career guidance applicants from different ethnic backgrounds, Australia, 23161

educational & vocational interests, 8th graders with verbal vs figurative cognitive style, 6099

expressed vs inventoried occupational interests using Strong-Campbell Interest Inventory scales, female college students, 10514

family background & career desires & interests, career selection, high school students, 13029

human occupation model, identification of self esteem & locus of control & interests & values & roles & habits & feelings of efficacy, dysfunctional 14–18 yr olds hospitalized with psychosocial problems, 4696

information about sex ratio & salary & position availability, exploration & choice of & predicted occupational success, male vs female college students, 23172

motivational aspects of scholastic capacities & interests, development of cognitive processes, vocational students, 13038

noninterpreted vocational tests, vocational attitudes & self concept, 13–15 yr old high school students, 2573

occupational aspirations & interests, culturally disadvantaged 11 yr olds, 4-yr followup, 14211

occupational interests & leadership styles, female vs male research & development vs technical vs nontechnical managers, implications for technical management & career development, 18708

prestige & sex type & vocational interests, college course choice, 17–42 yr old high school equivalency students, implications for occupational preference, 7791

self efficacy & interest, consideration of traditionally male vs female occupations, male vs female 8th–9th graders, 10451

spinal cord injury, vocational interests, 20–72 yr old males, 23170

vocational interest & concepts of score profiles, 2604

vocational interests & actual work & self perceived motivational factors, job satisfaction, mildly to moderately mentally retarded 38–80 yr olds in residential facility, Israel, 12752

vocational interests, male college varsity football players, 20749

vocational interests, male vs female epileptic outpatients, 6761

Occupational Mobility

adaptive attitudes & behaviors & sex & age & occupational level & education, perceptions of promotion opportunity, government agency employees, 18772

collapsibility vs internal homogeneity models reformulated as restricted latent structure models, relationally defined social classes & occupational mobility, 8941

exchange & structure in quasi-symmetry model of occupational mobility, Brazil & UK & US, 24261

geographic & occupational mobility, nostalgia & identity discontinuity, male vs female White vs non-White 18 yr olds & older, test of F. Davis's hypothesis, 3725

intergenerational & career mobility patterns & fluidity, 20–64 yr old males, Great Britain vs US, 24258

job rewards & SES & wages & IQ & age, job mobility, 14–24 yr old females, 6-yr longitudinal study, 7784

marital & family status & personal attributes & job & family related factors, occupational mobility & earnings, married White females working part-time vs full-time, 7782

need for employee counseling, workers with plateaued careers, 2610

quality of college &/vs family social origins, occupational attainment, college graduates, 8-yr longitudinal study, 7792

rural to urban & interurban migration experiences, occupational mobility, migrant vs nonmigrant females aged 15 yrs & older, Nigeria, 26969

social class & social structures, career mobility, males, Austria vs France vs US, 31514

social class, career mobility, 20–65 yr old males, 28717

Occupational Neurosis

cognitive/behavioral vs relationship-oriented psychotherapy, clinically severe job-related distress & stress management, managerial/professional workers with psychiatric symptoms, 30553

undercover investigative methods & prolonged role-played pseudoidentities, personality changes & depression & anxiety, drug enforcement agents, implications for undercover personnel selection, 30138

Occupational Preference

age & social & family characteristics, prediction of vocational orientation, urban junior & senior high school students, France, 25819

assumption of stability of occupational value structures, career decision makers, criticism of commonality hypothesis, 7793

attitudes toward self employment, male vs female high vs low SES intermediate vs undergraduate students from urban vs rural areas, India, 31258

convergent validation via decision theoretic paradigm of predictions of vocational preference, 17–36 yr olds, 86

harmonious career values within decision scheme, occupational preference, high school students, 29682

perception of increased proportion of female incumbents, prestige & desirability of high status occupations, Black vs White male vs female college students, replication of J. C. Touhey's findings, 13039

prestige & sex type & vocational interests, college course choice, 17–42 yr old high school equivalency students, implications for occupational preference, 7791

social & economic factors & knowledge of impact of labor market conditions, career choice & selection of major field of study, newly admitted college students, Great Britain, 31244

Occupational Safety

acoustic signals for dangerous situations in factories, 20901

assigned vs participative goal setting, occupational safety performance, paper mill workers, 23213

attitudes toward danger associated with working at high altitudes, experienced vs inexperienced workers, 2665

behavior modification, reduction of occupational exposures to styrene, plastics workers, 23148

design & management of workplace, health & safety, employees, 31494

evaluation of health & safety training in occupational setting, occupational health practitioners, 25966

health implications of work with CRTs, literature review, 13155

human factors of industrial robots & robot safety management, Japan, 20902

identification & diagnosis & response to emergencies, operators of man-machine systems, implications for training, 25964

level of insertion instructions, noise attenuation realized with protective earplugs, adults, implications for workplace safety, 28813

National Institute for Occupational Safety & Health neurobehavioral testing & research in neurotoxic hazard evaluations, conference presentation, 23355

occupational exposure to Otto Fuel II, morbidity & mortality rates, Navy torpedomen's mates, 2595

occupational exposure to toluene, development of irreversible schizophreniform psychosis, 29 yr old male, 19926

occupational medicine research in toxicology & psychology & pathology, USSR, 1981–84, 20833

occupational risk factors, female & male patients with primary lung cancer, Italy, 24872

on-the-job evaluation of safety & methods used in lifting & transporting physically handicapped patients, nurses & aides & attendants, implications for prevention of occupational injury, 16023
organizational stress & anxiety & occupational accidents, 16011
proactive public policies for healthy work places, conference presentation, 10568
problem solving techniques, medical diagnosis of symptoms, 32–40 yr old workers following exposure to hazardous chemicals, 14904
production bonus system vs informal safety standards, accident rate in underground coal mines, Australia, 2655
psychological simulation of task & mental training methods vs training-by-doing, safe training method, machine plant trainees, 25965
role in occupational neurotoxicology, psychologists, comments on article by G. E. Huszczo, 12876
tests used in National Institute for Occupational Safety & Health research on neurobehavioral effects of chronic exposure to industrial chemicals, workers, review of worksite studies, 1973–83, conference presentation, 23397
visual display technology & work organization, worker disablement, Australia, 10573

Occupational Status

adaptive attitudes & behaviors & sex & age & occupational level & education, perceptions of promotion opportunity, government agency employees, 18772
age & SES & income & educational level & job status, urban economic & social life, domestic vs nondomestic working females, Colombia, 31439
age & sex & marital status & occupation, mortality due to alcohol poisoning, 16–81 yr olds, Finland, 24796
attendance at 2-yr colleges, job status & stability & satisfaction, graduates of 4-yr colleges, longitudinal study, administrative & research implications, 18563
demographic characteristics, occupational prestige evaluations, urban Ss, Israel, 2600
employer's perception of accomplishments & status of applicant's employment, male vs female job applicants, 20846
father's occupational status & education & mother's education & respondent's ability & high school curriculum & grades, predictors of postsecondary educational attainment, Black vs White high school seniors, 31242
frequency of association in voluntary groups & community size & occupational prestige & education, anomie, 1135
individual & organizational characteristics & career behavior & job attainment, males vs females in public planning careers, 10610
initial employment patterns & adjustments, male vs female college graduates, implications for career & vocational counseling, replication of study by G. D. Knight et al, 10545
job perceptions & adjustment, working women, India, 2675
job status & network proximity, evaluation of prospective nonprofit donees, corporate giving officers of publically held businesses, 31453
marital & occupational & psychiatric & residential statuses, patients with schizophreniform disorder vs schizophrenia vs affective disorder, 40-yr followup, 30115
occupational prestige, mortality rates, Black vs White alcoholics, 24758
organization level & perceived physical & social work environments, prediction of job perceptions & attitudes, state government employees, 5125
perception of career commitment & satisfaction & professional self image, male vs female medical students, India, conference presentation, 15466
perception of increased proportion of female incumbents, prestige & desirability of high status occupations, Black vs White male vs female college students, replication of J. C. Touhey's findings, 13039
police stress as means of gaining professional legitimacy & prestige & of coherence to conceptions surrounding tasks & role expectations, police professionals, 24402
prestige associated with own & husband's occupation, marital satisfaction, 55–85 yr old employed vs retired wives of employed vs retired husbands, 17061
quality of college &/vs family social origins, occupational attainment, college graduates, 8-yr longitudinal study, 7792
ratings of occupations' social prestige, 1969 vs 1982, 10580
rural to urban & interurban migration experiences, occupational mobility, migrant vs nonmigrant females aged 15 yrs & older, Nigeria, 26969
self vs social perception of occupational status, commissioned Army nurses & physicians, 18719
sex & high vs low job title status of influencer vs target, directness vs politeness of persuasive style of influencer, male & female college students, 14444
sex & official status groupings, teacher career promotion, primary vs secondary school teachers, New Zealand, 28377
sex role generalizability of occupational prestige ratings, college students, 19767
shifts in mix of occupations in economy & racial composition of occupations, occupational convergence, Black vs White females, 1910 vs 1930 vs 1950 vs 1960 vs 1970, 8965
social support & ambiguity & hierarchical level, role conflict & ambiguity & overload vs job satisfaction & job search intent as responses, bank employees, 31495
stability of Franck Drawing Completion Test & effect of occupational status, assessment of unconscious gender identity, 20–34 yr old males, 7-yr followup, Sweden, 29911
strategies for dealing with employee status deprivation, supervisors, 28749
structure of power & cultural norms & structural aspects of work & management development, reinforcement of occupational segregation on basis of sex, females, 31449
training & career issues, American Psychological Association affiliated master-level clinicians, 15534
working activities & conditions, affective reactions, full-time clerical employees with different occupational situations, 13244

Occupational Stress

actual & potential work stressors, mental health & job satisfaction, tax officers, United Kingdom, 26012
age, occupational stress & strain & coping behavior, 25–54 yr olds, 2671
age-specific hospitalization & disability & mortality rates for diving-related vs stress-induced & other disorders, Navy enlisted divers vs nondivers aged 17 yrs & older, 11872
alcohol abuse, nervous system & work-related disorders, conference presentation, 12063
anxiety as organizational phenomena & consultancy experiences, conference presentation, 12307
anxiety level & dental stressors, 1st yr vs senior dental students vs practicing dentists, 15474
assertiveness, locus of control & health problems associated with stress, 21–58 yr old mental health & retardation center direct-care workers, 25698
behavioral & psychophysiological & subjective measures & cardiac activity, decorated vs nondecorated bomb-disposal operators, replication of experiment of D. Cox et al, 8449
burnout, university hospital surgical & medical intensive care & non-intensive care unit nurses, 15504
career counseling as mental health intervention, job stress, 15956
cases of mental illness caused by employment covered under Oregon worker's compensation insurance, 24363
causes & prevention of personal difficulties & stress of residency training, physicians, 2248
chronic & acute occupational stress & plasma immunoglobulin & personality correlates & complement components, 26–65 yr old primary school teachers, 3219
classical vs colleague-peer vs team models of supervision, professional isolation, child care workers, 31059
clockwise vs counterclockwise rotation of work shifts, sleep & stomach problems & cardiovascular risk factors, policemen, Sweden, 5100
cognitive/behavioral vs relationship-oriented psychotherapy, clinically severe job-related distress & stress management, managerial/professional workers with psychiatric symptoms, 30553
concept of burnout & effect of therapeutic relationship, psychotherapists, 15517
construct validity of rating scales, assessment of coping behavior related to occupational stress, managers & professionals in manufacturing firm & osteopathic hospital, 28975
construction & validity of Medical Personnel Stress Scale, emergency room personnel, 137

corporate mergers & role of human resources department, coping with physical & mental stress, employees, 28786
correlates of burnout, police officers, Canada, 26011
cue-controlled relaxation technique, stress & satisfaction & performance, male middle managers with stress problems, 3-mo followup, implications for employee development & assistance programs, 25999
demographic characteristics & working environment, perceived unit effectiveness & occupational stress, purchasing agents, 31513
departmental structure & locus of control, job stress, hospital health care personnel, 10632
dependent vs independent work vs working conditions vs stress vs fulfillment of desires, psychological well-being, gainfully employed males vs females, 2661
depression following job promotion, Marine colonels, application of psychodynamic approach to stress & occupational psychiatry, 2649
development & validity & reliability of Teacher Stress Inventory, teachers of exceptional students, 15897
different vs single cognitive tasks, mental work load & performance & work stress, 2625
dynamics & sources & prevention of burnout, special education personnel, 28379
effectiveness of 2 stress reduction programs, emotional exhaustion & personal strain & absenteeism as indicators of occupational stress, 26–60 yr old working women, 30685
etiology & management of stress, illustrative case of corporate manager, implications for role of human resource professionals in stress reduction programs, 5108
experience level, perceptions of problems related to profession, beginning vs experienced teachers, Norway, 31145
extent & intervention of job burnout, probation & parole officers, 7880
extent of burnout, perception of student behavior, elementary school teachers, 15624
factor analysis of Teaching Events Stress Inventory, assessment of source & level of task-based stress, public school teachers, 10848
factor structure & norms of Maslach Burnout Inventory, 20–62 yr old nurses, Great Britain, 28950
factors in & degree of occupational stress, teachers of learning disabled vs nonlearning disabled handicapped students, 18430
fear for health or life, neuroticism, males & females in different occupations, Czechoslovakia, 14499
humanistic qualities & patient care, stress, physicians, criticism of article by C. Clements, 18338
identification & rank ordering & impact of occupational stress causing events, teachers, 28403
institutionalized patients & staff burnout, graduate nursing students in mental health/psychiatric nursing rotation, 20571
interrelationships between work & stress & health, conference presentation, 13241
job burnout, 26–43 yr old current vs 31–54 yr old former narcotics investigators vs 21–43 yr old patrol officers, 26034
job content & work load & organizational factors, psychosocial aspects of occupational health, word processing employees, 10639
job-induced structural vs emotional interference, quality of family life, 25–34 yr old White male rotating-shift plant operators & their spouses, 5104
job-related stress, need for & use of over-the-counter & prescription drugs & alcohol, special vs regular education teachers, 12903
job related stresses & satisfactions, chairpersons in doctoral-level psychology departments, 28281
job stress & coping behavior & alcohol use, police officers, 26032
job stress & environment & individual coping response & perceptions of stress, anxiety & depression & physical symptoms, full-time employed business & professional females, 16019
job stress & mental health & marital adjustment & social relations, off-the-job adjustment, single vs dual career couples, 29848
job stressors & social support, job satisfaction & performance & absenteeism & boredom & depression & heart rate & blood pressure, hospital nurses, 31074
lack of colleague contact & role confusion in outside relationships & client confidentiality, sense of isolation, Christian psychotherapists, 28311
leadership orientation & situational control, job stress, college administrators, 4814
locus of control & age & sex, perception of occupational stress, teachers, 15605
locus of control & self reported burnout, personnel managers, 23217
mental health & absences from work & sources of stress & satisfaction, elementary school teachers, New Zealand, 2310
methodological issues in organizational stress research, 20831
multidisciplinary behavioral treatment, headache following occupational trauma, 54 yr old male, 25230
nominal group & Delphi group decision making techniques, identification & ranking of occupational stressors, nursing home administrators, 15530
nominal group technique, identification & resolution of work-related problems, elementary school teachers, 4822
nonreactive measurement, absenteeism & occupational stress research, 2648
occupational sex discrimination & bias & stress & familial demands, mental & physical well-being, female managers, 20884
occupational stress & personal strain & personal resources in leadership roles, priests vs ministers vs seminarians vs nuns vs brothers, 26029
occupational stress & social support & locus of control, depression, family physicians with mean age of 48 yrs, 4782
occupational stress as result of role conflict & public discussion of costs of success, professional females, 7847
occupational stress, female police officers, bibliography, 5109
occupational stress, marriage, family relations, female & male clergy & their spouses, 29844
occupational stressors, job dissatisfaction & ill health, implications for aviation personnel, conference presentation, 13232
organizational development & management of coping & intervention strategies for occupational stress, employees, 16020
organizational stress & anxiety & occupational accidents, 16011
organizational techniques for reduction of occupational stress, 28792
organizational training program, employee tensions & discrimination as females enter management positions, 28706
pacing speed & rigidity constraints, classification task accuracy & response time & heart rate, 20–30 yr old industrial inspectors, 25971
paid employment, health, females over vs under age 40 with vs without children, England, 31398
peer & administrative support & stress, full time special education teachers, 15601
peer support & job stress, smoking intensity & cessation, male members of kibbutzim aged 35 & older, Israel, 9082
perceived job-related stress, life stress & social adjustment & health, special education teachers, 2299
perceived job stress & dissatisfaction & types & sources of social support, female critical care nurses, 15532
perceived job stress & social support, psychological health, family practice residents, 31088
perceived occupational stress & personal strain & coping resources, 1st vs 2nd vs 3rd yr medical residents vs faculty members, 28272
perceived reasons for compliance with principal's requests & perceived social support from principal & fellow teachers, elementary school teachers, implications for occupational stress, 15589
perceived role & coping behavior & school climate & status & salary, stress & dissatisfaction & intervention to leave teaching, experienced public high school teachers, 2320
perceived role conflict & role ambiguity & burnout, special education teachers, 22885
perception of degree of stress of various situations & frequency of strategies used to cope, teachers from comprehensive schools, UK, 28393
perceptions & causes of job stress & burnout, probation & parole officers, 15960
perceptions of stress in school situations, elementary vs secondary full-time & student teachers, 28388
person to person interaction, triglyceride vs uric acid levels vs coronary risk, managers, 2-yr longitudinal study, 31459
Pilot Advisory Group, personal problems from occupational stress, professional pilots, conference presentation, 13239

police stress as means of gaining professional legitimacy & prestige & of coherence to conceptions surrounding tasks & role expectations, police professionals, 24402
problems in alcoholism halfway houses, staff, 18396
professional life span perspective & management of burnout, psychologists, implications for graduate school education, 15551
professional stress, 26–73 yr old residents vs academic vs community physicians in family practice, 2247
professional training & attitudes toward teamwork & data & patient & caregiver role & social work function, work strain, physicians & social workers, 7538
psychological & social factors, stress in workplace, 10620
pupil control orientation, occupational stress, 23–65 yr old teachers, 18434
questionnaires vs hormone level tests, stress assessment & management, business & industrial personnel, 167
rationale for & research on work transitions in prevention research, 12674
reliability & construct validity of Maslach Burnout Inventory, assessment of emotional exhaustion & depersonalization & personal accomplishment, advanced & graduate education students, 23468
responses to occupational stress, males vs females, literature review, 2659
role conflict & ambiguity & powerlessness & demographic & contextual variables, burnout, high school supervisors, 18438
role conflict & ambiguity in occupational stress & perceived level of burnout, public school reading specialists vs teachers vs guidance counselors vs school psychologists vs school social workers, 20659
role conflict & need for achievement, job anxiety, 34–50 yr old supervisors, India, 26004
role conflict or ambiguity & physiological correlates of occupational stress, coronary heart disease risk, male highway patrol officers, replication of study of C. G. Weiman, 26022
script program of actions during flight, reduced stress & tension, flight crew, 7805
serum cholesterol & uric acid levels & mood, prediction of stressful diving performance, 21–36 yr old Navy divers, 7-yr longitudinal study, 566
sex & family variables, job burnout, male vs female 18–70 yr old health & service workers & claims & service & telephone service representatives, 18773
sex differences, impact of work on physical & mental health, business & managerial professionals, 7881
shiftwork schedules, stress & psychosomatic complaints, male blue collar workers, 16007
social interaction & negative emotions & work process control & job demands, work stress & satisfaction, comprehensive 1st–9th grade teachers, 25744
social skills training, vocational interpersonal skills & alcohol use & inpatient hospitalizations & job stress, 51 yr old male, 24-mo followup, 28194
social support & ambiguity & hierarchical level, role conflict & ambiguity & overload vs job satisfaction & job search intent as responses, bank employees, 31495
social support & life stress & work setting, burnout, female psychiatric & operating room & intensive care & medical specialty nurses, 18357
social support, incidence of burnout, female child welfare workers, 15481
social support, job stress & strain & negative health outcomes following Three Mile Island plant accident, nuclear workers, 31500
social support networks & role structure, emotional exhaustion & personal accomplishment & depersonalization, staff members of residential rehabilitation & mental health center, 20600
social support, work stress responses, employees, 18761
sources of stress during student teaching, burnout, teachers, suggestions for stress management, 15604
specific stress factors, city police officers, 7879
stress & coping mechanisms, social workers & their cancer patients & families, 15312
stress & coping mechanisms, 1st & 2nd yr family practice residents, 18397
stress & work conditions & aging, performance, employees, 7856
stress inoculation vs classroom management training, anxiety, experienced teachers, 4-wk followup, 4824
stress levels, casino floor employees vs workers in other occupations, 31530
Stress Profile for Teachers, measurement of level of & factors in stress, teachers, Canada, 22903
stress ratings in psychotherapeutic work, 27–76 yr old licensed psychologists, replication & extension of study by B. A. Farber & L. J. Heifitz, 18375
stress-related psychogenic hearing loss, 43 yr old male air traffic control officer, 17626
structural vs informational vs emotional support, job satisfaction & stress, Black clerical & technical & managerial personnel, 10628
subjective effect of line-of-duty fatal shootings, line patrol vs special weapons & tactics officers, implications for providing psychological services, 3-yr longitudinal study, 10640
supervisory group process, burnout & countertransference in alcoholism treatment, treatment staff, 2277
support services, staff-related stress & professional & personal growth, patient care providers, 18402
symptoms & causes of burnout, professionals caring for severely disabled persons, 2232
tracking system, occupational stress & self esteem & competition, high school teachers, 2309
troubled student behavior & occupational stress & professional role, elementary school teachers, 31161
Type A behavior & hardiness, cardiovascular & biochemical responses to common job stressor of role ambiguity, adult males, 2-yr longitudinal study, 30020
Type B personality & social support & personal habits & attitudes, stress resistance, employees, 28715
use of Rasch scales in measurement of work satisfaction & climate & stresses, employees, 10799
utility of Maslach Burnout Inventory, family practice physicians, 23471
validity of academic dimensions of self concept scale relative to scales of Maslach Burnout Inventory, elementary education graduate students, 15898
views on occupational stress factors, kindergarten through 6th grade teachers, 10299
war & threat of external aggression, emotional reactions & posttraumatic stress disorder, soldiers, Israel, 6619
work environment & overload & supervisor style as work stressors, cognitive appraisal processes & coping strategies, 15–18 yr olds, 16891
work environment & personality & coping behaviors, dysfunctional stress, college faculty, 4823
work environment & supervisory social support, burnout, nurses employed in military hospital, 22812
work experiences & stressors, wife abuse, husbands, 22148
work orientation & job involvement & assertiveness & burnout, 19–67 yr old secretaries, 10446
work stress & coping strategies, primary school teachers, New Zealand, 10285
zone of functional comfort in multiparameter compensatory tracking task, stress & job performance, implications for design of data display devices, 10654
60-minute periods of stressful CRT tasks, cognitive performance & motivation regulation, employees, 2668

Occupational Success

affirmative action, perceptions of doctoral study & career progress, male vs female doctoral graduates in education, 1964–70 &/vs 1974–80, 22913
attainment related attitudes & behavior, occupational success, 16 yr old school dropouts, 1–2 yr followups, England, 28672
attendance at desegregated schools, occupational attainment, Blacks followed from elementary school to adult employment, 20857
attendance at 2-yr colleges, job status & stability & satisfaction, graduates of 4-yr colleges, longitudinal study, administrative & research implications, 18563
career success after high school, former students of high school learning disabilities program, implications for career guidance, 13082

facial attractiveness rated by college students, academy performance & rank attained 12 yrs later, White male military service academy graduates, implications for organizational stereotyping, 18731
gender vs performance evaluation, attribution of success in masculine task, managers, Israel, 5066
sex role identification & career achievement, working females, 17175
success through trust & dependability & social standing, female managers, 23234
validity of National Teacher Examination vs teacher supervisor ratings, prediction of employment success, elementary education student teachers, 23417

Occupational Success Prediction
criterion validity of Ball Aptitude Battery, prediction of success, carpenters & horticulturists in training & accountants & production workers & school teachers, 13409
determination of aptitude type & aptitude minimum score in job specialties, Air Force enlisted personnel, 5058
development of quickly scored in-basket exercise, prediction of 1st-level supervisory performance, 23–64 yr old 1st-line supervisors, 28956
grades & standardized tests vs extracurricular activity, occupational success prediction & personnel selection, implications for educational program planning, 2620
information about sex ratio & salary & position availability, exploration & choice of & predicted occupational success, male vs female college students, 23172
learning ability & occupational interest measures, prediction of success in occupational training & employment, female welfare recipients & participants of Work Incentive Program, 23165
measures of academic ability & adult accomplishment, gifted & scientists & technicians & physicians & managers & high school & college students, literature review, 28468
personal- & work-related reference checking in selection process, prediction of future job performance & adjustment & group participation, professional & technical & clerical personnel & college students vs blue collar workers, 31415
postsecondary vocational adjustment, rural educable mentally retarded & specific learning disabled & emotionally disturbed 9th–12th graders, 4937
prediction of employment success, partially sighted school leavers, 6904
predictive validity of IQ & aptitude tests for job applicant screening, vocational success, civil service job candidates, 2614
predictive validity of pre- vs postdiscussion assessment center ratings, officer training suitability, naval candidates, England, 7799
speech style & gender stereotypes, perceptions & expectations of corporate success, male vs female managerial job applicants & college student Os, 20861
validity of biographical inventory, prediction of occupational success, real estate salespersons, 2-yr followup, 18730
validity of National Teacher Examination vs teacher supervisor ratings, prediction of employment success, elementary education student teachers, 23417
validity of situation tests, assessment & selection, police recruits, 13185

Occupational Tenure [See Also Teacher Tenure]
age & education & tenure & salary & intrinsic vs extrinsic job characteristics, job satisfaction, public employees, 5111
education &/vs length of experience &/vs interpersonal work environment, person-role conflicts & job satisfaction & propensity to leave job, staff nurses, 7521
placement into unsubsidized competitive employment, job retention, mentally retarded Ss, 6-yr followup, 12760
self monitoring, job tenure & performance & role perceptions, insurance agents & retail sales associates, replication of experiment by D. F. Caldwell & C. A. O'Reilly, 31504
seniority & training performance & previous job performance & interjob similarity, trainability, textile workers, 31434
structure & characteristics of lifetime employment system & job security, employees, implications for career guidance, Japan, 18718

Occupational Therapists
assessment methods used & degree of evaluation of patient work potential, occupational therapists working in mental health settings, 25535
attitudes toward & performance regarding sexual habilitation of chronically ill & disabled infants and children, registered occupational therapists, 25636
demographic & organizational & situational & leadership factors, job satisfaction, occupational therapy directors vs registered therapists, implications for psychosocial rehabilitation, 12800
educational strategy for marketing & implementation of occupational therapy clinical program for hospitalized psychiatric patients, occupational therapy students, 22811
functions & role as member of burn care team, occupational therapists, 30963
individual characteristics & support systems, leadership attainment, 36–74 yr old female occupational therapists, 12866
knowledge development & values & learning styles, graduate vs undergraduate occupational therapy students vs therapists, implications for professional education, 10183
level of education vs length of professional experience, attitudes toward theory development, experienced therapists vs recent occupational therapy graduates, 25690
lifestyle & sensory & physiological changes & increased illness, role in vocational rehabilitation of elderly, occupational therapists, 7465
managerial leadership, job satisfaction, occupational therapists & their directors, 20575
perceptions & ratings of managerial leadership & staff job performance, occupational therapy directors & their nonmanagerial registered occupational therapist staff, 25624
preprofessional vs academic vs fieldwork experience, development of preference for specific area of clinical practice, 22–51 yr old occupational therapists, 25628
priorities & time allocation patterns, female occupational therapists in physical impairment & rehabilitation & psychiatry & pediatrics areas, implications for job satisfaction, Israel, 12820
refresher course as means of encouraging nonpracticing personnel to return to work, occupational therapists, UK, 4757
revision of American Occupational Therapy Association's Fieldwork Performance Report, implications for education & training, 7519
role in day unit of hospice, occupational therapist, 2091
role in work evaluation, occupational therapists, 7462
sex role attitudes, physicians & psychologists & social workers & nurses & occupational therapists working as psychotherapists, 25646
stages of transition from clinician to academician & professional development, occupational therapists, 12846
summary of statements from work of E. C. Slagle on occupational therapy, 1914–41, 25554

Occupational Therapy
acquisitional & developmental & analytic theory, planning & treatment in vocational occupational therapy programs, 7454
activity-based model for crisis intervention, implications for occupational therapy, 2161
adaptation of Likert scaling for use with children, 6–8 yr olds, implications for occupational therapy, 5330
assessment of beneficiality of occupational therapy activities in psychiatric day care, middle aged ex-day-unit patients, 18284
audiotapes as alternate teaching method, continuing education in occupational therapy, 20616
awareness & utilization of community domiciliary occupational therapy facilities, trainees & their trainer general practitioners, 10126
body perception, females with anorexia nervosa vs occupational therapy students, implications for occupational therapy activities, 15432
characteristics of effective supervisor & roles & responsibilities & need for formal standardized training programs, occupational therapy student supervision, 22–56 yr old therapists & 20–49 yr old students, 25627
church service illustrating holistic approach as part of hospital occupational therapy program, elderly mentally ill, 18261
client education techniques, occupational therapists working with burn victims, 25491

clinical supervision approach based on theories of personality development, occupational therapy students, 2271
competency-based educational models in clinical occupational therapy, 15422
computer analysis of readability, abstracts from occupational therapy journals, 22744
computer software design for occupational therapy, 28213
concept of work, occupational therapy, 7460
construction of sensory play box, sensory motor stimulation, mentally handicapped hospitalized patients, 2147
domain of concern in A. C. Mosey's professional model for occupational therapy, 15427
educational diagnosis & mastery of handwriting skills, learning disabled students, implications for occupational therapy, 22770
evaluation of organization & objectives & treatment process in occupational therapy on forensic psychiatric unit, psychiatric patients, Canada, 15430
group life review therapy & reminiscence, nursing home patients, 4398
history & description of survey designs & data collection methods, occupational therapy, 23376
history & future directions of occupational therapy, 25555
history of leisure & work, job satisfaction, unemployed persons, implications for occupational therapy, 28218
interdisciplinary rehabilitation approach by occupational therapist & orientation & mobility specialist, blind & visually impaired adults, 25543
internal & external memory strategies, memory disorder management in occupational therapy, 10141
knowledge of self, empathetic disposition, occupational therapy students, 10181
learning preferences & educational & personal values, college & graduate occupational therapy students at beginning of education vs while on affiliation vs 1st vs 2nd semester college & graduate students, 25616
measurement of clinical competence, female occupational therapy students, 10254
mental health problems & programs & occupational therapy & other services & rate of utilization, elderly, 4612
monistic & pluralistic approaches to professional identity in occupational therapy, 15528
need for comprehensive occupational therapy service, mentally ill & mentally retarded, 4624
occupational & speech therapy, preschool children with developmental problems, 14963
occupational activity analysis in simulated work evaluations, physical & psychological work potential, 58 yr old male cardiac patient, 7478
occupational therapy & health care planning of programs & policies, 15425
occupational therapy academic GPA, fieldwork performance ratings, college students, 7536
occupational therapy, anorexia nervosa, conference presentation, 25549
occupational therapy in public mental hospital, 10106
occupational therapy in therapeutic community of psychiatric hospital, 15353
occupational therapy intervention, 22–87 yr old cancer inpatients with metastatic disease, 7475
occupational therapy, manic patients, 30989
occupational therapy program, mentally handicapped 17–23 yr olds in residential center, 4646
occupational therapy, psychomotor & occupational skills, severely mentally retarded, 7458
prediction of participation in social activity program, moods & loneliness, residents of senior citizen apartment 50 yrs old & older, 15404
preselection interviews & academic performance, achievement in program of occupational therapy, high school & college students, 15760
primary care occupational therapy service, hospital discharge & rehabilitation, elderly patients, 28216
process of curriculum revision in occupational therapy undergraduate program, 15520
professional socialization theory, occupational therapy education, occupational therapists, 7546
qualitative research methods in occupational therapy research, 23380
reality orientation in ward-based program, institutionalized elderly, 30959
reliability & validity of retrospective process audit approach to quality assurance for use in community occupational therapy, depressed patients, 22753
role of occupational therapist in token economy system, behaviorally disordered adolescents with mild to moderate degree of mental impairment, 18023
role of occupational therapy & activity-oriented approach, patients with anorexia nervosa or bulimia, 15417
role of occupational therapy in hand rehabilitation, 30994
roles & functions of occupational therapy in mental health, 30855
sharing vs nonsharing of materials, evaluation & power & action aspects of affective meaning during college activities, female college students, 12736
social systems model of J. W. Getzels & E. G. Guba, role conflicts & responsibilities in fieldwork experience, occupational therapy student trainees, 20601
statements & quotes from A. Meyer on psychobiology, implications for conceptual foundation of occupational therapy, 25556
summary of statements from work of E. C. Slagle on occupational therapy, 1914–41, 25554
therapeutic games in occupational therapy, psychiatric patients, 15408
therapeutic techniques for occupational therapist's role in assessment & diagnosis, alcohol dependent patients after detoxification, 25604
therapist role & relaxation groups in occupational therapy, development of self help tools & social networks, female clients, 25565
therapist role in using painting & body image exercises in occupational therapy, 6 yr old female victim of multiple sexual assaults, case report, implications for child psychiatry, 25541
transcultural factors, occupational therapy, 4683
trends & reimbursement mechanisms & health care services in occupational therapy, 30803
university based occupational therapy program, therapist training & daily life management skills, chronic schizophrenic patients & occupational therapy students, 12748
use of anthropological fieldwork techniques in occupational therapy research, 22752
use of BBC microcomputers as psychiatric tool in occupational therapy departments, Great Britain, 18304
vestibular semicircular canal &/vs visual stimulation in occupational therapy, 5–9 yr olds suffering from attention deficit disorder with hyperactivity, 1-yr followup, 7452

Occupations [See Also Related Terms]

attitudes toward & incidence & types of work-related illness, patients in family medicine center, 14909
characteristics & career opportunities, special education students, West Germany, 7700
gender labels, evaluation of sex typing of occupations, 3rd vs 5th graders vs high school vs college students, 938
intellect & personality & interests, factor analysis of occupational titles, 31403
mathematical models of high vs low proportion of Blacks in labor force with high vs low occupational vacancy rate, achievement of racial equality through affirmative action & economic growth, 27065
measurement approaches & problems, operationalization of gender-concentrated occupations & educational settings in research, 31406
methodological problems, epidemiologic study of work-related diseases, conference presentation, 12215
occupation, alcoholism, conference presentation, 12088
occupation during adolescence & at disease onset, risk of multiple sclerosis, adult patients, West Germany, 27603
occupational classifications & salaries, severely visually impaired adults, 17606
presentation of work options for females & perception of personal power & responsibility in jobs, established vs new women's magazines, 1971–80, 9072
program of World Health Organization, identification & magnitude of work-related diseases, conference presentation, 12192

psychosocial effects of occupational intermittent husband absence, wives of offshore oil rig workers, 11630
role as vocational expert in forensic context, psychologists, 12788
social world of race track backstretch, workers & trainers, 26958
vocational training, later work careers, substance abusers, 5-yr followup, 25581
work hours & amount of physical activity & psychological factors, insomnia, 45–57 yr old workers in various occupations, conference presentation, 12254
Octopus
social spacing & interactions & feeding in laboratory environment, E. Moschata, 26447
Ocular Accommodation
age & degraded viewing environments, speed of accommodation, 20–54 yr old male airline employees, 10913
age, maternal crystalline lens dynamics during ocular accommodation, 11 vs 19 vs 29 vs 45 yr olds, 29047
changes in retinal image & pupil size during ocular accommodation, amplitude of pattern reversal visually evoked responses, 20–29 yr olds, 522
changing target size as stimulus for accommodation, 23–35 yr olds, 23554
dosages of alcohol, visual accommodation to nonmoving targets & dark focus, 21–22 yr old males, 21561
eye convergence &/vs ocular accommodation cues, egocentric distance estimates of single point source of light, 20–61 yr olds, 16263
flashblindness data, prediction of visual thresholds & adaptation following microsecond exposures to electron beam, 10926
instruction & higher level control in accommodation studies' response spatial frequency profile, amblyopic vs strabismic vs normal Ss, 7990
near point of ocular accommodation, pigeons, 29287
pupil size, steady state monocular accommodation, 20–30 yr olds, 23580
sinusoidal & square wave grating contrast, steady-state accommodation, strabismic without amblyopia vs amblyopic vs former amblyopic 17–27 yr olds, 30375
spatially & temporally modulated stimuli of sinusoidal gratings presented in Maxwellian view, accommodative responses, experienced Os, 21109
visual accommodation & apparent size, judgments of size & distance, pilots, review of psychophysiological experiments, 19074
volitional emphasis &/vs recent processing of relevant information, control of covert attentional focus in visual processing, college students, 29062
Ocular Dominance
clonidine administration during monocular deprivation, CSF levels of norepinephrine metabolites & ocular plasticity in visual cortex, kittens, 29459
hand preference & skills & inversion of writing hand & eye & foot dominance & familial sinistrality, male vs female 17–33 yr olds, 26486
handedness & sighting dominance & hand grip strength, 19–71 yr old males with paranoid vs nonparanoid schizophrenia vs affective disorders, 14636
ocular dominance & chromatic perception, female college students, 13585
presentation of test vs suppressing pattern, binocular rivalry, left vs right handed Ss, 19338
Ocular Fixation [See Eye Fixation]
Oculomotor Muscles
independence of unilateral ocular motor control, 5–64 yr old stutterers vs nonstutterers, 24851
Oculomotor Nerve [See Cranial Nerves]
Oculomotor Response [See Eye Movements]
Odor Aversion Conditioning [See Aversion Conditioning]
Odor Discrimination
age & role of maternal presence, home odor preferences, young & mother hares, 3123
age differences, odor preference following odor-illness pairing, weanlings vs young vs old-age adult rats, 29216
associative features & choice behavior in discrimination of scented targets, free-flying honeybees, 29189
classical conditioned discriminative response to presentation of odors, EEG activity preceding & during odor presentation, male rabbits, 11175
conditioned food aversion methodology, contributions of taste & olfactory & chemosensory systems to taste & smell discriminations, animals, 13797
exposure to vaginal odor, selective attention & discrimination between female animals, male hamsters with destruction of vomeronasal vs olfactory epithelium, 21463
food deprivation, attraction to airborne female urinary odors vs food odors, male mice, 13900
internal consistency & short-term test-retest reliability of Smell Identification Test, adult males & females, 20990
leupeptin, odor discrimination task performance, male rats, 16806
male genotype at T-locus vs H-2 locus, discrimination of male odors, female mice, 3139
male vs female pup urine odors, differential maternal attention & arousal of maternal licking, primiparous vs nonmaternal female rats, 11116
odor concentrations with vs without sucrose, nasal vs retronasal vs gustatory perception, 16–33 yr olds, 194
olfactory discrimination of individual littermates, adult male rats, 8335
posterior lateral olfactory tract & anterior amygdala lesions, retention of preoperatively learned odor detection & acquisition of new odor discrimination tasks, male rats, 11257
preference for & ability to discriminate urine from inbred & outbred males, female Syrian hamsters in estrous & diestrous cycles, 23707
presence of natural vs artificial rearing odor, olfactory responsiveness & fear in novel environment, female domestic chicks, 21216
recognition of mother's vs father's axillary odors, 2 wk old breastfed vs bottlefed neonates, 8656
same-modality vs semantic distractor tasks during retention interval, short-term memory for odors, college students & faculty, 3057
social isolation vs group housing, odor preferences & urine marking, male rats, 13760
structurally related molecules of odorants with camphor, olfactory discrimination & receptor cell responses, frogs, 548
Oedipal Complex
analysis of Oedipus complex & status of father using Oedipus myth, 14101
Celtic vs Greek mythology concerning father & son rivalries, 29524
clinical importance of Oedipus complex in anxiety & depression & suicidal thoughts, psychotherapy, 29 yr old male, implications for social casework, 22697
drawings of family & Oedipus complex, 7–8 yr old pre-oedipal vs oedipal vs post-oedipal males vs institutionalized 4–5.5 yr olds, 3488
dynamics & problems in psychoanalysis, clients who were "oedipal winners" during childhood, 7029
early separation-individuation events & oedipal & preoedipal phenomena, neurotic disorders & psychoanalysis, female with difficulties in heterosexual relationships & female with neurotic depression, 25106
fantasy & reality in Oedipal phase, 6097
Freudian views of identification & superego formation as compensation for lost narcissism vs response to object loss & fear of castration, 21799
Isakower-like phenomena as regressive ego experience that defends against oedipal conflict, 42 yr old male in psychoanalysis, 1798
Jungian analysis of J. Chaucer's "Troilus and Criseyde" & collective nature of plot & similarity to structure & resolution of Freud's Oedipal dilemma, 24083
mechanism of "turning a blind eye" in Oedipus drama & in Oedipal complex, 12412
Narcissus & Oedipus in psychoanalytic theory & role of culture in morality, 16071
oedipal & preoedipal motifs in life & dramatic works of T. Williams, 29536
oedipal conflicts, professional creative inhibition, 30 yr old male intellectual in analysis, case report, 27824
oedipal object relations & self object transference in psychoanalysis, development of mature self, adults, 1787

Oedipus complex as psychoanalytic construct & development of object relations & concept of autonomy, conference presentation, 10724
Oedipus complex as psychoanalytic hermeneutic principle vs eponymic myth, 27
parents' sex roles & oedipal fixation, sex role development, college students, 3516
patient's hypnagogic experiences reflecting oedipal conflicts, comparison of accounts of Freud vs O. Isakower, 25160
preoedipal attachments, feminine development, 4.5 yr old female, 6113
psychoanalysis, passive-receptive form of oedipus complex, 22 yr old male, 4301
psychoanalytic interpretation of adolescent Oedipal complex in epic Kalevala folklore, Finland, 26776
psychoanalytic views of theories of penis envy & genital anxiety, female development, 2 & 4 yr olds & 29 yr old female, 26789
relation of Japanese folk tragedies to pre-Oedipal taboo, 11367
therapist's pregnancy, therapeutic processes, preoedipal 23 yr old female patient, 1754
transpersonal processes, conflicts in Oedipal & separation-individuation phases of development, 8 yr old male, 17005
treatment of phallic character & oedipal conflict, 43 yr old male, case report, 30602
Offenders (Adult) [See Criminals]
Offenders (Juvenile) [See Juvenile Delinquents]
Officers (Commissioned) [See Commissioned Officers]
Officers (Noncommissioned) [See Noncommissioned Officers]
Old Age [See Aged]
Olfactory Bulb
antidepressant drugs, reversal of olfactory bulb lesion deficits, sham- or bulbectomized male rats, implications for neuroscience of primary unipolar depression in humans, 21382
chemical vs electrical lesions of substantia nigra vs locus ceruleus vs midbrain raphe, ECS-induced muricide inhibition, olfactory bulbectomized male rats, 19407
chlordiazepoxide vs chlorpromazine vs amitriptyline vs methamphetamine, acquisition of discrimination avoidance conditioning, bilateral olfactory bulbectomized male rats, 11214
concurrent electrical microstimulation of various areas of olfactory bulb, discrimination of patterns of neural activity, male rats, 23912
differential morphology & neurochemistry & functions of mitral & tufted cells in olfactory bulb, hamsters, conference presentation, 11161
exposure to intense & permanent odor stimulus during juvenile development, neural activity of olfactory bulb & neuronal response to odor stimulation, 10–35 day old mice, 16464
food odor stimulation, respiration & olfactory bulb neuronal activity, male rats, 21314
GABA-containing diet, food intake, olfactory bulbectomized rats, 21419
GABA content in cytosolic & synaptosomal fractions of olfactory bulbs & hypothalamus & cerebellum assessed over 1 yr, European hamsters, 21287
iv angiotensin II infusions & low dietary sodium, activity of angiotensin II receptors in olfactory lobes & diencephalon & midbrain & cerebellum & medulla, male rats, 26752
lesions of centrifugal noradrenergic projections to olfactory bulbs, selective recognition of offspring, pregnant ewes, 21459
lesions of thalamus & olfactory bulb, conditioned aversion to sucrose vs citric acid vs quinine vs lithium, male rats, 8505
neonatal surgical closure of naris, development of olfactory bulb, rat pups, 11241
neuronal circuitry in piriform/olfactory cortex, conference presentation, 11151
odor stimulation, intracellular responses of mitral/tufted neurons, salamanders, 13805
olfactory bulbectomy, increased estrogen receptor binding in amygdala & sexual behavior, female rats, 615
olfactory bulbectomy with vs without acute vs chronic administration of nomifensine vs trazodone, duration of immobility response & turnover of serotonin in amygdaloid cortex, male rats, 19405
prenatal through neonatal exposure to ethanol, development of olfactory bulb, mice, 11325
removal of vomeronasal organ with vs without subsequent olfactory bulbectomy, catnip reaction, cats, 13926
repeated exposure to natural odors, temporal changes in midral cell response patterns, goldfish, 5709
repeated odorant stimulation, olfactory bulb neuron activity during inspiratory & expiratory respiratory phases, rabbits, 5668
septal lesions vs olfactory bulb lesions vs parachlorophenylalanine injections, muricide, rats, 8494
unilateral naris occlusion, development of olfactory bulb dopamine & norepinephrine levels & behavior, rat pups, 21440
Olfactory Evoked Potentials
quantitative properties of electro-olfactogram for varied odor substances, tiger salamanders, 552
repeated odorant stimulation, olfactory bulb neuron activity during inspiratory & expiratory respiratory phases, rabbits, 5668
Olfactory Mucosa
exposure to vaginal odor, selective attention & discrimination between female animals, male hamsters with destruction of vomeronasal vs olfactory epithelium, 21463
specificity of pyrazine binding protein from olfactory mucosa, cows, 551
Olfactory Nerve
exposure to intense & permanent odor stimulus during juvenile development, neural activity of olfactory bulb & neuronal response to odor stimulation, 10–35 day old mice, 16464
neuronal circuitry in piriform/olfactory cortex, conference presentation, 11151
olfactory nerve transection & role of chemoreception, parental fanning adaptation & sexual behavior, male 3-spined sticklebacks, conference presentation, 19411
organization & function of olfactory system, utility in olfaction research, crustaceans, 23842
Olfactory Perception [See Also Odor Discrimination, Olfactory Thresholds]
access to route- &/vs site-specific airborne cues & relationship of release site to loft & anosmia, initial orientation toward vs away from home, pigeons, 29201
administration of nasal & oral stimulation sensory tests, determination of individual differences in olfactory acuity, 16–33 yr olds, 19033
antidepressant drugs, reversal of olfactory bulb lesion deficits, sham- or bulbectomized male rats, implications for neuroscience of primary unipolar depression in humans, 21382
capsaicin desensitization, trigeminal & olfactory & taste responses, male rats, 689
chemical stimulus mixtures, suppressed responses of narrowly tuned primary chemoreceptor cells of smell & taste organs, lobsters, 21303
differentiation of odors of dominant member vs novel male vs S in scented vs unscented areas, male gerbils paired based on dominance status, 23709
distortions in taste physiology, delusions of halitosis, 26–61 yr olds, 6780
drug induced dysosmia & dysgeusia presenting as depression, 45 & 71 yr old females, 1931
electrophysiology & peripheral & central neural events in generation of olfactory mixture suppression, spiny lobster, 21290
estradiol benzoate with vs without progesterone, perception of odor of male urine & facilitation of lordosis, male rats, 23947
ethanol odor paired with toxicosis vs toxicosis recovery, subsequent ingestion of ethanol solution, 21 vs 60–80 day old female rats, 13739
extinction of taste aversion, taste potentiation of odor or color aversion, rats & pigeons, 5559
food vs water reinforcement, odor based runway performance, food & water deprived male rats, 19195
GABA-containing diet, food intake, olfactory bulbectomized rats, 21419
infant-mother olfactory communication, infants & their mothers, 8673
inhibition of protein synthesis with anisomycin, avoidance conditioning & performance on leupeptin sensitive olfactory memory task, male rats, 11340
integration of smell & taste in production of sensation of flavor, college students, 21045

lesions to orbitofrontal vs somatic gustatory vs anterior insular gustatory vs posterior insular neocortex, conditioned taste aversion & taste potentiated odor aversion learning, male rats, 3259
matching of odors of mothers & offspring & husbands & wives in determination of olfactory signatures as means of human kin recognition, 13–61 yr olds, 8156
methodology for collection of psychophysical data on nasal chemosensory systems, fish & insects & reptiles & birds & rats & rabbits & mice & bats & cattle & dogs, literature review, 23822
morphine injections, ability to perceive novel taste of saccharin & associate novel odor with morphine, neonatal rats, 26690
odors released by stressed rats, opioid analgesia, unstressed rats, 8472
olfactory recognition deficit, patients with Alzheimer's vs Parkinsonian vs alcoholic dementias, 12182
organization & function of olfactory system, utility in olfaction research, crustaceans, 23842
previously fed demonstrator influence & social interaction & olfactory signals, O's subsequent diet preference, rats, 13764
quantitative properties of electro-olfactogram for varied odor substances, tiger salamanders, 552
removal of antenna, chemosensitivity & role in detection of food extract, cavernicolous Mysidacean, 19375
restricted pup & male exposure, maternal aggression & incidence of olfactory exploration of intruder, nulliparous female Wistar rats, 26429
sex & estrous condition, preferences for conspecifics & their odors, deer mice, 26427
sex differences, perception of orally vs nasally presented pungent stimulus, adults, 8146
sex, odor identification ability, male vs female Whites vs Blacks vs Korean Americans vs native Japanese, US vs Japan, 23522
sniff duration of phenyl ethanol vs levobutanol vs propionic acid, optimum perception of odor intensity, 20–55 yr olds, 16233
species differences, odor-based double alternation patterning, wood vs male albino rats, foraging implications, 23774
vision & audition & olfaction, localization of prey, golden hamsters, 429
visual cues & odor of alcohol during interviews with drivers, accuracy of sobriety estimates, graduate student interviewers, 24789
vomeronasal chemoreceptor organ removal, changes in response to urine odor due to surgery vs extinction, male guinea pigs, 11240

Olfactory Stimulation
administration of nasal & oral stimulation sensory tests, determination of individual differences in olfactory acuity, 16–33 yr olds, 19033
aversive odors & flavors, defensive burying, rats, 21227
exposure to intense & permanent odor stimulus during juvenile development, neural activity of olfactory bulb & neuronal response to odor stimulation, 10–35 day old mice, 16464
food odor stimulation, respiration & olfactory bulb neuronal activity, male rats, 21314
odor stimulation, intracellular responses of mitral/tufted neurons, salamanders, 13805
olfactory & auditory stimuli, impact on mating success, boars assessed at 6–7 vs 9–10 mo of age, 21258
olfactory precipitation of flashbacks, 34 & 60 yr old Vietnam & World War II veterans with posttraumatic stress disorder, 24663
potentiation of conditioned aversion to saccharin by maple odor in latent inhibition paradigm, 20–25 vs 145–155 vs 800–840 day old rats, 26405
presence of natural vs artificial rearing odor, olfactory responsiveness & fear in novel environment, female domestic chicks, 21216
repeated exposure to natural odors, temporal changes in midral cell response patterns, goldfish, 5709
repeated odorant stimulation, olfactory bulb neuron activity during inspiratory & expiratory respiratory phases, rabbits, 5668
varied sniff pressure & resistance, judgments of strength of odors, college & graduate students, test of perceptual constancy model, 21060
2-deoxyglucose method, mapping of odor induced neuronal activity in antennal lobes, drosophila, 542

Olfactory Thresholds
odor detection thresholds of purified synthetic alkylpyrazines using dynamic olfactometers, 26–44 yr olds, 21048
spectrum of pure methyl anthranylate using carbon dioxide laser photoacoustic spectrometer, implications for olfactory detection thresholds for fragrances, 20952

Oligophrenia [See Mental Retardation]

Oligophrenia (Phenylpyruvic) [See Phenylketonuria]

Omission Training
event contingencies & reinforcement, autoshaping & omission responding, college students, 13686
lesions of habenular complex, extinction & omission of operant responding, male rats, 13949

On the Job Training
computer-based maintenance training & performance management information system, management & delivery of on-the-job technical training, military mechanics, 7813
extent & effectiveness of on-the-job training of assistant principals in specific tasks, elementary & junior high & high school principals vs assistant principals, 25739
on-the-job vocational training strategies, management of behavior problems & adjustment to community-based competitive employment, 25–27 yr old autistic employees, 25559
sit-in approach, management skills training & on-the-job performance, management trainees, 31479
training in guest service tasks, hotel employees, 28688

Only Children
independence & helpfulness & dependency & aggressiveness & friendliness, male vs female only vs non-only 5–7 yr olds, 948
quality of life & intellectual development & behavior, 3–9 yr olds in single vs multiple child families, China, 11394
socialization & behavioral qualities, 4–6 vs 9–10 yr old only vs sibling children, implications for family planning, China, 21663

Onset (Disorders)
acetylcholine synthesis from glucose & rating of cognitive impairment, Alzheimer's disease patients, 17586
age at onset & first hospitalization, 15–74 vs over 75 yr old patients with affective psychosis, 1969–78, Scotland, 22043
age at onset, duration of episode in unipolar depression, 18–88 yr olds, 24671
age at onset of disorder, adult outpatients with agoraphobia with vs without panic attack or simple vs social phobia or obsessive compulsive or panic or generalized anxiety disorder, 3943
age at onset of heavy alcohol consumption, duration of problem drinking & resultant maladaptive characteristics, alcoholic patients, 24781
age of onset & illness duration & nursing home admission, life expectancy, geriatric dementia patients who died in nursing home, 1656
age of onset as major diagnostic criterion in DSM-III, 3.8–30.2 yr olds with pervasive developmental disorder, 11898
biopsychosocial model of compulsive drinking, alcoholics, 22194
case history before vs after onset during adolescence, 21 yr old male with obsessive compulsive disorder, 17377
clinical characteristics of late onset schizophrenia, female vs male schizophrenic patients first hospitalized at age 50 or older, West Germany, 19957
clinical features of adult-onset subacute sclerosing panencephalitis, 29 yr old male, 17612
cluster analysis on items concerned with onset & development of depressive illness, classification & outcome, depressed inpatients, 5-yr followup, 3825
delayed exacerbation of symptoms following successful coping with manifestation of syndrome, World War II veteran suffering from posttraumatic stress disorder, comments on report by C. Van Dyke et al, 27344
delayed onset, posttraumatic stress disorder, 61 yr old World War II veteran, 3949
diagnosis & treatment of late onset psychoses, 45–65 yr old patients, 14555
direct conditioning or observation of collision or transmission of information, driving phobias, adults, 3896
early onset of anorexia nervosa, breast development & growth in height & stature & delayed puberty, 14.8–24 yr old female patients, conference presentation, 24979

early vs late onset & duration of alcoholism, performance on cognitive rule-learning task, alcoholic male 30–57 yr olds, 27438
early vs late onset of bipolar affective disorder, 15–60 yr old male vs female mania & bipolar patients, 12028
eating patterns & psychiatric morbidity & occupational outcome, 7.2–13.5 yr olds at onset of anorexia nervosa, 8.7–15.3 yr followup, 14844
educational background, age of onset & rate of decline in functional & intellectual ability, patients with Alzheimer's disease, 30386
genetic & genital & neuro-organizational & nongenital morphological & behavioral sexual differentiation, onset age & outcome differences in schizophrenia, 22117
institutionalization during 1st 5 yrs of life & early onset schizophrenia in mothers, predisposition to schizophrenia, children, longitudinal study, 6574
late onset schizophrenia, literature review, Europe, 3951
length & type of pseudoneurotic symptoms in 1st onset & duration in hospital, hospitalized schizophrenic patients, 14649
life events in 6 mo before onset of depression & CSF monoamine &/vs monoamine metabolite levels & dexamethasone suppression test, patients with major depressive disorder with melancholia, 30209
life events, onset & severity of disorder & neuroendocrine changes, depressed patients, 30127
onset & diagnosis & symptoms & treatment for neurosyphilis, 6457
onset of disease, assessments of quality of life, end-stage renal disease patients & their spouses, 6784
onset of psychopathologic features, 6–24 yr old juvenile relatives of bipolar adults, 3-yr followup, 6465
onset of schizophrenia diagnosed as neurosis, patients with schizophrenia, 27350
platelet alpha 2-adrenoceptor number & urinary 4-hydroxy-3-methoxyphenylglycol excretion & age at onset, drug-free 23–63 yr old major depressive patients, 30210
prevalence & treatment & adjustment, elderly with late- vs early-onset hearing impairments, 27662
process vs reactive & chronic vs acute schizophrenia & age of onset & neurological impairment, premorbid adjustment, 18–65 yr old White males, 17352
psychosocial development, early- vs late-onset bipolar disorder patients, 4-yr longitudinal study, 1298
psychosocial factors in onset of juvenile diabetes & effect on psychosocial development, children, literature review, 1584
self report of body weight at age 21 vs indication of being overweight as children or teenagers, classification as early vs maturity onset obese, applicants for behavioral weight control program, 6905
sex & age of onset & chronicity & prodromal personality characteristics & other factors, schizophrenia, conference presentation, 22051
stressful life events, onset & family history of schizophrenia, 17–36 yr old patients & their 1st-degree relatives, 9251
Ontogeny [See Development]
Open Field Behavior (Animal) [See Animal Open Field Behavior]
Open Universities [See Nontraditional Education]
Openmindedness
age differences in neuroticism & extraversion & openness using data from National Health & Nutrition Examination Survey Epidemiologic Follow-up Study, 32–88 yr olds, 26892
Operant Conditioning [See Also Avoidance Conditioning, Conditioned Emotional Responses, Conditioned Responses, Discrimination Learning, Escape Conditioning, Fading (Conditioning), Omission Training, Time Out]
access to collateral water drinking & wheel running, leverpressing & wheelrunning on VI schedule, male rats, 19211
acute & chronic buprenorphine, food intake, macaques, 29456
acute vs chronic morphine vs clonidine vs levonantradol, response under continuous schedule of electric shock titration, male squirrel monkeys, 16800
alpha-flupenthixol, response for temperature reward in operant paradigm, male rats, 11291
amphetamine, operant response to ethanol under concurrent FR 8 FR 8 schedule, male rats, 24012
anxiolytic drugs vs GABA agonists & antagonists vs benzodiazepine antagonists, punishment-induced barpressing for sucrose on random interval reinforcement, male rats, 8597
arousal, T-maze choice behavior, inbred strains of mice, 19221
asymptotic operants, determination of differentiation of behavior, 11084
audiovisual stimulation contingent on arm movement, time spent in procedures & fussiness & smiling, 10 vs 16 vs 24 wk olds, 3520
behavior modification with operant training, increase of toy play, children with profound mental handicaps, 9850
benzodiazepine antagonist Ro 15-1788, punished vs unpunished response under FI schedule, pigeons, 19516
bombesin injection into lateral cerebral ventricle, operant responding for food & water, rats, 16550
brief cue prior to reward, sign tracking & response rate to VI schedule, rats, 13746
buprenorphine, heroin & food self administration & operant performance, humans & primates, conference presentation, 8581
caffeine &/vs adenosine agonist response under mult FR 30/FI 600 sec reinforcement schedule, mice, 26672
catecholamines with propranolol & aminophylline & DH-ergotoxine, operant behavior & saccharose consumption & activity of liver tryptophan pyrrolase, rats, conference presentation, 14059
cathinone, operant drug discrimination procedure, female rats, implications for drug dependency, 26674
cathinone vs amphetamine, FI operant responding, male rats, 21517
change from VI schedule to multiple VI extinction schedule, lever pressing & wheel running, male rats, 19210
change in site of reinforcement, keypeck response, tit vs blackbird vs songthrush vs sparrow species, 23685
changeovers to alternate behaviors, operant interresponse times, rats, 26396
choice & optimal foraging & delay-reduction hypothesis, pigeons, 19202
cholecystokinin vs bombesin, food rewarded operant responding, female rats, 11270
chronic administration of desipramine, acquisition & performance & extinction of leverpress response for food reward, male rats, 11312
chronic treatment of increasing doses of morphine & naltrexone vs dextrorphan vs morphine sulfate, tolerance & sensitivity effects assessed by response rate to FR conditioning, pigeons, 11294
classical vs instrumental conditioning in learning theory of A. W. Staat, 19206
cocaine &/vs phencyclidine, errors & rates in repeated acquisition of response chains, female patas monkeys, 26753
compound conditioning vs stimulus compounding, summation & configuration in nictitating membrane response, rabbits, 19213
concurrent-chain procedure & undermatching & amount of reinforcement, college students, 292
conditioning factors in opiate addiction & relapse, implications for drug rehabilitation, reprint of previously published article, 25610
conditioning vs local anesthetic injection into preferred paw vs striatal lesions vs 6-hydroxydopamine injections in striatum contralateral to preferred paw, preference for forepaw to barpress for food reward, male rats, 26564
contextual stimuli, operant discrimination reversal learning, pigeons, 5575
correlation between firing of cortical neurons during operant conditioning, male monkeys, 11176
cue similarity & US magnitude, appetitive differential conditioning of jaw movement response, rabbits, 367
daily vasopressin replacement therapy, learning in positive reinforcement program, rats with hereditary hypothalamic diabetes insipidus, 21542
depressed vs elevated brain acetylcholine levels, reinforced vs nonreinforced operant responses, albino rats, 26738
design decisions in Pascal-based operant conditioning system, conference presentation, 18875
dextroamphetamine vs chlordiazepoxide vs alpha-flupenthixol, tracking of visual cue in food reinforced VR conditioning paradigm, male rats, 11292
direction of conditioned circling, differential uptake of horseradish peroxidase by nigro-striatal projections, male rats, 26514
discrimination of fixed vs variable stimulus duration in operant conditioning paradigm, pigeons, 11072
dosage of pralidoxime mesylate, conditioned taste aversion & operant behavior & locomotor activity, male rats, 29449

dose of dextroamphetamine sulfate, operant performance under VI 4-min vs VI 20-min schedules of reinforcement, female rats, 24008
duration of changeover contingency, number of changeovers & reinforcements & responses, rats, 8279
electrical stimulation of spinal trigeminal tract & increase vs decrease in somatosensory EP, reflex movement amplitude & nociception, rats, 8490
electrical stimulation of spinal trigeminal tract & naloxone vs morphine administration, cortical somatosensory EP & reflex movement amplitude & nociception, rats, 8470
exercise duration &/vs speed, schedule controlled operant performance, male rats, 21230
exteroceptive discriminative stimuli, water intake during operant conditioning for blood pressure elevation, baboon, 3096
feedback stimulus during helplessness training, reduction of performance deficits from inescapable shock, rats, 19229
fixed repeating cycle & probability of reinforcement, mean response rate & postreinforcement pause, pigeons, 354
food deprivation vs satiation, performance maintained by oral phencyclidine under second-order vs tandem vs FI schedules, monkeys, 630
food duration, signal-controlled vs autoshaped responding, pigeons, 23676
formation & delayed time & 1st vs 2nd order responses in spatial alimentary natural CR, dogs, 5572
free operant scaling task of response based events, pigeons, 11060
haloperidol vs nonreinforcement, response rate in food rewarded runway task, male rats, 11349
high dose dextromethamphetamine, forced lever performance & sensitivity to effects of physostigmine & atropine & mecamylamine on cholinergic neurons, rhesus monkeys, 26725
hippocampal system lesions, operant & nonoperant behavior, male rats, 13947
immediate reinforcement & delayed punishment using shock, key pecking behavior, pigeons, implications for processes regulating self control, 3083
implicit vs direct rewards, handwriting & other focal behaviors, elementary school students, 7617
informative signals, response rates, pigeons, 3092
inhalation of toluene vs halothane vs ethanol vapors, response rate under FR schedule for water reinforcement, male mice, 11320
intensity &/vs complexity of discrimination stimuli vs reinforcement schedules & novelty in audiometry, response performance & habituation, 1 vs 2 yr olds, 10752
interevent anticipation of liquid & solid sucrose rewards, rats, 353
ip injection of 6-hydroxydopamine, response rate for food reward under DRL schedule, male rats, 21587
lesions of fastigial nuclei vs cerebellar vermis vs dentate nuclei, peformance deficits on DRL schedule of reinforcement, rats, 26609
lesions of habenular complex, extinction & omission of operant responding, male rats, 13949
lesions of locus ceruleus vs dorsal noradrenergic bundle, response rates & anti-anxiety effects of ethanol & chlordiazpoxide in operant conflict situation, male rats, 26610
levels of aggregates, proportion of time allocated to 1 component of concurrent VI/VI schedule, pigeons, 8294
light vs noise CS & on- vs off-line training conditioning, barpress suppression & freezing, rats, 13715
local contingencies of reinforcement, probability learning, male rats, 5547
long term potentiation, facilitation of operant responding to single-pulse stimulation of perforant path, male rats, 11235
metergoline vs methysergide vs cyproheptadine vs mianserin vs cinanserin, punished responding reinforced by stimulus shock termination vs food presentation, squirrel monkeys, 16567
methadone, keypecking & brief stimuli with vs without unconditioned reinforcement, pigeons, 16677
methylphenidate drug dosage & predrug baseline response rate, response rate on FR/DRL schedules, 6–12 yr old hyperactive males, 9952
methylphenidate vs nomifensine, role of central catecholaminergic systems in place preference conditioning, rats, 8578
model of response-reinforcer contingency, male rats, 5571
modified operant differential reinforcement by mother, excessive verbal ruminations & negative emotional responding, 5 yr old female victim of sexual molestation, case report, 30691
molecular maximizing, characterization of choice ratios on W. Vaughan's procedure, pigeons, 8298
naloxone vs diprenorphine vs ketocyclazocine vs ethylketocyclazocine, punished vs unpunished food reinforced operant responding, male rats, 21498
naltrexone vs methylnaltrexone & vagotomy, aversive vs positive motivational effects in brain & periphery in place preference & conditioned taste aversion paradigm, rats, 5741
neuropeptide LH-RH, instrumental avoidance learning, rats, 5816
nicotine & cocaine & their metabolites, response under FI & FR schedules, beagle dogs & male squirrel monkeys, 16772
nicotine, conditioned place preference, rats, 3290
nocturnal enuresis & treatments, literature review, 1680
nootropic drugs & peptides, barpressing for water reward & discrimination learning, male rats, 3300
omission of signal stimulus for reinforced vs nonreinforced schedule component, conditioned behavior, rats, support for secondary reinforcement hypothesis, 3094
ontogenetic variation in mechanisms controlling operant forelimb response, infant rats, 3078
operant conditioning, control of pain reports, adult psychiatric hospital employees, 15104
operant conditioning model of reinforcement & punishment, medication adherence, patients with schizophrenia, 22526
operant conditioning of forelimb movements, 2-deoxyglucose uptake in reticular nucleus of thalamus, female rats, 5717
operant conditioning vs seminaturalistic approaches, study of social behavior & motivation & social reinforcement theory, bettas, 13718
operant pain techniques, 26 yr old female with migraine headaches, case report, 27879
operant techniques, extinction of persistent nighttime sleep disturbance, dog, 8280
operant training, amphetamine-induced circling preference & dopamine caudate nucleus levels, male rats, 14070
operantly conditioned running, brain catecholamine concentrations & receptor densities, male rats, 29361
oxytocin dosage levels, leverpressing behavior, male rats, 11289
paired CS & UCS with & without UCS preexposure, conditioning of proboscis extension reflex, Drosophila melanogaster, implications for behavior-genetic analysis, 19209
pattern of response decrement in extinction of instrumentally conditioned behavior, rats, 5542
Pavlovian contingencies & zero operant contingency, subsequent shock-escape acquisition in shuttle box, escapable-shock vs yoked inescapable-shock vs no shock rats, 23660
Pavlovian mechanism & operant contingencies, acquisition & suppression of sign-tracking behavior in aversive conditioning, rats, 5558
performance of moderately vs extensively trained instrumental response following reinforcer devaluation, male rats, 11056
physostigmine, memory deficits induced by pretraining electrical stimulation of dorsal hippocampus, mice, 5760
pirenperone, effect of LSD & N-N-dimethyltryptamine & mescaline & 2-5-dimethoxy-4-methylamphetamine on FR 40 operant behavior, male rats, 11317
positive vs negative vs zero response-outcome contingencies, responses & ratings, college students, 5484
preference for shock with signaled shock-free periods vs without signals, rats, 5528
preferred vs nonpreferred environments & grouped vs isolation housing conditions, heroin conditioned place preference, mature vs immature rats, 3325
pretrial reinforcement, instrumental conditioning, male rats, implications for priming vs overshadowing vs conditioned inhibition hypotheses, 375
prior exposure to play with visual reinforcers, tactile exploration of visual reinforcement following operant responding, 1–2 yr olds, 19590
propranolol vs adrenaline vs noradrenaline vs isoprenaline, operant conditioned barpressing, female rats, 5942
qualitative changes in UCS, associability of previously conditioned stimulus, rats, 3087

radioactive deoxyglucose technique, identification of brain regions active during food intake operant behavior, male rats, 3163
random reinforcement contingency, behavior, human Ss, 3051
reinforcement schedules, role of cognition in ringswimming & gluing for courtship, male sticklebacks, conference presentation, 19226
relevance of studies with children in human operant research, comments on articles by A. Baron & M. Perone & W. F. Buskist et al, 2823
response-contingent learning in early intervention, profoundly retarded & multiply handicapped infants between ages 0–12 vs 13–24 vs 25–36 mo, 7134
response-contingent vs response-noncontingent outcome conditions & variable time, response rates & verbal reports, college students, 23623
response variability as operant CS, pigeons, 11077
retention interval of 60 days, sequence performance in complex operant conditioning, pigeons, 11086
reward potentiation vs nosepoking vs lever pressing responses, acquisition of intracranial self stimulation of medial prefrontal cortex, male animals, 3247
role of contextual cues in operant responding, male rats, 365
schedule-induced behaviors & law of effect in laboratory research, applied behavior analysis, literature review, 2813
selection of VI 20-sec schedule always providing food vs VI 5-sec schedule providing percentage of food, male pigeons, 26386
semanticity vs level-of-arousal models & operant conditioning of alloprimate vocalizations, nonhuman primates, review of research, 23679
session to session change of reinforcer ratios in concurrent VI schedules, determination of behavioral transfer function, homing pigeons, 8287
shift in intercranial self stimulation lateralization, selection of forepaw used in operant reaching, male rats, 16511
signal for pellet delivery, development & maintenance of polydipsia on fixed vs variable time schedules, rats, 372
signaling unlearned reinforcement, response suppression, male rats, 5546
simultaneous vs delayed conditions, learning of audiovisual cross-modal conditional discrimination task, pigeons, 16348
situational cues in reinstatement of extinguished fear, rats, 19191
soman injections, response under FI 50 sec FR 25 schedule for food reward, rats, 21530
species-typical taxic behavior & event-reinforcer interactions in conditioning, rats, 21229
spinal vs sc morphine administration, antinociceptive response & locomotor activity & place conditioning, rats, 3270
statistical analysis of reinforcement procedures used in experiments relating to choice, animals, 16359
stimulus color & sign tracking with interfood clock, keypecking, pigeons, 16356
stress induced via immobilization vs injection vs uncontrollable shock, operant learning & ponderal & gastric mucus, male vs female rats, 19384
tailpinch &/vs schedule induction with vs without naloxone, suppression of schedule-induced polydipsia, rats, 370
temporal patterns of responding in small FR schedules, pigeons, 8281
training on food motivated FR or VT 30 schedule & exposure to increasing doses of ethanol, dose-dependent responses to reinforcement schedules as indicator of development & loss of drug tolerance, male rats, 26632
training procedures, FI responding following septal lesions, male rats, 13940
triethyltin, wheel running & food-reinforced leverpressing & water consumption, male rats, implications for behavioral neurotoxicity testing, 29413
tripelennamine &/vs pentazocine, interresponse time rates of reinforcement for food reward, male rats, implications for illicit use of drug combination as substitute for heroin, 16643
usefulness of conditioned discrimination procedure in behavior-genetic analyses, blow flies, 5577
valproic acid & ethosuximide, dose-dependent responding under FR & FI reinforcement, pigeons, 21573
variable time schedules, maximization of overall reinforcement, pigeons, 8282
varied dosages & self administration of ethanol, conditioned place preference, rats, 3271
varied instrumental contingencies & signaled vs nonsignaled noncontingent reinforcement, leverpressing, rats, 26392
varying doses of nickel added to diet, leverpressing for food on VI schedule & metallothionein levels, male rats, 8590
VIC-20 computer & BASIC program as controller for operant chambers, 26146
within sequence temporal delays, stereotyped responses in conditioning paradigm, pigeons, 29214
zopiclone vs pyrazoloquinoline CGS 9896 vs chlordiazepoxide, dose-related increases in punished drinking & leverpressing & food intake, male rats, 3321
2- vs 8-chlorine substituted dibenzo-azepines, suppressed & nonsuppressed behavior in FR schedule paradigm, male squirrel monkeys, 8609

Operation (Surgery) [See Surgery]

Ophidiophobia
accuracy of fear response & practice effects on accuracy, college students who have intense fear of snakes, implications for behavior therapy, 27355
differences in underpredicted vs overpredicted mismatches of predicted vs reported fear, behavioral inhibition system, college students with intense fear of snakes, test of J. Gray's theory, 27354
exposure to neutral vs phobic slides, distress & cortisol levels in urine & electrodermal activity, Ss with blood & mutilation vs snake or spider phobias, 19918
phobic content slide, cardiac response, snake- or spider-phobic 16–61 yr olds, implications for orienting response., 27367
prolonged exposure to anxiety-evoking stimuli, plasma beta-endorphin level, 33 yr old female with snake phobia, 20370

Ophthalmologic Examination [See Also Electro Oculography, Electroretinography]
failure rate to detect ocular abnormality & false positive referral rate of Arden gratings, patients presenting for eye examinations, 8037

Ophthalmology
development of Maxwellian view optometer, quantitative investigation of optical design of eye, 13336

Opiates [See Also Codeine, Endogenous Opiates, Fentanyl, Heroin, Morphine]
acute & chronic buprenorphine, food intake, macaques, 29456
affinity for binding at sigma opioid vs phencyclidine receptor site, male rats, 14023
aging, day-night rhythms of kappa opiate-mediated feeding, 1–2 vs 8–12 vs 24–30 mo old male mice, 23992
apomorphine dosages with vs without naloxone or levorphanol or dextrorphan, pecking & headshaking & preening behavior, pigeons, 3285
bremazocine, antinociception & opioid-induced constipation & catatonia & withdrawal, morphine-dependent rats, 16756
buprenorphine, cigarette smoking, male 24–32 yr olds with history of heroin abuse, 22173
buprenorphine, heroin & food self administration & operant performance, humans & primates, conference presentation, 8581
buprenorphine vs morphine, maintenance of shock under shock titration procedure, male squirrel monkeys, 23959
chronic morphine & ethylketocyclazocine & subsequent withdrawal, abstinent states & EEG & behavioral parameters, female rats, 21627
clonidine, opiate withdrawal vs suppression, dorsal noradrenergic bundle lesioned male rats, 16572
counseling & psychotherapy in drug-free outpatient setting & narcotic antagonist & methadone maintenance programs, opiate addicts, literature review, 28258
demographic & clinical characteristics & incidence of mental disorders, 18–65 yr old Black vs White males vs females vs Puerto Rican males addicted to opiates, implications for treatment, 30285
depression & abnormal dexamethasone suppression test results possibly attributable to tolerance to opioids, detoxified opiate addicts, comments on research of C. A. Dackis et al, 14696
developments in pharmacological treatment of opioid dependence, literature review, 28256

differences between amounts of opiates used & required dose of oral methadone, patients addicted to opiates vs methadone in inpatient drug dependence unit, 28241
dipipanone, cold-induced pain & CNS, healthy 21–37 yr olds, 21575
discriminative stimulus properties of opioid agonists & agonist-antagonists in animal species & drug effects in humans, implications for drug abuse, conference presentation, 8551
dopaminergic neuron lesions, sensitivity to opiate injections into nucleus accumbens assessed by excitatory effects, male rats, 11225
drug & environmental manipulation of opiate & serotonergic systems, pain perception assessed by tail flick testing, 6 day old rats, 13907
drug rehabilitation, opiate addicts, England, 11-yr followup, 10155
ECS, opioid receptor binding in hypothalamus vs hippocampus vs caudate nucleus vs frontal cortex vs brain stem, male rats, 26593
efficacy & manifestations of physical & psychological dependence of buprenorphine vs opiates, rodents & primates, research review, conference presentation, 8573
electric footshock, functional changes in opioid agonist & antagonist receptor binding & analgesia & behavioral changes, male rats, 26592
electric shock, sulfhydryl & phospholipid groups of endogenous opioid agonist & antagonist receptors in synaptic membranes, male rats, 21433
electrostimulation vs methadone, opioid withdrawal, comments on article by M. Gossop et al, 4718
endorphinergic mechanisms & kappa opioid receptor agonists, food intake & hyperphagia, animals, literature review, conference presentation, 26489
euphoria-seeking behavior, opiate addiction, recovering vs street heroin addicts vs therapeutically vs nontherapeutically addicted medical patients vs medical professionals, 14715
family & religious & demographic factors, employment & criminality & drug use, opioid addicts previously admitted to community treatment, 5–7 yr followup, 31015
high sensitivity to dexamethasone suppression test & mood disorders attributable to disruptions of endogenous opiate peptide systems, opiate addicts, reply to comments by E. Frecska, 14688
history of models of opioid drug receptors, literature review, 16407
hypothalamic knife cuts & butorphanol tartrate & ketocyclazocine & high fat diet, hyperphagia & effects of naloxone on food intake, male rats, 13892
icv administration of FMRFamide, feeding induced by kappa opiate agonist U-50,488H, male mice, 26689
im picenadol & dextropicenadol & morphine sulfate with vs without naloxone, analgesic effects in titrated electric shock paradigm, squirrel monkeys, 19425
incidence of pattern of use of opiates & cocaine & marihuana & hallucinogens & amphetamines & sedatives & cough medicine & inhalants, 23–47 yr old male alcoholics in military treatment program, 22786
ingestion of rat placenta vs other substances, analgesia induced by morphine vs footshock with vs without naltrexone, nonpregnant female rats, 23889
kappa opiate agonists with vs without prior food, consumption of palatable diets, nondeprived male rats, conference presentation, 29431
kappa opioid analgesic U-50488, antinociceptive activity, rats & monkeys, 11344
ketamine & phencyclidine & quipazine & synthetic opioid, spike & wave activity in cingulum & amygdaloid complex & septal areas, cats, 3281
lesions of globus pallidus & striatum, ketocyclazocine- & naloxone-induced feeding, male rats, 26603
levorphanol vs dextrorphan exposure, ethanol- vs morphine-induced conditioned taste aversion, rats, implications for role of opiate receptor in alcohol-opiate interaction, 3164
light microscopy autoradiography, determination of neuroanatomical localization of phencyclidine/sigma-opiate receptors, rats, 21325
location of kappa opiate receptors in brain as possible regulators of taste & feeding behavior assessed by autoradiographic technique, rats, 11160
methadone treatment programs, opiate abusers, Canada, 15459
morphine & opiate agonists, blocking of stimulus control of behavior & naltrexone-induced body weight loss, morphine dependent male rats trained to discriminate between saline & naltrexone, 5874
morphine vs ethyl-ketocyclazocine priming, tail flick latency, male mice, 16617
morphine vs naloxone, shock-induced deimatic reaction, praying mantis, evidence for existence of opiate receptors, 16840
mu & kappa opiate receptor agonists, social investigation vs defensive vs aggressive behavior in interactions with anosmic males, male & female mice, conference presentation, 26631
naloxone, behaviors & analgesia vs hyperalgesia associated with opiate withdrawal, dependent vs nondepressed male rats, implications for ACTH as endogenous contra-opioid agonist, conference presentation, 26680
naloxone followed by 24-hr food deprivation & butorphanol tartrate, food intake & hyperphagia, lactating & postweaning & virgin female rats, 21621
naloxone, opiate vs placebo-induced analgesia, healthy 20–46 yr olds, 26724
naloxone vs diprenorphine vs ketocyclazocine vs ethylketocyclazocine, punished vs unpunished food reinforced operant responding, male rats, 21498
naltrexone, dysphoria, 28–39 yr old former opioid addicts, implications for treatment compliance, 4703
naltrexone, opiate withdrawal & plasma concentrations of 3-methoxy-4-hydroxyphenylglycol, methadone-dependent patients, 18313
neonatally administered morphiceptin vs dextro-ala-dextro-leu-enkephalin, maze learning, male vs female 7 day old rats, 29404
neural mechanisms of opiate hedonic effects & motivational-affective regulatory role of endogenous opioids, rats, implications for human opiate abuse research, 29397
neuropharmacological aspects of effects of morphine on opioid receptors & function of endorphins, 539
opiate antagonists & naltrexone, clonidine-induced feeding, male rabbits, 5879
opiate antagonists, self injurious behavior & faulty attention, autistic infants, 25281
opiate involvement in mediation of ingestive behaviors & similarities to mammalian feeding, slugs, conference presentation, 21304
opioid agonist U 50-488H, spontaneous locomotor activity, male mice, 16817
opioid antagonists ICI 154,129 vs ICI 174,864 vs agonist dextro-Ala2-dextro-leu5-enkephalin, food & water intake, male rats, implications for role of delta-opioid receptors in ingestive behavior, 23989
opioid-like activity in isolated peptides from wheat gluten hydrolysates, implications for schizophrenia & celiac disease, 561
opioids, ingestive behaviors, rats, conference presentation, 21544
pentazocine & tripelennamine, heroin & cocaine abuse, drug addicts, conference presentation, 10174
pentazocine vs opiates in clinical medicine, research review, conference presentation, 8545
phencyclidine-like discriminative stimulus properties of dexoxadrol vs levoxadrol stereoisomers of dioxadrol, male rats, 24026
phospholipase & morphine injections into periaqueductal gray, behaviors & fatty acid release & opiate-binding, rats, 16770
pinealectomy vs removal of superior cervical ganglia vs optic nerve transection vs chronic melatonin treatment, feeding responses to opiate agonists & naloxone, male rats, 3257
pretreatment social networks, 16–48 yr old street opioid vs non-opioid abusers, 3987
pretreatment somatization & stress & family support factors, rehabilitation outcome, 23–46 yr old naltrexone vs methadone patients in outpatient opiate addiction program, 18322
prevalence of drug dependency & organic lesions, opiate-dependent patients, Spain, 3970
pro-enkephalin beta-derived peptides, generalization tests, rats trained to discriminate opioid kappa receptor agonist ethylketocyctazocine, 16791
proglumide, opiate analgesia & reversal of morphine tolerance, rats, implications for role of cholecystokinin in opiate tolerance, conference presentation, 19513

prolyl-leucyl-glycinamide vs alpha-melanocyte stimulating hormone, levorphanol analgesia & tolerance & dependence, male mice, 13969
radioactive etorphine & naloxone binding to caudate nucleus opioid receptors in postmortem brains, schizophrenic patients, 14646
reinforcement efficacy of iv self administration of opioid agonist-antagonist analgesics vs morphine & cyclazocine, nonhuman primates & rodents, literature review, conference presentation, 8515
reinforcing properties of kappa & mu opioid receptor agonists assessed by place & taste preference conditioning, male rats, 14029
REM sleep deprivation, grooming &/or shaking induced by enkephalinase inhibitor phosphoramidon vs naloxone-precipitated opiate withdrawal, male rats, 21421
responsiveness to hot plate stimulation, mature rats with prenatal exposure to levo-alpha-acetylmethadol or postnatal naloxone, 16695
role of opiate receptor in ethanol & opiate interaction using preexposure conditioned taste aversion paradigm, male rats, conference presentation, 16736
saturability & stereospecificity of radioactive naloxone, assessment of opioid receptor binding, female rats, 16422
selective delta antagonist ICI 154,129 vs nonselective antagonist naloxone vs irreversible selective mu antagonist beta-fNA, alteration of threshold response to etorphine, rats, 19507
selectivity of ICI 154129 for delta-opioid receptor, rats, 3315
sequential use of clonidine & naltrexone, opiate detoxification & maintenance, opiate addicts, 31013
suicides by opium & its derivatives, England & Wales, 1850–1950, 17450
systemic vs icv naloxone, opiate receptor action in hunger & thirst induced by food deprivation & glucoprivic stress & food & water intake, male rats, 16753
tifluadom vs chlordiazepoxide vs kappa opiate receptor agonists, food intake, male rats, 23949
utility of naltrexone vs naloxone vs butorphanol vs nalbuphine vs pentazocine vs bupremorphine, treatment of opiate dependency, patients, 22780
Opinion (Public) [See Public Opinion]
Opinion Change [See Attitude Change]
Opinion Questionnaires [See Attitude Measures]
Opinion Surveys [See Attitude Measures]
Opinions [See Attitudes]
Opioids [See Opiates]
Opioids (Endogenous) [See Endogenous Opiates]
Opium Alkaloids [See Alkaloids, Opiates]
Opium Containing Drugs [See Opiates]
Opium Derivatives [See Opiates]
Opossums
visual depth perception, 7 mo old opossums, 16343
Optic Chiasm
split chiasm & fading procedures, interocular transfer of visual pattern discrimination, cats, 8507
Optic Lobe
chromatic properties of retinal afferents in thalamus & tectum, frogs, 21310
visual conditioning vs nonassociative training, neuronal discharge along tectofugal pathway & in nucleus rotunda & ectostrictum & heart rate, pigeons, 23838
Optic Nerve
anisotropic distribution of preferred direction & visual field location, optic nerve fibers, squirrels, 493
suprathreshold vision vs contrast sensitivity function, 20–40 yr old patients with acute vs artificially depressed optic neuritis, 27495
utility of flight-of-color test in diagnosis of optic nerve disease, patients with multiple sclerosis, 17656
Optic Tract
dorsal supraoptic decussation lesions before vs after monocular training, interocular transfer, pigeons, 19404
Optical Aids [See Also Contact Lenses]
bifocal lens dimensions & clear vision range & operation of video display unit, bifocal wearers, 28828
endoocular scatter, 51–89 yr olds with intraocular lenses, 16245
mild hypoxia, monocular visual performance with vs without night vision goggles, Air Force pilots, 21098
modified Landolt C-ring test, measurement of effect of laser filters on visual acuity, soldiers, 13600
rotational magnification of corrective spectacles, gain of vestibulo-ocular reflex, 22–74 yr olds with myopia vs hyperopia, 20127
Optical Illusions [See Illusions (Perception)]
Optimism
conception of future & its expression in optimistic or pessimistic terms, 12 & 15 & 18 yr olds, Sweden, 29669
defensive pessimistic vs optimistic cognitive strategies, attributions in performance on anagram task, college students, 29095
hope as motivational factor in self actualization, 18–23 yr old productive vs nonproductive Black males, 17247
hypnotherapy, positive thinking, 12605
self esteem & peer popularity & optimistic vs pessimistic future expectancies for personal self success, 4th–6th graders, 16986
Optokinetic Nystagmus [See Nystagmus]
Optometry
failure rate to detect ocular abnormality & false positive referral rate of Arden gratings, patients presenting for eye examinations, 8037
optometric visual training, academic performance, Ss with vision disorders, 6772
optometric visual training, inpatient children with cerebral palsy, 4563
Oral Communication [See Also Oral Reading, Public Speaking, Speech Characteristics]
ability to understand deictic content of pronouns vs locatives vs motion verbs in oral vs written language vs picture selection tasks, 2nd graders, 21719
acoustic-phonetic information in speech signal & context of meaningful vs semantically anomalous sentences, spoken word identification, college students, 5472
affective & behavioral & cognitive/attributional models of verbal expression, 1st session of family therapy, 2 parent families with referred 10–19 yr old adolescents & their male vs female therapist trainees, 22458
afferent information from perioral region, lip movements in production of "b" sound, 25–35 yr olds, 26497
age, conversational repair strategies in response to requests for clarification, linguistically normal 2.6–9.8 yr olds, 19577
anxiety level & cognitive vs emotional mode & high vs low degree of stress, phonatory & articulatory processes during speech production, college students, 26768
articulation & acoustics & perception & abstract vs concrete form as necessary components in model of speech, conference presentation, 726
auditory semantic detection & reading aloud & visuo-spatial tasks, speech perception & production as separate processes, 20–40 yr old females, implications for attention models, 29069
auditory trainer apparatus, attentional states & verbalization & signing & appropriate behaviors, 54–197 mo old autistic children, 1897
auditory vs visual presentation & suppression of vocal vs visual activity, sentence memory & retention of wording & meaning, high school & college students, 29138
behavioral techniques, cortically blind patients, challenge of M. S. Gazzaniga's assumptions on commissurotomy & right hemisphere speech, 15107
cerebral lateralization for speech, severely to profoundly deaf 5–6 & 13–14 yr olds, 12240
changes in speech based on cognitive ability of listener, normal children & peer vs younger child vs retarded child listeners, implications for academic integration of mildly disabled children, 8874
classroom behavior & structured teacher-student interaction & language development, mildly retarded special education students & their teachers, 13062
communications media, traditional oral communication, Warlpiri-speaking aborigines, Australia, revision of M. McLuhan's theory of information value & social change in Western & nonindustrial societies, 26971
communicative functions of rhetorical structure & role in verbal art in Central Alaskan Yupik narrative & conversation, Eskimos, Alaska, 19542
communicative value & nonsegmental features, sequence length & pause & vocalization duration, 4–6 mo olds, 19586

concurrent verbal vs listening task, right vs left handed finger tapping, right handed college students, 5689
content analysis of oral account & play rendition of same events, kindergartners vs 1st graders with literate vs oral speech styles, 11467
content analysis of speech, Danish schizophrenic adoptees & their biological vs adoptive relatives, 22066
contingency reinforcement in development of generalized verbal control, self regulation, 4 yr olds with deficits in social or academic behaviors, 23063
conversational replies in interactions with adults, 2.8–3.5 yr olds with language impairment vs 1.4–1.9 yr olds with normal language development, 20101
correspondence of messages conveyed by simultaneous speech & sign communication, deaf female 19 yr olds & 27 & 33 yr old teachers with varying experience in English &/or sign language, 6823
correspondence training, generalization & maintenance of verbal control over nonverbal behavior, 4 yr old female, 25216
cortex & thalamus & basal ganglia, model of production of spoken language & subcortical aphasia, 1541
cued speech & syllable practice vs word methods, teaching speech to severely hearing impaired children, normal hearing college students using electronic technique to simulate hearing loss, 2484
cued speech training, lipreading & generalization of skills to articulation responses, 23 & 26 yr old males with congenital bilateral sensorineural hearing loss, 22606
delayed auditory feedback, performance on speech task, 263
development of oral narrative skills in classroom setting, learning disabled children, 18583
development of private speech, preschool & school age children, 26810
development of psychoanalytic theory & practice in relation to representation & interpretation of action & experience, 4312
developmental processes in children's production of their native language, pronunciation & final stops in CVC English words, adult native speakers of English vs Polish vs Spanish vs Chinese, 717
domestication of speech, implications for sociobiology, 21633
DRL, repetitive speech, autistic 16 yr old male, 6- & 14-mo followups, 4428
etiology & type & severity & onset & age factors, speech recovery in rehabilitation program, 21–60 yr olds with residual aphasia, USSR, 7305
evaluation of methods of content analysis of alexithymic speech samples, psychoneurotic & psychosomatic patients with ulcerative colitis & Crohn's disease, 1240
experimental project in instructional concentration, reading & language & speech production skills, 6.1–8.9 yr old profoundly hearing impaired students, 31291
functional usage of language in verbal interactions with same-sex peer, male vs female White 3.6–5.3 yr olds, 19657
hearer characteristics, speaker effectiveness in oral communication tasks, 14–16 yr olds, 11403
hierarchical linear prediction, nonstationary analysis of speech waves, conference presentation, 98
hierarchical structure deficiencies in discourse, listeners' processing requirements & interpretive variability, schizophrenic speakers, reply to comments by A. W. Beveridge & K. Brown, 19934
increased use of sequential analyses of language variables in psychotherapy process studies, 17874
intonational emphasis & sentence position, judgments of textual coherence, college students, 14091
judgment of impairing social situations in terms of theories of helplessness & loss of control & reactance & coping & stressful situations, impaired speakers, 1134
language production & memorizing tasks, cerebral blood flow in cortical & subcortical regions, 26–44 yr olds, 553
linguistic-stylistic analysis of narrativization of experience, Black 7 yr old, implications for cultural use of language in understanding personal experience, 11417
listing of English words commonly recognized as explicit references to emotions, college students, 3353
manipulation of surface syntax through prominence of subject vs theme in oral narratives, adult native speakers of Japanese vs English, instructional implications, 24056
matching of signed & spoken message, mothers of hearing impaired 4.5–6 yr olds, implications for parent training, 20251
maternal condemnation of TV violence during mother & child TV viewing, perceptions of violence & aggressive behavior, 61–73 mo olds, extension of research by B. F. Fontes, 3521
maternal speech characteristics, rate of linguistic development, 24–48 yr old mothers & their infants with Down's syndrome, 12138
maximum voluntary upper vs lower lip closing forces, 19–50 yr old males vs females, implications for speech function & motor skills, 2960
mediating reinforcement for speaker's behavior & listening & understanding as components of speaker-listener interaction, extension of Skinner's concept of verbal behavior, 3683
memory vs nonmemory cuing content vs violation vs true-false instructions vs verbalization procedure, facilitation of P. C. Wason's 4-card selection task, college students, 26339
modified operant differential reinforcement by mother, excessive verbal ruminations & negative emotional responding, 5 yr old female victim of sexual molestation, case report, 30691
monitoring through vocalizing vs nonvocalizing pairs vs individuals, transfer of problem solving skills, college students, 23624
oral narratives, community development & positive attitudinal & behavioral responses, rural residents, Nigeria, 716
oral non-standard English, written English, Mexican American 3rd & 6th graders, 2423
oral stereognostic skills & dysarthria test performance & biorhythms, 1st-yr female speech therapy students vs speech handicapped 8–15 yr olds, 24852
organization of words into ideas & ideas into spoken discourse, 38–60 yr old patients with positive vs negative symptom schizophrenia, 6467
pictures, voice frequency & RT measures of formulating single long sentences vs multiple short sentences, adults, 5964
planned vs spontaneous deception, detection of deception, college students, 24518
poetic vs public discourse, expression of individual experience of loss & vulnerability vs cultural ideology of honor code, Bedouins, Egypt, 11582
politeness routine in dinner table interaction & language development, families with 3.1–4.9 yr olds, 822
positive practice overcorrection specific learning objectives, stereotypic vocalizations & social behavior, autistic 8.7 yr old, 4959
practice & guidance in retelling stories read aloud, story comprehension & thematic inclusion & syntactic complexity of oral language, kindergartners, 10362
pragmatic & content aspects of connected discourse, male vs female aphasic patients, 30447
prescriptive vs exploratory psychotherapy, therapist's use of verbal response modes, psychotherapists & their clients, 9717
presence vs absence of removable orthodontic appliance, oral form recognition, male adolescents with mean age of 13.8 yrs, 9488
presentation of high frequency environmental print with varying amounts of nonprint information, matching print to signified object & use of verbal labels, language disordered 3.5–6.1 yr olds, 12148
presentation order & self verbalization of solution process, problem solving, 3rd vs 6th graders, 3417
problem solving structure, use of language to mark relational distance, conflicting college student dyads, 6326
problems & purposes of narrative analysis in educational research, 12888
process training in referential communication, 3rd–4th graders, 15647
punctuation vs lineation, prediction of pauses & temporal unity of oral readings of poetry, 29519
qualification phrases, measurement of spontaneity in extemporaneous vs impromptu speeches, 1st yr medical students, 8643
reading ability, language comprehension & production & grammaticality, 8 yr olds, implications for assessment of reading disabilities, 14171
realization of temporal interdependency of speech & gesture in motor planning & execution, right handed Ss, 5384
recovery of consciousness & speech, EEG coherence, comatose patients, 6785
regression in speech capabilities, autistic vs mentally retarded children, 30066

reliability & validity & interscorer agreement & psychometric properties of Anomalous Sentences Repetition Test & parallel versions of test, differential diagnosis between organic brain dysfunction & psychotic depression patients, 29006
representational vs conceptual vs programatic vs script play language accompanying symbolic play, 2–4 yr olds, implications for assessment of language disorders, 26798
"right speech" as therapeutic technique, 25 & 29 & 30 yr old females with communication problems, 14977
right vs left hemisphere acquired lesions, performance on spoken measures of simple & complex sentence structure, 1.7–8.2 yr olds with brain damage, 17548
role of speaking to oneself, 8637
sample word segment sizes & type/token ratios for oral language, 5–5.9 yr olds, 19606
semantic relations & use of case & total & mean length of utterance in picture description task, mild anomic dysphasic vs nondysphasic 20–63 yr olds, 25005
significance of speech to neonates, hospital personnel, 769
simultaneous presentation of written & oral language in foreign language education, 31171
situations encountered in regular classrooms, hearing impaired children who rely on oral language as their main form of communication, review of research, 25879
size of consonantal repertoire & proportional occurrence of consonant-vowel utterances in samples of babbling, normally hearing vs hearing impaired 4–28 mo olds, 17676
size of segmented videotaped messages presented with vs without speech & with face vs body, perception of deception, college students, 27166
source of story vs set vs passage length vs content, detection of logical inconsistencies in oral communication, kindergartners & 1st graders, 24142
Spanish speech samples made by range of native & nonnative speakers & rater characteristics, affective & evaluative language attitudes & affective response to speaker & social distance, native Spanish speakers, 9106
speaking, rate & variability of concurrent finger tapping, 6.3–10.4 yr olds, 11421
spectral center of gravity & model of auditory representation of American English vowels, 21141
speech &/vs signs vs cues expressive modes, speech intelligibility, profoundly deaf college students, 27490
speech act classification scheme, correspondence between speech in conversation & adjectival dimensions of interpersonal behavior, family members, 14086
speech errors & phonological encoding processes, college students, 29077
speech errors with independent levels of processing, top-down serial processing models of speech production, 14089
speech shadowing & comprehension, response delay in repetition of spoken prose, female college students, 21133
speech vs pointing gesture information, interpretation of referential acts, 2.4–3.9 vs 5–6 yr olds vs college students, 29650
spontaneously generated oral stories, 8–9.9 vs 10–11.9 vs 12–13.9 yr old learning disabled vs normally achieving students, 17527
static picture vs dynamic computer graphic picture as stimulus, structure of storytelling, 4–4.6 yr old nursery school students, 31209
stories eliciting prosocial vs self protective display rules, prediction of protagonists' verbal & facial expressions in emotional situations, 1st vs 3rd vs 5th vs 10th graders, 11497
summary of E. B. Huey & L. S. Vygotsky's work on inner speech & oral language & reading, 4810
task analysis, identification of developmental trends in complexity of language structures & vocabulary & functions & story conventions, kindergartners through 3rd graders, 8771
teacher response & shaping & evaluation of oral & written communications, teachers & their 1st & 6th grade students, 13043
teaching relationships through use of language, psychoanalysis, adolescent female whose father recently died, 4347
use of regression & self analysis & words as powerful action in psychoanalysis, psychoanalysts, 25147
various speech production conditions, auditory brain stem evoked responses to repetitive clicks, 18–43 yr olds, 16418
verbal responses to facial affect, depressed patients, 3879
verbal training program, quantity & quality & variability of understandable speech, 6.9 yr old nonverbal male, 1968
verbalization of comprehension strategies, reading achievement & self efficacy & ability attributions, 4th & 5th graders with reading comprehension deficiencies, implications for remedial education, 7728
verbalization, sensory-motor conceptual learning, 2nd graders & mentally retarded students, 6688
videotape of senders' face &/vs speech with vs without feedback, perception of deception, college students, 27167
visual guidance & hemispace, lateralized verbal-manual interference in hand or finger tapping task with vocalization, right handed college students, 23814
vocal expression of emotion, literature review, 16849
word frequency & other word variables in London-Lund Corpus of English Conversation, native speakers of English, implications for interpretation of psychological data, 5962
writing from dictation, 1st–3rd graders, implications for remedial speech training, USSR, 7707

Oral Contraceptives

cessation of birth control pill vs intrauterine device vs other contraception, delay in conception, females, France, 19776
contraceptive pill, sedative responses to clonidine & apomorphine, 22–30 yr old females, 16586
oral contraception & serious psychiatric illness, 25–39 yr old females, 1395
oral contraceptives & psychological factors, incidence & intensity of menstrual distress, females, implications for etiology, 19876
sex role preferences, perception of contraceptive responsibility & likelihood of male birth control pill usage, highly educated husbands, 9069
traditional vs nontraditional physicians vs traditional vs nontraditional magazines as information sources, intention to use oral contraceptives, male & female college students, 3629

Oral Reading

age differences, oral reading rates & pauses, 44–82 yr old males vs females, 19623
airflow & volume & durational characteristics of speech, profoundly hearing impaired 17–19 yr olds, 6797
behavioral remediation program, oral reading errors & comprehension, moderately mentally retarded 11–17 yr olds, 31299
developmental stages in infants' reaction to oral bookreading by parents, 3–12.5 mo olds & their mothers, 21665
efficacy of oral reading corrective feedback, 22964
empathetic approach, miscue analysis of child's oral reading, teachers, 22945
fading technique, assessment of oral reading errors, 7–8.6 yr old males with dyslexia, 18598
grade level & decoding skill, use of context to facilitate word recognition & comprehension-monitoring processes in oral reading of prose, 4th–5th graders, 798
hearing stories read aloud in native language by parent volunteers, reading achievement in English, Cantonese-speaking 4th graders, 7621
high vs low level proposition in text structure, oral vs silent reading rate & comprehension & cognitive processes, college students, 16324
instructions & practice, vocal intensities while reading with Edinburgh Masker, 15–35 yr old stutterers, implications for clinical effectiveness of Masker, 12152
lexical analogy in interpretation of ability to read aloud nonwords embedded in words, male phonological dyslexic patient, comments on study by V. A. Bradley & M. E. Thomson, 6677
map features represented by labels with vs without symbols vs mimetic drawings & verbal information, recall of text, good vs poor 5th–6th grade readers, support for conjoint retention hypothesis, 28410
nature of phonological processing in oral reading, patient with dyslexia, 4065
oral reading of original chants or poems as literacy learning strategy, kindergartners, 22974
oral reading to self vs audience vs silent reading with vs without listening, reading comprehension & recall, college students, 10411

oral syntax vs syntax complexity of basal readers, 1st–3rd graders, 4856
passage presented via filmstrip vs film vs reading from book, listening retention, 3rd graders, 22985
picture & printed vs spoken vs printed word matching, acquisition & retention of reading & transfer of matching-to-sample performance, mentally retarded children, 7716
practice & guidance in retelling stories read aloud, story comprehension & thematic inclusion & syntactic complexity of oral language, kindergartners, 10362
prior knowledge & oral reading accuracy, miscues & reading comprehension, 3rd graders, 13015
program with daily parental oral reading, vocabulary & verbal comprehension, nursery school children, 18501
prosodic cues & choral reading, oral reading fluency, 10360
rate of teacher presentation & frequency of praising, oral reading performance, 7.8–8.6 yr old learning disabled students, 13064
story reading strategies, language skill development, limited English speaking & monolingual elementary school students, 22952
strength of pronunciation rules & availability of lexical information, pronunciation of words & nonwords, college students, 14093
summary of E. B. Huey & L. S. Vygotsky's work on inner speech & oral language & reading, 4810
teacher directed vs taped previewing, oral reading, learning disabled 8.6–11.5 yr olds, 31293
vocabulary & word decoding & guided & motivational techniques, oral & silent reading, elementary school students, 20696
word supply vs phonic drill error correction procedure, oral reading, learning disabled 12.5–14.3 yr olds, 31294
Organ of Corti [See Cochlea]
Organ Transplantation
assessment & treatment of unsuccessful kidney transplants, medical patients, implications for social work, 2046
collaboration on bone marrow transplant, hematologists & mental health professionals, illustrative cases of male 7 yr old & female 25 yr old, 4586
doctor-patient relations & emotional stress & behavioral eccentricity & neurotic complaints & therapy or medical treatment attitudes & fixed attitudes, patients with neuroses vs kidney transplant, 6461
ethical considerations & policies & costs of organ transplantation, 1978
eye transplants & lesions of ventral optic pathway & midbrain/hindbrain junction & telencephalon, impact of visual system on skin camouflage reaction, salamanders, 13939
norepinephrine-epinephrine ratio, patients with renal transplants at high risk for suicide, comparison with data of R. B. Ostroff, 22006
pituitary grafts & prolactin levels, copulatory behavior, male rats, 8468
postoperative rehabilitation program of physical & psychological therapy, heart transplant patients, 7457
psychological factors in decision to carry vs not carry organ donor card, 20447
psychosocial effects of organ retrieval surgery, intensive care unit & operating room staff, implications for professional ethics & medical education, 20640
psychosocial problems following bone marrow transplantation, pediatric patients & their families, 22612
quality of life, patients undergoing renal dialysis vs transplantation, 1987
role in medical & emotional & psychosocial care of pediatric liver transplant patient in intensive care, nurses, 15262
socioethnic health belief system & cognitive behavioral therapy, renal transplant outcome, female & male 17 yr old Hispanic patients, 9650
symptom formation as indication of resistance to becoming healthy treated with family therapy, 18 yr old male with polydipsia following kidney transplant & his family, 1660
visibility of handicap & self concept & social maturity & organ transplantation, 18–29 yr old survivors of end-stage renal disease, conference presentation, 22224
Organic Brain Syndromes [See Also Alcoholic Psychosis, Alzheimers Disease, Delirium Tremens, Dementia, Korsakoffs Psychosis, Picks Disease, Presenile Dementia, Senile Dementia, Toxic Psychoses]
acquired immune deficiency syndrome & paranoia & organic brain syndrome & depression & suicidal ideation, 34–37 yr old males, 27659
clinical features of depressive vs catatonic vs organic vs psychogenic stupor, hospitalized 16–64 yr olds, 6801
concentration camp syndrome as expression of organic brain syndrome, 11865
concentration camp syndrome as expression of organic brain syndrome, comments on L. Eitinger's article, 11867
concentration camp syndrome as expression of organic brain syndrome, comments on L. Eitinger's review, 11871
concentration camp syndrome as expression of organic brain syndrome, comments on L. Eitinger's discussion, 11875
construction of short form of Halstead Category Test, assessment of organic brain impairment, brain damaged 18–69 yr olds, 28933
desglycinamide arginine vasopressin, memory disorders, 33–72 yr olds with organic brain syndromes, 15150
ECT in presence of increased intracranial pressure & respiratory failure, 53 yr old male with depression & organic brain disease, case report, 28035
EEG & pneumoencephalographic examinations, 4–62 yr old patients with psychoorganic syndromes, 27497
EEG vs cerebral computer tomography, differentiation between organic brain syndrome & functional psychiatric disorders, elderly patients, 30445
flicker fusion frequencies & signs of nonspecific brain damage, alcoholic Ss, 14724
identification of etiological & patient characteristics, patients over 60 yrs old with organic mental disorders referred from general hospital for psychiatric consultation, 1651
long-acting propranolol, assaultive behavior, 27-75 yr olds with organic brain disease, 25294
long term exposure to organic paint solvents, regional cerebral blood flow & organic brain dysfunction & attention ability, 27–64 yr old male workers in paint industry, 30442
memory test performance, patients with organic brain damage & depression, 20152
obsessional syndrome, 45 yr old male following ischemic lesion to anterior portion of dominant hemisphere, 6835
opening of geriatric psychiatry day hospital, referrals to inpatient service & other effects, patients over age 65 yrs with organic brain syndromes, Scotland, 7404
Organic Brain Damage Rating Scale to assess psycho-organic brain syndrome, 18–56 yr old patients, 20174
organic brain syndrome & marginal hypothyroidism & response to psychotropic medication & levo-thyroxine, 52 yr old male with depression & 65 yr old female with paranoid psychosis, case reports, 27963
organic mental syndromes associated with alcoholism, under-reporting of alcohol use, 23–65 yr old patients hospitalized for alcohol detoxification, 28252
oxiracetam, 59–90 yr olds with organic brain syndrome, 20412
prevalence of mental health, elderly Japanese Americans, 1244
reliability & validity & factor structure of revised Wechsler Memory Scale & subtests, identification of memory disorders, college students & general medical & alcoholic patients with organic brain syndrome, 2896
reliability & validity & interscorer agreement & psychometric properties of Anomalous Sentences Repetition Test & parallel versions of test, differential diagnosis between organic brain dysfunction & psychotic depression patients, 29006
role of organic brain dysfunction, treatment, difficult-to-treat psychiatric hospital patients, 17710
text cohesion & coherence assessed by recall of short stories, patients with schizophrenia or depression or organic brain disturbance, 9342
Organic Therapies [See Also Drug Therapy, Electroconvulsive Shock Therapy, Psychosurgery, Shock Therapy, Vitamin Therapy]
restoration of biochemical imbalances, treatment of dyslexia, illustration of male 6th grader, 9872

Organizational Behavior [See Also Organizational Effectiveness]
achieving routine in organizational change in school administration, 2672
advocacy strategies for confrontation of sex discriminatory practices, female college faculty in large urban university, 25736
affective content of attitudes toward power in familial & social & organizational role pairs, public employees, Columbia, 31492
alcohol abuse, industrial productivity, employees, criticism of research logic & methodology, 13248
alignment theory vs conventional team building intervention, interpersonal relationships & work performance, work teams of masters of business administration students & business management teams, 20888
ambivalence & organizational symbolism & social construction of reality, 2690
annual review of company plan during strategic planning retreat, 28769
anxiety as organizational phenomena & consultancy experiences, conference presentation, 12307
application of population ecology models to organizational research, 7839
assumptions about self & normative patterns & meaning of membership/participation in organization, engagement in secondary adjustment in prison vs factory vs church, support for E. Goffman's institutional underlife theory, 26019
attitude-behavior model of influence processes between organizations in ongoing channel relationships, boundary personnel in manufacturing & retailing industries, 5099
autocratic vs democratic governance structure & congruent vs incongruent style of work, perception of influence of managers on commitment & responsibility for task completion, leaders of Scout organization, Poland, 5084
availability of resources & existence of organizational-level planning & frequency of controversy about resource allocations, identification with organizational subunits, school principals, 10629
characteristics of organizational climate & perception of wrongdoing in association with whistle-blowing decisions, employees, 5114
client-organization interaction & pathology, 10623
clique formation, consumers & providers at health planning agency, US, 7324
cognitive scripts & vicarious learning, organizational behavior, 2650
common cognitive mistakes in negotiation in business & interpersonal & international relations, 27134
communication & complaints & compliance & confidence, mediation in public rehabilitation agency, employees & clients, 2688
communication mechanisms, organizational action in absence of shared meanings, 28778
communication profile, females in organizations of private sector, Mexico, 18769
communication theory approach to behavior in organizations, conference presentation, 23268

Organizational Merger

corporate mergers & role of human resources department, coping with physical & mental stress, employees, 28786
human resource development & management mergers & acquisitions, 25987
size & competition, cooptation between hospices & home health agencies, 30828

Organizational Objectives

center goals & assessment of attainment, child day care directors, 20482
communication mechanisms, organizational action in absence of shared meanings, 28778
development of corporate sales objectives & sales training program, sales management, 13229
dynamics of successful group goal setting in organizations, 28772
moderately high externally set constraint, profitability, equal vs high vs low power channel members, 31586
needs analysis in human resources development, achievement of organizational goals, 28768
organizational development goals of Oil & Natural Gas Commission, India, 23266
preferences for hypothetical decision outcomes & social responsibility, college students, implications for cognitive structure of corporate responsibility, 10619
socialization & accommodation & social contract in control-compliance framework, model of individual & organizational goal integration, 26026
vision-led vs problem-driven management restructuring, organizational effectiveness & efficiency, 31485

Organizational Performance [See Organizational Effectiveness]

Organizational Psychology [See Industrial Psychology]

Organizational Structure

application of automate/informate conceptions of information technology to restructuring of work place, 31535
application of sociotechnical systems theory to joint labor-management parallel organization, 7823
assumptions about self & normative patterns & meaning of membership/participation in organization, engagement in secondary adjustment in prison vs factory vs church, support for E. Goffman's institutional underlife theory, 26019
career aspirations & technical obsolescence & work characteristics & perceived organizational reward system, engineers & their supervisors, 28805
centralization of facilities, perception of self & organization & subgroups in small & large social contexts, staff & patients with chronic schizophrenia in residential treatment center, 2089
changes in organizational structure & information dissemination roles, Canadian Psychiatric Association, 1975–85, 25645
characterization of organization of psychoanalysis & its training systems in sociological terms, 12862
cognitive processes of members vs organizational structures, organization performance, graduate business students, 5124
comments on proposal to divide American Psychological Association into 4 assemblies & impact on clinical psychologists, 12867
compositional vs cross-level vs multi-level models of organizational theory & research, 2679
computer simulated matrix vs functional organizations operating in volatile environment, organizational effectiveness, business students, 23222
contingency theories & informal social network structure in organizations, 18756
control structure & conflict, public agency directors vs supervisors vs caseworkers vs clerical staff, 28796
cost analysis of layoff vs no layoff company policies, 31502
court-ordered structural reforms, inmate-inmate & inmate-guard violence, prisoners & guards, 30992
culture-free vs -bound hypothesis as explanation of organizational structures, managerial employees of multinational banks, Hong Kong, 2642
democratic vs modern vs totalitarian vs hermeneutic theories of human nature, organizational life & management practices, 28806
desperate conditions & organizational conflicts & power struggles at Charenton insane asylum, 19th century, France, 30952
disequilibrium & symmetry breaking & experimentation & reformulation factors, organizational transformation, 5102
dynamics of organizational interdependence, 26031
economic familism & ownership & prevalence of family firms, Chinese business persons, US & Hong Kong, 5088
focus on training & reorganization of corporate structure, maintenance of competitive edge in airline industry, People's Express, 28803
framework for strategies for achievement of person-environment matching in work & job design, South Africa, 16028
horizontal hierarchy, structure of interorganizational networks in human resource organizations, 2662
identification & prioritization & scaling of organizational design factors, authorities on organizational principles, 2460
impact of computers, corporate culture & change, 5112
institutional structure & approach to problem solving with institutional team supervision, 15981
interorganizational networks producing resource exchange & internal & external legitimation & definition of domain of activity, genesis of new organizations, 20896
leadership & organization of self help groups for parents of children with cancer, parents/members & social workers & nurses & doctors & others in related helping professions, 15339
manipulation of symbols & "dramaturgy of exchange" in development & growth of bureau within state regulatory commission, 28797

matrix model of organizational structure & practices of research university, 10268
microcomputer technology, organizational structures, Brazil, 13233
model for study of research & development-marketing integration, 23315
organization & management & staff qualifications & budgets & contractual use of community services, counseling services in small colleges, 25932
organization & philosophy & ethos of institutions & schools & residential homes & hospitals & custodial care centers, development & short & long term effects, children, 12721
organizational environment & structure, perception of environment & structural adaptation, managers, 15999
organizational hierarchy & cognitive-motivational limits to processing, perception of work roles, college students posing as clerks vs managers, 14464
organizational size, productivity & efficiency, meta-analysis of field studies, 20883
organizational structure, strategic decision making process, 23215
Pascal program, quantitative structural indices of mathematical model of group or organizational structures, 5223
perceptions of leadership, network density & isolation & heterophily & topological distance among members, participants in urban community health & education policy setting, 23238
phases & critical success factors, complex organizational change, 31519
police agency size & structure, 3609
political & organizational factors, standards & educational program evaluation, comments on book on evaluation standards, 7614
product & market diversification & structure, market power & performance of Fortune 500 firms, 13243
public choice theory, employee motivation in bureaucratic organizations, 2683
purpose & organization & structure & conflict, research network, female social scientist, Norway, 4759
selection vs interaction vs systems approaches to fit in structural contingency theory, organizational assessment by personnel & measures of performance, employees in security units, 20881
single-point entry organizational form in delivery of health services, aged, implications for health & human services industry, 15243
social transformation & origins of new forms of voluntary associations, Denmark, 2653
sociotechnical system approach & use of linking arrangements in manufacturing plant design, 31461
structural change vs scale differences within vs between organizations, doctorate-granting universities, test of P. M. Blau's theory of structural differentiation, 26015
structure of bureaucratic authority & managers' definitions of organizational work situations, dramatic escape & compensation, subordinate employees, 31493
task difficulty & interunit interdependence & boundary spanning activity & participation in decision making & autonomy, information processing systems, supervisors & subordinates, 18766
team organization & job analysis within multiperson-machine systems, 16021
technology &/vs structure of nursing subunit, prediction of quality of care, nurses, 12705
time series intervention & incremental vs quantum M-form reorganization, organizational performance, 10630
transaction cost analysis, explanation of arrangements in organization of organization-customer exchange, service organizations, 23239
user organization involvement & size & structural formality & management quality, supplier-customer relationship in new product development, machine tool manufacturers & their customers, Great Britain vs West Germany, 7871
visual display technology & work organization, worker disablement, Australia, 10573
Organizations [See Also Alcoholics Anonymous, Business Organizations, Foreign Organizations, Government Agencies, Health Maintenance Organizations, International Organizations, Labor Unions, Nonprofit Organizations, Professional Organizations]
choosing individuals with characteristics for high performing organizational teams, 28782
consideration of differences in organizational & community consultation techniques, comment on view of D. J. Kurpius, 17727
contributions to foster care by Children's Family Trust, UK, 1945 to present, 2022
development of organization to meet needs of bisexual community, 24415
electronic mail vs oral interview & written questionnaires as data collection methods for organizational research, nature of responses & response rate, business personnel, 16097
frequency of association in voluntary groups & community size & occupational prestige & education, anomie, 1135
historical development of youth-oriented political & religious & recreational organizations & psychological effects of membership, 1936–39, Spain, 8896
history & development of bisexual community organizations, 24434
history & usefulness of Lithium Information Center, 20388
limitations in organizational efforts to prevent or control smoking, 14926
maintenance of viable block & neighborhood organizations based on open-systems framework, members & leaders of active vs inactive block groups, 9098
nepotism in privately owned & publicly held corporations, 5076
network analysis of organizational affiliations, female leaders in suffrage & women's rights reform activity, 1840–1914, US, 8938
organizational development strategy, attitude change in openness & trust, employers & employees of major company, India, 23253
origins & rationale & alternatives & abilities of marketing concept in organizations, 23316
payment inequity caused by individual vs organizational agents, reactions to over- vs underpayment, college students, 24509
predictors of whistle blowing behavior in organizations, implications for prosocial behavior, 7846
reduction in government expenditures & neighborhood planning organizations in low income urban areas, 15224
social definition & objective truth in knowledge of organizations & administrative science, 20863
social linkages, organizational commitment & participation in voluntary organizations & churches, survey of Southern Baptists, 11735
treatment of new ideas in high- & low-innovation organizations, innovation success & failure, high-technology firm vs health services organization managers, 23209
Orgasm [See Female Orgasm, Male Orgasm, Premature Ejaculation]
Orientals [See Asians]
Orientation (Perceptual) [See Perceptual Orientation]
Orientation (Spatial) [See Spatial Orientation (Perception)]
Orienting Reflex
desglycinamide-arginine 8-vasopressin vs ACTH 4-10, cardiac orienting reflex & activity in novel open field setting & habituation, rabbits, conference presentation, 29427
habituation of EEG & autonomic & EMG components of orienting reaction to auditory stimulus, epileptic vs normal 6–33 yr olds with night terrors, 1630
heart rate deceleration vs acceleration as measures of orienting vs defensive reflex, criticism of proposal by F. K. Graham & R. K. Clifton, 557
icv injection of scopolamine hydrobromide into septum & dorsal hippocampus & lateral ventricles, cardiac orienting reflex & heart rate classical conditioning, rabbits, 21576
instruction-induced stress, habituation & dishabituation of human orienting reflex & trait anxiety, female college students, 26549
Orienting Responses
anticipated information, electrodermal & cardiac activity, college students, implications for orienting response, 8429
anticipated or already processed information, orienting response evocation as measured by skin conductance response, 14–31 yr olds, 19369
attention, facilitation of neural mechanisms permitting responding to significant input illustrated by electrical thalamic stimulation, cats, 5780
attentional orienting, lexical decisions within visual half-fields, college students, 13555
auditory stimulation, EMG & autonomic & EEG components of orienting response, 16–66 yr olds with multiple sclerosis, 24973
central visual & peripheral auditory targets of varied duration, eye &/vs limb movement response latencies in orienting to target, 17–35 yr olds, 21100

classical conditioning training to tone shock pairings using heart rate as index orienting & defensive responses, 16 vs 21 vs 26 day old rats, 16346
contextual change, latent inhibition & habituation of orienting response, rats, 11063
EEG index of visual attention, normal adults & 60 yr old male with panic attacks, 532
extinction of somatic & automatic & EEG orienting responses, retention & learning ability, 5–33 yr olds with nocturnal enuresis vs symptomatic epilepsy, 9603
high vs low intensity social call vs white noise, directional responses, 16–23 day old gerbils, 16374
inhibition of return & neural systems that generate saccades, progressive supranuclear palsy vs Parkinson's disease vs frontal vs parietal cortical lesion patients, 22316
introversion vs extraversion & anxiety vs emotional stability, electrodermal orienting response, 9–12 vs 13–16 vs 17–20 yr olds, 760
motor vs no required response to auditory stimulus, habituation of orienting response measured by skin conductance & finger pulse volume & EEG, schizophrenic vs nonschizophrenic patients, 9215
orienting ability & maternal cooperation, competition, 3 yr olds, 6135
orienting responses & freezing behavior induced by sight & sound of threatening stimuli, heart rate & respiration, wild & captive incubating ptarmigan hens, 21338
phobic content slide, cardiac response, snake- or spider-phobic 16–61 yr olds, implications for orienting response., 27367
positive vs negative syndromes & direction of electrodermal orienting response asymmetry according to EEG, schizophrenic patients, 1305
procedure for recording head movements to visual & auditory stimuli, adults, 13370
role of superior colliculus in visual perception, rats & hamsters, literature review, 498
scoring criteria as source of error & variability, electrodermal response research, 19362
scoring criteria, habituation of skin conductance orienting response, neuroleptic-free schizophrenic patients, replication of study by D. F. Levinson et al, 30176
strength of orienting response during inhibitory conditioning, rats, 11079
superior colliculus damage, visual perception & orientation response, rats & hamsters, literature review, 607
superior colliculus lesions vs increased dopamine transmission via dextroamphetamine, visual orienting behavior, rats, 21395
superior colliculus removal, visual perception & orientation response, rats & hamsters, literature review, 608
tone & light & electric shock & age, heart rate & orienting response & conditioned fear, preweanling & weanling rats, 13720

Originality [See Creativity]

Orphanages
need for mental health care, 12–21 yr olds in orphanages, India, conference presentation, 25521
perceptual motor skills & cognitive & emotional development, orphans in state infants' home, Poland, 6030

Orphans
pattern of self disclosure, 14–19 yr old orphans vs nonorphans, India, 24197
role of memories in ability to cope with loss, male & female Jewish survivors of Holocaust, 16880

Orthography
ability to recognize real words from orthographically correct vs incorrect pseudowords under visual vs aural vs bimodal conditions, reading disabled 8–11 yr olds, 22213
acquisition of graphemes in drawings based on bodily symmetry, normally developing 3–6 vs physically handicapped 6–12 yr olds, West Germany, 9572
grapheme patterns & orthographic structures in child vs adult reading texts, implications for study of children's reading & spelling strategies, 10389
individual differences in spelling strategies for orthography of verbs, 16–18 yr olds, Netherlands, 21632
nature of orthographies & reading-acquisition process & prognosis for successful learning, comments on article by H. Stevenson, 11358
nonwords & high vs low frequency Hebrew words & pointed vs unpointed spelling & semantic context & word length, phonological encoding in lexical decision task, college students, Israel, 13666
number & distinctiveness of rated semantic vs graphic attributes, incidental memory of kanji, Japan, 13695
orthographic information, recognition & RT, college students, Japan, 13664
orthographic letters vs lexigram elements, discriminability in match-to-sample task, institutionalized nonspeaking severely mentally retarded residents, 4073
orthographic syllable structure & phonological representation of words, RT & performance on syllable detection task, college students, 8186
orthographic vs semantic priming, word retrieval, college students, 5483
presentation of vertically written word to left vs right visual field & spelling-to-sound regularity, word identification, right handed Ss, 8402
repetition & Japanese vs foreign loan words written in katakana script, RT in lexical classification task, Japan, 13627
theory of orthographic evolution & linguistics, 11359
use of orthographic structures, performance on memory search & lexical decision tasks, 5th & 6th grade disabled readers vs reading age 2nd & 3rd graders, 12131

Orthopedically Handicapped [See Physically Handicapped]

Orthopsychiatry
need for establishment of research priorities & programs & impact on intervention & interaction & advocacy, clinicians, 30500

Otosclerosis
high aspirin-induced blood level of salicylate, hearing music as form of tinnitus, 70 yr old female with otosclerosis & rheumatoid arthritis, 22219
phase angle measurements assessed by phasor diagram & conductance & susceptance tympanograms, Ss with normal vs otosclerotic ears, 12197

Outcomes (Psychotherapeutic) [See Psychotherapeutic Outcomes]

Outcomes (Treatment) [See Treatment Outcomes]

Outpatient Psychiatric Clinics [See Psychiatric Clinics]

Outpatient Treatment
alternatives-to-hospitalization program, utilization of inpatient services, 18–64 yr old psychiatric patients with vs without history of psychiatric hospitalization, 30864
antipsychotic activity & maintenance dosage & side effects of haloperidol decanoate vs pipothiazine, 19–50 yr old male schizophrenic outpatients, 18033
behavioral-tailoring vs psychoeducational intervention, neuroleptic medication compliance, 24.3–64.3 yr old male chronic schizophrenic outpatients, 4472
clinical characteristics & antidepressant vs tranquilizer vs social treatment vs surveillance, 18–64 yr old depressed patients from general practice vs psychiatric outpatient service, 22635
Delphi technique, identification of perceptions of cancer patients' needs & priorities, staff of community-based outpatient treatment center, 12676
development & maintenance of family therapy outpatient clinic in general hospital setting, 18243
diagnosis based on DSM III, in- vs outpatient admission decisions, psychiatric patients, 2104
differences in individual outpatient vs inpatient psychoanalytic psychotherapy, implications for treatment of schizophrenia, 10062
dynamics of outpatient mental health clinics & hospital outpatient services, professional & social identity, Brazil, 30852
economic discrimination under Medicare regarding outpatient care, elderly psychiatric patients, 10028
factors in patients' choice of primary care system & medical students' qualifications, success of ambulatory care services in teaching hospitals, 25495
health care provider awareness of concurrent medical & psychiatric problems & coordination of care, patients being treated in medical & psychiatric outpatient clinics, 28165

home care by trained nurse vs hospital outpatient service treatment, chronic psychiatric patients, India, 22672
individual therapeutic approaches to outpatient psychotherapy, 1807
integrated in- & out-patient services, Sweden, 10108
long term use of flupentixol decanoate, dropout & intervening depressive syndromes, chronic schizophrenic outpatients, 25273
medication only vs active support vs untreated medical monitoring, alcohol misuse & social functioning, 21–60 yr old male inpatient alcoholics, 12-mo followup, 22795
needs assessment for outpatient treatment of bulimia, conference presentation, 12354
outpatient clinic program for linguistic skills, deaf & hearing children with personality disorders, 28094
outpatient program for cognitive & social skills retraining, head trauma patients, 30984
outpatient treatment, probability of rehospitalization, schizophrenic patients, 25468
outpatient treatment with psychiatric & substance abuse treatment techniques, 25–59 yr olds with coexisting substance abuse & other mental disorders, 27721
oxyprothepine treatment with psychiatric outpatient visits, therapeutic cooperation & application of short term psychotherapy, schizophrenic patients, 6971
practice of least restrictive alternative by committing courts & outpatient treatment utilization, 21–85 yr olds under civil commitment, 6272
predictors of compliance with lithium treatment, 21–74 yr old outpatients with affective disorders, 9884
psychiatric unit's budgets & treatment costs, inpatients vs outpatients, 4-yr evaluation, France, 30940
psychotropic drugs, adverse effects, psychiatric outpatients, 9940
recreational breaking off periods, chronic psychiatric outpatients, 9657
sex & age & socioeconomic characteristics & severity of disease & other factors, ordered ambulatory tests, hypertensive patients, 30810
short term group therapy, outpatients, literature review, 22453
state involuntary outpatient civil commitment laws, mentally disordered & dangerous persons, US, 27071
symptomatology & psychopathology & lifestyles & treatment needs, outpatients with schizophrenia, 4630
treatment compliance & absence of physical disability & long term followup & maintenance antidepressant therapy, treatment outcomes, aged depressed outpatients, 24–63 mo followup, 12658
treatment contracts in long term group therapy, 24–57 yr old alcoholic outpatients, 25579
treatment length restriction vs followup interview style, treatment outcome, 18–65 yr old alcoholics in outpatient treatment, 22791
typological analysis, drug addicts in outpatient care, France, 20052
use of outpatient commitment, state attorneys general & mental health directors, 2034

Outpatients

aims & advantages of psychiatric day hospitals, children, 12722
assaultive behaviors, psychiatric outpatients, 2122
bromazepam, outpatients with psychoneurotic or depressive or sexual disorders, conference presentation, 7260
bromazepam vs diazepam, neurotic outpatients, conference presentation, 7158
characteristics of suicidal behavior, 6–12 yr old in- vs outpatients, conference presentation, 27437
client characteristics, psychotic patients who did vs did not comply with outpatient treatment, 2038
cognitive behavioral approach, social skills learning, 16–50 yr old psychiatric in- & outpatients, 12537
cognitive behavioral psychotherapy, outpatients, 27926
demographic characteristics, epidemiology of depression, 1st-time medical outpatients, 3891
demographic characteristics, prediction of use of injectable vs oral antipsychotic medication, outpatients, conference presentation, 12576
demographic variables & client requests for therapy, male & female Black vs White vs Hispanic psychiatric outpatients, 17792
depressed symptomatology & psychodynamics, male & female hospitalized vs outpatient preschoolers with suicidal thoughts &/vs behavior disorders, 28175
depression, male vs female 17–59 yr old medical outpatients with organic disorders, 4175
depressive symptoms, males vs females from psychiatric outpatient clinic vs liaison psychiatry team in general wards, 11928
diagnoses & clinical laboratory data, 23–94 yr old male psychiatric outpatients, conference presentation, 21999
effectiveness of questionnaire, detection of diazepam dependence, psychiatric outpatients, Czechoslovakia, 6673
epidemiologic data of general hospital psychiatric outpatient clinic & services population, 13–85 yr old outpatients, 18252
factors in adherence to psychoactive medications, 18–65 yr old psychiatric outpatients, Israel, 9900
family therapy & attention & organization & mnemonic & imagery techniques in outpatient cognitive rehabilitation, family members & head injured patients, 30983
identity problems, social phobia vs agoraphobia, outpatients, 3950
incidence of physical disorders, outpatients of general hospital psychiatric clinic, 28138
information giving & withholding in therapeutic relationship, physicians & their patients, 15259
level & nature & prevalence of psychosocial distress, oncology outpatients, 4128
long term antidepressant use in urban community mental health center, 20–70 yr old outpatients, 25317
mood states, psychiatric outpatients vs adults referred for evaluation for driving under influence of alcohol, 19879
nutritional status, self perceived chewing ability & dental status & social isolation, 76–93 yr old military veterans seeking outpatient treatment, 9976
pretherapy orientation, dropout & attendance rates & psychotherapeutic outcomes in open group therapy, 14–47 yr old psychiatric outpatients, 4378
psychiatric diagnosis, educational placement, inpatient vs outpatient children & adolescents, 24609
psychiatric service utilization & demographic characteristics, children attending outpatient clinics, Australia, 22371
social skills training vs alternative treatment procedures, mentally retarded vs depressed vs psychiatric in- vs outpatients, literature review, 4676
suicide rates & apparent causes & relation to drug dependency, male & female emergency psychiatric outpatients, Switzerland, 25471
therapeutic interactions, physicians & their outpatients, 9646
time spent waiting for doctor & in assessment & active involvement with doctor, adult & child patients in multidisciplinary diabetes clinic, implications for patient education, 15252
work activity environments & structure & referral goals & patient performance of Clinical Vocational Assessment Program, psychiatric in- & outpatients, 4690
work-related problems & unemployment, outcome of psychotherapeutic treatment at community mental health center, male outpatients, 7358

Ovariectomy

estrogen &/vs androgen administration, sexual arousal vs physiologic response & interpersonal aspects of sexual behavior, premenopausal females who had hysterectomies with vs without oophorectomy, 20415
luteinizing hormone release & locomotor activity, ovariectomized & estrogen-treated female golden hamsters, 11227
neonatal castration & testosterone, preference for approach & interaction with sexually active male or estrous female, ferrets, 8486
ovariectomy & strain differences, sensitivity to ethanol & alcohol consumption, female mice, 16457
ovariectomy with vs without estrogen replacement, unilateral intrastriatal dopamine-induced postural deviation, female rats, 11258
physiological & behavioral responses to exogenous estradiol benzoate & progesterone, ovariectomized female Topeka guinea pigs, 631

Ovaries

courtship & mating, ovarian follicular maturation, female garter snakes, 8423
ovariectomy & subsequent ecdysteroid decrease, dominance & nest building & egg laying behavior, female primitive social wasps, 29374

physical & psychological complaints & Briquet's syndrome, infertile females with polycystic ovary disease vs tubal disease vs normal females, 27641
wedge resection of ovaries, sexual life, 21–40 yr old females with Stein-Leventhal syndrome, 28063
Ovary Disorders [See Endocrine Sexual Disorders]
Overachievement (Academic) [See Academic Overachievement]
Overcorrection
mild punishment & overcorrection & reinforcement of alternative behavior, reduction of self-injurious behavior, 12 yr old autistic severely retarded male, 11-mo followup, 25251
overcorrection procedures, stereotyped behavior, 7.2–12.8 yr olds with autism, 20357
overcorrection, self injurious head banging, nonverbal profoundly mentally retarded 23 yr old male, 18006
positive practice overcorrection specific learning objectives, stereotypic vocalizations & social behavior, autistic 8.7 yr old, 4959
ratings of time out vs differential reinforcement vs overcorrection vs shock, treatment of self injurious behavior, parents of autistic vs other handicapped vs nonhandicapped children, 1888
Overlearning
chlordiazepoxide & overtraining, discrimination reversal learning, rats, 364
overtraining, test performance on intermediate-size transportation vs redundant-oddity tasks, kindergartners, 16959
overtraining vs criterion training on number classification task, production of reversal learning, 19–52 yr olds, 8251
serial brain lesions & varying amounts of practice, acquisition & retention of specific learning tasks, male rats, 5803
Overweight [See Obesity]
Ovulation
coital rate, dizygotic twinning, mothers, 13780
endogenous opioids, follicle stimulating hormone & luteinizing hormone release & ovulation & constant illumination, female rats, 29350
environmental & behavioral factors, control of ovulation & vaginal estrus & sexual receptivity, voles, literature review, 29321
ovulation vs menstruation, visual acuity assessed through letter identification, 18–30 yr old females, 13852
Ownership
attitudes toward employee ownership following shutdown of supermarket, 16–50 yr old workers, 26018
attitudes toward unionization & related economic & noneconomic factors in employee-owned firm, blue collar workers, 28799
concept of landed property & cultural practices, precapitalist African societies, 988
economic familism & ownership & prevalence of family firms, Chinese business persons, US & Hong Kong, 5088
farmland ownership measured in terms of average acreage & percent of total farmland, male vs female vs joint male/female landowners, 1946–78, US, 6166
housing expectations vs housing costs, financial commitment to home ownership, college students, 26064
intergenerational transfer of family farm, coping strategies & psychological well-being, families, 11628
management practices & employee attitudes & behavior, companies in which most or all employees share ownership of firm, 28798
manifestations of "sense of ownership" & development of personal self, 3.3–5.7 yr old mildly & moderately retarded children, 30321
multiple regression analysis of sociodemographic characteristics & residential income property ownership variables, 6167
nepotism in privately owned & publicly held corporations, 5076
situational factors vs entrepreneurial or collective attitudes, participation in employee ownership, supermarket employees facing shutdown, 13238
universality of possessive behaviors across societies & species, 1111
Oxazepam
freeze dried dosage vs standard formulation of oxazepam, anxiety level & EEG changes, 34–51 yr old patients, 9868
prenatal exposure to oxazepam, postnatal development & locomotor & behavioral responses & avoidance & discrimination responses, infant mice observed from postnatal 2 wks to 60 days, 26624
triazolam vs oxazepam vs diazepam, conditioned suppression & seizures & motor impairment & tolerance, male rats, 5855
Oxidases [See Also Monoamine Oxidases]
chronic ethanol, body weight & caloric intake & liquid consumption & hepatic microsomal mixed function oxidases, male hamsters, conference presentation, 8532
genetic pattern of plasma amine oxidase activities & transmission of schizophrenia, chronic probands & 1st-degree relatives, 17308
plasma amine oxidase activity & paranoid/nonparanoid subtype & diagnostic criteria & prognosis & age at onset, 17–45 yr olds with chronic schizophrenia, 1303
Oxilapine [See Loxapine]
Oxygen
alpha- vs beta- vs cholinergic receptor blockers & epinephrine vs angiotensin, immobilization stress-induced changes in cerebral blood flow & partial pressures of oxygen & carbon dioxide, male rabbits, 16494
chronic administration of naloxone, behavioral symptoms & respiratory hyperactivity & oxygen consumption rates indicative of opiate abstinence syndrome, male rats, 11313
cyanide & oxygen, pyknosis of leucocytes, healthy vs neurotic vs psychotic individuals, 6498
dextroamphetamine injection, hyperbaric oxygen-induced convulsions, male mice, 29402
high pressure helium oxygen, spontaneous & evoked hippocampal activity, male rats, 594
inhalation of carbon dioxide/oxygen mixture, peripheral alveolar response & relationship to occurrence of panic attack symptoms, healthy adults, 19372
oxygen concentration at various brain sites during paradoxical sleep, cats, 8432
physical training, maximal oxygen consumption & body weight & behavior patterns, mentally retarded adults, 4074
positron tomography & oxygen inhalation data, measurement of blood flow & metabolism, epileptic psychotic vs nonpsychotic patients, 6439
successive masturbation & orgasm, measurement of blood flow & oxygen levels during fantasy vs orgasm vs relaxation, 23–46 yr old females, 19356
Oxytocin
CSF levels of arginine vasopressin & somatostatin & oxytocin & beta-endorphin, males with Alzheimer's disease, 30453
morphine treatment & tolerance/dependence, immunoreactive oxytocin levels in hippocampal tissue, mice, 659
morphology of vasopressin & oxytocin neurons in paraventricular & supraoptic nucleus, changes in hypothalamo-neurohypophyseal system, 10–93 yr olds & brains from patients with senile dementia of Alzheimer type, 24894
oxytocin & lysine vasopressin, tolerance to hypothermic effect of ethanol, male albino mice, 21606
oxytocin, acquisition & maintenance of iv heroin self administration, heroin naive vs tolerant male rats, 16682
oxytocin, copulatory performance, adult male rats, 625
oxytocin dosage levels, leverpressing behavior, male rats, 11289
oxytocin doses, startle response, male rats, 21535
oxytocin, heroin tolerance, male mice, 14009
oxytocin, stretch response as indicator of milk ejection & intake during suckling, rat pups, 16690
oxytocin vs prolyl-leucyl-glycinamide followed by ethanol, development of tolerance to depression & hypothermic effects of alcohol, male rats, 8595
sc oxytocin & behaviorally active oxytocin fragments, attenuation of iv heroin self administration & tolerance, rats, 29442
stress induced by confinement & noise & dexamethasone injections, plasma levels of ACTH & oxytocin & vasopressin, rhesus monkeys, 16476
vasopressin & oxytocin concentration in CSF, schizophrenic patients receiving no drug therapy vs neuroleptic drug treatment, 20376
Pacemakers (Artificial) [See Artificial Pacemakers]
Pain [See Also Aphagia, Back Pain, Chronic Pain, Headache, Migraine Headache, Muscle Contraction Headache, Psychogenic Pain]
accuracy of memory of pain experienced during childbirth, 19–42 yr old females, 9999
age differences & social interactions, pain expression, 2–24 mo olds receiving immunization injections, 750

amitriptyline & imipramine, reduction of arthritis & pain behavior, rats, implications for tricyclic antidepressant use in treatment for arthritis, 26637
anxiety levels, 6–16 yr olds with behavior disorders vs recurrent abdominal pain & their mothers vs fathers, 30405
assessment of plasma beta-endorphin immunoactivity & pain during burn dressing changes, 8–17 yr old acutely burned patients, 17680
behavioral analysis of chest pain, patients referred for possible coronary artery bypass surgery, 1553
behavioral management program, behavioral distress, 3.5–7 yr old cancer patients undergoing painful medical procedures, 4432
booklet vs oral method of teaching cognitive control of anxiety in preparation for hysterectomy, pain & distress & length of hospital stay, 30–55 yr old females, 10125
clonidine &/vs naloxone, pain sensitivity & release of endogenous opiates, spontaneously hypertensive rats, 698
cognitive behavioral theory, sensory & psychological pain, comments & reply to comments of various authors, 13509
comparison of estimates of pain experienced prior to & following needle aspiration or injection of joints or soft tissue, patients vs physicians, 28041
concept of pain proneness of G. L. Engel & etiological significance of child abuse, literature review, 6856
conceptual & methodological issues related to definition of pain syndromes, 1614
consequences & assessment & experiences & management of pediatric pain, 9505
cultural values in conceptualization of & response to pain, females & midwives & other informants, Bariba, West Africa, 994
dipipanone, cold-induced pain & CNS, healthy 21–37 yr olds, 21575
efficacy of cognitive behavioral & self control intervention, reduction of pain & functional disabilities, rheumatoid arthritis patien*s, 1870
electro-acupuncture, sensory vs emotional components of pain, 24–47 yr olds, 4597
EMG biofeedback mediated muscle relaxation of neck, reduction of muscle contractions & pain, whiplash & osteoarthritis victims with cervico-brachial pain syndrome, 25219
epidemiology of abdominal pain & psychiatric deviance, 5–6 yr olds, England, 22251
etiological psychological & physiological factors, recurrent abdominal pain, children, reply to comments by L. Zeltzer, 17630
etiological psychological & physiological factors, recurrent abdominal pain, children, comments on article by P. J. McGrath & W. Feldman, 17702
etiological psychological & physiological factors, recurrent abdominal pain, children, 17631
experimental pain from radiant warmth & heat, regional cerebral blood flow, 27–43 yr old males, 19387
facial expression accompanying pain, literature review, 1594
facial reactions to electric shocks, O judgment of acute pain, 23913
family pain models, self report of pain, female vs male college students, 5380
frequency & nature & treatment of pain, 59 yr old male with motor neuron disease, 22311
frequency of hypochondriasis & disease connection & psychological & somatic perception of illness & affective inhibition & disturbance & denial, 10–69 yr old dental patients in acute vs chronic pain, 30353
headache symptoms & other pain complaints & autonomic instability, 13–75 yr old male vs female headache patients, 9637
high vs low levels of nonverbal expression of pain in simulated doctor-patient interview, ratings of patient distress & O concern, female nursing students & college students with varying levels of need to nurture others, 1724
hypnosis, control of pain & anxiety & stress-related conditions, 28009
hypnosis or relaxation training & cognitive coping skills, pain duration, 15–41 yr olds with Temporo-Mandibular Pain & Dysfunction Syndrome, 1899
hypnosis, pain relief, 44 yr old female cancer patient, 12603
hypnotherapy, pain & anxiety & depression & biochemical correlates, 40–69 yr old arthritic pain patients, conference presentation, 15214
ibuprofen vs acetaminophen & codeine, moderate or severe pain from postorthopedic surgery, 18–65 yr old patients, 20389
impact of childhood developmental level in pain perception & professional role & intervention strategies for management, child & adolescent patients & nurses in critical care unit, 15221
interethnic similarities & differences in response to pain, Black vs Irish vs Italian vs Jewish vs Puerto Rican facial pain patients, 1599
International Association for Study of Pain's system, classification of pain, 50 yr old male, conference presentation, 22228
interstimulus intervals & stimulus intensities, pain-related EPs, 18–35 yr olds, 23806
lesions of dorsolateral funiculus spinal pathway, pain suppression mechanisms in phasic vs tonic pain, rats, 619
medical & psychological approaches to treatment & meaning of pain & suffering, pastoral care, persons in pain, 15327
morphine chlorhydrate & naloxone hydrochloride, spinal nociceptive flexion reflex & reflex pain thresholds, 25–43 yr olds, 3335
operant conditioning, control of pain reports, adult psychiatric hospital employees, 15104
pain coping model, assessment of patients' pain, nurses, 22239
pain in initiation rites, transcendence of duality of self vs society & transformation of consciousness from child to adult, adolescents, 17050
pain research in areas of animal & human experimentation & human physiological correlates & clinical assessment, literature review, 13883
painful feelings as developmental roots of self damaging behavior, 4 yr old male analysand, 7022
patient's pain & ability to anesthetize, stress reactions, dentists, 4588
personality patterns & anxiety level & life events, surgical outpatients with upper abdominal pain vs other disorders, 9625
physiological & psychological aspects of therapeutic techniques for management of pain, literature review, 1533
preoperative obesity & psychiatric history, postoperative narcotic use for pain, adults who had abdominal surgery for obesity vs normal weight cholecystectomy patients, 7348
preoperative pain expectancy & client education, postoperative reports of pain & fear, female surgical patients, 20467
progressive relaxation & thermal biofeedback & cognitive strategies & self hypnosis & self management skills, pain, 22–35 yr old patients with sickle cell disease, 20369
psychotropic medication, 52–64 yr old patients with Parkinson's disease & severe pain, 20414
self reported vs physician-estimated chest pain variables, angiographically determined coronary stenosis & neuroticism, cardiac patients, 1538
shock intensity & self report of discomfort & social modeling influence, nonverbal expressive behavior & O's judgments of Ss' distress, college students, 5390
specialized training & professional roles in pain treatment settings, psychologists, Canada, 7557
stress inoculation training vs attention-education, postoperative pain control, male patients undergoing coronary artery graft surgery, 25373
temperament & behavior, 6 yr olds with recurrent abdominal pain, 30380
tonic ischemia pain, phasic pain ratings & cerebral EPs, 21–27 yr old healthy medical students, 8386
translation of McGill Pain Questionnaire, healthy 17–53 yr olds, Italy, 18962
treatment of cancer pain, patients with acute & chronic cancer pain, 17719
utility of rating scale for identification of patients who could benefit from pain management program, 23–64 yr old patients, 26176
validity & reliability of use of language in assessment of pain, literature review, 26188
validity & sensitivity of nonverbal objective measures based on continuous observation vs self report, assessment of labor pain behavior, primiparae giving natural childbirth, 13398
validity of nonverbal drawing techniques vs verbal report, description of pain location, 4.5–14 yr olds, 18969
young age & conservative sexual values & expectation of no pain & negative affect, subjective experience of pain vs no pain during 1st intercourse, female college students, 24441

Pain (Psychogenic) [See Psychogenic Pain]
Pain Perception [See Also Analgesia, Pain Thresholds]
alpha-2 adrenergic receptors, antinociception & prevention of drug-induced writhing response & displacement of clonidine from binding sites, male mice, 3304
anatomical & electrophysiological & behavioral & clinical research, evaluation of diencephalic mechanisms of pain sensation, literature review, 19314
antinociceptive & temperature responses to morphine, male vs female Sprague-Dawley vs Wistar-Furth rats, 16674
Arg substituted dipeptides & tetrapeptides, antinociceptive & locomotor activities, male rats, 8604
bilateral medial temporal resection for epilepsy at age 27, perception of pain & internal states of hunger & thirst, amnesic 54 yr old male, 15237
cardiovascular accident, touch & pain & temperature perception & correlation among sensorimotor measures, acute cardiovascular accident patients, 6789
cardiovascular activity & pain perception & stress-induced analgesia, rats selectively bred for high vs low avoidance behavior, conference presentation, 19310
ceruletide & cholecystokinin octapeptide & morphine injected into periaqueductal gray matter, nociceptive motor responses & activity, rats, conference presentation, 19463
chronic administration of naltrexone, spontaneous motor & sensorimotor behavior & ambulation & emotionality & nociception, rats, 5953
comprehensive assessment of physical ability & functioning & psychosocial adjustment & pain perception, 20–62 yr old chronic low back pain patients, 26182
conditioned fear, responsiveness to pain & reversibility by naloxone, rats, 5541
covert positive reinforcement, modification of response to cold-pressor pain & use of prescribed adaptive imagery, 18–35 yr old females, 19054
direct vs indirect hypnotic induction techniques, reduction of experimental pain, college students, 19182
drawings as indicators of perception of pain, 5–9 yr olds in ambulatory clinic with acute health problem, 28042
drug & environmental manipulation of opiate & serotonergic systems, pain perception assessed by tail flick testing, 6 day old rats, 13907
EEG power spectrum analysis & hemispheric specialization, pain perception, 20–54 yr old chronic somatogenic vs psychogenic pain patients, 20134
electric shocks & loud tones, assessment of how separate cross modal aversive events are integrated into judgments of pain, college students, 16227
electrical skin stimuli, pain perception & EPs, cerebral vascular disordered 42–58 yr old patients with unilateral thalamic lesions, 17609
electro-acupuncture, sensory vs emotional components of pain, 24–47 yr olds, 4597
experimental pain from radiant warmth & heat, regional cerebral blood flow, 27–43 yr old males, 19387
factor structure of McGill Pain Questionnaire, discrimination in pain perception, comments on study by D. C. Turk et al, 26231
factor structure of pain experience & responsivity, 24–77 yr old chronic pain patients, 6795
Finnish Pain Questionnaire, differentiation of descriptions of pain, male coronary heart disease vs female low back pain patients, 16147
GABA agonists THIP vs baclofen, antinociceptive response, male mice with spinal transections, 16507
haloperidol & morphine, antinociceptive tolerance & withdrawal effects, hyperprolactinemic male rats, 29406
handling stimuli & stress odors, species-specific defensive behavior & pain sensitivity, female rats, 23706
heat or pinch stimulation of tail before vs after drug induced paralysis, motor axon nociceptive discharges of fictive tailflick reflex, female rats, 26485
hypercapnia vs nociceptive stimulation, cortical acetylcholine efflux, male rabbits, 16473
hypnotherapy, pain management & mood & quality of life, burn patients & terminally ill cancer patients, 30795
intensity of brain stimulation, antinociceptive vs aversive response, rats, 16516
language of description of pain, differentiation of actual vs simulated low back pain, 18–69 yr old patients, implications for diagnosis of malingering, 27605
localization of cholecystokinin receptors & nociceptive neurons in midbrain central gray, rodents, conference presentation, 19328
McGill Pain Questionnaire, assessment of pain, heroin addicts, 20062
McGill Pain Questionnaire, assessment of tonic vs phasic pain perception models, 21–27 yr olds, 13404
medial vs lateral hypothalamic lesions & peripheral electrical or thermal stimulation, central gray stimulated induced escape behavior & withdrawal reactions from nociceptive stimuli, male rats, 5767
medical history & pain intensity, patterns of walking & pain behavior, patients with chronic low back pain, 4150
multidimensional scaling, dimensions of thermal pain, male college students, 16230
naltrexone, footshock-induced performance deficits in shuttle acquisition & pain sensitivity, rats, implications for role of opiate receptors, 16416
neonatal pain cries & circumcision, acoustic features & perception of urgency neonates & adult listeners, 26851
noradrenaline vs serotonin injections into basomedial amygdala, acquisition & retention of instrumental reaction & conflict behavior & pain perception & regulation of gross behavior, male rats, 16760
pain perception & postoperative consumption of narcotic analgesics, patients with analgesic nephropathy due to excessive phenacetin use, 12620
pain remembered 3 mo after dental appointment vs expected & experienced pain, 16–66 yr old dental patients, 4570
pain sensitivity assessed by signal detection analysis, panic disorder patients, 6589
perception of threat, tolerance for cold water-induced pain, college students, 11188
personality & coping styles, tolerance for pain in hyperthermia treatment, 24–70 yr old cancer patients, 22633
personality factors & pain threshold & tolerance & sensitivity, college students, failure to support biological-factorial personality models developed by H. J. Eysenck & J. A. Gray, 19045
phenazepam, innate behavior & energy exchange during unavoidable painful stimulation, rats, 5881
physostigmine vs soman, nociception assessed by tailflick & hot-plate tests, male rats, 16776
prenatal anxiety level, perception of labor pain & postpartum mood, 18–32 yr old primiparous females, 20461
preoperative pain expectancy & client education, postoperative reports of pain & fear, female surgical patients, 20467
previous experience with pain & pain perception during labor & reliability of McGill Pain Questionnaire, 17–38 yr old females, 151
proposed central mechanism of increased pain sensitivity due to heat injury, rats, 11211
rate of temperature change & stimulus duration & adaptation & sensitization, psychophysical responses to warmth & heat & experience of pain, 20–41 yr olds, confirmation of report of pain, 5393
research methodology, influence of sex & menstrual phase on pain perception, literature review, 13513
responsiveness to hot plate stimulation, mature rats with prenatal exposure to levo-alpha-acetylmethadol or postnatal naloxone, 16695
self efficacy & skill-based vs non-skilled-based training, pain tolerance, female college students, 20371
self efficacy & trait anxiety & S vs E control of pain stimulation, reaction to pain, 18–33 yr old males, 27220
signal detection analysis, pain ratings following metamizole vs placebo treatment, headache patients, 9882
state anxiety & subjective pain & plasma ACTH & peripheral plasma beta lipotropin & endorphin & met-enkephalin levels before vs after labor, 20–25 yr old females with normal pregnancies, 21345
stimulation of pituitary gland through tooth pulp EPs, hypothalamic & pituitary analgesic mechanism activity, monkeys, 23914

strategies for reassignment of homework to employ self statements for pain control, compliance, female college students, implications for counseling, 20311
stress inoculation training as is vs defined as hypnosis vs hypnotic analgesia, cold pressor pain perception, high vs low hypnotizable college students, 16336
tonic ischemia pain, phasic pain ratings & cerebral EPs, 21–27 yr old healthy medical students, 8386
translation of McGill Pain Questionnaire, healthy 17–53 yr olds, Italy, 18962
utility of Pain Assessment Index, prediction of surgical outcome or rehabilitation following nonsurgical treatment, chronic pain patients, 13387
vaginal self stimulation perceived as pressure vs pleasure, pain tolerance vs detection thresholds, female 28–56 yr olds, 5399
validity of calibration technique & exposure to auditory stimulus, assessment of pain behavior, 16–60 yr old headache clinic vs psychiatric vs normal headache sufferers vs nonsufferers, 10744
veratrine, antinociception action assessed by vagal afferent system, male rats, 5924
2nd-order conditioning followed by extinction of 1st-order CS or manipulation of shock UCS with morphine, pain sensitivity & acquisition of 2nd-order analgesia, rats, 11085
5-HT release induced by para-chloroamphetamine, avoidance learning & motor activity & nociception, male rats, 16741
Pain Receptors [See Nociceptors]
Pain Relieving Drugs [See Analgesic Drugs]
Pain Thresholds
acute injections of morphine, vocalization thresholds, arthritic rats, 5880
acute vs chronic exposure to altered ambient temperature, pain thresholds, male rats, conference presentation, 19388
amitryptiline, pre- vs posttest visual EPs & pain thresholds, patients with major depressive episode, 15183
angiotensin II, avoidance conditioning & pain threshold & stress reactions, rats & rabbits, 11309
cold vs warm water swim stress with vs without naloxone or thiorphan, tailflick latencies, mice, 16491
conditioned suppression &/vs electric footshock & naloxone injection, pain threshold & opioid receptor activity, mice, 3233
delta-9-tetrahydrocannabinol & personality, pain threshold/tolerance & vibration perception, female college students who used cannabis, 5891
direct vs indirect hypnotic suggestions for analgesia, pain thresholds before vs during vs after induction, 18–44 yr olds with low vs high hypnotic susceptibility, 8266
doses of morphine & painful stimuli, analgesia & sensory & affective visual analog scale responses, 20–40 yr olds, 19485
exposure to ionizing radiation with vs without naloxone, onset of analgesia, 30 day old male mice, 16502
food restriction followed by free access to food, nociceptive thresholds in tailflick procedures, 75 day old rats, 26565
GABA uptake inhibitors, antinociception in tail immersion test, male mice, 29494
government proposals of levels of pain during experimentation, laboratory animals, Great Britain, 21218
ingestion of rat placenta vs other substances, analgesia induced by morphine vs footshock with vs without naltrexone, nonpregnant female rats, 23889
light/dark cycle, pain sensitivity, C57BL/6 vs Swiss mice, 19347
morphine chlorhydrate & naloxone hydrochloride, spinal nociceptive flexion reflex & reflex pain thresholds, 25–43 yr olds, 3335
naloxone, antinociceptive action of morphine vs caerulein, male rats, conference presentation, 19497
pain stimulus & watched vs imagined slides, pain tolerance & heart rate & skin temperature, male college students, 8437
personality factors & pain threshold & tolerance & sensitivity, college students' failure to support biological-factorial personality models developed by H. J. Eysenck & J. A. Gray, 19045
physical exercise at submaximal work loads, dental pain thresholds & plasma levels of ACTH & cortisol & prolactin & growth hormone, 23–44 yr old males, 3214
radiant heat or electrical stimulation & icv injection of leucine or methionine enkephalin, self administration behavior & tail flick latency & electrical threshold vocalizations, rats, 13886
rats' open field ambulation & human extraversion & pain tolerance, 5525
serotonin & quipazine injections into amygdala, aggressive behavior & open field activity & pain thresholds, rats, 681
thermal sensory decision theory indices & pain thresholds, 26–70 yr old chronic low back pain patients, 22348
thermal stimuli, heat-pain thresholds at 5 oral-facial sites, young adults, 26563
tobacco smoking, responses to electrical stimulation & pain thresholds, female vs male 18–48 yr old habitual smokers, 3656
validity of tooth pulp stimulation & jaw-opening reflex as model of pain, literature review, 29354
vitamin D deficiency, basal pain thresholds & analgesic effects of morphine in hot-plate test, rats, 16456
Painting (Art)
developmental levels for perceptual sensitivity to form & visual memory & thinking flexibility, painting aptitude, 9–10 yr old students, 31233
diagnosis of psychopathology from paintings by acutely ill hospitalized mental patients vs hospital staff workers & students, professional vs student mental health workers vs adults with no mental health experience, 24726
expression of fine arts theory by R. Arnheim, producer-oriented monographic art psychology, 738
painting as tool in psychoanalysis for expression of thoughts & feelings inaccessible through language alone, young married female analysand, case report, 27768
psychoanalytic interpretation of musical expressionism in V. Van Gogh's paintings during 1.5 yrs preceding his suicide, 26771
psychoanalytic interpretation of works of P. Cezanne, 26770
recognition & rating & aesthetic appreciation of work by 4 different artists, college students, 14099
training in analysis of & diagnosis based on paintings by patients, graduate students of art therapy, reprint of previously published article, 25662
utility of rating scales, measurement of primary process content in 19th & 20th century paintings, college students, 21004
Paired Associate Learning
acquisition & retention of pair association, test of all-or-none learning model of W. K. Estes, 10997
age differences & auditory vs visual mode of presentation, paired associate learning, 2nd–5th graders, 19598
anticipation vs study test methods of paired associate learning, college students, 304
clonidine, subjective estimates of arousal & paired associate learning & memory, healthy 19–44 yr olds, 26664
ethanol, intraindividual variability in response frequency in paired associate learning, 8567
explicitly unpaired relation between excitatory keylight & food, extinction & recovery in autoshaped keypecking, pigeons, implications for paired associate learning, 19201
imagery mnemonic instructions, imaginal mediator reports in paired associate learning & recall of concrete vs abstract concepts, college students, 8247
knowledge of items vs estimation of difficulty, prediction of own vs others' recall of paired associate lists, college students, 8253
latent structure analysis, effect of chlorprothixene & diazepam & seduxen on paired associate learning, conference presentation, 5365
latent structure analysis, paired associate learning, conference presentation, 2948
memory performance on unrelated paired associates task, college students vs 60–75 yr olds, 3439
paired associate learning, changes in contingent negative variation, college students, 16314
paired nonsense syllable lists with vs without rules, recall & recognition performance, college students, implications for response set size effects, 298
retention of information in paired associate learning, Ss with senile dementia of Alzheimer type, 6-mo longitudinal study, 20195
stimulus presentation rate, paired associate learning, children with attention deficit disorder with vs without hyperactivity, 27522
training in Japanese face-digit pairs, subsequent Japanese face recognition, female college students, implications for other-race effect, 19132

verbal paired associate learning, abstinent chronic male alcoholics, 12123
Pakistan
age & duration & status of 1st marriage & experience of child loss as demographic factors, fertility, 15–49 yr old ever-married Muslim females, Bangladesh vs Jordan vs Pakistan vs Indonesia, 19712
age & education level & SES, knowledge & rate of contraceptive use & family planning, females, Pakistan, 1963 vs 1980, 19780
cultural factors vs religious affinity, schizophrenic symptomatology, 16–60 yr old psychiatric patients, Pakistan vs Saudi Arabia vs UK, implications for psychodiagnosis in developing countries, 19884
perceptions & expectations of international conflict vs cooperation, 20–40 yr old Hindu vs Muslim males, India vs Pakistan, 29765
social & environmental factors in assortative mating for height, couples of arranged marriages, Pakistan, 11603
treatment effectiveness of rehabilitation at private program vs government mental hospital, schizophrenic males aged 15–44 yrs, Pakistan, 20502
Palsy [See Paralysis]
Pancreas
associations between depression & cancer of pancreas, 63 yr old male, 9195
development of acute pancreatitis after overdose with amoxapine & procyclidine, 26 yr old female with schizoaffective disorder, case report, 27588
lesions in amygdala, pancreatic exocrine secretions, male rats, 13934
somatostatin receptors in brain vs pituitary vs pancreas, rats, implications for cognitive function & extrapyramidal motor system control, 5713
Pancreozymin [See Cholecystokinin]
Panic
accelerated heart rate & panic attacks, 18–60 yr old females, conference presentation, 22130
age at onset of disorder, adult outpatients with agoraphobia with vs without panic attack or simple vs social phobia or obsessive compulsive or panic or generalized anxiety disorder, 3943
alcohol abuse, agoraphobic vs panic disorder vs simple vs social phobic vs generalized anxiety disorder patients, 27377
alprazolam, development of hepatitis, 32 yr old female patient with agoraphobia & panic attacks, 18068
alprazolam, manic episodes, 20 yr old female & 22 yr old male with panic disorder, 22573
antidepressant & clomipramine & exposure therapy, anxiety disorders, 1685
anxiety & depression & mood factors associated with panic attacks, 18–57 yr olds, 27341
anxiety & incidence & nature of panic, 20–67 yr old patients, 1256
anxiety & panic disorders, depression & cardiac disorders, patients, literature review, conference presentation, 27229
applied relaxation & stress inoculation, 30 yr old female with panic disorder & 36 yr old male with generalized anxiety disorder, 9853
atypical panic attacks, depressed 25 yr old male, 6558
behavior therapy techniques, panic disorder, adults, 12512
behavioral psychotherapy, phobic & obsessive compulsive & other anxiety disorders, 1885
binding of imipramine to platelet membranes, patients with agoraphobia & panic attacks vs depression, 24672
breathing retraining, panic attacks, 23 yr old female, 9856
carbamazepine, alprazolam withdrawal, 42 & 27 yr old females & 43 yr old male with panic disorder, 18073
childhood parental loss or anxiety & disorders of parents & siblings, 22–66 yr olds with generalized anxiety disorders vs panic disorder with vs without agoraphobia, 22134
childhood separation anxiety disorder & sudden object loss, development of panic disorder, adults with panic disorder vs small-animal phobia, 19994
clinical characteristics & response to drug therapy, patients with pain disorder or agoraphobia with panic attack, 30122
clinical picture of homosexual panic, 6581
clomipramine, patients with panic disorder or agoraphobia with panic & mitral value prolapse, 27959
cognitive theoretical view of panic attacks as due to misinterpretation of bodily sensations, 27285
corticotropin-releasing hormone, ACTH & cortisol response, 27–41 yr olds with panic disorder, 27361
depressive symptomatology & course of illness, 20–52 yr olds with panic disorder vs attacks & agoraphobia, 6615
dexamethasone suppression test, outpatients with primary affective vs generalized anxiety vs panic disorders, 1252
dexamethasone suppression test, 22–61 yr olds with agoraphobia & panic attacks, 3827
diagnostic validity of generalized anxiety disorder & panic disorder & relationship to major depression, 1266
differential characteristics, patients with panic disorder vs agoraphobia with panic attack, 3942
differential diagnosis of panic attack vs depressive disorders vs endogenous vs neurotic depression, inpatients with primary mood change to depression &/vs anxiety, 9221
EEG of panic attack during sleep, 36 yr old female with agoraphobia, 11963
epidemiological & demographic & clinical features of anxiety disorder, literature review, 19975
exposure to autonomic symptoms induced by carbon dioxide inhalation vs propranolol, fear of autonomic panic sensations & trait & state anxiety, outpatients with panic disorder vs agoraphobia with panic attacks, 20348
familial transmission & relationship between panic disorder & agoraphobia, patients with agoraphobia & panic disorder & their 1st-degree relatives, 24690
frequently asked questions, patients seeking treatment for panic disorder or agoraphobia with panic attacks, 24725
history & current application & methodology of lactate infusion model for study of neurochemical correlates of panic, 12005
imipramine, panic disorder beginning during recreational cocaine use & continuing after drug termination, 25–29 yr olds, case reports, 22515
imipramine vs other tricyclic antidepressants, panic disorders, 1932
implementation & efficacy of MAO inhibitors & alprazolam, panic disorder & agoraphobia, 1950
inhalation of carbon dioxide/oxygen mixture, peripheral alveolar response & relationship to occurrence of panic attack symptoms, healthy adults, 19372
iv insulin, hypoglycemia without panic attacks, 19–46 yr olds with panic disorder, 22116
iv sodium lactate, panic response, 20–61 yr olds with depression & panic vs panic with vs without agoraphobia, 22037
lactate-induced anxiety & blood hormone levels & response to chronic alprazolam therapy, 23–52 yr olds with panic disorder vs agoraphobia with panic attacks, conference presentation, 22030
lactate-induced panic & biochemical & physiological changes, patients with panic disorder vs agoraphobia with panic attacks, conference presentation, 22076
lactate infusion, induction of panic attacks, adult obsessive compulsive vs panic disordered patients, 1301
lactate infusion, precipitation of panic attacks through serotonin reuptake stimulation, panic disorder patients, 24673
lactate infusions, panic attacks, patients with social phobia vs panic disorder vs agoraphobia with panic attacks, 1327
life events before 1st panic attack, patients with panic disorder, 19914
mitral valve abnormalities & panic attacks, patients with generalized anxiety disorder vs panic disorder vs agoraphobia with panic attacks, conference presentation, 22039
mitral valve prolapse associated with panic attacks, 17–58 yr old patients with panic attacks, Korea, 27336
mitral valve prolapse, panic attacks, 1542
occurrence of major depression & panic, patients with borderline personality disorder, 30143
otoneurological examination & middle ear disorder, Ss with panic disorder & agoraphobia with panic attacks, comments on article by R. Jacob et al, 27305
otoneurological examination & middle ear disorder, Ss with panic disorder & agoraphobia with panic attacks, reply to criticism by A. G. Gordon, 27311
pain sensitivity assessed by signal detection analysis, panic disorder patients, 6589
panic attacks & temporal lobe seizures, 33 yr old female with right frontotemporal arteriovenous malformation, 6896

panic attacks manifesting as focal neurologic symptoms, 20–50 yr old outpatients, 22038
panic disorder as new diagnostic category, 9346
partner-assisted exposure therapy & relaxation vs communication skills training, communication patterns, couples with 22–63 yr old females with agoraphobia & panic attacks, 8-mo followup, 9812
phenomenology & course of flashback experience & similarity to panic attacks, posttraumatic stress disorder, 30–61 yr old Vietnam & Korean & World War II veterans with significant readjustment-related problems, suggestions for treatment, 24682
positive clinical findings & correct diagnosis with incorrect treatment, anxious 43 & 45 & 19 yr olds with panics & mitral valve prolapse & premature ventricular contractions, 14557
positron emission tomography, study of panic disorder, 22–52 yr olds, 22104
prediction of panics, fear & safety, mildly claustrophobic college students, 3913
prevalence of anxiety disorders & value of DSM-III in psychodiagnosis, patients referred to psychiatric outpatient clinic, 27302
prevalence of mitral valve prolapse, 20–63 yr old patients with panic disorder vs agoraphobia with panic attacks, conference presentation, 22075
prevalence of traumatic early life events, 18–82 yr olds with vs without agoraphobia with panic attacks, 11926
psychodiagnostic interview & Schedule for Affective Disorders, diagnosis of simultaneous panic & depressive disorder, 22–62 yr old patients, 6514
psychoeducation & behavioral treatment, panic disorder, 27 yr old businesswoman, case report, 30683
respiratory control, panic attacks, psychiatric patients, 6-mo & 2-yr followups, 9823
respiratory treatment & cognitive strategies, hyperventilation during panic attacks, 21 yr old male on renal dialysis, 12533
response to sodium lactate infusion & imipramine treatment, panic disorder, 7236
role of hyperventilation & dyspnea & heart palpitations in etiology of panic attack in agoraphobia, 6549
state anxiety, personality test scores before vs 6 wks after alprazolam treatment, patients being treated for panic disorder & agoraphobia, 27991
temporal relationship between panic attack onset & phobic avoidance, members of agoraphobic self help group, 3944
thyrotropin-releasing hormone stimulation test, thyroid-stimulating hormone & prolactin response, 23–36 yr olds with panic disorder, conference presentation, 22110
thyroxine & thyroid hormone resin uptake & thyroid stimulating hormone levels, 23–62 yr old panic attack patients with or without phobias, 24633
treatment of psychogenic & biogenic mood disorders, comments on article by R. P. Snaith, 22363
treatment outcome, inpatients with cardiac phobia & depression, 2.5-yr followup, conference presentation, 24691
underlying reasoning for effectiveness of antipanic medication, patients with panic disorder or agoraphobia, 27984
urinary norepinephrine & epinephrine & mitral valve prolapse, patients with panic disorder or agoraphobia with panic attacks, 6570
venous pH & carbon dioxide & bicarbonate as indicators of therapeutic progress, 22–55 yr olds with agoraphobia with panic attacks treated with imipramine or desipramine or clonidine, 7182
voluntary hyperventilation, distress & physiological correlates, Ss with panic disorder & generalized anxiety disorder, 17405
vulnerability to sodium lactate, remitted patients with panic disorder & agoraphobia panic attacks, 6504

Papua New Guinea

attitudes toward alcohol & drinking behavior, female vs male high school teenagers, Papua New Guinea vs Australia vs US, 17022
bibliographic listing of English-language publications on psychology in Africa & Asia & Oceania, 2742
indigenous number system, arithmetical problem solving in Western school setting, Olsapmin 2nd vs 4th vs 6th graders vs nonschooled adolescents, Papua New Guinea, 15762
leadership experience & moral reasoning using L. Kohlberg's stages, male 66–73 yr old traditional vs 34–64 yr old religious vs 47–50 yr old government leaders, Papua New Guinea, 9180
nondiscursive rhetorical levels of curing seance ritual, transformation of self & cultural construction of reality & action, Kaluli, Papua New Guinea, 29804
problem solving abilities, children & adults, Papua New Guinea, literature review, 6086
ritual content & meaning, cultural & political expansion & intergroup contacts, members of tribal societies in Strickland-Bosavi area, New Guinea, 11592
systolic vs diastolic blood pressure, adult residents of more traditional vs modern highland villages, Papua New Guinea, 23850
visual acuity, 10–20 vs 20–50 vs 50 yr olds & older of Gidra tribe, Papua New Guinea, 19612

Parachlorophenylalanine

central & peripheral injection of 5-hydroxytryptophan & serotonin, insomnia induced by parachloraphenylalanine, cats, 3312
parachlorophenylalanine & fenfluramine pretreatment & tryptophan, 5-HT turnover & preference for protein diet, male rats, 14013
parachlorophenylalanine, depletion of serotonin & reduction of nicotine-induced hyperactivity, female rats, 21505

Paradigmatic Techniques [See Paradoxical Techniques]

Paradoxical Sleep [See REM Sleep]

Paradoxical Techniques

ancillary cognitive & behavioral techniques with paradoxical intention, anxiety & depression & travel restrictions, 22–61 yr old agoraphobic clients, 17995
attributional significance & double bind function of paradoxical interventions, depressed college students, 17816
cognitive dissonance & change process inherent in paradoxical psychotherapy, 17832
counselor self disclosure & paradoxical vs nonparadoxical homework directives, counselor social influence, college students with test anxiety, conference presentation, 31366
counterdemand manipulation & progressive relaxation training in paradoxical intention therapy, sleep onset latency, 29–58 yr olds with chronic insomnia, 9828
hypnotic regression & reframing, 30 & 38 yr old females with insect phobia, 6933
metaphoric objects in family therapy, therapeutic processes of reframing & paradox & memory enhancement & emotion validation, patients, 4394
objectives of paradoxical interventions, 17788
paradoxical intention & exposure in vivo, psychogenic nausea, 29 yr old female & 26 yr old male, 6-mo followup, 4439
paradoxical intention, urinary frequency associated with school attendance, 13 yr old male, 4456
paradoxical intention vs graduated exposure vs progressive deep muscle relaxation training & consonance of treatment with primary reactivity patterns, treatment gains, severe & chronic agoraphobics, 27729
paradoxical intervention in family consultation in primary care center, 56 yr old female with hypertension refractory to treatment & her family, 17972
paradoxical intervention, mentally retarded clients, 30567
paradoxical intervention strategies in transactional analysis, 15018
paradoxical interventions, resistance in marriage counseling, older couple with long-standing marital conflict, 4380
paradoxical strategies, coping with hyperactivity in classroom, teacher of 8 yr old hyperactive learning disabled student, 2526
paradoxical strategies in classroom, disruptive & aggressive & acting out behavior & teacher-student relationships, male 8 yr olds, 15777
paradoxical tactics in family therapy with involuntary court-referred patients, psychiatrists, legal implications, Italy, 30663
paradoxical techniques in family therapy, mentally ill 15 & 17 yr old males & teenage female & their families, 4376
paradoxical techniques, obsession with religious conversion & spiritual salvation & family relations, 30 yr old male, 17804
paradoxical treatment, anxiety-related somatic complaints, 45 & 57 & 58 & 61 yr old males, 17812
positive reframing & paradoxical directives in counseling, negative emotions, college students, 10053

problem solving therapeutic techniques & reframing, 28 yr old female & 27 & 33 yr old males, 2200
professional communication on paradoxical techniques in family therapy, 12482
progressive relaxation & biofeedback-assisted relaxation & stimulus control & paradoxical intention procedures, Disorders of Initiating & Maintaining Sleep, 18025
reframing cognitive hypnotherapy techniques, young professional female with acute anxiety, 18132
self control treatment of self charting with paradoxical instructions, examples of 6 & 8 yr old White males with encopresis, 1890
self directed in vivo exposure & paradoxical intention vs graduated exposure vs progressive deep muscle relaxation training, agoraphobia, severe & chronic patients, 18016
self hypnosis & paradoxical techniques in psychotherapy, 43 yr old female with chronic psychogenic urinary retention, 1-yr follow-up, 20286
Paragraphs
paragraph framing, comprehension of relationship between sentences & paragraphs, students, 15729
Paraldehyde
paraldehyde & ethanol vs chloral hydrate, determination of toxic & depressant actions assessed by dosage for lethality & anesthetic action, male Swiss-Webster vs CF1 mice, 23971
Paralegal Personnel [See Legal Personnel]
Paralydehyde [See Paraldehyde]
Paralysis [See Also Cerebral Palsy, Hemiplegia, Paraplegia, Parkinsons Disease, Quadriplegia]
angiotensin converting enzyme activity in CSF, patients with Alzheimer's or Parkinson's disease or supranuclear palsy, 1675
brain stem auditory EPs as diagnostic tool, 11 yr old male with lateral rectus palsy due to possible brain stem tumor, 17594
concept of subcortical dementia associated with Huntington's & Parkinson's disease & progressive supranuclear palsy, 9552
hand mirror movements, 6–20 yr olds with congenital hemiparesis, 17638
historical 19th century view of dementia & depression & paralysis & brain localization, 6717
progressive supranuclear palsy, literature review, 6828
progressive supranuclear palsy, verbal fluency, 66 yr old male, 20192
steroid treatment, 6 yr old female with ophthalmoplegic migraine & Tolosa-Hunt syndrome accompanied by palsy of right 3rd cranial nerve, 15155
transaural vs transcorneal ECS, convulsive behavior & motor paralysis, male rats, 16512
Paralysis (Hysterical) [See Hysterical Paralysis]
Paralysis Agitans [See Parkinsons Disease]
Paramedical Personnel [See Also Attendants (Institutions), Nurses, Physical Therapists, Psychiatric Aides]
behavioral system vs standard training approach, cardiopulmonary resuscitation performance, 17–28 yr olds with no previous training, 3.5 mo followup, 28344
counseling skills instruction, medical & paramedical personnel, 25633
death orientation & attitudes toward communication with terminally ill patients, medical students & physician's assistants & family physicians, 27705
development of psychological clinical methods services in general hospitals, nurses & medical & paramedical staff, training implications, 25509
inservice nursing home training, residents' psychosocial needs, nursing aides, 28310
multidisciplinary training course, physiotherapy helpers, 22848
performance in pharmacology & introduction to clinical medicine courses, sophomore medical students vs 1st-yr physician assistant students, implications for utility of interdisciplinary courses, 31099
Paramedical Sciences [See Audiology, Nursing, Optometry, Pharmacology, Physical Therapy, Psychopharmacology]
Parameter Estimation [See Statistical Estimation]
Parameters (Response) [See Response Parameters]
Parameters (Stimulus) [See Stimulus Parameters]
Parametric Statistical Tests [See Also F Test, T Test]
parametric statistical procedures for analysis of mastery testing data in skewed & nonnormal distributions, 23403
Type I error rates vs power of rank transform & parametric ANCOVA procedures, implications for interpretation of educational tests, 10880
use of parametric & nonparametric tests of significance in organizational behavior journals, 1976–81, 7850
Paranoia (Psychosis)
acquired immune deficiency syndrome & paranoia & organic brain syndrome & depression & suicidal ideation, 34–37 yr old males, 27659
age & plasma concentrations of perphenazine, therapeutic efficacy & incidence of side effects, 15–82 yr old acute paranoid psychotic inpatients, 22546
behavior model of paranoid behavior & relevant DSM-III diagnostic categories, 27307
clinical conceptual formulation of paranoid person, 27270
construction & validation of late-life paranoid scale, geriatric patients, 2870
development of paranoia, implications for counseling & treatment, 6620
family history, relatives of paranoid vs depressed vs schizophrenic patients, 12021
genesis & reinforcement & perpetuation & core of reality & treatment, paranoid disorders, 15–82 yr old delusional patients & their families, Israel, 11946
guilt & symptoms of depression & paranoia & aggression, Vietnam veterans who willfully killed Vietnamese civilians, suggestions for psychotherapy, 1765
hearing & premorbid paranoid or schizoid personality, patients with paranoid states vs unipolar depression vs schizophrenia, 12022
impairment on Luria Nebraska Neuropsychological Battery, illustrative cases of 31 yr old male & 63 yr old female patient, 12014
nature & distribution of delusions & course of illness, 60–94 yr olds with paranoid disorder, 5–15 yr followup, 27316
need for consideration of cultural context in diagnosis & treatment, 32 yr old paranoid Indian physician, 12023
oral stimulus recognition test, measurement of short term memory, elderly paranoid patients, 3816
organic brain syndrome & marginal hypothyroidism & response to psychotropic medication & levo-thyroxine, 52 yr old male with depression & 65 yr old female with paranoid psychosis, case reports, 27963
overview of paranoid disorders as cited in "Index Medicus", USSR, literature review, 27373
paranoid delusional syndrome, male patient with toxic encephalopathy due to ingestion of bismuth salts, 14899
perception of time, patients with schizophrenia & paraphrenia & paranoia & affective psychosis & Korsakoff's syndrome & drug intoxication, 30154
personal efficacy & locus of control & perceived contingency of parental reinforcement in thought structures, depressive vs paranoid patients, 1365
phenomenology of manic & paranoid & melancholia states, psychiatric patients, 30228
psychodynamics & features & etiology of paranoia, aged patients, 3823
sex differences, proneness to depression vs paranoia, 14624
standardized vs prognosis-guided method, recommendation of neuroleptic maintenance therapy, discharged paranoid psychotic patients, 7176
thought insertion, schizophrenic 30 yr old female, 9211
transference & countertransference issues, adolescent presenting with paranoia & extreme alienation, 9733
Paranoid Personality
hearing & premorbid paranoid or schizoid personality, patients with paranoid states vs unipolar depression vs schizophrenia, 12022
Paranoid Schizophrenia
analysis of errors in transforming abstract concepts, patients with paranoid schizophrenia, 19930
assessment of thought disorder, patients with psychotic depression vs chronic paranoid schizophrenia, reply to comments by S. R. Kay, 27281
assessment of thought disorder, patients with psychotic unipolar depression vs chronic paranoid schizophrenia, 27282

assimilation by integration vs isolation, attitudes toward psychosis, schizophrenic patients in remission, implications for treatment, West Germany, 19965
boundary properties of self & other representations in role portrayals, paranoid vs intermediate vs nonparanoid schizophrenic inpatients, 11944
clinical characteristics & typology of acute paranoias, schizophrenic patients, 3893
contingency management, seizure-like behavior, paranoid schizophrenic 22 yr old mildly retarded male, 9816
contingent negative variation, disorganized schizophrenic vs paranoid schizophrenic 18–28 yr olds, 5-yr longitudinal study, 1362
cross validation of instrument for determination of control anxiety, paranoid schizophrenic 23–55 yr olds, 5339
global improvement & treatment alliance at discharge from hospital, paranoid vs nonparanoid schizophrenic patients in long term treatment, 30924
haloperidol, paranoid schizophrenia, 22–55 yr old patients, 18038
haloperidol plasma levels & plasma prolactin & therapeutic efficacy, 19–53 yr olds with paranoid schizophrenia, 7207
handedness & sighting dominance & hand grip strength, 19–71 yr old males with paranoid vs nonparanoid schizophrenia vs affective disorders, 14636
information transfer from verbal to visual code, long & short term memory functioning on pictogram task, paranoid schizophrenic patients, 14604
late onset & length of stay & change of diagnoses, hospitalization for paranoid vs nonparanoid schizophrenia, inpatients aged 65 yrs & older, 18257
loxapine vs chlorpromazine, depressive symptoms, paranoid schizophrenia, comments on findings by A. Rifkin et al, 15201
loxapine vs chlorpromazine, paranoid schizophrenia, reply to comments by V. B. Tuason & J. I. Escobar, 15182
memory search & encoding time in choice RT task, paranoid & nonparanoid schizophrenic 18–60 yr olds, 17357
methadone as adjunct to neuroleptic therapy, chronic paranoid schizophrenic 18–50 yr olds, 4474
methodological & conceptual issues in assessment of thought disorder, patients with psychotic depression vs chronic paranoid schizophrenia, comments on article by M. L. Carter, 27319
movement-related brain macropotentials, 18–48 yr old paranoid & hebephrenic schizophrenics, 24622
nalorphine administered following neuroleptic treatment of acute psychosis attack, psychotic symptoms, schizophrenic patients vs paranoid schizophrenic 24–26 yr old males, 7281
nature of deep & surface EEGs during psychotic & auditory hallucinatory state, 24 & 34 yr old males with paranoid or catatonic schizophrenia, case reports, 30150
paranoid schizophrenia, 29 yr old female with congenital deafness & retinitis pigmentosa, 6752
performance on conceptual speeded inference tasks requiring different abstraction processes, paranoid vs nonparanoid patients with schizophrenia, 24697
pharmacotherapy & supportive psychotherapy, 32 yr old male with coexisting paranoid schizophrenia & narcolepsy, 12309
primitive object relations & need to avoid frustration, psychoanalytic point of resolution, schizoparanoid & depressive patients, 30547
psychoanalytic interpretation of autobiography of jurist D. P. Schreber who developed paranoid schizophrenia, 9345
psychological meaning of prominent ideas regarding death, paranoid schizophrenic patients, 11908
psychopathological profile & course of illness, patients with schizoaffective psychosis vs bipolar affective illness vs paranoid schizophrenia, 19931
reliability of abbreviated form of full Schedule for Affective Disorders & Schizophrenia, differential diagnosis & measurement of severity, unipolar depressed vs paranoid schizophrenic vs nonparanoid schizophrenic patients, 28969
retroactive interference, verbal recall, 20–50 yr old nonparanoid vs paranoid schizophrenics, 3927
serum prolactin & luteinizing hormone & testosterone & estradiol levels, 24–37 yr olds with paranoid schizophrenia & delusions of homosexual content, 27357
sex differences in diagnosis & severity of depressive symptomatology, patients with hebephrenia vs paranoid hallucinatory schizophrenia vs schizoaffective psychosis vs involutional vs endogenous vs neurotic depression, 27299
skin conductance activity, paranoid schizophrenic inpatients under neuroleptic medication vs remitted outpatients, 6510
thioridazine, serum prolactin level & occurrence of prolactin secreting pituitary chromophobe adenoma, male 42 yr old with paranoid schizophrenia, case report, 28004
trifluoperazine vs thioridazine vs chlorpromazine, visual figural aftereffect, paranoid schizophrenic patients, 18070
voice characteristics, paranoid schizophrenic inpatients, 9299

Paraplegia
activity program, depression & rehabilitation, depressed paraplegic 23–34 yr olds, 20538
diagnostic difficulties & need for new diagnostic criteria, simulated paraplegia & tetraplegia, 5 illustrative case examples, 22303
exercise training program, mood & emotions, 27 yr old male with spinal cord injury, 7464
extraversion & emotional adjustment, rehabilitation patients with traumatic vs nontraumatic disabilities associated with chronic pain vs motor loss, 22300
motor deficiency, performance on manual task involving shift of load in sagittal plane & dynamics of movement & muscular patterns, paraplegic vs able-bodied 19–49 yr olds, ergonomic implications, 6746
nature of employment, paraplegic & quadriplegic employees, implications for vocational rehabilitation, 18306
nondisabled vs paraplegic vs mentally ill candidates & amount of social contact required by position, hiring decisions, supervisors & midlevel managers, 23178
purpose in life, spinal cord injured paraplegic vs quadriplegic males, implications for rehabilitation, 17664

Paraprofessional Education
counseling skills instruction, medical & paramedical personnel, 25633
multidisciplinary training course, physiotherapy helpers, 22848
need for epidemiology training in primary health care, community health workers, India, 25374
paraprofessional training program in behavioral interventions, client satisfaction & cost effectiveness, clients & undergraduate paraprofessionals at university counseling center, 7754
validity of Allied Health Aptitude Test & previous GPAs, prediction of persistence & GPA in university respiratory therapy program, college students, 31370

Paraprofessional Personnel [See Also Attendants (Institutions), Paramedical Personnel, Physical Therapists, Psychiatric Aides, Teacher Aides]
accuracy of counselor's account of drug use vs report by methadone maintenance & drug-free outpatient clients, ex-addict vs non-ex-addict paraprofessional vs degreed professional counselors, 18310
advantages & disadvantages of training in administration & scoring of test for diagnosis of learning disabilities, paraprofessionals, 20811
agreement between psychiatrists vs nonpsychiatric professionals, suitability for psychiatric referral, behaviorally disturbed male adolescents, 2125
collaborative model of training community developmental disabilities associates, 28321
death anxiety, attitudes toward aged, 17–56 yr old nurses' aides & registered & practical nurses, 28293
development of paraprofessional program in school psychology, students, 18444
ex-addict vs non-ex-addict paraprofessional counselors, treatment progress, methadone maintenance outpatients, 12762
generalizability of Functional Family Therapy performed by paraprofessionals, status delinquents, replication of studies by M. Sidon & R. Wheadon & L. Swenson & J. Alexander & B. V. Parsons, 17901
impact of paraprofessionals vs professionals, alcohol rehabilitation, commentary & re-analysis of M. B. Sobell & L. C. Sobell's controlled drinking studies, 25572
leadership & organization of self help groups for parents of children with cancer, parents/members & social workers & nurses & doctors & others in related helping professions, 15339

paraprofessional training program in behavioral interventions, client satisfaction & cost effectiveness, clients & undergraduate paraprofessionals at university counseling center, 7754
perceived expertness & attractiveness & trustworthiness & willingness to seek counseling from paraprofessional vs professional therapist, college students, 10200
personality style & characteristics, 20–40 yr old crisis interveners vs non-crisis interveners, 4765
quantification of victim-blame vs situation blame approaches in delinquency intervention, college students & 18–65 yr olds as paraprofessionals working with adolescents in legal jeopardy, 25550
record keeping & outcomes & costs of paraprofessional parent aide program, prevention of child abuse or neglect, 28 yr old single mother, 15292
satisfaction with supervision of nonprofessional child-aides & adjustment changes in referred children seen by aides, school mental health professionals, 22893
therapy effectiveness, professional vs paraprofessional therapists, literature review, 2211
Parapsychological Phenomena [See Also Clairvoyance, Extrasensory Perception, Near Death Experiences, Precognition, Psychokinesis, Telepathy]
achievement of identity, acceptance of evidence for paranormal, college students, 8910
course on alternative explanations, change in belief in paranormal phenomena, college students, 1-yr followup, 20680
criticisms of quantum mechanical theory of psi phenomena, 2757
elimination of multiple analysis problems in ganzfeld psi studies, critique of R. Hyman's meta-analysis, 5165
evidence for Kern City Poltergeist, reply to comments by G. H. Hovelmann & G. Zorab, 7929
favorable vs unfavorable task conditions, psi-missing displacement effect, college students, 2747
fire in ancient religion & folklore & firewalk as mystical experience, 26092
firewalking & induction of trance state & increase in skin resistance, Singapore, 26090
firewalking as potential personal transformation experience, 26097
ganzfeld stimulation, skin conductance levels & labile imagery & enhanced psi performance, college students, 20928
hypnotherapy, paranormal ability to effect spontaneous combustion, 7291
intervention, out of body & near death experiences & autoscopy & depersonalization & schizophrenic body boundary disturbances as altered mind body perceptions, conference presentation, 30502
medical & family history & psychic gifts & head injuries & mystical experiences, 27–67 yr old students, 6758
methodology for parapsychological studies in non-Western cultures, 2749
misjudgments of probability & illusory control as basis for belief in paranormal, 28852
near-death phenomena & out-of-body experiences, 5167
need for absorption, experience of parapsychological phenomenon, college students, 2750
Newtonian model of universe & consciousness & psi phenomena, 23333
out-of-body & near death experiences & other evidence in current survival research, 20927
out of body experiences & near death experiences as evidence of life after death, 28853
perceived control & belief in paranormal, college students, 21963
physics of firewalking, 26093
proneness to lucid dreams & out-of-body experiences, meta-analysis, 26091
psi-induced bias in probability distribution of seed numbers & observed pseudorandom numbers, 13297
psi-related beliefs & psychodynamics of divination practice, cultists & clientele of Afro-Brazilian Umbanda cult, Africa, 5164
psychoanalytic view of "dybbuk" possession, female rabbi in 19th century Eastern European Hasidic community, 10693
quality of evidence for Kern City Poltergeist, comments on critique of G. H. Hovelmann & G. Zorab of L. S. Betty's case presentation, 7934
quality of evidence for Kern City Poltergeist, comments on presentation by L. S. Betty, 7931
quality of evidence for Kern City Poltergeist, reply to comments by I. Stevenson, 7928
self consciousness & social anxiety, belief in paranormal, college students, UK, 14485
sexual factors in occurrence of psi, 7932
significance levels & effect size related to flaws in ganzfeld psi studies, meta-analysis, 1974–81, 5166
techniques for investigation of poltergeist, parapsychologists, 20929
tectonic strain hypothesis for unidentified flying objects & need for analysis of empirical data rather than value judgments, reply to criticism by C. A. Rutkowski, 13294
teleological vs quantum collapse model of psi, 2755
temporal lobe signs, number of mystical or paranormal experiences, 17–48 yr olds, 18811
trait vs situational anxiety vs beliefs about source of power & control, firewalking success, 14–73 yr old 1st time participants vs experienced firewalkers, 26088
transient geophysical fields, episodes of haunts & poltergeists & odd luminous displays, 7933
use of neurolinguistic programing techniques & subliminal commands in Fear into Power: The Firewalk Experience seminar, 6–64 yr old participants, 26098
validity & reliability of scale to measure belief in lunar effects, male vs female 17–63 yr olds, implications for construct validity of belief in paranormal phenomena, 28995
Parapsychology [See Also Clairvoyance, Extrasensory Perception, Parapsychological Phenomena, Precognition, Psychokinesis, Telepathy]
applied behavior analysis, parapsychological research, 16053
danger of isolation of parapsychological research from real world, 23332
history of American Society for Psychical Research, 2745
hypothesis of formative causation in R. Sheldrake's New Science of Life, 2746
influence of assumptions of atomism & epistemology on thinking in parapsychology, 7930
interrogative suggestibility scale & personality & perceptual defensiveness & paranormal beliefs, college students, 24548
parapsychological vs skeptics' explanatory models of psi phenomena, comments on discussion by P. H. Hoebens, 13296
parapsychology & Christian hope of resurrection, 2752
perinatal imagery in UFO abduction reports, 4
success of effort to distribute parapsychology texts to scientists & teaching libraries, 2751
suggestions for questionnaire design for parapsychology research, 23331
use of chi-square tests & D-measures in psi experiments, criticism of H. C. Kaner's argument, 2748
Parasitic Disorders [See Also Malaria]
competition for food & parasitism, risk of predation & choice of distant vs nearby food, 3-spined sticklebacks, conference presentation, 19270
congenital trypanosomiasis, 22 mo old infant, UK, case report, 27608
8–10 vs 49–51 vs 84–86 days postintubation with roundworm eggs, behavior & pathology of brain & visceral organs, male mice, implications for etiology of disorders related to pica for dirt, 19377
Parasympathetic Nervous System [See Also Efferent Pathways, Vagus Nerve]
pantoyl-GABA, cholinergic neurotransmission in CNS, mice & rats, implications for treatment of Alzheimer's disease, 534
role of parasympathetic division of autonomic nervous system, stress & emotions, literature review, 29341
Parasympatholytic Drugs [See Cholinergic Blocking Drugs]
Parasympathomimetic Drugs [See Cholinomimetic Drugs]
Parathion
methyl parathion dosages, susceptibility to domestic cat predation as measured by brain cholinesterase activity, bobwhite quail, 639
Parathyroid Hormone
icv injections of calcitonin vs parathyroid hormone & related fragments, acquisition of active avoidance behavior, male rats, 3279

Parent Child Communication [See Also Father Child Communication, Mother Child Communication]
acceptance vs correction with joint labeling vs explanation from adults, word usage, children visited at home from 1.1–1.6 yrs old, 19583
behavior & verbalization during TV viewing & relation to language development, 1.2–3 yr olds & their parents, 6–8 mo longitudinal study, 29622
Body Awareness Resource Network, computer programs to improve communication, families, 11611
communication patterns & their consequences, families of ex-partisans vs ex-prisoners of concentration camps, 14326
cultural conventions for interaction, linguistic features of Quiche Mayan speech directed to children, adults & 1.8–2.8 yr olds, Guatemala, 19629
entropy & negentropy & family communication process, adolescents & their families, conference presentation, reprint, 24318
entropy & negentropy & family communication process, adolescents & their families, comments on article by J. C. Sonne, reprint, 24290
home vs classroom communication, ability to succeed in educational system, cultural-linguistic minority children, implications for educational policy, program implementation, 2432
infant's handicap, development of parent-child communication, 27233
language teaching device as communicative style between adult caregivers & infants, implications for promotion of language development, 26807
manual for time-limited group psychotherapy, communication with parents, 7–12 yr olds whose parents were recently divorced, 15037
parent-adolescent relations in single-parent divorced family, 15–18 yr olds, 9013
parent-child transmission rates, personal vs political attitude expression, mothers vs fathers & their 16–20 yr old daughters vs sons from 8 countries, 14321
parental communication & attitudes, predisposition to math anxiety, children, 21758
parental communication deviance & affective attitudes, prevalence of schizophrenia & related disorders in offspring, families with moderately disturbed teenagers, 15-yr longitudinal study, conference presentation, 27303
parental social values & family political communication, West Germany & US, 29853
parental status & child communicative status, linguistic & nonverbal teaching strategies, mothers vs fathers of 3.5–5.7 yr olds with vs without communication disorders, 24853
preschool books, parent-child communication & child's cognitive & psychological development, implications for use in parent groups, 26792
reliability & longitudinal stability & parent-child similarity of family communication patterns, 10–17 yr olds & 1 of their parents, 1022
sex differences, ratings of interactions with mothers &/vs fathers, 1st-yr college students & their parents, 14319
sex roles & percentage of nasal consonants in mother vs father names & in infant babbling, 29597
therapeutic issues, parent-child relations & communication, hearing children of deaf parents, 9773
verbal interactions & problem solving behaviors of mothers vs fathers with children, mothers vs fathers & their 9 vs 12 yr old male vs female children, 24310

Parent Child Relations [See Also Father Child Relations, Mother Child Relations, Parental Attitudes, Parental Permissiveness]
academic & social self esteem & attitude toward parents & locus of control, 9–14 yr olds from divorced vs intact families, implications for social casework, 8917
adolescent depressive mood & parent mood & 1 parent's role as buffer for 2nd parent's mood state, 30–56 yr old parents & their 10.4–14.4 yr old daughters, 24295
aspirations & expectations & parental influence, postsecondary educational objectives, Upward Bound college students, 28445
assessment & intervention strategies, interaction processes & adjustment & social development, handicapped infants & their caregivers, 27864
assessment of parent-child interaction in intervention programs, parents with handicapped infants & toddlers, 30526
attitudes & characteristics, 24–53 yr old parents seeking joint custody & their 12 mo to 15 yr old children, 1-yr followup, 21843
behavioral intervention, feeding difficulties & parent-child relationships, failure to thrive infants through 6 yr olds & their families, 1 yr followup, 25243
child day care, parent-child attachments & social development, infants, literature review, 11495
childhood development & parent-child relations, families with gay parents, literature review, implications for counselors, 21827
childhood experiences & parental relationship & parent child relations as etiological factors, 48-65 yr olds with endogenous vs neurotic depression, 24679
cognitive ability & social knowledge & sociability & independence from mother, children in day care vs with sitter care in home, 27002
communication skills programs, interpersonal processes, parents of 10–12 yr olds, 22473
community and school-based Children Helping Children Program, children's school & emotional problems & parenting effectiveness, 6–12 yr olds & their custodial parents, 28603
conflict with siblings vs parents, middle-class 10th graders, 9000
conformance & resistance to parents, junior high school students vs juvenile delinquents, Japan, 3526
contextual & interpersonal variables, parent-child interaction, abusive/neglectful families, implications for determination of individual treatment priorities, conference presentation, 4006
contingent parental praise before vs after treatment compliance response, mothers & author & their noncompliant 2.3–7 yr olds, 15111
conversational & personal & instrumental uses of literacy, deaf adults who sign vs hearing vs deaf 3–21 yr olds & their hearing vs deaf parents vs schoolteachers, 20205
criteria used to assess quality of parenting in well-child visits for 3–24 mo olds, pediatric residents, 30822
cultural factors & development of ego & child-caregiver relationship, East Africa, 19690
demographic & educational variables & SES, reunification with biological parents vs return to foster care, foster care children, 29854
development of Feeding Interaction Report-Scale and Treatment, assessment of infant's oral motor performance & parent-child interaction, 2–20 mo olds & their parents, 5340
development of individual temperament & difficult behavior in children & coping strategies, parents & teachers, 11543
development research & clinical help in parenting infants with a birth defect, 5 families, 6956
developmental differences & parental contact, 4–11 yr old males with masculine vs feminine gender identity, 21764
discriminative & concurrent validity of parent-child version of Areas of Change Questionnaire, assessment of parent-adolescent relationships, families with alcoholic vs depressed father, implications for family therapy, 16143
divorce, parent & family relations & psychopathology & custody issues, children, literature review, 30078
divorce, parental bonding & sex role identification, 24–40 yr old males, 27016
dynamics & problems in psychoanalysis, clients who were "oedipal winners" during childhood, 7029
early relationship with parents & traumatic separations & later independence from parents & subjective responses to perceptgenetic techniques, degree of field dependence, 19–42 yr old females, 23549
effect of parental separation or death or divorce, parenting skills & communication of skills across generations, adult offspring, 26-yr longitudinal study, 6241
emotional bonds with primary caretakers, children with behavioral & mental disorders, 19960
evaluation of family life program, improvement of relationship between adult children & older parents, 31–60 yr olds, 4405
family & parental relations during childbirth, recidivism, male law offenders, India, 1414
family size & perceived influence of parents on children's success & importance of marriage & family in future goals, female vs male high school students, Australia vs Italy, 26896

family stresses, adoption, single vs 2-parent adopters, 29846
family structure vs youth-parent agreement, values & behavior regarding alcohol & marihuana use & premarital sex, college students, 14316
first comfort figure & social sensitivity & loneliness with parents vs peers, male vs female 5th vs 7th vs 9th graders, 8869
flight from femininity in historical figures & leaders & dynamics of mother- & father-son relations, machismo, males, Mexico, 5990

frequency of & reasons for contact & values & affection & relationship with one another, aged parents & their out-of-town adult offspring, 9002
grandparents, formation of parent-child relations, young families with infants, Finland, 9009
growing up with controlling mother & absent father, inability to tolerate intimacy in adult relationships, adult male patients with narcissistic personality disorder traits, 15017
guidelines for problems encountered in stepfamilies, 3591
history of family relationships & mediation of parent-child disputes, mediators, 1865
home environment & perception of parent childrearing practices, 12–14 yr old socially deprived females, India, 24212
hospitalization as separation from parents, assessment & treatment of anorexia nervosa, 7424
identification with mother vs father, internal vs external locus of control, male vs female college students, 27170
impact of joint learning experience, scientific literacy & family relations, parents & their 6th–8th grade children, 25788
impact of parental divorce, 18–21 yr old college students, 29820
incidence of diagnosis of somatization disorder, parents whose children were abused or legally removed from home, 30248
incidence of parental psychiatric disorders & divorce & single parents & pathological parent-child relationships, psychotic & borderline adolescents, implications for treatment, 11901
individual differences, attachment relationships & mental representation & security in strange situations, 12–18 mo olds, 4.5–5 yr longitudinal study, 6136
individual differences in parent-child relationship & identity formation & role taking skills, adolescents, 16990
individuality & diversity in perceptions of past & parents & external events & self identity, children of Holocaust survivors, 6148
influences in family decision making, fathers vs mothers vs adolescent children, 17058
interaction with parents, 1st born kibbutz-reared infants at 8 & 16 mo of age, Israel, 6234
intergenerational transmission via social reinforcement & parental childrearing attitudes, family interdependence & personal dependency, grandmothers & mothers & children, 29825
issues of custody & access following divorce & child's behavior disturbances, noncustodial parents & their children, 1009
juvenile delinquency & school & parental attachment, male Black vs White 10th & 11th graders classified as upper vs lower class, test of social control theory, 27425
linear correlational techniques vs hierarchical clustering models, intergenerational cohesion, older parent-adult child dyads, 5252
literature as therapy, coping skills with parents, children of mentally ill parents, 30528
low vs high oral characteristics assessed by Rorschach, perceptions & descriptions of parents, male college students, 24537
maladaptive parent-infant relationships in light of U. Bronfenbrenner's ecological model of development, literature review, 9401
mandated reporting in clinical child protection treatment process, parental alliance & child well-being, children admitted to inpatient child psychosomatic service, 9777
marital harmony 4.5 yrs postpartum, parent-child relations & child development, parents & children, 4.5-yr longitudinal study, Sweden, 8674
maternal employment, relations with parents & siblings & peers, 10th graders, 6142
maternal vs paternal interaction & dyadic relationship & social support & life stresses, 6 mo olds & their adolescent parents, 1010
mediation of conflicts, parents & children, 1856
methodology of studies linking parent-child relations & etiology of depression, literature review, 22028
methods used to settle emotional debt of love & nurturance withheld by parent from child, adult clients & their therapist, 25148
nature of parent-child relationship, older parents & their 40–49 yr old offspring, 29713
neonatal care & interdisciplinary support group, parent interactions with their children & staff, parents of high risk neonates, 15245
neurotic personality development in interaction of neurotic adults with their children, theoretical perspective of K. Horney, 11976
number of Parents Anonymous Adult Program meetings attended by parents, number of positive behavioral ratings received by children at Child Care Program meetings, parents & their 4–14 yr old children, 17990
older parental leisure activity choice, expectations & leisure choices, adult children, 3546
parent & peer relations & socialization & attitudinal & motivational factors, prediction of delinquent law violation, male vs female high school students, Japan, 9397
parent-adolescent relationship, development of psychosomatic disorders, 14910
parent-child factors, gender role socialization, 4–12 yr old tomboys vs non-tomboys & their parents, 24241
parent-child interaction & parental & self reinforcement, etiology of childhood depression, depressed vs nondepressed guidance clinic children & their parents, 30111
parent-child relations & personal & social adjustment, members of families with biological &/vs adopted children, 19728
parent-child relations & role modeling & identification & internalization of appraisals, female adolescent's identity formation, families with college-age daughter, 878
parent-child relationship, mildly mentally retarded 22–51 yr olds & their parents, 9474
parent-infant play behavior, parents & their 7 vs 10 vs 13 mo olds, replication of T. G. Power & R. D. Park's study, 8887
parent status & handicap competence of child & type of task, engaging child in task & teaching strategies, parents & their 3.5–5.7 yr olds with vs without language or communication disorder, 30345
parent vs peer compliance, female vs male 9–11 yr olds, 11547
parental aggression, development of psychopathology, infants, 30133
parental alcoholism, alcoholism & depression & antisocial personality disorder, opioid addicted adult offspring, 1434
parental bonding & age of onset & family history of affective disorder & prognosis, male vs female patients with bipolar affective disorder, 3858
parental bonding & relationship with offspring, 18–30 yr old females who attempted suicide, 27407
parental deprivation, personality development, 3484
parental educational expectations & relationship with mother vs father, academic performance, 7th–8th graders, Israel, 25825
parental experiences & Holocaust imagery, desire to pass on knowledge of Holocaust to their children, children of Holocaust survivors, 9004
parental influence, sibling relations & parent child relations, 6221
parental involvement in paired vs relaxed reading, reading ability, 8.6–10.3 yr olds with low reading ages, 11431
parental mental retardation, risk for adjustment problems, normal & bright children, 6025
parental race-related socialization & motivation & academic achievement, Black 14–24 yr olds in 3-generation families, 6005
parental role in development of self esteem & drug abuse as maladaptive coping mechanism for low self esteem, 27410
parental toy-choice preferences & stereotyping, child toy preferences & sex role typing, 18–32 yr old parents & their 2–3 yr olds, 11531
parenting experience & sex of parent & child, reactions to risky & annoying behaviors, 22–45 yr old expectant parents vs parents, 27000
parents as cotherapists in Think Aloud social cognitive problem-solving program, problem solving & adjustment, 8 yr old aggressive & 9 yr old impulsive males & their parents, 9780
parent's weight & control vs child self control, weight loss, 8–12 yr olds, 3-yr followup, 22247

peer & parental influence & expectations for success, decision to start smoking, male vs female 6th–11th graders, 24171
peer influence in drug use, adolescents & their best friends & parents, followup study, 11514
perceived control of parental behavior, impulse control disorder & dysphoric social withdrawal, children, literature review, 9399
perceived early familial relationships & parental affectivity & control & subsequent capacity to form adult social supports, 1st yr medical students, 26899
perceived early family life & relationship with mothers & fathers, homosexual 22–62 yr old males who are vs are not fathers, 3644
perceived effectiveness of adolescents as instigators of changing attitudes & knowledge on socially relevant issues, parents of college students, 11626
perceived parental support & self identification, alcohol & marihuana usage, Black & White & Puerto Rican & other Hispanic 7th & 9th graders, 26894
perception & consequences of parental assertiveness, self reported assertiveness, male vs female college students, 27201
perception of caring vs overprotective parental qualities, borderline personality disorder vs nonborderline psychiatric patients, implications for primary preventive interventions, 11930
perception of rejection & emotional warmth & overprotection in parental rearing behavior, bipolar vs unipolar depressed patients, Italy vs Sweden, 24693
perceptions of medical & psychosocial & family relationship needs, neurologists vs parents of children with epilepsy, conference presentation, 12183
polarized continuity vs discontinuity values, truncated nuclear family, implications for family therapy, 7125
power contests & response patterns, adolescents & their uncompromising parents, implications for social casework intervention, 10059
preference for holding infant on left side, males vs females, 21830
privacy in parent-infant relationship & in milieu therapy, 7415
problems in intergenerational communication, adolescents & their parents & teachers, 8912
programs for mediation of conflict, parents & children, 1847
psychoanalytic factors, relationship with own child as patient, health professionals, 4768
psychoanalytic factors, treatment of own child, health professionals, criticism of E. S. Levin's study, 4754
psychological development aspects of confidential adoptions, children, 19722
psychometric properties of Father & Mother scales of Parent-Child Relationship Survey, college students from divorced vs continuously intact families, 28949
psychosocial functioning & parenting difficulties & marital support, 21–27 yr olds reared in institutions, reprint, 29841
ratings of instrumental & expressive responses to hypothetical interpersonal problems of sons vs daughters, parents, post hoc analysis of data from study by G. A. Dino et al, 26979
reactions to social behaviors by 4–8 yr olds, parents vs siblings, 3580
reciprocal research model of parent-child interaction, 1003
relations to parents vs foster parent & schools stressing rights vs object relations, children, 14315
relationship with macrosystem or world & microsystem or family & processing of world & childrearing, infants, North America, conference presentation, 24111
relationship with opposite sex parent, marital relations, spouses, implications for family & marriage therapy, case report, 30648
reports of parents' & development of children's smoking behavior & attitudes, Ss at 11–12 vs 15–16 vs 18–19 yrs old & their parents, 11526
retelling or withholding of Holocaust experiences, psychological development of children, Holocaust survivors & persecutors & their children in therapy, 9720
role of deviant peers & parental childrearing practices & alcohol use, initiation of alcohol & marihuana usage, families with sons in 7th & 10th grades, 21755
role reversals, children & their divorced parents, 11616
school book contest used to encourage reading enjoyment & parental involvement, elementary school faculty & students & their parents, 28424
SES & academic ability, peer vs parental vs school affiliation, male vs female 6th vs 8th vs 10th graders, Australia, 13046
sex & birth order, perceived parental favoritism, 14–18 yr olds, 3509
similarity between descriptions of spouses & parents, differential importance of parents for partner choice, married college students & health professional couples, 3601
sleep state organization & EEG patterns & home environment & caregiver-infant interactions & IQ, premature infants tested at term date & up to age 8 yrs, longitudinal study, 26809
social attachment theory & parent-child relations, decision making in child abuse & neglect cases, judges, 24408
social construction of reality, family's attribution of competence to severely retarded child, comments on case report by M. Pollner & L. McDonald-Wikler, 14774
social construction of reality, family's attribution of competence to their severely retarded 5.5 yr old daughter, 14772
social support, familial well-being & parent-child play opportunities & perceptions of child behavior, parents of mentally retarded or physically impaired or developmentally at risk children, 14300
socialization & interaction differences, parents & their male vs female 18–24 mo olds, 8980
sources of stress that might lead to elderly abuse, elderly parent & middle aged caretaker & their family, 30268
special education & parental involvement, handicapped children, 7697
stability of social support as individual difference variable & parental bonding & social behavior, college students, 21928
systematic framework for development of parent groups, enhancement of family support for children in care, residential care staff, 28130
theoretical perspectives of heightened egocentrism, young adolescents, 3402
toy selection & socialization of sex-typed play, mothers vs fathers of 19–27 mo old males vs females, 8834
transactional systems analysis approach, failure to thrive with organic & psychological etiology, 6 mo old male & his parents & hospital staff, 18146
utility of cognitive-behavioral vs interpersonal observational system as differentiating method, families with anorexic/bulimic daughter vs controls, 20170
validity of Kansas Parental Satisfaction Scale, married mothers & fathers, 28968
visitation by biological relatives, symptoms, birth to 3 yr olds in foster care or other custodial situation, 22655

Parent Educational Background

completed yrs of education, twins & their spouses & parents, Norway, 19308
educational background, occupational choice & socialization & childrearing practices, parents, literature review, 17060
father's educational level vs class & ownership & purchase of & control over labor power & work experience, reproduction of class advantage, 25–64 yr old males vs females, France, 24260
father's occupational status & education & mother's education & respondent's ability & high school curriculum & grades, predictors of postsecondary educational attainment, Black vs White high school seniors, 31242
parental ability & education & occupation, offspring's cognitive ability, parents & teenage or older offspring, Hawaii vs Korea, 16924
parents' educational background & early learning experiences & public school placement, brother & sister gifted with mathematical reasoning ability, 28559
1-parent vs 2-parent families & parental educational attainment, mathematics achievement & word knowledge, 13 & 18 yr old junior high & high school students, 25821

Parent Effectiveness Training [See Parent Training]

Parent School Relationship

attitudes regarding parent involvement & school activities & services & problems & climate & objectives, parents, 25764
attributions for success vs failure in parent &/vs teacher consultations, school psychologists, 28405
community control & comprehensive services & cultural diversity of & parent involvement in Head Start, minorities, trends for 1980s, 10391

comprehension & preferences for short form vs psychoeducational report vs question & answer format of psychological reports, parents of learning disabled or retarded or gifted children, 28653
ecosystemic model of therapeutic intervention, family-school problems, illustrations of families with 8 & 9 yr old school-dysfunctional males, 1840
guidelines for conducting parent-teacher conferences, preservice & inservice teachers, 12913
home-school cooperative program, aggressive classroom behavior, children, 15932
home visits, identification of child's learning needs & ways for parents to participate, preschool & primary & special education teachers, 22975
individual behavior management system, involvement of parents in meeting needs of their children with behavior problems, special education teachers, 23089
information about school's aims & objectives & courses offered & staff, teacher–parent communication, UK, 22869
involvement in education, parents of preschool visually handicapped, 18581
parental involvement in special education, implications for E. Deno's proposal, 2491
parental participation in decision making process for placement, handicapped students, 13054
parental role in special education, 7727
participation in individualized education program development, parents of handicapped students, 13094
perceptions of parental participation in individual education plan process, special education teachers, 20773
perspectives brought to mainstreaming process, deaf children & parents of handicapped vs nonhandicapped & special vs general education teachers & administrators, implications for preparation of teacher training programs, 23073
preferred types of communication, parents & teachers of emotionally disturbed students, 18443
role in influencing lay public to bring about changes in school curriculum, educators, 12902
self help concept, relationships, teachers & their students & parents, 12922
skill-based inservice teacher education program, attentiveness & counseling & consultation skills in interviews with parents, teachers, 18437
suggestions for effective communication with parents, teachers, 12899
techniques when confronted by angry parents, educators, 12914
test variability & instructional variables, explanation of reading level of learning disabled child to parents, regular & special education teachers & reading specialists, 13116
use of parental & other volunteer help with reading, primary school head teachers, UK, 10309
videotape as information source for discussion of classroom activities, parents & teachers, 23033

Parent Training

acceptability of differential attention vs response cost vs time out &/vs spanking, 30–40 yr old mothers of children with behavior problems of varied severity, 15092
Adlerian concept of encouragement, parenting skill workshop, 17982
Adlerian parent study group, perception of child behavior, middle class mothers, Mexico, 27875
behavior-education program, development of child's toy play, 19–34 yr old mothers of developmentally delayed 0.9–2.5 yr olds, 7142
behavioral education project, increase in stimulating interactions, 21–33 yr old developmentally handicapped mothers & their 6–25 mo olds, 5–10 mo followup, 22486
behavioral parent training, nontraditional families with diverse backgrounds & those facing interpersonal & intrafamilial conflicts, 25214
collaborative models for training parents of handicapped children involving psychologists, school counselors & social workers, 15907

community and school-based Children Helping Children Program, children's school & emotional problems & parenting effectiveness, 6–12 yr olds & their custodial parents, 28603
community size & SES & sex & language background, sources of & preferences for childrearing information, parents of 5–14 yr olds, implications for marketing of parent programs, Canada, 22472
consensus vs behaviorally based parenting groups, preference for reinforcement vs time out vs negotiation techniques, parents, 9–18 mo followup, 30674
construction & factor structure of Parent Education Design Scale, identification of relevant issues & attitudes toward parent education, 18–21 yr olds, 15886
crisis intervention strategies, maltreated children & their parents, implications for role of school psychologists, 4991
description of Teaching Involved Parenting program, 15076
development & reliability of scale to assess satisfaction with parent education programs, parents, 23467
early home development vs parent-infant intervention, cognitive development at 4 vs 8 vs 12 vs 16 mo of age, preterm infants, 18138
educational program, recognition of social & peer pressures leading to early sexual involvement & parental reinforcement of knowledge, 11–15 yr olds & parents, implications for prevention of sexually transmitted diseases, 18150
effectiveness of anticipatory guidance intervention based on early assessment of infant temperament, 17–21 yr old mothers of 1st-born 4–12 mo olds vs parents of 1st- & laterborns in health maintenance organization, 27872
efficacy of Knowledge of Behavioral Principles as Applied to Children instrument, parents after using behavior management techniques with their children, 2855
evaluation of behavioral vs parent effectiveness training vs Adlerian group parent education programs, literature review, 17916
family & marital relationships & attitudes toward family enrichment & support programs, Air Force married couples, 27871
family prognosis & treatment compliance & outcomes, physically abused children under 2 yrs old & their families, 2–6 yr followup study, 4625
Fathers Program, stress & grief & depression & social support & family environment & information needs, fathers of handicapped children & their wives, followup study, 30678
field work program in well-baby clinics, bonding & parenting skills, social work students & public health nurses & 23 & 24 yr old females & their 4 & 9 mo old sons, case reports, Israel, 30895
formula for increased understanding of R. Dreikurs' logical consequences, parents & teachers, 15077
founding of "Parents" magazine, 29505
group training in medical care & psychological coping skills, Hispanic parents of children with severe cerebral palsy, 28207
home-based parental program, development of early language & reading skills, American Indians from birth to 4 yrs of age, Canada, 15680
hospital-based program of pre- & postnatal & infant care & parent education, drug addicted females & their infants, 10166
impact of joint learning experience, scientific literacy & family relations, parents & their 6th–8th grade children, 25788
learning of parenting skills & issues in Adlerian parent training, 15078
marital & premarital counseling centers, marital & parenting education, Czechoslovakia, 30918
need for comparative research on models of parent group education, 17991
number of Parents Anonymous Adult Program meetings attended by parents, number of positive behavioral ratings received by children at Child Care Program meetings, parents & their 4–14 yr old children, 17990
parent-authored education program in parenting practices, parents & future teachers & adolescents, Belgium, 12500
parent education project, low income families with preschool children, 12670
parent effectiveness training, parental childrearing attitudes & children's career maturity & GPA, rural parents & their kindergartners through 12th graders, 6-mo followup, 1016
parent group training, achievement & absenteeism & discipline problems & substance abuse, high school students, 28447

parent or child demographic characteristics, childrearing expectations & support of child development principles, parents of handicapped preschoolers, implications for curriculum priorities in parent training programs, 2544
parent skills training, parents of children with special needs, literature review, 25398
parent training &/vs medication vs stimulant medication only, school performance & behavior, 5–9 yr olds with hyperactivity, 2-yr followup, 22358
parent training by school counselors, perceptions of children, parents & their 4–14 yr olds with behavior problems, 31330
parent training, childcare & adaptive functioning, mentally retarded mothers, 12506
parent training, father's attitude toward children & mother child interaction, father-involved vs father-absent families with conduct problem children, 4457
parent training program, temporal generalization of treatment effects, parents, 3-mo & 3-yr followup, 30627
Parenting After Divorce educational prevention program, children's adjustment & parent functioning & family environment, divorced custodial parents of 7–12 yr olds, 7130
parenting vs career conflicts & working hours, legislation & compulsory child care teaching & role modeling, child psychiatrist parents, 26998
parents' attendance at Parents Anonymous Adult Program, behavior at Parents Anonymous Child Care Program, 4–14 yr olds, 4406
prenatal education, short vs long term health care compliance & childrearing practices, 13–17 yr old indigent mothers, 9809
prenatal intervention with negative &/or positive consequences approach, parental use of infant car restraints, 20–32 yr old mothers, 22476
preschool books, parent-child communication & child's cognitive & psychological development, implications for use in parent groups, 26792
preventive social work intervention approach to parent group education, conference presentation, 22693
record keeping & outcomes & costs of paraprofessional parent aide program, prevention of child abuse or neglect, 28 yr old single mother, 15292
research methodology on shortcomings of parent training programs, families of handicapped children, 18873
role in infant car restraint system promotion & prenatal car safety programs, perinatal caregivers, 31049
school-based child care & education in contraception & sexuality & parenting skills & counseling services, pregnant & parenting adolescents, literature review, 28605
SES & parent attendance at & instruction compliance during behavioral parent training program, family outcomes, families with noncompliant aggressive 2–15 yr olds, 1–3 yr followups, 20322
skill acquisition & maintenance & generalization in individualized education plans, parent training programs, parents of mentally retarded children, 22763
social & cognitive skills training, coping ability & parenting skills, pregnant or parenting 14–19 yr olds, 25210
social work education & support program for use of home equipment for cardiorespiratory monitoring, parents of infants with apnea, 18231
strategies for promotion of generalization effects, behavioral parent training, 15113
systematic framework for development of parent groups, enhancement of family support for children in care, residential care staff, 28130
time limited group therapy, role transition to 1st-time parenthood, couples, 17994
training in giving feedback to parents tutoring their 9.4–11 yr olds with reading deficits, parent involvement & children's reading levels & student behaviors, 3rd-yr female teacher trainees, 31144
treatment approach in parenting education programs, child abuse, literature review, 7107
validation & training of adult-child interaction skills, parents indicted for & professionals dealing with child abuse & neglect, 12521

Parental Absence [See Also Father Absence, Mother Absence]
early relationship with parents & traumatic separations & later independence from parents & subjective responses to perceptgenetic techniques, degree of field dependence, 19–42 yr old females, 23549
group pre- & mid- & post-deployment single session briefings, family relations, children & their parents in military service, 17993
knowledge of & adherence to parents' perceptions of worrisome problems & rules for home safety, supervised vs unsupervised 8–10.6 yr olds, implications for child accident prevention & health & home security, 26932
single parent & broken homes, emotional & psychological functioning & sexuality, children, 29828
1-parent vs 2-parent families & parental educational attainment, mathematics achievement & word knowledge, 13 & 18 yr old junior high & high school students, 25821

Parental Attitudes
acceptability of differential attention vs response cost vs time out &/vs spanking, 30–40 yr old mothers of children with behavior problems of varied severity, 15092
acceptance & attitude toward childhood autonomy, Black vs White low SES mothers of 84–126 mo olds, 19715
Adlerian parent study group, perception of child behavior, middle class mothers, Mexico, 27875
advantages & disadvantages of having child & expectations of significant other's response, 18–26 yr old females with 0 vs 1 vs 2 children, 29821
alpha factor analysis of attitude questionnaire, measurement of attitudes toward rehabilitation practices in activity therapy center, parents & staff, 2906
attitudes & defenses & emotional reactions to & subsequent family crisis following birth of mentally retarded child, parents & grandparents & siblings of mentally retarded 1–17 yr olds, 14768
attitudes & negotiating statutory child care with social services, mothers & fathers & children & siblings & social workers & foster parents, UK, 30868
attitudes regarding parent involvement & school activities & services & problems & climate & objectives, parents, 25764
attitudes toward adolescence, 12 yr olds & their parents, 11555
attitudes toward adolescent behavior problems & rating of impact on school & general social adjustment, 25–50 yr old parents & teachers & 14–15 yr old secondary school students, Barbados, 25848
attitudes toward child safety seats, parents of children under age 3 yrs, 5029
attitudes toward development of self confidence & possessive individualism in school, students aged 11 yrs & older & teachers & parents, 31245
attitudes toward gifted children & programs, parents vs teachers, 2510
attitudes toward last born child assessed by parent child interaction, multiparous females sterilized postpartum, 8968
attitudes toward role in taking sick child to emergency department, parents of at least 1 child, Israel, 17076
attitudes toward sex education, fathers vs male teachers vs 17–20 yr old students from rural vs urban vs metropolitan areas, India, 25850
attitudes toward social class composition of schools & desegregation, low income parents, 10431
categorization of social behavior descriptions attributed to sons vs daughters, parents of 6–11 yr olds, 29816
child directed vs observed maternal anger & negative emotions & prenatally assessed maternal responsiveness, toddlers' concern for self vs others vs nonempathic responses, 21–36 yr old mothers & their 19.5–22 mo olds, 8973
child personality traits & parental attitudes, 29–56 yr old parents & their 5–26 yr old hemophilic sons, 30400
child temperament characteristics & maternal response to descriptions of behavior, mothers of 3–6 yr olds with Down's syndrome, 1473
childrearing attitudes & behavior, 22–46 yr old mothers of preschool age children in rural towns, Australia, 21826
childrearing knowledge & attitudes & behavior, 15–19 vs 21–36 yr old mothers of firstborn, 11398

children's enrollment in Portage home advisory service, educational placement & development, parents of developmentally delayed 3.8–9.8 yr olds, 28547
children's misbehaviors & parental disciplinary & affective reactions & children's responses, abusive vs nonabusive families with 4–11 yr olds, 12115
concerns & hopes & fears concerning life skills development of their trainable mentally retarded adolescents, parents, conference presentation, 24846
concerns about baby & themselves & husbands & children, mothers of high risk vs normal newborn infants 2 & 6 wks after infant's hospital discharge, 30062
concerns about breast feeding infants from birth to 4 mo, 18–35 yr old primiparas & multiparas, 26982
consensus vs behaviorally based parenting groups, preference for reinforcement vs time out vs negotiation techniques, parents, 9–18 mo followup, 30674
construction & test of theory of protection as explanation for interactions in sex education, parents of preschool children, 1018
construction & validation of Child Improvement Locus of Control Scales, assessment of parental beliefs about influences on improvement or recovery of their children, parent of autistic or physically ill children, 23424
cultural background & age of child, valuation of social competence in parenting style, parents of 8–18 yr olds of European vs Japanese ancestry, Hawaii, 27008
cybernetic model of parental reactions to adult child's divorce, life cycle development & children's postdivorce readjustment, 26994
death of child from sudden infant death syndrome, perceptions & social support & grief reactions, mothers, 14892
demographic indices & response to stresses, parents of handicapped school age children, 27246
depressive moods & parenting behavior, child behavior & parent perceptions of child maladjustment, mothers & their clinic-referred 27–108 mo olds, 11869
development of Infant Tenderness Scale, measurement of mother's perception of infant's physiological & contact needs, 15–32 yr old mothers, 13396
development of questionnaire, assessment of attitudes toward having children, couples from family planning vs infertility vs antenatal clinic, Scotland, 14294
development of scale for measurement of attitudes toward management of mentally retarded children, parents, India, 28932
development research & clinical help in parenting infants with a birth defect, 5 families, 6956
divorce & maternal employment status, sex role attitudes, mothers & their 3–6 yr olds, 17080
early paternal participation & parental perception of own father's role, paternal involvement in rearing of sons &/vs daughters & longevity of role as primary caregiver, middle class 2-parent families, 4-yr followup, 9006
electronic fetal heart monitoring vs intermittent auscultation, experience of labor & delivery, mothers, 15231
electronic fetal heart monitoring vs intermittent auscultation, experience of labor & delivery, mothers, comments on study by J. Garcia et al, 15250
emotional reactions & family & marital relations following knowledge of diagnosis, parents of child with Down's syndrome, 17506
estimation of children's & self reported fear, mothers & their male vs female 4th & 6th & 8th graders, 21747
evaluation of therapy, parents of children referred for child & adolescent psychiatry, 3–5 yr followup, 12322
evaluations of residential neighborhoods & strengths of causes attributed to traffic accidents, perceptions of traffic accident risk to 2–10 yr olds, 18–54 yr old parents, Sweden, 7903
expectations & aspirations for their 1–45 yr old sons vs daughters, White fathers, 17071
facilitator vs regulator mothering orientation, vulnerability to depressive disorders, 28–42 yr old mothers of 15–36 mo olds, 24313
family interaction, achievement of identity in adolescence, 15–19 yr olds & their parents, 8814
family size & rural vs nonrural environment, attitudes about value of children, 35–65 yr old mothers & their college age daughters, 17085
father attitudes & nonverbal behavior, early adolescent male cognitive development, 34–62 yr old fathers & their 12–13 yr old sons, 8797
feelings regarding parental role, inpatient schizophrenic Hispanic & alcoholic & suicidal & hallucinating & impulsive fathers in family treatment program, 9196
health beliefs & demographic characteristics, use of automobile safety restraints for child & self, parents, 8967
home & school & neighborhood environments & parental attitudes, intelligence & educational performance, 7 & 10 yr old elementary school students, 7649
home advisory service, attitudes, parents of mentally handicapped 21–49 mo olds, 20469
identification of offspring as at high somatic risk due to alpha antitrypsin deficiency, attitudes toward self & toward having more children, parents, 20255
immigrant status & neighborhood quality & family income & child's sex & street type, parental values, parents of 9–11 yr olds, 1002
incidence of otolaryngologic symptoms & perceptions of benefits of adenoidectomy &/or tonsillectomy, parents of children with Down's syndrome, 28043
interparental ratings using Infant Temperament Questionnaire, low vs high risk infants, 939
knowledge & attitudes & practices with reference to their 3–11 yr old children's masturbation, parents, 24297
knowledge of & adherence to parents' perceptions of worrisome problems & rules for home safety, supervised vs unsupervised 8–10.6 yr olds, implications for child accident prevention & health & home security, 26932
knowledge of degree of retardation, change in attitude toward management of mentally retarded children, parents, 30315
legal & ethical considerations in gaining parental consent for medical treatment, children, UK, illustrative case of prescription of contraceptives for females under age 16, 22639
level of aspiration for child, parents of asthmatic vs diabetic vs healthy 6–13 yr olds, 6792
marital harmony & occupational identity status as psychological predictors, feelings of confidence & control & self- vs child-focused gratifications, 25–31 yr old mothers vs fathers of 2.3–3.4 yr olds, 24296
marital satisfaction & child behavior, parent perceptions of child maladjustment, mothers & their 27–108 mo old vs 10.4–14.4 yr old children, 11614
maternal attitudes & social support & infant irritability, maternal behavior, mothers & their infants through 1st yr, implications for development of attachment behavior, 26984
maternal condemnation of TV violence during mother & child TV viewing, perceptions of violence & aggressive behavior, 61–73 mo olds, extension of research by B. F. Fontes, 3521
maternal mood & caretaking perceptions & home environment at birth vs 9 vs 18 mo later, causal attribution of infant's condition to maternal vs others' behavior, mothers of infants with developmental disabilities, 3780
maternal perception of infant at 1 mo of age assessed by Neonatal Perception Inventory, social-emotional development, 4.5 yr olds, replication of E. R. Broussard & M. S. Hartner's study, 928
maternal tendency to overestimate vs underestimate children's intelligence test performance, intellectual ability, children, review of study by J. McV. Hunt & J. Paraskevopoulos, 26853
methylphenidate vs placebo, problem behavior & parent vs teacher perceptions of behavior, 9 & 10 yr old males with attention deficit disorder, 9925
model of childrearing practices, valence of scholastic performance, parents, 3587
moral vs immoral vs amoral views of human nature, childrearing attitudes, parents of preschool children, 14298
mother vs child perception of child's anxiety level, 9–14 yr olds with diabetes, implications for coping behavior, 17622
mothers' pregnancies & births & daughter's medical illness & eating & weight during childhood & adolescence, 41–68 yr old parents of 18–38 yr old bulimic females, 22308
neonatal identification of high risk of somatic illness due to alpha antitrypsin deficiency, views of own health & current life situation, parents of children at risk, 5-yr followup, 17684

nutritional knowledge & attitudes of parent/caregiver & nutritional intake, autistic children with mean age of 10.6 yrs, 24702
occurrence of stigma to parent & child & child's attempt to cope through personality development, children with physical deformities, 27665
parent- & teacher- & self-ratings of adaptive behavior, 5.1–12.6 yr olds considered for educable mentally retarded class placement, 15942
parent- vs child-related demographic characteristics, congruency between mothers & fathers vs professional diagnostician's judgment of child's developmental status, 18–48 yr old mothers & fathers & their handicapped 8–80 mo olds, 30332
parent-child agreement on presence & severity of child psychiatric symptoms, 6–18 yr olds & their parents, 22044
parent effectiveness training, parental childrearing attitudes & children's career maturity & GPA, rural parents & their kindergartners through 12th graders, 6-mo followup, 1016
parent training by school counselors, perceptions of children, parents & their 4–14 yr olds with behavior problems, 31330
parental & child attitudes & self concept, 5–14 yr olds with primary nocturnal enuresis, 25010
parental & self perception of sadness & types of depressive symptomatology, 1–6 yr olds, 6533
parental & sibling reactions & role of multidisciplinary treatment team, chronically ill children, 30450
parental adjustment & marital satisfaction & depression, perception of child's home or school problem behaviors, parents of 5–14 yr olds referred to psychology clinic for behavior problems, 4040
parental attitudes & infant temperament questionnaire, mothers vs fathers & their 1st born infants, 21801
parental attitudes & sex role socialization practices, gender role preferences, male vs female kindergartners & 3rd graders, 29710
parental attitudes, development of racial attitudes, Black 4–5 vs 6–7 yr olds, 2.5 yr longitudinal study, 26881
parental attitudes vs social & political factors, affective orientation toward vs cognitive judgments on racial minorities, 18–42 yr old adult children, 6204
parental communication & attitudes, predisposition to math anxiety, children, 21758
parental communication deviance & affective attitudes, prevalence of schizophrenia & related disorders in offspring, families with moderately disturbed teenagers, 15-yr longitudinal study, conference presentation, 27303
parental drinking attitudes & exp ectations, drinking attitudes, college students, 9080
parental educational expectations & relationship with mother vs father, academic performance, 7th–8th graders, Israel, 25825
parental perceptions of cognitive & social childrearing task difficulty, child's perception & actual social competence, male vs female 3rd–5th graders, 21664
parental pressure for tonsillectomy, parents of 3–16 yr olds referred for possible tonsillectomy, 20196
parental rearing behavior & attitudes as measured by Swedish inventory, parents, Australia vs Denmark vs Hungary vs Italy vs Netherlands, 29815
parents' psychological state & SES & birth order & infant sex, report of infant temperament, 19–48 yr old mothers vs fathers of 2–3 mo olds, 24320
paternal vs maternal judgment of cognitive ability & developmental level, 1st graders, 19619
perceived behavioral components of infant easiness/difficultness, parents of 6 vs 13 mo olds, 8666
perceived causes of & concerns over consequences & tolerance of child's bedwetting, mothers of children with primary or secondary enuresis, 27511
perceived effectiveness of adolescents as instigators of changing attitudes & knowledge on socially relevant issues, parents of college students, 11626
perceived mental health problems, college freshmen & their families, 2461
perceived societal needs for educational instruction, elementary school principals vs teachers vs parents vs students vs secondary students, 2457
perception of diagnostic & treatment programs & needed services, parents of autistic & mentally retarded children, Poland, 6684
perception of problems children encountered on return to school, parents of children with cancer, 15779
perception of quality of professional consultation from community services, compliance with recommendation, parents of developmentally disabled children, 18182
perceptions & support of gifted individuals, parents & schools & public, 23072
perceptions of child's personality & behavior, parents of children at risk for schizophrenia, Israel, 3928
perceptions of medical & psychosocial & family relationship needs, neurologists vs parents of children with epilepsy, conference presentation, 12183
perceptions of meeting children's educational needs, parents of gifted preschoolers to 12th graders, 13071
perceptions of negative effect of facial features on social development & need for plastic surgery, parents & physicians of children with Down's syndrome, 22630
perceptions of nighttime fears & coping responses, 8.5–13.3 yr olds vs their parents, 19681
perceptions of responsibility for child's emotional or behavioral problem, mothers vs fathers of 1–12.5 yr olds, 14559
perceptions of student characteristics & criteria & perceptions of relative power to impose diagnostic labels, special education teachers & school officials & parents of learning disabled students, 20786
perspectives brought to mainstreaming process, deaf children & parents of handicapped vs nonhandicapped & special vs general education teachers & administrators, implications for preparation of teacher training programs, 23073
photographs of children in risky situations, perceptions of degree of risk & decision to intervene, male vs female 21–35 yr old parents vs inexperienced college students, 8981
positive beliefs & absence of worries about breast feeding & maternal education, prediction of initiation of breast feeding, breast vs bottle feeding primigravida women, 8976
positive vs negative child vs spouse behavior vs daily activities, satisfaction & mother child relations, 23–43 yr old mothers of 46–79 mo olds with physical aggressiveness & noncompliance & temper tantrums, 29826
pre- & postnatal perception of infant temperament, 22–38 yr old mothers vs fathers, 6163
prediction of academic achievement in math & reading by use of cognitive tasks & material & teacher ratings, male vs female students tested prior to kindergarten & at grades 1–10, 28491
prediction of child's memory span & attributions of importance & difficulty of tasks & child's achievement, fathers vs mothers & their 6th grade children, 24287
prenatal vs 6 mo postnatal perceptions of temperament, infant & maternal behavior, couples & their infants, 29859
presence of handicapped sibling & family relations, normal siblings, literature review, 1485
problem solving attitudes & behavior, intensity of parental punishment, Mexican American & White & Black mothers of 3–5 yr olds, 9011
Puritan ideology of 17th & 18th centuries, parental attitudes toward children & early childhood education, 29837
ratings of cause & severity of child's condition & emotional adaptation, degree of behavioral self blame, mothers of infants with perinatal complications, 22335
ratings of instrumental & expressive responses to hypothetical interpersonal problems of sons vs daughters, parents, post hoc analysis of data from study by G. A. Dino et al, 26979
ratings of time out vs differential reinforcement vs overcorrection vs shock, treatment of self injurious behavior, parents of autistic vs other handicapped vs nonhandicapped children, 1888
reactions to use of autopsy report as counseling tool, sudden infant death syndrome counselors & bereaved parents, 25455
reliability & factor structure of Mother-Child Relationship Evaluation, assessment of parenting attitudes, mothers & fathers, 23492
reliability of signed version of Parent As A Teacher Inventory, measure of childrearing expectations, deaf parents of normally hearing 2–7 yr olds, 23481
response to birth of child with handicaps, parents, extension of J. Blacher's stages of adjustment, 1216

role & sex & age & parental status, perception of childhood problems, clinical & school psychologists & teachers & parents, 3391
role of maternal attitudes in development of school abilities, 7–11 yr olds with mild mental retardation, 4066
semantic differential assessment of self concept, reflection of perceptions by family members & psychiatrists, psychiatric patients, 9324
SES & parental attitude & home environment & relations & dependence/independence & mutual trust, prediction of self esteem, secondary school students, India, 24236
sex & birth order, perceived parental favoritism, 14–18 yr olds, 3509
sex of child & maternal beliefs about achievement & mathematics achievement, 7th graders & their mothers, 25816
social support, familial well-being & parent-child play opportunities & perceptions of child behavior, parents of mentally retarded or physically impaired or developmentally at risk children, 14300
socioeconomic background & prevalence of chronic disease & anxiety level about childhood problems, decision to use medical services, mothers with young children, 1-yr longitudinal study, Scotland, 7315
timing of maturation & puberty, perceptions of family relations, 10–17 yr old daughters & sons & their parents, 24097
traditional vs nontraditional sex role attitudes, communication with sons vs daughters, 28–39 yr old mothers & their 30–42 mo old infants, 1025
TV viewing & parental attitudes about TV, school performance, 6–12 yr olds & their parents, 20726
typologies of parental attitudes, 6232
utilitarian resources & energy or morale & beliefs & social support as coping resources, depression & family relations & locus of control & marital adjustment, parents of mentally retarded children, 4062
view of child's eating behavior & disposition & development of sex differences in obesity, parents of 7–12 yr olds, 1539

Parental Authoritarianism [See Parental Permissiveness]

Parental Behavior (Animal) [See Animal Parental Behavior]

Parental Influence [See Parent Child Relations]

Parental Occupation

age & social & family characteristics, prediction of vocational orientation, urban junior & senior high school students, France, 25819
father's educational level vs class & ownership & purchase of & control over labor power & work experience, reproduction of class advantage, 25–64 yr old males vs females, France, 24260
father's profession, social & sexual development of child, families, 24301
identification & followup of child's alpha antitrypsin deficiency, reproduction & marital status & social class level, families of children with alpha antitrypsin deficiency diagnosed at birth, 17685
parental ability & education & occupation, offspring's cognitive ability, parents & teenage or older offspring, Hawaii vs Korea, 16924

Parental Permissiveness

environmental knowledge & parental restrictions & distances & number of friends & participation in organized activities, neighborhood activity range, 6 vs 10 yr olds, Sweden, 6102
family authority structure, self consciousness in early adolescence, 4th & 5th vs 7th & 8th graders, implications for education, 8920
interactions in which mothers defer control to son & sons assume control, discrimination of high- vs low-problem mother-child dyads, 24–40 yr old divorced or separated White mothers & their 6–9 yr old sons, 3596
knowledge of & adherence to parents' perceptions of worrisome problems & rules for home safety, supervised vs unsupervised 8–10.6 yr olds, implications for child accident prevention & health & home security, 26932

Parental Role

adjustment & symptoms, stepmother syndrome, stepmothers, 27005
attitudes toward role in taking sick child to emergency department, parents of at least 1 child, Israel, 17076
changes in process of father-infant relationship, France, 8991
complexity of roles & their interaction, child psychiatrists who are fathers, 31094
concept of parenting alliance, family cohesion & planning therapeutic intervention, adolescents & their families, 9804
content of social event, conceptions of parental authority & obedience, 6–7 vs 8–9 vs 10–11 yr olds, 17016
cultural conceptions of childhood & parenting & employment, family power relationships & childcare & household responsibilities, working mothers, 14312
development of Single Parenting Questionnaire, assessment of parenting factors that relate to child adjustment, divorced custodial parents, 5342
difficulties of pregnancy & maternity leave & combining childrearing with practicing psychiatry, full & part time female psychiatrists, 2276
early paternal participation & parental perception of own father's role, paternal involvement in rearing of sons &/vs daughters & longevity of role as primary caregiver, middle class 2-parent families, 4-yr followup, 9006
ecological & role perspectives of fatherhood, relationships in different social environments, fathers & their children, 21829
emotional bonds with primary caretakers, children with behavioral & mental disorders, 19960
etiology of disorder & role divisions within family, coping & support & locus of control, fathers vs mothers of 2–4.5 yr olds with developmental disabilities, 24587
feelings regarding parental role, inpatient schizophrenic Hispanic & alcoholic & suicidal & hallucinating & impulsive fathers in family treatment program, 9196
feminist vs psychoanalytic perspectives on gender differences in psychology of parenting, 21834
home environment & parental influence, reading skills & habits, children, 21661
homophobia & perceived fathering & intimacy with males vs females, adult heterosexual males, 9060
involvement in education, parents of preschool visually handicapped, 18581
maternal help with homework & student characteristics, academic success, 4th graders, West Germany, 31231
maternal role attainment during 1st yr of motherhood, 15–19 vs 20–29 vs 30–42 yr old mothers, 14317
model of parental orientations toward pregnancy & parenthood, mothers vs fathers, 24314
mother-child interaction & mother role satisfaction & child temperament, employed vs unemployed mothers & their children, 29-yr longitudinal study, 8994
operant procedure using parents as agents of change, increase in attention span, mentally retarded 2.9–4.9 yr olds, 9821
parental activism, child life programs, hospitalized children, 15372
parental help in home, reading performance, 8–15 yr olds in special education school for children with moderate learning difficulties, 18603
parental role functioning & parent-related interactions & family boundaries restructuring, 25–44 yr old divorced spouses, implications for family therapy, 24294
parental role in diagnosis & therapeutic processes, psychotic children & their families, 6988
parental role in learning to drive & obtaining a license & subsequent driving behavior, high school students, 24218
parental role in special education, 7727
parental roles & development of bonding & substitute child care, working parents, 11606
parental status & child communicative status, linguistic & nonverbal teaching strategies, mothers vs fathers of 3.5–5.7 yr olds with vs without communication disorders, 24853
parenthood, 28 yr old mentally ill son, 9305
parenting vs career conflicts & working hours, legislation & compulsory child care teaching & role modeling, child psychiatrist parents, 26998
participation of parents in relational language instruction & therapy, special education students, 28527
perceived parental sex role qualities & personality traits & influences on sexual orientation, 17–71 yr old heterosexuals & male & female homosexuals & male transvestites, 6285

perception of & preferences for role in care of hospitalized child & communication with nursing staff, parents of sick children under 10 yrs old, 15341
personal efficacy & locus of control & perceived contingency of parental reinforcement in thought structures, depressive vs paranoid patients, 1365
personal values & sex & parental role perceptions, orientation toward Equal Rights Amendment, adults, US, 27081
portrayal in popular adolescent fiction, fathers, 6015
prenatal & parenting behavior information needs, physicians vs pregnant adolescents, 30821
professional biases about parental stress & coping behavior in caring for disabled children, implications for treatment relationship between parents & professionals, 9661
psychological effects & strategies to promote benefits of youth sports participation, parental responsibilities & factors in choice & timing of athletic program, 29600
recent vs Freudian psychoanalytic theory of paternal role in child's development & ability to separate, conference presentation, 29752
reversal of decision to allow parents to have mentally retarded child sterilized, case law, 27038
role reversals, children & their divorced parents, 11616
roles & cross cultural differences, parenting, 11629
roles & relationships with daughters, traditional vs teenage vs lesbian Black mothers, 14309
roles in resolution of adolescent oedipal issues & development of cohesive self, rabbi-tutor or coach-umpire as community parental surrogates, 909
satisfaction & adjustment & comfort with roles of father & single person, divorced or separated fathers, implications for social workers, 14303
SES & parent attendance at & instruction compliance during behavioral parent training program, family outcomes, families with noncompliant aggressive 2–15 yr olds, 1–3 yr followups, 20322
staff perception of etiology & parental role, program design & service delivery, autistic children & their families, literature review, 2494
stereotyped portrayal of Black mothers in literature, children, 1964–80, 6014
stereotyped portrayal of parents in popular fiction, adolescents, 6004
support group & related issues, 1st time fathers, 15323
time limited group therapy, role transition to 1st-time parenthood, couples, 17994
typologies of parental attitudes, 6232
validity of Kansas Parental Satisfaction Scale, married mothers & fathers, 28968
Parenthood Status [See Also Childlessness]
advantages & disadvantages of having child & expectations of significant other's response, 18–26 yr old females with 0 vs 1 vs 2 children, 29821
child-related attitudes & values & lifestyle adjustment, females who were voluntarily childless vs primigravida vs sterilized after having 2 children, 29823
developmental analysis of transition to parenthood, literature review, 3382
emotional & social maturity & education level & age at marriage & marriage duration & sequencing & timing of parenthood, marital disruption, married couples, 9001
motivations for motherhood, 21821
paid employment, health, females over vs under age 40 with vs without children, England, 31398
parenthood as coextensive with adult development, 29703
parenthood, time spent in paid employment, mothers vs fathers, 14327
parenthood, 28 yr old mentally ill son, 9305
partner's sex role & children, marital adjustment, 18–65 yr old Black vs White couples, 1023
perceived early family life & relationship with mothers & fathers, homosexual 22–62 yr old males who are vs are not fathers, 3644
role & sex & age & parental status, perception of childhood problems, clinical & school psychologists & teachers & parents, 3391
sex typing & division of labor, marital satisfaction & attitudes across transition to parenthood, wives in last trimester of pregnancy, 6-mo longitudinal study, 19714
sexuality & marriage & parenthood, mentally retarded people, 24833
social support network structure & perceived support, couples interviewed during 3rd trimester & 9 mo following birth of 1st child, 26985
stress due to arrival of child, primiparae & multiparae females & their male partners, Great Britain, 8978
valuation of childbearing & parenthood vs educational & occupational success, fertility decisions, voluntarily childless couples vs couples with children, Canada, 27012
voting frequency & parenthood status, need for evaluative data in decision to support new school program, voters without vs with children in or not in public schools, 24386
Parents [See Also Adoptive Parents, Fathers, Foster Parents, Mothers, Schizophrenogenic Mothers, Single Parents, Stepparents, Surrogate Parents (Humans), Unwed Mothers]
age & sex & rural vs urban environment, conformity to parents & peers, 14–18 yr olds, India, 882
age & sex of child & parental marital status, behavior problems, 2–17 yr olds in clinical setting, 30252
anxiety & depression & psychosomatic complaints & behavior problems, parents & siblings of 4.7–18.1 yr olds with end-stage vs progressive renal disease, 27549
anxiety levels, 6–16 yr olds with behavior disorders vs recurrent abdominal pain & their mothers vs fathers, 30405
attention & impulse control characteristics, biological vs adoptive parents of children with attention deficit disorder with hyperactivity, 30351
attitudes & characteristics, 24–53 yr old parents seeking joint custody & their 12 mo to 15 yr old children, 1-yr followup, 21843
attitudes & negotiating statutory child care with social services, mothers & fathers & children & siblings & social workers & foster parents, UK, 30868
BASIC interactive computer programs, analysis of reasoning about child's behavior in cry & supermarket problems, parents, 17070
behavioral characteristics & teacher interventions, children of alcoholics, 15920
behavioral style, objective vs parental rating of activity level, 4–8 yr olds, 3548
benefits of corporate response to family issues, 31477
biographical & social & cultural & psychological characteristics, paricide & matricide, males & females with mental disease, 9366
birthdays & holidays & weather phenomena, children's psychological & physical & behavioral anniversary reactions to death of family member, 4–17 yr olds & parents or guardians, 3501
"Caring for Your Aging Parent" short term group program, problem solving & coping strategies, adult children of aging parents, 17988
case worker's procedural ingredients, biological parents whose children enter foster care, 18186
characters of family stress induced by child's chronic illness & construct validity of long & short forms of Questionnaire on Resources & Stress, parents of 6–14.9 yr olds with cystic fibrosis vs renal disease, 30406
child abuse and Munchausen's syndrome by proxy, 16 yr old male & 8 yr old female with dwarfism, implications for forensic & family psychiatry, 4022
childhood development & parent-child relations, families with gay parents, literature review, implications for counselors, 21827
childhood parental death, mental illness, psychiatric inpatients, conference presentation, 17404
client preparation & problem severity, understanding & attitudes & expectations of child psychotherapy, 6–12 yr olds & 1 of their parents, 27763
cognitive abilities, parent-infant resemblance, infants & parents in biological vs adoptive families, 869
common law duty for support, parents of adult children with severe mental retardation or physical handicap, case law, 1040
communication skills programs, interpersonal processes, parents of 10–12 yr olds, 22473
community size & SES & sex & language background, sources of & preferences for childrearing information, parents of 5–14 yr olds, implications for marketing of parent programs, Canada, 22472

comprehension & preferences for short form vs psychoeducational report vs question & answer format of psychological reports, parents of learning disabled or retarded or gifted children, 28653
comprehension of information given by doctors, parents who are transmitters of genetically fatal diseases, 9634
construct validity of Child Abuse Potential Inventory lie scale, detection of conscious deception, male vs female college students vs 20–54 yr old parents, 8105
construction & test of theory of protection as explanation for interactions in sex education, parents of preschool children, 1018
contemporary fiction as adjunct to therapy, Black children & adolescents who abuse or whose parents abuse alcohol, bibliography, 28226
coping with childrearing from infancy to adulthood, blind parents & their sighted children, 17549
correspondence between child report & parent report of child's depression, 8–17 yr olds referred for psychiatric evaluation of depression, 11979
criminological factors, figlicide, insane mothers & fathers committed to psychiatric hospitals, Italy, 1970–80, 9373
death of adult child, mortality & psychological disorders, parents, literature review, 3788
decision against active treatment, emotional adjustment & marital relations & physical & mental health & decisions regarding future pregnancies, parents of deceased baby with spina bifida, 2–7 yr followup, 12190
demographic & personal & situational influences on current adjustment, 17–23 yr olds who experienced parental divorce or separation after age 12 yrs, 3498
demographic characteristics & parental death in childhood, predisposition to depressive disorders in adulthood, 1387
demographic factors, observed vs parents' reported safety belt use, parents & their children, Canada, 5031
demographic indices & response to stresses, parents of handicapped school age children, 27246
demographics & characteristics of child abuse, abusive parents, implications for school counseling, 27390
depression & anxiety & somatization & obsession-compulsion & interpersonal sensitivity & physical health, 19–64 yr old parents whose children died from accident vs chronic disease, 6449
development & construct & discriminant validities of Parental Locus of Control Scale, parents with vs without parenting problems vs with behaviorally or emotionally disturbed school age children, 28936
development & factor & item analysis of shortened version of Questionnaire on Resources & Stress-Short Form, assessment of stress & social support, parents of handicapped & mentally retarded & motorically & sensory impaired 8 mo–47 yr olds, 13460
development & validation of Home Musical Environment Scale, 2nd graders & their parents, implications for music education, 10789
development of checklist to assist parents in identification of gifted young children, parents & their children, implications for early intervention, 26247
development of divorce impact questionnaire, assessment of perceptions about children's reactions to divorce, parents of 3rd or 5th graders from disrupted vs intact homes, 10825
development of Feeding Interaction Report-Scale and Treatment, assessment of infant's oral motor performance & parent-child interaction, 2–20 mo olds & their parents, 5340
development of service delivery systems & partnership between professionals & parents, families of children with behavior problems & mental deficiencies & emotional disturbances, 11888
development of support group at work, adult children of aging parents, 5116
developmental transitions & age of mentally retarded offspring, stress, families of mentally retarded 7–25 yr olds, clinical implications, 24845
differences in perceived environmental stress, parents of children experiencing planned vs unexpected admission to intensive care unit, 15355
drug usage, 12–17 yr old psychiatric inpatients vs their parents, 27417
early parental loss or separation, development of depressive disorder, 18–65 yr old psychiatric patients suffering nonendogenous depressive episode, 6588
effectiveness of parent-to-parent support & education group, 45–56 yr old parents of 12–22 yr old daughters with bulimia or anorexia nervosa, 15044
effectiveness of Parents Anonymous self help group, parents who abuse their children, 17985
efficacy of brief psychotherapy, preschool age children & their parents, 1757
emotional adjustment, mothers vs fathers of children at high somatic risk due to alpha-l-antitrypsin deficiency, 5–7 yr followup, 27675
enrichment program developed by school & community action & parent involvement, gifted 1st–4th graders, 28521
estate planning for learning disabled children or adults, parents, 27475
evaluation & intervention techniques by school counselors, latchkey children, 31381
evaluation of family life program, improvement of relationship between adult children & older parents, 31–60 yr olds, 4405
evaluation of Pilot Parents peer support program, parents of handicapped & developmentally delayed children, US vs Canada, 28121
factors in reactions and recovery patterns exhibited & role allocation, families in which a parent has died, 24321
family & parental relations during childbirth, recidivism, male law offenders, India, 1414
family dynamics & psychopathology, 8–19 yr olds who abused their parents, 6643
family group treatment, parents & their autistic children, 12471
family stress levels & lifestyles, dual-earner families with preschool age children, 27018
fetal alcohol syndrome & child abuse & psychopathology & hyperactivity & juvenile delinquency & personality development, children of alcoholics, literature review, 6627
frequency of & reasons for contact & values & affection & relationship with one another, aged parents & their out-of-town adult offspring, 9002
grief reactions & intervention strategies following accidental death of child, parents, 14954
guidelines to facilitate integration of disabled & intact identities of congenitally physically disabled children, 1717
half amplitude recovery of electrodermal responses, 7–12 yr old children of parents with schizophrenia, 6499
health locus of control & anxiety levels, parents of children at risk for sudden infant death syndrome on apnea monitor at home vs hospital, 14867
helpful staff behaviors & coping patterns, parents of children in pediatric intensive care unit, 15373
helpful vs unhelpful social support attempts for bereaved, persons who lost spouse or child in motor vehicle accident 4–7 yrs earlier, #29959
history & functioning of parent consultant in pediatric oncology unit, consultant & parents of pediatric cancer patients, 15378
home environment variables & perceptions of self & parents & external authority, 6th & 8th & 10th & 12th graders, 24162
home intervention, parental coping behavior & number of hospital stays, parents & deinstitutionalized patients with chronic schizophrenia, 1-yr followup, 1979
identification of offspring as at high somatic risk due to alpha antitrypsin deficiency, attitudes toward self & toward having more children, parents, 20255
impact of parental divorce, 18–21 yr old college students, 29820
inability to tap thoughts & feelings & behaviors because traits are held in common with ambivalently loved parent, psychotherapy patients, 15008
incidence & diagnosis of depression, 6–17 yr old children of patients with bipolar depression, 14598
incidence of diagnosis of somatization disorder, parents whose children were abused or legally removed from home, 30248
incidence of parental psychiatric disorders & divorce & single parents & pathological parent-child relationships, psychotic & borderline adolescents, implications for treatment, 11901
information about terminal illness of parent, coping with anxiety, 6–16 yr olds, 8891

informational needs & actual information received regarding child's educational program, parents of severely emotionally disturbed & learning disabled & mentally retarded & multiply handicapped children, 2490
intergenerational transfer of farm land, 43–73 yr old parents & their 21–64 yr old offspring, 19713
internal consistency & temporal stability, Child Abuse Potential Inventory, at risk vs neglectful vs abusive parents, 13443
interparent agreement on Personality Inventory for Children, parents of behaviorally & emotionally disturbed 3–18 yr olds, implications for use of father as informant in psychodiagnostic assessment process, 16107
interpersonal & organizational & institutional roles of parents & role of health care professionals, self help groups, parents of children with cancer, 15074
interview assessment of grief process & support system & intrusion & avoidance, adult children seeking therapy after parent's death, 4309
laissez-faire childrearing patterns & problem-solving, parents, 6227
leadership & organization of self help groups for parents of children with cancer, parents/members & social workers & nurses & doctors & others in related helping professions, 15339
legal aspects of expert evaluations of parents' personalities in adjudication phase of child abuse hearing, psychologists or psychiatrists, 24361
legal considerations in disputes over parents' rights & state's ability to seek custody for child protection & best interests of child, 24379
literature as therapy, coping skills with parents, children of mentally ill parents, 30528
locus of control & self perceived competence & social support as personal & social resources, 7–18 yr old offspring of patients with bipolar affective disorder, 27345
maternal drug addiction, development & welfare, children, Denmark, implications for services for drug abusing families, 1439
mental health education & prevention workshop, parents & their 14–18 yr olds, 30860
methods of family discipline, 6th graders & their parents, Spain, 11625
MMPI responses, families of 12–18 yr olds entering psychiatric inpatient vs outpatient services, 17303
model of parental personality traits & other factors in child abuse, principles & techniques of intervention, 14732
nature of parent-child relationship, older parents & their 40–49 yr old offspring, 29713
neonatal care & interdisciplinary support group, parent interactions with their children & staff, parents of high risk neonates, 15245
neurological abnormalities, parents & siblings of schizophrenic patients, 30163
occurrence of anxiety unrelated to child's illness, parents of epileptic children, implications for need of clinician to be aware of familial neurotic response to illness, 22252
older parental leisure activity choice, expectations & leisure choices, adult children, 3546
operant procedure using parents as agents of change, increase in attention span, mentally retarded 2.9–4.9 yr olds, 9821
parent-child agreement on presence & severity of child psychiatric symptoms, 6–18 yr olds & their parents, 22044
parent-child interaction & methodological issues, visually impaired parents with sighted children, bibliography, 17693
parent involvement in behavioral treatment program, weight loss, obese moderately retarded adults, 9830
parent skills training, parents of children with special needs, literature review, 25398
parent training by school counselors, perceptions of children, parents & their 4–14 yr olds with behavior problems, 31330
parent training program, temporal generalization of treatment effects, parents, 3-mo & 3-yr followup, 30627
parental alcoholism, alcoholism & depression & antisocial personality disorder, opioid addicted adult offspring, 1434
parental alcoholism, incidence of child physical or sexual abuse or neglect, parents whose children were removed from home by court, 30266
parental cancer, coping skills & acting out behavior, 13–17 yr olds in family therapy, case reports, comments on article by D. K. Wellisch, reprint, 25164
parental cancer, coping skills & acting out behavior, 13–17 yr olds in family therapy, case report, reprint, 25208
parental characteristics & child behavioral adjustment, 6–11 yr old males in joint vs maternal custody, 29743
parental collaboration in development of Parental Coping Scale, measurement of ways of coping with birth of chronically disabled child, parents of 2–12 mo olds with vs without Down's syndrome, 23423
parental divorce, physical & mental health status, 5th graders & their parents, implications for school-based special services providers, 18636
parental etiology, schizophrenia, 19978
parental psychopathology & influence & marital adjustment & family environment, firesetting & antisocial behavior, hospitalized 6–10 yr olds identified as firesetters & their parents, 30281
parental rearing behavior & attitudes as measured by Swedish inventory, parents, Australia vs Denmark vs Hungary vs Italy vs Netherlands, 29815
parental reimbursement for placement of child in private special education settings, parents & their handicapped children, case law, 14357
parental stress & adjustment, 24–35 yr old divorced or divorcing parents, 3603
parent/child discrepancies in reports of children's behaviors, 26–47 yr old parents with major affective disorder vs their 7–17 yr olds, 17370
parenthood, 28 yr old mentally ill son, 9305
parenting experience & sex of parent & child, reactions to risky & annoying behaviors, 22–45 yr old expectant parents vs parents, 27000
parents as cotherapists in Think Aloud social cognitive problem-solving program, problem solving & adjustment, 8 yr old aggressive & 9 yr old impulsive males & their parents, 9780
parents, cognitive & affective & social development & motivation for achievement, gifted preschoolers, 26788
parents' Type A behavior pattern, children's Type A behavior development, families with 4th–6th grade males vs females, 21795
participation in self help group, parents of children with cancer, 4372
performance on 16PF, male vs female agoraphobic vs non-agoraphobic parents & their families, 19963
personality characteristics, parents of asthmatic 6–10 yr olds, 9498
personality dimensions of neuroticism & social desirability, male vs female delinquent vs nondelinquent adolescents & their parents, 27398
platelet MAO activity & psychiatric disorder in probands, predisposition to bipolar affective disorders & reactive depression & alcoholism, parents & siblings of probands, 22137
presence of diagnosable characteristics, depressed 7–17 yr old children of parents with unipolar & bipolar affective disorder, 14615
primary prevention group therapy program, children of alcoholic patients on unit in psychiatric hospital, 25595
program with daily parental oral reading, vocabulary & verbal comprehension, nursery school children, 18501
psychological consequences of life changes, female vs male kindergartners to 2nd graders & students entering junior or senior high school or entering or leaving college & newlyweds & new parents, longitudinal studies, 17015
psychological distress & physical & health & behavioral problems & health risk factors, children of parent in remission or continuance of unipolar depression, 1-yr followup, 17315
psychopathology vs social psychology vs social situational vs cultural models, explanations of frequency & severity & causes of child abuse, abusive parents, Canada, 17492
psychotherapeutic stimulation of reverie & visitation of parental grave, denial of parent's death during childhood, adult offspring, 4367
punitive vs nonpunitive disciplinary techniques of parent or caretaker, subsequent rule following, preverbal children, 29570
reactions to death of adult children, aged parents, implications for social work practice in addressing grief, 28108
reanalysis of regression coefficient of offspring IQ on parental IQ & need for caution in estimating coefficient from restricted sample, comment on findings of C. Benbow et al, 191

reliability & factor structure of Mother-Child Relationship Evaluation, assessment of parenting attitudes, mothers & fathers, 23492
reported life events, adolescent psychiatric patients & their parents, 14539
respite care intervention & stress reduction, child abuse & neglect, parents under stress, 25442
rewards for parents, safety seat use, children, conference presentation, 22504
role of human services profession as information agent, parents & significant others of people with handicaps, 15260
role of parents & school, career aspirations & achievements & development, adolescents & young adults, implications for occupational guidance, 31362
role of Parents Anonymous, assisting acceptance of community services, abusive parents, 30856
role of primary caregiver to older frail parent, 26–69 yr old sons vs daughters, 29833
self rating of adequacy & life satisfaction & perceptions of parents by normal offspring, parents of handicapped children & their normal college student children & college students with vs without handicapped sibling, 1673
self reported alcohol use & peer & parental use & tolerance of deviance & emotional maladjustment & self derogation, male vs female 7th vs 10th graders, 19679
sex & sex role attributes, perceptions of intimacy & marital relationship following birth of child, couples, 1011
sex differences in parental models & ideals, development, adolescents, 14125
sex differences, ratings of interactions with mothers &/vs fathers, 1st-yr college students & their parents, 14319
sex role self concept & attitudes, marital satisfaction & personal adjustment, dual-worker couples with preschool children, 3584
shared care & rehabilitation & permanent separation as access plans, parents & their children in foster care, 30844
sharing of human leucocyte antigens, parents of children with autism, 6607
simulated situations of distress vs joy, preference for parents vs caretaker vs teacher vs peers vs siblings, 3–10 yr old kibbutz children, Israel, 11511
social support network structure & perceived support, couples interviewed during 3rd trimester & 9 mo following birth of 1st child, 26985
sources of stress & respite care programs, parents & siblings of intellectually handicapped children, 22200
technique for obtaining ratings of bipolar temperament, exceptional infants, 1696
termination of parental rights due to alcoholism or mental illness or mental retardation, case law, 27042
The Compassionate Friends self-help group, adjustment & bereavement after child's death, parents, 4613
therapeutic issues, parent-child relations & communication, hearing children of deaf parents, 9773
time limited group therapy, role transition to 1st-time parenthood, couples, 17994
toy requests & age & sex differences, toys received from parents at Christmas, 9–76 mo olds, 19653
traveling costs & other factors, visitation of newborns in prolonged intensive care, inborn vs out-of-town parents, 6-mo longitudinal study, 10084
unique features which emerge in analysis, 40 yr old son of deaf mute parents, 15030
utilitarian resources & energy or morale & beliefs & social support as coping resources, depression & family relations & locus of control & marital adjustment, parents of mentally retarded children, 4062
utilization of behavior modification by parents, aggressive behavior, children, 12508
validity of General Behavior Inventory, diagnosis of cyclothymia, 15–21 yr old offspring of bipolar patients, 26222
value of support group, parents of anorexic children, conference presentation, 25457
vocabulary development, prediction of later academic & linguistic achievement, 4 yr old deaf children of deaf vs hearing parents, 4145
waiting list contingency & reward, appointment keeping, parents of children in outpatient pediatric psychology clinic, 22673
4 phases of family grief reactions to death of terminally ill child, clinical intervention during postdeath mourning, 25200

Pargyline
clorgyline &/vs pargyline, apomorphine-induced stereotypy & spiroperidol binding, rats, 29394
neonatal administration of pargyline vs desmethylimipramine followed by 6-hydroxydopamine, norepinephrine & dopamine induced hyperactivity, rat pups, 26718

Parietal Lobe [See Also Somatosensory Cortex]
anterior insular gustatory neocortex lesions, taste reactivity & discrimination & aversive learning, male rats, 21451
cognitive capacity & cerebral lateralization & structural basis of amnesia & disorders of reaching due to parietal lesions, human vs nonhuman primates, literature review, 5649
comparison of neuronal mechanisms involved in delayed response, prefrontal vs parietal areas, monkeys, 19316
contralateral lesions of parietal lobe, unilateral visual neglect & wave P300, 49–80 yr olds, 14862
gustatory neocortex, learning & retention & extinction of alcohol aversion, rats, 21446
lesions to orbitofrontal vs somatic gustatory vs anterior insular gustatory vs posterior insular neocortex, conditioned taste aversion & taste potentiated odor aversion learning, male rats, 3259
local cooling of parietal or frontal or motor cortex, EPs in pulvinar or lateral posterior or medial dorsal thalamic nuclei, cats, implications for functional organization of corticothalamic system, 29291
neonatal parietal vs frontal & parietal lobe lesions, cortical morphogenesis & behavior assessed by maze learning & sensorimotor task performance, rats, 23921
occipital vs parietal lobe lesions, identification of primary visual cortex, monkeys, discussion of 19th century research by D. Ferrier & H. Munk, 23917
origin of vestibular dysfunction, cats with unilateral lesions of parietal lobe & subcortical areas, 5810
parietal lesions, parietal hemineglect syndrome & motor deficits, monkeys, 13922
performance on visual letter string matching, left- vs right-parietal lesion patients, implications for reading disorders, 22257
reversals in object manipulation following parietal lobe infarction, 70 yr old mixed manually dominant male, 14825
sensorimotor interactions, primary somatic sensory cortex & area 5 of association cortex, monkeys, 8403
syntactic primes & subsequent lexical decisions, EPs at frontal & temporal & temporoparietal sites, right handed college students, 26520

Parkinsons Disease
age & incidence of drug-induced parkinsonism, psychiatric patients over vs under 40 yrs old being treated with haloperidol, followup study, 18083
angiotensin converting enzyme activity in CSF, patients with Alzheimer's or Parkinson's disease or supranuclear palsy, 1675
behavior vs environmental pesticides as etiology, Parkinson's disease, 17618
bilateral thalamic surgery, rapid speech rate, 45 yr old patient with Parkinson's disease, 7316
bromocriptine mesylate dosage levels, patients with moderate to severe ideopathic Parkinson's disease, 15173
bromocriptine, patients with Parkinson's disease who were resistant to levodopa therapy, 22596
cholecystokinin immunoreactivity in CSF, patients with Parkinson's disease & unipolar & bipolar depression & schizophrenia, implications for dopamine theory of schizophrenia, 14566
clinical patterns & evidence for existence of subgroups, ideopathic Parkinson's disease patients, 1674
clozapine vs fluperlapine, 64–80 yr old patients with Parkinson's disease & drug-induced psychosis, 25322
Comprehension & Similarities & Vocabulary subtests of WAIS & verbal fluency test, assessment of frontal lobe impairment, Parkinsonian vs left or right frontal lobe damaged patients, 24943

concentration of neuropeptide Y in cortex & hippocampus & activity of dopamine beta-hydroxylase & concentration of somatostatin, Ss with Parkinson's disease, 14788
concept of subcortical dementia associated with Huntington's & Parkinson's disease & progressive supranuclear palsy, 9552
cortical cholinergic levels & cognitive impairment, postmortem study of 62–92 yr old patients with Parkinson's vs Alzheimer's disease, 6838
CSF & plasma levels of beta-endorphin & beta-lipotropin & ACTH, 34–71 yr old males with Parkinson's disease treated vs untreated with levodopa, 22567
degeneration of dopaminergic neurons of nigrostriatal bundle, animal models of Parkinson's disease, literature review, 17704
depletion of methionine- & leucine-enkephalin & cholecystokinin-8 & substance P, development of parkinsonian symptoms, 1506
depression symptomatology & biochemical correlates, patients with ideopathic Parkinson's disease, 27621
diagnosis by computerized axial tomography & response to L-dopa, 40 yr old male with major depressive disorder complicated by carbon monoxide induced parkinsonism, 1314
dihydroergokryptine, cerebral bioelectrical activity & symptom severity & side effects, Parkinsonian patients, 22584
disability in & prevalence of Parkinson's disease, UK, 27670
discrimination learning task performance as indicator of cognitive ability, 37–83 yr olds with Parkinson's disease vs without CNS dysfunction, 17585
distribution of 9 neurochemicals in caudate nucleus & putamen & other brain areas, rats & deceased 56–88 yr olds with Parkinson's & Alzheimer's disease, 16426
dopaminergic treatment, sleep disturbances, 40–71 yr old Parkinson's patients, 1908
ECT, motor activity & affective state, 73 yr old female with Parkinson's disease & dementia & major depression, case report, 30537
EMG RT of left vs right finger extensor muscles during wrist extension movement, patients with Parkinson's disease & asymmetrical neurological signs, 20267
gross motor RT & speed of internal cognitive processes, 54–73 yr olds with Parkinson's disease, 24917
hobbies & transport, 47–86 yr old patients with Parkinson's disease, 22301
homovanillic & 5-hydroxyindoleacetic acids & 3-methoxy-4-hydroxyphenylglycol levels in lumbar CSF, patients with Parkinson's vs Alzheimer's disease, 6775
immunocytochemical labeling by monoclonal antibodies of Lewy bodies on substantia nigra sections, postmortem Ss with Parkinson's disease, 24918
impact of dopamine system, Parkinsonian movement disorders, literature review, 17665
intellectual & neuropsychological function impairment, Parkinson's disease patients, literature review, 6834
intellectual impairment & presence of motor deficit & cerebral atrophy, patients with Parkinson's disease, 4114
interaction of levo-prolyl-levo-leucyl-glycinamide & its analogs with levodopa, rats with chronic unilateral lesions of nigrostriatal dopamine pathway as model for Parkinson's disease, implications for drug therapy of parkinsonism, 16584
levodopa & carbidopa, monocular visual evoked potential latency, 44–86 yr olds with parkinson's disease vs arteriosclerotic Parkinsonism, 25328
levodopa with carbidopa, amelioration of levodopa-induced side effects & blood amino acid concentrations, patients with advanced Parkinson's disease, 30704
levodopa with or without maximal dosage of bromocriptine, patients with idiopathic Parkinson's disease, 1925
lymphoblastoid lymphocytes sensitivity to X-ray irradiation, 31–72 yr old patients with Parkinson's vs Alzheimer's disease vs amyotrophic lateral sclerosis vs multiple sclerosis, 24969
mechanisms of neural metabolism of 1-methyl-1-4-phenyl-1,2,3,6-tetrahydropyridine, brain tissue of adult monkeys, implications for Parkinson's syndrome, 26505
mesolimbic dopamine system & pigmented neurons in ventral tegmental area contralateral to therapeutic surgical lesions, brains of 52–70 yr olds with Parkinson's disease, 20258
N-methyl-4-phenyltetrahydropyridine & other environmental toxins, elicitation of Parkinson's disease, 22331
naloxone dyskinetic movements following levodopa administration, 52 & 64 yr old males with Parkinson's disease, 15185
neuroleptic-free treatment with vs without ceruletide, cholecystokinin octapeptide levels in CSF, patients with Parkinson's disease vs unipolar vs bipolar depression vs schizophrenia, conference presentation, 20399
neuropsychological basis of cognitive impairment, patients with idiopathic Parkinson's & Alzheimer's disease, 14806
olfactory recognition deficit, patients with Alzheimer's vs Parkinsonian vs alcoholic dementias, 12182
premorbid personality, patients with Parkinson's disease, literature review, 4207
prevalence of prescription of trihexyphenidyl & levodopa & amantadine, neurological vs psychiatric patients, Czechoslovakia, 7251
psychological & social aspects of Parkinson's disease as chronic illness, literature review, 22240
psychotropic medication, 52–64 yr old patients with Parkinson's disease & severe pain, 20414
reaction time in processing proprioceptive information, patients with Parkinson's disease, 9537
regional cerebral blood flow & dementia, patients with Parkinson's disease, 20155
remote memory for personal & public events over 50 yrs, patients with Alzheimer's disease vs Parkinson's disease vs focal brain trauma, 17660
right vs left hemisphere dopamine deficit, cognitive functions & mood, patients with depression caused by Parkinson's disease, 17306
serotonin & 5-hydroxyindoleacetic acid levels in CSF, patients with Parkinson's vs Alzheimer's disease, 22342
spin lattice relaxation time obtained during nuclear magnetic resonance imaging of brain, patients with idiopathic parkinsonism with vs without dementia, 30359
target separation & size, information processing capacity during movement selection & execution, 53–70 yr olds with Parkinson's disease, 14900
temporary levodopa withdrawal, outcomes, Parkinson's disease patients, 1-yr longitudinal study, 22562
utility of nuclear magnetic resonance imaging as diagnostic tool, Parkinson's disease patients with vs without dementia, 30360
1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine & 1-methyl-4-phenyl-pyridinium ion & Paraquat, parkinsonian symptoms & brain dopamine, frogs, 16552
1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, formation & retention of F-dopamine, asymptomatic Ss, implications for cause of Parkinson's disease-590 05, 22233
Parks (Recreational) [See Recreation Areas]
Parochial School Education [See Private School Education]
Parole
interagency team approach & mental health referral criteria, preparole mental health evaluation program, mentally ill offenders & correctional & parole board referring staff, 15435
legal admissibility of confession in noncustodial setting due to ruling in lack of applicability of 5th amendment & Miranda warnings in conferences with parole officers, parolees, 24381
rates of nonrecidivism & avoidance of crime following completion of prerelease treatment program, alcohol & drug dependent offender program graduates vs prison parolees vs program dropouts, 30987
supervised parole or probation, rehabilitation & counseling, juvenile delinquents, 4689
Parole Officers
extent & intervention of job burnout, probation & parole officers, 7880
perceptions & causes of job stress & burnout, probation & parole officers, 15960
Parolees [See Parole]
Parsons [See Ministers (Religion)]
Partial Hospitalization
aims & advantages of psychiatric day hospitals, children, 12722
alcoholism treatment, patients in partial vs inpatient hospital settings, 28236
assessment of beneficiality of occupational therapy activities in psychiatric day care, middle aged ex-day-unit patients, 18284

client characteristics, prediction of treatment outcomes, adolescents & young adults discharged from specialized residential & day treatment facility for behavior disorders, 2–4 yr followup, 18268
community-based day treatment program, delinquent adolescents, 2131
day hospital as therapeutic community, psychiatric patients, 7399
day hospital-inn as alternative to hospitalization, psychiatric patients, 10088
day hospital team vs referral source, needs assessment, elderly patients, 2093
day hospital vs psychiatric hospitalization, treatment outcome, psychiatric patients with neurosis or personality disorder or adjustment reaction, 22713
day hospitalization at Massachusetts Mental Health Center in vs intensive care unit, psychiatric patients, implications for deinstitutionalization, 25467
day treatment, mentally disordered children, literature review, 25533
day treatment program & client characteristics, alcoholic patients, 25590
demographic & psychosocial characteristics, decision to dropout of vs remain in vs refuse membership in day care psychosocial rehabilitation program, chronically mentally disabled 20–55 yr olds, US, 25561
denial of license to partial hospitalization program due to lack of accreditation, case law, 1047
evaluation of day hospital as entry point to long term psychiatric services, adult patients, 30944
historical background & developments in psychiatric day care, 18283
history & program planning development at St. Marys Day Health Center, 18272
home intervention, parental coping behavior & number of hospital stays, parents & deinstitutionalized patients with chronic schizophrenia, 1-yr followup, 1979
identification & referral procedures & contraindications for day hospital treatment, psychiatric patients with neurosis or personality disorder or adjustment reaction, 22712
marketing strategies, ambulatory geriatric health care program participation, elderly, 2730
multiple-impact therapy, pre-intake evaluation at day treatment program, emotionally disturbed 3–12 yr olds & their families, 15071
necessary conditions for integration into regular school environment, psychotic children in day hospital, 20776
need for & characteristics of day hospitals, children, 4672
opening of geriatric psychiatry day hospital, referrals to inpatient service & other effects, patients over age 65 yrs with organic brain syndromes, Scotland, 7404
organization of time spent on ward & usefulness of time spent outside of hospital, patients in psychiatric day hospitalization, 2124
part-time treatment in day hospital, young middle-class patients with psychoses, France, 10085
partial hospitalization as alternative to inpatient care, 25510
partial hospitalization program, psychiatric patients with minimal brain dysfunction, 18266
predictive factors, outcome of psychogeriatric day care, elderly patients, 10017
psychiatric day care center, Belgium, conference presentation, 4642
psychiatric day hospital services following legally mandated deinstitutionalization of psychiatric patients & mentally handicapped, UK, 10097
psychometric & demographic & psychiatric assessment, factors associated with psychiatric day center underattendance, clients, 18237
role in day unit of hospice, occupational therapist, 2091
role of day center in provision of social network, chronically mentally disturbed patients living in community, 4632
structural vs systems family therapy in day treatment setting, 9–14 yr old severely disturbed boys & their parents, conference presentation, 9768
task-oriented group participation, 21–34 yr old acutely psychotic patients in day hospital program, 30946
time-limited crisis treatment in day hospital program, subsequent utilization of medical or psychiatric services, psychiatric patients, 2-yr followup, cost-saving implications, 25479

Partial Reinforcement [See Reinforcement Schedules]

Partially Hearing Impaired

academic motivation to improve English writing skills, hearing impaired college students, 2514
acquired deafness & use of sign language, social networks, deaf & hard of hearing adults, 12750
acquisition & assessment of language comprehension skills, young normal hearing vs hearing impaired children, 24968
age & sex & degree of hearing loss & reading ability characteristics, frequency of referral for disciplinary action, deaf high school students in residential schools who engage in classroom disruptive behavior, 13034
aging, response criteria in speech recognition tasks, 18–40 vs 65–75 yr olds with normal vs mildly impaired hearing, 27562
analysis & remediation of written language, hearing impaired children, 25020
attributions of academic success & failure, hearing impaired college students, 10509
audiological vs 2-interval forced-choice procedures, measurement of pure tone audibility thresholds & response bias, normal hearing vs hearing impaired 17–83 yr old listeners, 20201
auditory training, speech perception & comprehension, hearing impaired 1st–3rd graders, 4926
bilateral otitis media with effusion & hearing loss, IQ & verbal comprehension & expression & reading ability & behavior problems, children diagnosed at age 5 yrs & followed up at ages 7 & 11 yrs, 17670
body vs ear level hearing aid, social interaction & attitudes, hearing impaired children, literature review, 1687
click-evoked auditory brain stem responses in selection of hearing aid, hearing impaired 41–68 yr olds, 20440
clinical masking level, cross hearing from nontest ear during acquisition of auditory brain stem EP, adults with unilateral hearing losses, 14906
cooperative vs individualistic learning environments, achievement & interpersonal attraction & instructional interaction & attitude, partially hearing impaired 3rd graders, 7713
correlational analysis of WISC-R & Raven Coloured or Standard Progressive Matrices, hearing impaired 6–16.5 yr olds, 2569
counselor's training & experience & similarity, willingness to see counselor, 16–37 yr old hearing impaired college students, 31327
criterion design evaluation of treatment to increase recognition of similes, hearing impaired college students, 31300
definition & prevalence & school program availability & teacher training & program standards, multihandicapped hearing impaired students, literature review, 10286
demographic & handicapping & achievement factors, academic integration, hearing impaired students 8 yrs & older, 2485
development of auditory pursuit tracking as screening test, measurement of occupational hearing loss, male 16–21 yr olds with congenital blindness vs college students vs 37–54 yr old workers with noise-induced hearing loss, 21001
development of visual speech training aid for vowel acquisition, hearing impaired, implications for differentiation of male vs female vs child utterances, 20435
diagnostic school readiness test battery, hearing impaired & deaf 5–9 yr olds, East Germany, 18630
dialogue journals & teacher-student interaction, language & think skills acquisition, hearing impaired students, 28575
diotic loudness summation, cochlear impaired listeners, 4138
evolution of communication therapy program, hearing impaired children & adults, 15217
facial hair, speechreading, hearing impaired high school students, 6806
family behaviors & interaction, reading & mathematics achievement, hearing impaired 10–12 yr olds, 1524
formant bandwidth & auditory frequency selectivity, detection of place of articulation in stop consonants, Ss with moderate hearing impairments of cochlear origin, 22334
free choice writing activities, amount & content & form & purpose of writing, hearing impaired kindergartners, 28529
frequency & masker level & masking bandwidth, binaural masking level difference, cochlear-impaired listeners, 1566

frequency response curves, performance of hearing aids, hearing impaired patients, 9977
functional language program based on characteristics of standard early language environment, language ability, hearing impaired 10–12 yr olds, 7690
functional vs coupler vs probe tube measurements of hearing aid gain, hearing impaired Ss, 27727
grammatical exercises, learning verbal material, hearing impaired 7–8 yr old students, 10508
individual skill & assessment situation as factors in study of coding strategies, patients with communication disorders & hearing impairment, 12269
infant identification program for identifying hearing loss using high risk hearing register, newborns, 12194
interaction with caregivers & language acquisition, hearing impaired children, 24928
interpersonal distancing behavior, hearing impaired vs normal hearing 1st–3rd graders, 13083
item response patterns on reading comprehension test, hearing impaired students with mean age of 13.6 yrs, implications for testing & educating hearing impaired students, 2553
language acquisition in terms of syntax & semantics & use, 3–5 yr olds with severe to profound hearing losses, 9609
levels of interaction in teacher pupil discourse, teacher & hearing impaired students in special class, 2532
listening to audiotape enhancing empathy vs providing information, attitudes toward hearing impaired elderly, college students, implications for inservice training, 24505
magnitude estimation procedure vs speech discrimination performance, differentiation of hearing aid quality, 23–77 yr old hearing aid users, 1567
Main Channel project, speech & language & auditory skill development, severely to profoundly hearing impaired bilingual/bicultural inner-city preschoolers, 15218
major influences on quality of life, 54–96 yr old prevocationally deaf vs later onset hearing impaired females, 14868
matching of signed & spoken message, mothers of hearing impaired 4.5–6 yr olds, implications for parent training, 20251
microprocessor-controlled speech pattern tests using synthetic speech, assessment of development of ability to process speech contrast of increasing complexity, 7–14 yr olds with hearing impairment Ss brain stem disorders, 24912
minimum certification requirements for teachers of hearing impaired, survey of state departments of education, 2311
model of speech development, hearing impaired children, 24889
modeling instruction & behavior rehearsal social skills training, nonverbal interpersonal communication skills, male speech & hearing impaired 29 yr old, 28217
monaural hearing aid fitted for right vs left ear, dichotic test results, high-frequency hearing impaired 31–64 yr olds, 30841
monaural vs binaural tone pips & stimulus frequency, binaural interaction component of auditory brain stem response & masking level difference, normal-hearing 24–67 yr olds vs 58–66 yr olds with severe high-frequency hearing loss, 29270
music, improvement in speech rhythm, schools for hearing impaired, 2542
pantomimed administration of WISC-R, hearing impaired children, reply to criticisms made by J. P. Braden, 13420
pantomimed administration of WISC-R Performance scale, hearing impaired children, criticism of report by A. S. Courtney et al, 13401
placement guidelines for employment of vocational rehabilitation counselors, hearing-impaired job candidates, 2616
production & perception of aspirated vs prevoiced stop consonants, moderately deaf French speaking 12–20 yr olds, 9616
prolonged consonants using processing method, discrimination scores, congenital sensorineural hearing impaired children, 27629
psychological factors related to & teaching complexities of integration into regular classrooms, partially hearing children, 23050
ranking of desired properties of behind-the-ear hearing aids, hearing impaired 16–74 yr olds, 22615
reading interests, male vs female hearing impaired vs normal hearing 9–12 yr olds, 24993
recent legislation, hearing impaired individuals, 1549
reliability of revised form of Tennessee Self-Concept Scale, deaf & hard of hearing 12–21 yr olds, 18950
resource guide of tactile aids used for deaf & hearing impaired individuals, teachers & clinicians, bibliography, 2156
roles & responsibilities in meeting needs of hearing impaired children, medical officers & teachers & educational psychologists working together in teams, 23096
room reverberation & noise, speech discrimination, 60–69 yr olds with hearing impairment, 24909
segmental & prosodic speech characteristics, speech intelligibility, severely to profoundly hearing impaired speakers, 4169
self ratings of hearing ability in hypothetical listening situations, 18–101 yr old binaural vs monaural hearing aid users, 1975
semantic discourse & form & meaning, written language development, hearing impaired 10–15 yr olds, 27689
severity of impairment & age & SES & parent background, language & cognitive ability & psychosocial behavior & academic achievement, hearing impaired 5–18 yr olds, 17576
signal-to-noise ratio for speech reception threshold, hearing impaired listeners, 27651
single vs multiple certification, teachers of hearing impaired students, 2333
situations encountered in regular classrooms, hearing impaired children who rely on oral language as their main form of communication, review of research, 25879
size of consonantal repertoire & proportional occurrence of consonant-vowel utterances in samples of babbling, normally hearing vs hearing impaired 4–28 mo olds, 17676
social skills training, consumer-related interpersonal skills, hearing impaired 17.7–18.6 yr olds, 2162
sociometric tests & evaluations of school success & conduct & appearance of self & others, hearing impaired 6th–12th graders, 4967
speech reception thresholds & auditory discrimination functions for different frequency regions, 12–20 yr olds with severe hearing impairment & deafness, 24931
speech to children, mothers of 18 mo to 3 yr olds with Down's syndrome vs hearing impairments, 12242
story grammar project & writing process studios & educational environment, reading-writing-communication connections, primary- & intermediate- & secondary-level hearing impaired students, 28578
student & course & teacher characteristics, ratings of teachers & courses, hearing impaired college students, 7723
student race & severity of hearing loss, estimates of appropriate testing placement, hearing impaired students, 4971
successive processing & sequential memory of English language, deaf students, implications for development of speech & reading, 20768
symptoms & occurrence of tinnitus, hearing impaired patients, 1597
synthetic voiced stop consonants & initial noise burst &/vs format transitions cued place continua, identification frequency, normal hearing 18–30 yr olds vs hearing impaired 24–63 yr olds with speech perception problems, 30347
talker differences, speechreading performance, hearing impaired 15–17 yr olds, 9573
teaching methods for imagery of categories from interrogative words & for recall of some content words, hearing impaired children, 28579
techniques for understanding & factors affecting speech intelligibility, hearing impaired speakers, 24876
telephone listening conditions, discrimination in quiet environment, hearing aid users with bilateral mild vs moderately severe sensorineural hearing losses, 12746
threshold sensitivity & frequency specificity in auditory brain stem response audiometry, assessment of peripheral auditory impairment, difficult-to-test young children, 1543
timed vs untimed test administration, performance on SAT, visually & hearing impaired & physically & learning disabled vs nonhandicapped high school students, 25894
training or enhancement of vowel duration cue, improved final fricative voicing perception, hearing impaired college students, 28026
transmission of more information, improvement of problem solving & recall & use of long term memory, normal vs hearing impaired children, 27598

validity & reliability of Pictorial Self Concept Scale, hearing impaired 4–8 yr olds, 5297
vibrotactile sensitivity & stress pattern recognition, 26–32 yr olds with hearing impairment, 24885
visually presented VCV nonsense syllables, identification of visual phonemes, hearing impaired 22–62 yr olds, 4180
visually vs auditorily oriented residential vs day schools, vocal & verbal RTs in tasks of increasing phonetic complexity, 7–14 yr old hearing impaired students, 13072
vocal tension & harshness, partially hearing impaired 19.3–24.2 yr olds, 6903
word vs syllable training, production of target phonemes in trained vs generalization contexts, severely & profoundly hearing impaired 6.2–12.3 yr olds, 7299
writing & reading & art & through-the-air story production, literacy & writing development, hearing impaired 4.2–5.5 yr olds, instructional implications, 27545
writing workshops & topic selection processes, writing skills education, hearing impaired high school students, 28562
10- vs 25- vs 50-item word list auditory test with vs without pass-fail criteria, word recognition performance, hearing impaired adults, implications for test accuracy, 4192

Partially Sighted
congenital visual deficiency & infantile psychosis, blind or partially sighted children, 22005
prediction of employment success, partially sighted school leavers, 6904
utility of lap computers, partially sighted & blind persons, 24986
visual training, recognition & location of objects & eye-hand coordination, 6–12 yr olds with severe visual impairments, 4686

Participation [See Also Athletic Participation, Group Participation]
ability vs health vs peer group formation vs frustration-relaxation vs experiences vs self-knowledge, explanations for student participation-self esteem relationship, female college students, 2451
active involvement books & games, reading education, learning disabled students, 23077
anticipated social & material costs & benefits, willingness to support union action, union members, 28789
attitudes toward alcoholism & self help groups & type of alcoholism & intention to participate, prediction of participation in self help group, discharged alcoholic patients, 10169
attitudinal variables & demographic characteristics, participation in external undergraduate degree program, male adult students, 2416
classification system based on psychological benefits of participation, leisure activities, Ss aged 65 yrs & older, 3540
community participation & correctional goals in social defense programs, rehabilitation, released prisoners, India, 15433
construction of scale for assessment of patient participation in treatment & relationship to outcome, hospitalized patients with personality or schizophrenic or schizoaffective or major affective or conduct or adjustment disorders, 2866
cross cultural differences, participation in warfare, females, 3562
demographic & social history & program participation variables, residential care facility program outcome, 11–18 yr olds, 28154
demographic characteristics & knowledge of & attitudes toward animals, motivations for participation in birdwatching, birdwatchers, implications for wildlife management, 14497
effective teaching & student participation in classroom activities, mathematics achievement, female vs male 4th graders, 23018
ethical issues in engagement of nonattending family members in marital & family counseling, counselors, 12496
factor structure of deterrents to participation scale, assessment of factors in participation in organized adult education, 18–76 yr olds, 13130
incorporation of preferences in therapeutic decision making, satisfaction & service utilization, physicians & their patients, 15256
labor management relationship climate & participation in union activities, dual commitment to union & employing organization, managers & labor leaders & rank & file employees from municipal bus companies, 18753
marketing strategies, ambulatory geriatric health care program participation, elderly, 2730
model of risk factors & psychosocial variables, prediction of participation in worksite health promotion programs, state employees, 2645
participation in decision making, perception of decision as just, experimental Ss, 1110
participation in group problem solving as part of organizational program, attitudes & motivation, public-sector oil refinery employees, India, 23274
participation in self help group, parents of children with cancer, 4372
participation in senior center programs, Ss aged 61 & older, 10039
participative management, satisfaction & involvement in work life, employees, conference presentation, 15982
popular participation in rural development, India, 29771
programs for citizen participation in policy making, 24365
purpose of appraisal & expectation of validation, leniency of self appraisal in self reported classroom participation, college students, 31246
research participation as therapy, schizophrenic 26 yr old, implications for psychosocial rehabilitation, 2157
SES & participation in community organizations, life satisfaction, aged, 3387
sibship size, participation in skill development program, 5–16 yr olds living in low-income housing project, Canada, 22662
social units & participation, recreation activities, 29934
sociodemographic & behavioral indicators of participation in fishing vs hunting, 25-yr longitudinal study, 14524
sociodemographic characteristics, participation in nonconsumptive wildlife-oriented activities near home, surveyed Ss over 15 yrs old, US, 1980, 14521
types of participation & role models in goal setting, goal acceptance & satisfaction & performance, college students, 9104
work place socialization & situational adjustment theory, participation in labor management committees, workers, 13217

Parturition [See Birth]

Passive Aggressive Personality
maintenance of relationship with parents during patient aggressiveness & passivity, therapist-patient interactions, passive aggressive children, 27758

Passive Avoidance [See Avoidance Conditioning]

Passiveness
cognitive & motivational & affective deficits, passive failure in reading, elementary school students, implications for reading instruction, literature review, 28481
heroism & resistance vs accommodation & passivity, national identity, Jews, 26966
social disintegration & physical & interest passivity & opportunity to acquire drugs, legal &/vs illegal drug usage, adolescents, rural & semirural Norway, 24199
social isolation & issue of passivity, female alcoholics, 24772
user-initiated expansion of small units in public housing neighborhoods, low income housewives from working-class families, Israel, 24259

Pastoral Counseling
assessment of success of divorce & adjustment of structural matters, preparation of couples for 2nd marriage, pastors, 15066
church service illustrating holistic approach as part of hospital occupational therapy program, elderly mentally ill, 18261
clergy & religious communities as resources in mental health, Canada, 15307
clinical pastoral education & role in applied biomedical ethics, pastors, 25648
community pastoral counseling activities, traditional vs evangelical vs Black clergy vs pastoral counselors, 18228
contribution of V. Frankl to pastoral counseling, 2053
definition of pastoral psychotherapy, 25463
empirical research on religious counseling, literature review, 1974–84, 20501
existential theological themes in life, pastoral counseling interventions based on family therapy theories, illustrative literary examples & case materials, 15314
family change, implications for pastoral counseling, 1823
goals & objectives of clinical pastoral education course, medical students, 25679
integrative theoretical & practical analysis of group counseling in church, 7387

medical & psychological approaches to treatment & meaning of pain & suffering, pastoral care, persons in pain, 15327
need for training in moral counseling, pastoral counselors, 2050
needs assessment, development of clergy consultation service, 27–66 yr old clergy, 7391
pastoral counseling & faith development theory, 2049
pastoral counseling, guilt & self justification, 35 yr old female following out-of-wedlock pregnancy & self induced abortion, 2039
pastoral counseling vs psychotherapy, 1742
preference for treatment plans of Christian counselors, Christian vs non-Christian clients, partial replication & extension of study by S. G. Dougherty & E. L. Worthington, Jr., 7397
private pastoral counseling with vs without group therapy &/vs nonprofessional resources, therapeutic processes & self esteem, clients, 15319
psychoanalytic notions of transference & countertransference & theological concept of covenant, covenanting process in pastoral home visits, 15311
psychological analysis of human condition by E. Becker, implications for pastoral counseling, 2040
role in treating hospice patients & their families, chaplains, 30835
role of Bible in pastoral counseling, 2044
role of chaplain on health care team, pastoral care, 28 yr old male with terminal leukemia, case report, 28110
satisfaction & perception of hospital chaplaincy services, patients with diabetes & who had surgery, US, 25511
suggestions for counseling schizophrenics with religious disperceptions, pastoral counselors, 18225
Type A behavior & threat of death & fear of disability & changing of family roles & pastoral counseling goals, heart disease patients & their families, 25460
Pastors [See Ministers (Religion)]
Pathogenesis [See Etiology]
Pathology [See Also Neuropathology, Psychopathology]
developmental pathology, children, 3 case reports, 6463
8–10 vs 49–51 vs 84–86 days postintubation with roundworm eggs, behavior & pathology of brain & visceral organs, male mice, implications for etiology of disorders related to pica for dirt, 19377
Patient Attitudes [See Client Attitudes]
Patient Characteristics [See Client Characteristics]
Patient Education [See Client Education]
Patient History
clinical & historical & neuropsychological correlates of cerebral ventricular enlargement, schizophrenic 16–37 yr olds, 30157
clinical evidence of heart disease & risk factors & psychosocial factors, prediction of coronary artery disease, valvular heart disease patients, 6731
clinical pictures & background histories & common features of anesthetic ejaculation, 32–63 yr old patients, literature review, 4216
construction of life histories, determination of series of psychiatric "careers" leading up to institutionalization, psychiatric patients, 15399
demographic characteristics & psychiatric history, identification of suicide attempters vs completers, hospitalized females, 5-yr followup, 27457
faculty evaluation of medical students' patient history taking skills with observation vs write-up review, sophomore medical students, 31123
family health history & secondary & primary prevention & interaction of multiple risk factors, adoptees & nonadoptees, 25359
history of minimal brain dysfunction, neuropsychological performance, 16–26 yr olds with schizophrenia, 22102
history of physical & sexual violence, male & female psychiatric outpatients, 11938
information about 33 yr old male with aphasia resulting from stroke, labeling, experts on neurogenic motor speech disorders, 31067
informed consent & access & release of medical records, psychiatric patients, 15363
life events & state of liver, blood ethanol & acetaldehyde & urinary harman concentrations, alcoholics with vs without alcoholic relatives, 22182
life history & personality & perspective of critical psychology, analysis of personal history & therapeutic methods, 9752
life history & therapeutic psychoanalysis, 4353
medical history, prediction of IQ, brain damaged school age children, 6743
medical records data vs screening test, development of standardized procedure for identification of alcohol dependency, medical inpatients over 15 yrs old, 28161
need for history of illness to include "unlived life", patients, 17439
platelet MAO activity, drinking history & physiological states, 21–61 yr old hospitalized male alcoholics vs male psychiatric inpatients, 1415
preoperative obesity & psychiatric history, postoperative narcotic use for pain, adults who had abdominal surgery for obesity vs normal weight cholecystectomy patients, 7348
psychiatric & neurological & psychoeducational characteristics, death row inmates, conference presentation, 28201
psychiatric & social & criminal history, mentally ill offenders admitted to prison psychiatric unit, Australia, 18296
psychiatric pediatric institute structure, growth & education, 15 yr old male institutionalized since age 18 mos, 12706
psychosexual history, females with bulimia, 17544
rationale for existence of components of psychiatric & psychological written report in worker's compensation process, 29873
review of evolution of psychoanalytic concept of reconstruction of life events, patients, 12417
role of computerized medicopsychiatric histories in international unification of medical & psychiatric education & aid, 24077
social history & current symptoms & psychometric test results, differential diagnosis, military veterans with posttraumatic stress disorder vs antisocial personality, 14570
social worker's initial conceptualization of presenting complaints & behavior from minimal information, female 13 yr old crisis, 25454
stress conditions in life histories, diabetic patients, Nigeria, 4122
type of treatment & family heredity factors, academic performance, college students with typical vs latent schizophrenias vs schizoaffective psychoses, 9313
typology of medical history variables for classification of WISC IQ scores, brain damaged school age children, 6742
use of questionnaires in clinical practice as diagnostic screening tools of patient history, pediatricians, 25080
Patient Therapist Interaction [See Psychotherapeutic Processes]
Patients [See Also Geriatric Patients, Hospitalized Patients, Medical Patients, Outpatients, Psychiatric Patients, Surgical Patients, Terminally Ill Patients]
age & sex variables, patient preference, 17–56 yr old female nursing students, implications for quality of care, 25363
amount of drug therapy, nursing home patients, 20402
frequency of hypochondriasis & disease connection & psychological & somatic perception of illness & affective inhibition & disturbance & denial, 10–69 yr old dental patients in acute vs chronic pain, 30353
intellectual changes due to parkinsonism induced by self administration of 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, patients, 30467
materiality & comprehension & recollection & unconscious issues, ability to give informed consent to physician, patients, 24414
remotivation & group discussion sessions, patients & residents of care facilities, 30887
use of symptom list as normal practice & aid to care vs emotional disorder, patients, 25032
Patriarchy
feminist perspectives on patriarchal dominance, sexuality, females, 9076
Pattern Discrimination
achromatic testing for McCollough effects, decay of McCollough effects, adult Ss, 19076
apparent motion of dot patterns, short term visual memory, college students, 10998
apparent slant of moving vertical pattern horizontally across TV screen, 20–44 yr olds, 13549
central mechanisms underlying pattern vision, rhesus & Japanese monkeys, conference presentation, 3157
classification of multielement patterns by form & texture vs global & local shape, selective attention, 18–35 yr olds, 13562

commissurotomy, encoding of spatial patterns presented concurrently to 2 hemifields under maximal perceptual load, epileptic 30 yr old male, 14846
configurational effects & alternatives, perceptual discrimination, college students, 10927
contrast & orientation & binocularity, pattern EPs, adult Ss, 13593
contrast reversal of checkerboard pattern of variable check size & contrast, pupillary responses, adult female Ss, 13594
corneal reflection eye movement recording, measurement of pattern perception, infants, 3431
cortical lesions, retention of preoperatively learned brightness & pattern & form discriminations, cats, 26621
detection of appearance & disappearance in briefly interrupted complex visual patterns, groups with mean age of 20.3 vs 68.4 yrs, implications for neural model, 13584
development of mechanisms for analyzing visual inputs into bands of spatial frequency, 6 vs 12 wk olds vs adults, 11407
differently oriented lines in patterns, duration of fragmentary &/vs unitary afterimages, 19–27 yr olds with perfect vision, 214
discrimination of letters & random dot patterns, pigeons vs humans, 5534
expressive language ability & rhythm & pitch perception & vocal range & midpoint, mentally retarded 21–37 yr olds, 14762
factor analysis by semantic differential method & Imai transformation structure theory, pattern goodness, 16202
familiarization-novelty preference, pattern-line effect, 3–4 mo olds, 24148
flanking stationary patterns, suppression of perception of stroboscopic motion, 22–37 yr olds, 29036
hemispheric &/or hemiretinal differences in contrast sensitivity & oblique effect, adult Ss, 21091
interaction with immediate context information, perceptual representation, college students, 23556
local & global determinants of recognition of vector patterns under transformations, 22–51 yr olds, 2975
low-resolution eidetic image of flower patterns, discrimination between flowers with different shapes or patterns, bees, 3105
masking & spatial & spectral correlations, perception of 2 images combined, 29039
mental rotation, detection of symmetry in relatively simple patterns, male college students, 10925
monocular viewing of high contrast checkerboard that reversed in contrast at rate of 10 Hz, transfer of pattern electroretinograms from viewing to occluded eye, adult Ss, 13569
pattern complexity, reconstruction of patterns from memory, 16–31 mo olds, 11434
pattern contours & rule invariance & contour shape & rate, recognition of 8-tone auditory sequences, college students with musical training, 13601
pattern element discrimination, serial anticipation & pattern extrapolation, male rats, support for memory-discrimination model of serial learning, 29195
pattern orientation, time required in identification of line drawings of natural objects, college students, 26315
pattern structure & transformation, pattern perception, 4 mo olds, 16923
patterns consisting of elements of ascending sequence of tones presented in rapid alternation with elements of descending sequence, judgment of stream organization, college students, 13611
patterns with different line orientation & length, orientation sensitivity vs discrimination of different texture orientation at retinal locations, 17–35 yr olds, 237
psychopathology & neuroticism & hallucinatory predisposition, perceived visual patterns in changing random dot pattern, adults, 29046
quantification of temporal patterns derived from W. R. Garners principles of balance & progression & prediction of starting point selection, 23609
quantitative & structural factors in judgment of pattern complexity, college & graduate students, 26314
responses of striate cortex cells to gratings of increasing numbers of cycles centered on cells' receptive fields, cat & monkey, 13796
role of interstimulus interval in unconfounding stimulus duration & luminance in equating visibility of brief decrements, adult Ss, replication of study by W. A. Phillips & W. Singer, 23531
scaling of dot dispersion from directional rank order data, college students, 16254
selection of written phrase to match auditory tone pattern, 6th grade normal vs poor readers, 8743
size ratio & orientation & familiarity, matching of simultaneously presented patterns with respect to shape, adult Ss, 23555
small cue-response site separation, visual pattern discrimination, macaque & rhesus monkeys, 26414
spatial & energy relationships & feature similarity, perception of Glass patterns, 240
spatial frequency of high vs low pass filters, detectability of narrow bars & determination of grating sensitivity curves & contrast & sensitivity function, 8165
spatial frequency of pattern gratings, figure ground perceptual organization, college students, 26317
spatial vs temporal position vs eye-of-origin dimensions, selectively sensitive mechanisms of near-threshold pattern perception, 21086
split chiasm & fading procedures, interocular transfer of visual pattern discrimination, cats, 8507
stimulus variability vs similarity in lateral & pattern masking, visual accuracy in target identification, college students, 23539
tactual exploration of tangible pathway & spatial & movement-based techniques for encoding pattern information, blindfolded college students & blind 18–65 yr olds, 4159
temporality, tactual illusion of inward looping & changes in perceptual organization, experienced females, 23524
transient vs steady-state checkerboard pattern reversal, pattern electroretinograms & visual EPs, patients with macular & optic nerve lesions, 9562
unfamiliar random polygons, pattern discrimination on basis of longest lines vs complex local features, college students, 13577
variations in spacing & number of elements, perceptual salience of form vs material, college students, 21092
visual imagery, pattern processing mechanisms, adult Ss, 19073
visuomotor running patterns, visual pattern discrimination learning, rats, 19183
Pavlovian Conditioning [See Classical Conditioning]
Pay [See Salaries]
PCP [See Phencyclidine]
Peabody Picture Vocabulary Test
California Achievement Test as criteria, criterion-related validity of PPVT-Revised, elementary school students, 2588
concurrent validity of PPVT-R with Comprehensive Tests of Basic Skills-Form U, 6.3–11.4 yr old elementary school students, 7742
construct validity, PPVT-R as measure of general achievement, 6–11.9 yr olds, 113
effectiveness of Stanford-Binet Intelligence Scale vs PPVT-R as screening instrument for gifted children, 3.8–6.9 yr old preschoolers & kindergartners & 1st graders, 31334
norms for PPVT, 6–10 yr olds, Australia, 10557
performance on PPVT vs PPVT-R, 17.3–51 yr olds with developmental handicaps, 28922
reliability & validity of alternate forms of PPVT-R & relationship to WAIS-R, learning disabled 18.3–37.6 yr olds referred from state rehabilitation agency for evaluation, 29001
reliability & validity of PPVT revision, intelligence screening, 3.5–8 yr olds, implications for pediatrics & elementary education, 135
revised norms of Slosson Intelligence Test IQs vs PPVT standard scores, 30–89 mo old Black rural Head Start children, 20818
scores on PPVT-R & Wide Range Achievement Test, 71–175 mo olds referred for special education services, 7774
teacher's ratings of vocabulary & comprehension & mathematics & verbal intelligence vs scores from Progressive Achievement Tests & PPVT-R, 8.6–10.5 yr old students, Australia, 15938
validity of Reynell Developmental Language Scales & Stanford-Binet Intelligence Scale & PPVT, prediction of WISC-R scores 4–8 yrs later, 3 & 5 yr olds, 26246
Peace Corps
Peace Corps integrated experience-based program of language & technical & cross-cultural training, volunteers, 5043
Pearson Prod Moment Correl Coeff [See Statistical Correlation]
Pecking Order [See Animal Dominance]
Pederasty [See Pedophilia]
Pedestrian Accidents
multidisciplinary process of collection & interpretation of information on etiology of pedestrian injuries, 5–7 yr old males, 19874

overall road & public bus accident & pedestrian involvement rates & characteristics, Hong Kong vs Japan vs UK vs US, 5020
visibility while driving at night, motor vehicle & pedestrian involved traffic accidents, 28660
Pedestrians
driver expectancy & pedestrian clothing characteristics & detection criterion, nighttime pedestrian visibility, 20–58 yr old drivers, 2702
evaluation of conspicuity-enhancement techniques, pedestrians & bicyclists, 18691
presence of child vs adult pedestrians, vehicle speeds, automobile drivers, 10659
time-lapse photography vs theoretical gap analysis, study of cross flows in corridors, pedestrians, implications for design of facilities & exits, 10661
Pediatricians
attitudes toward childhood, pediatricians vs child psychiatrists vs residents before vs after training in pediatrics & psychiatry & child psychiatry, 28296
attitudes toward childhood, pediatricians vs child psychiatrists, comments on study by N. B. Enzer et al, 28273
completion of explanation slip upon unfulfillment of request, collection rate of blood samples from diabetic children, pediatricians, 28051
coping with multiple demanding roles, working mothers, implications for role of pediatrician, 29819
criteria used to assess quality of parenting in well-child visits for 3–24 mo olds, pediatric residents, 30822
difficulties in transition from consultant pediatrician to psychoanalytic psychotherapist, 2250
experience of vacuum extraction vs forceps delivery, females assessed during labor vs delivery vs immediate postpartum & their obstetricians & pediatricians & midwives, 9975
need for pediatricians with special training in developmental disorders & chronic handicaps, chairman of pediatric residency programs, 10218
self evaluation regarding adolescent medical & psychosocial problems & sexually active teenagers & pelvic examinations, pediatricians, implications for pediatric education, 31095
use of questionnaires in clinical practice as diagnostic screening tools of patient history, pediatricians, 25080
Pediatrics
appointment reminders & reduced response requirement, improvement of appointment keeping, hospital ambulatory pediatric clinic patients, 15093
attitude changes following association with pediatric nurse practitioner, pediatric residents, 15537
clinical rotation in day care centers, pediatric education in normal growth & development, health care students, 28278
computerized simulations for teaching pediatrics, medical school, 10189
consequences & assessment & experiences & management of pediatric pain, 9505
coping with physical & cognitive & emotional development, adolescents, implications for role of pediatrician, 11385
costs & prevention of medical/surgical pediatric hospital days by psychiatric treatment, children, 7423
development of rehabilitation services in pediatrics & military medicine & return to sports participation approach, handicapped, 2153
effectiveness & limitations of neuroleptic drugs, pediatric psychiatry, 9888
goal diagnosis of behavior problems in psychiatric consultation in hospital setting, reply to article by L. Sperry & A. Meyer, 18245
history & functioning of parent consultant in pediatric oncology unit, consultant & parents of pediatric cancer patients, 15378
hospital child life program, cognitive & emotional & social stimulation & anxiety & self esteem, long term pediatric patients in traction, 28133
model of J. F. Miller, nursing care of families with chronically ill & hospitalized child, case study, 22447
multidisciplinary community & pediatric hospital program, management of child abuse, West Germany, 30945
pediatric assessment of family history & boundaries & communication & establishing rapport & diagnosis, children with intractable asthma, 9663
pediatric psychosocial oncology, bibliography, 4108
pediatric residency program in rural primary care, medical residents, 25655
presence of child psychiatrist on daily rounds as method of teaching psychosocial pediatrics, pediatric house officers on rounds involving .1–19.5 yr old hospitalized patients, 31108
psychiatric liaison training, chart data & requests for psychiatric consultation vs attitudes toward psychosocial issues in case management & conferences, pediatric residents, 7528
psychosocial & medical issues in homosexuality, adolescents, implications for pediatricians, 14235
reasons for seeking urgent medical care for children, mothers & their children with mean ages of 5.3 yrs, 4594
referral from general pediatric to mental health services, case of 10 yr old female with enuresis, 22628
residency programs with vs without training & funding, performance on behavioral vs organic aspects of pediatrics in-training exam, medical residents, 10246
routine screening for victims of sexual molestation, 15–21 yr old males from adolescent medicine clinic, 6-yr longitudinal study, 15238
status of pediatric psychology & health care, children, 22631
university-based interdisciplinary training program in pediatric psychology, graduate psychology students, 15567
use of primary pediatric care during 1st yr of child's life, 13–17 vs 18–43 yr old mothers, 9967
utility of structured psychiatric interview for psychodiagnosis in pediatric practice, 7–11 yr olds & their parents, conference presentation, 25351
Pedophilia
forensic-psychiatric assessment, pedophile criminals, literature review, 6651
lithium vs oxyprothepine decanoate vs cyproterone acetate, males with pedophilia or exhibitionism or other sexually deviant behavior, 9874
sexually related role play & self report of behavioral assertiveness, incarcerated male rapists vs child molesters, 27441
spontaneous dissociations & hypnotizability, perpetration of sexual offenses, 17–35 yr olds convicted of rape or pedophilia or incest, 3968
theories of pedophilia, literature review, 1406
Peer Counseling
adolescent & teacher intervention group, school suicidal behavior, special education high school students & teachers, 23138
career development, 11th & 12th grade peer counselors in vocational counseling program, Canada, 23124
counselor & client personality traits & counselor expectancy biasing effects, college students, 15320
establishment of network in training & supervision, peer counseling program, college students, 20802
evaluation of Pilot Parents peer support program, parents of handicapped & developmentally delayed children, US vs Canada, 28121
extended family & local council & district hospital & specialized institutes in neighborhood mental health care delivery, Peoples Republic of China, 18181
identification & training of peer counselors, college student members & residents of fraternity or sorority houses, 25921
outreach social activities & school community liaison in peer counseling program, social & religious needs fulfillment, junior high & high school students, Canada, 23110
peer counseling in intermediate care facility for elderly, 69–96 yr old counselors, 12714
peer-led information processing group program, orientation & adjustment to high school, entering 8th graders, 23116
peer-mediated intervention, communicative interaction, language-delayed 3–4 yr olds with autistic-like behavior, 28539
peer-mediated intervention, increasing social behavior, blind & multihandicapped 9.3–11.6 yr olds & 3rd grade companions, 4-mo followup, 15115
peer network program, provision of social support & maintenance of cultural heritage, Chicano college students, 25899
peer support group, husbands & wives with spouse in nursing home, 30971
Pilot Advisory Group, personal problems from occupational stress, professional pilots, conference presentation, 13239

provision of training for native counselors & development of alcohol rehabilitation programs, 17–36 yr old Aborigines & Melanesians, Australia, 25584
Senior Actualization & Growth Explorations groups led by professionals vs peers, goal attainment & physical & mental health, 60–83 yr olds, implications for development of self help groups, 9808
time management peer counseling, grades, 1st yr college students on academic probation, 4836
university feminist & nonsexist peer counseling service, female college students, 23097

Peer Evaluation
age of rater & S, perceptions of child's aggression & withdrawal & peer ratings of behavior, teachers & 1st & 4th & 7th graders, 29756
anonymous peer review of psychological manuscripts submitted for publication, criticism of S. J. Ceci & D. Peters's study, 18404
classroom management using peer- & self-monitoring, disruption & nonparticipation during transition activities, 5–7 yr old special education students, 20772
deductive vs inductive experimental groups, judgments of observed peer teaching, preservice physics education students, 4820
definition & peer review formats, dynamic psychotherapy, 12868
evolution of Family Therapy Consortium & group peer supervision process, 17977
factor analysis & validity of Self Description Questionnaire vs peer rating of others' self concept, college students, 11821
health insurance peer reviews, ethics & confidentiality in psychotherapy, conference presentation, 18370
intelligence &/vs creativity of students, attitudes toward students assessed by sociometric questionnaire & peer assessment, 7th graders & their teachers, 4906
mathematical model of stochastic relations in social networks, structure of nominations of esteemed peers, mathematicians, 1130
medical care evaluation & education program, knowledge & clinical performance, physicians, 31085
micro-videoanalysis training system & peer evaluations to facilitate family therapy training, students in professional interviewing course, 28316
moderation of congruence, self rating vs peer rating of traits, college students, 3778
peer & teacher ratings & direct observation of social behavior, hyperactive vs nonhyperactive conduct disordered 7–13 yr olds, 14902
peer appraisal of attractiveness, self appraisal of attractiveness, 4th–8th graders, 6120
peer ratings of aggression & social acceptance & personal status ratings, concurrent prediction of behavioral & subjective adjustment, aggressive 4th–6th grade males, 8863
peer reactions to depression & life stress, male vs female 3rd–6th graders, 14233
peer review & mental health treatment report, psychotherapeutic processes & confidentiality, psychotherapists & their psychiatric patients, conference presentation, 18355
peer supervision in family therapy training, family therapy student supervisors, 12802
peer vs self evaluation, ratings of self confidence & competence, social partners, 11767
personality trait appropriateness as moderator, agreement between self & peer ratings, 18–30 yr olds, 9129
self esteem, rating bias in evaluation of peer oral presentation performance, college & graduate students, 19820
self vs peer vs supervisor performance ratings for simulated counseling interviews, 21–55 yr old graduate students, implications for training, 28302
sociometric nominations vs peer ratings, popular vs unpopular 4th–7th graders, 24173
sociometric status, behaviorally disordered vs nonhandicapped 9th–12th graders in regular classroom setting, 2536
theoretical orientation, peer reviews & evaluations of peer reviewers, staff members of college counseling centers, 4730
unanimous peer group opinion, report of line comparison judgment, college students, US vs Great Britain, 3682
views on peer review in psychotherapy, health insurance companies, conference presentation, 18378

Peer Relations
academic help seeking & perceptions of academic competence & social attractiveness & peer status in reading & math classes, 3rd & 5th graders, 25845
acceptance & isolation & rejection by classmates, mainstreamed 3rd–6th graders with behavior disorders & learning disabilities & mental & physical handicaps, 4960
adolescent development & object relations, susceptibility to post-traumatic stress disorder, Vietnam veterans who were adolescents during first combat experience & experienced death of member of peer groups, 27383
affection & intimacy & mutual influence & democratic treatments in relationship with mother, relationship with closest girlfriend, female high school students, 3504
age & position, perception of peer vs adult authority, male vs female 1st vs 3rd vs 5th graders, 21781
age differences in unilateral vs mutual patterns of interactions with friends vs mother vs father, 12–20 yr olds, 29706
age, evaluation of peer vs adult speaker ambiguous messages, 1st vs 4th graders, 19643
aggressive/assertive acts & peer & teacher responses, male vs female 18–36 mo olds, 6119
alcohol education program, compliance with peers in risky alcohol drinking & driving behavior, 9th graders, implications for health education curriculum planners, 2359
arguments & disputes, development of fluid small group social organization & relationships of authority & friendships, 1st graders, 14228
attitudes toward nonretarded vs mildly vs moderately retarded target child depicted with socially competent vs withdrawn vs aggressive behavior attributes, nonretarded 4th–6th graders, 8902
avoidant vs secure vs ambivalent attachment patterns, development of sociability & responsiveness to peers, 18 mo olds assessed at 2 & 3 yrs of age, 21775
behavior in social situations & heart rate & heart rate variability & pupillary dilation to cognitive tasks, inhibited vs uninhibited 21 mo olds, 3.5 yr followup, 26936
behaviors targeted for social skills training, children & adolescents, literature review, 9807
biological maturation & peer relations in socialization process, females studied from age 8–25 yrs, longitudinal study, 21669
birth order & age interval between siblings, patterns of interaction with sibling vs peers, preschool & school aged same- vs mixed-sex sibling dyads, 2nd followup study, 16969
brief school based cancer education workshop, knowledge of & attitudes & concerns toward peer with cancer, 1st vs 3rd vs 6th graders, 28650
changes in conversational skills & peer responses during social skills training, treatment outcome, unpopular 9.3–12.8 yr olds, 17980
character traits, interpersonal relations, college students, 2463
childhood behavior problems & peer rejection, juvenile delinquency & adult criminality & mental health treatment, school age children followed into young adulthood, longitudinal study, 1450
children & their teachers in Head Start classrooms, 23069
Children's Interaction Schedule, measurement of interaction skills, children, 2851
classroom experience assessed by academic & conduct & personal interactions with teachers & peers, self perceptions of ability & conduct & effort, 2nd & 6th graders, 15805
cognitive-developmental correlates of growth in peer skills, infants & toddlers, 21656
collaborative skills & academic group contingencies, achievement & cross-handicap relationships & voluntary use of collaborative skills, socially isolated & withdrawn 8th & 11th graders, mainstreaming implications, 31255
controversy vs debate in learning groups vs individualistic learning, relationships & attitudes, academically handicapped vs nonhandicapped 6th graders, 15794
cooperation in peer- vs teacher-involved language classes, language learning, 6–7 yr olds, 7623
cycle of popularity & interpersonal relations, females in middle school settings, implications for self esteem & adult friendship, 24175

day care intervention program vs newly formed peer groups, peer interaction, 14–61 mo olds who were physically abused vs normal vs neglected vs referred to child guidance clinic, 25413
degree of sexual activity, sexual attitudes & social practices & choices of popular singers, female 8–17 yr olds vs 21–22 yr olds responding about own adolescence, 1973–83, conference presentation, 11510
demographic & other characteristics, returnees vs nonreturnees to high school reunion 10 vs 20 vs 30 yrs after graduation, 27191
development & validation of Landau social emotional climate scales, assessment of instructional characteristics & teacher-pupil & pupil-pupil relationships, 13151
development & validity of Pseudoautonomy & Peer-Group Dependence scales, assessment of grandiosity & idealization, adolescent psychiatric inpatients & high school students, 28974
developmental trends of agonistic behaviors among friends & acquaintances, severely emotionally disturbed 21–31 vs 40–82 mo olds in intervention program, 17364
differential sibling interaction & peer characteristics, variance in sibling personality difference scores on Sibling Inventory of Differential Experience, 12–28 yr old biological vs adoptive sibling pairs, 29686
disruptive & aggressive & socially inappropriate behavior, 3rd–6th graders who are rejected vs neglected vs accepted by their peers, 11478
distinction between rough & tumble play vs aggressive fighting & chasing in class, friendships, 3.9–4.7 yr olds, 24231
emotional & social concerns at school & home & with peers, gifted 7–18 yr olds, 31280
ethnicity & gender & age, peer preferences, Black vs White vs Hispanic deaf vs hearing 3–5 yr olds, 22291
facial & full-length ratings of peer attractiveness, prosocial vs aggressive behaviors, male vs female 2.8–5.6 yr olds, 6153
female productivity & collegial relations & research style, male vs female sociologists & college teachers, 8-yr followup, 4818
first comfort figure & social sensitivity & loneliness with parents vs peers, male vs female 5th vs 7th vs 9th graders, 8869
frequency of global interactions & interpersonal distance, discrimination of emotional functioning, normal vs behaviorally disturbed male 6–8 vs 9–11 yr olds, 20025
friendship & peer relations & peer groups, early adolescents, literature review, 29742
general activity & social interaction & open hostile activity, male vs female 1st graders, 931
group social skills & problem solving training, conversation & peer relationship skills, shy 12–14 yr olds, 9806
inattentive classroom behavior by a student, likelihood of additional inattention by others, 1st graders, 25837
individual & group characteristics of prosocial interaction & person-group similarity, social status & peer popularity, male children in summer program for behavioral & social problems, 20072
individual characteristics & same vs opposite sex & newcomer to vs previous attendance at preschool, preferred vs nonpreferred social relationships, 40–48 mo olds, Italy vs West Germany, 3482
initial experiences with task failure vs success & observation of peers' task outcomes, achievement expectations, lower-class urban Black vs middle-class rural White male vs female 3rd graders, 2422
initiation & participation & demonstration & prevailing answers as variables in verbal disagreement, achievement & peer nominations of competence, 2nd–3rd graders in learning/discussion group, 15800
initiation of peer interactions, 3–5 yr olds, 6105
integrated vs nonintegrated special education preschool program, social play & motor & language skills & cognitive development, developmentally delayed 3–6 yr olds, 4945
interactions with spouse vs same-sex best friend vs best colleague vs best neighbor, males vs females, 19800
interpersonal relations, hospitalized mentally ill children, 20527
knowledge of & attitudes toward & use of cannabis & impact of peers on drug usage, 7th–10th graders in cannabis education program, 11540
large vs small group with vs without music listening contingency, positive interactions with & acceptance by nonhandicapped 3rd–6th graders in music classrooms, mainstreamed mentally retarded 8–15 yr olds, 7712
mainstreaming & cooperative learning strategies, friendship & achievement & motivation & attitude, normal & handicapped students, 20774
maternal employment, relations with parents & siblings & peers, 10th graders, 6142
measurement of aggression & withdrawal & likeability as risk factors, adult schizophrenia, 1st & 4th & 7th graders, 3-yr longitudinal study, 1375
measurement of peer interactions & popularity, rejected children, 19691
methylphenidate, social interactions & performance, 4–12 yr olds with attention deficit disorders, 9885
need to develop relationships with family & peers & extended therapeutic & professional & political communities, child care practitioners, Canada, 31101
neighborhood & peer opinions & participation in street culture activities, drug involvement, inner city junior high school students, 29688
newly owned videogames, leisure activities & school work & peer interactions, 9–16 yr olds, 24172
nomination of strategic social action, alteration of ongoing emotional state of peer, kindergartners vs 3rd vs 6th graders, 6138
nomination vs rating method & activity content, assessment of intergroup relations in classroom, female vs male junior high school students of Western vs Middle Eastern origin, Israel, 20753
orientation toward power & peer relations, homemakers vs working vs retired females, implications for social work practice, 24222
parent & peer relations & socialization & attitudinal & motivational factors, prediction of delinquent law violation, male vs female high school students, Japan, 9397
parent vs peer compliance, female vs male 9–11 yr olds, 11547
parental perceptions of cognitive & social childrearing task difficulty, child's perception & actual social competence, male vs female 3rd–5th graders, 21664
patterns & satisfactions of friendships, male vs female 64–91 yr olds, 26937
peer & parental influence & expectations for success, decision to start smoking, male vs female 6th–11th graders, 24171
peer & teacher & parent ratings of social skills & peer acceptance, mainstreamed learning disabled vs nonhandicapped 6.3–11.9 yr olds, 18587
peer confederate initiation of social interaction/play behavior in structured setting, generalization of behavior in segregated vs integrated settings, preschool students with developmental disabilities, 31282
peer directed messages & responses, 2 vs 4 vs 6 vs 8 yr olds, 19670
peer group &/vs family, self perception, employed vs unemployed working class 18–21 yr olds, Australia, 26947
peer group attitudes & behaviors, delinquent behavior & use of alcohol &/vs marihuana & other drugs, 12 vs 15 vs 18 yr olds, 17021
peer identification & empirical validation of problematic interpersonal situations, 26–43 yr old male veteran drug addicts, 27419
peer influence in drug use, adolescents & their best friends & parents, followup study, 11514
peer influence, sexual attitudes & behavior, Black & White 7th–9th graders, 26949
peer-initiation vs teacher-antecedent interventions, reciprocal social interaction, 4 yr old males with autism, 22502
peer interaction, individual problem solving performance in logic game, 7–8 yr olds, 14166
peer-related social competence & individual social behaviors & language development & MA & teacher-rated social competence & behavior problems, developmentally delayed 1.3–6.3 yr olds, 4063
peer relations & play & relationship with mother, male vs female 2–3.5 yr olds, 926
peer relations, social learning & development, preschool children, implications for instructional interventions, 19680
peer relations, 15–18 yr old Black males classified as conduct disordered vs anxious-withdrawn vs well-adjusted, 17476

peer social initiations, positive interactions, exceptional children, 20787
perceived social structure & affiliative patterns, junior high school students, implications for sociometric assessment & veridicality of self attributions, 29676
personality development in dimensions of relationships with family & friends & self & values, male vs female 25–44 vs 45–64 vs 65–99 yr olds, Japan, 26941
picture-cue training program, interaction with peers vs teacher, language delayed 4–6 yr olds, 4935
play fighting & resolution of dominance conflicts, school age children & adolescents, 26927
positive vs negative behaviors & like vs dislike of peer, interpretation of behavior, 2nd vs 5th vs 10th graders, 21774
preschool play center environment & free play materials, free play activity & social vs nonsocial behavior & positive vs negative social interaction, male vs female preschool children, 24219
procedures for facilitation of social & psychological integration into elementary school, autistic & autisticlike 8–10 yr olds, 10501
prolonged period of cooperative & competitive relationships, performance in science, junior secondary students, Nigeria, 31234
pubertal androgen or estrogen development & friends' sexual involvement, sexual motivation & involvement, 12–15 yr olds & their parents, 24230
reciprocal peer management procedures & group reinforcement contingencies, arithmetic proficiency, underachieving 5th & 6th graders, 28464
rejection by school peer group, school attendance, 14 yr old female with school phobia, 18571
relationships with mates vs friends, middle vs working class 15–68 yr olds, Australia, 27146
resistance to peer pressure to drink alcohol, college students, implications for university administration & planning, 13048
responses to peer aggression & friendly behavior & distress, abused & neglected 14–33 mo olds, 9381
role of family experiences, development of early peer relations, adolescents, 8828
role of similarity of attitudes & personal construct ratings in friendships, male vs female 7–8 vs 9–10 yr olds, 11487
same age vs kindergarten models attributed with varied competence, peer imitation, 2nd graders, 19578
school desegregation, academic achievement & self esteem & intergroup relations, minority & White children, situational analysis of research, 18550
self concept & esteem, peer relations, gifted 5.6–10.6 yr olds & their parents, 6130
self concept & peer popularity, obese 2nd–5th graders, 4204
self esteem, display of & response to intrusive behavior, male vs female 3–5 yr olds, 11509
self monitoring &/vs peer assisted self control training &/vs alcohol education, quantity & frequency of drinking & peak blood alcohol levels, 14–20 yr old American Indian high school students at high risk for problem drinking, 13126
self report assessment strategies, evaluation of preference for peer involvement vs playing alone or interacting with adults, 4–4.8 yr olds, 11473
SES & academic ability, peer vs parental vs school affiliation, male vs female 6th vs 8th vs 10th graders, Australia, 13046
sex differences in friendship patterns & peer group structure, female vs male 13–19.9 yr olds observed in high school vs out-of-school settings, 29726
sibling relationships, behavior at home & school & peer relations, 36–64 mo olds, 887
similarities & differences in peer group play behavior, 2–4 yr old normal vs mentally retarded handicapped preschoolers, 25877
single- vs mixed-sex cooperative vs individualistic learning situations, science achievement & attitudes toward cross-sex & cross-handicap relationships, learning disabled vs non-learning disabled 5th & 6th graders, 4851
social competence & social problem solving skills, learning disabled vs normally achieving vs low achieving 8th grade males, 9462
social development of attachment & peer interaction, 5–12 mo olds reared in institutions, Greece, 7412
social relationships & depression, 6th & 7th graders, 16985
social skills training, play behavior & reciprocity with peers, 5.7 vs 6.3 vs 7.8 yr old females, 7598
sociometric status, attention to dyadic conversation, popular vs rejected male vs female 3rd vs 6th graders, 29664
structure of naturally occurring verbal quarrels, 5 yr olds & their 4–6 yr old peers vs 2–4 vs 6–9 yr old siblings, 26933
susceptibility to peer pressure, "latchkey" 5th–6th graders who are home alone vs at friends' house vs "hanging out" after school without adult supervision, 29748
teacher vs peer ratings of aggression, males with attention deficit disorder with hyperactivity initially rated in grades 1–3, 3-yr followup, 31253
time limited group therapy with role playing & behavioral contracting & token economy, self concept & peer relations, 3rd graders, 17915
use of body weight vs alternative dimension, categorization of information & playmate selection, 3–12 yr olds, 11553
use of trained peers in school health screening program, high school students, 10521
voluntary vs directed unreciprocated help from Black vs White groupmate, respect & liking for helper, White male Air Force trainees, 11722
willingness to submit to & perceptions of peer pressure & self reported peer involvement & misconduct, 6th–12th graders, 29673

Peer Review [See Peer Evaluation]

Peer Tutoring

cross-age peer student tutoring program, reading, underachieving 10–11 yr old tutors & 6–8 yr old tutees, 10355
cross-age tutoring program, school performance, emotionally disturbed 14.5–16.5 yr old tutors & educable mentally retarded 9.3–12.1 yr old tutees, replication of C. A. Maher's program, 18596
cross-age vs peer tutoring, reading achievement, learning disabled & behaviorally disordered 1st–6th graders, 20783
efficacy of cross-age & peer tutoring programs, disadvantaged & learning disabled elementary school students, 2511
efficacy of peer tutoring interventions, behaviorally or emotionally disturbed children, 2539
impact of role of peer tutor & tutee, attitudes toward peers & academic achievement, female college students, 20738
peer role play & training in interview techniques course, skill learning, college students & their course graduate trainers, 15650
peer teaching, perceptions of class environment & adjustment & academic achievement, 5th graders, 22994
peer training of functional community skills, autistic 5 & 8 yr olds in residential treatment & normal peers, 15082
peer tutoring & teacher compliance with prescribed methods, reading achievement, 1st graders, 2-yr longitudinal study, 25790
peer tutoring, achievement outcomes, inner-city minority-group students at risk for special education referral & placement, 20720
psychological & educational & social perspectives on peer tutoring, 20673
reciprocal peer tutoring & group reinforcement contingencies, arithmetic performance, underachieving 5th graders, 12-wk followup, 23019
replacement with vs without bonus, absenteeism, undergraduate peer tutors in college psychology course, 12896
team learning, college students, 10335
tutoring regular class peers, social acceptance, educable mentally retarded 4th–6th graders in self contained special education classes, 15850

Peers

ability to discriminate males from females, toy choice & aggression & peer playmate selection as sex typed behaviors, 21–40 mo olds, 29694
age & sex & rural vs urban environment, conformity to parents & peers, 14–18 yr olds, India, 882
association with other delinquents & belief in laws & school performance & SES & age factors, prediction of juvenile delinquency, male vs female 7th–10th graders, Canada, 9377
behaviors used to communicate feedback & dimensions of peer feedback in task group, college students, 21922
extension of Heiderian balance theory for quantified data, triads of peers, 11739
guidelines for dealing with unethical professional practice involving sexual activity by colleague, counselors, 12837

home environment & personality, proximity to activities & peers & adults, preschoolers, 19668
neighborhood age concentration & age peers in social network, well-being, elderly residents, 14244
parental &/vs peer coffee drinking patterns, coffee consumption, college students, implications for genetic & cultural transmission of alcohol use & alcoholism & cigarette smoking, 14409
Peer-Assisted Leadership program, school principals & administrators, conference presentation, 20650
peer influences, onset of cigarette smoking, 7th–12th graders engaged in persistent vs minimal cigarette smoking, 6121
peer-pairing & other techniques, child psychotherapy, 11 yr old female, 1793
peer work groups, mathematics & social studies classrooms, 5th graders, 10338
peer workshop training program, understanding of & factual information & attitudes about handicaps, normal 3.8–7 yr olds with handicapped sibling, 1702
peer's sex vs age vs knowledge, decision to seek information from peer, 1st vs 4th graders, 26866
role of deviant peers & parental childrearing practices & alcohol use, initiation of alcohol & marihuana usage, families with sons in 7th & 10th grades, 21755
self & peer perceptions, mentally retarded 9.3–19.9 yr olds with IQs of 50–74, 20077
self reported alcohol use & peer & parental use & tolerance of deviance & emotional maladjustment & self derogation, male vs female 7th vs 10th graders, 19679
sex trait stereotypes, traits attributed to male vs female peers, 10–17 yr olds, 8864
smoking behavior & belief about positive & negative consequences & moral attitudes & peer smoking & parental smoking, prediction of self initiated smoking cessation, high school students, 26902
stage of dating relationship, intimacy behavior & expectation of peer behavior, pregnant female 16–19 yr old abortion clinic clients vs 17–19 yr old female student nurses, 26890
variability in perceptions of peers in controversial vs sociometric classification groups, 3rd–5th graders, 8818
welcome program, retention of students, Chicano & Black incoming college students, 18664

Pellagra
clinical considerations in diagnosis of isoniazid-induced pellagra encephalopathy, necropsy cases of 35–72 yr old tuberculous schizophrenic patients, Japan, 20172

Pemoline
magnesium pemoline, cocaine usage, 26 & 30 yr old chronic cocaine abusers with residual attention deficit disorder, 15205
methamphetamine vs phenmetrazine vs phentermine vs methylphenidate vs pemoline, prevention of motion sickness, Ss with normal vestibular function, implications for drug therapy & space flight, 14006
methylphenidate & dextroamphetamine & pemoline, symptoms, children with Gilles de la Tourette syndrome, 22529
pemoline, behavior & urinary catecholamines & indoleamines, 6–12 yr olds with attention deficit disorder with hyperactivity, 18123
pemoline withdrawal followed by depressive symptoms, 11 yr old female with attention deficit disorder with hyperactivity, 4475

Penicillins
onset of confusional manic symptoms following amoxicillin treatment for urinary tract infection, 30 yr old female, 18032

Penis
biofeedback training, psychosexual rehabilitation following penile implant, 43 yr old male, 4-yr followup study, 9820
measurement properties of electromechanical vs indium/gallium circumferential penile strain gauges, 23387
nocturnal penile tumescence & penile responses to erotic stimulation in waking state, diabetics vs nondiabetics with sexual dysfunction, 6914
penile implant surgery, ejaculatory & orgasmic experience, 30–69 yr old males with psychogenic orgasmic dysfunction, 25349
role of male's penile spines & cups in induction of luteal activity in female & in removal of copulatory plugs from vaginal tract, rats, 26541
sex therapy, adjustment to penile prosthesis, case of 70 yr old male, 2-3 mo followup, 4263

Penis Envy
construction of childhood events without conscious memories, psychoanalysis, female patient with penis envy, 27800
disturbances in sense of reality & fantasied phallus & castration anxiety, married successful business female analysand in early 30's, 25097
psychoanalytic views of theories of penis envy & genital anxiety, female development, 2 & 4 yr olds & 29 yr old female, 26789
shift in psychoanalytic thinking regarding penis envy, case illustration of 24 & 19 yr old females, 3767

Penitentiaries [See Prisons]

Penology
evaluation of reformed program for intake & counseling & restitution for offense, juvenile delinquents, 18289
influence of experimental & social psychology findings in criminal legal proceedings & penology, 24410

Pension Plans (Employee) [See Employee Pension Plans]

Pentobarbital
atmosphere absolutes of air vs helium-oxygen, lethal effects of ethanol &/vs pentobarbital, male mice, implications for helium-oxygen mixtures in treatment of overdoses, 21391
cadmium with pentobarbital vs strychnine, CNS responsiveness, female rats, 5863
conditioned taste aversion procedures, drug interactions & antisickness response to sodium pentobarbital, medical implications, 14043
diazepam, maintenance of response to FR self administration of iv cocaine vs pentobarbital, monkeys, implications for study of drug dependency potential, 16558
diazepam vs chlorpromazine vs pentobarbital vs dextroamphetamine, visuomotor coordination, marmosets, 16610
environmental cues explicitly paired vs unpaired with pentobarbital, thermic effects of pentobarbital & amphetamine, male rats, 13991
ethanol & pentobarbital, veratridine-stimulated sodium uptake along voltage-sensitive channels in whole brain synaptosomes, male rats, 26712
ethanol vs pentobarbital vs barbital sleeptimes & blood concentration at awakening, spontaneously hypertensive vs normotensive rats, 14004
inhalation exposure to toluene, discrimination of pentobarbital, male mice, 16769
intraseptal morphine vs naltrexone, pentobarbital-induced narcosis & hypothermia, male rats, 29409
low doses of pentobarbital, activity level & shock-induced fighting & escape behavior, RHA/Verh vs RLA/Verh rats, 5837
nephrectomy, pentobarbital-induced water intake, male rats, 3221
pentobarbital-induced sleep time, male vs female mice, 8626
pentobarbital injections into peripeduncular nucleus vs dorsal midbrain, lordosis behavior, ovariectomized rats, implications for role of peripenduncular neurons in sexual behavior, 21387
pentobarbital self administration, iv ethanol self administration & subsequent effectiveness of pentobarbital in maintenance of leverpressing for ethanol delivery, male rats, 26644
prostaglandin, pentobarbital sleeping time & serotonergic system, male mice, 5872
Ro 15-1788 & chlordiazepoxide & sodium pentobarbital & ethanol interactions, squirrel monkeys, 13955
RO 15–1788, blockage of increase in food intake induced by bromazepam vs diazepam vs pentobarbital, rhesus monkeys, 21507
sodium pentobarbital pretreatment, tailpinch-induced eating behavior, rats bred for high- vs low-avoidance, 3140
sodium pentobarbital vs phenobarbital injections during pregnancy, offspring response to shock, female rats & offspring, 8575
stereoselective stimulus effects of pentobarbital & 3-methylflunitrazepam, discrimination of diazepam in operant choice task, male rats, 14074
subanesthetic dose of sodium pentobarbital, morphine analgesia assessed by warm water-induced tail withdrawal reflex, male rats, 5921
thalidomide vs pentobarbital, neuronal activity in preoptic area during wakefulness & slow wave vs REM sleep, cats, 654

triazolam vs pentobarbital, performance impairment & recognition memory tasks & sleep quality & potential for abuse, male 20–40 yr old volunteers with histories of drug abuse, implications for therapeutic usage, 16773
Pentothal [See Thiopental]
Pentylenetetrazol
cocaine vs pentylenetetrazol, cortical kindling, male rats, 29479
cyclazocine, convulsions due to pentylentetrazol & naloxone inhibition, male rats & rabbits & mice, implications for action of phencyclidine, 5929
nicotine tartrate & antihistamines & pentylenetrazole, toxicological responses, female rats, 5932
pentylenetetrazol vs FG-7142 vs caffeine, food intake & aggression & freeze behavior, lactating maternal rats, 13987
phenobarbital prior to pentylenetetrazol, autonomic dysfunction associated with epileptogenic activity, cats, implications for mortality in epileptic humans, 14012
postnatal hypoxia, pentylenetetrazol induced seizure & amygdaloid kindling, male rats, 19373
prenatal chlordiazepoxide, metrazol seizures & benzodiazepine receptor density, adult rats, 16631
Pentylenetetrazole [See Pentylenetetrazol]
Peoples Republic of China
discrimination & labeling of pictures of facial expressions of happiness & surprise & sadness & anger & disgust & fear, 1 yr olds, China, 17003
drawing circles in clockwise direction as indicator of neurological defect & relationship to psychopathology, psychotic patients, China, 20003
extended family & local council & district hospital & specialized institutes in neighborhood mental health care delivery, Peoples Republic of China, 18181
historiography of psychology, China, 18826
ideology of Mao Zedong & manipulation of symbols, perceptions of science & education & art, political leaders, 1961–74, People's Republic of China, 29871
in- & outpatient mental health services & psychiatric nursing, China, 10044
moral education & developmental transition into adulthood, Lahu & Hani adolescents, China, 787
moralistic-authoritarian orientation in cultural values, clinical psychologists, implications for clinical graduate training, Peoples Republic of China, 15498
patterns of psychiatric consultation & referral, 5–92 yr old inpatients, China, 4674
perceived time course of emotion, 4–6 yr olds, China vs UK, 757
personal attitude & social stress, etiology of mental illness, China, 24734
political & social environment since cultural revolution, developments in child & health care services, China, 14278
prevalence & clinical manifestations & psychosocial risk factors, minimal brain dysfunction, elementary school students in urban & suburban & rural areas, China, 4220
psychology & psychiatry, bibliography of selected studies published since 1970, China, 1
quality of life & intellectual development & behavior, 3–9 yr olds in single vs multiple child families, China, 11394
reading eye movement patterns, native Chinese vs English vs Chinese & English readers, 23573
scores on Raven Standard Progressive Matrices, high vs low ability students in 1st–5th grades vs 8 yr olds in school for deaf/mute, Peoples Republic of China, 18620
sex & cultural background, cognitive development & perceptual-motor coordination, 7–10 yr olds on Hainan Island, Peoples Republic of China, 14202
sexual behavior in novel Jin Ping Mei, wealthy household, China, late 16th century, 736
socialization & behavioral qualities, 4–6 vs 9–10 yr old only vs sibling children, implications for family planning, China, 21663
stability of concept of length, Zang vs Han 5–11 yr olds, Tibet vs China, 16935
teaching methods & neuropsychological differences & sentence comprehension strategies in reading Chinese characters, Peoples Republic of China, 18463
translation as cultural treason, China, 21636
Peptic Ulcers [See Gastrointestinal Ulcers]
Peptides [See Also Cholecystokinin, Dynorphins, Endogenous Opiates, Endorphins, Melanocyte Stimulating Hormone, Neurotensin, Substance P]
age & morphine administration, brain calmodulin concentration, immature vs mature vs old mice, 29429
analogs of (pyro)Glu-His-Gly-OH, food consumption & gastric acid secretion, male rats, 13998
anxiety peptide, rat & human brains, 527
Arg substituted dipeptides & tetrapeptides, antinociceptive & locomotor activities, male rats, 8604
aspartame during pregnancy, neonates' reflex responsivesness, mice, 8574
aspartame with vs without glucose, operant behavior, rats, 8591
atriopeptin II, diuresis & urinary sodium concentration & osmolality & salt appetite, hydrated vs sodium-depleted male rats, 26660
benzodiazepines vs naloxone vs propranolol vs diisopropyl fluorophosphate, shock-induced renin & prolactin secretion, male rats, 24043
blood levels of glucose & insulin & gastrin & pancreatic glucagon & secretion & gastrointestinal polypeptides following overnight fast, female anorexia nervosa patients, conference presentation, 24861
bombesin, behavior, goldfish vs frogs vs mice vs rats vs guinea pigs vs rabbits vs chicks vs pigeons vs monkeys, conference presentation, 16600
bombesin injection into lateral cerebral ventricle, operant responding for food & water, rats, 16550
bombesin vs ACTH, grooming behavior & tolerance, rats, 21615
bombesin vs cholecystokinin, feeding behavior, rats & mice & baboons & humans, literature review, conference presentation, 16634
bombesin vs litorin, oral ethanol consumption, rats, conference presentation, 29445
brain concentrations of methamphetamine & metabolites & substance P, determination of mechanism of drug tolerance, naive vs methamphetamine pretreated male rats, 21591
carbamazepine, somatostatin concentration in CSF, patients with affective illness, 9935
ceruletide & cholecystokinin octapeptide & morphine injected into periaqueductal gray matter, nociceptive motor responses & activity, rats, conference presentation, 19463
ceruletide, symptoms, 29–30 yr old neuroleptic-resistant schizophrenic patients, conference presentation, 20390
ceruletide, 55 yr old schizophrenic patient with buccolingual dyskinesia, 18088
changes in parameters of calmodulin-stimulated erythrocyte ghost calcium adenosine triphosphatase, patients with mania or unipolar or bipolar depression or schizophrenia, 24664
cholecystokinin & ceruletide, satiation & food intake & appetite, lean vs obese humans, conference presentation, 19503
cholecystokinin octapeptide & proglumide, electrically elicited eating, male rats, conference presentation, 19495
cholecystokinin octapeptide &/vs vasoactive intestinal peptide, rearing & sniffing & head stereotypy & grooming, neofrontal-decorticated male rats, conference presentation, 19466
cholecystokinin octapeptide sulfate ester vs nonsulfated cholecystokinin octapeptide & familiar vs novel environment, feeding behavior, male rats, 8557
cholecystokinin octapeptide vs ceruletide vs ceruletide analogs, antagonism of apomorphine-induced gnawing & cage climbing, male mice sensitized by scopolamine or teflutixol, 5954
cholecystokinin vs bombesin, food rewarded operant responding, female rats, 11270
cholecystokinin vs bombesin vs caerulein, serum pancreatic polypeptide induced satiety, vagotomized male rats, 21465
cholecystokinin-8 vs bombesin vs insulin vs toxin, diet self selection & taste aversions & feeding satiety, male rats, conference presentation, 21614
chronic central administration of polypeptide YY vs neuropeptide Y, enhanced feeding & drinking, male rats, implications for pathogenesis of bulimic syndromes, 11319
chronic haloperidol followed by peptides in withdrawal phase, response to apomorphine & striatal tritiated spiroperidol binding, male rats, implications for treatment of tardive dyskinesia, 16560

chronic treatment with ACTH & alpha-melanocyte stimulating hormone & gamma-2 MSH, impaired reversal learning, rats with bilateral lesions of parafascicular area, 26716
concentration of neuropeptide Y in cortex & hippocampus & activity of dopamine beta-hydroxylase & concentration of somatostatin, Ss with Parkinson's disease, 14788
CSF levels of arginine vasopressin & somatostatin & oxytocin & beta-endorphin, males with Alzheimer's disease, 30453
delta sleep inducing peptide levels in CSF, male vs female hospitalized schizophrenic vs depressed vs healthy 18–70 yr olds, 6550
delta sleep-inducing peptide-like immunoreactivity in brain regions & thalamic tissue, complex maze behavior, male rats, 26506
depletion of methionine- & leucine-enkephalin & cholecystokinin-8 & substance P, development of parkinsonian symptoms, 1506
diazepam-binding inhibitor, endogenous brain polypeptide, rats, 11138
distribution of neurons containing immunoreactive delta sleep-inducing peptide in hippocampus, male rats, 3153
dopamine vs norepinephrine vs epinephrine, release of luteinizing hormone & food intake, rats, 19416
dosage & administration methods for cholecystokinin & bombesin & thyrotropin releasing hormone & calcitonin, food & water intake, golden hamsters, 14025
dose & strain dependent effects of dermorphin & D-Ala-D-Leu enkephalin, passive avoidance behavior, male mice, 13962
enkephalin & neurotensin & substances P & K, activation of dopamine neurons in ventromedial mesencephalon, literature review, implications for role of dopamine neurons in schizophrenia, 29280
exercise, plasma proenkephalin peptide F immunoreactivity, 19–30 yr old endurance trained vs untrained males, conference presentation, 29315
fluphenazine vs lesions of dopamine pathways, bombesin-induced locomotor & floor & rearing activity, male rats, 21394
haloperidol & levo-prolyl-levo-leucyl-glycinamide, mesolimbic & striatal dopaminergic receptor supersensitivity, male rats, implications for intervention in tardive dyskinesia & schizophrenic relapse, 16591
human vs salmon cacitonin injections into periaqueductal gray & midline pontine reticular formation, receptor binding & analgesic properties, male rats, 21502
icv administration of FMRFamide, feeding induced by kappa opiate agonist U-50,488H, male mice, 26689
icv administration of vasopressin antagonist peptide, memory enhancing qualities of arginine vasopressin, male rats, 8534
icv injections of calcitonin vs parathyroid hormone & related fragments, acquisition of active avoidance behavior, male rats, 3279
icv injections of delta sleep-inducing peptides or omega-amino-caprilyl-DSIP, sleep-wake activity & brain temperature, rats, 29461
icv vs ip administration of ceruletide vs cholecystokinin, satiety through ventromedial hypothalamus vs abdomen, rats, 690
impact of alterations in neuropeptides & similarity to effects of perinatal psychotropic drug exposure, brain development, literature review, conference presentation, 29389
inhibition of protein synthesis with anisomycin, avoidance conditioning & performance on leupeptin sensitive olfactory memory task, male rats, 11340
injection of arginine vasotocin into pineal recess, decreased 5-hydroxyindoleacetic acid levels in raphe dorsalis nucleus & induced slow wave sleep, cats, 537
interaction of levo-prolyl-levo-leucyl-glycinamide & its analogs with levodopa, rats with chronic unilateral lesions of nigrostriatal dopamine pathway as model for Parkinson's disease, implications for drug therapy of parkinsonism, 16584
intraventricular administration of atrial natriuretic factors, spontaneous or angiotensin-II stimulated water or sodium intake, male rats, 26706
iv or icv administration of somatostatin, food intake, rats, 16546
leupeptin, odor discrimination task performance, male rats, 16806
lithium, CSF & plasma levels of vasoactive intestinal peptide & lymphocyte receptors, euthymic bipolar patients, 1913
long term intermittent ceruletide administration, psychotic symptoms, 20–54 yr olds with chronic schizophrenia, conference presentation, 20403
low levels of CSF somatostatin & abnormal response to dexamethasone, patients with depression vs schizophrenia, 30128
motilin, feeding behavior, rats, 8538
mouth presaturation by sweeteners neohesperidin dihydrochalcone vs thaumatin vs aspartame vs sucrose, water intake, male baboons, implications for animal model of sweetness perception & aftertaste, 21220
N-ethoxycarbonyl-2-ethoxy-1-2-dihydroquinoline, spiperone & piflutixol binding to striatal dopamine receptors, male rats, 14022
naloxone, antinociceptive action of morphine vs caerulein, male rats, conference presentation, 19497
neonatal administration of monosodium glutamate, arginine vasopressin-induced analgesia, female rats, 23942
neonatally administered morphiceptin vs dextro-ala-dextro-leu-enkephalin, maze learning, male vs female 7 day old rats, 29404
neuroactive peptides, memory of passive avoidance training, neonatal cockerel chicks, 14036
neuroleptic-like activities & antipsychotic action of cholecystokinin octapeptide & ceruletide, rats vs schizophrenic patients, conference presentation, 20421
neuropeptide LH-RH, instrumental avoidance learning, rats, 5816
neuropeptide Y, feeding & drinking behavior, male rats, 665
neuropeptide Y injected into paraventricular nucleus, food & water intake, satiated & brain cannulated rats, 19504
neuropeptide Y injection to brain regions, food & water intake, male rats, evidence for hypothalamic sites of action for neuropeptides, conference presentation, 21599
neurophysin I & II release during insulin-induced hypoglycemia, 45–55 yr old unipolar depressed females before vs after treatment with clomipramine, 7178
neurotensin & related peptides, motor hypoactivity, mice, 3308
nonanalgesic & behavioral research on endogenous opiate peptides, literature review, 24010
nootropic drugs & peptides, barpressing for water reward & discrimination learning, male rats, 3300
occurrence & concentration of cholecystokinin octapeptide & other gastrins in CNS, conference presentation, 19322
opioid-like activity in isolated peptides from wheat gluten hydrolysates, implications for schizophrenia & celiac disease, 561
Org 2766, food search task, sham vs neocortical vs hippocampal-lesioned rats, 29369
oxytocin vs prolyl-leucyl-glycinamide followed by ethanol, development of tolerance to depression & hypothermic effects of alcohol, male rats, 8595
pathophysiology of endogenous opioid peptides, neurological disorders of basal ganglia, 24980
peptides as slow neurotransmitters & late slow nerve response, comments on article by L. Y. Jan & Y. N. Jan, 11143
peptides as slow neurotransmitters & late slow nerve response, implications for clinical psychiatry, 11155
peptides, regulation of food intake, conference presentation, 21564
pro-enkephalin beta-derived peptides, generalization tests, rats trained to discriminate opioid kappa receptor agonist ethylketocyctazocine, 16791
proglumide vs saline with vs without food preload, food intake, normal vs vagotomized rats, conference presentation, 19498
proglumide with vs without morphine, analgesia & tolerance, male rats, 19491
prolyl-leucyl-glycinamide vs alpha-melanocyte stimulating hormone, levorphanol analgesia & tolerance & dependence, male mice, 13969
prolyl-leucyl-glycinamide vs naloxone, aggressive behavior & defeat-induced analgesia, male mice, 16814
proposed peripheral satiety vs central feeding system as models for role of peptides, appetite modulation, literature review, conference presentation, 29317
regional brain concentrations of neuropeptide Y immunoreactivity, female spontaneously hypertensive vs Wistar-Kyoto rats, 26510
role of brain-gut neuropeptides, ethanol satiation & appetite, rats & hamsters, literature review, implications for alcohol rehabilitation, 14011

salmon vs human vs gene related peptide calcitonin, electrical activity in hypothalamus & thalamus & cortex & other forebrain areas, male rats, 21611
sc vs iv administration of des-tyr-gamma-endorphin vs des-enkephalin-gamma-endorphin, brain metabolism & uptake, male rats, 21618
somatostatin & bombesin & cholecystokinin levels in CSF, schizophrenic patients, 6507
tuftsin & its derivative vs tetrapeptide fragment of substance P, naloxone-induced morphine withdrawal behavior, male rats, 19417
tyr-MIF-1 tetrapeptides, analgesic effects of morphine, male albino mice, 29437
vagotomy, body weight & feeding activity & food passage & digestibility & satiety effects of bombesin & cholecystokinin octapeptides, female domestic fowls, 3265
vasoactive intestinal peptide vs cholecystokinin octapeptide, hypermotility, male rats, 8556
vasoactive intestinal peptide with vs without water deprivation & angiotensin II administration, intake of water, male rats, 19456
vasoactive intestinal polypeptide & cholecystokinin & gastrin levels in CSF, patients with endogenous vs nonendogenous depression vs mania vs schizophrenia, 3842
vasoactive intestinal polypeptide concentration in CSF, patients with normal pressure hydrocephalus vs multi-infarct dementia vs cerebral infarction, 1668
vasopressin with vs without vasopressin antagonist peptide, retention of inhibitory avoidance responding, male rats, 16691
Perception [See Also Related Terms]
age, conceptions of ability & nature of skills required on verbal vs abstract intelligence tests, 1st–9th graders & college students, 26846
analysis of relation between noema & acts of sensory perception, 8264
career & work of A. N. Leont'ev on perception, USSR, 16080
concrete perceptual reference & causal self referentiality of perceptual experience, 5386
contributions of R. Arnheim & Gestalt psychology to nature of pictures & art, 14107
craniofacial growth as well defined perceptual category defined in terms of geometric invariants, 13519
definition & perception of systems, problem solving, systems practitioners, 31543
EEG & motor signs of perception in stage 2 & REM sleep, 11039
engineering standards, perception & safety, drivers, 20836
formation of theories concerning empirical science in relation to psychology of perception, 5195
geometric & topological categories, analysis of CNS structure & function & perceptual & cognitive systems as fibrations, 5362
grouping of data into categories in neuroscience experiments on chemical senses, 20961
hidden knowledge as eidetic imagery capabilities, retarded students, Denmark, 6693
illusory contours & figures & objects & real objects, 21110
imagery & perception & personality research & assessment, implications for phenomenological approach, 19869
individual differences in alcohol expectancies in group vs alone & alcoholic content of beverage, subjective mood & physical sensations, 21–30 yr old male social drinkers, 5933
isovolemic hemodilution, bicycle ergometer exercise & cognitive-perceptual-motor ability 5400 meters above sea level, polycythemic mountain climbers, 21408
mental imagery & perception in structural vs functional vs interactive theories, 197
organizational environment & structure, perception of environment & structural adaptation, managers, 15999
patterns of misperception of exponential growth, criticism of analysis of G. Keren, 2981
patterns of misperception of exponential growth, reply to criticism of G. V. Jones, 2964
perception as process under individual control with neurological & psychological & educational components, implications for learning disabilities, 5501
perception of centaur as man on horseback & origins of Greek centaur, preschool age children & college students, 10894
perceptive resolution processes, theories of J. A. Fodor & Z. W. Pylyshyn & M. T. Turvey et al, 2966
perceptual strategies & verbal performance & psychopathology & Rorschach response, dyslexic children with mean ages of 8.1 & 9.4 & 10.1 yrs old, 24830
philosophy of sensation detection & role of human consciousness, 21042
preferred modes of sensory perception, communication, 13–16 vs 18–24 yr old blind students vs 25–60 yr old workers, 6909
recognition & rating & aesthetic appreciation of work by 4 different artists, college students, 14099
recognition of consciously attended vs imagined vs subconsciously perceived words, college students, support for theory of cognitive-state monitoring, 16334
relationship between Gestalt properties of wholes & Rorschach test, 19058
role of single neurons in perception, 13784
similarities & differences between perception & mental imagery, implications for K. Lewin's formula & autoscopic imagery, 19114
sleep deprivation & physical fatigue, perception of intensity of exercise of short vs long duration, females & males, 26574
small vs large vs varied respiratory effort, perception of resistive ventilatory loads, 18–30 vs 63–81 yr olds, 3183
spatial or temporal transformations & conservation laws of energy & linear & angular momentum, implications for human perception, 19053
trait anxieties & repression & handedness & laterality of cerebral function, right handed college students, 19329
unitization process & word length effect in word superiority paradigm & prediction, 8204
verbal comprehension & perceptual organization & cognitive differentiation, learning disabled vs neurologically impaired 6–11 yr olds, 24824
Perceptiveness (Personality)
personal level of energy & sensual aliveness & pursuit of knowledge/truth & imagination & emotions, 18–59 yr old artistically vs intellectually gifted Ss vs graduate students, 14513
positive & negative social effects of divergency & excitability & sensitivity & perceptivity & entelechy traits, gifted adults, 30029
Perceptual Aftereffect [See Also Afterimage]
ability to discriminate mirror-image obliques, orientation selective color aftereffects, children, 8772
achromatic testing for McCollough effects, decay of McCollough effects, adult Ss, 19076
adaptation stimuli inside vs outside of focus of spatial attention, object color & shape integration in preattentive vision & McCollough aftereffects, college students, implications for feature-integration theory, 21088
adaptation to rotation simulation, three-dimensional motion aftereffect, college students & authors & naive S, 239
adaptation to stroboscopic motion, perception of temporal order of adjacent visual stimuli along same axis, 208
adapting velocity & luminance of high contrast drifting grating, movement aftereffect velocity & duration, 20–40 yr olds, 8166
binocular adaptation to & monocular viewing of similar stimuli, strength of McCullough effect & color aftereffects, 2996
distance between stimulus & eye vs horizontal distance from trunk of S, perceptual aftereffect & distance perception, normal Ss, 8173
duration of spiral afteraffect & psychoticism, college students, 11833
fixation on center of rotating spiral for short adaptation periods, motion components of long vs short term aftereffects, college students, 13558
image displacement & movement aftereffect, motion perception, comments on study by H. Wallach, 23568
isoluminant stimulus containing color contrast with no luminance contrast, induction of motion aftereffect, adults, 10930
lie transformation group model of neuropsychology, prediction of pattern specificity of visual aftereffects of color, college students, 16247
overshadowing & blocking, orientation-contingent color aftereffects in Pavlovian conditioning, 17–19 yr olds, 13510
perception of normal & phantom spiral aftereffects, college students, 224

simultaneous &/vs sequential presentation of contextual & focal stimuli, assimilation & contrast of perceived length of parallel lines, college students, 21089
task performance in presence of predictable vs unpredictable workplace, noise vs quiet, performance on postexposure task as indicator of behavioral aftereffects, college students, 26016
Perceptual Closure
amodally complete vs equivalently truncated vs open figures, latency to identify, adults, 29042
Perceptual Constancy [See Also Color Constancy]
fine orientation discrimination & shape constancy, 4 mo olds, 16911
space constancy & perceptual motor processes in processing visual information, 13528
varied sniff pressure & resistance, judgments of strength of odors, college & graduate students, test of perceptual constancy model, 21060
Perceptual Development
ability to detect relational invariants & perceive stimulus elements as single pattern of figures, newborns, 8691
adult guidance & cognitive restructuring, construction of model of large scale space with space on view, 4 yr olds, 19599
age & ambiguity & complexity of pictures, part/whole identification of pictures, 2–7 yr olds, 26852
age differences, use of abstract reference frame to infer spatial relationships, 2nd & 3rd vs 5th & 6th graders vs college students, 29610
age, geometrization & attribution of meaning to motion, 4–11 yr olds, 14146
American Sign Language signs in habituation-dishabituation task, discrimination of salient gestural contrasts along dimensions of repetition vs plane vs arcness vs direction, hearing 128–138 day olds, 19582
assessment of visual motor development & performance on Bender Visual Motor Gestalt Test vs Development Test of Visual Motor Integration, gifted 6.5–10.9 yr old elementary school students, 28616
atypical patterns of object manipulation, actions on objects & sensorimotor development, 4 yr old male born with fused fingers & toes & midface hypoplasia corrected by surgery at 6 & 9 & 13 mo of age, 14845
capacity for rotation vs construction spatial perspective task performance, 6–8 yr olds, 19634
color matching & preference & naming, 1.5 vs 2.5 vs 3 yrs, 14201
construction of horizontal vs vertical vs diagonal lines & explanation of oblique effect, 5 vs 8 yr olds vs college students, 19594
continuum of universal-unique human development, implications for artistic development, 14120
coordination of perspectives in space & drawing, low & low-middle SES Black 8–14.4 yr olds, 14198
correlation of social & object skills, normal 4–21 mo olds & handicapped 11–42 mo olds with mental retardation or other organically-based developmental delays, support for cognitive-level model of development, 14130
cross cultural validity of Developmental Test of Visual-Motor Integration, mildly retarded 11–12 yr olds, Japan, 8114
culture, graphic & artistic development, children, 14134
detection of single lines in temporal & nasal visual fields, 28–42 vs 57–70 day old infants, 14165
development of artistic perception, 3rd–5th graders, USSR, 16915
development of contrast constancy, 6 vs 12 wk olds, 11452
development of mechanisms for analyzing visual inputs into bands of spatial frequency, 6 vs 12 wk olds vs adults, 11407
development of selective attention & perception of dimensional structure of bi-dimensional stimuli, 6 vs 10 yr olds, 8732
development of sensitivity to semitone & diatonic structure in music perception, 9.1–11 mo olds & 4.2–5.9 yr olds, 26868
development of sensory processes, neonates, 21720
development of sustained visual attention & associated respiratory sinus arrhythmia, 14–26 wk old infants, 19632
development of understanding of appearance-reality distinction, preschoolers, 26823
development of visual acuity, 2–10 wk old kittens, 13827
development of visual-manual coordination with respect to spatial property of concavity & knowledge of containment function, 6–11 mo olds, 16943
development of visual-motor coordination, males vs females, 817
developmental levels for perceptual sensitivity to form & visual memory & thinking flexibility, painting aptitude, 9–10 yr old students, 31233
developmental limitations of sensory input, perceptual organization, newborns, literature review, 8798
dimensional salience, form perception & speeded sorting of orientation, kindergartners vs 4th graders, 21716
drawings of animals & development of space & form & perspective, 4.5–5.8 yr olds, 3440
familiarization-novelty preference, pattern-line effect, 3–4 mo olds, 24148
fine orientation discrimination & shape constancy, 4 mo olds, 16911
Freudian concept of protective shield against stimulus, sensory receptiveness & development, neonates, 6048
grasp of tonal structures of songs, 1 yr olds, 7-yr longitudinal study, conference presentation, 14149
hand barrier present vs not present during bimanual reaching, handedness & pattern of coordination, 7–12 mo olds, 24124
higher nervous system functioning & behavioral studies on auditory development, cats & mice & humans, 19306
imagery vs sentence strategy instructions, auditory & visual processing modality, 1st & 2nd graders, 11463
informativeness of depth & vertical translation, perception of object unity, 102–137 day old infants, 16927
intellectual & perceptual development, schizophrenic 5–13 yr olds, 9208
mirror behavior & development of self concept & perceptual exploration, young children, literature review, 16889
model for systematic analysis of development of graphic expression, 1st–6th graders, 3469
neuropsychological methods, assessment of motor & sensory skills & cognitive development, preschool age children, 21695
pattern structure & transformation, pattern perception, 4 mo olds, 16923
perception & comprehension of projective size/distance & projective shape/orientation relationship, 3 vs 4 yr olds, 16944
perception of camouflaged forms only visible with movement, infants, 21714
perception of curvilinear motion of ball exiting tube, 4.5–12 yr olds vs college students, implications for development of intuitive theories of motion that include erroneous principles, 11427
perception of difference between animate vs inanimate objects, 3–5 yr olds, 16916
perception of time vs velocity in music, 4–8 vs 10–12 yr olds, 3414
perceptual motor functional development, preparation for school, dyslalic children, implications for rehabilitation, 30349
perceptual motor skills & cognitive & emotional development, orphans in state infants' home, Poland, 6030
perspectives of J. Gibson & H. Schaeffer-Simmern & H. Sherman on artistic development, 14122
physical knowledge vs Euclidean reference training, concept of horizontality, female college students who failed Piagetian water-level task, 21682
precursors of spatial ability, 6–12 yr olds, Kenya, 4-yr longitudinal study, 16938
presentation of actual on-going event involving motion vs static representation of motion, judgment of natural & anomalous trajectories, male vs female 5th graders vs college students, 11428
prior information about hiding sites, spatial organization & recovery of hidden marbles, kindergartners vs 2nd graders, 26818
problems of understanding hearing development, 19636
quality of auditory temporal resolution & width of auditory filter, 6 vs 10 yr olds vs college students, 26833
relation between development of binocular vision & spatial perception, 4–5 mo olds, 16919
relationship with macrosystem or world & microsystem or family & processing of world & childrearing, infants, North America, conference presentation, 24111
role of contour & frequency & rate of presentation, discrimination of musical melodies, 4.1–5.7 yr olds, 3443
role of visual experience, activation of critical period for monocular deprivation in visual cortex, cats reared in total darkness from birth to 4–5 mo of age, 8480

search for visible vs hidden objects & interpretation of errors, 9 mo olds, 3464
selective & integrative visual attention, classification tasks, kindergartners vs 2nd vs 4th graders vs college students, 3422
selective attention to reading cues, mirror-image vs shape-detail matching vs consistent left-right ordering on picture-naming task, prereading 3–5 yr old spontaneous instructed learners vs nonlearners, 11413
sensitivity to aesthetic properties of repleteness & expression & composition in drawing & music & literature, 7 vs 9 vs 12 yr olds, 26875
sensorimotor development & pragmatic & communication skills, transition from preverbal to verbal communication, children with Down's syndrome assessed at 13 mo & 2 & 3 yrs of age, longitudinal study, 27478
sensory endowment & development & learning & creative art activity, 24123
sex & age, tracking performance on single-speed task, kindergarten through 6th graders, 19587
single-unit responses & intracranially-recorded & surface-recorded EP's & behavioral responses in auditory maturation, animals & human infants, literature review, 19323
slow vs rapidly flickering sinusoidal gratings that reverse phase, contrast & spatial frequency sensitivity, aged vs young Ss, 29643
stimulus complexity & rule usage, visual perspective-taking task, preschoolers vs 1st vs 3rd vs 5th graders vs college students, 6058
stimulus delay, discrimination of orientation of square-wave gratings, 2–3 mo olds, 3452
temporal frequency & stimulus intensity, visual responsiveness, infants at 4 & 6 mo, 838
theoretical model of children's visual-artistic development developed by H. Gardner & E. Winner, 14135
thresholds during early dark adaptation, 7 & 13 wk olds vs adults, 6046
tritan discriminations, 1 vs 2 mo olds, 14192
tuning curve tonal masking, frequency resolution, 4–8 mo olds & college students, 16941
utilization of static & kinetic information, depth & monocular relative-size judgments, 3–4 vs 7–8 yr olds & young adults, Malawi, 3435
validity of hypothesis of both hemisphere-hemispace & hemisphere-hand connections & laterality, tactile bisection, right handed kindergartners, 19648
verbal & modality-specific coding in tactual-to-visual & visual-to-visual matches, 7–8 yr olds vs 20–28 yr olds, 19610
verbal tasks & nonverbal hiding game, prediction of another person's line of sight & field of view, 3 vs 4–7 yr olds, 14138
visual attentiveness & search behavior & duration of independent mobility, performance on object permanence task, 8–10 mo olds, 16921
visual boundaries & object perception & reaching, infants, comments on article by C. von Hofsten & E. S. Spelke, 16956
visual boundaries & object perception & reaching, infants, reply to comments by J. Stiles-Davis, 16954
visual EP in response to counterphase grating stimulation, measurement of grating acuity, 1–53 wk olds, 29631
visual memory development, face recognition, 7–15 yr olds, 19591
visual motor & gross motor ability & cognitive ability, 4.5 yr olds identified as high risk infants with zero vs normal nystagmus, 14816
visual training, recognition & location of objects & eye-hand coordination, 6–12 yr olds with severe visual impairments, 4686
word vs digit vs consonant/vowel syllables vs melody stimuli & directed attention, dichotic listening performance, 9–12.8 yr olds, 16940

Perceptual Discrimination [See Also Auditory Discrimination, Figure Ground Discrimination, Odor Discrimination, Pattern Discrimination, Visual Discrimination]
categorical shape & color coding, pigeons, 19235
differentiation of odors of dominant member vs novel male vs S in scented vs unscented areas, male gerbils paired based on dominance status, 23709
dimensional salience, form perception & speeded sorting of orientation, kindergartners vs 4th graders, 21716
magnitude estimation procedure vs speech discrimination performance, differentiation of hearing aid quality, 23–77 yr old hearing aid users, 1567
memory & musical structure & acculturation & temporal organization, discriminative capacities on musical tests, children, conference presentation, 14200
perception & discrimination of neutral vs emotive word stimuli, depressed vs nondepressed college students, implications for Pollyanna hypothesis, 27364
posterior cortical lesions, brightness discrimination task performances, rats, 26618
retinal illuminance & size of matching field, red-green color matches, 23–47 yr olds, 8167
role of afferent inputs to CNS, temporal hyperacuity in detection of electrical signals, electric fish, 29295
stimulus properties & sensory discrimination, model for sensory analysis of psychophysical phenomena, 13345
structural &/vs semantic changes, same-different judgment tasks with pair drawings, 3–6 yr olds, 6080
training period in brightness & tone discrimination experiments, elevation of asymptotic performance levels, experimental Ss, 5214
varied sniff pressure & resistance, judgments of strength of odors, college & graduate students, test of perceptual constancy model, 21060

Perceptual Distortion
cognitive perceptual distortion, depressed 13–17 vs 21–54 yr old female psychiatric inpatients, 1383
depth & observation distance compensation process, distortion of polar perspective, college students, 26299
optically imposed postsaccadic retinal image slip, adaptive oculomotor modifications, rhesus monkeys, 29319

Perceptual Disturbances [See Also Agnosia, Auditory Hallucinations, Hallucinations, Hypnagogic Hallucinations, Visual Hallucinations]
electrodermal discrimination of familiar vs unfamiliar faces, prosopagnosic patients, 20256
smooth pursuit eye movements, college students with low vs high physical anhedonia &/vs schizotypic Ss with perceptual-aberration, 9204

Perceptual Fill [See Perceptual Closure]

Perceptual Localization [See Also Auditory Localization]
accuracy of visual spatial localization near time of saccadic eye movements, adult Ss, 21087
early crawling experience, spatial orientation ability, 4–5 mo olds, 8762
finger localization, 18–72 yr olds with complete or partial commissurotomy, 20153
motor vs perceptual localization of visual target fixated by saccade or pursuit eye movement, male college students, 23550
place localization training with vs without cues, place navigation, 21–64 day old rats, 373

Perceptual Measures [See Also Rod and Frame Test, Stroop Color Word Test]
BASIC program, analysis of Farnsworth-Munsell 100 Hue Test, 5274
development of Maxwellian view optometer, quantitative investigation of optical design of eye, 13336
figure-ground reversal of test items in Developmental Test of Visual-Motor Integration & Motor-Free Visual Perception Test, visuo-motor & visual-perceptual performance, normal vs spastic cerebral palsied 5–8 yr olds, 13439
Fourier analysis, assessment of score charts for Farnsworth-Munsell 100-Hue Test, 21026
functional measurement of apparent rarefaction of retina, 29038
internal consistency & short-term test-retest reliability of Smell Identification Test, adult males & females, 20990
McGill Pain Questionnaire, assessment of tonic vs phasic pain perception models, 21–27 yr olds, 13404
measurement of attention/concentration using adaptation of color cancellation test, 6–11 yr olds from government vs convent schools, India, 23474
motor vs perceptual localization of visual target fixated by saccade or pursuit eye movement, male college students, 23550
Parameter Estimation by Sequential Testing for Infants, estimation of auditory thresholds, 6 mo olds, 24159

Piagetian task vs manipulation of sealed bottles, verbal assessment of conservation of liquid quantity, 6–8 yr olds, England, 14195
reliability & performance on Southern California Visual Figure-Ground Perception Test, 18–81 yr old females, 13453
reliability & validity of Southern California Postrotary Nystagmus test, normal vs abnormal school age children & normal vs high risk infants, 13412
test-retest reliability of Ishihara's Tests for Colour-Blindness, normally sighted vs color blind 8–13 yr olds, 5326
validity & reliability of perceptual rating systems, assessment of voice quality, patients with vocal fold nodules or polyps, 28930
validity of Ishihara's Tests for Colour-Blindness, color blind vs normally sighted 7–15 yr olds, 5327
Perceptual Motor Coordination [See Also Physical Dexterity]
accuracy of visual spatial localization near time of saccadic eye movements, adult Ss, 21087
anxiety & environmental factors & performer skill level, manual dexterity task performance underwater, literature review, 28832
atypical patterns of object manipulation, actions on objects & sensorimotor development, 4 yr old male born with fused fingers & toes & midface hypoplasia corrected by surgery at 6 & 9 & 13 mo of age, 14845
compensation for disturbances in distance between pairs of lines by adjustment of manual controls, college students & faculty, support for hierarchical control system model of behavioral organization, 26294
construction & standardization of visuomotor test, assessment of effects of visuomotor ability, 4–6 yr olds from Head Start programs, Puerto Rico, 28927
development of balance assessed by beam walking task performance, 3 vs 4 vs 5 yr olds, 19597
development of visual-motor coordination, males vs females, 817
development of visuomotor coordination, reaching for flat vs convex vs concave objects, 3–11 mo olds, 3450
discriminant analysis of perceptual & motor & verbal skills, monolingual vs bilingual Hispanic 4 yr olds, 19628
feedback & constraints of musculoskeletal & neural structures, motor skills & perceptual motor coordination, literature review, 16234
hand barrier present vs not present during bimanual reaching, handedness & pattern of coordination, 7–12 mo olds, 24124
hand preference in task involving complementary roles for 2 hands, 12–13 vs 17–19 mo olds, 21723
kinesthetic training, perceptual-motor tasks, 31–60 yr olds with Huntington's disease, 22756
motor control & perceptual motor coordination & attention & learning & memory, children at risk for schizophrenia, Israel, 3876
processing of conflicting sensory rhythms, college students, 13515
right vs left handed segregation of verbal & spatial tasks, task-hemispheric integrity effect & time sharing efficiency in concurrent task performance, right handed males, 19318
salient-feature coding, hand or finger position responses in spatial precuing tasks, college students, 26296
sensory reinforcement technique, on-task performance of motor coordination task, 9 & 12 & 16 yr old nonverbal autistic males, 25217
sex & cultural background, cognitive development & perceptual-motor coordination, 7–10 yr olds on Hainan Island, Peoples Republic of China, 14202
sex-appropriate vs sex-inappropriate task instructions, performance on perceptual-motor steadiness test, 10–11 yr old males vs females, 14218
topography of sound localization acuity & measurement of motor component of pointing error in localization, 18–35 yr olds, 16278
visual control of step length during running over irregular terrain, male experienced long-distance runners, 26300
visual information processing, planning of sensorimotor action in locomotor pointing situation, 8151
Perceptual Motor Development [See Motor Development, Perceptual Development]
Perceptual Motor Learning [See Also Fine Motor Skill Learning, Gross Motor Skill Learning]
achievement motivation, rotary pursuit tracking performance, college students, 19172
aided vs unaided participant modeling & practice trials, self efficacy expectancies & anxiety effects on motor skill acquisition, female college students, test of A. Bandura's self efficacy model of behavior change, 22498
blocked vs random vs serial acquisition schedules, learning of kinesthetically presented geometric patterns, college students, 13670
chunking & categorization performance & proceduralization in acquisition of motor skills, sport experts, 16228
cross modal transfer of form from vision to touch & from touch to vision, 4–5 mo olds, 26867
development of motor learning, children, literature review, 3429
development of schema for eye hand coordination through use of upper limbs, development of schema for gross motor skills, 1st graders, 14196
differentiated training program with criterion vs noncriterion apparatus, motor learning, male vs female 12–13 vs 15–16 vs 18–19 yr olds, 14189
educational diagnosis & mastery of handwriting skills, learning disabled students, implications for occupational therapy, 22770
feedback & constraints of musculoskeletal & neural structures, motor skills & perceptual motor coordination, literature review, 16234
information processing capabilities & learning strategies & performances, athletic skills, 7780
introductory & continuous & final instruction & verbal & nonverbal methods, development of psychomotor skills, 10385
manipulation of knowledge of results, learning of slalom ski movements, 19–35 yr olds, 13653
motor training as teaching aid, children with reading & writing difficulties, 7722
motor training, dendritic branching of neurons in motor-sensory forelimb cortex, rats, 23804
perceptual learning approach to skill transfer for manual control, implication for use of flight simulators in teaching manual control skills, 10900
performance on test for assessment of speed in learning sequence of arm movements, 13 yr olds, 14169
role of competent imagery in effective motor skill learning & performance, comments on interpretations of studies by K. B. Start & A. Richardson & by E. I. Rawlings & I. L. Rawlings, 16232
sensory feedback, learning novel motor process, 13–44 yr olds, 8154
serial movement timing, musician vs nonmusician college students, 8162
task-relevant learning strategies, maze traversal task performance, college students, 19160
verbalization, sensory-motor conceptual learning, 2nd graders & mentally retarded students, 6688
1 vs 4 movement parameters & variable practice schedules, development of motor control, college students, test of R. A. Schmidt's schema theory, 23632
Perceptual Motor Measures [See Sensorimotor Measures]
Perceptual Motor Processes [See Also Perceptual Motor Coordination, Physical Dexterity, Rotary Pursuit, Tracking, Visual Tracking]
age & duration of practice with transcendental meditation-Sidhi program, performance on WAIS Digit Symbol & Picture Arrangement scales & line crossing measures, 20–79 yr olds, 17986
aging, psychomotor reminiscence & mirror tracking & rotary pursuit task, male vs female 57–86 yr olds, 3473
alcohol ingestion, psychomotor task performance & physiological measures, 18–34 yr old twins, 19473
alcohol, performance on video game & test of coordination, college students in alcohol education program, 5007
Apple II+ & expansion boards for studying motor control & visual-motor coordination, 28892
assessment of psychic/psychomotoric speed & flexibility/perseveration ability, epileptic patients, 6791
asymmetry of hemispheric activation during complex visuomotor performance, male vs female 20–41 vs 50–80 yr olds, conference presentation, 5703
bilateral removal of occipital lobe, visuomotor behavior, female rabbits, 11243

caffeine &/vs diazepam, mood & cognitive & learning & memory & psychomotor performance, young adults, 24001
carpipramine, psychomotor inhibition & depression, 20–40 yr olds with schizodepressive psychosis or defective schizophrenia, conference presentation, 7199
cognitive skills & visuomotor performances, diabetic 45–64 yr olds, 30432
complete vs partial visual information, accuracy of aimed movements to visual targets, 1.5–8 yr olds, 26813
computerized testing, evaluation of verbal comprehension vs spatial-visual reasoning & memory abilities & learning & attention & psychomotor skills, 23443
computerized Walter Reed Performance Assessment Battery, examination of effects of state-variables on psychomotor & perceptual & cognitive tasks, conference presentation, 23393
concentrated sensorimotor work, cognitive performances in radar piloting work, implications for measurement of workload, 19043
continuous visual control vs short term motor memory for guiding locomotion & action in space, college students, replication of & comments on study by J. A. Thomson, 26291
continuous visual control vs short term motor memory for guiding locomotion & action in space, reply to comments of D. Elliott, 26297
continuous vs flashed targets for motor coordination, manual pointing &/vs eye movement RTs & speed-accuracy tradeoff & variation in range effect, 15–21 yr olds, 23526
development of reflex modification test, assessment of sensory processing & reflex behaviors following toxic exposure, humans & animals, conference presentation, 5310
development of sensory-motor theories of learning, 5378
developmental cognitive tests of conceptual strategies & attention span & psychomotor pace, differentiation of intellectual subnormality vs abnormality, mentally retarded vs mentally deficient nonretarded schizophrenic patients, 30322
developmental limitations of sensory input, perceptual organization, newborns, literature review, 8798
diazepam, memory & psychomotor performance, 60–77 vs 20–36 yr olds, 11330
diazepam, visuomotor RT, adults, 8517
diazepam vs chlorpromazine vs pentobarbital vs dextroamphetamine, visuomotor coordination, marmosets, 16610
differences in verbal & nonverbal IQ & visuomotor perception, normal vs dyslexic 2nd graders, 16947
efferent projections from superior colliculus cells, multisensory information & motor responses, cats, 529
electrolytic vs ibotenic acid lesions of lateral hypothalamus, ingestive behavior & sensorimotor functions, rats, 614
elenium, psychomotor activity, patients with neurosis, 27955
emotional stress, visuomotor responses, human Ss, 5394
enalapril maleate, physiological & psychological & subjective characteristics, adults, 14033
error correction in visually guided tracking task involving elbow flexion-extension movements, EMG activity, implications for CNS monitoring of movement commands, 195
estimation of Cognitive Assessment Scale total score on Clifton Assessment Procedures for the Elderly when Psychomotor test cannot be administered, 65–98 yr old females with sensory or physical disability, 26230
ethanol, visual-vestibular interaction during active & passive head movements, 11272
evaluation of behavioral motor deficits in neurotoxicity screening, conference presentation, 24981
evaluation of psychomotor development program, brain injured 3.5–6.5 yr olds with severe motor or multiple disabilities, 13097
experimental factors before & after "point of no return" of motor response, controlled & ballistic stages of response preparation, college students, 26295
feedback, regulation of ideomotor movements, 20–30 yr olds, 5381
hand preference in task involving complementary roles for 2 hands, 12–13 vs 17–19 mo olds, 21723
head positions & intensity of forward-facing impact, psychomotor performance in horizontal decelerator facility, implications for aircrew members during crash landings, 5382
human leucocyte interferon-induced memory & psychomotor dysfunction, 46–65 yr olds with amyotrophic lateral sclerosis, 30739
information processing mechanisms & ability, performance on choice RT perceptual motor tasks of differing complexity, female college students, 13639
instruction in nonverbal communication & group integration & spatial-temporal orientation & relaxation, self perception expressed in drawings, 23–61 yr old teachers & social workers, 7129
intellectual & neuropsychological function impairment, Parkinson's disease patients, literature review, 6834
IQ levels & practice effects, RT & fine motor task performance, 6–21 yr olds of varying MAs, 24817
language & speech intervention, clinical progress & psychological test results, 5–13 yr olds with language or psychomotor disorders, 28021
level of aspiration & motor task performance, male chronic psychiatric inpatients, 20523
line curvature & time limit, tracing accuracy, adults, 19051
lorazepam vs alprazolam vs diazepam, tracking & digit symbol substitution task performance, male 21–26 yr olds, 21500
maintenance of steady state alcohol level, psychomotor performance, nonalcoholic 20–37 yr old males, 19465
manual/oral motor reaction times & speech disfluencies as result of delayed auditory feedback, normally speaking female college students, 23587
microcomputer-based system for testing for neurotoxicity, assessment of cognitive & sensory & motor functioning, conference presentation, 23365
motor deficiency, performance on manual task involving shift of load in sagittal plane & dynamics of movement & muscular patterns, paraplegic vs able-bodied 19–49 yr olds, ergonomic implications, 6746
motor encoding & components of meaning & semantic memory, 23628
movement-related brain macropotentials, 18–48 yr old paranoid & hebephrenic schizophrenics, 24622
multiple-resources model of information processing, right handed 18–22 yr olds, 19041
need for research on concept of starting &/vs stopping response to beginning & end of same perceptual event, 10899
neuromotor measures, prediction of reading achievement & language performance, kindergartners & 1st graders, 16965
nomifensine maleate, reduction of 6-hydroxydopamine-induced sensorimotor neglect syndrome & locus of dopaminergic cell loss, female rats, 663
object manipulation patterns, 6 families of nonhuman primate, 23753
parietal lesions, parietal hemineglect syndrome & motor deficits, monkeys, 13922
part vs whole visual motor preference, phonics vs whole word reading approach, reading disabled & nondisabled elementary school readers, 25765
perceptual motor dysfunction & distorted body image in anorexia nervosa, implications for clinical outcome, 27682
peripheral-blood lymphocytes as model of beta-adrenergic receptor complex, assessment of noradrenergic function, drug-free patients with endogenous depression, 21309
personality & time constraints, psychomotor tasks performance, 18–24 yr olds, 19038
phosphatidylserine, retention of passive avoidance & performance on psychomotor tasks, aged rats, 5829
planning & execution elements of motor memory components, retention of their verbal description, college students, 331
preacclimatization & extreme environmental conditions, cognitive & psychomotor performance, 26–52 yr old male explorer scientists, Antarctica, 20904
precise visual target information, throwing accuracy, male vs female college students, 19034
precued choice vs simple RT, test of F. C. Donder's subtraction method, college students, 13507
preparation & performance of sensorimotor tasks, hemispheric specificity of brain EP & slow potentials, male college students, 11159
processing of conflicting sensory rhythms, college students, 13515
psychological & cognitive & motor impairment, alcoholic individuals, 20059

psychological mechanisms of motor processes & gestures, performance, conductors, 3358
psychomotor effectiveness, performance in modern pentathlon, 19–39 yr old competitors, 202
psychophysiology & significance of motivation in muscle tension patterns during continuous perceptual motor task, college students, 583
quality of maternal attachment, ability to negotiate environment during free play, 18 mo olds, 21690
revision of motor theory of speech perception, 29067
self verbalization of rational vs irrational vs neutral belief statements, subsequent task performance & physiological correlates, female college students, 19357
sensorimotor competence & performance related to cognitive dysfunction & avoidance behavior, autoimmune New Zealand black mice vs CFW mice, 26523
sensorimotor exercises, quality of life, 8–14 yr old autistic males, implications for physical education, 7725
sensorimotor interactions, primary somatic sensory cortex & area 5 of association cortex, monkeys, 8403
sensory & perceptual & motor abilities, receptive language abilities, developmental dysphasic 5–9 yr olds, 20104
sensory factors in motor functions of basal ganglia, literature review, 13816
sensory integrative & speech therapy, perceptual motor skills & speech articulation, 6 yr old male with vestibular & tactile & clinically based dyspraxia, 1693
simulation training of motor vehicle operation, generalization of cognitive & behavioral aspects of complex functional tasks, brain injured individuals, 7466
single vs repeated nightly doses of nitrazepam vs lormetazepam, psychomotor performance, 75–96 yr olds, 16725
size of constant prefixes presented during production of numerical information on keyboard, short term memory, college students, 324
smoking single marihuana cigarette, perceptual motor performance on driving-related tasks & plasma tetrahydrocannabinol levels, 22–33 yr old males, 626
space constancy & perceptual motor processes in processing visual information, 13528
spatial & kinetic information, perception of & reaching for objects, 20–23 wk olds, 8802
speech pause time & short REM sleep latency & cortisol nonsuppression, evaluation of psychomotor retardation, depressed 21–71 yr olds, 14611
speed vs accuracy vs general failure vs natural feedback, reaction vs movement time vs accuracy in guided aiming movement task, 14–16 yr olds, 11447
statistical norms for RT & pursuit rotor & hand tapping & arm-hand steadiness psychomotor tasks, male & female 1st–10th graders, 19637
triazolam vs pentobarbital, performance impairment & recognition memory tasks & sleep quality & potential for abuse, male 20–40 yr old volunteers with histories of drug abuse, implications for therapeutic usage, 16773
unilateral medial forebrain bundle lesion, body weight & food intake & spillage & sensorimotor function, male rats, 5809
unilateral striatal dopamine lesions, sensory attention to visual reward signals vs initiation of contralateral motor actions, rats, 606
values & locus of control & perceptual motor skills, 13–15 yr old male delinquents, implications for occupational therapy, 12071
variation of parameters of ball & distance overarm throwing in practice sessions, performance on novel striking tasks, male vs female kindergartners through 1st graders, 14144
videotaped performance feedback of self observational learning of motor tasks, primary-grade children, 19588
visual feedback with vs without prior knowledge of its availability, speed of visual information use during rapid target pointing task, male college students, 21079
visuomotor performance, 17–63 yr old Huntington's disease patients & offspring at risk, 6827
visuomotor running patterns, visual pattern discrimination learning, rats, 19183
visuomotor task performance & intracortical microstimulation, identification of forelimb region of precentral cortex into wrist/nonwrist flexion/extension neuron populations, monkeys, 21430
whole-body vibration, sensorimotor performance with conventional helicopter stick vs arm-side controller in position vs force control modes, right handed 23–40 yr olds, implications for design of instrument flying controls, 29035
4-component heuristic model of skilled behavior of transcription typing, 21057

Perceptual Orientation [See Also Spatial Orientation (Perception)]
Apple II programs for circular statistical analysis of orientation or biological rhythms, animals, 13347
dynamic geometrical structure of optical flow, importance of retinal center & periphery in pickup of optical information for controlling stance, Os, 13831
overshadowing & blocking, orientation-contingent color aftereffects in Pavlovian conditioning, 17–19 yr olds, 13510
stimulus control of eye orientation & effect on learning, 3.4–4.2 yr olds, 24154

Perceptual Stimulation [See Also Auditory Feedback, Auditory Stimulation, Delayed Auditory Feedback, Delayed Feedback, Illumination, Loudness, Noise Levels (Work Areas), Olfactory Stimulation, Pitch (Frequency), Prismatic Stimulation, Sensory Feedback, Somesthetic Stimulation, Speech Pitch, Stereoscopic Presentation, Tachistoscopic Presentation, Tactual Stimulation, Taste Stimulation, Ultrasound, Visual Feedback, Visual Stimulation, White Noise]
beneficial effects of supplemental tactile & auditory & vestibular & gustatory & multimodal stimulation, preterm infants, literature review, 25358
chemical stimulus mixtures, suppressed responses of narrowly tuned primary chemoreceptor cells of smell & taste organs, lobsters, 21303
color stimulation & additional information, copying performance, 14–18 yr old males with attention & behavior problems, 14922
criterion shift rule of displacement of evaluative criteria toward simultaneous or recently experienced values, perceptual judgments, 13374
method of transitions, studies of short term memory of perceptual material using contrast stimuli, 3052
stimulus strength & sensory pathways, accuracy of detection & identification, 21120

Perceptual Style
creativity & type of imagery & style in text content imagination & image description tasks, adults, 11805
evaluation for sensory modality preference, college students, test of neurolinguistic programing model, 19841
experimental design & methodological errors in empirical studies of neurolinguistic programing, implications for counseling, literature review, 8199
long- & short-term sources of accessibility, impression formation, college students, 21932
masculinity-femininity, perceptual style of Circles Test of Torrance Test of Creative Thinking, 18–26 yr old males vs females, 14537
measures of auditory & visual selective attention & perceptual style, prediction of motor vehicle accidents, 28–59 yr old drivers, 18690
mental model of information retrieval system, college students, 28812
neurolinguistic programing & use of sensory predicates during pleasant & unpleasant visual vs auditory vs kinesthetic tasks, 18–40 yr old right handed females, implications for counseling, 8203
part vs whole visual motor preference, phonics vs whole word reading approach, reading disabled & nondisabled elementary school readers, 25765
perceptual learning style, adults aged 20–49 vs 50 yrs & older, 26825
person-centered cognitive perceptual style vs inanimate thing-centered style, level of need for treatment, drug addicts in drug free therapeutic community vs methadone maintenance program, 31024
print & aural & interactive & visual & haptic & kinesthetic & olfactory perceptual learning styles, 20 to over 60 yr olds, 8746

quantification of temporal patterns derived from W. R. Garners principles of balance & progression & prediction of starting point selection, 23609
sensory modality of mental imagery, eye movements & spoken predicates, college students, test of neurolinguistic programing theory of R. Bandler & J. Grinder, 8140
time perspective & affect & mode of thinking, judgment of happiness in reminiscing, college students, 11848
varieties of perceptual independence within general recognition theory, 21044
Performance [See Also Group Performance, Job Performance, Motor Performance]
activation level & goal setting, performance, shot putters, 336
activity duration, memory for activity performance, college students, vs elderly adults, 24133
air temperature & time-on-task period, unimpaired pursuit tracking performance, male college students, 21367
anxiety & environmental factors & performer skill level, manual dexterity task performance underwater, literature review, 28832
arithmetic task difficulty & performance level, parietal alpha asymmetry assessed by EEG, right handed adults, 8441
attribution of ability vs effort vs strategy choice in judgment of male other's educational vs business vs athletic failure, male vs female high school teachers, implications for teacher education, 27156
better vs worse score on task & score as indication of ability vs lack of ability, interpersonal influences & performance expectations, college students, 14427
body temperature & performance, morning vs evening type male workers, conference presentation, 29336
categories of information in picture-text procedural instructions, performance on assembly tasks, college students, 273
causes & treatment of performance anxiety, co-investigators, 9125
cognitive training, reserve capacity in aging-sensitive tests of fluid intelligence, 60–86 yr olds, replication of study by R. Blieszner & S. L. Willis & P. B. Baltes, 26808
color stimulation added early vs late vs omitted, performance on sustained concept vs vigilance task, hyperactive 1st–6th graders, 20792
color stimuli in bar-probe tasks with vs without instructions, performance according to optimal strategy, college students, implications for postcategorical-filtering model of information processing, 247
compatible vs incompatible relationships & athletic performance & satisfaction, female college athletes & their coaches, 13032
competitive outcome, competitive performance & intrinsic motivation, male vs female college students in same-sex puzzle solving contests, 29167
computer based information processing battery, assessment of pilot performance capacities & capabilities within & across ages, 20–60 yr old males, 20856
computer menu hierarchy levels & database size & distance between items in data structure, performance effectiveness in supervisory task, male college students enrolled in ROTC, 20903
computer vs pencil-and-paper administration & scoring of speeded clerical tests, correct responses per minute & number of seconds per correct response, college students, 26215
computerized Walter Reed Performance Assessment Battery, examination of effects of state-variables on psychomotor & perceptual & cognitive tasks, conference presentation, 23393
conditional relation task with vs without alternate relations, spontaneous conditional reasoning ability & earlier performance, college students, 8216
contingency theory of situational variables in leadership effectiveness & Leader-Environment-Follower Interaction Theory of leadership, college students, 19809
delta-9-tetrahydrocannabinol, flight performance 24 hrs after smoking, experienced private pilots, 8629
development of Achievement Motive Questionnaire, measurement of achievement motive & sport performance, adults engaged in weekly athletic activities of majoring in or attending classes in physical education, 26209
different vs single cognitive tasks, mental work load & performance & work stress, 2625
disclosure of high vs low performance in role-played interview, performance appraisal, college students in leader-subordinate dyad, 9119
dissociation between acquisition & performance of skills & learning & retention of new facts, amnesic patients vs college students, 17571
E- vs S-controlled paradigms, macro- & micro-tradeoff between speed & accuracy & state vs process limitations, college students, 19055
expectations about confederate performance following individual practice trials & information about confederate's expected level of effort, female college students in pairs, 11731
external vs self set goals & need achievement, individual differences in anagram performance, high- vs low-need female college student achievers, 24512
factors affecting vertical & translational flight performance, pilots, 23299
free-running temperature & sleep-wake cycles during temporal isolation of circadian rhythms, performance efficiency of serial search vs verbal reasoning vs manual dexterity tasks, 22–79 yr olds, 3191
habituation of attention to irrelevant information, within-task improvement in selective attention, kindergartners through 2nd graders vs 4th–6th graders, 16934
imagery, track & bowling performance, male cross country runners & professional bowlers, 20840
individual skill level, task performance in transient extreme heat, implications for aviation & space personnel, 13191
inert gas narcosis, behavior before unconsciousness, literature review, implications for diving operations, 30387
initial impression & centrality of appraisal task, biases in recording of performance-related information, college students, implications for organizational behavior, 24501
intensified instructions, test performance on CFT 20, students with learning disabilities, 20808
internal vs external attribution failure vs success feedback & intrinsic motivation, task performance, college students with high vs low self esteem, 24535
interplay between analysis & synthesis in music performance & experience of music & rhythm, literature review, 26774
judgmental heuristics, self efficacy judgments & behavior, high school & college students, 19655
level of importance of action in difficult situation, improved vs deteriorated task performance, male high school students, 29163
male's poor vs average strength task performance with vs without female's verbal attack, aggressive behavior toward female target, male college students, implications for causes of male-to-female violence, 24489
manual vs speech recognition system response & stimulus presentation modes & asymmetric transfer, performance on visual & verbal memory task, 18–35 yr old males, implications for airplane cockpit design, 13256
measurement & recording & sampling & data collection methods, assessment of circadian rhythms during sustained performance, 13354
medical care evaluation & education program, knowledge & clinical performance, physicians, 31085
microanalysis, assessment of extent to which self efficacy measures predict performance, 2949
model of time-span reduction of musical structure & expressive performance of tonal music, pianist, 26783
mood & performance on cognitive tasks, summary of results of previous research, 332
motivation & goal setting, skill & confidence in sports performance, athletes, 23150
neutron pulse of 500–675 rad, task performance, monkeys, implications for pilot performance, 11239
no pay vs fixed vs performance contingent reward & task performances & locus of control, perceived competence & attributions for performance & intrinsic motivation, college students, 11034
noise exposure, nonauditory physiological & health responses & performance & behavior & sleep & communication, literature review, 30059
occupational therapy academic GPA, fieldwork performance ratings, college students, 7536
paced vs unpaced versions of single vs dual tasks, workload ratings, Type A vs Type B 18–35 yr old males, 19843

perceived competence & causal attributions for subjective vs objective success vs failure in competitive sport setting, 9–12 yr olds, 11516
percentage of time & ability to win match after losing first set, top 20 ranked tennis players from 1980 US Tennis Association yearbook, 23153
performance on Weaponeer marksmanship trainer, prediction of M16A1 rifle qualification performance, Army soldiers, 15965
personality & time constraints, psychomotor tasks performance, 18–24 yr olds, 19038
physical knowledge vs Euclidean reference training, concept of horizontality, female college students who failed Piagetian water-level task, 21682
portable laboratory computer system, measurement of event-related brain potentials during performance of complex experimental tasks, humans, conference presentation, 23368
positive vs negative verbal reinforcement, cognitive task performance, extraverted vs introverted college students, partial support for J. A. Gray's theory, 30004
praise vs criticism, running performance & emotional state, 10–15 yr olds, 748
prior informed performance feedback to ratee, formal memory based performance evaluations, college student raters, 1129
psychological mechanisms of motor processes & gestures, performance, conductors, 3358
psychomotor effectiveness, performance in modern pentathlon, 19–39 yr old competitors, 202
quiet vs loud noise conditions, perception of control during assessment of 3 levels of objective contingency, college students, 21200
relaxation & cognitive rehearsal, anxiety levels & underwater diving performance, beginning SCUBA students, 22491
reliability & performance on Southern California Visual Figure-Ground Perception Test, 18–81 yr old females, 13453
role conflict in relation to supervisors & clients, self statements & anxiety level & performance, graduate student counselors, 15488
same- vs mixed-sex competition, performance & physiological changes, females, literature review, 29972
scaling & normalizing empirical performance operating characteristics, criticism of studies by C. D. Wickens & S. J. Mountford & R. A. North, 18784
scaling & normalizing empirical performance operating characteristics, reply to B. H. Kantowitz & M. Weldon's criticism, 18787
self control & trait anxiety, performance during training, 16–17 yr old novice parachuters from military academy, 19596
self evaluation of performance vs actual performance & preference for engaging in RT task, female 17–72 yr olds, 29634
self report vs staff rating vs performance testing, assessment of self care ability, residents of old people's homes, 20516
separate phased vs combined training exposure to stressors & visual search task & stressor fidelity, males, 31421
short sleep periods within extended sleep deprivation periods, extended performance on attention & continuous production & precision & cognitive tasks, 18–22 vs 40–60 yr olds, 13876
signal detection theory methodology, time of day experimentation & motivational state & true efficiency, college students, 5220
single vs dual information processing task performance & subjective estimation of mental workload, Type A vs Type B 18–35 yr old females, 13618
sleep deprivation followed by naps & abrupt awakening near circadian peak or trough in body temperature, RT & cognitive performance during quasi-continuous tasks, 18–30 yr olds, 13866
sleep deprivation with vs without naps, performance on sustained computerized tasks & reported sleepiness & attention, male volunteers, 13356
sleep disruption, sleep & performance & mood, 18–32 yr olds, implications for sleep apnea, 3201
space flight, behavior & performance & psychological responses, space crews, 18759
specific goal setting vs "do your best" conditions, performance on sit-up test, college students, 21205
subsequent performance, recall & immediate & delayed evaluation of previous level of ratee's performance, college students, 29145
suitable mood & attuning for task, performance on grammatical reasoning test, psychology vs engineering college students, 333
tacit knowledge, competence in managing self & others & career, college faculty business & bank managers vs students, 947
task difficulty, performance, college students working alone vs with co-worker vs collectively, 3676
task goals & performance & performance expectancy & valence, college students, test of cognitive mediation theory, 29160
task performance in presence of predictable vs unpredictable workplace, noise vs quiet, performance on postexposure task as indicator of behavioral aftereffects, college students, 26016
team type & record & experience level & arousal & performance expectancy, contest outcomes, male vs female junior college athletes, 338
thermal environment & deep body temperature, vigilance, 16332
training variables & post race performance & self efficacy & cognitive strategy use, marathon finishing time, runners, 23151
undetected use of Ss trained to simulate disease, performance & information recorded on patient chart, family physicians, Canada, 31098
unpleasant noises, cognitive performance on arithmetic test, 19107
verbal contingency vs peformance descriptions, button pressing behavior, college students, 8259
work vs recreation periods, rate of cigarette smoking, 20–35 yr olds, 6308
1st 20–35 min of vigilance task, decline in performance, implications of vigilance studies in design of jobs & equipment, 26376

Performance Tests

behavioral performance tests, assessment of solvent toxicity to nervous system, humans, conference presentation, literature review, 30393
norms of original vs new version of Crawford Small Parts Dexterity Test, 20–35 yr olds, 20337
performance on test for assessment of speed in learning sequence of arm movements, 13 yr olds, 14169
reliability of group performance test of handedness, college students, 8415

Performing Arts [See Dance, Drama, Music]

Periaqueductal Gray

analgesia induced by electrical stimulation of cerebral aqueduct & 3rd ventricle areas, suppression of behavior, male rats, 5790
corticotropin releasing factor & endorphin vs dynorphin vs enkephalin & gonadotropin releasing hormone, lordosis, ovariectomized female rats treated with estrogen with vs without progesterone, 11338
human vs salmon cacitonin injections into periaqueductal gray & midline pontine reticular formation, receptor binding & analgesic properties, male rats, 21502
medial vs lateral hypothalamic lesions & peripheral electrical or thermal stimulation, central gray stimulated induced escape behavior & withdrawal reactions from nociceptive stimuli, male rats, 5767
morphine & levorphanol injection into periaqueductal gray, analgesia & brain norepinephrine metabolism, rats, 14042
naloxone injections into periaqueductal grey vs arcuate nucleus, analgesia, male mice defeated by opponent, 21560
naloxone vs methysergide & tonic & phasic pain tests, analgesia induced by electrical stimulation of periaqueductal gray, male rats, 5773
phospholipase & morphine injections into periaqueductal gray, behaviors & fatty acid release & opiate-binding, rats, 16770
protein synthesis inhibitor anisomycin with vs without estradiol & progesterone implanted in hypothalamus vs midbrain central gray, lordosis, female rats, 21555
serotonin vs 5-methoxy-N,N-dimethyltryptamine, aversive thresholds following stimulation of dorsal periaqueductal gray matter, male rats, 11243
stimulation of central gray matter & raphe nuclei, jaw opening reflexes evoked by stimulation of high vs low threshold fibers of infraorbital nerve afferents, cats, 3248
unilateral injections of excitatory amino acids vs GABA antagonist bicuculline in periaqueductal gray matter vs tegmentum, neuronally mediated defensive behavior, male rats, 5817

Peripheral Nerve Disorders [See Also Myasthenia Gravis]

cognitive ability & behavior problems & visual-perceptual disability with vs without language deficits, 6–16 yr olds with learning disorders with vs without neurofibromatosis, 27543

neuropsychological assessment of peripheral neuropathy & cerebral atrophy & intellectual impairment, males 61 yrs & younger with alcoholic nervous system damage, 1438
suprathreshold vision vs contrast sensitivity function, 20–40 yr old patients with acute vs artificially depressed optic neuritis, 27495
Peripheral Nerves [See Also Acoustic Nerve, Afferent Pathways, Cranial Nerves, Efferent Pathways, Facial Nerve, Neural Pathways, Olfactory Nerve, Optic Nerve, Spinal Nerves, Trigeminal Nerve, Vagus Nerve]
electrophysiological analysis of response to pairs of stimuli, assessment of peripheral nerve function in evaluation of neurotoxicity, humans, conference presentation, 23373
naltrexone vs methylnaltrexone & vagotomy, aversive vs positive motivational effects in brain & periphery in place preference & conditioned taste aversion paradigm, rats, 5741
peripheral nerve injury, structural & function changes in sensory neurons & afferent synaptic connections & transganglionic changes, mammals, review of research, 23791
transection of inferior vs superior laryngeal nerve, ultrasound production & sexual behavior, male house vs deer mice, 21456
Permissiveness (Parental) [See Parental Permissiveness]
Perphenazine
age & plasma concentrations of perphenazine, therapeutic efficacy & incidence of side effects, 15–82 yr old acute paranoid psychotic inpatients, 22546
im injections of perphenazine decanoate dissolved in sesame oil vs Viscoleo vehicles, plasma concentrations of perphenazine, schizophrenic 26 & 30 yr old males, 27973
long term treatment with perphenazine decanoate, plasma concentrations & extrapyramidal side effects, psychotic patients, 27974
patient responses to amitriptyline with or without perphenazine or maprotiline or amoxapine, prediction of differential rates of depression, relatives of depressed probands, 7232
perphenazine decanoate vs perphenazine enanthate, plasma concentrations & extrapyramidal side effects, acute psychotic patients, 27971
perphenazine decanoate vs perphenazine enanthate, plasma concentrations & extrapyramidal side effects, 27–58 yr old schizophrenic inpatients, 27972
2- vs 3-wk administration intervals in long term perphenazine decanoate treatment, psychotic patients, 27975
Persecution
Nazi regime legal sanctions that contributed to starving & killing of children, 17115
societal expectations, persecutory delusions & self accusation, 31 & 52 yr old depressed male & female, Maghreb & South Sahara, 1336
Perseverance [See Persistence]
Perseveration
autokinesis & personality factors of perserverance & suggestibility & oscillation & MMPI dimensions, college students, India, 19065
double dissociation between perseverative responses on short term memory & problem solving task, 51 & 61 yr olds with cerebral tumors, 27592
escapable vs inescapable shock, defensive strategies in water maze & subsequent discrimination performance, male mice, 5789
foot & tail shock, amphetamine-elicited stimulus perseveration in Y-maze spontaneous alternation task, male mice, 21425
neurological taxonomy for perseveration, 6861
Persistence
assessment of persistence & winning vs losing status of opponent during ritualized fighting, male fighting fish, 443
attributions for & reactions to 1st semester grades, expectations for & persistence in next semester, college freshmen, implications for model of achievement motivation, 2455
availability of competing causal arguments, social theory perseverance, female college students, 21953
difficulty of perceptual motor task & noise intensity, postnoise persistence on Feather tolerance for frustration puzzles, college students, 8258
effect of attribution retraining on arithmetic helplessness, effect of success-failure schedules on Ss' attributions & persistence, 9–15 yr old male special education students, 10482
fear & credibility of other's behavior, conformity & fixation on escape route choice, 14466
feedback & debriefing, self perception & impression perseverance, college students, replication of study by L. Ross et al, 6360
high vs low persistence level, retention & recall of nonsense syllables under anticipation method of acquisition, male vs female college students, 29117
initial failure & contingent vs noncontingent information & self esteem, persistent behavior, female college students, 14508
persistence on tasks of varying complexity, task performance & assessment of mastery motivation, organically impaired 1–3 yr olds with mental retardation or Down's syndrome, 14777
personal work ethic &/vs low- vs high-effort training in mathematics & perceptual identifications, persistence, cheating on anagram task, college students, 334
self instruction, persistence at task performance, 4–6 yr olds, 14163
temperament, ability to complete experiment on habituation, male & female 11 & 18 & 28 wk olds, 946
Personal Adjustment [See Emotional Adjustment]
Personal Computers [See Microcomputers]
Personal Construct Theory [See Personality Theory]
Personal Defense [See Self Defense]
Personal Growth Techniques [See Human Potential Movement]
Personal Space
attractive vs unattractive intruder of interpersonal space, emotional responses, replication of study by C. Kmiecik et al, 3664
coping strategies & prison crowding, reply to J. Bonta, 20539
development of personal space, 2–4 yr olds, 17006
emotional value of social interactions & distance, permeability of interactional space, incidental passers-by, 19806
factor vs simplex structural equation models, stop-distance procedure for measurement of personal space, 10865
frequency of global interactions & interpersonal distance, discrimination of emotional functioning, normal vs behaviorally disturbed male 6–8 vs 9–11 yr olds, 20025
group task failure vs no information vs success performance feedback, distancing, college students, 29969
interpersonal distancing behavior, hearing impaired vs normal hearing 1st–3rd graders, 13083
interpersonal threat, size & shape of personal space, college students with Type A vs Type B personalities, 3775
population density & negative adaptations in prisons, comments on conclusion of V. C. Cox et al, 20536
psychological closeness to parents & friends as measured by felt figure replacement technique using height & distance of human figures, male vs female 5th graders, Israel, 29734
psychoticism & extraversion & neuroticism & intelligence & personal space, violent vs non-violent delinquents, 24765
residence hall design & alcohol consumption, college students, 18570
sex & acquaintanceship, personal space zones, college students, Egypt vs US, 6347
sex, perception of facial affect & physical proximity, adults, India, 19802
Personal Values
cheating & moral judgment & guilt & knowledge that another person cheated & motivation, college students, 3707
child-related attitudes & values & lifestyle adjustment, females who were voluntarily childless vs primigravida vs sterilized after having 2 children, 29823
conflicts regarding language & work & education & family & recreation, young adult 2nd generation Spanish immigrants, Holland, 11597
degree of belief in Protestant work ethic & work involvement, coping via involvement in & satisfaction from nonwork activities & psychological state, unemployed 27–47 yr olds, 30045
family structure vs youth-parent agreement, values & behavior regarding alcohol & marihuana use & premarital sex, college students, 14316
food cravings & related symptoms during pregnancy as manifestations of personal & cultural symbols & underlying psychological problems, females, Sri Lanka, 30827
free format inventory, assessment of work & life values, Black student teachers, Zimbabwe, 13445
immigrant status & neighborhood quality & family income & child's sex & street type, parental values, parents of 9–11 yr olds, 1002

importance of view of life & recognition of client as sacred in therapy session, counselors, 1735
individual & social correlates, Just World Belief scale scores, college students, Taiwan, 30032
individual differences & values, reply to criticism of A. Furnham, 24566
learning preferences & educational & personal values, college & graduate occupational therapy students at beginning of education vs while on affiliation vs 1st vs 2nd semester college & graduate students, 25616
life value priorities, 22–69 yr old female homemakers vs career women, 1966 vs 1983, implications for counseling, 19858
measurement of interpersonal values, low & middle class mothers vs fathers of normal vs learning disabled male vs female children, 24309
parent-child transmission rates, personal vs political attitude expression, mothers vs fathers & their 16–20 yr old daughters vs sons from 8 countries, 14321
perceived incidence & seriousness & personal responsibility & causal attributions & consequences of school theft, 4th–8th & 10th grades, 13025
personal values & contextual factors, commitment to energy conservation, Ss aged 18 yrs & older, 20911
personal values & expert testimony, psychologists, 22809
personal values & ideals expressed as desire to emulate others, 14–17 yr olds, Austria vs France vs Switzerland vs England vs West Germany, 11541
personal values & sex & parental role perceptions, orientation toward Equal Rights Amendment, adults, US, 27081
personal values & value of expert testimony, experimental psychologists, comments on article by R. Buckhout, 22853
personality development in dimensions of relationships with family & friends & self & values, male vs female 25–44 vs 45–64 vs 65–99 yr olds, Japan, 26941
personality dimensions, interpersonal values, male vs female 15–18 yr olds, Peru, 29700
pretherapy information & views on premarital sex & influential vs noninfluential counselor influence attempts, reactions to female counselor, female college students, 1785
primary life involvements, decision to leave organization, part- vs full-time registered nurses with families, 7561
reflections on personal & life relationships, psychologist, 7563
role of personal ideals & identification in liberal moral education, criticism of R. M. Hare's theory of moral reasoning & education, 7564
sex differences, work values, advanced undergraduate business students, implications for occupational development, 18700
sex-role norms & gender-related attainment values, attributions of success & failure, 3648
social humanistic ideological values & moral reasoning developmental level, development of professional value commitments, graduate social work students, 25651
traditionalism & education & yrs of US residence, alcoholism, female vs male lower class 18–65 yr old Puerto Rican immigrants, 27404
valuation of childbearing & parenthood vs educational & occupational success, fertility decisions, voluntarily childless couples vs couples with children, Canada, 27012
value analysis discussion & reading controversial news articles, political attitudes & reading comprehension, secondary students in history classes, 25841
value correlates of preventive health behavior, England, 3743
value priorities & psychoticism & neuroticism & extraversion, 16–18 yr old male juvenile delinquents, test of H. J. Eysenck's theory of criminal behavior, 17468
values & childrearing practices, childhood development, conventional married 2-parent vs single mother vs unmarried "social contract" vs communal group families, 12-yr longitudinal study, 27019
values & social activism & school desegregation, White Catholic vs Protestant vs Black Protestant male clergy, 19711
videotaped vignettes & student responses, instruction in effects of physician's values & stereotyped attitudes on doctor/patient relationship, medical students, 31079
work control & management of tensions between communitarian social organization & individualistic values, residents of island fishing community, 26954
work values, advocated personality & behavior style in management, female employees without managerial responsibility, implications for personnel selection, 20865

Personality Assessment [See Personality Measures]

Personality Change

characteristics & correlates of MMPI psychological change scores, psychiatric inpatients assessed at admission vs at completion of 9-wk program, 10761
consistency & change on personality & symptom scales of Millon Clinical Multiaxial Inventory, alcoholic vs drug abuse inpatients, 1–3 mo followup, 12778
measurement error, personal construct stability, 30008
military educational rehabilitation, self change, lower class female high school dropouts, Israel, 31214
perceived counselor power & trustworthiness & client motivation, prediction of change in self concept, college students, 23103
symptoms of anxiety & depressive & somatic displacement & posttraumatic reaction & irritability & impulsiveness & headache & fatigue, workers who suffered carbon monoxide poisoning in industrial accident, 22330
therapeutic management, rage & personality distortion, 4 yr old female who had been sexually abused by her father, 17865
undercover investigative methods & prolonged role-played pseudoidentities, personality changes & depression & anxiety, drug enforcement agents, implications for undercover personnel selection, 30138

Personality Characteristics [See Personality Traits]

Personality Correlates

accuracy of perception of body weight & adjustment level assessed by personal & interpersonal characteristics, female 6th–7th graders, 19663
achievement motivation & personality dimensions, high vs low achieving female college students, India, 24553
assessment using 16PF & questions on lifestyle, hospitalized patients with acute myocardial infarction, 4142
astrological doctrine of "aspects," personality traits, college students & astrologers & astrology students, 26096
attitude toward science & spatial & mathematical ability & scientific personality, science grades, 8th graders, 2420
attitudes toward adversity & loss situations, stamina, 70–80 yr old community residents, 30012
attitudes toward shoplifting behavior & personality characteristics & demographic background, consumers, implications for shoplifting deterrents, 14705
autokinesis & personality factors of perserverance & suggestibility & oscillation & MMPI dimensions, college students, India, 19065
battery of personality tests, male violent vs nonviolent offenders, 1459
behavioral correlates of thrill-seeking personalities, 27174
beliefs & fears as correlates of time urgency & hostility underlying Type A behavior, college graduate students, 21958
central dopaminergic activity assessed by electroretinography, measurement of aggressiveness & other personality factors, rugby players, Italy, 21351
characteristics & correlates of MMPI psychological change scores, psychiatric inpatients assessed at admission vs at completion of 9-wk program, 10761
characteristics of participants vs nonparticipants in experimental research, college students, 7995
choosing individuals with characteristics for high performing organizational teams, 28782
chronic & acute occupational stress & plasma immunoglobulin & personality correlates & complement components, 26–65 yr old primary school teachers, 3219
common genetic markers, intelligence & personality correlates, college students, 3132
congruence & choice models of reciprocal interactionism, college students, 24469
control of aggression & personality traits, adult offspring of victims of Holocaust vs immigrants vs native-born parents, Canada, 11844

correlates of initiation of smoking behavior, males & females assessed in grades 4–6 & at 16–21 yrs of age, implications for smoking cessation & prevention programs, longitudinal study, 27125
correlates of Type A behavior pattern, 8–13 yr olds with hyperactivity, 27686
correlation between extraversion & religiosity, 14–16 yr olds, England, 24180
correlation between locus of control & assertiveness & biographical data, alcoholic Ss, 17463
correlations between measures of symbolic racism & prejudice & personality & sociopolitical attitudes, measurement of continuity & change in racism & interracial contact, White voters & rural residents, 11602
delta-9-tetrahydrocannabinol & personality, pain threshold/tolerance & vibration perception, female college students who used cannabis, 5891
demographic & personality correlates & low vs high stress situations, preference for cigarette smoking, medium-light smokers, 6309
determination of factorial influences on ego & superego structure & function, college students, Australia, attempted replication of American study by N. V. Adcock & C. J. Adcock, 11785
determination of personality & academic variables, identification of potential dropouts, education students, 20740
development of profile of cold-blooded killer personality, 25–30 yr old hardcore vs softcore vs assaultive vs cold-blooded killer inmates, 12068
diabetes, personality features & childhood development, 10–16 yr old females, 12188
differential personality characteristics & locus of control, male violent vs nonviolent criminals who were wife abusers, 24746
dispositional sex role orientation, bystander intervention in emergencies, male vs female college students, 1161
empirical correlates, infrequently occurring MMPI code types, 22–69 yr olds, 1196
experimental recruitment procedures, response to erotic film, college students recruited for study on erotica vs for neutral topic, 10754
extraversion & psychoticism & self assurance & cardiac rate & frontalis EMG, CFF as index of visual acuity, females vs males, 10921
extraversion vs congeniality vs neuroticism vs culture vs conscientiousness vs nosiness/gossip, adjustment, elderly residents of public group housing facility, 21657
factor analysis of affective determinants of science achievement, 17 yr olds, 7645
factor analysis of Spanish translation of W. P. Kreml's scale, measurement of authoritarian personality, college students, Spain, 155
family composition & duration & role in relationship & personality correlates, resolution of joint task as evaluated by Joint Rorschach, cohabitating vs married couples, 29827
farm size & income vs individual attributes, subjective well-being & expectations for future quality of life, farm operators, 11828
fatigue & personality, 20–32 yr old industrial workers, India, 24560
feedback conditions & process oriented personality measures, prediction of problem solving performance on symbol maze concept formation task, college students, 24551
general & physical self esteem, altruistic behavior of carrying organ donation card, college students, 19849
haptoglobin variation & performance IQ & personality characteristics, 16–65 yr old villagers, England, 19309
high- vs low-stimulus conditions & sensation seeking & other personality traits, delinquency & helping behavior, 8th graders, 3543
high hostility scores on MMPI while in medical school, prediction of coronary disease & mortality, physicians, 25-yr followup, 22804
higher-order personality dimensions, Interpersonal Style Inventory vs 16 PF, detoxified alcohol-dependent inpatients, 10808
holistic view & ego structure & psychodynamics of skin disease, 14789
hostility & anger-in components of Type A behavior as predictors of coronary artery disease severity, 21–69 yr old male angiography patients, replication of study by T. M. Dembroski et al, 12236
implicit theories of ideally intelligent & creative & wise individual, professors, 3771
independence & helpfulness & dependency & aggressiveness & friendliness, male vs female only vs non-only 5–7 yr olds, 948
individual & social correlates, Just World Belief scale scores, college students, Taiwan, 30032
individual needs & personality correlates, self monitoring, college students, 30006
individual personality & background variables, preferences for idealized vs expressionistic styles of paintings, college students, 24550
intercorrelations of traits, multiple classification of acts into dispositional categories, college students, West Germany, 30005
interpersonal dependency & learned helplessness & other personality traits, male vs female patients recovered from nonbipolar depression, conference presentation, 3855
item complexity & goal setting parameters of perceptual maze problem solving task, time spent in various phases of problem solving & relationship to personality, college students, UK, 17274
legal aspects of expert evaluations of parents' personalities in adjudication phase of child abuse hearing, psychologists or psychiatrists, 24361
life events & pilot characteristics, accident & incident potential, 21–60 yr old commercial pilots, Great Britain, 5069
life stress & personality correlates, depressive symptoms, middle & high school students, 6599
location of humor dimensions within personality space, college students, 24549
locus of control & race track betting behaviors, male racegoers, 21978
mastery & interpersonal trust & primary & secondary appraisals & coping & health status & psychological symptoms, 26–54 yr old spouses, 19792
methods of attempts & personality characteristics & clinical management & prognosis, suicide attempt victims, 20471
MMPI correlates, 13–50 yr old female patients who reported childhood sexual abuse, 10829
MMPI profiles, natural vs stepfather perpetrators vs nonparticipating mothers vs daughter victims in incest families, 22185
model of person as rational animal &/vs worker or functionary &/vs relational being or responder, development of personal qualities essential to marriage relationship, 11610
neuropsychological & behavioral profiles of empirically derived subgroups, 8–11.9 yr olds with learning disabilities, 27469
neuropsychological & psychiatric & psychosocial functioning, patients with biliary cirrhosis, 1573
neuroticism & extraversion scores of Eysenck Personality Inventory, patients with ischemic cardiopathy, 4181
patterns of results on Self-Esteem Inventory & Children's Personality Questionnaire, inference of level of self esteem from other personality factors, female vs male 9–12 yr olds, 19673
perceived character correlates of participants in mining organizations, adult residents of company mining town, Australia, 7861
perceived parental sex role qualities & personality traits & influences on sexual orientation, 17–71 yr old heterosexuals & male & female homosexuals & male transvestites, 6285
perception of stereotypes & personality of brass vs woodwind vs string vs percussion players, high school musicians, 11477
personal characteristics, job satisfaction, employees 25–50 yrs of age & older, India vs Nigeria, 23277
